In Spring 2011, the Brain-Based Learning Book Club will be discussing

**The Art of Changing the Brain:**
**Enriching the Practice of Teaching by Exploring the Biology of Learning**
by James E. Zull

The realization that learning actually alters the brain by changing the number and strength of synapses offers a powerful foundation for rethinking teaching practices and one’s philosophy of teaching.

Join us for lively, informed discussion, and earn Flex Credit for your participation!

This Book Club will meet on the following first Tuesdays of the month:

- **February 1** – Chapters 1, 2, 3
- **March 1** – Chapters 4, 5, 6
- **April 5** – Chapters 7, 8, 9
- **May 3** – Chapter 10, 11, 12

**12:00-1:00PM**
Faculty Teaching and Learning Center
LAC L-165

The entire campus community is invited to attend.
