Curriculum Guide for Academic Year 2021-2022

Table of Contents

Program Admission Requirements , p. 1
Associate in Science Degree, p. 2
Recommended, but not required, classes, p. 3
Certificate of Achievement, p. 4
 Electrical Apprenticeship Preparation, p. 4
Certificates of Completion, p. 4
 Automotive Quick Service, p. 4
 Automotive Quick Service, p. 4
Career Opportunities, p. 5
Program Mission and Outcomes, p. 5
Legend, p. 5

Students planning to **transfer** to a four-year college or university should refer to the ASSIST web site at <http://www.assist.org> and **consult a counselor** before beginning a program of study. Please call 562-938-4561 for the LAC, or (562) 938-3920 for PCC to schedule a meeting with a counselor. Students may also wish to visit the Transfer Center on either campus.

Program Admission Requirements

Students are required to complete the following *Registration Steps* for admission into the Electrical Technology Program:
For online links to the steps below and a current list of all Electrical Department Orientation dates go to

<http://www.lbcc.edu/Electrical>

Registration Steps:

1. Make sure you have a valid email address.
2. Every student is required to have a student ID before they can register in classes. This process can take place at any time. Apply to LBCC at Admissions and Records. <http://www.lbcc.edu/Admissions/>
3. The following day after you complete your application, you will receive an e-mail from Enrollment Services with your LBCC Student ID# and instructions on how to obtain your password.
4. All students are required to complete the Assessment and Orientation process before they will be allowed to register for any classes. Visit the Assessment and Orientation Page. <http://www.lbcc.edu/Assessment/>
5. Sign up for assessment and orientation at Assessment and Orientation Signup and complete both processes. This is a onetime process.
6. Sign up online for the Electrical Program Orientation Session. New students must attend one. See the list of dates and sign up information on the department website at <http://www.lbcc.edu/Electrical>
7. Attend the Electrical Department Orientation Meeting.
8. To register for any electrical courses you must attend an Electrical Program Orientation Meeting
 Notice: Students enrolled in the Sheet Metal or other non-electrical trade programs who would like to enroll in Elect 202 do not need to attend an Electrical Orientation. Please refer to the Electrical Program website for additional information <http://www.lbcc.edu/Electrical>
9. Register for electrical classes after attending the orientation meeting.

ELECTRICAL ORIENTATION:

At the Electrical Orientation, students will be provided with

- An overview of the program
-
- Program Safety Requirements and Expectations
 - Description of the classes and recommended course sequence
 - Requirements for the certificate and degree
 - Assistance in selecting the appropriate electrical math classes.

- Course substitution process for any electrical or math classes completed at other regionally accredited institutions.

At the orientation meeting, all students will be required to complete a 50 question on-line electrical math test. Students should bring a calculator for use during the test.

Any student who has completed a college math class should bring an unofficial transcript from a regionally accredited institution of that class for evaluation at the orientation meeting.

Any student, who has completed electrical classes elsewhere, should bring an unofficial transcript from a regionally accredited institution for evaluation at the orientation meeting.

Checklist for the Electrical Orientation Session

- Arrive 15 minutes prior to the start time. A one-day parking permit is required on campus. There is no off campus parking or metered parking. There are permit dispensers in the parking lots. See the campus map for the location of the permit dispensers.
- Bring your student ID number.
- Bring a copy of unofficial transcripts for any college math class from a regionally accredited institution.
- Bring a copy of unofficial transcripts for any college electrical classes from a regionally accredited institution.
- Bring a working calculator.

ADDITIONAL ELECTRICAL DEPARTMENT REQUIREMENTS:

1. To accommodate changes in employment, students will be allowed to switch from day or evening programs with instructor and Department Head approvals. Switching between day and night programs can be accommodated between semesters.
2. This program recommends a minimum qualification from the assessment testing for ENGL 801A and READ 881.
3. Electrical Code Classes are not to be taken prior to completion of ELECT 204 or ELECT 200A.
4. A valid CPR card or concurrent registration in a CPR class is suggested while enrolled in Electricity courses.

NOTE: The following sequence of classes is the order recommended for students. The length of time to complete the program will depend upon how many classes the student takes each semester. Electives may be taken anywhere in the sequence as long as the prerequisite for the course have been met.

Program of study leading to: Associate in Science (A.S.) Degree			
Required Courses:		Units	In Progress Completed Grade
ELECT 202	Electrical Mathematics	3	
ELECT 253	OSHA Standards for Construction Safety	2	
† ELECT 204	First Semester Fundamentals of DC Electricity	4	
† ELECT 225	Algebra & Trigonometry for Technicians	4	
† ELECT 209	Second Semester Fund of Motors/Generators	4	
† ELECT 240	Introduction to the National Electrical Code	3	
† ELECT 212	Third Sem. Fund of AC Electricity	4	
† ELECT 435A	Motor Control Wiring and Troubleshooting	2	
† ELECT 214	Fourth Semester AC Principles & Pract	4	
† ELECT 245	Electrical Code – Commercial	3	
† ELECT 250	Electrical Code – Industrial	3	
† ELECT 242	Electrical Code – Grounding	1.5	
Subtotal Units		37.5	
IN ADDITION, complete SEVEN (7) units from the following courses:			
CISCO 250	Communications Cabling Installation	2	
CISCO 251	Introduction to Networking	2	
† CISCO 252	Routing and Switching Essentials	2	
† CISCO 253	Scaling Networks	2	
† CISCO 254	Connecting Networks	2	
ELECT 41	Technical Applications of Minicomputers	2	
† ELECT 227	Variable Speed Drive Fundamentals	2	
ELECT 230A	Robotics Technology – Design	2	

	ELECT 230B	Robotics Technology – Integration	2		
†	ELECT 262	Solar 1 – Grid-Tied Solar Photovoltaics	3		
†	ELECT 263	Solar 2 – Advanced Solar Photovoltaics	3		
	ELECT 271	Electrical Cost Estimating 1	3		
	ELECT 275	Electrical Pipe Bending	1		
†	ELECT 277	Blueprint Reading for Electricians	3		
	ELECT 280	Traffic Signals Systems 1	3		
†	ELECT 284	Traffic Signal Controllers & Digital Systems	3		
†	ELECT 435B	Programmable Logic Controllers (PLC) 1)	2		
		Subtotal Units	7		
		TOTAL UNITS	44.5		

For graduation with an **Associate in Science (A.S.) Degree with a major in Electrical Technology:**

- Minimum Unit Requirements:** §Any course that appears on a curriculum guide and the General Education Pattern (Plan A) may fulfill both major and general education requirements (Approved by College Curriculum Committee Spring 2012). For this degree, complete a minimum of 60 units in courses numbered 1-599. Please note that additional elective units may be required to meet this minimum based upon courses selected to fulfill General Education for the Associate Degree

ELECT Certified Network Installation Associate 44.5 Units
General Education § 19 Units

- Scholarship:** Maintain an **overall grade point average (GPA) of 2.0** (“C” average) based on all accredited college work applied to the degree, no matter where completed. For this **field of concentration, complete each course above with a grade of “C” or better**, or “P” if course is graded on a P/NP basis.
- Residence for the Degree:** Complete at least 12 semester units of the required 60 semester units in residence at Long Beach City College in order for the college to grant an Associate of Arts and/or an Associate of Science Degree.
- Residence for the Field of Concentration:** Complete fifty percent (50%) or more of the unit requirements for this field of concentration in residence; this means at **least 22.25 units** of the required 44.5 units. Credit earned by exam, where applicable, may be included.
- General Education and Proficiency Requirements:** Complete the required A.A./A.S. General Education and Proficiency requirements*, otherwise known as “Plan A”. For Plan A requirements, refer to the general catalog or view it online at <http://osca.lbcc.edu> .
- Complete and submit the degree application form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office, or online at <http://admissions.lbcc.edu/> . Refer to the Schedule of Classes (<http://schedule.lbcc.edu>) and click the “Important Dates” link to view the actual deadline for each semester.

*The requirements for general education/proficiency and the field of concentration (major) need to be from the same catalog year. This catalog year may be any year between the year of initial enrollment to the present, provided continuous enrollment is maintained throughout. See the catalog for definition of "continuous enrollment".

both the **Associate in Arts** and the **Certificate of Achievement**, the following courses are recommended, **BUT ARE NOT REQUIRED** to earn either.

RECOMMENDED but not required courses:

LEARN 11	Learning & Academic Strategies	2		
ELECT 41	Technical Applications of Minicomputers	2		

Other Program Information

Any elective class on this curriculum guide may be used to satisfy elective credits for any prior year curriculum guide. Math courses listed under the General Education Pattern for CSU Transfers (Plan B) will be accepted as a substitute for the field of concentration courses in the event the college cancels or does not offer classes required by the field of concentration. To qualify for this option this student must have been continuously enrolled as defined by college policy, as shown in the catalog

**Program of study leading to:
Certificate of Achievement**

REQUIRED COURSES—Complete the 44.5 units of required courses as listed in the Associate Degree requirements box on the preceding pages.

<u>REQUIRED COURSES</u>		In Progress	Completed
TOTAL UNITS	44.5		

For graduation with an **Electrical Technology Certificate of Achievement**:

1. Complete each of the **REQUIRED COURSES** listed above with a **minimum grade of "C"** or better, or P if the course is grade on a P/NP basis.
2. Complete fifty percent (50%) or more of the unit requirements for this field of concentration in residence; this means at **least 22.25 units** of the required 44.5 must be **completed at Long Beach City College**. Credit earned by exam, where applicable, may be included.
3. Complete and submit the certificate application form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office, or online at <http://admissions.lbcc.edu/> . Refer to the Schedule of Classes (<http://schedule.lbcc.edu>) and click the "Important Dates" link to view the actual deadline for each semester

**Program of study leading to:
Electrical Apprenticeship Preparation Certificate of Achievement 3954**

Electrical Apprenticeship Preparation Required Major Coursework:			Units	In Progress	Completed Grade
†	ELECT 225	Algebra & Trigonometry for Technicians	4		
	ELECT 253	OSHA Standards for Construction Safety	2		
†	ELECT 204	First Semester Fundamentals of DC Electricity	4		
†	ELECT 275	Electrical Pipe Bending	1		
†	ELECT 240	Introduction to the National Electrical Code	3		
	TOTAL UNITS		14		

For graduation with a **Electrical Apprenticeship Preparation Certificate of Achievement**:

1. Complete each of the **REQUIRED COURSES** listed above with a **minimum grade of "C"**.
2. Complete fifty percent (50%) or more of the unit requirements for this field of concentration in residence; this means at **least 7 units** of the required 14 must be **completed at Long Beach City College**. Credit earned by exam, where applicable, may be included.

Complete and submit the certificate application form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office, or online at <http://admissions.lbcc.edu/> . Refer to the Schedule of Classes (<http://schedule.lbcc.edu>) and click the "Important Dates" link to view the actual deadline for each semester.

**Program of study leading to:
Certificates of Completion**

Certificate: Electrical Program Preparation 4955

<u>REQUIRED COURSES</u>		HOURS	In Progress	Completed Grade
ELECT 600	Introduction to Automotive Technology	90		
ELECT 601	Automotive Lubrication Service	54		
ELECT 602	Automotive Tire Service	54		
	TOTAL HOURS	198		

Certificate: IPC-620 Wire Harness Assembly and Inspection 4956

REQUIRED COURSES		HOURS	In Progress	Completed Grade
ELECT 620A	Electric Cable Termination IPC-620	72		
ELECT 620B	Electric Cable Inspection IPC -620C	36		
TOTAL HOURS		108		

Complete and submit the certificate application form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office, or online at <http://admissions.lbcc.edu/> . Refer to the Schedule of Classes (<http://schedule.lbcc.edu>) and click the "Important Dates" link to view the actual deadline for each semester.

Career Opportunities

Students prepare for entry-level employment in numerous electrical and electrically related trades. Upon completion of the Electrical Technology program, the student will be able to install, maintain, and repair electrical equipment and systems in a safe and workman-like manner. The California Contractor's License requirements recognize the courses listed below as partial fulfillment of the experience requirements. This program also meets the standards set by the California Department of Apprenticeship Standards towards the current California Electrician Certification testing. Once a student has completed the program, that student will be allowed to register to take the Electrician's Certification Exam.

California Division of Apprenticeship Standards Approved School: #101

Program Mission, Outcomes and Student Learning Outcomes

The mission of the Electrical Department is to educate its students in all areas of Industrial Electrical Technology in response to the needs of industry National Electrical Code standards.

Outcomes (A.S and Certificate of Achievement):

- Analyze different types of power distribution systems and apply these systems in a design environment.
- Design commercial building blueprint design project applying motor, transformer, power distribution; short-circuit calculations, and lighting systems meeting all the requirements of the National Electrical Code.
- Design and evaluate control system programs for the operation of automation systems, including timing, counting, sequential and process control operations.

Outcomes (Electrical Apprenticeship Preparation Certificate of Achievement):

Demonstrate the ability to solve basic electrical calculations and communicate results in detailed summary report

- Limitation on Enrollment. New students must attend an Electrical Orientation prior to enrollment.
 - See a list of dates and sign up information on the program website at <http://www.lbcc.edu/electrical>

The program requisite is in place to ensure the safety and health awareness of LBCC electrical students.

Legend

% This course requires a permission number and completion of the Electrical Department orientation process.

† This course has a prerequisite. Prerequisite courses must be complete with at least a "C" or "P" grade. Refer to the General Catalog (<http://www.lbcc.edu/cat/index.html>), the Schedule of Classes (<http://schedule.lbcc.edu/>), or the online Credit Course Outline (<http://wdb-asir.lbcc.edu/coursecurriculum/coursedetails/>) for specific prerequisite information.
