

LONG BEACH COMMUNITY COLLEGE DISTRICT
DISTANCE EDUCATION ADDENDUM TO A NEW/EXISTING CLASS

Any course that has a distance education learning experience component must be separately reviewed and approved by the Curriculum Committee to ensure compliance with ACCJC Standards, ACCJC's Policy on Distance Education, and Title 5. Title 5 regulations define distance learning as instruction in which the instructor and student are separated by distance and interact through the assistance of technology. Title 5 regulations require that the Curriculum Committee solicit the following information as an addendum to the official course outline of record and consider it in approving a course to be offered as a distance learning experience. The department must provide complete, detailed, and numbered answers with specific illustrations to the following questions. The local curriculum review process for distance learning course proposals includes guidelines to assure an equivalent educational experience for students. The existing course outline is the basis for the distance learning proposal.
