COLLEGE PRIORITIES TO IMPLEMENT COLLEGE GOALS

2008-2009

The College Planning Committee submits to the Budget Advisory Committee the following list of college priorities that are intended to inform decision-making and resource allocation for the 2008-09 year. The ordering of these priorities does not imply that any one priority is of greater or lesser importance than another, as the committee agrees that all of the goals are of equal importance.

LEARNING
- Continue to support the LBCC Student Success Plan
- Continue to support Student Learning Outcomes/Assessment
- Continue efforts to establish a “culture of transfer” in support of improving transfer success
- Continue to evaluate the vocational/career tech programs to ensure their relevance and viability in the economy and to exercise flexibility to adapt to changes in the needs of the community.

EQUITY
- Continue examination of student access, retention and success in terms of equity
- Support the Staff Equity Plan

TEAMWORK/ORGANIZATIONAL DEVELOPMENT
- Continue to institutionalize the Enrollment Management Plan
- Support the development and implementation of a 16-week calendar
- Support organizational development including development of a new program planning and review process
- Streamline business practices to optimize the use of human resources
- Support the college’s Professional Development Program

INFRASTRUCTURE
- Continue to support implementation of the Technology Plan
- Continue to support implementation of the Facilities Master Plan
- Continue to support implementation of the Emergency Preparedness Plan
