#### Associate Degree requirements continued from the previous page:

- Residence for the Degree: Complete at least 12 semester units of the required 60 semester units in residence at Long 3. Beach City College in order for the college to grant an Associate of Arts and/or an Associate of Science Degree.
- Residence for the Field of Concentration: Complete fifty percent (50%) or more of the unit requirements for this field of 4. concentration in residence; this means at least 17 units of the required 34 must be completed at Long Beach City College. Credit earned by exam, where applicable, may be included.
- General Education and Proficiency Requirements: Complete the required A.A./A.S. General Education and 5 Proficiency requirements\*, otherwise known as "Plan A". For Plan A requirements, refer to the general catalog or view it online at http://osca.lbcc.edu.
- 6. Complete and submit the degree application form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office, or online at http://admissions.lbcc.edu/ Refer to the Schedule of Classes (http://schedule.lbcc.edu) and click the "Important Dates" link to view the actual deadline for each semester.

\*The requirements for general education/proficiency and the field of concentration (major) need to be from the same catalog year. This catalog year may be any year between the year of initial enrollment to the present, provided continuous enrollment is maintained throughout. See the catalog for definition of "continuous enrollment".

- Complete fifty percent (50%) or more of the unit requirements for this field of concentration in residence; this means at least 17 units of the required 34 must be completed at Long Beach City College. Credit earned by exam, where applicable, may be included.
- Complete and submit the certificate application form to the Admissions and Records office during your final semester of 3. course work. These forms are available in the Admissions and Records office, or online at http://admissions.lbcc.edu/. Refer to the Schedule of Classes (http://schedule.lbcc.edu) and click the "Important Dates" link to view the actual deadline for each semester.

## Career Opportunities

This field of concentration is designed to furnish students with knowledge of the entry-level skills necessary to embark upon a career in the horticulture industry. It includes emphasis on practical applications leading to career advancement. Also, it provides a partial lower-division preparation for transfer to a baccalaureate degree program in this field.

This Certificate of Achievement will prepare students for an entry-level position in a variety of horticulture/landscape/nursery industry positions and will serve as a foundation for specialization.

This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major.

## **Program Mission and Outcomes**

The mission of the Horticulture Program is to provide students with the training and practical experience for an entry level position as well as transfer opportunities and continuing education for those working in the horticulture industry.

- Distinguish 100 landscape plants suitable for different landscape situations with proper cultural practices.
- Demonstrate safe and efficient competence with hand and power tools used in the trade.
- Demonstrate fundamental technical skills to cultivate and manage edible and ornamental plants in horticultural production systems.
- Demonstrate fundamental landscaping principles to layout and install residential gardens

## Legend

 $\Phi$  This course cannot be used as an elective if counted under the required units.
