2. Click on "Apply Online"
3. Click on "Undergraduate Admissions Applications"
4. Click on the box with the Year and Semester you wish to apply for
5. Scroll to the bottom of the screen and click on "Create an Account" *OR* Enter your Username and Password you have already created and resume your application
6. Input all items below:
 - name
 - date of birth
 - email address (input twice). It is recommended that you set up an email specifically for your university applications. Check your email (including junk mail) regularly.
 - Username and Password of your choice—*please make sure to write it down so you don't forget it!*
 - Password Hint and Answer
 - mailing address and phone number
 - mark that you are a "College Junior" as current grade level — *failure to note that you are a college junior will result in application questions about high school that you do not need to answer*
 - how you heard about CSUMentor
7. You will see this notice: "Congratulations, your new CSUMentor account has been created".
8. Click on "Next Page"
9. Select a campus from the drop-down list, then click on "Start New Application"
10. Read message from the campus for information on completing the application
11. Click on "Begin Application" at the bottom of the page, and begin your application.

Tips:

- You do not have to finish the application in one sitting. You can save your information and come back to it.
- You may request to have the fee for your university application waived. The online fee waiver application is available at the end of your application.
- Please print out your unofficial transcripts to help you complete your application.
- Please print out the confirmation page after successfully submitting your application.
