

History @ LBCC

Are you interested in why things happen the way they do? Are you curious about the lives and experiences of other people? Do you like to think about the ways things have changed over time? History might be the major for you!

What would you do as a History major?

It's not just names and dates! You'll learn:

1. Critical Thinking
2. Analysis
3. Techniques for reading and writing
4. So many details you didn't learn in your high school History classes!

What can you do with a History major?

Believe it or not, History is a major that can lead to a wide variety of careers.

1. Lawyer
2. Marketing/Sales
3. Management
4. Teaching
5. Public Policy and Administration

Career Fields of History Majors:

Why choose History?

Not only is History inherently fascinating, it provides us with important context to better understand the world around us. It provides us with the skills to succeed in many different fields, while it also prepares us to engage the people with meet with empathy and compassion. It can be fun too!

History Is All Around Us

The History Club

The History Club brings the subject of History to life through organizing historical talks, presentations, museum visits, movie nights, and travel opportunities. Students majoring in History will benefit from University visits, transfer advice, and mentoring by LBCC History faculty.

The Feminist Club

Feminist Club presents an inclusive and intersectional, student-centered space to engage in the big questions around us today. The club provides a space to talk and process our thoughts, but also get involved in our communities and beyond.
