Fall 2012

Teaching & Learning Institute

Join your colleagues

Eight Friday afternoons 1 – 3pm in L-165

for fun & learning in

Module 1: Philosophy & Definitions of Post-secondary Teaching & Learning

In this 8-week course you will learn about motivation for student learning, creating student-centered learning environments, constructivist and cognitive theories of education, brain-based learning, multiple intelligences, and holistic education.

All faculty, staff, and administrators are welcome!

“It completely changed how I teach!”
- Module 1 participant

Facilitated by
Tricia Alexander, Psychology department
Ladera Barbee, Math department

Fridays: 9/14, 9/21, 10/5, 10/19, 11/2, 11/16, 11/30, 12/7
