

Overview

AB 540 (expanded by SB 68 & SB 1141) enables students to count years spent at a California Community College (CCC) and adult school towards eligibility for in-state tuition. Additionally, the completion of an associate degree or satisfaction of the minimum requirements to transfer to the University of California (UC) or California State University (CSU) will meet the degree or unit requirements. SB 1141 removed the two-year limit of credits from the California Community Colleges (CCC). These new eligibility criteria expand possibilities for students educated in CA to qualify for in-state tuition and state based financial aid at CCCs, CSUs, and UCs.

Who Is Eligible?

Undocumented individuals, T and U visa holders, U.S. citizens, and lawfully present immigrants that meet eligibility criteria can apply. Individuals with international student visas, visitor visas, or other “non-immigrant” statuses are not eligible to apply.

Requirements

To be considered for the nonresident tuition exemption under AB 540, students must meet 2 requirements: 1) Length of time & coursework completed per school; and 2) Degree completion, unit requirements, GED, or other.
