**As part of a strategy to address the significant budget cuts at Long Beach City College, the Child Development Centers and Learning Labs will consolidate some services by combining all full-day child care classes during the college's winter and spring breaks. To accommodate this change, one week will be offered at the LAC Child Development Center and one week at the PCC Child Development Center. By combining the two Centers during each of these weeks, it will help meet the Districts needs in finding areas to save during these times of economic challenges.**

**December 19 – 23, 2011 at PCC – CDC and April 8 – 14, 2012 at LAC – CDC**

Tuition is charged for all holidays and staff development days for which your child is enrolled.  
Please review your CDC Parent/Family Handbook for more information.
