Ages & Stages Questionnaires®, will be distributed this month! ASQ's are screening tools that will provide a quick check of your child's development. The information you supply will help reveal your child's strengths, uncover any areas of concern, and determine if there are community resources or services that may be useful for your child or your family. Please see your child's Teacher for a questionnaire for you to complete for your child. Please turn in by the end of the month and we will discuss the results at our upcoming Parent/Family Conferences. Thank you!
