

All students are classified as either a resident of the State of California or non-resident when applying for admission. The residency status determines whether students will be charged non-resident tuition and capital outlay in addition to enrollment fees.

Under California law, a person who is married or 18 years of age or older, may establish CA residency if the person:

1. Is a U.S. citizen or is under an INS status that allows them to establish domicile **And**
2. Has lived in California continuously for at least one year and one day before the semester begins **And**
3. Can prove that they intend to make California his/her permanent home with concurrent relinquishment of the prior legal residence.

Status types under which a person may establish residency:

U.S. citizen, Refugee, Asylum, Permanent Resident, Temporary Protected Status, individuals approved under the Deferred Action for Childhood Arrivals (DACA) program, certain non-immigrant visas: A1-3, E1-3, G1-5, H1B/C, H4 (if spouse or child of H-1B or H-1C), I, K1-4, L1A/B-2, N8-9, NATO1-7, O1, O3(spouse or child of O-1), R1-2, T1-5, TPS, U1-4, V1-3.
