

How to request a Dependency Override or Income Reduction Appeal

To request an appeal at Long Beach City College, first log into your CampusLogic account by going to <http://lbcc.verifymyfafsa.com/>

On your homepage click the “+ - Request” button on the right side of the screen (see below). The “+ - Request” window will pop up.

Two options will be presented:

- 2021-2022 Dependency Appeal
- 2021-2022 Family Contribution Appeal

Select the options that applies to your situation and you will be prompted to fill out a reason for the appeal, then click Submit.

+ – Requests ✕

You can request to open an appeal or upload a specific document, or close the request if you no longer wish to proceed. Any item with a green addition button may start the request process, but you may only request that item one at a time. You can cancel a request with the red cancel button, but once the item has been sent to review by the school you may not cancel the request. If you are unsure which award year to choose for a request, please confirm with your school.

	2020-2021		2021-2022
