United States Law and You

Immigration Law

All international students come to Long Beach City College with their own national passport, an I-20 and F-1 non-immigrant status indicated on the I-94 card.

The Foreign Student Advisor (FSA) and staff of the ISO work for you and for the College, not for the Department of Homeland Security nor the Bureau of Citizenship and Immigration Services (DHS/US-CIS). However, we must comply with DHS/US-CIS law. We will help you to understand the law and explain what you need to do to be in compliance with the law. We will not be able to prepare documents for you that do not follow DHS/US-CIS guidelines. If you suspect that you may be “out of status”, please come to the ISO to discuss your situation so that we can help you re-establish your legal F-1 student status.

Your passport: You must have a valid passport at all times. If your passport is going to expire soon, it is your responsibility to contact your local embassy or consulate to arrange for a new passport. (See the list of embassies provided in this notebook.) You must carry your passport whenever you travel outside of the U.S., even if you are just going to Canada or Mexico for the day. Be sure to mark your calendar to remind yourself to renew your passport.

Visa: Visas are used only at the airport or other port of entry into the U.S. when people seek to enter the country. It is not necessary to have a valid visa once you are in the country. The only time you need a visa is when you are seeking to enter the U.S. You may remain in the U.S. with an expired visa. However, if you are already in the U.S. and would like to travel outside the country, you then will need a valid visa to return to the U.S. (unless you are traveling to Canada, Mexico, or the Caribbean Islands). Currently, U.S. Consulates in many countries allow or encourage visa application by mail. Check embassy web pages at: travel.state.gov/links.html

If you are traveling outside the U.S. and will need a new visa to return, it is best to get a U.S. visa from the U.S. consulate in your home country. If this is not possible, you may also apply for a visa in another country. The closest U.S. consulates are in Canada and Mexico. However, if you apply for a visa in a third country (not your home country), and are denied, you will not be permitted to return to the US. You would be required to go home.

Your I-20: Your I-20 is an agreement between Long Beach City College, DHS and you that you will study at Long Beach City College full-time. (Full-time is 12 units per Fall and Spring semester, or more.) Your I-20 must be valid in order for you to maintain your F-1 student status. The I-20 indicates the period of time during which you have permission to study. It is your responsibility to contact the ISO at least two months in advance if your I-20 will expire and you wish to request an extension. Your I-20 also indicates your major. You must request a new I-20 from the ISO whenever you change your major. If you plan to transfer to a new school, you will need a new I-20 from your new school. Your I-20 must always show the name of the school you are attending.
Your I-94 Card: This is the most important document you have. The I-94 gives you permission to study in the U.S. It indicates your non-immigrant status (F-1) and the period of time during which you may remain in the U.S.: D/S. D/S stands for “Duration of Status”. This means that your status in the United States is legal as long as you have a valid I-20 from the school that you are attending, and you are completing a minimum of 12 units every fall and spring semester.

Remaining “In Status”: To remain in status, you must COMPLETE a minimum of 12 units every fall and spring semester. Students are not required to attend classes during the summer semester. Vacations or “leave of absence” in the United States is generally not permitted during the fall and spring semesters. If you become ill or have a personal emergency, or for any other reason feel that you will not be able to complete 12 units in a particular semester, you should see the FSA right away. She can often work with DHS to ensure that your F-1 status is maintained even though you are not completing 12 units in that semester. It is impossible to make such an arrangement after the course ends, so it is important that you contact the FSA once you realize that you may have a problem.

Out of Status: Students who fail to complete 12 units each semester, whose I-20s expire, or who do not comply with other DHS guidelines become “out of status”. These students are subject to deportation unless their status is “reinstated”. Students must visit the DHS/US-CIS office in Los Angeles to become reinstated. The process to become reinstated is time-consuming and costly, and reinstatement is not guaranteed. Students should avoid falling out of status, if possible. If you do need to request reinstatement, the FSA can help you to prepare the documents you will need.

Travel Outside the United States: If you travel outside the U.S., even for short trips to Canada or Mexico, you must carry your I-20 and I-94 with your current passport. You must also obtain the signature of the FSA or Designated School Official (DSO) on the back of your I-20 before you travel. Since the FSA/DSO is not always available, be sure to request her signature well in advance of your trip.

Transfer: F-1 students may transfer from one school to another at the same level of educational program. The transfer process will be handled between the schools and DHS/US-CIS approval is not necessary.

Permission to Work: Students with F-1 non-immigrant status may work on-campus on a part-time basis (20 hrs./week maximum) as long as you are enrolled in 12 units. There is no waiting period and permission from DHS/US-CIS is not required.

Curricular Practical Training may be authorized after one year of study at Long Beach City College if that training is an integral part of the student’s program. The course description must be clearly outlined in the college catalogue as requiring practical training to fulfill the requirements.

Optional Practical Training may be authorized after the student has completed an AA/AS degree or transfer program at Long Beach City College.

For details on any form of work authorization, please attend an OPT workshop.

B-1/B-2 Status: If your non-immigrant status is B-1, B-2 or something other than F-1 and you intend to complete a program of study at Long Beach City College, you must
change your status to F-1, non-immigrant student. The FSA can provide you with the proper documents. B-1/B-2 STUDENTS MAY NOT STUDY UNTIL THEY RECEIVE THEIR F1 STATUS.

**Leases and Contracts**

All leases and contracts are legally binding documents. If you sign a contract, you become bound by its provisions and you may be released from that contract only to the extent permitted by its contents. Therefore, it is highly recommended that you not only read, but that you thoroughly understand the various conditions of a contract before signing it. NEVER SIGN A DOCUMENT WITH BLANKS STILL UNFILLED. GET A COPY OF EVERY DOCUMENT THAT YOU SIGN.

It is common for you to be required to sign a lease or contract when you rent an apartment, or apply for gas, electricity, or telephone services. Remember to take a copy of the contract and keep it with you for reference. If you sign a six-month lease for an apartment, you are expected to live there and pay for all six months. If you break the lease and move to some other location, you will have to pay the moving expenses and the cost of reconnecting utilities, and you may have to pay for the unused portion of the lease as well.

**“Bad Check” Law**

Writing a check without adequate funds in your account is not only dishonest, it is also illegal. Most of the time, it results in a fine, but the law does permit a jail term as well. Therefore, it is important to keep your checkbook properly balanced.

**Shoplifting**

Shoplifting (i.e., taking something from a shop without paying for it) is a crime. A first-time offender usually has to pay a cash fine and receives a suspended jail term.

**Public Nuisance**

No person is allowed to disturb the peace and violate the personal privacy of others. It is against the law to be involved in public fighting, public drunkenness, or playing of unnecessarily loud music. The penalty for public nuisance depends on the severity of the effects on others. It could be just a cash fine or a fine and jail term.

**Automobiles and Driving**

A good auto driver recognizes that there are two basic components to safe and good driving: an alert driver (*Never drive when intoxicated! It could be fatal!* ) and a sound automobile.

It is also important to remember that there are other people driving vehicles on the road and everyone may not be alert or driving a sound automobile. A slight deficiency or negligence on the part of anyone can lead to disaster. To remain within the legal limits, make sure that:
-you have a valid California driver’s license;
-your automobile is in good driving condition;
-your automobile has valid license plates;
-you follow the instructions on the road;
-you have proper and valid insurance;
-you have the car registration with you;
-your registration sticker is valid.

Violation of any driving laws could mean cash fines, public service, suspension of your driver’s license, jail term, or a combination of any of these.

**Traffic Violations**: Even the most cautious drivers can do things which may be a violation of existing laws. Some of the most common violations include:

- **Speeding**: cash fines are imposed for the first two violations. A third speeding violation usually leads to suspension of the driver’s license.
- **Breaking the rules of instructional road signs**: (i.e., driving through a red light, failing to yield where instructed, failing to stop at a stop sign, etc.) Cash fines are usually imposed for such violations.
- **Inappropriate Parking**: (i.e., parking in a fire lane, parking in spaces marked “Handicapped” and other reserved spots.) Cash fines are usually imposed for such violations.
- **Expired license, license plate or insurance**: Cash fines are usually imposed for such violations.
- **Operating under the influence of alcohol or drugs**: Violators lose their driver’s license with a possible jail term and substantial cash fines.

Any of the above violations is subject to being ticketed by the police. If you do get a ticket:

1. Find out the reason for the ticket.
2. Pay the appropriate fine if indicated by the police BEFORE the due date.
3. Appear in the designated court if so advised by police.
4. Do not argue with the police.
5. Do not try to bribe the police.

If you get a ticket for any violation, make sure that you pay the fine BEFORE the court appearance date. If you wish to defend yourself in court, remember to appear in court on time. Otherwise, you will be penalized by the court for failing to appear. This usually means an additional cash fine.

**Parking Violations at Long Beach City College**

All Long Beach City College students who operate a vehicle are supposed to purchase a semester parking permit at the time of registration. Students are expected to abide by parking regulations. Those who violate these regulations are ticketed. Such violations include: parking in staff/faculty parking spaces, parking in handicapped spaces, parking in areas posted as “no parking” or parking along curbs that are painted
red. Tickets may be issued if you do not follow parking or driving regulations on campus.

Car Insurance

1. Liability insurance is required by law in California. All drivers must have liability insurance.
2. Full coverage insurance is recommended. This includes comprehensive, collision, uninsured motorists, towing, and other coverage.
3. The cost of auto insurance varies considerably. You are encouraged to call several companies (in the yellow pages of your phone book under “Insurance”) to compare prices.

Legal Tips

1. If you are arrested:
   • Do not resist arrest by a police officer, even if you feel you are innocent.
   • You have the right to remain silent.
   • You have the right to contact an attorney before answering any questions.
   • You do not need to consent to a search of your home, car or person unless the officer has a warrant.
   • Be calm, polite and cooperative, but firmly assert your rights.

2. If you have an accident:
   • If possible, do not move the vehicles.
   • Report the accident to the police immediately.
   • Get the name, address, phone number and insurance company of the other driver.
   • Do not admit fault or liability.
   • Contact your insurance company (driving without insurance is illegal.)
   • File your claim promptly with your insurance company.

3. Before you sign an apartment or rental house lease:
   • Get all promises in writing.
   • Inspect the apartment. Get a checklist and note all damages present in the dwelling.
   • Check with other tenants about the landlord’s reputation.
   • Check out policies concerning pets, parking, guests, gardening, etc.
   • Get a copy of any rules concerning tenants.
Rule #1: Register as a **full-time** student unless you have permission from the International Counselor to register on a part-time basis.

Rule #2: Register **no later than 30 days** after the program start date (new students); and each semester there after, no later than 30 days after the each next session start date (continuing students).

Rule #3: Enroll in **no more** than one (1) *Distance Education Course* each semester.

Rule #4: Keep all of your travel documents up-to-date and valid.

Rule #5: Apply for a program extension at least **30 days before your I-20 expires.** It is **not** possible to extend your stay after your I-20 expires. (If it is after 30 days, you will fall *Out of Status* and **“Reinstatement”** will be required.)

Rule #6: Have your I-20 signed at least **one week** before you leave the U.S.

Rule #7: **Do not** work without the proper authorization under the regulations at 8C.R.&214.2(f)(9) or &214.2(f)(10).

Rule #8: Per Homeland Security Regulations: Report a *change of address or personal information* to the International Office **within 10 days** of the change.

Rule #9: File federal income taxes every year you are in the U.S.

Rule #10: Notify our office *before* you leave Long Beach City College for any reason.

Rule #11: Report *stolen or lost documents* **immediately** to our office.

Rule #12: Contact our office first with any questions or concerns.

Rule #13: When you graduate, you **must** depart the U.S. **or enter** a higher institution **within 60 days.**

*(Failure to depart within 60 days is considered a violation of status, making the student removable/deportable by Homeland Security.)*

Rule #14: Health insurance is **required** at all times, and **must** be purchased from Long Beach City College.

Rule #15: Comply with the LBCC Standards of Conduct.

I have read, and I understand my responsibilities as a nonimmigrant F-1 student. I understand that if I fail to maintain my status or to comply with these regulations, I will lose my F-1 privileges, and could be deported from the U.S. I further authorize Long Beach City College to release to any federal or state agency of the United States, any information requested bearing on my status as a nonimmigrant student and my places of residence in the United States.
