Academic Excellence Book Club
In the Spring 2011 semester, we will be discussing

**The Flat World of Education: How America’s Commitment to Equity Will Determine Our Future**
by Linda Darling-Hammond

If you are tired and disappointed with President Obama and Secretary of Education Arne Duncan’s neo-liberalism and their misguided ideas about what is wrong with the educational system, this book will provide a strong grounding in a comparative understanding of the American educational system in world perspective. What do we do well, and not so well?

Join us for lively, informed discussion, and earn Flex Credit for your participation!
