STUDENT TRUSTEE
Natalie Dominguez: Good evening members of the Board of Trustees, Superintendent-President Kehoe, college administrators, and members of the audience.

The Long Beach City College Women’s Water Polo Team continues their domination with an overall record of 25 victories to one loss. The Lady Vikings are undefeated in conference with a (9-0) record and recently beat Chaffey College to become conference champions. The women’s team is currently ranked number one in the state. The LBCC Lady Vikings will go on to compete at regionals and hopefully state competitions next week. Good Luck Ladies!

The Outstanding LBCC Women’s Soccer Team concludes their regular season with an overall record of (17-0) and are still currently ranked number one in the nation. The Lady Vikings won conference and finished with a record of (12-0). For the first time in LBCC history the Women’s Soccer Team went untied and undefeated in conference games. The soccer team did not allow one goal to be scored at any conference game. The Lady Vikings will go on to compete at regional and state competitions. I’d like to congratulate the women’s team and wish them well on their upcoming games.
The Student Senate will host an Entrepreneur Day Event at the Liberal Arts Campus tomorrow from 9 a.m. to 4 p.m. This event will grant students, staff, and faculty an opportunity to sell various types of items on campus as long as they are appropriate.

The Associated Men Students will be hosting a special screening and discussion of “Two Towns of Jasper,” a documentary about the murder of James Byrd, Jr., by a group of three men who chained him to a truck and dragged him to his death. The documentary was filmed by two film crews and discusses the aftermath of the murder. The film will be played in the Nordic Lounge at the Liberal Arts Campus from 5:30-9 p.m. and, due to the graphic nature of the film, the AMS asks that those in attendance be at least 18 years of age.

The Associated Women Students in collaboration with the Student Health & Psychological Services and the Women & Men’s Resource Center will be hosting “Coping with the Holidaze,” a forum that will help students cope with the pressures of the holiday season. The forum will be held on November 12th from 11 a.m. to 1 p.m. at LAC and on November 13th from 12-2 p.m. at PCC.

The OLE or On-Line Experience is now ready to for use. LBCC Students will now be able to register for classes for spring 2004 online. Last week letters went out to students which contained their student pin numbers assigned registration dates. The schedule of classes will be available tomorrow at both campuses and at seven-eleven stores in the area. The online system will allow more students to register for classes at one time. I’d like to remind students to register at their assigned times to avoid having to wait in lines during alternate registration times.

President McNinch: An excellent report. What you’ve done, not only have you given us a great report, knowing that this meeting will be televised three times, you’ve provided a fabulous public service for our students and for those wishing to come and register here. Thank you so very much.

PUBLIC COMMENTS ON AGENDA ITEMS
President McNinch: At their request, members of the public may address the Board of Trustees on any item prior to or during the Board’s consideration of that item. Member Uranga: I’m guessing we’re balanced.

Eloy Oakley: We are balanced. Essentially, this takes the budget that the Board approved and translates it into the State Chancellor’s format and then we have to send this to the State Chancellor in their format and you have to take action on this, as well. So it’s the same budget as you approved previously, and that is a balanced budget. Yes.

Approval of Purchase Agreement for 3340 North Los Coyotes Diagonal, Long Beach, California

Eloy Oakley: This is a piece of property that we’ve been negotiating on over the last 14 months and this property, in conjunction with the neighboring property at 3320, we’ve been negotiating with the two owners of the property. They are on one plot of land. It is a seven acre plot of land out on the corner of Los Coyotes Diagonal and Palo Verde. Currently, it was the Northwest Airlines Call Center, as well as on the other piece of property – 3320 – there are two medical office buildings.

The action before you tonight is for the property at 3340 North Los Coyotes Diagonal. As I had mentioned, there are two separate owners and because of the timing of the transaction, the property at 3340 North Los Coyotes Diagonal had to go first. The property at 3320 North Los Coyotes, as well as its neighboring property, 3325 Palo Verde, will come to the Board on December 9, although we have agreed with the owner of the other two properties in terms of the price and terms. Essentially, as is described in the Board agenda in the background, back in December of 2000, we issued a Certificate of Participation in the amount of $34.3 million. We have used that Certificate of Participation for various capital projects, reimbursement of various capital projects, and we have determined that we can use that financing to also purchase real estate. The reason we are proposing this to you today is because this property would provide us the opportunity to move our existing Economic Development operation out of its leased space. It currently leases space in the Wing office building. Transfer that operation to this property as well as once the entire transaction is completed, it would include two almost 100% leased commercial office buildings, which currently house dental and medical operations. Those tenant leases would allow us to pay the debt service on the financing that we’re using to finance this transaction, so there would be no cost to the District’s General Fund for the transaction of this property. Just to make clear, we do have the Certificate of Participation. It can only be used for capital projects to include the purchase of real estate. It will not impact the General Fund. We will not use any General Fund dollars to purchase this property and the debt service on that financing will be paid back throughout the twenty-plus years by using the lease payments from the tenants in the other two office buildings going forward.

President McNinch: Excellent. Thank you.

Member Clark: Eloy, you've mentioned to us that the purchase of this would only be contingent on the availability of the property?
Vice President Oakley: Correct.

Member Clark: So we'll have the complete package. And, with the purchase of this, in essence, this property has the same protection as far as all the insurance and liabilities insurance that we have here on our other campuses?

Vice President Oakley: Yes. Our memorandum of coverage covers any property owned by the District, regardless of when we came into ownership of the property. It would automatically cover it as soon as we became owners.

Member Clark: And you've indicated to us by studies that we have looked at that property and there are no serious liabilities that have been determined as far as toxic waste or anything of that sort. I think that should be made clear.

Vice President Oakley: Yes, that's right, Trustee Clark. We have done a complete building assessment. An architect and engineering firm did a complete building assessment to give us an idea of the structural integrity of the building, the infrastructure and all those issues. We feel that it is still a sound property. We have done general environmental analysis of the property to ensure that there are no unknown environmental risks going into the property. We also had an appraisal done of the entire property and I'm happy to report that for the property we're purchasing today, we offered the appraisal price so we are buying it for the appraisal price. The other property was appraised at $4.9 million and that property we have agreed to price and terms of $4.6 million, which is $300,000 less than the appraised value.

Member Clark: Thank you.

Vice President Kellogg: Thank you. I just wanted, before the vote, to, it was suggested by legal counsel that I could vote on this item because I'm not involved in this transaction. Nonetheless, I am involved in commercial real estate. I do know the parties involved, so I've removed myself from discussion on this with my colleagues. I just think it would be prudent that I do not vote on it, so I'll be abstaining for that reason. I just wanted to make that statement. Thank you.

President McNinch: Thank you. I think your prudence is recognized.

It was moved by Member Clark, seconded by Member Uranga, that the Board of Trustees approve the purchase agreement for property at 3340 North Los Coyotes Diagonal in Long Beach, California, for a purchase price of $4,450,000. Closing of escrow is contingent on terms of the purchase agreement being met by December 14, 2003.

The motion carried, with Members Clark, McNinch, Polsky and Uranga, voting aye, and Member Kellogg abstaining.

Lynne Miller and Paul Creason gave the following Powerpoint presentation:

Member Clark: How many disabled students do we have?

Paul Creason: I'd have to refer to Dr. Byrd on that. I don't know.

Member Clark: I'd be curious. Just a ballpark figure?

Vice President Byrd: I think it's about 1600, but I'd have to get the exact number.

Member Clark: So it's a sizable number of students. Ok, thank you.

Paul Creason: Just very quickly, outside funds have supported radio/television programs, journalism programs, fashion, child development and many others and we're really excited about what we do with workforce development and our connections with business and industry. And I believe that's it. Thank you very much.

President McNinch: Thank you. One of the outstanding strengths of the Long Beach Community College District is collaboration. And I have been President of the Dr. Miller fan club for a number of years and I'd like to also be President of your fan club too, Paul, if that would be ok. I'd like to comment that collaboration really is the best use of taxpayer funds, because it decreases redundancy of programs and it provides such a richness of opportunity to our students by bringing in agencies that we may not partner with if it wasn't for this sort of collaboration. You're really doing good work. Thank you so very much. (applause)

Los Angeles County 17th Annual Productivity and Quality Award
Gail Schwandner: Speaking of collaboration, President McNinch, I'd like to build on what you were talking about. I would like to introduce Mr. Greg Warren, who is going to do a special presentation to the Board from our Workforce Development area.

Greg Warren: Thank you, Gail. Good evening.

President McNinch: Could you move the microphone a little closer to you, please?

Greg Warren: Yes, ma'am.

President McNinch: Thank you.

Greg Warren: Superintendent Kehoe, President McNinch, Board of Trustees. Thank you and good evening. I feel like I am expanding on the collaboration efforts that we have made in workforce development programs. My name is Greg Warren and I'm the Employment Coordinator for the Economic and Resource Development Department. Tonight, I'm here on behalf of Dr. Jim Martois, who is the Dean of our Workforce Development Programs. Recently, one of our short-term training programs has been recognized by Los Angeles County for the savings that we have brought for a Room Attendant training program, where we have partnered with the GAIN program, Department of Public Social Services, as well as the Carson Hilton, and through our workforce development programs have been able to pay for that training, which, in the red folder, yes, there's a handout that describes the training, yes, including the cost savings estimated by the County to be over $3.5 million. The Workforce Development Department has spent about $8,400 and, according to L. A. County estimates, has saved over $3.5 million, based on cash and other benefit savings. So, with that information, we were honored recently at the 17th Annual Productivity and Quality Awards Program, with the Million Dollar Club and traditional award also that I wanted to bring tonight to the Board and I had the pleasure of being there with President McNinch and let me bring these to you.

President McNinch: Well, thank you. I would like to actually have them presented to Dr. Kehoe, if that's all right. Because she is our CEO.

Greg Warren: The traditional award is recognition of the quality of the program and because of the significant savings we also qualified for the million dollar club, which is this additional award.

Superintendent-President Kehoe: Thank you very much. These are lovely.

Greg Warren: Well, we're very proud. Thank you.

President McNinch: And thank you for your continued good work.

(applause)

Greg Warren: Thank you for all your support.
President McNinch: And I do believe, during that lunch perhaps an additional collaboration was hatched. So we'll perhaps receive even greater recognition by our County Superintendent.

TRUSTEES COMMUNICATIONS
Member Uranga: I just want to inform the Board that we have our upcoming conference in Oakland next week, the 20th and 21st. Wish you well. I will be unable to join you during that conference. But, have a good conference.

Vice President Kellogg: Just my thanks for Roberto, Tom - we were at the North Long Beach Veterans Parade this past Saturday and today being the official holiday. It was nice, the typical huge parade in North Long Beach as far as numbers and it was enjoyable. It's always nice to be part of that. Eventually we'll move up to the first half of the parade. It's a running gag now, where we seem to sit, but, as I always say, we're no longer behind the food-for-less truck. We're farther up now. It doesn't really matter. We look at that for what the parade was about and that was for the individuals who gave the ultimate sacrifice.

Member Clark: And this year it didn't rain.

Vice President Kellogg: And it didn't rain this year. Last year it did rain. But, anyway, it's always nice, the fact that the college is well represented there and I think that's important so I was very pleased to be part of that. Thank you.

President McNinch: I would like to say that since our last meeting, I did get called out on Red Cross duty for the Southern California wildfires. I would just like to say that so many of our community college districts were affected by this. Staff, students, in Southern California, 3,700 homes were lost and millions and millions of dollars. If you have the opportunity to drive through the Simi Valley, through San Bernardino, through San Diego County, you become very aware of how very lucky we are and in Cuyamaca, 90% of their town was destroyed. It's a small town and six firefighters' homes were destroyed because they were out taking care of the property of others. I just wanted to bring that up, that we need to be very aware of how fortunate we are and to perhaps at the conference see if there are ways that we can be supportive of our fellow community college colleagues that have experienced this tremendous difficulty.

FUTURE REPORTS
Future Reports or Discussion Items Requested by Board Members:
December 9, 2003: Two-College District Committee Report
Impact of State Budget Cuts on LBCC Students
Superintendent-President Kehoe: Madam President. We would like to get the figures from this semester together and would like to have that report after the first of the year?

President McNinch: I think that would be an excellent idea, because, with the budget cuts, heavens to betsy, we still don't know what's going on.

Before I go to Public Comments on Non-Agenda Items, I do want you to know that, after this meeting is concluded, we will convene the Annual Meeting of the Long Beach Community College District Financing Corporation.

PUBLIC COMMENTS (NON-AGENDA ITEMS)
President McNinch: At their request, members of the public will be given the opportunity to address the Board of Trustees on matters of general District business. This is the time for members of the public to speak and be heard and share their comments with the Board and for the Board to listen. Therefore, the public should not expect the Board to comment or respond to public comments. A particular position should not be inferred if there are no Board member comments during this time.

A total of five (5) minutes will be allotted to each subject, unless extended by the Board President. After receiving testimony, the Board may recommend placing such item or item(s) on the agenda of a future meeting or referring the item(s) to staff for a report.

Robert Castellanos: Good evening President McNinch and Honorable Board of Trustees. My name is Robert Castellanos. I’m compelled to bring information to this board of injustices that have gone on too long without being addressed by this college. On September 3rd and 4th, 2003, the students of this college went to the polls and voiced their choice for several positions open on the Associated Student Body Board. The student voices were apparently heard, with the exception of the position of Vice President. The vote and the voices of the students were ignored and contaminated to meet the needs of others in charge of the election.

I was one of the candidates vying for the position of Vice President, and after following all of the rules of this election, the election committee took to a secret private meeting Sept 5th, approximately 20 hours after the election had been completed and accused me of violating the rule of going over budget on expense limits. With this accusation they must have made a new rule during this meeting to disqualify me for this violation. In the rules I received, during the mandatory meeting with elections chair, Angel Ortega, there are no provisions for disqualification; furthermore, when looking into the ASB Constitution of this college one will not find any said provision. Rule number 4 covers over limit of expense, and says, “If candidates exceed advertising limits, after warning, all materials will be removed.” When I received this rule, as well as the rest of the rules for the September 2003 election, I signed a form of contract that limits only these rules be followed for this election. Rule 8 of the same contract it brings up items not covered on an expense sheet. It says, “Any item not covered on the report of election advertising expenses must be explained in detail to the election committee chair. Price will be established according to fair market value. Receipts for all items are mandatory and must be submitted.”
This brings up another state of affairs that has not been talked about much by the election committee, ASB President Edwin Balonos, and John Fylpaa. On the first day of the election I received a call from Balonos, and was advised I was going to be disqualified because I had not turned in my receipts at the required time of 4 p.m. on the 2nd of September. I advised Balonos, there was no time restraint as to when the receipts were due. There is no deadline for receipts in the contract I have signed for this election. After several other students had taken up this issue with Balonos and Ortega, there was a meeting set to discuss this charge. The time of this meeting was set for 7 p.m. on September 4th at the Liberal Arts Campus. When this time came Balonos and Ortega had called off this meeting saying there was no room to hold a meeting. This was also the last time the charge of violating the “unwritten” receipt time limit was brought up. The reason I bring this issue before you is because I have filed complaints with the proper staff of this college and have met with hesitation and discrimination. Because I have made complaints to this college I have received discriminative charges and actions brought against me. I feel this is because I refuse to let the voice of the students go unheard and because I feel the ASB president, Election Committee Chair, and Dr. Fylpaa have wronged the students of Long Beach City College as well its reputation. On the 4th of September at 11:37 I talked on my cell phone with Dr. Fylpaa. Shortly after I met with him in his office, I told Fylpaa I felt there were some unethical actions being taken by Balonos and Ortega in regards to the election. What I took away from this meeting was that Fylpaa was not going to interfere, or investigate any actions I had brought to him. All I remember him say was something suggesting it is a student issue and he has nothing to do with it. From that point I felt the Dean of Student Affairs wanted no affair with the students.

Rule number 12 states “Any problems or protest must be filed with the election committee chair immediately, not after the election.” When you have a contract it is duty-bound between all parties, and must not be used to set the standard of justice in the favor of the people running the election, but in the favor of the voice of the people voting in the election. The end result of this election has been the one person and or one hundred persons who may have cast their vote to my name, have been victimized in the vilest demeanor. They have had their vote tossed aside - not counted. The ASB President, Election Committee, and Dean of Student Affairs has told them, you are not worth the paper you cast your vote upon. So we will not count you, we will change the rule and not count your candidate. We will run our college our way and no one can, will or is strong enough to make us follow any contract. I hope you are strong enough to look into these actions. Each day these actions go unchecked, adds to the great wrong that has been put upon the students of Long Beach City College; even the students who chose not to vote are victims, as these actions solidify the old adage “My vote don’t matter.” Because here at Long Beach City College the adage is proven to be true as long as we go on believing the election of September 2003 was valid and non-corrupt.

In closing, I ask this Board to stop all business of the ASB, ASBE, and ASB Election Committee until this issue is resolved and the votes of all students who voted September 3rd and 4th, 2003, are counted and the ASB cabinet be proven valid. Due to the changing of the rules after the election, a new election is ordered due to breach of contract. And all candidates from the September 3rd and 4th 2003, are allowed to run. And a special
committee oversees the new election. Because the students have no guarantee the count of vote for all other offices are valid, due to the obvious deceitfulness that has taken place.

Thank you for your time and thank you for bearing with my nerves.

President McNinch: Thank you, Mr. Castellanos.

John Fylpaa: I do just want to respond that Mr. Castellanos is correct. This is a student to student issue and he should address this with the ASB Cabinet. Since my name was brought into this, I just want to reassure this Board that my office remains open to students and I will support them. This has been my direction to Mr. Castellanos. I invite him back to my office at any time to discuss this with me and I just want to reassure this Board that this Dean of Student Affairs will represent students.

President McNinch: Thank you Dr. Fylpaa.

ADJOURNMENT
President McNinch adjourned the meeting at 6:05 p.m. The next regular meeting of the Board of Trustees will be held on December 9, 2003.
