

## Student Success Committee

**Charge:** The Student Success Committee will meet routinely to support the basic skills and student success efforts of the college, which may include, but are not limited to, the following:

- Develop and recommend a mission statement for the basic skills agenda based on institutional goals
- Provide input for development of administrative leadership responsibilities supporting the basic skills agenda
- Continue to develop, review, and evaluate the basic skills plan
- Recommend criteria for institutionalizing innovative and effective programs
- Provide ongoing recommendations about basic skills improvement efforts
- Publicize recommendations to other shared governance bodies on campus
- Promote the basic skills plan throughout the institution
- Recommend priorities for the basic skills/student success agenda
- Collaborate with other established groups, committees, taskforces and programs to share information and minimize duplication of efforts

The Student Success Committee will report to the College Planning Committee.
