

**Liberal Arts Campus
New Building M**

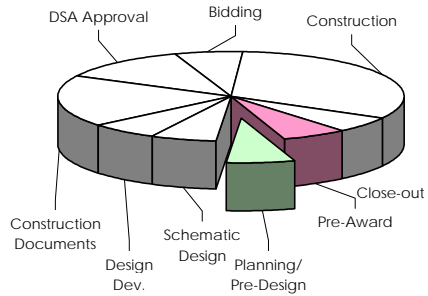

MVE Institutional BUILDING M/N REPLACEMENT LONG BEACH CITY COLLEGE

Construction Budget:	\$27,000,000
Planned Start of Construction:	2013
Architect:	MVE Architects
General Contractor:	TBD
Size:	58,000 SF
Funding:	State/Measure E

This building will serve as a multi-disciplinary facility. The new 3 story building, which will replace the antiquated Building M and N structures, will provide a modern technology center for the Computer Information Systems and Business Technology Departments as well as instructional space for Language Arts, Foreign Languages, Speech Communications and Consumer Education Departments.. The new building will include expanded area to house programs currently housed in 10-year old modular buildings.
