It has been proven that a student is more likely to succeed if he/she is involved with the campus environment and aware of the available student support services. Students may participate in the orientation program by completing one of the following options: 1) attend the orientation workshop, 2) complete the orientation on-line or 3) enroll and complete the Orientation for College Success course (Counseling 1).

Option 1 - Orientation Workshop

The 1 1/2 hour workshop is designed to orient students to the college environment and review their assessment test results and course recommendations. The workshop is led by a counselor and student orientation peer advisor. The workshop provides students with an overview of Long Beach City College resources and student services, academic expectations and students' rights and responsibilities. Students will learn how to develop a one semester educational plan at the end of the workshop. Students can sign up for the orientation workshop at the end of the assessment test or call the LBCC Orientation Program at (562) 938-4963

Option 2 - On-line Orientation
