Dear President Romali,

The Committee on Substantive Change of the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges met October 18, 2019, to review the Substantive Change Application from Long Beach City College for:

- Change in Mode of Delivery: Distance Education (Psychology AA-T and all stipulated programs per attached July 18, 2019, memorandum from Long Beach City College)

The Committee acted to **approve** the substantive change.

On behalf of the Commission, I wish to express appreciation for the work that the College undertook to prepare this Application for Substantive Change. The Commission encourages the College's continued work to ensure educational quality and to support student success.

If you should have any questions concerning this letter or the Commission action, please don't hesitate to contact me. We'd be glad to help you.

Sincerely,

To The Accrediting Commission for Community and Junior Colleges Committee on Substantive Change:

Long Beach City College has identified the need to submit a Substantive Change Application for Distance Education. While this application is specifically for a Change in Mode of Delivery for the College's Psychology Associate in Arts for Transfer degree, the College has approved additional courses to be offered in a distance education modality (i.e., online or hybrid) for other degrees and certificates. While additional courses are approved to be offered through distance education, many of them are not currently being offered in this modality. Thus, while technically some of the College's degrees and certificates could be offered 50 percent or more through distance education based on distance education course approvals, none of these programs are currently being marketed, or advertised to students as such. Long Beach City would like to inform the Accrediting Commission for Community and Junior Colleges of these awards:
