Article X.C.: Compensation for College Flex Days

CHI unit members shall be required to attend up to 3 hours of the College Flex Day activities per academic year if that day falls on a regularly assigned work day. The maximum obligation/compensation for participation for all adjunct faculty normally assigned to work on flex day is three (3) hours per academic year. If the normally assigned work day is less than three (3) hours the adjunct faculty obligation/compensation for flex day is equal to the number of hours assigned for that day.
