NOTE: Effective Monday, September 30, 2019, Canvas LMS and Office 365 will be accessed via Viking Portal.

WHAT IS THE LMS?

The LMS is an online platform that is used by many of our faculty for your courses. Some of your instructors may use the LMS just to post course material, while others may also use the LMS to administer tests, assignments, quizzes, hold discussion forums, take attendance, post grades, and more.

Types of courses using the LMS are:

- Fully Online: a course that meets 100% Fully Online
- Hybrid: a course that meets partially in a Classroom & Online
- Web-Enhanced: a face-to-face course that meets 100% in a Classroom yet also uses the LMS.
