Career Opportunities

The Medical Assistant Program is designed to educate the student for immediate employment providing assistance to the physician in caring for patients in the medical office or clinic. The wide range of clinical and business duties provides an interesting career for one who enjoys working with people. The program is designed to be completed in one academic year and includes either the administrative or clinical assisting courses or a combination of both. The program offers an Associate Arts/Science Degree in the Combined Certificate Program Option or a Certificate of Achievement in the Administrative or Clinical Certificate option. The department also offers Certificates of Accomplishment in Emergency Medical Technician, Medical Insurance Billing, or Phlebotomy.

This **Certificate of Achievement** will prepare students for an entry-level position in a variety of ambulatory settings. Each certificate is the foundation for specialized clinical practice.

This **Associate Degree** will prepare students for career advancement once a certificate has been earned.

Program Mission and Outcomes

The mission of the Medical Assistant Program is to prepare competent Medical Assistants with the cognitive, psychomotor, and affective learning domains to enable them to perform entry-level administrative and clinical tasks in a physician's office.

Outcomes

- Accurately assess a patient's vital signs.
- Analyze medical records and accurately construct a medical insurance claim form.
- Inspect and correctly troubleshoot artifacts while performing an electrocardiogram.
- Apply common practices of Medical Asepsis in a physician's office and daily living.

Outcomes (Certificate of Achievement – Medical Assisting: Combined Administrative/Clinical)

- Demonstrate Clinical patient skills.
- Demonstrate administrative patient skills.
- Demonstrate medical office employability skills.
