Pre-Arrival Information
for
International Students
LBCC Academic Programs

Welcome to Long Beach City College

Congratulations on your acceptance to Long Beach City College (LBCC)!

Please read the following information carefully in order to have a smooth transition from your home country to the United States of America (USA) and LBCC.

Important ... Important ... Important!

All new and transferring international students to LBCC are required to attend Orientation as indicated on your acceptance letter. Attendance of Orientation will enable us to activate your immigration record in the federal database and allow you to register for classes in timely manner. You are expected to be available in town from the day of orientation through the start of classes for academic advising and class registration.

STEP ONE – Verifying Info before Applying for F-1 Visa:

Check the information on the enclosed Certificate of Eligibility for Nonimmigrant Visa (the I-20 Form)

- **Visa applicants.** If any personal information, particularly your name, on your I-20 is incorrect and/or does not match the information on your passport, please let us know immediately.
- Fax a copy of the passport identification page with an explanation of the mistake to (562) 938-4747. We will then send you a corrected I-20 as soon as possible before your consular interview.
- <http://travel.state.gov> has specific information and advice on applying for a visa. This site also contains information on wait times for appointments and visa processing.
- *Please note that these are only estimates. It is recommended that you **do not make travel** arrangements until you receive your visa from the consulate.*
- Make a visa appointment with the embassy or consulate responsible for issuing non-immigrant visas for your area of your home country as soon as you receive your I-20. Visa applications may be accepted by the consulate any time, and may be issued up to 90 days before your program start date.
 1. Federal policy requires all applicants for visas to the U.S. to have a personal interview with a consular officer and certain categories of applicants to undergo a security clearance.
 2. Security clearances typically take approximately 30 days to complete but can take much longer. These may be conducted due to your academic major and/or country of origin or nationality. There is currently no method for expediting security clearances.
 3. If you are selected for security clearance, the consulate may tell you that your application requires additional administrative processing and will give you an estimate of how long you may expect to wait.

Paying the “SEVIS” fee:

The SEVIS fee is US\$200, but is subject to change. This fee is separate from and in addition to the visa application fee. The SEVIS fee must be paid by the internet or by mail. It cannot be paid at a U.S. embassy or consulate and it cannot be paid at a port of entry.

To Pay Online *(Preferred Method)*

- Find the Form I-901 at www.fmjfee.com
- Complete the form online and supply the necessary Visa, MasterCard or American Express information. Be sure to write your name exactly as it appears on your I-20 or DS-2019 form.
- Print a copy of the online receipt.
- Make copies of your receipt, and keep with your other important immigration documents.

To Pay By Mail *(May cause delays in Visa processing)*

- Obtain a form I-901 “Fee Remittance for certain F, J and M Non-immigrants.”
- Download the form from www.fmjfee.com
 - Request the form by phone at 800.870.3676
- Complete the form I-901. Be sure to write your name exactly as it appears on the I-20
- Prepare a check, international money order or foreign draft (drawn on U.S. banks only) in the amount of \$200 USD, made payable to “The department of Homeland Security”. Sources for such checks and money orders include banks chartered or operated in the United States, foreign subsidiaries of U.S. banks, or foreign banks that have an arrangement with a U.S. bank to issue a check, money order, or foreign draft that is drawn on a U.S. bank.
- Mail the completed I-901 and payment to the P.O. Box listed on Form I-901.
- A Form I-797 receipt notice should be mailed within 3 days of processing the fee. Be sure to make copies of your receipt, and keep it with your other important immigration documents.

Please check your country U.S. embassy/consular office for additional requirements for F-1 Visa Application.

Important Notes

- The U.S. Customs and Border Protection Web site has information on what items you can bring with you to the U.S. and what items are prohibited: www.customs.ustras.gov
- The Transportation Security Administration (TSA) lists additional items that are prohibited for security reasons. www.tsa.gov
- Place all valuables in carry-on bags since checked baggage should generally remain unlocked for security purposes. If you choose to lock your luggage, be sure to use TSA-approved locks only to avoid any luggage damage should physical inspection be required. See the following Web sites for information: www.travelsentry.org and www.safekieslocks.com

Immigration Check Point and Port of Entry: Entering the U.S.

- The U.S. Port of Entry is the international airport or land border crossing where you enter the U.S. You will pass through an immigration and customs checkpoint. You will be asked to present your:
 1. valid passport with F-1 visa
 2. your original, signed SEVIS I-20 (**in a sealed envelope**)
 3. your filled I-94 Arrival/Departure Record

- The officers will inspect the documents and note the date of entry, visa status, as well as the D/S (duration of status) on your I-20 and passport.

- These documents, taken together, constitute proof of your legal status in the U.S. Do not lose them. Once your customs and immigration inspection is complete you should receive:
 1. Your I-20 (pages 1 to 3) stamped for duration status.
 2. The I-94 notated with D/S and F1 status. The I-94 is usually stapled in your passport. Keep it always attached to your passport till you depart the US.
- Be sure you receive all your immigration documents back from the Port of Entry officer and that your I-94 card is marked with the correct visa information. If it is not, it is much easier to correct the problem then, at the Port of Entry, than later.

Important notes regarding entry

- If the CBP officer at the port of entry cannot initially verify your information or you do not have all of the required documentation, you maybe directed to an interview area know as “secondary inspection.”
- Once you finish at POE, you will pick up your luggage and go through customs. A custom official may inspect your luggage.

- ◆ Do not carry large sums of cash. Traveler's checks are a safer way to carry money. Most stores and restaurants, and Long Beach City College accept traveler's checks. It is a good idea to get some traveler's checks in your home country before coming to the U.S. so you will not have to worry about changing money when you first arrive.
- ◆ We strongly recommend that you bring at least \$1,000 in traveler's checks for your first month's living expenses, even if you decide to bring the balance of your funds in the form of a bank check.
