2016-2017 Tentative Budget**

**Superintendent's Message**

June 28, 2016

Board of Trustees  
Long Beach, California 90808

Board President, Members of the Board, and Members of the Community:

This Tentative Budget is based on the Governor's January State Budget and May Revisions. With another positive budget, the Governor recognizes the indispensable role California Community Colleges play in the state. The Budget provides modest funding for student access, student success as well as investments in infrastructure and workforce development. Access funding has been allocated for a 2% increase of students statewide. However, throughout the state, districts including Long Beach City College (LBCC) are struggling to generate enrollment growth. In addition to the traditional budget allocations like base funding and maintenance and instructional equipment funding, the Budget includes new innovations such as zero-textbook cost degree and online education initiative funding. While the impact of some of these proposals on LBCC is uncertain, they show the Governor's commitment to developing the state's workforce, closing achievement gaps, and providing educational access to all Californians through the work of community colleges.

Along with the positive budget news for the current budget, the Governor's on-going message of caution for the future is growing more ominous. In his budget presentations, Governor Brown has used charts, personal stories and even an Aesop's fable to get his point across. That point is that the current recovery, now nearing its seventh year, will end. State revenue figures that have fallen below projections in the early months of 2016 further support his warnings that the surging tide of revenue is beginning to turn. It is critical for the LBCCD to prepare for this certainty and exercise extreme caution in increasing the level of fixed expenditures.

**Superintendent's Message**

Highlights from the State Budget and the impact on LBCC are listed below:

- \$114.7 million (2%) in growth funding. The Tentative Budget includes \$0 for LBCC due to flat or declining enrollment projections.
- \$0 (0%) COLA (cost of living adjustments).
- \$75 million base apportionment increase, which is approximately \$1.3 million for LBCC.
- \$200 million for Strong Workforce Program. The proportional allocations between regions and colleges with amount for LBCC is unknown at this time.
- No increase for COLA for categorical programs (DSPS, EOPS, and CalWORKs).
- \$49.3 million for Proposition 39 for clean energy efficiency projects. About \$857,000 for LBCC in this 4<sup>th</sup> year of the 5-year program.
- \$105.5 million to pay down Mandated Cost reimbursements to be allocated based on FTES. \$1.9 million in one-time funding for LBCC.
- \$2.3 million for Equal Employment Opportunity Fund. The allocation methodology and estimate for LBCC is unknown at this time.
- \$5 million for Zero-Textbook Cost Degrees. Competitive grants - unknown whether LBCC will apply.
- \$219.4 million for Deferred Maintenance and Instructional Equipment. No match requirement. Estimate for LBCC is \$3.9 million (\$3.4 million for Deferred Maintenance and \$0.5 million for Instructional Equipment).
- \$20 million for an Online Education Initiative. LBCC estimate is unknown at this time.

The Tentative Budget includes ten funds totaling \$416,582,418 and is based on the attached budget assumptions developed by the Budget Advisory Committee.

Unrestricted General Fund

We continue to strategically evaluate restoration of staffing. Efforts toward restoration include the following:

- Hiring 25 new full-time faculty \$2,630,400
- Restoring 6 (1.20 FTE) and  
creating 15 (13.01 FTE) new classified positions 745,400
- Creating 4 new management positions (4 FTE) 483,900

Previously negotiated and new salary agreements are included in the Tentative Budget. Full-time faculty salary schedules were revised effective July 1, 2015 resulting in an average 6.88% pay increase for 2015-16. Part-time faculty received a 4.5% increase effective August 1, 2015. Classified and Management will receive a 0.8% increase effective July 1, 2016.

We submitted a revised 2014-15 Apportionment Attendance report to earn additional growth funding that was available for that fiscal year. That additional growth revenue, the reduction of the 2014-15 deficit factor from 0.32% to 0%, and a positive Education Protection Account adjustment resulted in \$1.99 million in prior year apportionment adjustment revenue. Other positive results in the 2015-16 fiscal year included increased current year apportionment revenue, salary savings from vacancies and program support, mandated cost funds carried over, and other expense budget savings. These budget savings less increased expenses for negotiated salary increases and the increase to the Annual Required Contribution (ARC) for retiree benefits resulted in a slight deficit for 2015-16 and a projected ending fund balance of \$25.4 million at June 30, 2016.

I am reluctantly recommending a proposed Tentative Budget with an operating deficit of (\$9.1) million resulting in a \$16.3 million ending fund balance at June 30, 2017. The lack of COLA or growth revenue, increased budgets to cover additional positions, increased pay rates, and pension costs contribute to the deficit. Much

**Superintendent's Message**

of the recent funding provided has been one-time or non-discretionary funding. We know that pension contributions will continue to increase significantly in future years, so we need to plan ahead.

Of the (\$9.1) million budget deficit in the 2016-17 Tentative Budget, \$6.8 million is one-time expenditures including:

|  |                     |
|--|---------------------|
| Business Process Reviews and Design Thinking | \$ 5,510,000        |
| Mandated Cost Carryover from 2015-16         | 1,213,000           |
| Classification Study                         | <u>50,000</u>       |
| One-Time Projects – 2016-17                  | <u>\$ 6,773,000</u> |

The remaining \$2.3 million of the deficit is a structural deficit, related to ongoing expenditures. In order to better explain the operating deficit, I have provided more details below for both revenue and expenditure changes.

*Revenues:* Major increase / (decrease):

| Changes from 2015-16 - Estimated Actuals |               | Comments  |
|--|---------------|---|
| Apportionment                            | (\$670,253)   | The decrease is the net of: <ul style="list-style-type: none"> <li>• (\$1.99) million decrease due to prior year apportionment recalculation revenue.</li> <li>• \$1.32 million increase to base allocation.</li> </ul> |
| Other State Revenue                      | (\$9,380,377) | The decrease is due to the decrease of the one-time allocation of (\$9.4) million in Mandated Cost revenue.   |

*Expenditures: Major increases / (decreases):*

| Changes from 2015-16 - Estimated Actuals |             | Comments   |
|--|-------------|--|
| Total Academic Salaries                  | (\$274,978) | The decrease is the net of the savings due to over 30 full-time faculty retirements, less the increases due to hiring 25 new full-time faculty, 2 new academic managers, the effect of full-time faculty salary schedule restructuring, and the full-year effect of the 4.5% increase for part-time faculty.         |
| Total Classified Salaries                | \$1,842,768 | The increase is due mainly to the restoration of certain previously reduced positions (1.20 FTE – 6 positions), the creation of new positions (13.01 FTE – 15 classified positions; 2 classified management positions), step & column increases, salary increases, and the assumption that vacancies will be filled. |
| Total Benefits                           | \$1,274,718 | The increase is due to the increase in positions and increases to certain benefit rates, most notably the 1.85% for STRS, the 2.041% for PERS increases, and early retiree incentives of \$448,000.  |

*Expenditures: Major increases / (decreases) (continued):*

| Changes from 2015-16 - Estimated Actuals |               | Comments   |
|--|---------------|--|
| Contract Services and Operating Expenses | \$5,759,072   | The increase is mainly due to the following items: \$4.4 million for implementation of Business Process Reviews; \$0.4 million increase to utility budgets; and \$1.5 million net increase in various other accounts including \$0.4 million carryover of Mandated Cost revenue for Strategic Plan, Communication Plan, professional development, and web design and implementation. |
| Capital Outlay                           | (\$1,792,953) | The decrease is due mainly to the reduction in one-time expenditures for technology refresh and instructional equipment funded by the Mandated Cost revenue augmentation.  |
| Other Outgo                              | (\$7,978,027) | The decrease resulted from the \$7.1 million one-time transfer in 2015-16 to the Capital Outlay Fund for Mandated Cost projects, which will not be repeated in the 2016-17 fiscal year; and the \$0.8 million decrease in transfers to the Self-Insurance fund.  |

Reserves

Board Policy requires a minimum 5.5% reserve in the Unrestricted General Fund. Therefore, \$7,330,710 has been budgeted for this purpose. Additionally, \$6,254,765 has been reserved for the Institutional Effectiveness goal (this is 4.7%, which is below the short-term goal of 7.0% [12.5% when combined with the 5.5% Board minimum]), and \$2,765,901 has been reserved for vacation and load banking. If it becomes necessary to use any reserves it will be formally reported to the Board in the Fiscal Services agenda items. The Quarterly Budget Performance Reports will also identify the use of any reserves.

Restricted General Fund

The total Restricted General Fund budget is \$38,654,139. Included in this fund are programs funded from external sources. The revenue from these sources must be used for the purposes specified by the external funding source. Included in this fund are: the Small Business Development Centers, Vocational Technology Education Act, state categorical funds for Basic Skills, Disabled Students Programs and Services (DSPS), Equal Opportunity Programs and Services (EOPS), Student Success and Support Program (SSSP), Student Equity, the Student Financial Aid Administration Allowance, CalWORKs, Career Technical Education and other state supported programs. This fund also includes the locally funded Parking Program and the Student Health Centers.

General Obligation Bond Fund

A total of \$440 million in bonds were authorized under the 2008 Measure E bonds. The first \$48.4 million of these bonds were sold in July 2008. The District issued the second series of general obligation bonds totaling \$237 million in December 2012 to repay the \$150 million Bond Anticipation Notes (BAN) and to fund ongoing bond projects. One major campus-wide project, two major projects at the Pacific Coast Campus and three at the Liberal Arts Campus are planned for the 2016-17 fiscal year.

Other Funds

Other funds are balanced. In the Capital Projects Fund, the state budget has provided scheduled maintenance funds for the third year in a row after years without funding. Certain redevelopment revenues must be split between property tax revenue and restricted capital outlay revenue. This capital outlay portion is recorded in the Capital Projects Fund. Please see the following pages for more specific information about other funds.

Next Steps

The Tentative Budget provides the college administration with spending authority to begin the 2016-17 fiscal year. Final State Budget allocations will be included in the Adopted Budget, which goes to the Board in September.

We look forward to the 2016-17 fiscal year with great optimism as well as caution. For California community colleges, per student Proposition 98 funding has been increased 2.3% to \$7,053 per student. However, total per student funding still lags far behind the other California education systems (K-12, University of California and California State University). At Long Beach City College, leveling off and declining enrollment data has forced us to plan for managing stability funding in the near future. Traditionally, our two main sources of discretionary funding are cost of living (COLA) and growth increases. Both of those are budgeted at \$0 in 2016-17. Going forward even an average COLA increase does not cover the expected increases for step increases, pensions, health care and retiree benefit obligations, not to mention non-salary and benefit increases. 2015-16 is the last full year of Proposition 30 (Education Protection Account) revenues. Unless an initiative to extend is approved by voters, the sales tax increase will end mid-year in 2016-17 and the income tax increase will terminate in the middle of 2018-19. A strong economy may mask the impact of these additional revenues terminating. Conversely, a recession could magnify the negative impact on community colleges. With the momentum of the gains of recent years, we now prepare to meet the future challenges, which include:

- **Enrollment** – flat to declining enrollment is projected for 2015-16 and 2016-17. Stabilization is expected in one of these fiscal years depending on the strength of summer 2016 enrollment.

Long Beach Community College District  
2016-2017 Tentative Budget

**Superintendent's Message**

- **BOGG Waiver Eligibility** – stricter eligibility requirements in 2016-17 could reduce enrollment further.
- **Pension Obligations** – STRS and PERS obligations will continue to increase rapidly in the upcoming years.
- **Retiree Benefit Obligations** – Other post-employment benefits (OPEB) liabilities for future retiree health benefits have increased sharply. Our current annual required contribution (ARC) is \$5.2 million, which is an 86% increase. We have a \$44.4 million Unfunded Actuarial Accrued Liability (UAAL).

Despite the significant challenges, we are optimistic. We have worked together through great challenges in the past to help provide our students and our community with the educators, facilities, and resources they need to succeed in greater numbers.

Respectfully submitted,

Eloy O. Oakley  
Superintendent-President

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**The following Budget Assumptions and Implications were recommended by the Budget Advisory Committee (BAC).**

**I. ORGANIZATION**

The organization of the budget will be the same as 2015-16. There will be potential budget redirections in response to both the State's budget impact and the priority as identified by the College Planning Committee (CPC) for 2016-17 Institutional Priorities as follows:

The top priority of the College is to enhance the infrastructure of the learning environment and support services to directly improve rates of course completion, progress through foundational skills sequences, and student attainment of academic credentials.

In order to accomplish this top priority, the College will:

- A. Focus resources to introduce or scale-up student success innovations that are supported by data showing promising preliminary results or demonstrated effectiveness.
- B. Maintain fiscal stability:
  - Acquire and manage funding to support student success initiatives.
  - Acquire and manage funding to support equitable outcomes to close achievement gaps.
- C. Analyze and dedicate resources that build effective organizational structures college-wide including:
  - Focus resources to implement Business Process Reviews and Design Thinking vetted recommendations.
  - Focus resources to continue analysis throughout other areas of the College.
- D. Support effective integrations of technology in the learning and work environment.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**II. UNRESTRICTED GENERAL FUND BUDGET GUIDELINES**

The Tentative Budget is based on the Governor's budget, published in January.

- A. Deficit spending will be minimized.
- B. Our FTES targets will be 20,775.58 (20,349.67 credit, 14.32 non-credit, and 411.59 enhanced non-credit). We will attempt to align enrollment commensurate with funding levels provided by the State. There is no growth in FTES anticipated, the amount budgeted is our base FTES from 2015-16.
- C. Carryover will only exist for the one-time allocations provided in previous years specific to the One-Time Mandated Cost items, technology refresh, professional development, instructional equipment, and mobile application deployment. All other unexpended funds will become part of the ending balance and will be budgeted in the subsequent budget year.
- D. Expenditure of one-time monies will be based on the College Priorities, as derived from the planning process.
- E. Essential operational and maintenance functions of the college will be funded.
- F. Total Cost of Ownership principles shall be employed in departmental planning and budgeting processes.
- G. Any expense eligible to be funded using categorical or grant dollars will be budgeted in the eligible categorical or grant program.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**III. RESERVE ASSUMPTIONS**

- A. The District will maintain an unrestricted reserve for contingencies of 5.5% of unrestricted expenditures and other outgo in accordance with Board policy. The fiscal stability trigger established by the Chancellor's Office is a minimum prudent unrestricted general fund balance reserve of 5% (calculated as a percentage of expenditures and other outgo).
- B. The liability reserve for load banking is the amount required to fund a reasonable portion of the cash value of accumulated academic workload teaching units. The full value of the reserve is calculated by multiplying the total units banked, times the average hourly teaching rate, times 17.5 weeks. This liability is estimated at \$2,329,001 as of June 30, 2016.
- C. A restricted liability reserve is included for year-end vacation liability. This reserve is equivalent to three months' accrued vacation pay based on the hours of vacation on the District books as of June 30 for each employee. This liability is estimated at \$436,900.

**IV. FEDERAL REVENUE CHANGES**

Any increases or decreases in federal income for a project or program will be accompanied by corresponding increases or decreases in expenditures.

**V. STATE REVENUE ASSUMPTIONS AND IMPLICATIONS**

- A. A 0.5% deficit factor will be included to offset a possible short fall from apportionment revenues.
- B. We are budgeting a 0% COLA.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**V. STATE REVENUE ASSUMPTIONS AND IMPLICATIONS (continued)**

- C. It is expected that we will be funded at a 20,775 FTES level. This would provide no additional growth revenue. Any excess revenue will go toward deficit reduction and/or facilities and technology reserves.
- D. Categorically funded programs (such as SSSP, Student Equity, EOPS, DSPS, etc.) income estimates will reflect figures in the State budget.
- E. Estimates for lottery income are those provided by the California Community Colleges Chancellor's Office. Approximately 22% of the lottery allocation is restricted to instructional materials only. The unrestricted portion of the lottery allocation will be used for utilities expenses.
- F. Any block grants will be for one-time purposes and will not incur on-going costs into the future. \$3.9 million for LBCC block grants are included in the State Budget for scheduled maintenance and instructional equipment with no match requirement. We will allocate \$500,000 to supplement the instructional equipment Mandated Cost carryover amount of \$2.4 million and use the remaining funds for classroom lockdown and to address accessibility issues at the Pacific Coast Campus as identified in our Pacific Coast Campus Americans with Disabilities Act (PCC ADA) Transition Plan.
- G. Approximately \$1.3 million in One-Time Mandated Cost funds are included in the current State Budget. We will allocate these funds towards the implementation of our Business Process Review recommendations.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**VI. LOCAL REVENUE ASSUMPTIONS**

- A. Local revenue sources are interest, facilities rental, publications, and surplus items. Total interest income, with the interest rate provided by Los Angeles County Treasurer, will be budgeted conservatively.
- B. Excess income generated over the costs of operations and established reserves from international students or District sponsored events that generate additional revenue, will be placed in the Unrestricted General Fund. Excess income from facilities rental operations over the costs of operations and established reserves may be placed in the Capital Projects Fund.
- C. Special Revenue Fund budgets, such as Community/Contract Education, and Veterans' Stadium Operations will generate sufficient income to cover expenses.

**VII. EXPENSE ASSUMPTIONS**

- A. All budgeted appropriations will be available for expenditure.
- B. Expenditures for federal and state categorically funded programs will not exceed the program income and mandated local contribution, except those identified within the line item budgets.
- C. Salary expenses will be budgeted to cover all board approved salary changes; step and column increases; and longevity increments for all employees. Only vacant positions deemed absolutely essential will be budgeted. This includes 25 new faculty positions.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**VII. EXPENSE ASSUMPTIONS (continued)**

D. Health and welfare benefit costs will be estimated using the best information available, including multi-year trends. The rate increases/decreases are as follows:

|                                   |                         |
|-----------------------------------|-------------------------|
| Blue Cross PPO: no change         | Delta Dental PPO: -6.7% |
| Blue Cross HMO: +4.0%             | Delta Dental HMO: +3.0% |
| Kaiser: -4.0%                     | VSP: no change          |
| Mental Health Network EAP: +10.0% | Basic Life/AD&D: +3.4%  |

These increases/decreases combined currently result in a 0.1% blended rate decrease.

E. Other Payroll related benefits will be budgeted based upon the rates established by the regulatory agencies. Currently the rates are as follows: PERS 13.888% (2.041% increase), STRS 12.58% (1.85% increase), Workers' Compensation 1.956% (no change), SUI 0.05% (no change), and Retiree Benefits 7.71% (2.81% increase).

F. Any purchases initiated during the year will be completed before the end of the year.

G. The part-time hourly budget will contain sufficient dollars to meet the FTES target in accordance with the class schedules.

H. Throughout the year, any savings incurred from vacant classified positions may be transferred to cover the cost of a limited-term employee (LTE) while the permanent position is in recruitment.

I. Faculty substitutes will be provided as needed to meet minimum course requirements as funds are available.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Budget Assumptions and Implications**

**VII. EXPENSE ASSUMPTIONS (continued)**

- J. The Annual Required Contribution (ARC) for the Retiree Health Benefits as noted in the actuarial study dated July 1, 2015 is \$5,153,982. This represents approximately 7.71% (2.81% increase) of covered payroll.
  
- K. \$3 million is budgeted for additional Business Process Reviews and to implement recommendations in the areas of Admissions and Records, Degree Audit, Counseling, Cashiering, Human Resources, Payroll and Fiscal Services. This one-time allocation will come from unassigned reserves.

**VIII. OTHER ASSUMPTIONS**

- A. All grants will be carefully evaluated as to the “District match(es)” and any financial obligation beyond the term of the grant so as not to place a burden on the budget in future years.

**Long Beach Community College District  
2016-2017 Tentative Budget**

**Restricted General Fund**

The Restricted General Fund contains budgets for the federal and state categorical programs, grants, student health, and parking programs. The use of revenues for these programs is restricted to specific purposes. For example, student health fee revenues can only be used to support programs to improve students' health. Similarly, restricted lottery revenue can only be used to purchase instructional materials.

**Revenue**

Revenues are broken down by funding source: federal, state and local. In some cases, the funding agency requires local matching funds. For example, the State requires a 4:1 local match for the Deaf/Hard-of-Hearing Grant and a 1.3:1 match for Student Success and Support Program (SSSP). These matching funds are provided by the Unrestricted General Fund. Generally, grant revenues equal expenditures since most grant funds are not considered earned until appropriate grant expenses have been made. Major new grants in recent years include the State Block Grant for Instructional Equipment and Library, Innovation in Higher Education, California Career Pathways Trust, Advanced Manufacturing Engineering Technology Linked Learning Consortium (CCPT AMETLLC), and Career Technical Education Enhanced Funds – Alternative Fuel, Advanced Manufacturing.

**Indirect Costs**

Many of the grant/categorical programs allow the college to use some (typically 4%) of the restricted dollars to pay for indirect (overhead) costs incurred to operate the grant/categorical programs.

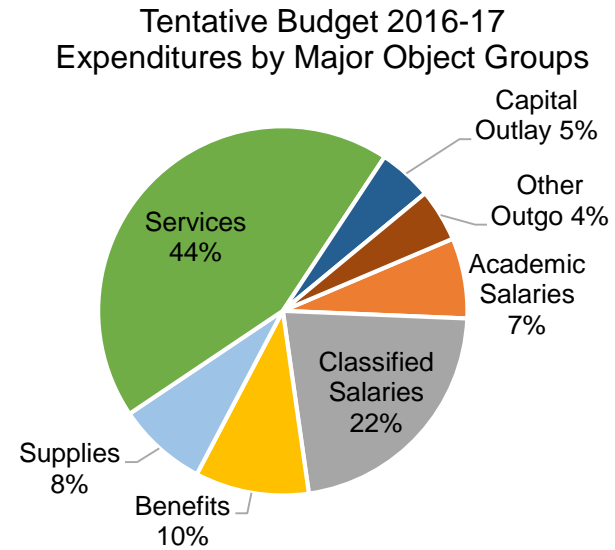

**Parking and Student Health Programs**

For informational purposes, the Restricted Parking Program Budget and the Student Health Center Budget are presented in detail following the full Restricted General Fund.

**Capital Projects Fund**

**Revenue**

Primary revenue sources for the Capital Projects Fund are state capital project funds, scheduled maintenance block grant, interfund transfers, interest earnings, redevelopment fee revenue, international student capital outlay fees, nonresident capital outlay fees, and rental income.

Redevelopment fee revenue received under AB1290 must be split between property tax revenue and capital revenue. 47.5% of AB1290 revenue is unrestricted, but must be reported as property taxes and applied against the District's apportionment revenue in the Unrestricted General Fund. The remaining 52.5% of AB1290 revenue is restricted, and must be used "for educational facilities," including furnishings, fixtures, and equipment normally associated with such facilities. Accordingly, it is recorded as revenue in the Capital Projects Fund. The Governor eliminated the state's Redevelopment Agencies (RDAs) as of February 1, 2012. Successor Agencies have been established to wind down the activities of the RDAs. Now current and future pass-through payments come to school districts through the Auditor-Controller. However, the amounts and timing of future Redevelopment revenue remain unpredictable.

Education Code Section 76141 allows districts to charge nonresident and international students a capital outlay fee. Revenue from the capital outlay fee can be expended only for purposes of capital outlay, maintenance, and equipment. Therefore, the capital outlay fees collected from nonresident and international student fees are recorded in the Capital Projects Fund.

**Reserves**

A \$5.0 million reserve established by the Board in 1986 is included in the Capital Projects Fund. The source of the reserve is the sale of excess property at LAC in 1987-88 and at PCC in 1988-89. In 2004-05, \$1.7 million was loaned (interest free) to the Veterans' Stadium Operations Fund for stadium improvements. The Veterans' Stadium Fund repaid \$100,000 annually from fiscal year 2005-06 to 2008-09. \$150,000 was repaid in fiscal years 2009-10 through 2015-16. We have budgeted \$150,000 to be repaid in 2016-17. As of June 30, 2016, the remaining loan balance is \$250,000.

**2008 Measure E General Obligation Bonds**

A total of \$440 million was authorized under 2008 Measure E. The first \$48.4 million of the 2008 Measure E General Obligation Bonds were sold in July 2008. Bond Anticipation Notes (BAN) totaling \$150 million were issued in January 2010. The BAN was repaid as scheduled in January 2013. On December 12, 2012, \$237 million in 2008 Election, 2012 Series B bonds were issued. \$150 million of the proceeds were used to pay the BAN principal. The remaining proceeds paid BAN interest and will be used to fund bond construction projects.

On February 25, 2014, \$11,825,000 in 2008 Election, 2014 Series C refunding bonds (federally taxable) were issued. These bonds were used for a partial advance refunding of the 2008 Election, 2008 Series A bonds. This refunding saves District taxpayers approximately \$2.3 million in future property taxes.

On August 5, 2014, \$43,200,000 in 2002 Election, 2012 Series E refunding bonds were issued. These bonds were used for an advance refunding of a portion of the outstanding 2002 Election, 2007 Series E bonds. This refunding saves District taxpayers approximately \$2.3 million in future property taxes.

On June 9, 2015, \$32,545,000 in 2015 Series F refunding bonds were issued. The bonds were used to effect the current refunding of a portion of the 2005 Series B bonds and the advanced refunding of a portion of the 2008 Series A bonds. This refunding is estimated to save District taxpayers approximately \$3.7 million in future property taxes.

The projects funded by the 2008 Measure E will continue to further the modernization of Long Beach City College in accordance with the 2041 Unified Master Plan on two campuses, the Pacific Coast Campus and the Liberal Arts Campus. The description below outlines some of the larger projects planned for the fiscal year 2016-17.

**Districtwide**

Campus Wide Security Monitoring System

The District will be installing a video surveillance system at both campuses, consisting of approximately 600 cameras, and will include data infrastructure upgrades to support the additional bandwidth on the network. Installation will take place in phases and will include evening work to minimize the impact on the campus community. The campus monitoring software will be compatible with Long Beach Police Department. The plans are currently being reviewed by DSA. Construction is anticipated to begin Fall 2016 and will be completed by Summer 2017.

**Pacific Coast Campus**

Water Conservation Project

The project will address the new California regulations for water conservation. We will be rehabilitating the landscaping on the southwest corner of the campus along Pacific Coast Highway and up Orange Avenue and the area along 20<sup>th</sup> Street. The project will entail installing new drought tolerant landscaping and drip irrigation systems with moisture sensors.

New Classroom Building – Building QQ and Building RR Renovation

The project includes the renovation of existing Building RR to create new lab and instructional space for the Electrical Department, which currently resides in Building B at the LAC campus. In addition, the existing Building QQ will be replaced with a new 24,000 SF two story building. The building will encompass a new Dyer Hall, Lifetime Learning Center (formerly the Senior Center), multi-purpose large classrooms, faculty offices, additional classrooms and electrical labs. Construction began in March 2016 and will continue through the Summer 2017. Once the new buildings are completed, Building FF will be demolished.

Science First & Second Floors – Building D Modernization

Building D will be retrofitted with new wet and dry science laboratories. The 12,000 SF upgraded area will house Anatomy, Microbiology, Health Occupation, and Diagnostic Medical Imaging (DMI). Toilet facilities will be renovated and a new elevator will be installed as part of the project. Construction will begin in the Summer 2016 and continue through Fall 2017.

Language Arts Department – Building P

Building P was originally constructed in 1935 and is one of the oldest buildings on campus. The modernization project upgrades approximately 9,656 assignable square feet (ASF) with structural improvements, smart classrooms, computer laboratory, offices, and library. Also included in the project will be meeting rooms for the English, Academic Administration and Journalism departments. Buildings M and N will serve as swing space until the Building P modernization is completed. Construction is anticipated to begin in Fall 2016. The plans are currently under review at DSA.

Auditorium – Building J

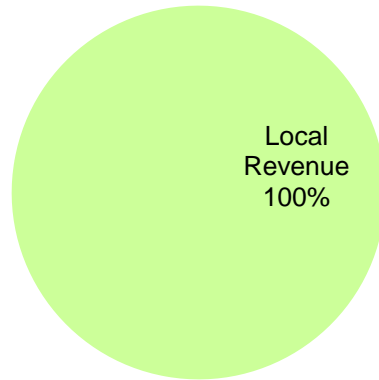

Building J auditorium was originally constructed in 1956 and is used for productions by the Theater, Dance and Music departments, as well as special campus events. The project consists of system modernization, roof upgrade, interior improvements, accessibility updates and an elevator addition. Construction is anticipated to start Summer 2017 and be complete in Spring of 2019. The project is currently in the design phase, with DSA submission planned for Fall 2016.

**Retiree Health Fund**

Retiree benefits current costs and liabilities for future costs are budgeted and recorded in the Retiree Health Fund. As of our most recent actuarial study dated July 1, 2015, the total actuarially determined liability for current and future retirees is \$46,199,459. The study determined that the Annual Required Contribution (ARC) is \$5,153,982 or 7.71% of covered payroll.

Per the Chancellor's Office accounting advisory dated June 14, 2010, categorical programs can only be charged OPEB (Other Post-Employment Benefits) costs for current eligible employees. Therefore, only 4.51% of the 7.71% is applicable to all eligible employees. The Unrestricted General Fund will transfer any additional funds needed to reach our ARC amount of \$5,153,982 into the Retiree Health Fund.

On January 24, 2006, the Board of Trustees authorized participation in the Futuris Program, which provides professional investment management services for the irrevocable trust portion of the Retiree Health Fund. Our contribution for the ARC normal costs related to 2014-15 federally funded salaries was \$42,576, which was deposited into the irrevocable trust in August 2015.

The ARC amount noted above is a significant (\$2.4 million, 86%) increase over the prior actuarial study. The major reasons for the increase are: 1) the increase in participants, 2) effects of regulation changes, and 3) the increase in health insurance premiums. Participants have increased due to significant hiring in recent years. With the implementation of GASB 68 & 71 for pension liabilities in 2014-15 and the upcoming implementation of GASB 75 for retiree health liabilities, actuaries are compelled to use similar assumptions and methodologies to those used by STRS and PERS actuaries. Sharp increases in health insurance premiums (16% in 2015-16) also contributed to the ARC increase. To begin to address these increases and to help reduce the unfunded liability for retiree health benefits, the District contributed an additional \$5 million to the irrevocable trust in May 2016. As of May 31, 2016, the market value of the investment in the irrevocable trust, including the 2014-15 contribution noted above, was \$6,966,940 (\$6,961,667 cost value).

**Self Insurance Fund**

Education Code Section 72511 authorizes community college districts to establish a separate self insurance fund for the purpose of covering the property and liability claims of the District, its officers, agents, and employees. The District belongs to the Statewide Association of Community Colleges (SWACC) Joint Powers Authority for up to \$1,000,000 comprehensive liability insurance and up to \$250,000 for property insurance coverage. The District belongs to the School's Association for Excess Risk (SAFER) Joint Powers Authority for excess insurance coverage for liability losses in excess of \$1,000,000 up to \$50,000,000, and in excess of \$250,000 up to \$250,000,000 for excess property coverage. These pools have stabilized the cost of insurance coverage in recent years. To maintain an adequate balance in this fund, it is necessary to transfer \$1,000,000 from the Unrestricted General Fund.

Our deductibles for insurance are as follows:

- Liability \$10,000
- Property \$ 5,000
- Student Professional Liability \$ 5,000
- Crime \$ 2,500
- Cyber Liability \$25,000
- Equipment Breakdown \$ 5,000

**Veterans' Stadium Operations Fund**

This Special Revenue Fund is 100% self-supporting. Revenues are derived from the rental of Veterans' Stadium to high schools, community groups, antique and auto markets, vehicle sales, commercial filming, and miscellaneous events.

A major \$1.7 million stadium renovation project was completed in 2004-05. This project was funded through an interest-free loan from the Capital Projects Fund. The original loan agreement required five annual payments of \$340,000 beginning in 2004-05. The project experienced unavoidable delays which impacted the facilities use revenues anticipated at the time the loan agreement was developed. As a result, the Veterans' Stadium Fund did not meet the 2004-05 budget estimate for revenues. This revenue short-fall made it impossible for the Veterans' Stadium Fund to make the first annual loan repayment. The terms of the loan were renegotiated to extend the loan repayment period. The Veterans' Stadium Fund repaid \$100,000 annually from fiscal year 2005-06 to 2008-09. \$150,000 was repaid in fiscal years 2009-10 through 2015-16. We have budgeted \$150,000 to be repaid in 2016-17. As of June 30, 2016, the remaining loan balance is \$250,000.
