Additional Program Information

Due to the rigorous and competitive audition requirement of all university music programs, music students planning to transfer to the university should be willing to spend additional time in preparation for this essential component of their music career. Additional courses may be advisable.

An extended residence at LBCC may be advisable for any of the following reasons:

- a.) Weakness in piano or performance area of concentration
- b.) English or mathematics limitations
- c.) Entrance requirements at school of transfer
- d.) Personal considerations such as employment or elective courses

NOTE: Enrollment in a performance organization is required each semester, and entrance into the ensemble is by audition. Wind and Percussion majors are required to enroll in MUSIC 46AD (College Symphonic Band), String majors are required to enroll in MUSIC 14AD (Orchestra), Voice Majors are required to enroll in MUSIC 11AD (College Chorale) or MUSIC 20AD (Evening College Choir), based on their audition. Piano and Guitar majors are required to enroll in one of these four ensembles, but can choose based on prior musical experience, and in consultation with the director.

Music students with no previous keyboard study should plan to take as many semesters of piano as possible in order to be assured of meeting entrance requirements at the college of transfer. Four semesters are recommended.

Career Opportunities

The goals of the Associate Degree are academic transfer to a university and preparation for audition into a university music program. There are a number of curricular components that are needed to achieve these goals: theory, musicianship, piano, and the applied performance program. The ultimate career goals for the AA in Music would be to receive a bachelor's degree in music performance, education, composition, or musicology (theory or history). This would prepare one for a teaching or performance career and/or admission to a graduate program.

Program Mission and Outcomes

Academic music is a transfer program that offers an AA in Music, and is designed to provide students with technique and repertoire for a successful entrance audition, and the coursework necessary to meet proficiency exam requirements at a transfer institution.

- Students will achieve Sophomore proficiency ranking in performance repertoire and technique
- Students will achieve Sophomore proficiency level in theory, musicianship, and piano placement exams.
