

Long Beach City College
Child Development Center
and Learning Lab

Pacific Coast Campus Please Help Our Library Campaign!

These are the faces of CDC-PCC
Help us build a library that reflects them and our community

Literature is a powerful tool that helps children understand the world around them, making lifelong impressions. The children at CDC-PCC come from a variety of cultures and various types of non-traditional families, with 13 different languages spoken.

When children's books reflect diverse groups of people, children can learn to respect their own cultural groups and the cultural groups of others.

**Help us raise the money needed to add
multicultural books to our shelves
that will increase diversity within
CDC-PCC's library and five classrooms.**

**Invest in our library. Invest in our children.
Invest in our future.**

To donate, contact Stacey Smith-Clark at s2smith@lbcc.edu or (562) 938-3080
