Welcome to Long Beach City College. On behalf of our faculty, staff and administrators, we are proud to offer an education and tradition known for academic excellence and superior training.

As a part of the California Community College System, we participate in one of the largest systems of higher education in the world. Long Beach City College serves over 30,000 students and offers a wide variety of educational options. Our range of ages, educational goals and diverse student population contribute to your outstanding education.

Long Beach City College offers one of the largest Associated Student Body (ASB) programs in the California Community College System, and we equip students with the ability to transfer to a four-year institution, or provide career and technical education and economic or workforce development.

At LBCC, we educate, engage and empower our students. We strongly believe that the future of our communities lies in an educated citizenry and that education begins here at LBCC.

Eloy Ortiz Oakley
Superintendent-President

The faculty here at Long Beach City College want to welcome you as you begin your college career here with us. You have chosen one of the best community colleges in the State of California. At LBCC, you can receive the preparation you need to begin, or change, a career by selecting one of our outstanding certificate programs. If you choose to transfer to a four-year institution, you can complete your general education for a Baccalaureate degree and lock these units closed by Long Beach City College’s power to certify the work you have done. Also, you can develop an area of concentration that will allow you to develop a major and win entry into one of the numerous four-year institutions located in Southern California. Furthermore, you can avail yourself to the best support system I know of in higher education; we have counselors and student services that will help you in your course selection, career preparation and transfer goals. On behalf of the entire faculty, I am very pleased you have chosen Long Beach City College as the place to explore your future, to interact with your neighbors and to get to know your instructors before you move on.

John Kevin Ryan
Academic Senate President
Calendar 2010-2011

Spring Sessions 2010
June 21 Summer Session Classes Begin
July 5 Holiday (Independence Day)

Fall Semester 2010
August 16 Begin Fall Classes

College Campus Locations

Liberal Arts Campus
4901 East Carson Street
Long Beach, California 90808
(562) 938-4111

Pacific Coast Campus
1305 East Pacific Coast Highway
Long Beach, California 90806
(562) 938-3903

Off-Campus Location:
Office of Economic and Resource Development
4900 Conant St, Building 2, Suite 108
Long Beach, California 90808

For Other Off-Site Locations Contact:
Office of Extended Instruction (562) 938-4126

Accreditation
Long Beach City College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (WASC), 10 Commercial Blvd, Ste 204 Novato, CA 94949 (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

Curriculum Offerings
The college reserves the right to determine which of the courses listed in the catalog are to be offered in each semester. Changes in curriculum or course content may occur after the information cut-off date of this catalog, February 2010.

Schedule Of Classes
Long Beach City College publishes a schedule of classes before the beginning of each semester indicating each course to be offered. Schedules are available for sale in the college bookstores and for review in the Counseling Center, the college website (http://www.lbcc.edu) and other campus locations. Changes in curriculum offerings or in fees charged may occur after printing.

In compliance with Section 508 of the Workforce Investment Act of 1998, the Long Beach Community College District provides the catalog and other college publications in alternative formats. If you are an individual who requires special assistance and would like materials in an alternative format, contact the Disabled Students Programs & Services department at (562) 938-4558 or (562) 938-4833 TDD. The Disabled Students Programs & Services department is located on the Liberal Arts Campus (LAC), located at 4901 E. Carson St., Long Beach, CA 90808.

College Vision and Mission

2020 Vision
Long Beach City College prepares students to be successful in the world of the 21st century.

Sitting at a global crossroads, the college constantly crafts its educational programs to meet the needs of students living in:

- A world of increased complexity and speed
- A world both global and remarkably accessible
- A world technologically advanced but intensely interdependent.

A culturally diverse college, Long Beach City College welcomes all people who desire to grow and serve.

The college nurtures a vibrant environment that cultivates a passion for learning, which continues for life.

Mission
Long Beach City College is a comprehensive community college that provides open and affordable access to quality associate degree and certificate programs, workforce preparation, and opportunities for personal development and enrichment. The college develops students’ college-level skills and expands their general knowledge, enables their transfer to four-year institutions, prepares them for successful careers or to advance in their current careers, and fosters their personal commitment to lifelong learning. Based upon a commitment to excellence, college programs foster and support the intellectual, cultural, economic, and civic development of our diverse community.

College Functions

Transfer
The first two years of courses satisfying either the general education or major requirements for a four-year college or university (Baccalaureate) degree in the University of California system, California State University system or other colleges and universities to which our students commonly transfer.

General Education
A community college (Associate) degree that includes a broad general education and selected fields of concentration most appropriate to the educational and occupational needs of our community.

Occupational Education
Specialized education and training in selected occupational fields leading to job skills preparation, promotion, retention and certification.

Developmental Education
Educational and learning assistance to help students succeed in a community college program once they have demonstrated minimum communication and computational levels.

Support Services
A multifaceted support program to assist students to assess their abilities and to establish and achieve realistic educational and career goals.

Beyond the Classroom
An appropriate co-curricular program including practical educational experiences, as well as opportunities for growth in leadership and citizenship.

Life-Long Learning
Selected continuing education programs and courses that are cost effective and provide life-long learning and training opportunities.

Economic and Resource Development
Economic and Resource Development provides workforce preparation programs and services to individuals to develop entry-level skills, new technical skills, career advancement, and to regional industry to ensure business attraction, retention and global competitiveness.

General Education Outcomes (GEOs)
The College’s commitment to excellence in student learning incorporates the following expected General Education Outcomes from the educational process.

GEOs are statements that define the knowledge, skills, and perspectives acquired by students who satisfy the College's general education requirements.

Aesthetics and Creativity: The ability to appreciate a range of cultural expression, including art, music, dance, theater, literature, and film, as well as the ability to generate useful and original ideas.

Civic Engagement: The ability to participate actively in a democracy that respects the rights of diverse peoples and cultures.

a. Democracy: Develop and promote knowledge and skills to become informed participants who play an active and effective role in our society.

b. Cultural Sensitivity/Diversity: Appreciate and promote respect of individual differences that embraces the complex ways people integrate into their societies, cultures, and subcultures in order to participate in both our society and in diverse group activities.

Communication: The ability to read, write, listen and speak clearly.

a. Teamwork & Collaboration: Cooperate and work effectively with individual and groups using appropriate social skills.

b. Information Competency: Find, use, manage, evaluate, and convey information efficiently and effectively.

Critical Thinking: The ability to analyze and evaluate a spectrum of ideas that are represented by theories, images, and concepts.

a. Science Literacy: Apply the scientific method to gain an evidence-based understanding of phenomena.

b. Numeric Literacy: Apply arithmetic and mathematical skills necessary to solve everyday problems.

Wellness: The ability to make lifestyle choices that promote physical, mental, and social health.
General Information

College History
Since 1927, Long Beach City College has been at the heart of the community providing a culturally diverse, vibrant environment, with a commitment to excellence in student learning.

LBCC is a two-year community college that encompasses state of the art, technology-rich teaching and learning environments, traditional and non-traditional instructional programs, strong community partnerships, and economic and workforce development initiatives that prepares students to be successful in the world of the 21st century.

As one of the largest of the 109 community colleges in California, LBCC is governed by a five-member, elected Board of Trustees that serves the cities of Long Beach, Signal Hill, Lakewood and Santa Catalina Island. It offers two-year associate degrees and certificate programs which prepare students for transfer to four year institutions, career advancement and personal development.

With seven schools to house its instructional programs, LBCC promotes program offerings in the Creative Arts and Applied Sciences, Language Arts, Health, Science and Math, Physical Education and Athletics, Trades and Industrial Technologies, Business and Social Science and Learning Resources, Teaching and Technologies.

The College has received state awards for its registered nursing and childcare programs and is widely known for its extensive and technologically advanced commercial music and electronics programs. It has special training partnerships with several corporations.

Community College Week has reported that LBCC is one of the largest and most effective community colleges in the nation and Cal-Hi Sports has twice selected the Vikings as the best community college athletic program in the nation.

The college was initially housed at Woodrow Wilson High School until the 1933 earthquake, which destroyed the building. Classes were held outside and in tents at neighboring Recreation Park until the college moved to the Liberal Arts Campus at Carson Street and Clark Avenue in 1935.

From its earliest days, the college established traditions that are alive today, such as the mascot, Ole, and team name, Vikings. A student newspaper, yearbook, and social, service and intramural programs were launched in the first year. Academic honors included having the state’s top junior college debate team. Athletic honors included championships in wrestling, baseball, men’s and women’s swimming and the state championship in men’s basketball, all in the 1928-29 school year.

The college grew rapidly during and after World War II and added the Pacific Coast Campus, formerly Hamilton Junior High, in 1949. Numerous extension campuses and satellite locations were added as growth continued into the early 1970s. As a result of state law, the college separated from the Long Beach Unified School District.

Changes in the workplace, and in the community’s demographics, brought about rapid changes in the mid-1980s. The influx of Southeast Asian refugees led to extensive courses in English as a Second Language and other programs to assist and acculturate this burgeoning population. A later wave of amnesty applicants ensured that ESL stayed the college’s largest program. The amnesty program garnered awards as a state model.

In 1987, the college completed a decade of negotiations with the City of Long Beach to acquire the neighboring Veteran’s Stadium. Through the sale of surplus land to another neighbor, McDonnell Douglas (now Boeing), the college was able to finance renovations required to upgrade the facility.

Within the last decade, the college celebrated completion of an all-weather track and redesigned athletic fields, a multi-million-dollar upgrade of its swimming pool and state-of-the-art math and science building at the Liberal Arts Campus.

Construction of new facilities and modernizations at both campuses began with the passing the Measure E Bond in 2002. Today, computer labs, multimedia classrooms and a host of non-traditional course offerings like online, teleweb and hybrid courses accommodate new communities of learners, allowing Long Beach City College to address a world both globally and, as it has done for the past 80 years, locally.

Extended Instruction/Off-Campus Programs
Off campus classes are offered at several community sites to facilitate student access to a variety of course offerings. These sites enable students to attend classes at convenient locations near their homes or work.

Students can enroll for these classes through the regular college registration process. For further information, consult the schedule of classes or call (562) 938-4126.

Senior Studies Program
Long Beach City College Senior Studies Program offer credit and non-credit classes for career or educational development and mind-body healthy living. Special theater programs, music, exercise and stimulating lectures are designed for the active adult (50 and older). Mini tours to museums and galleries and a campus Senior Club are unique to the program.

The Senior Center is located at the Pacific Coast Campus, Room FF 108. Special help is given during registration and counseling is available. For further information, call (562) 938-3048.

Distance Learning
Online Instruction
Online courses offer students an opportunity to take a variety of courses through remote access by using a personal computer, Internet connection, and a valid E-mail address. Students can access these courses at home,
off-campus public facilities, or make use of the college’s open access labs to log on to their course website. These course offerings are entirely web based and do not require students to be present on campus. Online courses may include video content that can be accessed on the Web, through the LBCC cable station, or on DVDs.

Students can enroll for these classes through the regular college registration process or by accessing the OLE On-line Experience page at http://www.lbcc.edu/ole.html. For further information access the Distance Learning website http://de.lbcc.edu/ call (562) 938-4025 or email de@lbcc.edu.

Students can enroll for these classes through the regular college registration process or by accessing the OLE On-line Experience page at http://www.lbcc.edu/ole.html. For further information access the Distance Learning website (http://de.lbcc.edu), call (562) 938-4025 or email de@lbcc.edu.

Hybrid Courses

Hybrid courses offer students an opportunity to take selected on-campus courses with some meetings scheduled over the Internet and accessed at home, campus public facilities, or at the college’s open access labs. Check the schedule of classes for information about the requirements for the hybrid course of your interest.

Weekend Classes

An increasing number of Saturday and Sunday classes are being offered at the Pacific Coast Campus. Some meet for the entire regular session of eighteen weeks. Classes are offered in academic, general education, and in the School of Trades and Industry (vocational).

Honors Program and Courses

For over a quarter of a century, high-achieving LBCC students have flocked to the college’s Honors Program for the intellectual challenge it offers. The LBCC Honors Program offers courses in more than a dozen disciplines to serve intellectually ambitious students.

Students who complete the Honors Program have proven records of success in their applications to competitive baccalaureate programs as well as to professional and graduate schools.

Major benefits of the program include Scholarships, Transfer Program agreements and President’s Scholar and Academic Senate Scholar Awards.

For detailed information about the LBCC Honors Program, call the Honors Program Office at (562) 938-4354 or visit us on the web at http://honorsprogram.lbcc.edu.

Rotary Club Honors Scholarships

Each year the Long Beach Rotary Scholarship Foundation awards Rotary Honor Scholarships to Long Beach Unified High School students who will be attending Long Beach City College. Recipients must maintain a 3.0 GPA or higher and be enrolled in the honors program once they attend Long Beach City College.

In addition, the Long Beach City College Scholarship office has hundreds more scholarships open to all Long Beach City College Students. Scholarship applications are available in September at http://scholarships.lbcc.edu. For more information please stop by the scholarship office in building O or call us at (562) 938-4267.

Transfer Programs

The LBCC Honors Program is a member of the UCLA, UCI, UCR, UCSC, CSUDH, CSUF (Honors), CSULB (Honors), SDSU (Honors), Chapman University, LaSierra University (Honors), Pitzer College, Pomona College and Whitman College Transfer Programs and can offer its graduates priority transfer consideration for admission to these universities for the Baccalaureate Degree. For further details about these and developing alliances, contact the Honors Program Office at (562) 938-4354.

Long Beach City College’s Transfer Academy provides students an opportunity to fast track their transfer to a four-year university/college. Students will have access to a number of campus resources to ensure student success and facilitate a smooth transfer process. Through their engagement with the program, faculty and staff, Transfer Academy participants will utilize the knowledge and skills to ensure their success at Long Beach City College and fast track their transfer to the college/university of their choice. For further details, please call the Transfer Academy Coordinator at 562-938-4768.

President’s Scholar Honors

The President’s Scholar designation with the associate degree is awarded in recognition of outstanding achievement in the college’s Honors Program.

I. To qualify, a student must complete a minimum of six Honors courses with a 3.5 or higher GPA. (Minimum units required: 15).*

   In addition, a student must maintain a Long Beach City College cumulative GPA of 3.5 or higher with at least 80 percent of all units attempted in courses numbered 1-99.* A student must also satisfy the college’s “units in residency” requirement.

   *NOTE: Exceptions to the total number of units required and to the 80 percent rule may be made at the discretion of the Honors Program Committee.

II. The President’s Scholar designation is entered on the transcript, next to the associate degree notation. In addition, qualifying students receive a gold seal on their diplomas and are given special recognition at commencement. President’s Scholars are the first to receive their diplomas and are awarded medallions, which they wear at graduation.

III. As part of the President’s Scholar award, students customarily receive a cash scholarship at graduation.

Academic Senate Scholar Honors

The Academic Senate Scholar designation upon transfer is awarded in recognition of outstanding achievement in the college’s Honors Program.
I. To qualify, a student must complete a minimum of six Honors courses with a 3.5 or better GPA.

In addition, a student must maintain a Long Beach City College cumulative GPA of 3.5 or higher with at least 80 percent of all units attempted in courses numbered 1-99.* A student must also satisfy the college’s “units in residency” requirement.

The Academic Senate Scholar designation is entered on the transcript after a student has completed the 60 units required for transfer.

*NOTE: Exceptions to the total number of units required and to the 80 percent rule may be made at the discretion of the Honors Program Committee.

II. As part of the Academic Senate Scholar award, qualifying students will receive a certificate of recognition for this achievement.

**Honors Student**

The Honors Student designation is awarded to all transfer students that complete the Honors Program successfully.

1. To qualify, a student must have completed a minimum of six Honors classes, a minimum of 15 units, with a 3.0 GPA or higher.

2. In addition, a student must maintain a Long Beach City College cumulative GPA of 3.0 or higher with at least 80 percent of all units attempted in courses numbered 1-99. A student must also satisfy the college’s “units in residency” requirement.

3. The Honors Student designation is entered on the transcripts after the student has completed the 60 units required for transfer.

**Honors Courses**

General education Honors courses have as few as ten students and offer more intensive study than is normally possible. Over the years, Anatomy 1, Anthropology 1, Anthropology 2, Art 1, Art 2, Art 3, Art 4, Art 11, Biology 20, Biology 41, Economics 1A, English 1, English 3, English 44, English 45, English 48, English 49, Geology 1, Geology 3, German 3, German 4, History 1A, History 1B, History 2C, History 8A, History 8B, Humanities 1, Math 37, Music 40, Philosophy 6, Philosophy 7, Political Science 1, Psychology 1, Social Science 1, Sociology 1, Spanish 3 and Statistics 1 have been offered as Honors courses.

In addition, Honors courses sometimes offer an extensive approach to knowledge by considering the interconnections between disciplines and fields of knowledge. Guest speakers and field trips enhance this approach. Other extensive possibilities are available because many Honors classes are scheduled with instructors from different disciplines working together to encourage students to explore multi-disciplinary concerns as they fulfill the general education requirement. If you have any questions, please call (562) 938-4354.

**Admission Requirements for Newly Enrolling Students**

Students enrolling at Long Beach City College for the first time should have the following grades (overall GPA) and test scores (SAT, ACT or the equivalent) and are qualified for English 1 to qualify for the Honors Program:

<table>
<thead>
<tr>
<th>GPA COMPOSITE</th>
<th>SAT TOTAL</th>
<th>ACT</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.0</td>
<td>800</td>
<td>20</td>
</tr>
<tr>
<td>3.9</td>
<td>850</td>
<td>21</td>
</tr>
<tr>
<td>3.8</td>
<td>900</td>
<td>22</td>
</tr>
<tr>
<td>3.7</td>
<td>950</td>
<td>23</td>
</tr>
<tr>
<td>3.6</td>
<td>1000</td>
<td>24</td>
</tr>
<tr>
<td>3.5</td>
<td>1050</td>
<td>25</td>
</tr>
<tr>
<td>3.4</td>
<td>1100</td>
<td>26</td>
</tr>
<tr>
<td>3.3</td>
<td>1150</td>
<td>27</td>
</tr>
<tr>
<td>3.25</td>
<td>1175</td>
<td>27</td>
</tr>
</tbody>
</table>

If you believe you are eligible for the Program based on other criteria, please make an appointment to see the Honors Coordinator after you have filled out the application. However, you must be close to the minimum requirements based on the SAT/ACT and GPA, have excellent letters of recommendation, and offer academic evidence showing why you believe you should be allowed to enroll in the Honors Program.

**Admission Requirements for Currently Enrolled Students**

Students currently enrolled at Long Beach City College qualify for the Honors Program if they have a 3.0 overall GPA in twelve or more college units (in courses numbered 1-99) and are qualified for English 1.

Continued superior academic achievement is required to remain in the Honors Program. A minimum 3.0 GPA is required in addition to completion of program requirements.

**Some Benefits of the Long Beach City College Honors Program**

- Honors Scholarships for entering students from local high schools
- Access to special research sources
- Free UCLA, UCI, CSULB library card
- Faculty mentors
- Honors academic counseling
- Informal degree checks
- Invitation to special honors forums, seminars and social events
- Participation in National Collegiate Honors Council (NCHC)
- Letters of recommendation, including a statement of the goals of the Honors Program and an evaluation of the student’s participation in the program
- Facilitation of placement in four-year college Honors Programs
- President’s Scholar Honors upon graduation
- Academic Senate Scholar Honors upon transfer
- Priority transfer privileges to universities at the junior level

For further information concerning the application process for the Honors Program, call (562) 938-4354 or visit the Honors Program Office in the LAC Library Mezzanine, L203A, or visit us on the web at [http://honorsprogram.lbcc.edu](http://honorsprogram.lbcc.edu).
General Information

Admissions & Registration Information

Admission Requirements

Any person 18 years or older, or who has a high school diploma or its equivalent, is eligible to enroll at Long Beach City College, provided the applicant otherwise meets the admission requirements.

All students are classified as either a California “resident” or a “non-resident.” In general, a student must have lived in the state of California with full intent to remain as a permanent resident for at least one year prior to the start of the semester in order to be classified as a “resident.”

In order to be considered California residents, students must provide evidence of intent to become a permanent California resident, such as a California driver’s license, voter registration, car registration, proof of purchase of a home, etc. that is a year old before the semester begins. No single document is necessarily conclusive proof. California residence cannot be granted if there is evidence of any such document from another state. Residence for unmarried minors (those under 18) will be determined by the residence of the parent with whom the student lives. Students must establish that they have lived in California, with the intent to become a permanent resident, for more than one year before the start of the semester they plan to attend.

Students who are not U.S. citizens must verify their immigration status at the time of registration. If classified as a non-resident, they must pay non-resident tuition. Foreign students who plan to enroll with a student visa (F-1) must have the application files completed at least three weeks before the start of the semester. No I-20 will be issued until all requirements are met.

The above statements on residence are not intended to include all of the laws governing residence. The full text of the laws is presented in the California Education Code, available in the college library.

Students must submit the appropriate admissions applications and/or enrollment forms for each term they wish to attend. Documents, such as applications and transcripts, submitted to the college become the property of Long Beach City College and will not be returned and may not be duplicated.

Matriculation

Matriculation is a process that brings together the college and a student into an agreement for the purpose of realizing the student’s educational goal through the college’s established programs, policies and requirements. Matriculation services include registration, orientation, assessment, counseling, post-enrollment evaluation and referral of students to services. The student is expected to participate in these services unless he/she requests a waiver from a particular service.

I. College’s Responsibility

In accordance with the matriculation agreement, the college agrees to provide guidance to students by evaluating basic skills, helping to place students in courses where they will encounter the greatest possible success, aiding them in developing realistic educational plans and providing the services to assist the student in achieving his/her goals.

II. Student’s Responsibility

a. All new non-exempt students must complete assessment and orientation before they enroll.

b. Students must identify a specific educational goal/major by the semester after they have completed 15 units of degree applicable credit coursework. Diligence in class attendance, completion of assigned coursework and maintenance of progress toward an educational goal is expected.

III. Components of Matriculation

Matriculation is composed of the following components to ensure student success:

- Admission to the college
- Assessment of English, math, reading (LBCC Assessment & Orientation) and English as a Second Language skills
- Orientation to the college’s programs and services
- Counseling to receive assistance with course selection and planning of an educational goal

Other Student Services are available to assist students in attaining an educational goal:

- Financial Aid - Health Center
- Job Placement - Transfer Center
- Tutoring

*THESE COMPONENTS ARE REQUIRED OF ALL STUDENTS TO BE FULLY MATRICULATED. (See V. for exemptions)

IV. Matriculation Requirement

Admission, Orientation and Assessment. All new non-exempt students must complete assessment and orientation before they enroll. Assessment placement results are valid for two years. The LBCC Assessment & Orientation is required of any student who falls under one of the following categories:

a. All new, non-exempt (see below) students.

b. Students who want to enroll in any English composition, reading or math course.

c. Students who want to use this option to fulfill their associate degree math or reading proficiency.

d. Students who are financial aid recipients, including Extended Opportunities Programs and Services (EOP&S).

e. Students wishing to fulfill English and/or math prerequisites as specified by a department program.

V. Matriculation Component Exemptions

a. Orientation and Assessment - Students who are exempt from the orientation and assessment component include students in the following categories:
1. Students who hold associate degrees or higher.

2. Students who demonstrate that they are taking courses only for personal enrichment.

3. Students who are co-enrolled at a four-year college or university.

4. Students who are enrolled only in:
   a. Performance or activity classes.
   b. Classes for advancement in current job/career (update job skills).
   c. Contract education classes.
   d. Non-Credit classes.

   b. The exemptions for orientation and assessment do not apply to a student that plans to take a Math, Reading, English or English as a Second Language class and has not met the prerequisite. The assessment component for math, reading and writing can be partially met with documentation of coursework from another accredited college or high school.

   c. College Assessment Test -

   1. Appeals of Initial Placement Recommendation: A student may appeal an initial placement recommendation in English, Math, Reading or ESL by completing the Placement Appeal form available at the Assessment Center, Counseling Office or the respective department. The student will be notified of the appeal decision by mail.

   VII. Student Rights and Matriculation

   A student may file a complaint against Long Beach City College matriculation practices by filing a complaint form, which is available at the Assessment Office. Complaints will be filed with the Dean of Counseling and Student Support Services, who is responsible for investigation and resolution of such complaints. The Dean will maintain a file on all formal complaints.

   Student Grievance Policy

   Long Beach City College is committed to resolving problems students may be encountering while working within the guidelines and policies established by the state of California and the Board of Trustees. For specific information on both the policy and process for student grievances, contact the office of the Dean of Student Affairs.

   Procedures for Application to School of Health and Science Programs 2010-2011

   Health Care Programs may have limited enrollments due to the availability of clinical sites. These programs have separate admissions processes to insure that students are selected in a fair and equitable manner. Admission to Long Beach City College does not assure acceptance into these programs. To be considered, students must complete stated prerequisites, submit an official application form, and provide required documentation. After the stated deadlines, applications are evaluated and students will be notified if they have been selected. Nursing students have the opportunity to reapply for a subsequent term and are evaluated compared to the other students applying at the same time.

   International Student Program

   Admission Procedures

   Long Beach City College welcomes students from foreign countries to enroll in either regular college academic and certificate programs or the American Language and Culture Institute (ALCI). All international student applications are processed by International Student Programs (ISP).

   1. International student admission to the American Language and Culture Institute

   ALCI offers the opportunity to acquire or improve English language skills rapidly through intensive study, enhanced by small class sizes, and opportunities for cultural immersions. The language and culture institute enrolls adults of all ages (18+), backgrounds, and levels of English proficiency. It combines in-class instruction with explorations of American culture and Southern California’s dynamic blend of arts, sports, and entertainment.

   The program is modeled in nine-week sessions: two sessions in the Fall Semester, two sessions in the Spring Semester, and one seven-week Summer Session. Whether you want to master English to complete your associate degree, transfer to a U.S. university, travel in English-speaking countries or to improve English language business and professional skills, the Long Beach City College American Language and Culture Institute will help you to reach your goal. The ALCI has been a great first step toward enrolling in LBCC’s regular college program.
Applications are accepted online at http://intl.lbcc.edu or in person by contacting the International Student Programs. $40.00 application fee applies. ALCI applicants do not need to submit proof of English proficiency.

**Tuitons and Fees:**

Regular Fall and Spring Session = $1800.00  
Summer Session= $1400.00

Additional Fees include:
1. $ 75.00 Cultural Enrichment Activities fee – paid on Orientation Day  
2. $ 20.00 Student ID card  
3. $25.00 parking fee if you drive to campus.  
4. Health Insurance Fee

**2. International Student Admission to LBCC Regular Academic or Certificate Programs**

The International Student Program (ISP) offers specialized support and services to international students from the moment of their initial application throughout their study at LBCC till their graduation. We welcome international students to join the LBCC campus community and take advantage of the many extraordinary academic and extracurricular programs.

**How to Apply as an International Student to LBCC:**

1. **Apply online at http://intl.lbcc.edu**
2. **OR request an application packet containing the forms you need from:**
   
   International Student Programs  
   Long Beach City College  
   4901 East Carson Street – B9  
   Long Beach, CA 90808 USA

Applicants must adhere to application deadlines and send in all required documentations which include:

1. **Proof of English Proficiency:** Accepted test scores are:
   a. TOEFL - 500/173/61 or better  
   b. ALI at CSULB - level 104  
   c. ALI at SDSU - level 106  
   d. IELTS - Level 5  
   e. TOEIC - 645 or better

2. **Financial Requirement:** Applicants must be able to show that they have the funds needed to pay their academic and living expenses for the duration of their studies at LBCC. Proof of financial support must be submitted in the form of an original, official affidavit of support with an original bank statement or letter from a bank officer confirming your sponsor's financial standing.

3. **Transcripts:** Please submit official, original transcripts or certified copies of your transcripts along with English translations, if they are not already in English. We must have your high school (secondary school) transcripts and transcripts from all colleges or universities you have attended since high school.

4. **Tuberculosis Test:** Original test result from a hospital or doctor is required.

5. **Personal Essay:** Submit a hand-written essay explaining why you want to study at Long Beach City College discussing your future goals. Your essay should be at least one page long, but may be longer.

6. **Application Fee:** US$ 40.00 non-refundable processing fee must be submitted with each application.

7. **Copy of Passport:** Send a copy of the information page from your passport showing your full legal name in English and your picture. We will use this version of your name when we issue your I-20.

**Tuitons and Fees:**

- International Student Tuition -$243.00 per units
- Other fees and expenses include: student ID, health insurance, parking, housing, food, books, school supplies, and personal necessities.

For more information on the required documents and fees, you may visit our website at: [http://intl.lbcc.edu/apply.cfm](http://intl.lbcc.edu/apply.cfm)

Upon receiving a completed application, the ISP will review your file and inform you of the decision within two weeks.

As per immigration regulations and college policy all International students are required to enroll and complete **12 units each semester**, except for summer session. They must also purchase and maintain valid Student Health Insurance from an authorized LBCC vendor throughout their enrollment at LBCC.

International students are encouraged to be actively involved in campus life and activities, particularly in the International Students Club (ISC). Contact ISP (562) 938-4745 for any questions regarding your international student status.

**American Language and Culture Institute**

Long Beach City College’s American Language and Culture Institute combines instruction for men and women at all levels of English proficiency with exposure to Southern California’s dynamic blend of arts, sports, entertainment and business.

Whether you want to master English to take a TOEFL exam, attend a U.S. university, travel in English-speaking countries or for your business or career, the Long Beach City College American Language and Culture Institute is for you.

Students, business people, professionals and others will benefit from this strong program of language acquisition enhanced by the opportunity to learn about U.S. culture and customs.
The American Language and Culture Institute offers the opportunity to acquire or improve English language skills rapidly through intensive study, augmented by individualized computer instruction. Adults of all ages and levels of proficiency will be able to benefit. Nine-week sessions are held throughout the year. Classes are conveniently scheduled early in the day to permit free time to explore Southern California’s many attractions.

**Registration Procedures**

Students are responsible for officially registering in classes. A registration receipt is proof of enrollment. Students may not attend a class unless they are properly registered in that class. Registration may be done online or on a walk-in basis. See the Schedule of Classes for the semester enrolled for the dates, times, and instructions for registration.

Students are responsible for officially dropping classes by the posted deadlines even if the student never attended the class. Please refer to the online student center for drop deadlines.

**Enrollment Fees and Other Expenses**

Students must pay all fees and tuition at the time of registration unless otherwise indicated. All students are required to purchase their own books and regular supplies. All fees are subject to change after the printing of the schedule of classes.

A $15 fee will be charged for all returned checks. Under Assembly Bill 1226, any person who writes a check dishonored for lack of funds is civilly liable, and under the law is liable for three times the amount of the check, plus the face value of the check.

**Nonresident Enrollment Fees:** Students who have been classified as non-residents (see residence section) shall be required to pay nonresident tuition at the rate of $190 per unit and the normal enrollment fee of $26 per unit, for a total of $216 per unit (rate subject to change without notice). International students are required to pay the $190 non-resident fee, the $26 normal enrollment fee, and a capital outlay surcharge of $51 per unit, for a total of $267 per unit.

**Books, Supplies and Course Materials Fees:** You must purchase all books and many of the supplies required by instructors of the classes in which you enroll. If your class has a materials fee, it will be listed in the schedule of classes and that fee must be paid during registration. When possible, the bookstore sells used books at reduced prices. The bookstore generally stocks the supplies you may be required to purchase.

**College Services Card Fee:** This optional fee, administered by the Associated Student Body, underwrites many of the services, programs and extracurricular classroom experiences that otherwise cannot be provided by the college. Some of these services include: scholarships, five percent discount on textbooks and supplies, bus pass purchases, accident insurance, theatre, music and athletic events and Long Beach Schools Credit Union Services. The College Services Card fee is $20 for fall and spring and $15 for summer sessions.

**Student Health Fee:** A health fee will be charged upon registration, unless students meet one of the exemptions listed blow:

1. Any student who depends exclusively on prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. Documentary evidence of such an affiliation is required.

2. Students attending college under approved apprenticeship training programs under Section 76355(c)(2).

The Student Health Services Offices are located on both campuses and are staffed by a registered nurse. Services include:
- Health assessment
- Health referrals
- First aid treatment
- Health counseling
- Blood pressure check
- Pregnancy tests
- Vision screening
- Hearing screening
- Over-the-counter medications for colds, flu, and headache
- Health-related programs such as the annual LBCC health fair
- Insurance coverage for accidents occurring on campus or at off-campus, college-sponsored events ($50 deductible).

**Parking Fee:** Students must purchase a parking permit to park on campus. The parking fee for automobiles or motorcycles is $25 during the fall or spring semester. The fee for all students during summer sessions is $15.

**Printing Fee:** A printing fee of $.10/page will be charged for each page duplicated in the open access labs and library on campus. Students are welcome to save the information to a disk to print at home or take to another source for duplicating.

**Indebtedness:** The College cannot extend deadlines for paying fees. In the event that a student becomes indebted to the college due to library fines, books or athletic equipment damage or loss, student loan defaults, breakage of equipment, bad checks, failure to meet attendance regulations for financial aid or for any other reason, the college will deny further enrollment, refuse to release transcripts and refuse to release information to potential employers or other agencies until all indebtedness has been cleared.

**Refunds**

Students are eligible for a refund only if they withdraw from classes during the first two weeks of instruction for a full-term class. See the online student center for refund deadlines for classes less than full-term.

Long Beach City College will determine the amount of federal financial aid that a student has earned in accordance with federal law. Students who receive federal financial aid and do not attend any classes will be required to repay all of the funds they received. Students who withdraw from all classes prior to completing more than 60% of the semester will have their financial aid eligibility recalculated based on the percentage of the semester completed and will be required to repay any unearned financial aid they received.
At LBCC a student’s withdrawal date is:
1. The date the student officially filed a drop through the Admissions Office, via online, or
2. The midpoint of the semester for a student who leaves without notifying the college or
3. The student’s last date of attendance at a documented academically related activity.

Long Beach City College does not have leaves of absence.

**Interdepartmental Class Transfer Rules and Refunds**

Students may transfer from one class to another within the same academic discipline upon the approval of the instructors involved. Transfers shall not be considered withdrawals.

**Definition of a Class Transfer:** After the refund/transfer period, transfers may only be made between classes in the same academic discipline. Furthermore, transfers will only be allowed under the following conditions:

1. Both classes are of equal length and start in the same week.
2. The class from which the transfer is being made is shorter than the new class and both start in the same week.
3. The class from which the transfer is being made is longer than the new class and both end in the same week.

**Fee Refund/Transfer Period:** In order to receive a refund or transfer enrollment fees or nonresident tuition from one class to another, students must officially withdraw or transfer within the period defined below. Transfer of fees and tuition will be made at the 100 percent rate; refunds will be 100 percent. The period depends on the length of the class, regardless of when the student enrols.

1. For classes that are scheduled for the entire semester, the refund/transfer period is the first two weeks of the semester. After the second week, no refund can be made and transfers may only be made within the same academic department provided that permission is granted by the instructors.
2. For all other classes that are scheduled for shorter or longer periods of time than the regular semester, the refund/transfer period is the first ten percent of the total scheduled class meetings, excluding holidays. After ten percent of the scheduled class meetings have passed, no refunds can be made and transfers may only be made within the same academic department provided that permission is granted by the instructors.

**Enrollment fees, Nonresident tuition, health fees, and materials fees** will be automatically refunded to students who **officially** withdraw or transfer during the refund period. After this period, they will not be refunded.

**In the case of a verified military withdrawal,** enrollment fees will be refunded with no service charge.

**College Services Card and Parking Fees** will be refunded within the refund/transfer period defined above. After this time there are no refunds. All requests for refunds must be accompanied by the College Services Card and/or parking permit. No refunds will be granted without the appropriate documentation. College Services Cards stickers and Parking permits must be surrendered to the Cashier’s Office to be eligible for a refund. Parking fees will be refunded by the Cashier’s Office via US mail.

**Appeal for Refund Due to Special Circumstances**

1. The Dean, Admissions and Records, and Registrar shall consider all appeals for refund of tuition and enrollment fees.
2. The Vice President of Student Support Services, or Designee, shall consider all appeals for refund of College Services Card and parking fees.

**Change of Address and/or Name**

Change of address may be completed via the online student self-service, or in the Admissions and Records Office. Name changes must be completed in-person with legal documentation showing the new name. A photo I.D. is required for all transactions. Change of address for payroll purposes is made in the Payroll Office to ensure correct delivery of paychecks and W-2 Forms.

**Student Conduct**

All students must conform to the Standards of Student Conduct, which have been established by students and college staff and have been approved by the Board of Trustees. The Standards of Student Conduct are listed in the Academic Policies section of this catalog and are strictly enforced by the Office of Student Life.

**Knowing Your Responsibilities**

Long Beach City College provides you with a wide variety of academic assistance and personal support, but it is up to you to know when you need help and to seek it out.

It is your responsibility to keep informed and to obey campus rules, regulations and policies that affect your academic standing as a Long Beach City College student.

Meeting deadlines, completing prerequisites and satisfying the degree and certificate requirements, as found in the curriculum guides and in this catalog, are all part of your responsibility as a student.

Consult this catalog, the college and school announcements and the schedule of classes for the information you need. Watch for official announcements in the **Viking** and on-campus bulletin boards.
Family Educational Rights and Privacy Act (FERPA)

All student records of Long Beach City College are maintained in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974. Copies of the complete text of this act are available in the college library.

FERPA provides the student with the right to review and challenge his/her record and the control of the release of their academic record.

1. Students may request access to challenge the correctness or appropriateness of any part of the record. Grades, though a part of the record, are considered final as assigned by the instructor. See change of grade section for further information.

2. Student information, except for directory information as defined below, cannot be released by the college to any outside agency, except for those entitled to access under FERPA, without signed permission of the student. The student may restrict the release of “directory information” online or by completing the appropriate form in the Admissions Office. In the absence of having this form on file, the college may release directory information. Directory information is defined as dates of attendance, degrees, certificates or awards received, verification of student participation in school activities and sports and weight and height of members of athletic teams.

3. Parents may have access to records of their children but only if the children are still their dependents as evidenced by a claim of same on federal income tax returns. Parents desiring access to the records of a dependent child must complete the college dependent release form and present the full name, social security number and birth date of the child, their own personal identification and a copy, that the college district may keep, of the current year’s federal income tax return indicating the child has been claimed as a dependent. Parents seeking to review records of a dependent child during the early months of the year must be able to demonstrate that they have already filed for the year even though the filing deadline isn’t until April 15th.

4. By law, notwithstanding any of the above, all student records must be released under court order and other Federal mandated requirements. The student will be notified by mail to the last address on file in the event of a subpoena, the student shall have the right to request a copy of any information released in this manner.

5. Any questions regarding the student’s rights under this act should be directed to the Dean, Admissions and Records.

Drug-Free College Statement

The Long Beach Community College District is committed to providing an appropriate environment free from illicit drugs and alcohol. As a preventive measure, appropriate information regarding the health risks associated with the use of illicit drugs and abuse of alcohol will be provided for students. This information may be obtained from the College Health Services Offices—(LAC) (562) 938-4210 or (PCC) (562) 938-3992. In addition, information may be obtained regarding counseling, treatment, rehabilitation and re-entry programs. Long Beach City College offers forums and other educational programs regarding the harmful effects of drugs and alcohol. Information regarding programming may be obtained from the Office of Student Life, (562) 938-4154. All inquiries will be held in the strictest confidence.

In compliance with federal legislation, it is the policy of the Long Beach Community College District to maintain a drug-free environment and support a drug prevention program for students use. The unlawful manufacture, distribution, dispensation, possession, use or sale of illicit drugs or alcohol is prohibited by all students in all buildings, property, facilities, service areas and satellite centers of the district or as part of any district activities. Any student violating this policy will be subject to appropriate disciplinary action.

Student Right-To-Know and Campus Security Act

The Long Beach Community College District is committed to making the campuses of Long Beach City College as safe as possible for students, employees and visitors. The Long Beach Police Department-College Unit exists to inform, educate and make individuals aware of personal safety, as well as the safety of others. Students are encouraged to promptly and accurately report all criminal and emergency actions to the Long Beach Police Department College Unit on either campus. Those actions requiring further reporting should also be reported to the appropriate law enforcement agency. Assistance will be provided, as needed, to accomplish this task.

Policies exist identifying Long Beach City College as a secure facility. Access to all facilities outside of class hours requires prior approval from the Office of Administrative Services.

Under the auspices of the Long Beach Police Department-College Unit, monthly crime reports are compiled and distributed for both student and employee consumption. These reports are intended to inform individuals about current criminal experience, as well as educate individuals regarding crime prevention. The Police Department also recommends and conducts programs designed to inform students and employees about campus security procedures and practices which encourage individuals to be responsible for their own security, as well as the security of others. In addition, pamphlets are prepared and distributed by the Long Beach Police Department College Unit on a regular basis to new students and employees regarding campus safety and crime prevention.

Public information regarding sex offenders in California may be obtained by viewing the Megan’s Law Web site at the Long Beach Police Department and/or the Los Angeles County Sheriff’s Department.
Long Beach Police Officers assigned to the College Unit have the authority and responsibility to enforce all policies, rules and regulations of the District, as well as local, state and federal laws.

In compliance with the Student-Right-to-Know and Campus Security Act of 1990, it is the practice of the Long Beach Community College District to make available its completion and transfer rates to all current and prospective students.

In accordance with this legislation, beginning in Fall, 2002, all certificate, degree and transfer-seeking first-time, full-time students were tracked over a three-year period; their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Long Beach City College, nor do they account for student outcomes occurring after this three-year tracking period. The Fall 2002 group represents only 2% of the students enrolled at the college that term.

Based upon the group defined above, 30% attained a certificate, degree or became "transfer-prepared" during the three-year period (Fall 2002 to Spring 2005). Students who are "transfer prepared" have completed 56 transferable units with a GPA of 2.0 or better.

Based upon the group defined above, 20% transferred to another California postsecondary institution (CSU, UC or another California Community College) prior to attaining a degree, certificate, or becoming "transfer prepared" during a five-semester period (Spring 2003 to Spring 2005).

Of the students who entered the college in Fall 2002, 27% were still enrolled at Long Beach City College the academic year following the three-year tracking period. Based on another study, the average time to degree for Long Beach City College students is 4 1/2 years (9 semesters).

More information about Student-Right-to-Know rates and how they should be interpreted can be found at the California Community Colleges "Student-Right-to-Know Information Clearinghouse Website" located at http://srtk.cccco.edu/index.asp

**Accuracy Statement**

Long Beach City College has made every effort to assure the accuracy of the information in this catalog. Students and others who use this catalog should be aware that policies, rules, procedures, and regulations change and that these changes may alter the information contained in this publication. The college reserves the right to change policies, regulations, fees, and courses of instruction upon direction by the Governing Board. The most current and complete information is available from the appropriate campus administrative agencies and policies and regulations are available online at http://www.lbcc.cc.ca.us/policymanual/index.cfm.

Students are protected by catalog rights. Catalog rights state that a student may continue with the requirements posted in a College Catalog for a given academic year if, and only if, that student maintains continuous enrollment from that year until the degree is finished. Continuous enrollment is enrollment in and receiving a grade (A, B, C, D, F, P or NP) for at least one class per academic year (August to June) at LBCC or any other accredited higher education institution after being initially enrolled at LBCC. A student may miss one semester and still maintain continuous enrollment. To report errors and omissions, make suggestions for better readability, or offer comments, please send an email to mfernandez@lbcc.edu.
Student and Community Services

Counseling & Student Development

The Counseling Office assists students in the selection of career and educational goals consistent with their interests and aptitudes. The counseling department is designed to complement the instructional department by providing specialized services, including testing and counseling on personal problems which may affect a student’s progress in college. Counselors are available to assist students in developing an educational plan to achieve their stated goal. If a student has not identified a career goal, the Career and Job Services Center can help them through the decision making process. Counseling services are available Monday-Wednesday 8 a.m.-7 p.m., Thursday, 8 a.m.-5 p.m. and Friday, 8 a.m.-4:30 p.m. Call LAC (562) 938-4560 or 938-4561 or PCC (562) 938-3920.

The Counseling Office also provides Online Counseling as a flexible alternative to meeting with a counselor. Visit the Online Counseling website at https://onlinecounseling.lbcc.edu or access it directly from the LBCC website at http://www.lbcc.edu and click Online Counseling. Not all counseling services are available online.

Campus Child Development Center

Child-care services make attending classes more convenient for many students. Quality care is available for children between 2-5 years of age (before kindergarten entrance). Both campuses have child-care facilities. The facility used is NOT dependent on the location of classes. The Centers are open Monday-Friday 7:00 a.m.–5:30 p.m. For information about fees, space availability and parent responsibilities, contact the PCC Center at (562) 938-3079 or 938-3080 and/or the LAC Center at (562) 938-4253 or 938-4703.

Transfer Center

The Transfer Center offers assistance to those in the process of transferring to a four-year college or university. Online Application assistance is available for CSU, UC, and private universities. Services available include university appointments, university tours, transfer fairs and transfer workshops. Students may schedule for university appointments and transfer workshops with transfer representatives from a variety of four-year public and private colleges and universities. The Transfer Center is open Monday and Tuesday from 8:00 a.m.-7:00 p.m., Wednesday from 8:00 a.m.-7:00 p.m., Wednesday 8:00a.m. to 6:00 p.m., Thursday from 8:00 a.m. to 4:30 p.m., and Friday from 8:00 a.m.-4:00 p.m. There are centers on both campuses; at the Liberal Arts Campus in A-156 and at the Pacific Coast Campus in GG-108. Appointments may be made at the LAC by calling (562) 938-4670 and at PCC by calling (562) 938-3910. Please visit our website at http://transfer.lbcc.edu.

Student Life

The mission of Student Life is to create, encourage, and support a positive collegial learning environment are enhanced. Various events and programs are scheduled on a regular basis which gives students the opportunity to become involved in campus life. These activities foster personal growth, social interaction, and cultural exchange. Other student programs also present opportunities for leadership development, shared governance, competition, and volunteerism.

The programs and services that make up the area of Student Life include the Associated Student Body Bank, Student Activities and Clubs, Intramurals and Student Conduct and Discipline. For more information on how Student Life can assist you, contact the Office of Student Life, which is located upstairs in the College Center (Building E) on the Liberal Arts Campus.

Career & Job Services Center

The Career & Job Services Centers at LBCC are here to assist individuals in their career planning and job search endeavors. This dynamic process is lifelong and can entail individual counseling or group counseling in a classroom setting.

The programs and services available to help in this personal exploration include: career assessments and counseling, an expansive career library, and a career lab equipped with computers, Internet access, and a VHS/DVD library of career related materials.

The opportunity to explore choices is what the centers are all about. The centers are staffed with counselors, career technicians, and student assistants who are available to assist you. The centers are located in Building E of the Liberal Arts Campus and the Pacific Coast Campus, AA-128 Administration building. For more information and hours, call: LAC (562) 938-4283 or PCC (562) 938-3915. You may also visit our website at http://careers.lbcc.edu.

Economic and Resource Development

Economic and Resource Development establishes, implements, and administers multiple economic development grants, contracts and workforce preparation projects from a variety of government and private funding sources to enhance the College's instructional programs and services to address regional workforce preparation needs. Economic Development projects focus on business expansion in six core industry clusters: small business development, international trade, information technologies, advanced transportation healthcare and green innovations. The grants and projects enable the college to enhance its full complement of services, including assessment, technical education, training in workplace skills, internships, apprenticeships, and customized training to meet business-specific needs.

Economic development refers to the activities that support the attraction, expansion and retention of jobs. Workforce development refers to programs and services, which prepare people for entry-level work and career advancement including technical preparation, basic skills and employability skill sets.

ERD develops and maintains collaborative partnerships between education and local industry, through industry advisory groups to ensure the College’s curricula meets and exceeds industry standards. The office offers professional development courses for the community at large, customized training for business and industry, technical assistance, GED testing and employee
assessment and skills development programs. For more information, please call (562) 938-5020.

**Women and Men’s Resource Center**
The center provides services and activities designed to help individuals pursue career and educational goals through the development of skill, capability and confidence. These services include: referrals to college and community resources, weekly educational workshops and seminars, support groups, crisis counseling, a student lounge and study area with a student dedicated computers and staff to provide individual assistance.

The Women and Men’s Resource Center is located on the Pacific Coast Campus in room DD142. For additional information, please call (562) 938-3987. Hours: Monday-Thursday 8:00 a.m. – 5:00 p.m., Friday 8:00 a.m. – 3:30 p.m.

**Student Health Services**

*Liberal Arts Campus - Pacific Coast Campus*
The program is supported by mandatory student health fees and most services are provided free of charge to enrolled students. Health services for students include physical exams and health assessments, treatment for episodic illnesses such as cough, cold, flu, headaches, bladder infections, simple ear & eye infections, sore throat, etc. Tuberculosis testing, screening for vision, hearing, blood pressure, glucose, and cholesterol is available by appointment. First aid and pregnancy testing is available on a walk-in basis. Immunizations such as Hepatitis B, Measles, Mumps, Rubella, & flu are available for a modest fee. Family planning services are available free of charge by appointment on both campuses through a collaborative agreement with Planned Parenthood. Sexually Transmitted Disease (STD) screenings are available free of charge through a collaborative agreement with the Long Beach Department of Health and Human Services. Dental cleanings, x-rays, and consultations are offered at discounted rates through a collaborative arrangement with a local dentist equidistant to both campuses. Dental referrals can be obtained from Student Health Services staff.

Health education and promotional activities are provided by Student Health Services on both campuses. Students under the age of 18 must provide consent for treatment signed by a parent or guardian. Consent forms are available on both campuses in the Student Health Services offices or from [http://studenthealth.lbcc.edu/](http://studenthealth.lbcc.edu/).

The mandatory student health fee also provides accident insurance for injuries that occur on campus or at college-sponsored events. Students needing to use the college student accident insurance coverage must contact Student Health Services as well as report the injury to the supervising instructor immediately. This accident coverage is secondary to any primary coverage available to the student and is subject to certain exclusions or limitations. In order to obtain the highest level of coverage students must be treated by approved physicians in the Anthem Blue Cross Prudent Buyer program. All claims are subject to a $50 deductible payable at the time of service.

The Health Services office on the Liberal Arts Campus is located in room Q120 and on the Pacific Coast Campus in Room AA101. For information or to make an appointment to see a nurse or a nurse practitioner call LAC (562) 938-4210 or PCC at (562) 938-3992. Hours of operation are:

LAC  
Monday - Thursday........8 am – 4:30 pm  
Friday .....................8 am – 12 pm

PCC  
Monday -Thursday........8 am – 4:30 pm  
Friday .....................8 am – 12 pm

**Psychological Counseling Services**

Counseling provides brief psychological counseling for students with personal problems. Services are available at both campuses. Personal counseling is provided by a clinical psychologist or LMFT. Sessions are strictly confidential. For additional information or to schedule an appointment, please call (562) 938-3922 at PCC. Visit our [website at](http://couns.lbcc.edu/personal_counseling/index.htm) [http://couns.lbcc.edu/personal_counseling/index.htm](http://couns.lbcc.edu/personal_counseling/index.htm)

**Campus Security and Crime Awareness**

It is the policy of the Long Beach Community College District to maintain a safe and secure environment for its students, staff, and visitors. Safety and security requires that everyone on campus be alert, aware, and responsible.

The Long Beach Police Department provides police services to the Long Beach Community College District through its City College Unit. The City College Unit is comprised of an assigned Lieutenant, four police officers, and 16 security officers that are assigned to both the Liberal Arts Campus and the Pacific Coast Campus.

**EMERGENCY SERVICES – 911 or 9911 from campus phones:**

Contact the Long Beach Police Department with any emergencies such as crimes in progress, medical aid, or any incident requiring immediate police/security response.

**GENERAL POLICE SERVICES – (562) 938-4910 or (562) 435-6711:**

Contact the Police Department for questions or problems regarding security, lost and found items, thefts or other crimes. The LAC office is located north of the Library in Parking Lot C. Business hours are Monday through Friday, 8am to 5pm. After business hours call the General Service number or 911 (9911 for on-campus phones) for an emergency.

**Evening Safety Escorts**

Escorts are available to students at both LAC and PCC. Students should call the City College Unit through the General Service number to arrange for an escort to meet them on campus.

**Parking and Traffic Regulations**

Parking permits are required for all Long Beach City College lots; that is, a current semester student parking permit or a daily permit. Student permits and daily permits do not authorize parking in staff or other
reserved areas except where posted otherwise. Parking is available on a first-come, first-served basis. Having a permit does not guarantee that a student will find a parking space near his or her class. At the LAC, there is additional parking in the Veterans Stadium Parking Lot. Parking permits are purchased each semester during registration at the time the College Services Card is purchased or may be obtained later at the Cashier’s Office.

These rules are enforced to ensure the rights of permit holders, as well as to provide for the safety of people and property:

Parking permits are **required at all times** in LAC and PCC parking lots. Parking permits are purchased each semester during registration. After registration, permits may be purchased from the Cashier's Office at either campus. For students who do not wish to purchase a semester parking permit, one-day parking permits are available at both campuses. Parking permit machines at LAC are located on the west side and center of parking lot J, and lots E, F, H and Veterans Stadium. The PCC Machines are located in lot 3 and lot 1. Meter Parking is available in Lot F, G, H, and on Lew Davis at LAC. Meters are available Lot 2 at PCC. There are also 30 minute visitor parking zones along the north curb of Carson Street for LAC.

Semester parking permits must be attached to either the rear view mirror so that it is visible from the front of the vehicle or on the lower left corner of the rear window (driverside). One-day parking permits must be placed in plain view on the vehicle dashboard with the permit facing upward. Students who are having difficulty displaying a permit should go to the College Police Trailer for assistance. Students driving a convertible-type vehicle can obtain a special convertible permit from the LAC College Police trailer, in lot ‘C.’ This special convertible permit can only be obtained after the purchase of a semester parking permit.

Student permits and daily permits do not authorize parking in staff or other reserved parking spaces except where posted otherwise.

Parking is available on a first-come, first-served basis.

All vehicles must be parked between the lines of a designated parking space only. Backing into parking stalls is not permitted.

A permit does not guarantee a parking space in the parking lot of choice. You are advised to allow ample time to find parking. At LAC, there is additional parking in the Veterans Stadium parking lot.

Citations are issued by the Long Beach Police Department to automobiles, motorcycle, and mopeds that do not display a properly placed, current parking permit. Students parked in staff or other specially designated areas will also be cited.

Students may not double park nor circle the parking lots to wait for a parking space.

No adjustments will be made for parking citations at the Long Beach Police Department - College Unit. Individuals wishing to contest citations must do so by following your instructions on your citation or by calling (562) 570-6822.

Motorcycles and mopeds are to be parked only in areas specifically posted for their use. Operators must purchase a current semester parking permit and keep it in their possession. Motorcycles and mopeds may not be driven on campus or parked on sidewalks. Violators will be cited.

Students, staff, or faculty with state-issued disabled placards are to park in the marked handicapped spaces. If a handicap space is not available, parking is allowed in any other student or staff space. Disabled permits are not valid in carpool or other reserved spaces.

Regulations pertaining to parking can vary from lot to lot. It is the responsibility of the driver to read the parking regulations that are posted at the entrance of each parking lot.

**Student Financial Aid**

Long Beach City College administers a comprehensive student financial aid program to assist students in meeting college costs. The amount of financial aid awarded varies from student to student, depending on the individual’s need and resources.

Financial aid awards are based on calculated financial need as determined by the Free Application for Federal Student Aid. The FAFSA may be completed on the Web at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Student budgets include educational expenses, such as tuition, fees, books, supplies, housing, food, transportation, child-care and personal expenses.

Financial aid recipients must adhere to the standards of progress of the financial aid programs.

**Federal Programs**

To be eligible for the federal Financial Aid programs, the student must be a U.S. citizen or an eligible non-citizen as defined by federal regulations.

Federal regulations also require financial aid recipients to either have graduated from high school or have completed a recognized equivalent (such as the California High School Equivalence examination or the GED). Those who do not meet the above requirements must pass a federally approved Ability to Benefit test through the Long Beach City College Assessment Center.

**Federal Pell Grants** provide federal grants that range from $400 to $5450, depending on the student’s financial need and enrollment status.

**Federal Supplemental Educational Opportunity Grants (FSEOG)** are federal grants that range from $100 to $1000 per year at Long Beach City College.
The Federal Work Study Program (FWS) provides part-time employment. Students are employed a maximum of twenty hours per week while school is in session. The pay rate for most Federal Work Study positions is currently $8.00 per hour.

The Federal Perkins Loan Program provides low-interest, long-term loans. No interest is charged, nor is repayment required while the borrower is enrolled in school at least half-time. Payments and interest of five percent per year begins nine months after the borrower ceases to be enrolled or is enrolled less than half-time.

The William D. Ford Direct Loan Program provides loans to students to be used for educational expenses. Freshman students may borrow up to $3,500 per year and sophomores (those who have completed 30 units) may borrow up to $4,500 per year.

FSEOG, FWS and Perkins Loans funds are limited and early application is strongly advised. Be sure to check the financial aid calendar published in the current schedule of classes for financial aid deadlines.

State Programs

Cal Grant A helps low- and middle-income students with tuition/fee costs at four-year colleges and universities. Grant recipients are selected on the basis of financial need and grade point average.

If you qualify for a Cal Grant A and want to attend a public community college first, the Student Aid Commission will hold the tuition/fee award on reserve until you transfer to a four-year school, provided you continue to qualify.

Cal Grant B provides a living allowance and tuition/fee help for low-income students. Cal Grant B’s may be used at community colleges, as well as at four-year schools.

Cal Grant C helps vocational school students with tuition and training costs. Recipients must be enrolled in a vocational program at a community college, independent college or vocational school, in a program of study from four months to two years in length.

The application period for all Cal Grants is from January 1 to March 2 for the following academic year. Application materials and help with filling them out are available in the Financial Aid Offices at LAC and PCC during the application period.

Important Financial Aid Dates

January 1st - The first day to apply for financial aid for the following fall.
March 2nd - The Cal Grant deadline.
May 1st - The first priority deadline for financial aid at http://www.fafsa.ed.gov as soon as possible.

For more information about the financial aid programs at LBCC and our office hours, visit our website at: http://finlbcc.edu. For further information and for help with the financial aid application process, come into the Financial Aid Office at LAC or PCC to speak with a Financial Aid Specialist.

Extended Opportunity Program and Services (EOPS)

The Extended Opportunity Program provides services and activities that are “over and above” what is traditionally provided to community college students. EOPS is designed to help low-income and educationally disadvantaged students have a successful college experience and complete their career goals.

The following services are provided by the program at Long Beach City College: priority registration, academic and personal counseling, peer advisement, study skills workshops, tutoring and financial assistance.

Students who would like to apply for the program must first complete the free application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov

EOPS Eligibility: Students must be California residents, not have completed more than 56 degree applicable units, be enrolled full-time, be eligible for the California Board of Governors’ Fee waiver (BOGFW-A or B) and meet the educationally disadvantaged criteria.

Cooperative Agencies Resources for Education (CARE): The CARE program provides support services to assist students in EOPS who are single head of household with children under the age of fourteen and recipients of Cal Works or GAIN. The objective of the program is to help eligible students complete college-level training and educational programs.

G. I. Bill

Generally, veterans’ eligibility for benefits expires 10 years after release from active duty. (Extensions are sometimes granted in cases of disability.)

Once a veteran has enrolled in classes, they must complete a request for VA Benefits, either at the PCC VA Office or it’s also available through our Lbcc.edu website under Financial- Veterans Affairs. Other information is available at the Veteran’s Affairs Office (in the administration wing at the PCC Campus).

G. I. Bill benefits will be paid according to the following schedule:

Regular Semester

<table>
<thead>
<tr>
<th>Payment Level</th>
<th>Minimum Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full payment</td>
<td>at least 12 units</td>
</tr>
<tr>
<td>3/4 payment</td>
<td>at least 9 units</td>
</tr>
<tr>
<td>1/2 payment</td>
<td>at least 6 units</td>
</tr>
<tr>
<td>1/4 payment</td>
<td>at least 3 units</td>
</tr>
</tbody>
</table>

*1/4 payment is not available in all programs and may not be advisable under certain conditions. Check with the Veterans Affairs office for more information, (562) 938-3929.

College Programs

Long Beach City College administers more than 1000 scholarships each year. These scholarships are funded by campus and community organizations, local
Disabled Student Programs and Services (DSPS)

DSPS provides many support services that enable students with disability related limitations to participate in the college’s programs and activities. They include:

1. Specially designated parking spaces.
2. Registration assistance for students unable to negotiate regular registration procedures.
3. Specialized academic, personal and vocational counseling.
4. Special equipment for campus use such as visual enlarging machines, a talking calculator, assistive listening devices, and adaptive computer equipment.
5. Services of the State Department of Rehabilitation, such as vocational counseling and guidance, training and job placement.
6. Specialized instruction for students with physical, learning, psychological and/or developmental disabilities.
7. Training in the use of assistive computer technology including access to the DSPS Adaptive Computing Lab.
8. Specialized services for the deaf and hard of hearing, including speechreading (lipreading) instruction, as well as the coordination of classroom interpreters for deaf students. Students who may need these services should request these services from DSPS prior to the beginning of classes.
9. Adapted physical education for physically limited students requiring specialized physical education.
10. Access to print in alternate formats.

DSPS is committed to the student with a disability and ensuring that students are able to participate in college programs and activities in the most integrated setting possible. For information or appointments, please call: LAC (562) 938-4558; PCC (562) 938-3921; (562) 938-4833 TDD. You may ask questions of a DSPS counselor online at https://onlinecounseling.lbcc.edu or from the LBCC website, http://www.lbcc.edu then click Online Counseling.

Civil Rights Compliance Statement

The Long Beach Community College District does not discriminate in its admissions, educational programs, activities or employment policies on the basis of race, religious creed, color, national origin, ancestry, gender, sexual orientation, age (over 40), disability, marital status, medical condition, or disability (mental and physical, including HIV and AIDS), other protected classes, or status as a Vietnam-era veteran, or obligations to the National Guard or Reserve forces of the United States.

The District is subject to Title VI and VII of the Civil Rights Act of 1964; Title IX of the Educational Amendments Act of 1972; the Rehabilitation Act of 1973, sections 503 and 504; the Age Discrimination Act of 1975; and the Americans with Disabilities Act of 1990.

The lack of English language skills will not be a barrier to admission and participation in the District’s programs. Anyone with a question or a discrimination complaint should contact the District Compliance Officer at (562) 938-4512.

Title IX. Prohibiting Sex Discrimination in Education

The Long Beach Community College District is committed to support all regulations under Title IX. “No person in the U.S. shall, on the basis of sex, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any operation of an educational institution that receives federal funds.” Anyone with a question or a discrimination complaint should contact the District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4512.

AB 1088 Mandatory Orientation: Sexual Violence Prevention

In compliance with Assembly Bill 1088, the Long Beach Community College District provides sexual violence prevention information to students during on-campus orientations, and posts this information on the campus Internet Web site www.lbcc.edu (follow links: Students, Health Services, Sexual Assault). This site contains valuable information about Ways to Avoid Rape, What to Do in a Risky Situation, and What to Do in Case of Rape.

If you are the victim of sexual assault on campus, immediately call the Long Beach Police Department unit at the college: 911 from a cell phone or 9911 from a campus phone for an officer response. You may choose to go directly to a hospital emergency room for medical care. In addition, the Sexual Assault Crisis Agency (SACA) provides several unique services including: an advocate to accompany you to the hospital, confidential individual counseling, support groups for survivors and families, and advocates to assist you in working with courts and law enforcement agencies.

LBCC Personal Counseling and Health Services are available on both campuses during business hours.

Counseling Offices: LAC Building A 938-4559 or PCC Building GG 938-3922.

Student Health Services: LAC Bldg Q120 near the Gym 938-4210, PCC Bldg AA114 near Administration 938-3992.

Sexual Assault Crisis Agency- 24 hour hotline (English and Spanish) 562-597-2002, 1703 Termino Avenue, Suite 103, Long Beach Ca 90804.
Americans with Disabilities Act of 1990
The Americans with Disabilities Act (ADA) of 1990 prohibits discrimination against people with disabilities in employment, public services including public and private transportation, public accommodations and telecommunications services.

Support services for students with a disability are provided through the Disabled Student Services Program. Anyone needing information about our services for students with a disability should contact this office at (562) 938-4558 voice or (562) 938-4833 TDD.

Anyone with a question or a discrimination complaint should contact the District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808 at (562) 938-4512.

Sexual Harassment Policy Statement
The Long Beach Community College District provides an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal statutes. Sexual harassment includes a prohibition against sexual harassment, gender harassment, and harassment based on pregnancy, childbirth, or related medical conditions. Sexual harassment is a violation of an individual’s civil rights and will not be tolerated.

Individuals with questions and/or a sexual harassment complaint should contact the District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808 at (562) 938-4512.

Section 504, Rehabilitation Act
In compliance with Section 504 of the Rehabilitation Act, the District has developed a Disabled Student Services Program headed by Mark Matsui. He is located at 4901 E. Carson St., Long Beach, CA 90808. Anyone needing information about our program for students with a disability should contact this office at (562) 938-4558 voice or (562) 938-4833 TDD.

The Long Beach Community College District encourages the full participation of students with a disability in regular classes. The college offers support services to provide students with an equal educational experience. Disabled Student Services provides sign language interpreters, note-takers, readers, disability related counseling, test-taking accommodations, speech services, adapted equipment and a variety of other services.

Anyone with a question or a discrimination complaint should contact the District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4512.

Declaracion de Cumplimiento de los Derechos Civiles
El distrito de la universidad de la comunidad de Long Beach no discrimina en sus normas de admisión, programas educativos, actividades o regulaciones de empleo en lo referente a raza, edad (más de 40 años), sexo, religión, ascendencia, color, nacionalidad, incapacidad, condición médica, estado civil, orientación sexual o por ser veterano de la guerra de Vietnam o por tener obligaciones con la Guardia Nacional o con las Fuerzas de Reserva de los Estados Unidos. El distrito está sujeto a los artículos VI y VII del Acta de 1964 de los Derechos Civiles, el artículo IX de la Enmienda Educativa de 1972, el Acta de Rehabilitación de 1973, secciones 503, 504 y el Acta de Americanos con Incapacidades de 1990.

La falta de conocimiento de la lengua inglesa no será una barrera para la admisión y participación en los programas del distrito.

Para hacer preguntas o presentar quejas por discriminación, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4512.

Artículo IX Prohibición de Discriminación Sexual en la Educación
El distrito de la universidad de la comunidad de Long Beach está comprometido a apoyar todas las regulaciones del artículo IX que especifica que: “Ninguna persona en los Estados Unidos, por condición de su sexo, podrá ser excluida de participar o serle negados los beneficios o ser sujeta a discriminación en ninguna actividad que se lleve a cabo en una institución educativa que reciba fondos federales.”

Para hacer preguntas o presentar quejas por discriminación, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4512.

Americanos con Incapacidades–Acta De 1990
El Acta (ADA) de 1990 de Americanos con Incapacidades prohíbe la discriminación contra personas con incapacidades en el trabajo, servicios públicos incluyendo transportes públicos y privados, alojamientos públicos y servicios de telecomunicación.

Se proveen servicios de ayuda para estudiantes con incapacidades mediante el Programa de Servicios Para Estudiantes Incapacitados. Para informarse de estos servicios, llame al (562) 938-4558 (Voz) o (562) 938-4833 TDD.

Para hacer preguntas o presentar quejas de discriminación, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4512.

Declaracion de las Normas sobre Acoso Sexual
El distrito de la universidad de la comunidad de Long Beach provee un ambiente para la educación, el empleo, y el trabajo que no permite insinuaciones sexuales no sollicitadas, peticiones de favores sexuales, u otra conducta verbal, visual o física, o comunicaciones que constituyen el acoso sexual que se define y se prohíbe en los estatutos estatales y federales. El acoso sexual incluye la prohibición de acoso sexual, el acoso basado en el sexo de la persona, en el embarazo, en el parto, o
en condiciones médicas relacionadas con ellos. El acoso sexual es una violación de los derechos civiles del individuo y no será tolerado.

Para hacer preguntas o presentar quejas por discriminación, pueden comunicarse con Irma Ramos, District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4095.

**Seccion 504, Acta de Rehabilitacion**

De acuerdo con la Sección 504 del Acta de Rehabilitación, el distrito ha desarrollado un programa de servicios para los estudiantes incapacitados, dirigido por Mark Matsui. Él está localizado en 4901 E. Carson St., Long Beach CA 90808. Cualquier persona que necesite información acerca de nuestro programa para estudiantes con incapacidades puede ponerse en contacto con esta oficina al (562) 938-4558 voz o (562)938-4833 TDD.

El distrito de la universidad de la comunidad de Long Beach anima a los estudiantes con incapacidades a que participen completamente en todas nuestras clases. La universidad ofrece servicios de apoyo para dar a los estudiantes una experiencia educativa completa. Los servicios para estudiantes incapacitados ofrecen intérpretes de lenguaje por señas, ayudantes que toman notas, lectores, consejeros sobre incapacidades, acomodación para tomar exámenes, servicios de dictación, equipo especiales y otros varios servicios.

Para hacer preguntas o presentar quejas por discriminación, pueden comunicarse con el District Compliance Officer, 4901 E. Carson St., Long Beach, CA 90808, (562) 938-4512.
Libraries
Libraries at each of the two main campuses serve as vital information centers. The collections include books, electronic books, periodicals, DVD’s, CD’s, and other video and audio recordings, carefully selected to support the curriculum and information needs of the community of learners. The library website provides a portal to valuable resources, such as the online catalog, electronic databases, reliable websites, and instructional materials, accessible on campus and remotely over the Internet. During all hours the libraries are open, librarians are available to assist students in person and via E-mail and instant messaging. In addition, virtual-chat reference service is available over the Internet on a 24/7 basis. To help students develop information competency, the Library faculty at both campuses offer instruction in the form of courses, workshops, and orientations. For more information, please visit the Library website at http://lib.lbcc.edu.

Liberal Arts Campus

Academic Support and Development Department

PCC Multidisciplinary Student Success Center
Multidisciplinary Success Center (LL-206)
The multidisciplinary Student Success Center at PCC provides supplemental learning assistance, tutoring and adult basic education courses. Students in a variety of courses at LBCC can come to the Center to complete supplemental learning requirements for their classes. We also provide tutoring for English and Math classes. Students can also enroll in BAE 601 in order to brush up on their basic reading, writing and math skills, prepare for the LBCC placement. Students can enroll in this free, 0-unit course and begin our program at any time. Students can also earn a Certificate in Basic Skills for the Workplace with a minimum of 45 hours of coursework and demonstration of proficiencies in reading, writing and math skills.

The center is open Monday through Thursday 8am-9pm, Friday 8am-2pm and Saturday 10am-2pm (please check for summer hours). The Center is located on the 2nd floor of the Library/Learning Resources building (LL Building) at PCC. For further information or to learn how the center can meet your needs, please call (562) 938-3991.

CTE Center PCC (MM-112)
The CTE Center provides supplemental learning assistance, workshops and basic skills assessment and remediation for students in career technical Education programs at LBCC. Contextualized learning via trade-specific materials help students succeed in their classes and build necessary reading, writing and math skills for their chosen career program.

The CTE Center is located on the PCC campus in the II building, room 134, but provides services to students & faculty on both campuses. The center is open Monday through Thursday, 8a.m. – 5p.m. and Friday, 8a.m.-4p.m (please check for summer hours). For further information or to learn how the center can meet your needs, please call (562) 938-3125.

Learning and Academic Resources Department
The Learning and Academic Resources department offers a variety of programs to help students achieve their academic and occupational goals. For more information about LAR services, check the LAR web page at http://lar.lbcc.edu

Liberal Arts Campus
Pacific Coast Campus
L Building 2nd Floor   LL Building 2nd Floor
(562) 938-4474   (562) 938-3255
Hours: Monday-Thursday   8:00 a.m.-8:00 p.m.
      Friday   8:00 a.m.-2:00 p.m.
      Saturday 10:00 am.-2:00 p.m.

Learning and Study Skills
Skills to enhance learning, such as test taking and note taking, are taught in a variety of ways. Study skills assistance is offered through a series of free workshops. Learning skills are taught through individualized instruction or learning skills courses, such as LEARN11.

Media Materials
At the Liberal Arts Campus, LAR houses the collection for televised instruction courses which may be viewed in the Center. LAR also maintains a reserve section for instructors who would like to have media materials available for their students. A Multimedia Presentation practice room is available by reservation for students wanting to view and record their classroom presentations.

Tutoring
Free tutoring is offered in a variety of college subjects, including accounting, biology, chemistry, physics, foreign languages and math. Students work individually and in small groups. Interested students should inquire in person in L-203 at LAC or L211 at PCC, or by phone at (562) 938-4474.

Academic Computing Centers
Both Macintosh and PC computers, software, laser printers and Internet access are available to students in a large open-access computer lab in L251 at LAC. Interested students may obtain information about the lab policies and services by visiting the facility.
An open access computer lab with a mix of Macintosh and PC computers with laser printers and Internet access is available in LL216 on the Pacific Coast Campus. For information on the lab hours and policies, students may visit the lab.

**Instructional Technology Student Support Center**

A technology support center for students using multimedia technology as a component of their courses is available in L252 at the Liberal Arts Campus. Students can receive assistance with their computer-based projects. Macintosh computers with a wide variety of software are available. Web-based supplemental instruction is also available in the Center.

**Learning Assistance**

**Computer Proficiencies for Academic Success**

The Learning and Academic Resources department offers courses designed to teach students the technology skills they will need to succeed in their academic classes. Both introductory (CPAS 1) and advanced (CPAS 10) computer skills courses are offered. The department also offers a course designed to help students develop the skills necessary to be successful in distance learning classes (CPAS 805).

**Supplemental Instruction**

Supplemental Instruction (SI) offers organized group discussion sessions designed to help students master course concepts and improve relevant study skills in historically difficult courses. Regularly scheduled SI sessions are conducted by trained SI Leaders in selected course sections.

**Computer Applications & Office Technology Self-Paced Classrooms**

Instruction is offered in a supportive, multi-course environment to help students develop computer and office skills, build typing proficiency, and polish personal skills for employment. Register at designated times during the semester. Please see specific classes in the Schedule of Classes for dates of instruction. Students may enroll in one or multiple levels of a course in one semester depending on the time they have available.

**Computer Software Applications Instruction**

See CAOTC in courses of instruction. Courses include Microsoft Windows Operating System, Microsoft Office (two comprehensive levels that include Word, Excel, Powerpoint, Access, and the integration of those products), Microsoft Word for Office, Excel for Windows, Desktop Publishing-Small Business using Microsoft Publisher, Powerpoint for Windows, Access for Windows (two levels), Microsoft Outlook, Electronic Records Management (computer filing), Internet for Office and Personal Use, Discovering Computers, Financial Applications (TurboTax, Quicken, and QuickBooks), Data Entry (two levels), and Computer Transcription (creating documents from voice recordings using Microsoft Word).

**Office Skills Instruction**

See CAOTO in Courses of Instruction. Courses include Business Calculating Machines, Filing (two levels), Proofreading skills, Job Search Skills, Business Telephone Procedures, Business English, Professional Development, Customer Service, Call Centers, and Customer Conflict Management.

**Typing/Keyboarding Instruction**

See CAOTT in courses of instruction. Typing/Keyboarding courses in which students create office documents using Microsoft Word include Beginning Typing/Keyboarding, and Advanced Typing/Keyboarding. Computer Keyboarding (beginning level, includes number keypad) and Speed and Accuracy Building for Typists (intermediate level).

**Writing and Reading Center**

The Writing and Reading Center offers a wide range of beginning through advanced writing and reading courses taught by certificated instructors. These .5 unit courses are offered to help students improve their language skills. Additional instruction by trained peer tutors is also available. Reading courses include reading comprehension, phonics, spelling, and vocabulary development. Writing courses include writing, grammar, punctuation, and usage. Assistance is also available in techniques for writing research papers and the analysis of literature. A wide range of written and audiovisual materials are available for student use.

The Writing and Reading Center at the Liberal Arts Campus is located in D103 in the Mathematics Learning Center. Students can also use the computer labs for engineering courses, such as C++ and Engineering Graphics.

**Nursing and Allied Health Learning Center and Skills Lab**

**Liberal Arts Campus**

- The Nursing and Allied Health Learning Center provides supplementary material and skills practice for students enrolled in a nursing and/or allied health program. A variety of self-paced, print media, multimedia programs and skills equipment are available
- The Learning center is located in Room C201 and is open during posted hours. For additional information, call (562) 938-4299.
**Life Science Learning Center**

The Life Science Learning Center is a general study room hosting a collection of audiovisual and reference materials designed to help students master fundamental concepts taught in Biology, Anatomy, Physiology and Health Education courses. Activities are essentially student-driven with additional assistance provided by a knowledgeable staff member.

The Life Science Learning Center offers a “hands-on” learning experience through the availability of scientific models, bones, plant and animal specimens currently used in classrooms. Students may check out microscopes and various histology slides to review for exams and quizzes. Macintosh computers with CD-ROM drives offers ready-to-run software currently used in various classes. Students enrolled in specific courses may check out answer keys, sample tests and lecture outlines to prepare before class and to assess mastery of lecture topics. In addition, the center hosts a collection of reference books for use, in the Learning Center.

The Life Science Learning Center at the Liberal Arts Campus is located in room D214, on the second floor of the Science Building (D) facing Carson Street. Hours of operation are posted on the door and may vary each semester.

**Foreign Language Multimedia Learning Center**

**Liberal Arts Campus**

The Foreign Language Learning Center offers technological and linguistic support in a multimedia environment for students enrolled in foreign language classes. The Center also operates as an open access lab to support computer-assisted learning.

The Center is open Monday-Thursday from 8:00 a.m.-9:00 p.m., Fridays, 8:00 a.m.-3:00 p.m. For additional information, please call (562) 938-4331.

**Mathematics Learning Center**

**Liberal Arts Campus**

The Math Success Center provides supplemental learning assistance, tutoring, course material and computer access in an open, inviting, learning environment. Some Math classes require students to complete various supplemental learning assistance activities as part of their class grade. These activities can be completed at the Math success center at LAC under the direct supervision and interaction of Math faculty.

Additionally, the Center provides peer tutoring to students registered in any math course offered at LBCC. In addition, students can arrange to meet others enrolled in the same course for informal group study or a study room can be reserved. Chemistry and physics tutors are also available. Math faculty are on hand for supplemental instruction.

The Math Success Center houses state-of-the-art computers to provide students with a broad range of educational tools. With PC workstations, students can access a variety of software that includes word processing, graphics, spreadsheets, statistics, Geometers’ Sketchpad and Mathematica. Software is available that allows students to see filmed lectures on most math topics that are mentioned in their textbooks. DVD’s, CD’s and Videos are also available.

The Math Success Center is located in D103 on the first floor of the Math and Science Building near the corner of Clark and Carson Streets. Students may use the Math Success Center facilities on a Walk-in basis throughout the semester. They must register for M650 a 0 unit course, and be concurrently enrolled in any math course. **Hours of operation are from 7:00 a.m.-10:00 p.m. Monday through Thursday, from 9:00 a.m.-4:00 p.m. Friday, and from 10:00 a.m. - 4:00 p.m. Saturday.** For further information please call 938-4228.
Faculty Office Hours

All full-time faculty hold five regularly scheduled office hours per week. Ask your instructors for their hours and office location.

Class Syllabus

All faculty members are required to publish and keep on file in the division office a course information sheet (syllabus) for each course for each semester and distribute them at the first class meeting or no later than the end of the second week of class. The syllabus must contain grading standards for the course, a description of the means by which the course is to be taught (lecture, laboratory, outside assignments, etc.), attendance requirements, and office location and office hours. Other recommended items are examination dates, text assignments, an outline of topics to be covered in the course, and student learning outcomes.

Student Attendance

Attendance is the responsibility of the student. Students not attending the first class session may be dropped from the class at the discretion of the instructor. In the event of excessive absences, the instructor may drop a student from a course or may lower a student’s grade. Students who are absent in excess of 20 percent of the total class hours or for two weeks in a row may be dropped from class. The grade assigned by the instructor upon dropping a student for non-attendance shall be in accordance with Regulation 4020.3. Such students may be reinstated only at the discretion of the instructor for extenuating circumstances.

Extenuating circumstances shall be defined as reasons for absence beyond the control of the student. Typical examples of such circumstances would be extended illness, hospitalization, court appearances or death in the immediate family.

Auditing of Classes

An “auditor” shall mean a person who attends a course but is not regularly enrolled, and does not receive credit or a grade for the course. To be eligible to audit, a person must be currently enrolled in at least one other course.

Students may enroll as an auditor by permission of the instructor only. The participation in an audited class is subject to the discretion of the instructor. Students may audit a specific course only once and shall be limited to auditing two courses per term. Audited units shall be included in determining student unit load for financial aid, scholarships and athletic eligibility.

All official restrictions to enrollment shall apply to auditors, including placement and prerequisite requirements. Priority in class enrollment shall be given to students taking the course for credit. Auditors may enroll only after the conclusion of the open and “by petition” enrollment period and before the end of the fourth week of class for an 18-week course or equal percentage of the course length. The fee for auditing a class shall be in accordance with the California State code and any materials fees that are ordinarily required for the course. Students enrolled in classes to receive credit for ten or more units shall not be charged a fee to audit three or fewer units per semester. Fees are to be paid before auditing the course, and fees are non-refundable.

Auditors shall not be permitted to change their enrollment status in order to receive credit for the course. Regularly enrolled students may not change to audit status. Auditors shall not be permitted to earn credit by examination for an audited course.

Grading Regulations

Grading System - Final grades are issued after the end of the semester or summer session in which the class ends. Grades are accessible through the online self service system. The significance of grades is as follows:

- “A,” excellent; “B,” good; “C,” satisfactory; “D,” passing but less than satisfactory; “F,” failing; “W,” withdrawal; “MW,” military withdrawal; “P,” pass (at least satisfactory-units awarded not counted in G.P.A.); “NP,” no pass (less than satisfactory-units not counted in G.P.A.); “RD”, report delayed means a grade has not been submitted by the instructor. Courses numbered in the 600-band do not award a grade.

Make-Up Grades for Incomplete Work

Permission for making up incomplete work may be granted when unforeseeable emergencies and justifiable reasons cause the student to be unable to complete the academic work by the end of the course. It is the responsibility of the student to initiate the request for the incomplete, but the “I” grade is assigned at the instructor’s discretion.

The instructor gives the grade of “I” and indicates the grade to be assigned in the event the student does not complete the required work within the timeline given on the incomplete grade contract. The grade must be “A,” “B,” “C,” “D” or “F” except that “P” and “NP” grades may be assigned where the course provides for grading on this basis and the student has elected to be graded on the P/NP basis by the appropriate deadline. This grade shall be based on the total requirements for the course and a grade of “W” may not be assigned. Once an Incomplete is assigned by the instructor a student is not eligible to enroll in the same class until the incomplete is resolved.

Petitions to change these grades or to exceed the one-year make-up period must first be approved by the instructor and then submitted to the Grade Review Committee for final disposition.

Withdrawal - The grade of “W” shall be assigned for withdrawal from a class or classes in accordance with the schedule below for both a student-initiated withdrawal and instructor-initiated drop. One exception is when a student is required to leave a class for reasons of academic dishonesty; then a grade of “F” may be given. Another exception is for military withdrawal, in which an “MW” is assigned.
1. **Students withdrawing or being dropped** after the final limit for “W”’s must be assigned a grade of “A,” “B,” “C,” “D,” “E,” “MW,” “P” or “NP.” The grade assigned shall be based on the total semester requirements for the course.

2. **Full semester in length Classes** - If the date of last attendance is within the first two weeks of the class, the grade is not recorded. If the date of last attendance is between the beginning of the third week and the end of the deadline week, then the recorded grade must be a “W.” After the deadline week, a letter grade other than “W” must be assigned and must be based on the total course requirements. Classes that are less than full-term please see current semester class schedule for withdrawal deadlines.

3. **Students may petition for a “W” grade after the final limit for “Ws” only for extenuating circumstances beyond the control of the student, such as verified accident or illness. Petitions must be reviewed and approved by the Grade Review Committee.**

4. **Military Withdrawal** - The grade of “MW” may be assigned to students who are members of an active or reserve military service and who receive orders compelling a withdrawal from classes. Upon verification of such orders, the grade of “MW” may be assigned at any time from the beginning of the period that “Ws” may normally be assigned, through the end of the course. The “MW” grade shall in no way adversely affect a student’s academic record. The “MW” grade shall not be counted in completion ratio or GPA calculations. The grade of “MW” may be applied as appropriate retroactively to January of 1990.

5. **Grade Points**

A system of grade points is used to determine a student’s standing for graduation or transfer. Grade points are assigned to the respective grades as follows: for each unit of credit, the grade of “A” is assigned 4 points; “B,” 3 points; “C,” 2 points; “D,” 1 point; “F,” 0 points. P (pass) and NP (no-pass) units are not counted in one’s GPA.

6. **Change of Grades**

All grades are final in the absence of mistake, fraud, bad faith or incompetency.

A student who believes a final grade to be incorrect may file a “Request for Change of Grade” form obtained from the office of Admissions and Records. All requests for grade change should be made by the student, in writing, within two years after the end of the semester in which the grade was earned. In the absence of the instructor, the request shall be referred to the Grade Review Committee.

---

**Open Entry/Open Exit Courses**

Students completing 0-29 percent of the work or time required in an open entry/open exit course a grade will not be recorded. Students completing 30-74 percent of the work or time required will be assigned a “W” grade. The “Ws” will be included in completion ratio calculations. Students completing 75 percent or more of the work or time required will be assigned the grade earned, i.e., “A,” “B,” “C,” “D,” “F,” “CR” or “NC.” The exception to this is the grade of “MW.”

**Repetition of Courses**

Credit courses that may be repeated fall into two categories, those that may be repeated only once under certain conditions and those that may be repeated up to three times (meaning a course may be taken a total of four times).

A. **Unit credit is allowed only once.** No credit or grades shall be allowed for unauthorized repeats. All courses except those indicated in section B below, may be repeated only **once** and only under one of the following conditions:

1. A course may be repeated when a grade of D, F or NC has been recorded. The grade of the repeated course whether higher or lower, will be used for determining the grade point average. Unit credit will be based on the repeated grade only. The grade for the earlier course and the repeated course shall both be recorded on the student's permanent record, insuring a true and complete academic history.

2. A course may be repeated when a grade of B, C or CR has been recorded provided the district finds that the previous grade was the result of verified cases of accidents, illness or other extenuating circumstances beyond the student’s control. Students desiring to repeat a course under this section must have prior approval from the Grade Review Committee before reenrolling in the course. Application for such approval must be made in writing to the Dean, Admissions and Records, and must be supported by documentation that will verify the extenuating circumstances. A statement from the instructor of record (or department head if the instructor is unavailable) indicating that the recorded grade was lower than it might otherwise have been, had the extenuating circumstances not arisen.
3. A course may be repeated when a grade of A, B, C or CR has been recorded provided that a minimum of two semesters has elapsed since the student previously took the course for any course numbered 1-99, except for Directed Study. For all courses numbered 100 or higher, excluding 600 band courses, one semester must have elapsed. In either case, the District has determined the student would benefit by repeating the course in order to ensure that the student’s knowledge is current. For repeated courses in which a grade of A, B, C or CR or P has been recorded, the grade of the repeated course shall not be counted in calculating a student’s grade point average. The grade of the earlier course and the repeated course shall both be recorded on the student’s permanent record, insuring a true and complete academic history. Courses repeated under this criterion will not be used for determining financial aid, scholarship and/or athletics. Unit credit is allowed only once. Neither credit nor grades shall be allowed for unauthorized repeated courses.

B. Certain courses may be repeated up to a maximum of three times for a total of four enrollments regardless of the grades earned. These courses are identified in the college catalog and in the schedule of classes. All grades earned for the authorized repeats shall be counted toward the grade point average and are not subject to the repeat rules of Section A. These courses are designated by a suffix. The letters following the course number indicate the number of times the course may be taken: “AB” = twice, “AC” = three times, “AD” = 4 times. For example, Journalism 85AD may be taken a maximum of four times. All grades and units earned in these types of courses are counted.

C. Repetition of courses with a grade of A, B, C, or CR, and P shall be permitted when necessary to meet legally mandated training requirement(s), condition of continued paid or volunteer employment.

   Enrollment under this provision is limited. Documentation supporting the legal mandated training is required. Please submit the required documentation to the Admissions and records Office.

D. It shall be the student’s responsibility to ensure that the repetition of a course is authorized by these regulations. Any student who is determined to be repeating a course when not authorized to do so shall be administratively removed from the class.

E. Credit by examination is not subject to the course repetition rules.

F. Courses in the 600-number band (non-credit courses) are not subject to the course repetition rules.

**Academic Renewal**

The purpose of academic renewal is to disregard a portion of a student’s prior substandard academic work. Students wishing to disregard prior work must complete the Academic Renewal Petition and submit it to the Admissions and Records Office. Academic Renewal is subject to the following:

A. The student must have completed 24 units at Long Beach City College with at least a 2.0 cumulative GPA subsequent to the term to be disregarded.

B. At least (1) calendar year must have elapsed from the time grades to be disregarded were earned.

C. Courses to be disregard shall be on a semester (or term) basis. All courses in the designated semester will be ignored in determining the requirements for graduation, including GPA, field of concentration, honors, general education and units. Any courses thus ignored, which would otherwise meet a particular requirement, will have to be fulfilled by retaking a course or by other alternative educational means.

D. Only a maximum of two semesters (or terms) may be disregarded.

E. All courses shall remain on the official record. The transcript shall be appropriately annotated to indicate that academic renewal has been applied, including the specific semester(s) (or terms) that were disregarded.

F. Academic Renewal by Long Beach City College does not guarantee that other institutions will honor this action. It is the student’s responsibility to insure that his/her transfer institution will approve of academic renewal from Long Beach City College.

G. Once a certificate or degree is posted at Long Beach City College, academic renewal will not be available.

**Academic and Progress Probation**

A. A student shall be placed on probation whenever the student’s academic record indicates any of the following conditions:

1. The student’s grade point average falls below 2.0 (C) in all units graded over the 4.0 grading scale after the student has attempted more than 12 units at Long Beach City College.

2. After enrolling in a minimum of 12 units at Long Beach City College, the student has completed fewer than one-half of all units in which the student has enrolled as reflected in the academic record.

B. For the purposes of section A.2, the entries of W, NC, NP and I are counted as incomplete work while entries of A, B, C, D, F and CR and P are counted as complete.

C. Students on academic and/or progress probation shall be subject to Counseling Intervention. Counseling Intervention shall include the following provisions:

1. Meeting with a counselor in the Counseling Department, DSPS or EOP&S;
2. Completing a student “Strategy for Success” contract and/or an Education Plan;
3. Being limited to a maximum of 12 units each semester until the student is off probation; and
4. Completing the sequence of basic skills courses in the Education plan.

D. Any student on probation shall be reclassified as “satisfactory” whenever the cumulative grade point average reaches or exceeds 2.0 (C) and the ratio of units-completed to units-enrolled is one-half or better based on the number of units indicated in section A above.

**Academic and Progress Dismissal**

A student on probation for at least two semesters and who has not completed the Counseling Intervention and made up the deficiencies in the student’s academic record shall be dismissed.

Academic dismissal requires the student to complete at least three units during the semester with a semester grade point average of at least 2.0.

Progress dismissal requires the student to enroll in at least three units during the semester. If enrolled in 3 to 5.5 units, the student must complete all units. If enrolled in six or more units, the student must 80% of the course.

Academic and Progress dismissals are recorded at the end of the Spring semester.

**Readmission After Dismissal**

A dismissed student will not be readmitted to the college for at least one full year, consisting of Fall, Spring and Summer, unless the student has completed the Counseling Intervention and petitioned for readmission by the posted deadline in the Admissions and Records Office.

Students desiring to return after one year of dismissal must submit an application and a readmission petition to the Admissions and Records Office. The Readmission Committee reviews all petitions.

A dismissed student who is readmitted will be placed on probation and may be subject to further enrollment restrictions.

**Scholarship**

Long Beach City College acknowledges outstanding student scholarship in three ways: on the Dean’s Honors List, in the graduation ceremonies and through a scholarship honor society. “Outstanding Scholarship” is classified in the following ways:

1) Scholarship with Honors 3.500-3.749 GPA
2) Scholarship with Distinction 3.750-3.999 GPA
3) Scholarship with Great Distinction 4.000 GPA

**Dean’s List**

Students on the Dean’s List are recognized each semester on a posted list and with a personal letter. To be eligible for the Dean’s List, a student must meet the following requirements:

Either: All students with 12 or more units attempted* that semester with 75 percent or better overall completion ratio who maintain the necessary semester GPA to qualify for “outstanding scholarship” described above.

Or: All students with 6 to 11.9 units attempted that semester with both a 75 percent or better overall completion ratio and an overall cumulative GPA of at least 3.50 in 12 or more previously earned units (including the current semester at Long Beach City College) and who maintain the necessary semester GPA to qualify for “outstanding scholarship” described above.

*Note: Units attempted are classes with grades of “A,” “B,” “C,” “D” or “F.” A class taken for a grade of “CR,” “P,” “NC,” “NP” does not count in computing the number of units attempted.

**Scholarship Society (A.G.S.)**

Long Beach City College has two chapters of Alpha Gamma Sigma, the California Community College honor scholarship society. Students eligible for the Dean’s List are encouraged to apply for membership. Students with a 3.0 overall cumulative GPA in 12 or more units are also eligible for membership.

Kappa Chapter is located at the Liberal Arts Campus. Information and applications are available in Room M226. Delta Chi Chapter is located at the Pacific Coast Campus. Information and applications are available in the Student Affairs Office.

**Honors at Entrance**

High school graduates are accorded “Honors at Entrance” as a form of recognition for outstanding scholarship. To be eligible, the graduate must have earned a 3.5 GPA or better and must have matriculated to LBCC.

**Honors at Graduation**

Students graduating with outstanding scholarship are recognized during the graduation ceremony and in the commencement program. To be eligible for honors at graduation, a student must have a cumulative overall GPA based on all college work applied to the degree, no matter where completed, that qualifies for “outstanding scholarship” as described above.

**Course Credit & Class Preparation**

To earn one unit of credit in a lecture class, you must spend one hour each week, for 18 weeks, in a lecture class session. In addition, you are expected to devote a weekly average of two hours in outside-of-class preparation for each one hour of lecture class time.

To earn one unit of credit in a laboratory, demonstration or practice situation class, you must spend three hours each week, for 18 weeks, in a class session. Some additional outside-of-class preparation will be expected.

For work experience classes, one unit of credit represents 75 hours of paid employment or 60 hours of volunteer work per semester.
Pass/No Pass Courses and Grading

Some courses allow the student to change the grading option to Pass/No Pass instead of a letter grade. Students may change the grading base option online via student self-service, or by completing and submitting a Pass/No Pass form in the Admissions and Records Office. This process must be completed prior to the thirty percent point of the course. The deadline can be found in the class schedule.

Students are required to do all work assigned and take examinations as though they were getting a grade. To receive credit, a student must do the work equivalent to a “C” grade or better. Students seeking an associate degree are limited to 20 units on a pass/no pass grading basis. All courses not applicable to the degree (courses in the 800-band) shall be graded credit/no-credit.

Courses taken on pass/no pass grading basis do not affect the grade point average at Long Beach City College. The student should consult the catalog of the school to which she/he intends to transfer to determine its policy.

Maximum Student Unit Load

The full-time unit load definitions for a regular academic semester are as follows:

A. Minimum full-time unit load: 12 units
B. Normal full-time unit load: 15 units
C. Minimum full-time unit load: 18 units
D. Maximum full-time unit load with written permission: 21 units

For students with good academic standing, i.e., students who are not on any form of probation, the maximum full-time unit load definitions for any one or combination of summer terms are as follows:

A. Minimum unit load for full-time summer status: 6 units
B. Maximum full-time unit load: 10 units
C. Minimum unit load for half-time summer status: 3 units

The requirements by residency category are as follows:

A. Residents of California may enroll for up to the maximum full-time unit loads, as stated, during the academic year and summer school.
B. Non-residents (unless restricted by visa) may enroll for up to the maximum full-time unit loads, as stated, during the academic year and summer school and must pay non-resident tuition.

C. High School Students
During the academic year eligible high school students may enroll in a maximum of 6 units. See high school concurrent application form for specific requirements.

Waiver of Maximum Unit Load Limitation

A. A student may request a waiver of maximum unit load limitation, except for the summer session. Under no circumstances will a student be permitted to exceed the defined maximum unit load limitation with waiver. The determination to waive the maximum unit load limitation is the responsibility of the Counseling Department and will be made only for extraordinarily capable students of proven academic ability and excellent past academic performance.

B. To apply for a waiver, a student must meet the following regulations:

1. The student must be matriculated so that his or her college placement examination scores, transcripts of previous academic performance and other pertinent data are available to the counselor.
2. The student must apply to the Counseling Office for a waiver no later than two weeks prior to the first day of walk-in registration for the semester concerned. A waiver request after the two-week deadline requires the approval of the Dean, Counseling and Student Support Services.

C. The Vice President reserves the right to grant special waivers in unusual circumstances. Students enrolled in more units than permitted for his or her classification by these regulations will have his or her program of studies reduced to the applicable allowable maximum by the Dean of Admissions and Records or designated representative.

Credit by Advanced Placement

Long Beach City College recognizes the Advanced Placement Program of the College Entrance Examination Board. Students are required to order official copies of their College Board transcripts with the appropriate Advanced Placement scores and have the transcripts sent to Long Beach City College’s office of Admissions and Records. Course credit is granted for Advanced Placement examinations with a score of three, four or five in those instances in which the department concerned has determined that the material covered is comparable to a specific course offering within that department. Advanced Placement credit is granted for fulfillment of Long Beach City College degree requirements. However, when a student transfers to any other college or university, that institution routinely re-evaluates advanced placement units in accordance with its own internal policies. Thus, advanced placement units remain intact and do not transfer as Long Beach City College courses. Unless otherwise stated, credit is awarded for an AP test score of three, four or five. The number in parentheses after each course is the number of units awarded. Courses numbered 99 in the following table are elective credit.

Academic Policies

High School Articulation Project

Long Beach City College (LBCC) is involved in the High School Articulation Project, which is a joint program with local high schools primarily in the Long Beach Unified School District (LBUSD) and the Long Beach Regional Occupational Program (ROP). The aim of the High School Articulation Project is to assist students to move seamlessly from high school to LBCC. Students interested in completing articulated courses must adhere to the criteria set forth by both the LBUSD/ROP and LBCC faculty.

Students that have received a high school/ROP Articulation Certificate and/or have questions regarding current agreements must contact the Office of School and College Articulation at (562) 938-4469.

Credit by Examination

Credit by Examination is a provision whereby a student who is enrolled in the college and is in good standing may, with departmental approval, take an examination for credit in a specific course. The student must have completed at least 12 semester units at Long Beach City College and have the prior approval of the department head and school dean before being allowed to take the examination for credit. Exceptions to the 12-unit limitation must be approved by the office of the School Dean. For courses identified in the High School Articulation Project as eligible for Credit by Examination, the 12-unit limitation does not apply. In all cases, courses eligible for Credit by Examination will be determined by the department. It is up to the Department to determine how many times credit by examination is offered to an individual student per semester and how many times students are allowed to attempt to pass the exam.

1. In addition, the department concerned also determines specific standards of student eligibility.
2. The method of evaluation, including a copy of any written exam or a description of its contents, must be approved by the department and kept on file in the department and the office of the School Dean. For courses identified in the High School Articulation Project, a description of the contents of the examination, as developed and approved in the articulation process, must be kept on file in the department.
3. Students who take an exam for credit will be given the grade earned. For high school articulated courses, they will be given the grade earned or receive a "Credit" depending on the method of grading for the course; if they do not pass the examination, there will be no notation made on the transcript and no credit awarded. Units earned through Credit by Examination may not be counted toward the 20-unit residence requirement for the associate degree.
4. A fee will be charged to take Credit by Examination. The fee will be waived for participants in the High School Articulation Project.

Credit by Directed Study Program

The Directed Study Program provides challenge for the talented student. It allows the student in-depth study on any approved topic within a subject area. The following are the basic elements of the program:

1. Students must have earned at least a cumulative 3.0 (B) grade point average.
2. Students must have completed 24 units, at least 12 of which must be earned at Long Beach City College. Credit applied from other colleges must be supported by official transcripts on file with the Records Office.
3. Prior approval of the faculty mentor (the faculty member who directs the study), Department Head and School Dean must be obtained before commencing work on the project under the mentor’s direction. Failure to do so may result in denial of credit for the project.
4. Directed Study may not parallel or equate with work in an approved course within the department. It is expected that Directed Study is of an advanced nature and goes beyond the treatment in an approved course or series of courses. Work involving simply the production of a book report or term paper is not deemed an appropriate project.
5. While the student’s work is of an autonomous nature, it is expected the student will meet at regular intervals with his/her faculty mentor to discuss progress and seek guidance and direction.
6. The product of the directed study will be a written report or an equivalent project that demonstrates an amount of work equal to an approved course of the same number of units—54 hours of work for each unit of credit earned.
7. The project will be evaluated on a standard comparable to that used in the courses within the department granting the credit. The project will be evaluated by the faculty mentor and kept on file in the department office. The completed form will be forwarded through the approval process.
8. One to three units of credit will be granted upon satisfactory completion of a project. Each unit of credit shall be equal to 54 hours of work.
9. Units will be placed on the student’s transcript as Directed Study 99 in the subject matter area.
10. The student shall earn no more than six units in directed study courses.

The subject areas that currently are approved for Directed Studies are Anthropology, Art, Biology, Computer and Business Information Systems, Economics, English, Geology, Business International, Journalism, Political Science, Psychology, Social Science, Speech, and Theater Arts.
Transfer Credit from other Colleges, Universities and Institutions

It shall be the policy of the Long Beach Community College District to accept unit transfer credit from other appropriately accredited academic and professional institutions, provided that the student establishes residency at Long Beach City College, and satisfies any other curricular or academic limitations imposed by the District.

Responsibilities
A. The Vice President, Academic Affairs, shall be responsible for the establishment of appropriate standards for the acceptability of transfer credit.
B. The Dean of Admissions shall be responsible for the enforcement of the standards of acceptability and for maintaining appropriate records on all transfer credit.

Institutions Within the United States
A. Transfer credit, if otherwise appropriate, shall only be accepted from colleges and universities which have been properly accredited by one of the regional Associations of Schools and Colleges.
B. The acceptable accrediting associations are the Middle States Association of Colleges and Schools; North Central Association of Colleges and Schools; Southern Association of Colleges and Schools; New England Association of Schools and Colleges; Northwest Association of Schools and Colleges; and the Western Association of Schools and Colleges.

Foreign Institutions
Acceptance of transfer credit from foreign schools shall be subject to the student obtaining, or his or her own expense, a transcript evaluation from a Credentials Evaluation Service as designated by the Dean of Admissions.

Acceptable Credit
A. Only lower division credit will generally be accepted. An upper division course will only be accepted if the specific course is substantially the same as the corresponding course at Long Beach City College.
B. Second party credits will not be accepted. Example: School A, whose credits we would normally accept, has itself accepted credits from School B. We will not accept credits from School B through School A, but only directly from School B if otherwise acceptable.
C. Credits from other schools which are equivalent to one or more of our course offerings, or which may be used in lieu of one or more of our course offerings, may be applied to our degree and certificate requirements as if the coursework were taken here. If not equivalent, transfer credits may only be used for elective credit toward our degree and/or certificates.
D. Where equivalency of transfer credits is questionable, the Records Office shall solicit the assistance of the School and College Relations Office and the appropriate Instructional Dean or Department Head in determining whether or not a transfer credit is equivalent to our coursework.

E. Credit for six units, four in Physical Education and two in Health Education, will be granted to any student who supplies proper proof of at least one year of service in the armed forces of the United States.
F. No credit will be granted for seminars or other instruction conducted by private or public agencies even though the academic level can be shown to be equal to ours. Students in these situations may apply for credit by examination.

Statement of Policies for Transfer Credit, Advanced Placement and Credit by Examination for the Associate Degree Nursing Program

General Policy:
Candidates for transfer credit, Credit by Examination and Advanced Placement must meet the same general entrance requirements as all regular students at Long Beach City College. Acceptance into the Associate Degree or Vocational Nursing program is a prerequisite (see the curriculum guides in this catalog or in the Counseling Office for more specific information) for transfer, Credit by Examination and Advanced Placement.

Transfer Credit:
Credit for nursing courses taken at an accredited school of nursing (RN and VN) will be granted upon the following conditions:

1. Candidates must qualify for admission as listed in the general policy statement.
2. Candidates must be recommended by previous school of nursing.
3. Course work must have been completed within the last three years.
4. Credit will be given for science courses comparable to those offered at Long Beach City College or applicant must complete the following science courses at Long Beach City College:

   Anatomy 1
   Physiology 1
   Biology 2 – General Microbiology

4. Credit for General Education courses will be granted according to the college policy.

Advanced Placement:
Qualifying students will be granted Advanced Placement upon completing the following conditions:

1. All students must qualify for admission as listed in the general policy statement.
2. Request advanced placement in a specific course, in writing, within the first week of that course.
3. Achieve 75 percent on a written objective examination covering the material in that course.
4. Satisfactorily pass a clinical performance examination for that course.
5. Advanced placement for the clinical portion of a course is determined by the individual teaching team.
Advanced Placement: LVN to RN (Career Ladder)
Licensed Vocational Nurses seeking advanced placement into the Registered Nursing program are urged to review the curriculum guide in this catalog and is available in the Counseling Office.

Credit by Examination (Challenge Option):
Both Nursing Departments follow the college policy for granting Credit by Examination. Applicants with previous nursing experience must qualify for admission as listed in the General Policy statement.
Applicants with 12 semester units at Long Beach City College are granted credit upon successful completion of theory and practical examinations in the area they are challenging.
Applicants without 12 semester units at Long Beach City College will be allowed to proceed in the program after successful completion of theory and practical examination. To comply with college policy, the credit is withheld until 12 semester units are successfully completed.

Syllabi for nursing courses are available in the Learning Center for the School of Health and Science.

Credit for Vocational Cooperative Work Experience Education
Long Beach City College recognizes job experience as a valuable learning resource. The Vocational Cooperative Work Experience Education Program affords students the opportunity to earn college credit for learning, while working on their job.

Measurable learning objectives are created that the student must successfully accomplish prior to the completion of the semester. This process involves the employer directly and helps identify the program learning outcomes of the student employee. The work experience instructor visits each job site to validate the learning environment and working conditions and to ensure good communication between the employer and the college.

The student must enroll in two courses: The first course Work Experience (1-3 units) represents the actual “on-the-job” learning and does not involve class time. The second course is the coordination class, Work Experience Issues (1 unit), which meets once a week. The student will enroll in one class number which will automatically enroll him/her in both courses. The only exception to this is Fashion Design and Interior Design which do not have the Work Experience and Issues class combined under one class number. Students in these programs must enroll in two designated class numbers to be correctly registered.

Number of Work hours required for course units:

<table>
<thead>
<tr>
<th>Course Units</th>
<th>Paid Employment</th>
<th>Volunteer</th>
</tr>
</thead>
<tbody>
<tr>
<td>2 units Work Experience</td>
<td>75 hours</td>
<td>60 hours</td>
</tr>
<tr>
<td>3 units Work Experience</td>
<td>150 hours</td>
<td>120 hours</td>
</tr>
<tr>
<td>4 units Work Experience</td>
<td>225 hours</td>
<td>180 hours</td>
</tr>
</tbody>
</table>

While successfully completing both the Work Experience class and the Work Experience Issues class, a student may earn up to four units per semester, not to exceed a total of 16 units (or four semesters) at Long Beach City College. In some circumstances an exception to the General Repetition Rule may be made if only the two or three unit Work Experience class in a given discipline is offered. In this instance the student would be allowed to exceed the maximum four semester limit. It may be possible for the student to earn the maximum sixteen VCWEE units in the discipline in which the two or three unit classes are offered.

Students must enroll in a minimum of one additional course in the same discipline which the Work Experience/Issues is assigned.

International Students who want to enroll in Vocational Cooperative Work Experience Education must get a release from the International Student Office prior to enrolling in Work Experience. The office is located at the Liberal Arts Campus, building “E”, (Student Center). Telephone: (562) 938-4745

Vocational Cooperative Work Experience Education units meet eligibility requirements for veteran benefits, social security, and financial aid. Vocational Cooperative Work Experience operates without regard to race, age, sex, religion, color, national origin, handicap, sexual orientation, marital status, ancestry, medical condition (e.g., cancer related) or status as a veteran.

Additional information on the program and enrollment is available at the Cooperative Work Experience Education Office, located on the Liberal Arts Campus, building “F” Room 123, or by calling (562) 938-4938.

Credit for Educational Experience In Military Service
Long Beach City College presently requires three units in a combination of physical education and health education classes for the associate degree. Veterans may be granted these three units of credit toward graduation if they served on active duty for at least 12 continuous months. The student who needs these credits for a degree must have a copy of his/her DD-214 and file number from the Veterans’ Administration to request such credit. Please contact the Veterans Affairs Office at PCC for additional assistance.
If a veteran feels his/her military schooling provided sufficient knowledge in a particular subject area and this credit is needed for graduation or advanced placement, he/she should refer to the section, “Credit by Examination.” Each Department Head handles the particular subjects under his/her administration. Not all departments allow Credit by Examination so check the eligibility requirements carefully, then contact the Department Head involved to make the necessary arrangements for an exam, if permissible.

**Policy on Academic Honesty**

It is the policy of the Long Beach Community College District to establish an academic environment in which inquiry is nurtured, individual responsibility is rewarded and academic dishonesty, cheating and plagiarism are not tolerated.

**Academic Freedom**

In the spirit of academic inquiry and in keeping with the code of ethics adopted by the Academic Senate of Long Beach City College, it is the policy of the Board of Trustees that the professional staff shall be free to define and discuss relevant information and concepts in the classroom or any other appropriate forum and shall be free to select materials and methods of presentation.

**Policy on Open Courses**

It is the policy of the Long Beach Community College District that, unless specifically exempted by statute, every course, course section or class, the full time equivalent student (FTES) units of which are to be reported for state aid, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets course prerequisites.

**Creating a Collegiate Environment**

**In the Classroom**

Creating a proper learning environment is the cornerstone of getting a good education. Everyone at Long Beach City College is responsible for helping to create this environment, including students. Simple rules of courtesy apply.

1. **Respect for the Instructor** - This means arriving to class on time, not leaving early, bringing appropriate materials, not speaking with other students while a lecture is in progress, not bringing food or drink to the classroom, not being loud, boisterous or argumentative.

2. **Respect for Other Students** - This means not interfering with the rights of others to listen and participate, not being disrespectful, not using inappropriate language or harassing others in any way.

3. **Academic Honesty** - Lack of honesty in the classroom is considered a very serious offense. Any form of cheating on tests, turning in work which is not one’s own (plagiarism), talking during tests, furnishing false information to instructors or knowingly misrepresenting one-self to the college is grounds for disciplinary action. The consequences of cheating are severe and may include the possibility of expulsion.

5. **Instructor’s Rights** - An instructor has the right to remove a student from class at any time he/she considers a student’s actions to be interfering with a proper collegiate environment. The instructor may also refer the incident to the Dean of Student Affairs for disciplinary action as warranted.

6. **Student’s Rights** - All students have a right to due process. If classroom conflicts occur, discuss them with your instructor during his/her office hours. Additional resources for help include the Department Head, School Dean and Vice President of Student Support Services or Designee.

**On the Campus**

Like the classroom, creating a proper campus environment is also of great importance to assure academic and individual success. The Board of Trustees has established campus-wide standards of student conduct and simple campus rules, which are enforced at all times. These are particularly important in large common areas, such as the cafeteria, bookstore, vending, campus offices, College Center, Student Center, Activities Center, campus quads, athletic areas and other highly frequented areas.

**Standards of Student Conduct**

These standards of student conduct and disciplinary action for violation of rules were established by a student-college staff committee in compliance with section 22635 of the State Educational Code, printed and distributed for students’ information and guidance. Students shall respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the laws of the city, county, state and nation.

Student conduct at Long Beach City College must conform to district policy and regulations and college procedures. Violations, for which students are subject to disciplinary action, include but are not limited to the following:

1. Willful disobedience to directions of college officials (including faculty) acting in the performance of their duties.

2. Violation of college rules and regulations, including those concerning student organizations, the use of college facilities or the time, place and manner of public expression or distribution of materials.

3. Dishonesty, such as cheating or knowingly furnishing false information to the college.

4. Forgery, alteration or misuses of college documents, records or identification.

5. Unauthorized entry to or use of the college facilities.

6. Obstruction or disruption of classes, administration, disciplinary procedures or authorized college activities.

7. Theft or damage to property belonging to the college, a member of the college community on campus or at a campus activity or a visitor to the campus.

8. Disorderly, lewd, indecent or obscene conduct, including profanity.
9. Conduct which disrupts orderly operation of the college, or which disrupts educational activities of individual members of the college community including, but not limited to, the harassment of another member of the college community based on race, religion, national origin, gender, sexual orientation or any other legally protected status.

10. Use, possession, distribution or being under the influence of alcoholic beverages, illicit drugs or other controlled substances while on campus or in connection with college activities.

11. Assault or battery, abuse or any threat of force or violence directed toward any member of the college community or campus visitor engaged in authorized activities.

12. Possession, while on the college campus or at a college sponsored function, of any weapons (except by persons given permission by the superintendent-president or members of law enforcement agencies, such as police officers acting in their capacity as officers).

13. Possession of any article, not usually designated as a weapon, when used to threaten bodily harm.

14. Misuse of any computer technology, including equipment, software, network or Internet access. This includes non-compliance with any policy, regulation, rule or guideline developed by any segment of the College which relates to computer technology.

Campus Rules

1. Smoking is prohibited in all buildings.
2. Eating and drinking are prohibited in all buildings except where food is sold or is part of an approved and scheduled activity.
3. Gambling on the campus is prohibited. Gaming is restricted to the PCC Student Lounge and the LAC Activities Room.
4. Animals not indigenous to the campus grounds are not allowed on campus. Exceptions shall be made for certified companion animals and those animals previously approved by college officials for specific educational purposes.
5. Literature to be distributed must be approved in the Office of Student Life.
6. Children are not allowed on campus unless under the supervision of a parent/guardian or are officially enrolled in an approved college program. Children may not attend classes with a parent/guardian unless the course is specifically designed to include children. Children must be supervised so educational activities are not interrupted and may not be left unattended in common areas, such as the library, computer labs, cafeterias, quads or lounges.
7. Unauthorized vehicles (vehicles without a parking permit) must use visitor parking or purchase a one-day parking permit.
8. Students are required to be fully attired, including shirts or blouses and footgear.
9. Skateboarding, skating and bike riding are prohibited on campus grounds, officers will cite any violations.
10. The use of radios, electronic recording devices, tape or compact disc players without headphones is prohibited on campus except in connection with approved campus/classroom activities.
11. Electronic recording devices may not be used in classrooms without the permission of the instructor.

Summary Suspension

When serious violations of college regulations or procedures occur as a result of inappropriate student conduct, the college shall take immediate action to resolve the problem. This action may occur as follows:

1. Removal from Class by Instructor - Any instructor is authorized to remove a student from his/her class for the class meeting where the infraction occurs, as well as the next scheduled class meeting. The instructor shall immediately report the removal of the student to the Vice President of Student Support Services or designee, including the reason for removal, for appropriate action.

2. Summary Suspension by Administration - A summary suspension is an administrative action for the purpose of removing any immediate tension or threat to the well being of students and staff in order to assure that an appropriate academic environment exists. It is also for the purposes of further investigation of reported inappropriate conduct and to determine what disciplinary action, if any, is appropriate. The Dean of Student Affairs or designee may summarily suspend a student for good cause for a period of up to 10 instructional days to ensure that the intended purpose is served.

Disciplinary Action

Violations of the above regulations and rules subject students to the following types of disciplinary action, which are to be administered by the appropriate college authorities. These disciplinary actions are listed in degree of severity but not necessarily in sequential order. Disciplinary actions may be imposed singly or in combination. A student has the right to appeal any of the actions through established procedures of due process.

1. Warning - Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.

2. Reprimand - Notice to the student in writing that officially recognizes a violation of the standards of student conduct or campus rules. The reprimand admonishes the student to avoid future infractions in order to avoid additional formal action.

3. Probation - An official disciplinary action, which returns the offender to the college community on a promise of appropriate future behavior. Any violation of this promise mandates formal action.

4. Social Suspension - Social Suspension limits a student’s attendance on campus to scheduled classroom hours. Other privileges can be set forth in the Notice of Social Suspension for a specified period of time. The imposition of social suspension involves notification in writing of the reason for social suspension to the student(s) or president of the student organization involved.
5. **Disciplinary Suspension** - Disciplinary suspension follows a hearing based on due process of law. It shall be invoked by the college president, appropriate administrator, or other staff members designated by the president upon students for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action.

6. **Expulsion** - An expulsion is a long-term or permanent denial of all campus privileges including class attendance. The Board of Trustees may expel a student after a hearing by a campus body or upon recommendation of the Superintendent-President. Permanent expulsion and active prosecution shall automatically result for any student found to be in possession of a gun. Board action is not necessary in this instance.

7. **Restitution** - Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.
LONG BEACH CITY COLLEGE GENERAL EDUCATION PLANS
Academic Year 2010-2011

All students must consult a counselor when following Plans A, B or C

ALL INFORMATION CONTAINED HEREIN IS SUBJECT TO CHANGE WITHOUT NOTICE

PRIOR TO ENROLLMENT: at LBCC, students are encouraged to take the LBCC Assessment Test. Submit high school and college transcripts and any Advanced Placement (AP) test scores to Admissions and Records.

CHANGES TO THE GENERAL EDUCATION PLANS (The ABC Guide): The ABC Guide (this handout) is reviewed and updated annually by the Associate Degree/General Education Subcommittee (AD/GE) to incorporate curriculum changes and pertinent information. The ABC Guide is available in the LBCC Catalog, the Schedule of Classes, the LBCC Transfer Centers, and on the web at http://osca.lbcc.edu/gedplan.cfm. Students are responsible for securing an updated copy of the ABC Guide at the beginning of the fall semester. Due to printing deadlines, changes to the ABC Guide may be required after publication of the catalog. If the ABC Guide requires changes after catalog publication, the revised version will be posted on the web at http://osca.lbcc.edu/gedplan.cfm.

CERTIFICATION: The process whereby Long Beach City College approves lower-division general education coursework for CSU/UC transfer. Only courses taken from approved lists are eligible for certification of CSU GE-Breadth and/or IGETC. Long Beach City College requires that students must complete a minimum of 12 general education units in residence for certification of CSUGE-B (Plan B). For additional information on certification and residency for Plans A, B, or C, see the CERTIFICATION and RESIDENCY sections on the following pages.

ALTERNATIVE GENERAL EDUCATION PLANS: Consult a counselor to determine the best general education pattern for you.

CURRICULUM GUIDES: There are two types of curriculum guides; the LBCC Curriculum Guide and the Transfer Curriculum Guide. The LBCC Curriculum Guides contain information on specific fields of concentration and list courses required for the Associate Degree or certificate for that field. The Transfer Curriculum Guides contain lower-division major preparation courses required at specific CSUs, UCs, or privates. The information on the Transfer Curriculum Guide derives from various college catalogs and articulation agreements posted on the www.assist.org web site. To view the LBCC Curriculum Guides and/or the Transfer Curriculum Guides, visit the LBCC web site at http://osca.lbcc.edu. To view the most current articulation agreements, visit www.assist.org. The ASSIST database is the official repository of articulation and transfer for the State of California.

PRIVATE UNIVERSITY TRANSFER: Most private universities have specific lower-division and general education requirements. It is HIGHLY RECOMMENDED that students consult the catalog of the college/university to which they plan to transfer and meet with a counselor. Students may also find information for private universities through The Association of Independent California Colleges and Universities (AICCU) web site at www.aiccu.org. A counselor may assist students with developing a plan consistent with their educational goals. Students are advised to plan early so that they will be well-prepared at the time of transfer.

ASSOCIATE DEGREES (AA/AS)

These general education (GE) requirements are designed for students planning to obtain an Associate Degree. The GE requirement is only a component of the Associate Degree. Refer to “Degrees and Programs-Plan A” in the LBCC catalog for complete degree requirements.

NOTE: Effective Fall 2009, all California Community Colleges established new graduation proficiency requirements in Math and English. The new requirements are reflected below in the Plan A PROFICIENCIES section. These changes apply to all students who began courses at LBCC in Fall 2009 and students who may have a break in enrollment at LBCC who resume courses in Fall 2009 or later.

Associate Degrees (AA/AS) General Information

Preparing for Graduation: Fill out the “Application for Graduation” form and submit it to the Admissions & Records Office by the published deadline. Refer to the Schedule of Classes (http://schedule.lbcc.edu) and click the “Important Dates” link to view the actual deadline for each semester.

Dual Majors: See a counselor for information.

Additional Associate Degrees: Each additional Associate Degree requires twenty additional units at LBCC AFTER receiving the last degree AND completion of all degree requirements in effect at the time work for the second degree is started.

- PLAN A -

CALIFORNIA STATE UNIVERSITY (CSU GE-Breadth)

These requirements are designed for students planning to transfer to the California State University (CSU) System. Courses on this pattern are lower-division general education breadth requirements specific to the California State University System and used to obtain full or partial certification.

California State University
On-Line Application at www.csumentor.edu

Priority Application Filing Periods:
Fall Quarter/Semester: October 1 - November 30
Winter Quarter/Semester: June 1 - 30
Spring Quarter/Semester: August 1 - 30
Summer Quarter: February 1 - 28

**Check with counselor for open filing periods**

- PLAN B -

UNIVERSITY OF CALIFORNIA & CALIFORNIA STATE UNIVERSITY INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

These requirements are designed for students transferring to the University of California (UC) System OR the California State University (CSU) System. Courses on this pattern are lower-division general education requirements unique to IGETC and established by the UC and CSU. Students MUST meet with an LBCC counselor to initiate and complete the IGETC Certification process.

University of California
On-Line Application at www.ucop.edu/pathways

Priority Application Filing Periods:
Fall Quarter/Semester: November 1 - 30
Winter Quarter: July 1 - 31
Spring Quarter: October 1 - 31
Summer Quarter: (except Berkeley)
Spring Semester- UC Merced: July 1 - 31

**Check with counselor for open filing periods**
**PLAN A - ASSOCIATE DEGREES (AA/AS)**

- **CONTINUOUS ENROLLMENT AND CONTINUOUS ATTENDANCE**: CONTINUOUS ENROLLMENT is enrollment in and receiving a grade (A, B, C, D, F, P or NP) for at least one class per ACADEMIC YEAR (August to June) at LBCC or any other accredited higher education institution after being initially enrolled at LBCC. Students enrolled in non-credit courses may qualify for continuous enrollment if the course instructor has noted satisfactory progress in the class rollbook. For additional information, see Degrees and Programs section of the Catalog.

- **RESIDENCY**: For the field of concentration (LBCC Major), 50% of the requirements as defined by the appropriate curriculum guide must be completed at LBCC.

- **GRADE POINT AVERAGE (G.P.A.) REQUIREMENT**: For GRADUATION: Overall G.P.A. of 2.0 (“C” average) based on all grades from all colleges from which courses are applied to LBCC degree. Some fields may have additional G.P.A. requirements; check the appropriate curriculum guide.

- **CERTIFICATION**: Not applicable

- **UNITS**: FOR GRADUATION: Minimum of 60 AA/AS applicable units (courses numbered 1-599). Some fields of concentration may require more units; consult appropriate curriculum guide for information.

- **PROFICIENCIES**

  - **MATHEMATICS**: A qualifying score on the LBCC Assessment Test which places a student in MATH 37, 37H, 40, 45 or higher, or successful completion with a grade of “C” or higher in a college math course at the level of MATH 120 or 130A or 130 or higher.

  - **WRITING**: Complete ENGL 1 or 1H with a grade of “C” or better.

  - **READING**: Satisfying this proficiency may be achieved by any one of the following:
    - A qualifying score achieved through multiple LBCC assessment measures OR
    - Completion of READ 82 or 83 (“C” or better) at LBCC (courses taken at other colleges may be individually reviewed for equivalency by the English Department Reading Coordinator) OR
    - A Bachelor’s Degree from a regionally accredited college.

  - **INFORMATION COMPETENCY**: Information Competency replaced Computer Proficiency in Fall 2006. Information Competency is the ability to find, evaluate, use, and communicate information in all its various formats. It combines aspects of library literacy, research methods and technology proficiency. Students must complete ONE course from INFORMATION and ONE course from TECHNOLOGY: (courses must be completed with a grade of “C” or better)

**PLAN B - CALIFORNIA STATE UNIVERSITY (CSU GE-Breadth)**

- **CONTINUOUS ENROLLMENT AND CONTINUOUS ATTENDANCE**: CONTINUOUS ENROLLMENT is enrollment at an accredited college for at least one semester or two quarters in any one CALENDAR year (January to December) to insure catalog rights.

- **STUDENTS WHO HAVE NOT ATTENDED COLLEGE FOR A SEMESTER (NOT INCLUDING SUMMER) MAY STILL MEET THE REQUIREMENTS OF CONTINUOUS ENROLLMENT & CONTINUOUS ATTENDANCE, REFER TO DEGREES AND PROGRAMS SECTION OF THE CATALOG.**

- **FOR ADMISSION**: Generally, 2.0 overall G.P.A. in CSU transferable units. (LBCC courses numbered 1-99 are CSU transferable). Majors may require a higher G.P.A. (See application and major requirements for more information).

  - A grade of “C” or better is required for each class in Areas A1, A2, A3, & A4. The “C” grade must be equivalent to a 2.0 G.P.A. to qualify.

- **FOR ADMISSION**: Effective Fall 2005, the CSU requires the completion of a minimum of 60 transferable units for junior standing for students not eligible for admission to CSU from high school. LBCC courses numbered 1-99 will transfer to all CSUs.

  - A maximum of 70 transferable semester units earned at a California community college will be accepted by a CSU toward a Bachelor’s Degree.

**PLAN C - UC & CSU INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)**

- **CONTINUOUS ENROLLMENT AND CONTINUOUS ATTENDANCE**: required to insure catalog rights.

- **FOR ADMISSION**: A minimum 2.4 G.P.A. in transferable courses noted in LBCC catalog and schedule of classes. Some majors require a higher G.P.A. (See application and major requirements for more information). For CSU, see Plan B.

  - A grade of “C” or better is required in each class.

- **FOR ADMISSION**: The UC and CSU systems require a minimum of 60 transferable units for admission for students not eligible for admission from high school. All LBCC/UC transferable courses are listed at www.assist.org. Only 14 UC transferable units may be completed on a P/NP basis.

  - A maximum of 70 transferable semester units earned at a California community college will be accepted by the UC or CSU system toward a degree awarded by either system.

**FOREIGN LANGUAGE PROFICIENCY-IGETC AREA 6**: Those students using the IGETC for transfer to one of the campuses of the University of California must show proficiency in a foreign language. This requirement may be met by:

- Completion of two years of foreign language in high school with a grade of “C” or better, OR

- Performance on foreign language proficiency tests administered at a campus of the UC, OR

- Earning a score of 550 on an appropriate College Board Achievement Test, OR

- Completion of a second or more advanced level of foreign language course offered at LBCC: 

**NOTE**: Please check with a counselor regarding major admissions requirements.
2010-11 LONG BEACH CITY COLLEGE GENERAL EDUCATION PLANS

- PLAN A -

ASSOCIATE DEGREES (AA/AS)

GENERAL EDUCATION REQUIREMENTS

These are the General Education (GE) requirements for the Associate Degree at LBCC. A minimum of 25 GE units is required in Plan A for the A.A. degree. A minimum of 19 GE units is required in Plan A for the A.S. degree.

ENGLISH COMPOSITION

One Class Required (3 Units Minimum)

ENGL: 1, 1H

COMMUNICATION AND ANALYTICAL THINKING

One Class Required (3 Units Minimum)

BIO: 1A*, 1B*, 2*, 5*, 11, 20*, 20H*, 22, 25, 30*, 41,
41H*, 41L*, 60*, 60L*, 61
PHYSI: 1*

FOR CSU ADMISSION:

• 60 CSU transferable units
• 30 units of GE (part of 60 units)
• Areas A1, A2, A3, and B4 with a grade of “C”/* or better
• 2.0 overall minimum transfer GPA for non-competed majors (actual competitive GPA could be higher)

- PLAN C -

UC & CSU

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

This plan enables a student to fulfill the lower-division general education requirements for either the California State University (CSU) OR University of California (UC) systems. A ”C” grade minimum is required for each course.

Area 1A--One Class Required for UC & CSU

ENGL: 1, 1H

Area 1B--One Class Required for UC & CSU

ENGL: 3, 3H, 4

Area 1C--One Class Required (CSU ONLY)

SP: 10, 30, 60

Area 2--One Class Required (3 Units Minimum)

MATH: 37, 37H, 45*, 47*, 50, 60*, 70, 80, 84
STAT: 1, 1H

Area 5--Two Classes Required (7 Units Minimum)

NOTE: ONE CLASS IN THIS SECTION MUST BE TAKEN WITH A LABORATORY. * DENOTES LABORATORY CLASSES.

One (3 Units Minimum) Class Required: Physical Sciences:

ASTR: 1, 1L*
CHEM: 1A*, 1B*, 2*, 3*

**Associate Degree and Transfer Programs**

In accordance with the Long Beach City College mission statement, our school offers three possible degree patterns. These three patterns are listed below as Plan A, B and C. If a student wants to select courses to prepare for a career immediately after graduation from Long Beach City College, he or she should choose Plan A. Under Plan A, a student can finish an Associate Degree and combine it with one of Long Beach City College’s Certificate Programs or prepare for transfer. Many employers prefer their employees to have both a degree and a certificate. If students are interested in an Associate Degree and a career, then Plan A should be followed. All students, however, should be aware that such a plan requires continuous enrollment. All students seeking such career goals need advice to achieve good results. To accomplish the most with your time in school, students are encouraged to meet with a counselor. Counselors know best how to combine a degree with a Certificate program.

If a student wants to complete an Associate Degree and transfer to a B.A./B.S. program, then the general education (G.E.) patterns Plan B and C should be followed. **Plan B will prepare students for transfer to the California State University System. Plan C will prepare students for transfer to either the University of California or the California State University systems.** It is imperative for students to see a counselor for use of this plan. Students may also choose to attend a private university or college, or they may wish to transfer out of state. If you have such plans, see a counselor or go to the Transfer Center. While the UC System requires continuous enrollment, the CSU adds a definition of continuous attendance for successful transfer. If students are careful in the courses they select, they will be able to complete an Associate Degree and a transfer program at the same time. The best way for a student to prepare such a program would be to make an appointment with a counselor. Long Beach City College’s counselors have a complete list of transfer requirements and can help to design the most efficient program to meet your needs.

Finally, the G.E. patterns listed as Plan A, B and C represent three different ways one can prepare for a degree. The plan best suited for you requires careful consideration. Long Beach City College Counselors have the knowledge you need to get the most out of your education. If a student wanted a program that combined a career, transfer and a degree, a counselor could show him/her how to achieve all three in the shortest amount of time. Therefore, making an appointment with a counselor as soon as possible is probably the first logical step everyone should take in their educational career.

**STUDENTS SHOULD BE AWARE THAT STARTING ONE PLAN DOESN’T PRECLUDE CHANGING TO ANOTHER. IT IS POSSIBLE TO CHANGE PLANS WITH PROPER COUNSELING.**

**STUDENTS SHOULD BE ADVISED THAT THE ASSOCIATE DEGREE COM PRIS ES TWO MAJOR COMPONENTS: A GENERAL EDUCATION PATTERN AND A FIELD OF CONCENTRATION. A TRANSFER PROGRAM COM PRIS ES THREE MAJOR COMPONENTS: ADMISSION REQUIREMENTS, A GENERAL EDUCATION REQUIREMENT AND A MAJOR FIELD OF PREPARATION.**

**Determination of Requirements to be Used for Certificates, the A.A./A.S. Degree and General Education Certification**

Students may be granted an A.A./A.S. Degree and/or be certified for general education based on the requirements in effect at any time between their initial enrollment at Long Beach City College and the present, provided continuous enrollment is maintained throughout. If continuous enrollment is not maintained, students may only use requirements in effect beginning with such time as continuous enrollment was established and maintained to the present.

**Definition of Continuous Enrollment**

“Continuous enrollment” shall be defined as enrollment in, and receiving a grade for, at least one class per academic year at Long Beach City College or any other accredited higher educational institution, after having initially enrolled at Long Beach City College. Continuous enrollment secures “catalog rights” for the student. **Catalog rights** are defined as guaranteeing students the specific degree requirements of the year they first enrolled. Continuous enrollment applies to all students interested in earning an Associate Degree or transferring to the University of California.

“Continuous Attendance” is a definition of enrollment that applies to those Long Beach City College students interested in transferring to the CSU system. Since the CSU system defines “continuous attendance” as enrollment at an accredited college “...for at least one semester or two quarters in any one calendar year,” transfer students must be careful to combine “continuous enrollment” with “continuous attendance.” The difference between these two definitions rests on how a school defines a “year.” Long Beach City College must use the academic year (fall and spring semesters) and the CSU system must use the calendar year (January to December). When students combine continuous enrollment and attendance definitions, they need to attend at least one class every semester until they transfer. Only this way can they secure their catalog rights. Because of the confusion these two definitions might create, Long Beach City College strongly recommends that all new students see a counselor.
Acceptable grades that will satisfy continuous enrollment are A-F, CR and NC. This policy is effective for students who established continuous enrollment at the start of the Fall 1983 semester or later. Coursework transferred from other institutions will be evaluated for satisfaction of all Associate Degree requirements, including the proficiency requirements and for certificates of completion. Military personnel who had to withdraw with grades of MW because of military orders will be given one academic year after the end of the military conflict to return to college without losing their continuous enrollment status and catalog rights.

**Students who encounter problems fulfilling both the general education and the field of concentration requirements in effect for any one year may appeal immediately to the Graduation Appeals Committee.**

### Dual Associate Degrees

Students seeking multiple degrees in the same term must meet the following requirements:

1. To obtain a dual degree students must complete a minimum of 80 semester units and a third degree would require a total of 100 semester units. Each additional degree would require an additional 20 semester units that are unique to the additional degree.

2. Fifty percent or 20 units (whichever is less) of the major requirements from the second degree must be distinct from the first degree. In addition to the above requirements, degree requirements, including degree residency requirements, scholarship, field of concentration, and general education and proficiency requirements must also be met.

### Post Associate Degree(s):

Students wishing to obtain an additional Associate Degree after they have received their first degree must obtain twenty additional units at LBCC after receiving the last degree. Degree requirements for an additional degree will start at the time the students enroll after receiving the initial Associate Degree. In addition to the above requirements, degree requirements, including degree residency requirements, scholarship, field of concentration, and general education and proficiency requirements must also be met.

### Philosophy of Education Leading to a Career, a Certificate of Achievement or a Certificate of Accomplishment.

Long Beach City College provides many opportunities for students to gain marketable skills. Critical thinking experiences are included as part of the training. Changing technologies have placed greater demands on workers and critical thinking skills are necessary for success in most occupations.

Occupational programs teach the theory and the practical applications of a career. The goal of an occupational program is gainful employment. The course of study for such a program will enable students to become familiar with the requirements and methods of an occupation to progress beyond an entry-level position. One of the college’s goals is to help students make informed career decisions.

A **Certificate of Achievement** is defined as a course of study consisting of at least 18 units; a **Certificate of Accomplishment** is defined as a course of study consisting of less than 18 units—both in a specific occupational area. Students must complete 50 percent or more of the total units required for a certificate while enrolled at Long Beach City College. For specific unit requirements, consult the program director. All **Certificates of Achievement and Certificates of Accomplishment** are reviewed by advisory committees comprised of representatives of the industry, students and faculty. This assures that programs meet the current and future needs of industry.

### Criteria

A goal of education leading to a career is to make occupations accessible to students. The elements of such an education include: understanding the origins, technology, skills and theories involved in that occupation. Part of any occupational program should include the ability for students to analyze changing conditions in their areas of employment. Finally, an understanding of how a career fits into the current economy helps students to find alternatives when their career changes over time.

### Philosophy of General Education

General Education takes its character from an extensive list of disciplines whose integration generates a broad field of common knowledge that is indispensable to students. General Education concerns itself with how disciplines form and reform their basic conceptualization and how these basic conceptualizations then link with one another to create this general field of understanding. In so doing, General Education justifies its course of study by the foundation of knowledge it imparts, which becomes an essential preparation for specialization as students move into their major fields of study. This ongoing process of forming, reforming, and integrating these basic conceptualizations allows students to achieve a synthesis of skills, comprehension, and information about oral and written communication, physical and natural sciences, humanities, the arts, and the social sciences, health, and wellness, and such process is contemporary with any age.

The disciplines that introduce students to the variety of courses through which people comprehend the past, present, and future world coincide with the general education courses that teach oral and written communication, the physical, natural, and social sciences, the humanities, arts, health, and wellness. These selections of classes reflect the conviction of Long Beach City College that those who receive an Associate Degree should possess in common certain principles, concepts, and methodologies of the various disciplines defined by this philosophy. The general education experience should enable students to use this knowledge when evaluating and appreciating the physical environment, the arts, various cultures that make up the world, and the society in which they live. Most importantly, since education is a life-long
process, general education should lead to better self-understanding and the capacity to adapt, respond, and grow in a changing world.

In its general education program, Long Beach City College strives to create coherence and integration among its separate requirements. Furthermore, through this program, the college involves students in examining the values inherent in proposed solutions to the major social problems that surround the average adult living within our society. Accordingly, Long Beach City College expects that those students who finish their general education requirements should have at their command the knowledge, skills, and perspectives common to all the classes taught as representative of the disciplines named above and should be evident in Long Beach City College’s Student Learning Outcomes at the course, program, and institution levels. This means that all general education courses should also be of an introductory or survey nature. In addition, a non-survey course may qualify as a general education course only if its student learning outcomes and content, as indicated by the course outline of record, is designed to substantially integrate the basic principles and methodologies of a discipline designated as introductory or survey.

Keeping these principles in mind, the faculty at Long Beach City College (LBCC) prepares its General Education lists by selecting courses that both prepare students for their majors and conform to a specific set of regulations that limit and shape the types of classes that can be submitted to our Curriculum Committee. Any course submitted for consideration must meet several conditions before it can receive General Education credit: first, this course must comply with the requirements set in Title 5 and the Chancellor’s Office of the California Community College System; second, this course must be consistent with the mission statement listed in the college catalog, which defines the educational goals of a specific community college; third, alignment with the College’s general education outcomes as these define the knowledge, skills, and values acquired by students who satisfy our general education requirements; fourth, such a course should be transferable to a four-year institution so that a student can earn an Associate Degree and prepare for the possibility of a Baccalaureate Degree without having to do extra work, even though the committee does review non-transferable courses for General Education credit; and fifth, if transferable, this course must meet the specific requirements for General Education as outlined in the executive orders and criteria set forth by the receiving four-year institutions. These requirements, as well as the definition of General Education offered above, determine what can be described as the “Philosophy of General Education” as offered by LBCC.

Accordingly, the conditions that define LBCC’s philosophy include our Mission Statement as found in our College Catalog, Title 5 and the Chancellor’s Office specific requirements as interpreted by the Office of Academic Services, Executive Order 1033 from the California State University (CSU) System, and the Intersegmental General Education Transfer Curriculum (IGETC) requirements, and yearly updated notes, that define the University of California (UC) and CSU common core curriculum for General Education. These six sources have limited and shaped General Education at LBCC throughout our history, and have led us recently to develop a strategy known as the A, B, C Plan.

The A, B, C Plan accomplishes all of the tasks set by our Missions Statement, general education outcomes, Title 5, the Chancellor’s Office, Executive Order 1033, and IGETC Requirements and Notes in a single stroke. The A, B, C Plan is found in the College Catalog, which sets forth how we define and distribute General Education courses to meet Associate Degree requirements while preparing students for transfer to the UC and CSU systems. The strategy behind the A, B, C Plan is to introduce students to the various disciplines identified in the definition of General Education as cited above, such as the arts, literature, the physical and natural sciences, history, the social sciences, health, and wellness, while also complying with those regulations that allow us to certify our students before they transfer.

The certification process lies at the heart of Plan B and C of the A, B, C Plan. Certification is defined as a process by which LBCC verifies that a student has completed all the General Education courses that are required by the CSU or UC system. The CSU certification process identifies 39 units prescribed by Executive Order 1033, which are distributed by discipline into broad areas defined as English Composition, Analytical Thinking, Communication Skills, Mathematics, Natural Science, Physical Science, Humanities, Arts, Social Science, and Lifelong Understanding and Self-Development. Following a similar category pattern, the IGETC allows LBCC to certify 34 units for the UC, but requires nine (9) extra units: three (3) of Oral Communications and six (6) of US History and Government to meet the CSU graduation requirements. When certification occurs, LBCC is in compliance with Executive Order 1033 and the list of instructions found in the IGETC Notes. In both cases, once certification has occurred, our transfer students know that their General Education requirements have been met, and that the receiving CSU or UC schools will not review these units. Hence, if we do our job well, our students will receive effective and efficient service.

Plan A is the list of requirements we offer in compliance with Title 5 and the Chancellor’s Office. Plan A sets the requirements for the Associate of Arts and Associate of Science Degrees. The unit requirements for these two degrees vary because the Associate of Science Degree accompanies programs that require so many units to complete their certificates and/or core major requirements that this science degree limits the General Education requirements to the minimum prescribed by Title 5. Accordingly, the Associate of Science Degree also is the one most commonly earned by our higher unit academic and career and technical education programs. Those students who complete the Associate Degree, and who later choose to transfer have to make up the difference in units between Plan A and Plans B or C when they
move to a four-year institution. Plan A, however, is designed so that a student may select courses to meet the Associate Degree requirements while completing as many units as possible that are also located on the CSU and UC patterns. Hence, all three plans are designed to complement each other and minimize the total unit load of our students.

Having met the requirements as set by Title 5, the Chancellor’s Office, and the receiving CSU and UC institutions, LBCC is then free to define what philosophy drives our General Education program. This philosophy and our Mission Statement shape what we, as professionals, believe define an educated person. Besides this philosophy and our Mission Statement, another major consideration that has determined courses selection for our General Education lists includes the strategy used to define our “breadth requirements.” The LBCC Committee on Curriculum and Instruction has created General Education lists that offer a broad exposure to the various disciplines to allow a student to develop some understanding of the whole range of human knowledge and creativity, while limiting course options on each list to create a sufficiently concentrated set of classes to produce a common focus to the educational experience. This doubled-edged strategy allows for an Associate Degree to represent both a common and a broad exposure to the general college curriculum. Hence, the General Education lists developed in this fashion allow all the disciplines to be represented, provide a variety of choices to appeal to individual student tastes, and yet restrict the selection sufficiently so that when students graduate from LBCC, they have had a common, high quality educational experience.

**Philosophy of General Education for Transfer**

Plan B will prepare students for transfer to the California State University system. Plan C will prepare students for transfer to either the University of California or California State University systems. Each plan is designed to achieve transfer in the most efficient way. At the request of the student, each plan includes the certification process that secures the total number of units that meet all lower division General Education requirements for both the UC and CSU systems. Certification also ensures these General Education course requirements so that no four-year institution in California or California State University systems. Each plan is designed to achieve transfer in the most efficient way. At the request of the student, each plan includes the certification process that secures the total number of units that meet all lower division General Education requirements for both the UC and CSU systems. Certification also ensures these General Education course requirements so that no four-year institution in the UC or CSU system may challenge these units.

The design of both Plan B and C matches the design of Plan A so that a student may transfer, earn an Associate Degree, and complete a career and technical education certificate all at the same time. To benefit from Plan B and C, a student should regularly consult with a counselor to select courses from a valid CSU or IGETC certification list that is annually updated. Thus, if a student regularly consults a counselor, develops an Education Plan, and carefully selects courses, he or she may accomplish several degree and career goals at once. In this fashion, the faculty of LBCC seeks to provide effective transfer under the Master Plan of 1960 and offer access to the job market in the most efficient manner possible.

**Career and Technical Education**

**General Education Strategy**

General Education that accommodates transfer is as much a part of career and technical education as the academic programs. Yet, the General Education requirements for career and technical education are different because of the way these courses fit into a career and technical education program. Career and technical education students need a general education program that prepares them for the workforce and/or transfer to a four-year institution. Such preparation has to take into consideration three basic facts: career and technical education programs are high-unit majors; the academic nature of general education needs to fit into a training program that prepares a student for work; and the quality and intensity of such college courses should help to build the scope of knowledge and self-confidence of a career and technical education student.

Since the certificates being offered assures an employer that a student is prepared to take up full-time employment in a skilled occupation, the average unit load for a career and technical education student usually exceeds 18 college credits. Also, since such education is taken at a two-year institution, the expectation is that a student will finish in a reasonable length of time. This expectation suggests that units taken above the certificate requirements should take into consideration the total time needed to complete both an Associate Degree and the certificate.

Many career and technical education students follow an educational career that reveals an awareness of the need for academic as well as professional training. The student begins class seeking a certificate, then shifts to seeking an Associate Degree, and finally discovers that they want to transfer to a four-year institution after he/she has begun a new job based on his/her career and technical education. Thus, the philosophy that shapes General Education at LBCC must have sufficient flexibility to meet all three factors.

**Criteria**

Since it is expected to produce the skills, methods or knowledge common to all, a course which satisfies the general education requirement should be of an introductory or survey nature. In addition, a non-survey course may qualify as general education if its course design incorporates a substantial integration of the basic principles and methodologies of the discipline in relation to the specific subject matter of the course.

**Plan A:**

**Associate Degree (Degree and/or Career Option)**

1. Students may use this plan to simply complete an Associate Degree.
2. Those students interested in preparing for a career upon graduation may use this plan by combining the Associate Degree with a Certificate Program.
3. This plan may also be used to combine a career, degree and transfer goals.
4. Students must maintain continuous enrollment and complete a field of concentration.
5. If you are considering transferring to CSU or UC and need additional units to complete the 18 unit general education requirement for Plan A, it is recommended that you select needed units from the CSU General Ed/Breadth or the Intersegmental General Education Transfer Curriculum (IGETC).
6. For the best program see a counselor.

Plan B:

General Education Certification Pattern for CSU Transfer and The Associate Degree
1. Students may use this program to combine the CSU general education requirements with an Associate Degree.
2. Those students interested only in transfer to a CSU can achieve that goal by following the certification pattern listed here.
3. To complete an Associate Degree with this program, a student must complete a field of concentration and the Associate Degree general education and proficiency requirements.
4. Students must maintain continuous attendance.
5. See a counselor to select courses which meet both CSU and Associate Degree requirements at the same time.

Plan C:

Intersegmental General Education Transfer Curriculum (IGETC) for the UC/CSU Systems and the Associate Degree
The Intersegmental Committee of the Academic Senates for the combined university and college systems in the state of California approved the Intersegmental General Education Transfer Curriculum (IGETC) which was implemented Summer 1991.
1. The IGETC is a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus.
2. The IGETC provides an option to the California State University General Education requirements and replaces the University of California Transfer Core Curriculum.
3. Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses at the community college fulfilling CSU’s General Education requirements or those of a particular UC campus.
4. To complete an Associate Degree with this program, a student must complete a field of concentration and the Associate Degree general education and proficiency requirements.
5. Students must maintain continuous attendance.

Plan A

Additional Graduation Requirements
1. Units - The Associate Degree requires a minimum of 60 units passed, including the field of concentration, required general education courses and free electives (if applicable) as defined in the college catalog. The curriculum guide for the field of concentration and the LBCC graduation requirements identify the exact number of units.
2. Scholarship - An overall grade point average (G.P.A.) of 2.0 (“C” average) based on all accredited college work that is applied to the degree, no matter where completed.
3. Residence - Either a.) a minimum of 20 units within the last 30 units of work applied to the degree must be completed at LBCC; or b.) at least 50 percent of the units required for the degree must be completed at LBCC.
4. Field of Concentration - Completion of 50 percent or more, in residence (which may include credit earned by exam, where applicable), of the requirements for the chosen field of concentration as defined in the appropriate curriculum guide. The field of concentration, the general education and the proficiency requirements must be those in effect for the same year. Per Title 5, section 55063 (a) (2) - Effective Fall 2009 – Students must complete each course counted toward the major or area of emphasis with a grade of “C” or better or “P” if the course is taken on a “Pass/No Pass” basis. Students who enrolled prior to Fall 2009 and who maintain continuous enrollment are not subject to the new minimum grade standards, but they must meet any minimum grade standards already established by the program as published on the appropriate curriculum guide.

Note: There is no “double-counting”—that is, courses required for the field of concentration may not also fulfill general education requirements, unless specifically noted.
5. General Education and Proficiency requirements - Refer to Plan A for the requirements in general education and proficiency in reading, writing, mathematics and information competency. The field of concentration, the general education and the proficiency requirements must be those in effect for the same year. A student may use a course to fulfill a general education requirement in effect at the time the course was completed, even though the course may have been subsequently removed from the list of approved general education courses.
6. Matriculation - Matriculation materials must be submitted to the Admissions and Records Office prior to the application for graduation.
Changes to the Associate Degree and Certificate requirements may be made after the printing of the catalog. Students should consult a counselor or the appropriate Associate Degree curriculum guide to determine the current status of degree requirements. Students who encounter problems fulfilling both the general education and the field of concentration requirements in effect for any one year may appeal immediately to the Graduation Appeals Committee. Completing the degree requirements is the responsibility of the student. These requirements become effective for students entering the 1992 Summer session. Students who entered Long Beach City College prior to the 1992 Summer session and who have been continuously enrolled may use the graduation requirements in effect at any time between their initial enrollment at Long Beach City College and the present.

“Continuous Enrollment” is defined as enrollment in, and receiving a grade for, at least one class per academic year at either Long Beach City College or any other accredited higher education institution, after having initially enrolled at Long Beach City College. Acceptable grades that will satisfy continuous enrollment are A-F, CR and NC. Students enrolled in non-credit courses may qualify for continuous enrollment if the instructor has noted their satisfactory participation in the class rollbook. This policy is effective for students who established continuous enrollment at the start of the Fall 1983 semester or later.

Coursework transferred from other institutions will be evaluated for satisfaction of all associate degree requirements, including the proficiency requirements, and for certificates of completion.

**Plan B**

**Additional Requirement Information for California State University**

1. To obtain a Bachelor’s Degree from any of the California State University campuses, students are required to complete a minimum of 48 semester units of general education courses in the following areas: Area A (9 units), Area B (12 units), Area C (12 units), Area D (12 units), Area E (3 units). Up to 39 lower-division units may be completed at and certified [see below] by California community colleges. Long Beach City College recommends the pattern of 39 lower-division units as listed in Plan B. After the student has transferred, the CSU campus will then specify a minimum of nine more upper-division units to be taken primarily in Areas B, C and D.

**Certification** means that LBCC will officially designate on transcripts sent to any CSU those general education courses, which have been completed, and then the CSU campus will accept those courses toward fulfillment of the breadth requirements. It is very important for students to consult with their counselor regarding the selection of courses from a valid list for certificate purposes.

2. No course may be used to fulfill more than one general education requirement. In most cases you may not use courses from your major department to also fulfill general education requirements (“double-counting”) unless the same course is required both in your major and in general education and no alternative is available.

3. All courses numbered 1-99 in the catalog will transfer to the CSU at least as elective credit.

4. Completing the general education requirements and the major requirements is the responsibility of the student.

**General Education-Major Requirements**

The Baccalaureate Degree has two major components: general education and a major field of study. The major allows one to concentrate in depth in a field of study. General Education, which should be done primarily at the lower division level (first two years of college), is designed to provide a common educational overview of the great accomplishments of humanity.

While attending Long Beach City College, students planning to transfer to the California State University system should follow the recommended pattern of general education-breadth requirements listed. (Note: Courses that fulfill these CSU requirements do not necessarily meet the requirements for the University of California system).

In addition, students should take the specific lower division courses required for their chosen major; these are listed on transfer curriculum guides available in the Counseling Centers. Careful educational planning will enable students to prepare for transfer and also complete the graduation requirements for an Associate Degree. Consult a counselor for assistance in correlating these requirements.

**Admission Requirements**

Students may apply to any of the 22 campuses of the California State Universities: Bakersfield, Channel Islands, Chico, Dominguez Hills, Fresno, Fullerton, Hayward, Humboldt, Long Beach, Los Angeles, Monterey Bay, Northridge, Pomona, Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, San Marcos, Sonoma and Stanislaus.

**Lower Division Transfers** - Undergraduate transfer applicants with fewer than 56 transferable semester units of study may qualify for regular admission if they are eligible as freshmen and have been in continuous attendance since high school graduation; or were eligible as freshmen except for the subject requirements and have completed appropriate college courses in the missing subjects (all transfers must have a 2.0 minimum grade point average and be in good standing at last college attended). Applicants not eligible as freshmen cannot be admitted as lower division transfers. They must establish eligibility by completing the requirements for upper division transfers.

Undergraduate transfer applicants with fewer than 56 semester units of transferable college credit, who have not completed the subject requirements, may do so by:
1. Completing appropriate courses with a “C” or better in adult school or high school summer sessions; OR
2. Completing appropriate courses in college with a “C” or better. One course of three semester (or four quarter) units will be considered equivalent to one year of high school study; OR
3. Earning appropriate scores on specified examinations.

Upper Division Transfers - Upper division transfers may qualify for admission if they have completed 60 transferable semester (90 quarter) units and have completed appropriate college courses to make up any missing college preparatory subject requirements. (It is also possible for an applicant eligible as a freshman to be admitted as an upper division transfer.)

The missing college preparatory subject requirements may be made up in the following ways:

1. Complete the missing subjects in ways specified for lower division applicants; OR
2. a) High school graduates prior to 1988: Complete with grades of “C” or better the CSU general education requirements in communication in the English language (9 units in Areas A1, A2, A3) and math (from Area B4); OR
   b) 1988 and later high school graduates: Complete with grades of “C” or better a minimum of 30 semester (45 quarter) units selected from courses in English, arts and humanities, social science, science and math of at least equivalent level to courses that meet general education or transfer curriculum requirements. Each student must complete all of CSU general education requirements in communication in the English language (9 units in Areas A1, A2, A3) and the general education requirement in math (from Area B4) as part of the 30-semester unit requirement.

Please consult with the Long Beach City College Counseling Department and Transfer Center regarding appropriate courses and tests to satisfy the subject requirements, as well as continuous attendance issues and criteria used to determine eligibility as first-time freshman.

Courses numbered 1-99 in the Long Beach City College catalog are transferable as general education and/or elective credit to the CSU. Students with 60 transferable units will be admitted as juniors. A maximum of 70 semester transferable units earned in a California community college will be accepted by a CSU campus towards the baccalaureate degree.

Some programs are impacted at various CSU campuses when the number of applicants received in the first month of the admission filing period is greater than the number of spaces available. For these programs, students are urged to consult with a Long Beach City College counselor to be aware of the filing deadlines and any supplemental admissions criteria.

Plan C

Additional Information for University of California

A student who plans to transfer to one of the nine campuses of the University of California system (Berkeley, Davis, Irvine, Los Angeles, Riverside, San Diego, San Francisco, Santa Barbara and Santa Cruz) is well advised to concentrate on university and college requirements and on available prerequisite and introductory courses required by the major. The specific UC requirement for American history and institutions is met by those students who have earned a grade of “B” or better in their high school history and government classes.

Courses acceptable at the University of California are identified as such at the end of each catalog description (see courses of instruction). A student may transfer up to 70 semester units from Long Beach City College.

Admission Requirements
There are basically three options by which a transfer student from Long Beach City College may meet University of California admission requirements. In all cases, transfer students who are California residents must have at least a “C” average (2.0) in all transferable coursework to be admitted to the University. Other requirements depend on whether a student was eligible for admission to the university when he/she graduated from high school. (Note: There are changes in the “A-G” subject requirements for students who graduated from high school June 1986 and later.) The options are as follows:

Option 1: If a student was eligible for admission to the university when he/she graduated from high school, that student may transfer at any time provided that a “C” average in transferable community college courses has been maintained.

Option 2: If a student was not eligible for admission after high school because subject requirements were not met, the student may take college courses in the subjects which were missed and transfer upon their completion. Students need a grade of “C” or better in each of these required courses and an overall “C” average in all transferable college coursework. If less than 12 semester or quarter units of transferable college coursework are completed, the examination requirements for freshman applicants must also be satisfied.

Option 3: If a student was not eligible for admission after high school graduation because they did not achieve the required score on the Eligibility Index and may also have lacked the required “A-G” subjects, the student must:

(1) Complete 60 semester units of transferable college credit with a grade point average of at least 2.4 and satisfy either (2) or (3) below.

(2) Complete appropriate college courses with a “C” grade or better in the “A-G” subjects that were lacking. (The university will waive up to two units, i.e., two academic years, of the required high school coursework except in math and English.)
(3) Complete with grades of “C” or better the following college courses:

(a) English: one transferable college course in English.

(b) Math: math courses equivalent to three years of high school math (i.e., elementary algebra, intermediate algebra and geometry); or one course in math or statistics for which intermediate algebra is the prerequisite (for applicants who graduated prior to June 1986, the math course must have elementary algebra as a prerequisite).

(c) U.S. history, lab science, foreign language: one transferable college course selected from these subjects. Students are advised to see a counselor to ensure they are following the correct academic program.

Private Colleges and Universities

Transfer Information

Private colleges and universities, often called independent institutions, offer a diversity of educational programs and opportunity. There are great differences in size, educational purpose and emphasis among the more than 50 independent colleges and universities in the state of California.

Long Beach City College has developed curriculum guides for many popular majors at nearby independent colleges and universities. The Library, Student Success & Transfer Services, and Career & Job Services also have complete sets of college catalogs for inspection and reference. It is advisable for students to write directly to the independent college or university for a catalog and information concerning their particular interest or major.

Transfer students who plan to attend a private college or university are encouraged to consult with a college counselor to plan their academic program.

Long Beach City College Certificate and Degree Programs

Long Beach City College provides students with an instructional program in higher education that may culminate in a Certificate of Accomplishment, a Certificate of Achievement, or an Associate Degree in Science or appropriate preparation for transfer to a four-year college or university.

Certificate (Achievement or Accomplishment) and/or Associate Degrees are offered in the fields of concentration on the following lists. The requirements for each field of concentration are listed on the curriculum guides available in the Counseling Center at the Liberal Arts and the Pacific Coast campuses as well as the LBCC Catalog.

In addition, a Curriculum Guide may be developed to meet the educational need of individual students that would include two or more appropriately related subject areas. Such an alternate plan requires the approval of the appropriate instructional dean and the Office of School and College Relations.

The notations used in the following table are:

T= Transfer Preparation – College courses in general education and the major taken during the freshman and sophomore years to prepare for transfer to a university (i.e. CSU-Long Beach, Chapman, UC-Irvine, USC, etc.)

A= Associate Degree – Two-year college degree awarded by Long Beach City College which includes general education courses and a major.

ACH= Certificate of Achievement – One to two year programs in occupational/technical areas at Long Beach City College which provide training in job skills and employment opportunities.

CERTIFICATE OF COMPLETION

NONCREDIT CERTIFICATE OF COMPLETION

The NONCREDIT CERTIFICATE OF COMPLETION is based on hours of instruction rather than on credit. The Noncredit Certificate of Completion was created in response to Senate Bill 361 (SB 361), which encourages California Community Colleges to offer certificates leading to improved employability or job opportunities.

Courses leading to a Noncredit Certificate of Completion are in the area of Career Development or College Preparation and must be part of one of the following: (1) a short-term vocational program with high employment potential; (2) a sequence of courses in (A) elementary or secondary basic skills including sequences of courses leading to a high school diploma; (B) workforce preparation in the basic skills of speaking, listening, reading, writing, mathematics, decision-making, and problem-solving skills that are necessary to participate in job-specific technical training; or (C) English as a Second Language (ESL) or Vocational English as a Second Language (VESL).

CERTIFICATE OF COMPLETION

ADVISORY GUIDE

Basic Skills for the Workplace (BAE)    College and Workforce Preparation
English for Every Day (ESL)           College and Workforce Preparation
The following Certificate and Associate Degree programs are offered by Long Beach City College. Please note that the information presented in this section for each of the LBCC Curriculum Guides represents only a portion of the complete LBCC Curriculum Guide available on the LBCC website due to space limitations. The information selected for the catalog, is comprised of the core curriculum most useful when registering for courses in the major. All other pertinent information regarding graduation proficiencies and general education is not presented in this section of all catalog but is available on the curriculum guides posted on the LBCC website. The information contained herein is subject to change without notice and/or may include clerical errors due to printing deadlines or format restrictions. If you become aware of inconsistencies between the information provided in this catalog and the information provided in other sources, please contact the appropriate department office for the specific majors. Your observations will help us provide the most current and accurate information possible.

A complete list of Curriculum guides is available at the following website: http://students.lbcc.edu. Click on Curriculum Guides heading located on the left side of the webpage.

---

**ACCOUNTING**

Certificate of Achievement and/or Associate in Arts

Students prepare for an entry-level position in the accounting office. Student is provided partial lower division preparation for the baccalaureate degree in Business Administration. This Certificate of Achievement will prepare students for a variety of entry-level accounting positions. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4328 or go to the department website @http://business.lbcc.edu.

**ADMINISTRATION OF JUSTICE**

Certificate of Achievement and/or Associate in Arts and/or Certificate of Accomplishment

Students are prepared for entry-level employment in the criminal justice system. Technical education courses prepare students in the concepts and methodologies of the disciplines. This program also provides partial lower division preparation for the baccalaureate degree in this field. This Certificate of Achievement will prepare students for an entry-level position in a variety of entry level employment opportunities within the criminal justice system such as Law Enforcement, Corrections, and the Courts. This Associate Degree will prepare students for career advancements in Law Enforcement, Corrections, and the Courts. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4399.

ADMINISTRATIVE ASSISTANT Certificate of Achievement and/or Associate in Arts or Certificate of Accomplishment

Students develop computer and interpersonal skills for an intermediate-level administrative assistant position: composing correspondence; compiling financial reports; coordinating workflow, appointments, and confidential data. This Certificate of Achievement prepares students for an intermediate-level position in a variety of office settings and serves as a foundation for specialization. This Associate Degree prepares students for career advancement once a certificate has been earned. For more departmental information call (562) 938-4904, email caot@lbcc.edu or visit http://caot.lbcc.edu.

REQUIRED COURSES
CAOTC 31A Microsoft Windows Operating System 2
CAOTC 39A Microsoft Word for Windows 3
CAOTC 41E Microsoft Excel for Windows 3
CAOTC 44D Microsoft PowerPoint for Windows 2
CAOTC 45 Internet for Office and Personal Use 2
CAOTC 47A Access for Windows, Beginning 3
CAOTC 215A Microsoft Outlook for Windows 3
CAOTC 15 Business Communications 3
CAOTC 214 Filing 1
CAOTC 216 Proofreading Skills 1
CAOTC 260 Business Telephone Procedures 1
CAOTC 261 Business English 3
CAOTC 262 Software Skills for the Workplace 1
CAOTC 272AD Work Experience-CAOT 3
CAOTT 202 Advanced Typing/Keyboarding 3
Subtotal Units 33

REQUIRED COMPETENCIES:

(1) Typing certificate of at least 45 words per minute for 5 minutes with 5 or fewer errors by the end of the program. (2) Ten-key certificate of at least 150 keystrokes per minute for 5 minutes with 5 or fewer errors by the end of the program.

Select any THREE (3) units from the following:
CAOTC 34 Introduction to Computers & Applications 3
CAOTC 35 Microsoft Office- Specialist 3
CAOTC 211 Discovering Computers 1
CAOTC 235 Microsoft Office- Expert 3
CAOTC 265 Computer Transcription 2
CAOTC 222 Job Search Skills 3
CAOTC 263 Customer Service 3
CAOTC 272AD Work Experience - CAOT 3
CAOTT 209AB Speed/Accuracy Bldg for Typists 1:1
Subtotal Units 3
TOTAL UNITS 36

Consult guides available in Counseling Centers for specific general education and required grades.
CERTIFICATES OF ACCOMPLISHMENT:

**Basic Business Communications Certificate**

**REQUIRED COURSES**
- CAOTC 39A Microsoft Word for Windows 3
- CAOTC 44D Microsoft PowerPoint for Windows 2
- CAOTO 15 Business Communications 3
- CAOTO 261 Business English 3
- CAOTO 262 Software Skills for the Workplace 1

**REQUIRED COMPETENCY:** Typing certificate of at least 35 words per minute for 5 minutes with 5 or fewer errors completed within the previous 12 months.

**ADVANCED TRANSPORTATION TECHNOLOGY**

**ALTERNATE FUELS**

Certificate of Achievement and/or Associate in Science or Certificate of Accomplishment

The certificate and degree programs will prepare students for an entry-level position as a light/medium and heavy-duty technician in such fields as car, bus, truck, and specialty equipment diagnosis and repair industry. Students prepare for a career in alternative fuel vehicle conversion, maintenance and repair using state-of-the-art equipment. Computerized engine management is emphasized. For more departmental information call (562) 938-3067.

**REQUIRED COURSES**
- AMECH 490 Introduction to Alternative Fuels 3.5
- AMECH 491 Heavy Duty Alternative Fuels 3.5
- AMECH 492 Heavy Duty Alt Fuel Diag & Repair 3.5
- AMECH 493 Alt Fuel Conversion, Diag & Repair 3.5

**Subtotal Units** 14

**SELECT ONE (1) class from the following:**
- AMECH 233 Auto Electrical & Fuel Systems 9
- AMECH 236 Automotive Emissions & Computers Control 9
- AMECH 438 Auto Emission Controls (F-night) 6
- AMECH 440 Automotive Computer Systems (night) 6
- AMECH 442 Automotive Fuel Systems (F-night) 6
- AMECH 444 Automotive Electrical Systems (night) 6
- DIESL 282 Cummins Four-Cycle Engine 10
- DIESL 289 Caterpillar 3406 AND 3116 10
- DIESL 293AD General Engines 4

**Subtotal Units** 4-10

**TOTAL UNITS** 18-24

**CERTIFICATES OF ACCOMPLISHMENT:**

**Advanced Transportation Technology—Light–Medium Duty Alternate Fuels Certificate**

**REQUIRED COURSES**
- AMECH 490 Introduction to Alternative Fuels 3.5
- AMECH 493 A/F Conversion, Diagnosis & Repair 3.5

**TOTAL UNITS** 7

**Advanced Transportation Technology—Heavy Duty Alternate Fuels Certificate**

**REQUIRED COURSES**
- AMECH 491 Heavy Duty Alternate Fuels 3.5

AERONAUTICS PROGRAM
AVIATION MAINTENANCE (Airframe/Powerplant Mechanic)
Associate in Science/ Certificate of Achievement/ FAA Certificate of Completion

Program Graduates fulfill the Federal requirements to take the FAA certification exams. Upon successful completion of these examinations, applicants may obtain Airframe and/or Powerplant (A&P) Mechanic Certificates. Excellent career opportunities exist in the fields of general, corporate, military, and commercial aviation.

UPON SUCCESSFUL COMPLETION OF THE LONG BEACH CITY COLLEGE AVIATION MAINTENANCE TECHNICIAN PROGRAM, THE GRADUATE WILL BE ABLE TO:

1. Exhibit sufficient knowledge to maintain, inspect, check, troubleshoot, service, and repair Airframe Systems & Components.
2. Exhibit sufficient knowledge to maintain, inspect, check, troubleshoot, service, and repair Powerplant Systems & Components.
3. Demonstrate the ability to perform the manipulative skills necessary to conduct Airframe maintenance operations.
4. Demonstrate the ability to perform the manipulative skills necessary to conduct Powerplant maintenance operations.

Pursuant to Title 14 CFR Part § 65.7(a) (2) Mechanics Eligibility Requirements: General, Applicants (Students) must be able to read, write, speak, and understand the English language. For more program information call (562) 938-3069 or go to www.LBCCAVIATION.COM

BIOLOGICAL SCIENCES
Associate in Arts or Science

This field of concentration provides the student with an introductory education to this field, not necessarily career related, ending with the associate degree, or a partial lower division preparation for transfer to a baccalaureate degree in the biological sciences. No certificates are offered in the Life Science Department. This Associate Degree will provide the student with an introductory education to this field of study, not necessarily career related, but ending with the Associate Degree or a partial lower division preparation for transfer to a Baccalaureate Degree in the biological sciences. For more departmental information call (562) 938-4957.

REQUIRED COURSES

Select courses from the following to total 18 units

Complete 9 - 12 units in courses from any of the following biological science programs:

- ANAT
- CHEM
- ENVRS
- PHYS

Subtotal Units  9-12

Complete 6 - 9 units in courses from any of the following physical science or mathematics programs:

- ASTR
- CHEM
- ENVRS [excluding all other Geography courses]
- GEOL
- MATH [excluding MATH 110, 805 and 815]
- Physical Science
- PHYS

TOTAL UNITS  18

BUSINESS ADMINISTRATION
(Transfer)
Certificate of Achievement and/or Associate in Arts

This field of concentration allows students to earn the Associate Degree while partially preparing them for transfer into the business administration major at a university. In addition, it prepares the student for an entry-level position in any business office. This Certificate of Achievement will prepare students for an entry-level position in a variety of business settings and will serve as a foundation for specialization. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4328 or go to the department website @ http://business.lbcc.edu.

TOTAL UNITS  23-26
### Business General

**Associate in Arts/ Certificate of Achievement**

This field of concentration is designed to acquaint the student with the business world in general. With additional course work, it can prepare students for either employment or further education. Students with definite career/educational goals are recommended to follow the appropriate curriculum guide for their specific field of concentration, such as Accounting or Business Administration (transfer), marketing, management, International Business, or Real Estate. This Certificate of Achievement will prepare students for an entry-level position in a variety of business settings and will serve as a foundation for specialization. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4328.

### Business Management

**Certificate of Achievement and/or Associate in Arts**

The certificate and degree programs prepare students for a wide range of entry and mid-level positions in business management. Students can enhance their skills in management by studying the internal and external forces that affect all organizations. With additional courses identified on a transfer curriculum guide for Business Administration, students can prepare for a baccalaureate degree in this field. For more departmental information call (562) 938-4328 or go to the department website @ http://business.lbcc.edu.

CHILD DEVELOPMENT
Associate in Arts

University Transfer: This field of concentration is designed for students who wish to transfer to a four-year degree program in Child Development or Early Childhood Education. If your objective is to transfer to a four-year degree program universities will only accept transferable units which means the LBCC course number must be from 1-99. Be sure to meet with an academic counselor before you begin your course of study. For more departmental information call (562) 938-4549.

REQUIRED COURSES  UNITS
- †CDECE 1 The Developing Professional DS3 1
- †CDECE 52A Preschool Techniques DS3 2
- †CDECE 45 Child Development DS1 or 3
- †CDECE 47 Human Development DS1 3
- †CDECE 53 Principles and Practices DS3 3
- *Socio 1 Introduction to Sociology 3
- *PSYCH 1 Introduction to Psychology 3
- Subtotal Units 15

Select TWO of the following courses Not all courses transfer to all universities. Be sure to see an academic counselor for specific transfer agreement before you choose.
- †CDECE 40 Infant Development and Educaring DS4 3
- †CDECE 41 Toddler Development and EducaringDS4 3
- †CDECE 48 Child, Family and Community DS2 3
- †CDECE 50 Intro to Curriculum for Young Child DS3 3
- †CDECE 59 Guiding Young Children DS3 3
- †CDECE 61 Teaching in a Diverse Society DS3 3
- †CDECE 66 Observation and Assessment DS3 3
- Subtotal Units 6

TOTAL UNITS 21

± These courses also apply towards a Program Certificate in Early Childhood Education offered at LBCC.

± This pattern of child development also applies toward a Child development Permit by the California Commission for Teacher Preparation and Licensing. This permit is required for employment in certain programs (Title 5).

CHILD DEVELOPMENT:
EARLY CHILDHOOD EDUCATION
Associate in Arts/ Certificate of Achievement or Certificate of Accomplishment

This field of concentration is designed for students preparing to work preschool children in group settings as an aide, teacher or center director.

For STATE MINIMUM REQUIREMENTS (Title 22): This program satisfies the State of California licensing requirement for employment in early childhood education programs (private, church, industrial, coop). The minimum Title 22 licensing requirement to work as a teacher is that six units be completed before employment and that an additional six units be completed immediately thereafter. It is recommended that the requirement for courses in DS 1* and DS 2* be satisfied with at least three semester units in each category.
It is also recommended that a minimum of six\nsemester\nunits be taken in the DS 3\*-Program/\nCurriculum with the\noption that if the person is working specifically with\ninfants or school-age children that they should apply three\nunits in DS 4 or DS 5 towards these six units. The DS\ndesignation can be found following the course title.

For CHILD DEVELOPMENT PERMIT - (formerly\ncalled Children’s Center Permit) (Title 5): The Early\nChildhood Certificate program, plus 16 units in general\neducation including one course in humanities, social\nsciences, mathematics, and/or science, and English, and\nan experience component, satisfies the requirements for a\nChild Development Permit required to teach in subsidized\nearly childhood education programs (State or Headstart\nprograms run by school districts). To Apply for\nyour state Child Development Permit call 562-938-\n4547 for an appointment. For more departmental\ninformation call (562) 938-4549 or visit\nhttp://childdevelopment.lbcc.edu.

**CHILD DEVELOPMENT: SCHOOL AGE CHILD CARE**

**Associate in Arts and/or Certificate of Achievement**

This field of concentration is designed for students preparing to teach in before-and-after-school aged child care programs. It also provides students preparing for a career as an elementary school teacher an opportunity to gain knowledge of the school-age child as well as effective curriculum and guidance methods. This Certificate of Achievement leads towards positions as aides, teachers, directors in before-and-after school programs or as recreation aides or leaders. For more departmental information call (562) 938-4549.

For **STATE MINIMUM REQUIREMENTS** (Title 22): This program satisfies the State of California licensing requirement for employment in early childhood education programs (private, church, industrial, coop). The minimum Title 22 licensing requirement to work as a teacher is that six units be completed before employment and that an additional six units be completed immediately thereafter. It is recommended that the requirement for courses in DS 1* and DS 2* be satisfied with at least three semester units in each category.

For **CHILD DEVELOPMENT PERMIT – SCHOOL AGE EMPHASIS** (formerly called Children’s Center Permit) (Title 5): The School Age Child Care Certificate program, plus 16 units in general education including one course in humanities, social science, mathematics, and/or science, and English, and an experience component, satisfies the requirements for a Child Development Permit—School Age Emphasis to teach in subsidized early childhood education programs (State programs run by school districts).

CHILD DEVELOPMENT:
SPECIAL EDUCATION ASSISTANT
Certificate of Achievement and/or Associate in Arts

Students prepare to work as an assistant with children who have special needs. For more departmental information call (562) 938-4549.

REQUIRED COURSES UNITS
CDECE 47 Human Development DS1 3
CDECE 59 Guiding Young Children DS3 3
CDSED 5 Community Resources/Special Education (F) DS3 3
CDSED 67 The Exceptional Child DS3 3
CDSED 70 Teaching Exceptional Students DS3 3
†CDSED 69 Special Education Practicum DS3 3
COMDI 2A-B American Sign Language, Beginning 3

Subtotal Units 21

Select Six (6) units from the following:
CDECE 19 Health, Safety, and Nutrition DS7 3
CDECE 61 Teaching in a Diverse Society DS3 3
CDECE 72AD, 73AD Work Experience (Not to exceed 4 units) 3:4
ΦCOMDI 2B American Sign Language, Beginning 3
†COMDI 3A-B American Sign Language, Intermed. 3

Subtotal Units 6

TOTAL UNITS 27

(15 of the 27 required units must be taken at Long Beach City College.)

Recommended: A valid Red Cross First Aid Certificate

COLLEGE AND WORKFORCE PREPARATION

Noncredit Certificates of Completion
BASIC SKILLS FOR THE WORKPLACE: The certificate in Basic Skills for the Workplace will certify that students have achieved the basic skills of reading, writing and computation necessary for the workplace. Furthermore, this certificate will verify that students have demonstrated skill achievement at levels that are necessary for pursuing high-skill, high wage employment. For more departmental information on the Basic Adult Education (BAE) program you may call 562-938-3991. For more information on the English as a Second Language (ESL) Department you may call 562-938-3037.

NONCREDIT CERTIFICATES OF COMPLETION:

Basic Skills for the Workplace

REQUIRED COURSES UNITS
BAE 601A Adult Basic Education: Literacy Development 0
BAE 601B Adult Education: Basic Skills/GED 0

TOTAL UNITS 0

Students must log in a minimum of 57 contact hours of laboratory work. The student must complete the required assessment/proficiency exams in reading, writing, and mathematics for each course with a score of 80% or above in each required assessment/proficiency exam.

English for Everyday

REQUIRED COURSES UNITS
ESL 640 English for Everyday 0
ESL 641 English for Everyday 0
ESL 642 English for Everyday 0
ESL 643 English for Everyday 0
ESL 644 English for Everyday 0
ESL 645 English for Everyday 0
ESLLC 699 Basic Skills for ESL Students (at least 18 hours) 0

TOTAL UNITS 0

Completion of ESL 645 (a minimum of 234 hours). For these promotion/Retention courses, students must earn 70% or higher in each course to pass.

Reading Skills for ESL Students

REQUIRED COURSES UNITS
ESL 602A English for Everyday 0
ESL 602B English for Everyday 0
ESL 602C English for Everyday 0
ESL 602D English for Everyday 0
ESL 602E English for Everyday 0
ESL 602F English for Everyday 0
ESLLC 699 Basic Skills for ESL Students (at least 18 hours) 0

TOTAL UNITS 0

Completion of ESL 602F (a minimum of 72 hours). For these promotion/Retention courses, students must earn 70% or higher in each course to pass.

COMPUTER APPLICATIONS SPECIALIST

Certificate of Achievement and/or Associate in Arts or Certificate of Accomplishment

Students prepare for an entry-level position working with computer application software, including operating systems, programming, word processing, spreadsheet applications, desktop publishing, and telecommunications. The Concentration in Computer Business Information Systems emphasizes help-desk support, while the Concentration in Computer Applications and Office Technologies focuses on administrative support. This Certificate of Achievement prepares students for an entry-level position in a variety of business settings and serves as a foundation for specialization as a software trainer, PC support specialist, software support specialist, help desk technician, software/hardware salesperson, or software tester. This Associate Degree prepares students for career advancement once a certificate has been earned. Appropriate course selection also facilitates transfer in a related major. For more information about CBIS courses, call (562) 938-4333 or email cbis@lbcc.edu; for CAOT classes, call (562) 938-3033.

REQUIRED CORE COURSES FOR BOTH CONCENTRATIONS UNITS
CBIS 6A Intro to IT Concepts & Applications 4
CAOTO 15 Business Communications 3

Subtotal Units 7

Select ONE from the following:
CAOTT 200 Beginning Typing/Keyboarding 3
CAOTT 233 Computer Keyboarding 1

Subtotal Units 1-3
CHOOSE ONE AREA OF CONCENTRATION

(CBIS OR CAOT)

CONCENTRATION IN COMPUTER BUSINESS
INFORMATION SYSTEMS (CBIS)

REQUIRED COURSES

CBIS 3 Operating Systems: Software and Hardware 3.5
CBIS 6B Intermediate Business Applications 3
CBIS 6C Advanced Business Applications 3
CBIS 8B Visual BASIC Programming 4
CBIS 38 Database Concepts 4
CBIS 206A Internet Basics 1
CBIS 207AD Web Construction I 2
Subtotal Units 20.5

Required Work Experience in the Computer Labs for CBIS Concentration:
†CBIS 71AD Work Experience-Comp Bus Info Sys 2
†CBIS 72AD Work Experience- Comp Bus Info Sys 3
†CBIS 73AD Work Experience- Comp Bus Info Sys 4
Subtotal Units 2-4

Total Units with CBIS Concentration 30.5-34.5

CONCENTRATION IN COMPUTER APPLICATIONS AND OFFICE TECHNOLOGY (CAOT)

Required Courses for CAOT Concentration: UNITS
CAOTC 31A Microsoft Windows Operating System 2
CAOTC 35 Microsoft Office- Specialist 3
CAOTC 39A Microsoft Word for Windows 3
CAOTC 41E Microsoft Excel for Windows 3
CAOTC 44D Microsoft PowerPoint for Windows 2
CAOTC 47A Access for Windows, Beginning 3
CAOTC 211 Discovering Computers 1
CAOTC 215A Microsoft Outlook for Windows 2
Subtotal Units 18

Electives for CAOT Concentration
Select any THREE (3) units from the following:
CAOTC 34 Introduction to Computers & Applications 3
CAOTC 45 Internet for Office and Personal Use 2
CAOTC 235 Microsoft Office- Expert 3
CAOTC 262 Software Skills for the Workplace 1
CAOTC 272AD Work Experience - CAOT 3
CAOTC 235 Microsoft Office- Expert 3
Subtotal Units 3

Total Units with CAOT Concentration 30-32

CERTIFICATES OF ACCOMPLISHMENT:

Basic Computing and Internet Literacy Certificate

Required Courses

CAOTC 34 Intro to Computers & Applications 3
CAOTC 35 Microsoft Office- Specialist 3
CAOTC 45 Internet for Office and Personal Use 2
CBIS 6A Intro to IT Concepts & Applications 4
CBIS 6B Intermediate Business Applications 3
CBIS 206A Internet Basics 1
Total Units 8

Additional Requirements: 2.5 minimum GPA in courses for this certificate. Certificate courses must be completed within three semesters.

Microsoft Access Certificate

Required Courses

CAOTC 47A Access for Windows, Beginning 3
Total Units 3

Microsoft Excel Certificate

Required Courses

CAOTC 41E Microsoft Excel for Windows 3
Total Units 3

Microsoft Office Certificate

Required Courses

CAOTC 35 Microsoft Office- Specialist 3
CAOTC 235 Microsoft Office- Expert 3
Total Units 6

Microsoft Word Certificate

Required Courses

CAOTC 39A Microsoft Word for Windows 3
Total Units 3

Required Competency: Typing certificate of at least 35 words per minute for 5 minutes with 5 or fewer errors completed within the previous 12 months.

COMPUTER and BUSINESS INFORMATION SYSTEMS & COMPUTER SCIENCE

Associate in Arts/ Certificate of Achievement and/or Certificate of Accomplishment

The CBIS Department has four Certificate of Achievement programs and several Certificate of Accomplishment programs for students interested in working in the computer industry. Track 1 is intended for those students interested in working as help desk technicians assisting end-users resolve software and hardware problems. Track 2 is intended for students interested in developing computer application software in business and industry as an entry-level computer programmer on PCs, mid-range or larger sized computers. Track 3 is intended for students interested in a solid foundation of programming and software engineering skills for use in Computer Science. Track 4 is intended for students who want to know how networking is going to affect their work life, and want to understand what this technology is all about, or are trying to find out if a network would help their organization. It will also prepare students for MS Windows Certification. The CBIS department offers several Certificates of Accomplishment, many of which are also designed to prepare the student to pass industry certification exams. The Associate Degree will prepare students for transfer to the four-year college or university. For more departmental information email: cbis@lbcc.edu or see cbis.lbcc.edu web site or call (562) 938-4333.

Track 1- Microcomputer Help-Desk Technician

Track 1 is intended for students interested in working as a help desk technician or in technical support of the PC systems.

Required Courses for Track 1

CBIS 3 Operating Systems: Software and Hardware 3.5
CBIS 6A Intro to IT Concepts & Applications 4
CBIS 6B Intermediate Business Applications 3
CBIS 6C Advanced Business Applications 3
CBIS 41 Networking Fundamentals 3
CBIS 200 Computer Technician Hardware Basics 3.5
CBIS 206A Internet Basics 1
CBIS 207AD Web Construction I 2
CBIS 260 Help Desk Concepts 1
CBIS 270 Introduction to Information Security 1
Subtotal Units 25

Required Work Experience in the CBIS Computer Labs - Choose a minimum of two units:
†CBIS 71AD Work Experience – Comp Info Sys (60 Hours) 2
†CBIS 72AD Work Experience – Comp Info Sys (120 Hours) 3
†CBIS 73AD Work Experience – Comp Info Sys (180 Hours) 4
Subtotal Units 2-4

ELECTIVES Choose 5 Units from the following:
CBIS 36 Systems Analysis and Design 3
CBIS 211AD Web Construction II 2
CBIS 251 Introduction to ASP.NET 3.5
CBIS 223 Unix/Linux Fundamentals 3
CAOTO 263 Customer Service 1
CAOTO 264 Call Centers 1
CAOTO 265 Customer Conflict Management 1
SP 20 Elements of Interpersonal Communication 3
Subtotal Units 5
TOTAL UNITS FOR TRACK 1 32-34

Track 2 - Programmer
Track 2 is intended for students interested in becoming a computer programmer.

REQUIRED COURSES FOR TRACK 2 UNITS
CBIS 3 Operating Systems: Software and Hardware 3.5
CBIS 6A Intro to IT Concepts & Applications 4
CBIS 7 Business Programming Logic & Design 3.5
CBIS 36 Systems Analysis & Design 3
CBIS 38 Database Concepts 4
CBIS 223 Unix/Linux Fundamentals 3
Subtotal Units 21

Choose one series of the following:
CBIS 8B Visual BASIC Programming or
CS 11 Computer Programming/C++ I 3.5
and
CBIS 208B Advanced Visual Basic Programming or
CS 11 Computer Programming/C++ II or
CBIS 14 Introduction to Java Programming 3.5
and
CBIS 242 Introduction to Oracle: SQL 2.5
and
CBIS 243 Program with Oracle PL/SQL 2.5
and
CBIS 246 Oracle DBA Fundamentals 2.5
Subtotal Units 7-8

Choose one of the following alternative languages:
CBIS 8B Visual BASIC Programming 4
CS 11 Computer Programming/C++ I 3.5
CBIS 14 Introduction to Java Programming 3.5
CBIS 216A Introduction to C# Programming 3.5
CBIS 245 ST Database and Business Intelligence 2.5
CBIS 420 PHP & My SQL for the Web 3.5
CBIS 430 Ruby on Rails Web Development 3.5
CBIS 492 ST Interpretive Programming languages 2.5
Subtotal Units 2.5-4

ELECTIVES: Choose 4 Units from classes below or from the alternate Languages above
†CBIS 71AD Work Experience-Comp Bus Info Sys 2
†CBIS 72AD Work Experience-Comp Bus Info Sys 3
†CBIS 73AD Work Experience-Comp Bus Info Sys 4
CBIS 251 Introduction to ASP.NET 3.5
CBIS 207E Dynamic HTML Web Construction 2.5
CBIS 206C World Wide Web Database Programming 2.5
CBIS 436A Intro to Project Management Systems 3
Subtotal Units 4
TOTAL UNITS FOR TRACK 2 32-34.5

Track 3 - Programmer–Computer Science
Track 3 is intended for students interested in Computer Science courses that will help them succeed after transferring to a CSU or UC School Computer Science major program. You must see a counselor specific computer science transfer requirements to a CSU or UC school. Not all of the courses in this track will meet the specific degree requirements of a particular school.

REQUIRED COURSES FOR TRACK 3 UNITS
CBIS 3 Operating Systems: Software and Hardware 3.5
CBIS 6A Intro to IT Concepts & Applications 4
CBIS 7 Business Programming Logic & Design 3.5
†CBIS 36 Systems Analysis & Design 3
CBIS 38 Database Concepts 4
CBIS 223 Unix/Linux Fundamentals 3
Subtotal Units 21

Choose one series of the following:
CBIS 8B Visual BASIC Programming or
CS 11 Computer Programming/C++ I 3.5
and
CS 13 C++ Data Structures and Algorithms or
CS 21 Introduction to Computer Science I 3.5
and
CS 22 Introduction to Computer Science II 3.5
and
‡CS 23 Fundamental Data Structures (F) 3.5
Subtotal Units 8-10.5

Choose one of the following alternative languages:
CBIS 8B Visual BASIC Programming 4
CS 11 Computer Programming/C++ I 3.5
CS 21 Introduction to Computer Science I 3.5
CS 22 Introduction to Computer Science II 3.5
CS 23 Fundamental Data Structures (F) 3.5
Subtotal Units 2.5-4

ELECTIVES: Choose 5 Units from classes below
‡MATH 60 First Calculus Course 5
‡MATH 70 Second Calculus Course 5
‡MATH 80 Third Calculus Course 5
‡MATH 55A Discrete Mathematics I 4
‡MATH 55B Discrete Mathematics II 3
‡PHYS 3A Physics for Sci & Eng-Mechanics 5
‡PHYS 3B Physics for Sci & Eng - E & M 4
‡PHYS 3C Physics for Sci and Eng – Modern Physics 4

Consult guides available in Counseling Centers for specific general education and required grades.
Track 4 - Networking

This area of concentration is to prepare students for a job as a network professional and for students who want to know how networking is going to affect their work life, and want to understand what this technology is all about, or are trying to find out if a network would help their organization. It will also prepare students for CompTIA, Network+, and MS Windows Certification.

REQUIRED COURSES FOR TRACK 4  UNITS
CBIS 3 Operating Systems: Software and Hardware 3.5
CBIS 6A Intro to IT Concepts & Applications 4
CBIS 41 Networking Fundamentals 3
CBIS 200 Computer Technician Hardware Basics 3.5
CBIS 212 Wireless Communications 1.5
CBIS 220 i-Net+ Internet Technologies 3
CBIS 223 Unix/Linux Fundamentals 3
CBIS 225 Microsoft Windows Client O.S. 2.5
CBIS 226 Microsoft Windows Server O.S. 2.5
CBIS 227 Microsoft Windows Networking 2.5
Subtotal Units 29

ELECTIVES: Choose 4 units from below
†CBIS 71AD Work Experience – Comp Info Sys (60 Hours) 2
†CBIS 72AD Work Experience – Comp Info Sys (120 Hours) 2
†CBIS 73AD Work Experience – Comp Info Sys (180 Hours) 4
CBIS 228 Microsoft Windows Directory Services 2.5
CBIS 229 Microsoft ISA Server 2.5
CBIS 270 Introduction to Information Security 1
CBIS 271 Network Security Fundamentals 3
CISCO 250 Networking Wiring Installation 1
CISCO 251 Introduction to Networking 3
†CISCO 252 Routing and Access Control 3
†CISCO 253 Cisco Networking III, LAN 3
†CISCO 254 WAN’s and Remote Access 3
TOTAL UNITS FOR TRACK 4 33

CERTIFICATES OF ACCOMPLISHMENT:

Computer Tech A+ Preparation

REQUIRED COURSE  UNITS
CBIS 6A Intro to IT Concepts & Applications 4
CBIS 3 Operating Systems: Software and Hardware 3.5
CBIS 200 Computer Technician Hardware Basics 3.5
†CBIS 71AD,72AD,or 73AD Work Experience 2-4
TOTAL UNITS 13-15

Note: A letter grade of “C” or better must be earned in each course, and a cumulative GPA of at least 3.0 must be maintained. All courses must be completed within 5 year span.

Application Developer Certificate

REQUIRED COURSE  UNITS
CBIS 6A Intro to IT Concepts & Applications 4
†CBIS 7 Business Programming Logic & Design 3.5
CBIS 6B Intermediate Business Applications 3
CBIS 6C Advanced Business Applications 3
CBIS 8B Visual Basic Programming 4
†CBIS 71AD Work Experience 2

CUSTOMER SERVICE REPRESENTATIVE
Certificate of Achievement and/or Associate in Arts or Certificate of Accomplishment

Students prepare for a customer service representative position in a call center or walk-in service center by developing essential skills for telephone and written communication, computer proficiency, data entry, time management, and successful customer interactions. This Certificate of Achievement prepares students for a career in customer service and serves as a foundation for specialization. This Associate degree prepares students for career advancement once a certificate has been earned. For more information regarding courses, call (562) 938-3033.

DANCE

Associate in Arts

Students learn an appreciation of dance as an art form as well as instruction in dance technique, choreography and aesthetics. Students are also provided partial lower division preparation for transfer to a baccalaureate degree in this field. This Associate Degree will prepare students for careers in body therapies, dance, and teaching or dance studio operation. For more departmental information call (562) 938-4563 or 938-4383.

### DATA ENTRY

**Certificate of Achievement and/or Associate in Arts or Certificate of Accomplishment**

Students prepare for an entry-level data-entry position by learning to enter data accurately and rapidly from documents or during customer service calls, use database software, and operate calculating machines. This Certificate of Achievement prepares students for an entry-level position in a variety of office settings and serves as a foundation for specialization. The program is designed to build employment skills quickly. This Associate degree prepares students for career advancement once a certificate has been earned. For more departmental information call (562) 938-3033.

**DIAGNOSTIC MEDICAL IMAGING SCIENCES (RADIOLOGIC TECHNOLOGY)**

**Associate in Science and/or Certificate of Achievement or Certificate of Accomplishment**

The Diagnostic Medical Imaging Program at Long Beach City College is dedicated to providing high-quality education and clinical practicum to qualified students. It is responsive to the diverse needs of the local medical community. It specializes in the education and training that lead to entry-level employment as a competent, ethical health care professional, and an Associate of Science Degree. The program emphasizes the necessity of professional development and lifelong learning. For additional departmental information call (562) 938-4166.
Prerequisite Courses
The following courses must be completed within five years prior to the first Spring Semester of the program:

<table>

Dietetics Program

Dietetic Service Supervisor/Dietetic Technician

Associate in Arts and/or Certificate of Achievement

This program is designed to train students to be employed as Dietetic Service Supervisors and Dietetic Technicians who function as managers/supervisors and nutritional care specialists in the dietary departments of hospitals or other health care facilities.

Dietetic Service Supervisor:
The Dietetic Service Supervisor is the food service director of a health care facility, is a member of the dietetic team, functioning under the supervision of a Registered Dietitian, Dietetic Technician or administrator. This program is the state approved program meeting federal OBRA and Title 22 requirements of the California State Licensing Regulation for food service supervisors in general acute care hospitals, acute psychiatric hospitals, skilled nursing facilities and intermediate care facilities. Upon successful completion of the program, the student is eligible to apply for a Dietetic Service Supervisor Certificate. The student may also receive the Associate in Arts degree if the graduation requirements are completed.

Dietetic Technician:
The Dietetic Technician is a nutritional counselor and is a member of the dietetic health care team, functioning under the direction of a Registered Dietitian. Approved by the American Dietetic Association, this program instructs the student in nutritional care, teaching techniques, nutrition principles, diet modification, nutritional counseling and food service management. Dietetic Technicians are trained to function as nutritional care specialists in the dietary departments of hospitals, clinics and other health care facilities. For the Dietetic Technician Program, students must fulfill the Associate Degree requirements (by completing the Certificates of Achievement for both the Service Supervisor and the Technician programs and the graduation requirements). The students will then have earned both the Associate Degree and the TWO Certificate of Achievements. The student is eligible to take the American Dietetic Association Registration Board Commission on Dietetic Registration Exam to become a Registered Dietetic Technician. For further information, please call (562) 938-4550 or 938-4193.

Digital Design and Publication

Associate in Arts/Certificate of Achievement

Students learn to write, design, and produce publications (websites, fliers, brochures, newsletters, in-house magazines) using computer publishing techniques. The program prepares students to work on websites, newspapers, magazines, in advertising agencies or in other environments involving digital design and publication or to work on a free-lance basis. For successful employment, you should be able to type 30+ words a minute, write with a proficiency equal to placement in ENGL 1, and have a basic understanding of the principles of color and design theory. This Certificate of Achievement prepares students for an entry-level position in a variety of business settings and serves as a foundation for specialization.
This Associate degree prepares students for career advancement once a certificate has been earned. Appropriate course selection also facilitates transfer in a related major. For more information regarding: Journalism classes call (562) 938-4282 or 938-4036 or email pmckean@lbcc.edu or search for journalism at http://www.lbcc.edu.

Consult guides available in Counseling Centers for specific general education and required grades.
ELECTRICAL TECHNOLOGY
Certificate of Achievement and/or Associate in Science or Certificate of Accomplishment

Students prepare for entry-level employment in numerous electrical and electrically related trades. Upon completion of the Electrical Technology program, the student will be able to install, maintain, and repair electrical equipment and systems in a safe and workmanlike manner. The California Contractor’s License requirements recognize the courses listed below as partial fulfillment of the experience requirements. This program also meets the standards set by the California Department of Apprenticeship Standards towards the current California Electrician Certification testing. Once a student has completed the program, that student will be allowed to register to take the Electrician’s Certification Exam. For more departmental information call (562) 938-4505 or refer to department website at http://elect.lbcc.edu.

California Division of Apprenticeship Standards approved school: #101.

ELECT 283 Traffic Systems Communications 3
ELECT 284 Traffic Signal Controllers & Digital Sys 3
TOTAL UNITS 9
# This is a recommended course. It is not required and not part of the total units for the certificate or degree.
% This is an elective course and is recommended for any students who needs development of computer skills.

ENGINEERING
Associate in Science

This field of concentration is designed to recognize partial fulfillment of the requirements for transfer with junior standing for students seeking a baccalaureate degree in engineering. This Associate Degree will facilitate transfer for a four-year engineering degree. Students who wish to transfer may need to meet additional requirements. For more departmental information call (562) 938-4168 or (562) 938-4428

REQUIRED COURSES UNITS
†CHEM 1A General Chemistry 5
†ENGR 3B Engineering Graphics 3
†ENGR 17 Electrical Engineering Circuits (INF) 3
†ENGR 17L Electrical Engineering Circuits Lab (INF) 1
†ENGR 35 Statics (INF) 3
ENGR 50 Intro. To Engineering (INF) 1
†ENGL 1 Reading and Composition 4
†MATH 80 Third Calculus Course 5
†PHYS 3A Physics for Sci. & Engr.-Mechanics 5
†PHYS 3B Physics for Sci. & Engr.-E & M 4
Subtotal Units 34

Select ONE of the Following:
CS 11 Computer Programming/C ++ I 3.5
†ENGR 54 Computer Methods/C++ 3
Subtotal Units 3-3.5
TOTAL UNITS 37-37.5

ENGLISH Language & Literature; Creative Writing
Associate in Arts

This field of concentration in the Language and Literature sequence prepares the student for baccalaureate study in English, Comparative Literature, and Liberal Arts. The Creative Writing sequence also prepares the student for possible publication. For more departmental information call (562) 938-4036.

LANGUAGE & LITERATURE SEQUENCE

REQUIRED COURSES UNITS
†ENGL 1 or 1H Reading and Composition 4
†ENGL 2 Introduction to Literature/Composition 3
†ENGL 4 Critical Analysis of Literature 4
Subtotal Units 7-8

Select a minimum of NINE (9) units from the following courses, of which SIX (6) units must be a year's survey sequence (English, American or World):
†ENGL 41 American Literature I 3
†ENGL 42 American Literature II 3
†ENGL 44 or 4H Literature of Western World I 3
†ENGL 45 or 45H Literature of Western World II 3
†ENGL 46 Survey of British Literature I 3
†ENGL 47 Survey of British Literature II 3
Subtotal Units 9

Select SIX (6) units from any of the following courses:
†ENGL 3 or 3H Argumentative and Critical Writing 4
†ENGL 18 Detective and Crime Fiction (INF) 3
ENGL 24 College Grammar 3
ENGL 30 Horror and Terror Fiction 3
ENGL 32 Masterpieces of Asian Literature in English 3
ENGL 33 Mythology 3
ENGL 35 Interpreting the Short Story 3
ENGL 36 The Novel 3
ENGL 37 Science Fiction, Fantasy/Horror 3
†ENGL 38 Bible as Literature, Old Testament 3
†ENGL 39 Bible as Lit., Apocrypha & New Testament 3
†ENGL 43 A-B Introduction to Shakespeare 3
ENGL 48 or 48H Modern & Contemporary Literature 3
ENGL 49 or 49H Film and Literature 3
ENGL 79 ST Literature of Diversity 3
Subtotal Units 6
TOTAL UNITS 22

CREATIVE WRITING SEQUENCE

REQUIRED COURSES UNITS
†*ENGL 1 or 1H Reading and Composition 4
†ENGL 2 Intro to Literature/Composition 3
ENGL 24 College Grammar 3
†ENGL 26 Creative Writing I 3
Subtotal Units 13

Select THREE (3) units from the following:
†ENGL 27A Creative Writing 2: Poetry 3
†ENGL 27B Creative Writing 2: Fiction 3
†ENGL 27C Creative Writing 2: Biography, Autobio 3
†ENGL 27D Creative Writing 2: Stage/Screen Writing 3
†ENGL 27E Creative Writing 2: The Novel 3
†ENGL 96 The Craft of Writing 3
†ENGL 97AD Writers' Workshop 3:3:3:3
Subtotal Units 3

Select SIX (6) units from any of the courses listed above in either the Language & Literature Sequence or Creative Writing Sequence.
Subtotal Units 6
TOTAL UNITS 22

RECOMMENDED courses but not required:
†ENGL 6AD Production of Literary Publications 3
ENGL 7 Editing a Literary Review 3
JOURN 25 Free Lance Writing (F) 3
FAMILY & CONSUMER STUDIES
Associate in Arts/Certificate of Achievement

Students are provided lower division transfer classes for a bachelor’s degree in Family and Consumer Sciences, and provide opportunities for developing skills and competencies for multiple roles of home, family and career. Students are advised to check with a four-year college/university for specific requirements for transfer. This Certificate of Achievement will prepare students for an entry-level position in any of the generalized fields of Family and Consumer Studies which include Child Development, Family & Consumer Studies, Fashion, Foods and Nutrition and Interior Design. For more departmental information call (562) 938-4454.

For the Certificate of Achievement or Associate Degree, complete the following courses:

TOTAL UNITS 21

RECOMMENDED COURSES (Courses with course numbers from 1-99 are CSU transferable. See website www.ASSIST.org)

- CDECE 66 Observation and Assessment DS3 3
- FD 9 Clothing Selection 3
- FD 10 Textiles, Fibers, and Fabrics 3
- FD 24AB Beginning Sewing 1:5:1:5
- F_N 21 Food Selection and Meal Preparation 4
- F_N 252AD Cake Decorating and Sugar Cookery 1.5
- F_N 260AD Cultural Foods or 1.5
- F_N 360AD Cultural Foods .5
- F_N 261AD Creative Cooking or 1.5
- F_N 361AD Creative Cooking .5
- F_N 262AD Meal Preparation for 1 & 2 Persons or 1.5
- F_N 362AD Cooking for Singles .5
- FLO 286A Introduction to Floral Design-Fall Flowers 2
- FLO 286B Introduction to Floral Design-Spring Flowers 2

FASHION DESIGN
Associate in Arts/ Certificate of Achievement

Students prepare for entry-level jobs in fashion design, production & manufacturing. This program also provides partial lower division preparation for the baccalaureate degree in Fashion Design. This Certificate of Achievement will prepare students for an entry-level position in the apparel design and manufacturing industry. This Associate Degree will prepare students for career advancement once a certificate has been earned. Field of concentration selection will also facilitate transfer in a related major. For more departmental information call (562) 938-4192 or 938-4454.

- FD 70AD must be taken concurrently with FD 72AD or 73AD.

**FOREIGN LANGUAGES**

**Associate in Arts and/or Certificate of Achievement**

Program has two emphases: **Foreign Languages-Proficiency** emphasis with options in French, German and Spanish at intermediate or advanced level. **Foreign Languages-Regional** emphasis with options in European, Spanish American and Pacific Rim. Students following the Proficiency Emphasis develop a competency in at least one foreign language, providing an important entry-level skill for those aspiring to work in the international arena as well as preparing for baccalaureate work. The Language Certificate of Achievement (offered only in French, German and Spanish) verifies for a potential employer that the student can communicate (verbally and in writing) in a wide range of situations, for a variety of purposes at a designated level for effective communication in a business or related professional setting. This **Associate Degree** provides the same or greater level of competency as the certificate. The degree also offers an added dimension of cultural know-ledge and understanding in region(s) where the language is spoken. The degree would benefit those wishing to enter a variety of industries or business settings that compete in an international market, as well as preparing for transfer to a four-year university in a foreign language program. For more departmental information call (562) 938-4331.

**PROFICIENCY EMPHASIS**

**With Options in French, German, and Spanish at the Intermediate or Advanced Level**

For students who are studying French, German or Spanish and who want to achieve a level of competency for baccalaureate work, and/or to combine their foreign languages with another skill.
Select 15 units from ONE LANGUAGE (French, German or Spanish) and five additional units from the courses listed below:

**REQUIRED COURSES:**

Elementary Language 1, †2 5:5
Intermediate Language †3, or 9, †4 or 10 French or GER 3 or Spanish 5:5
†Advanced Language †25AD French or Spanish or German †25AD 3:3:3:3
† And/or Two semesters (4 units maximum) of Spoken French or Spanish †8AD or German †8AD or French †25AD 2:2
CHIN 1, †CHIN 2, †CHIN 3, †CHIN 4, ITAL 1 (or 1A + †1B), †2 (or †2A + †2B), JAPAN 1 (or 1A + †1B), ITAL 3, †JAPAN 2, VIET 1 (or 1A + †1B) .5

**TOTAL UNITS:** 20

### HORTICULTURE

**Associate in Science/ Certificate of Achievement**

This field of concentration is designed to furnish students with knowledge of the entry-level skills necessary to embark upon a career in the horticulture industry. It includes emphasis on practical applications leading to career advancement. Also, it provides a partial lower division preparation for transfer to a baccalaureate degree program in this field.

This Certificate of Achievement will prepare students for an entry-level position in a variety of horticulture/landscape/nursery industry positions and will serve as a foundation for specialization. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer in a related major. For more departmental information call (562) 938-3092.

° ELECT 200A/B will be accepted as the equivalent of ELECT 204/209/210A/210B.

* Must enroll in the following course concurrently: ELECT 204 with 210A, 209 with 210B, 212 with 210C

### MEDICAL ASSISTING PROGRAM

**Administrative/Clinical**

**Associate in Arts or Science Degree and/ or Certificate of Achievement or Certificate of Accomplishment**

The Medical Assistant Program is designed to educate the student for immediate employment providing assistance to the physician in caring for patients in the medical office or clinic. The wide range of clinical and business duties provides an interesting career for one who enjoys working with people. The Medical Assisting Program is approved by the Long Beach Medical Association. The program is designed to be completed in one academic year and includes either the administrative or clinical assisting courses or a combination of both. The program offers an Associate Arts/Science Degree in the Combined Certificate Program Option or a Certificate of Achievement in the Administrative or Clinical Certificate option. The department also offers Certificates of Accomplishment in Emergency Medical Technician, Health Unit Coordinator, Medical Insurance Billing, or Phlebotomy. This Certificate will prepare students for entry-level position in a variety of ambulatory settings. Each certificate is the foundation for specialized clinical practice. This Associate Degree will prepare students for career advancement once a certificate has been earned.

For more departmental information call (562) 938-4166.

**NURSING: ASSOCIATE DEGREE (RN) PROGRAM**

Certificate of Achievement and/or Associate in Art or Science

The program is designed to be completed in two years (after completion of pre-requisites) and qualifies the student to take the NCLEX-RN licensing examination given by the State of California Board of Registered Nursing. The program satisfies the requirements for an Associate degree and/or a Career Certificate. The graduate is qualified for immediate employment in acute care hospitals and many other health care facilities. The Associate Degree and Certificate prepares students for an entry-level position in a variety of health care settings following successful completion of the NCLEX-RN. The ADN also serves as a foundation for specialization. Graduates of the Associate Degree nursing Program are also eligible to transfer in to the upper division nursing courses in ADN to bachelor’s degree nursing programs and ADN to master’s degree nursing programs.

NURSING: LVN to RN Career Ladder Program

Associate in Art or Science/ Certificate of Achievement

Long Beach City College is fully accredited by the Western Association of Schools and Colleges. The nursing program is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Rd., NE Suite 500, Atlanta, GA, 30326, (404) 975-5000 and the State of California Board of Registered Nursing. The Career Ladder Program (Licensed Vocational Nurse to Registered Nurse Program) is designed to be completed in two and a half semesters. Two advanced placement programs are offered: Associate Degree program and a Certificate program (30 unit option). This Associate Degree and Certificate prepare students for an entry-level position in a variety of health care settings following successful completion of the NCLEX-RN. The ADN also serves as a foundation for specialization. Persons who complete either program are qualified to take the registered nurse national licensing exam. However, persons who complete only the certificate program are not graduates of an accredited ADN program and may not qualify for license by endorsement in other states. For additional information call (562) 938-4166.

RESTRICTIONS ON LICENSURE:
Persons with substance abuse problems or with conviction of crimes substantially related to the practice of nursing may not be granted a license by the California Board of Registered Nursing. Fingerprints are part of the application for licensure. For further information see BRN Policy on Denial of Licensure.

ASSOCIATE DEGREE OF NURSING PROGRAM
LVN to RN Career Ladder Degree Program

Graduates of the LVN to RN Career Ladder Degree Program are eligible to transfer into the upper division nursing courses in ADN to bachelor’s degree nursing programs and ADN to master’s degree nursing programs. A suggested fulltime sample sequence of courses for the program is listed below. All ADN courses are sequential.

PREREQUISITES COURSE FOR THE PROGRAM

Subtotal units 20-21

RECOMMENDED but not required:
ADN 286 Nursing Applications of Pharmacology 3

2. Pass NURSING DEPARTMENT EXAMINATION with a score of 75% or better immediately after completion of ADN 20A. This multiple choice test covers theoretical aspects of first level nursing practice and is given on an individual basis. The test may be taken twice. Before a third attempt, a student must wait for a period of six months. If test is not passed on the second attempt see program director.

Subtotal (advanced placement) units 16

3. Hold a current license to practice as a vocational Nurse in California.

4. Entrance is not guaranteed. Entrance is determined by space availability.

OFFICE ASSISTANT
Certificate of Achievement and/or Associate in Arts or Certificate of Accomplishment

Students prepare for an entry-level office assistant position by focusing on basic office support functions, such as answering phones, greeting visitors, processing mail, and using computers to produce accurate documents. This Certificate of Achievement prepares students for an entry-level position in a variety of office settings and serves as a foundation for specialization. This Associate Degree prepares students for career advancement once a certificate has been earned. For more departmental information, go to http://caot.lbcc.edu, call (562) 938-3033, or e-mail caot@lbcc.edu.

REQUIRED COURSES
- CAOTC 31A Microsoft Windows Operating System 2
- CAOTC 35 Microsoft Office Specialist 3
- CAOTC 41E Microsoft Excel for Windows 3
- CAOTC 45 Internet for Office and Personal Use 2
- CAOTO 214 Filing 1
- CAOTO 216 Proofreading Skills 1
- CAOTC 222 Job Search Skills 3
- CAOTO 260 Business Telephone Procedures 1
- CAOTO 261 Business English 3
- CAOTO 262 Software Skills for the Workplace 1
- CAOTT 200 Advanced Typing/Keyboarding 3

Subtotal Units: 26

Select TWO (2) units from the following:
- CAOTC 39A Microsoft Word for Windows 3
- CAOTC 215A Microsoft Outlook for Windows 2

Subtotal Units: 2-3

REQUIRED COMPETENCY: Typing certificate of at least 35 words per minute for 5 minutes with 5 or fewer errors by the end of the program.

ELECTIVES Select any THREE (3) units from the following courses:
- CAOTC 34 Introduction to Computers & Applications 3
- CAOTC 47A Access for Windows, Beginning 3
- CAOTC 211 Discovering Computers 1
- CAOTC 235 Microsoft Office-Expert 3
- CAOTC 250A, B Data Entry - Levels 1, 2 3:3
- CAOTC 265 Computer Transcription 2
- CAOTO 263 Customer Service 1
- CAOTO 272AD Work Experience - CAOT 3
- CAOTT 209AB Speed/Accuracy Bldg for Typists 1:1

Subtotal Units: 3

TOTAL UNITS: 31-32

CERTIFICATES OF ACCOMPLISHMENT:

Basic Computing and Internet Literacy Certificate

REQUIRED COURSES
- CAOTC 34 Introduction to Computers & Applications 3
- CAOTC 35 Microsoft -Specialist 3
- CAOTC 45 Internet for Office and Personal Use or CBIS 6A Intro to IT Concepts & Applications 4
- CBIS 6B Intermediate Business Applications 3
- CBIS 206A Internet Basics 1

TOTAL UNITS: 8

ADDITIONAL REQUIREMENTS: 2.5 minimum GPA in courses for this certificate. Completion of certificate courses must be completed within three semesters.

Basic Office Computer Skills Certificate

REQUIRED COURSES
- CAOTC 31A Microsoft Windows Operating System 1
- CAOTC 34 Introduction to Computers & Applications 3
- CAOTC 45 Internet for Office and Personal Use 2

TOTAL UNITS: 8-10

REQUIRED COMPETENCY: Typing Certificate of 25 wpm for five minutes with no more than five errors within the previous twelve months.

Basic Office Skills Certificate

REQUIRED COURSES
- CAOTC 39A Microsoft Word for Windows 3
- CAOTC 216 Proofreading Skills 1

TOTAL UNITS: 7

REQUIRED COMPETENCY: Typing certificate of at least 25 words per minute for 5 minutes with 5 or fewer errors completed within the previous 12 months.

Microsoft Office Certificate

REQUIRED COURSES
- CAOTC 35 Microsoft Office-Specialist 3
- CAOTC 235 Microsoft Office-Expert 3

TOTAL UNITS: 6

Microsoft Excel Certificate

REQUIRED COURSES
- CAOTC 41E Microsoft Excel for Windows 3

TOTAL UNITS: 3
PHOTOGRAPHY
Certificate of Achievement and/or Associate in Science

Students learn entry-level skills necessary to embark upon a career in the photography industry. It includes emphasis on practical applications leading to career advancement. This Certificate of Achievement will prepare students for an entry-level position in the field of commercial photography or to start their own photography business. This Associate Degree will prepare students for career advancement once a certificate has been earned. Appropriate course selection will also facilitate transfer to a four-year college or university. For more departmental information call (562) 938-4802.

REAL ESTATE

Associate in Arts, Certificate of Achievement and/or Certificate of Accomplishment

Career opportunities in real estate include jobs real estate sales, appraisal, lending, property management, development, title insurance and escrow. Careers in California as a real estate salesperson or real estate broker (including property management and sales of business opportunities) require all license from California Department of Real Estate (“DRE”). Before applying to take the Real Estate Salesperson Examination administered by DRE, applicants must complete courses in Real Estate Principles, Real Estate Practice, and one elective real estate course. Before applying with DRE to take the examination for a Real Estate Broker license, applicants must complete courses in Real Estate Practice, Appraisal, Legal Aspects of Real Estate, Finance, either Real Estate Economics or a general accounting course, and three elective real estate courses. See www.dre.ca.gov for further information. Careers in California as a real estate appraiser require a license from the California Office of Real Estate Appraiser (“OREA”). See www.orea.ca.gov for further information. Students can obtain the 150 hours of education in the specified appraisal subjects for the Trainee or Residential appraisal license by completing the Real Estate Principles, Real Estate Appraisal, Advanced Real Estate Appraisal and Real Estate Appraiser-USPAP courses offered in the Real Estate program. With additional courses identified on a transfer curriculum guide for Business Administration students can prepare for a baccalaureate degree with an option in this field. The Real Estate Career Certificate Program prepares the student for direct entry to the field of real estate sales, appraisal, property management, lending, or other support services. For more departmental information call (562) 938-4064.

REQUIRED COURSES
REAL 78 Real Estate Economics or 3-4
ACCTG 1A Principles of Accounting or
ACCTG 200A Introduction to Accounting
REAL 80 Real Estate Principles 3
REAL 81A Real Estate Practices 3
REAL 83A Legal Aspects of Real Estate 3
REAL 85 Real Estate Appraisal 3
REAL 87 Real Estate Finance 3
Subtotal Units 18-19

REAL 85 Real Estate Appraisal
REAL 87 Real Estate Finance
REAL 92A Escrows and Land Titles

Select NINE (9) units from the following:
LAW 18A Business Law 3
MKTG 40 Salesmanship 3
REAL 84 Mortgage Brokering/Lending in California 3
REAL 86 Advanced Real Estate Appraisal 3
REAL 92A Escrows and Land Titles 3

Long Beach City College 2010-2011 Catalog 97 www.lbcc.edu
REAL 253 Property Management 3
REAL 286 Real Estate Appraisal-USPAP 1
REAL 288 Homeowner Association Management 3
Subtotal Units 9
TOTAL UNITS 27-28

CERTIFICATES OF ACHIEVEMENT:

Real Estate Appraisal Certificate

REQUIRED COURSES UNITS
REAL 80 Real Estate Principles 3
REAL 83A Legal Aspects of Real Estate 3
REAL 85 Real Estate Appraisal 3
REAL 86 Advanced Real Estate Appraisal 3
TOTAL UNITS 12

SHEET METAL

Associate in Science and/or Certificate of Achievement

The Associate Degree will prepare students for entry positions in sheet metal layout, fabrication and installation. For more departmental information call (562) 938-3051 or visit the department website @ http://sheetmetal.lbcc.edu.

REQUIRED COURSES UNITS
SHMET 220A Basic Sheet Metal Layout & Fabrication 4
SHMET 320M1 Basic Sheet Metal Layout &Fabrication 4
SHMET 320M2 Basic Sheet Metal Layout and Fabrication 2
SHMET 220B Advanced Sheet Metal Layout &Fabrication 4
SHMET 220C Power Metalworking Machine Operations 4
SHMET 221 Sheet Metal Blueprint Reading 2
WELD 480AD Welding (Inert Gas) 2
ELECT 253 OSHA Standards for Construction Safety 2
TOTAL UNITS 18

CORE SKILLS CERTIFICATES OF ACHIEVEMENT REQUIREMENTS:

REQUIRED COURSES UNITS
SHMET 220A Basic Sheet Metal Layout & Fabrication 4

SHMET 320M1 Basic Sheet Metal Layout &Fabrication 4
SHMET 320M2 Basic Sheet Metal Layout and Fabrication 2
SHMET 220B Advanced Sheet Metal Layout &Fabrication 4
SHMET 220C Power Metalworking Machine Operations 4
SHMET 221 Sheet Metal Blueprint Reading 2
WELD 480AD Welding (Inert Gas) 2
ELECT 253 OSHA Standards for Construction Safety 2
TOTAL UNITS 19

RECOMMENDED but not required:
DRAFT 201 Introduction to Drafting 4
ELECT 202 Electrical Mathematics 3
SHMET 222D Sheet Metal CNC Fabrication Systems 4
SHMET 223 Sheet metal Duct Systems and Fabrication 3
SPEECH 20 Elements of Interpersonal Communication 3
SHMET 420AD Sheet Metal Fabrication 2
SHMET 421AD Sheet Metal Fabrication 1
SHMET 423AD Sheet Metal Fabrication 3
SHMET 271AD Work Experience Sheet Metal 2
SHMET 272AD Work Experience Sheet Metal 3
SHMET 273AD Work Experience Sheet Metal 4
WELD 400 Welding 2

ADVANCED SKILLS CERTIFICATES OF ACHIEVEMENT REQUIREMENTS:

REQUIRED COURSES UNITS
SHMET 220A Basic Sheet Metal Layout & Fabrication 4
SHMET 320M1 Basic Sheet Metal Layout &Fabrication 4
FORK 801 Forklift Safety and Operations 1
SHMET 320M2 Basic Sheet Metal Layout and Fabrication 2
SHMET 220B Advanced Sheet Metal Layout &Fabrication 4
SHMET 220C Power Metalworking Machine Operations 4
SHMET 221 Sheet Metal Blueprint Reading 2
WELD 480AD Welding (Inert Gas) 2
FORK 801 Forklift Safety and Operations 1
ELECT 253 OSHA Standards for Construction Safety 2
Subtotal Units 26-28

Select SIX-SEVEN (6-7) units from the following courses:
DRAFT 201 Introduction to Drafting 4
SPEECH 20 Elements of Interpersonal Communication 3
ELECT 202 Electrical Mathematics 3
Subtotal Units 6-7
TOTAL UNITS 32-34

RECOMMENDED but not required:
SHMET 271AD Work Experience Sheet Metal 2
SHMET 272AD Work Experience Sheet Metal 3
SHMET 273AD Work Experience Sheet Metal 4
SHMET 420AD Sheet Metal Fabrication 2
SHMET 421AD Sheet Metal Fabrication 1
SHMET 423AD Sheet Metal Fabrication 3
WELD 400 Welding 2

SOCIAL SCIENCES

Associate in Arts

This field of concentration provides the student with a general education in the principles, concepts and methodologies of various disciplines (Anthropology, Economics, Geography, Philosophy, Psychology and Sociology).

Consult guides available in Counseling Centers for specific general education and required grades.
In addition, courses in these areas may partially satisfy general education and major requirements for a baccalaureate degree. This Associate Degree will prepare students for career advancement and will also facilitate transfer in a related major. For more departmental information call (562) 938-4477.

REQUIRED COURSES

Complete NINE (9) units in HISTORY and POLITICAL SCIENCE courses numbered 1-99. Choose at least ONE course from the History department and ONE course from the Political Science department.

Subtotal Units 9

IN ADDITION, complete NINE (9) units in courses numbered 1-99 from the following departments. This must include at least SIX (6) units in ONE of the departments:

ANTHR
ANTHR 1 Physical Anthropology 3
ANTHR 2 or 2H Cultural Anthropology 3
ANTHR 3 Intro to Archaeology 3

ECON
ECON 1A or 1AH Macro Economics 3
ECON 1B or 1BH Micro Economics 3
ECON 4 Contemporary Economic Issues 3
ECON 5 The Global Economy 3

GEOG
GEOG 2 Elements of Cultural Geography 3
GEOG 5 The Global Economy 3
GEOG 10 Intro to Geographic Information Systems 3
GEOG 40 World Regional Geography 3
GEOG 48 Geography of California 3

PHIL
PHIL 6 or 6H Intro to Philosophy 3
PHIL 7 or 7H Intro to Ethics 3
PHIL 11 Critical Thinking 3
PHIL 12 Intro to Logic 3

PSYCH
PSYCH 1 or 1H Intro to Psychology 3
†PSYCH 2 Research Methods for Psychology 3
PSYCH 4 Personal & Social Development 3
PSYCH 6 Physiological Foundation of Psychology 3
PSYCH 10 Human Sexuality 3
PSYCH 11 Social Psychology 3
PSYCH 14 Abnormal Psychology 3
PSYCH 33 Psychology of Personality 3

SOCIO
SOCIO 1 or 1H Intro to Sociology 3
SOCIO 2 Modern Social Problems 3
SOCIO 11 Race & Ethnic Relations in the U.S. 3
SOCIO 13 Sociology of Latinos 3
SOCIO 40 Sociology of the Family 3

SOCIAL SCIENCE/HUMANITIES
SOCSC 1/HUMAN 1 Comparative World Cultures 3
SOCSC 7/HUMAN 7 American Pluralism & Identity 3

Subtotal Units 9

TOTAL UNITS 18

SPEECH COMMUNICATION

Associate in Arts

Students are provided with a general education in the principles, concepts and methodologies of interpersonal/intercultural/group/leadership communication and informative/persuasive/argumentative interpretive speaking. For more departmental information call (562) 938-4438 or email aridenour@lbcc.edu.

REQUIRED COURSES

SP 10 Elements of Public Speaking 3
SP 20 Elements of Interpersonal Communication 3
SP 25 Elements of Intercultural Communication 3
SP 30 Elements of Group Communication 3
SP 60 Elements of Argumentation & Debate 3

Subtotal Units 15

Select THREE (3) units from the following:

SP 31 Elements of Leadership Communication 3
SP 50 Elements of Oral Interpretation 3

Subtotal Units 3

TOTAL UNITS 18

RECOMMENDED but not required:

ANTHR 2 Cultural Anthropology 3
MGMT 49A Intro to Management 3
MGMT 49B Human Resources Management 3
PSYCH 1 Introductory Psychology 3
PSYCH 11 Social Psychology 3
R_TV 40AD On-Camera Performance 2
SOCIO 1 Introduction to Sociology 3
†TART 1 Acting 1-Introduction to Acting 3

THEATRE

ACTING, TECHNICAL & GENERAL

Associate in Arts and/or Certificate of Accomplishment

This field of concentration is designed to provide students with an overall appreciation of theatre arts as well as an emphasis in acting and technical theatre. The A.A./Transfer programs prepare for an Associate degree and/or transfer to universities and conservatories. These courses prepare for auditions and in many cases may be acceptable as transferable units. Students are advised to consult the Transfer Curriculum Guide or official publications for the specific requirements of the intended transfer institution. For more departmental information call (562) 938-4563 or visit http://tdf.lbcc.edu.

GENERAL EMPHASIS-A.A. DEGREE/TRANSFER

**Subtotal Units:**

TOTAL UNITS: 12

Consult guides available in Counseling Centers for specific general education and required grades.
Complete One (1) unit from the following:
WELD 460AD Welding (Acetylene Gas) 2
Subtotal Units 13-15

LEVEL 2 - REQUIRED COURSES UNITS
†DRAFT 51B Industrial Drafting II or 3
†DRAFT 60 Geometric Dimensioning & Tolerancing 3
TEC 60AD Computer Aided Design & Drafting 3
Subtotal Units 9
TOTAL UNITS 22-24

RECOMMENDED Courses but not required:
DRAFT 273 Work Experience- Mechanical Design 4
TEC 60AD Computer Aided Design & Drafting (CADD) 3:3:3

WELDING TECHNOLOGY (Preparatory Program)

Associate in Science and/or Certificate of Achievement

Students prepare for entry-level welding positions in aerospace, piping industry and construction. For more departmental information call (562) 938-3074 or 938-3054.

Select Option ONE (1) or Option TWO (2):

Option #1
Complete 40 units from the following courses: UNITS
WELD 211 Fundamentals of Welding & Tools of Trade 9
WELD 212 Arc Welding and Fabrication 9
WELD 213 Advanced Arc Welding 9
WELD 214 Inert Gas Welding (Heliarc, MIG) 9
WELD 221 Arc Welding Structural Certification 4
WELD 400AD Welding (General) 2
WELD 410AD Welding (Arc) 2
WELD 460AD Welding (Gas Acetylene) 2
WELD 480AD Welding (Inert Gas) 2
SHMET 220A Surface Development and Fabrication 4
Subtotal Units 36

Option #2
SHMET 220 (4 units) AND 36 units of Welding -18 units must be from 200 listed above, balance of courses from any 200/400 welding series courses (no credit allowed for repetition of course).
Subtotal Units 40

CERTIFICATES OF ACCOMPLISHMENT:

Advanced Arc Welder Certificate

REQUIRED COURSES UNITS
WELD 213 Advanced Arc Welding 9
WELD 415AD Shielded Metal Arc Welding (SMAW) or 2
WELD 416AD Shielded Metal Arc Welding (SMAW) 2
TOTAL UNITS 11

Additional Requirement: All of the required courses must be completed within 1.5 years.

Arc Welding Certificate

REQUIRED COURSES UNITS
WELD 410AD Welding (ARC) 2:2:2:2
TOTAL UNITS 8

Additional Requirement: All of the required courses must be completed within 2.5 years.

Arc Welding and Fabrication Certificate

REQUIRED COURSES UNITS
WELD 212 Arc Welding and Fabrication 9
WELD 413AD Shielded Metal Arc Welding (SMAW) or 2
WELD 414AD Shielded Metal Arc Welding (SMAW) 2
TOTAL UNITS 11

Additional Requirement: All of the required courses must be completed within 1.5 years.

Gas Tungsten Arc Welding Certificate

REQUIRED COURSES UNITS
WELD 214 Inert Gas Welding (GTAW) 9
WELD 480AD Welding (Inert Gas) (GTAW) or 2
WELD 482AD Gas Tungsten Arc Welding (GTAW) 2
TOTAL UNITS 11

Additional Requirement: All of the required courses must be completed within 1.5 years.

Oxygen Acetylene Welding/Cutting Certificate

REQUIRED COURSES UNITS
WELD 211 Fundamentals of Welding & Tools of the Trade 9
WELD 460AD Welding (Acetylene Gas) 2
TOTAL UNITS 11

Additional Requirement: All of the required courses must be completed within 1.5 years.

Shielded Metal Arc Welding (Arc) Certificate

REQUIRED COURSES UNITS
WELD 412AD Shielded Metal Arc Welding (ARC) 3:3:3:3
TOTAL UNITS 12

Additional Requirement: All of the required courses must be completed within 2.5 years.

Structural Certification Certificate

REQUIRED COURSES UNITS
WELD 221 Arc Welding Structural Certification 4
WELD 414AD Shielded Metal Arc Welding (SMAW) 2
TOTAL UNITS 6

Additional Requirement: All of the required courses must be completed within 1.5 years.

WORD PROCESSING

Associate in Arts/ Certificate of Achievement or Certificate of Accomplishment

Students prepare for an entry-level word processing position with training in rapid, accurate keyboarding; document formatting; word processing and other computer software; and decision making regarding business communications. This Certificate of Achievement prepares students for an entry-level position in a variety of office settings and serves as a foundation for specialization. The suggested sequence of courses is designed to build employment skills quickly. This Associate degree prepares students for career advancement once a certificate has been earned. For more departmental information, go to http:// caot.lbcc.edu, call (562) 938-3033, or email caot@lbcc.edu.

Consult guides available in Counseling Centers for specific general education and required grades.
Course Numbering System

Course numbers relate to the design of the class and applicability to degree and transfer programs.

1-599 Applicable to associate degree
1-99 Transferable for at least elective credit to any college having similar courses in its lower division curriculum.
100-199 Courses not intended for transfer but meeting a limited number of requirements for the AA/AS degrees.
200-299 Occupational courses intended to prepare students for immediate job entry.
300-399 Short term or short unit courses which parallel other 1-400 level courses.
400-499 Continuing education courses in occupational fields.
500-599 Vocational courses for apprentices.
600-699 Self-enrichment or basic skills courses which do not carry credit and for which no grade is awarded.
800-899 Courses in basic skills which have credit value that is not applicable to transfer or an associate degree.

Check with the catalog or a counselor if you have questions about course credit applicability.

Skills and performance courses in which enrollment may be repeated are designated with a fixed course number followed by letters indicating the number of times the course may be taken for credit. The following letters, when not separated by a hyphen, authorize enrollments as follows: AB = 2 semesters, AC = 3 semesters, AD = 4 semesters.

Courses which extend for more than one semester in length and in which each semester of the class contains different content have a fixed course number and a single letter indicating the specific semester of the course.

In some instances, a three-digit course number in the schedule of classes or on the transcript is not listed under the same course number in the catalog. In such cases, the course has been listed in the catalog with the first digit changed. For example, DRAFT205A in the catalog may be listed as 305A in the schedule of classes.

Some courses are modular courses. Such courses carry an additional designation: M1, M2, M3, M4, etc. Example: WELD 211M1, Introduction to Welding, is the first module of a class section listed in the schedule of classes for the primary course, WELD 211 (Introduction to Welding) as listed in this catalog.

Course Prerequisites, Corequisites and Recommended Preparation

Prerequisites, corequisites and recommended preparation advice are listed with some courses in this catalog and the schedule of classes.

A PREREQUISITE is a course or assessment that must be completed before enrolling in the course or complete concurrently if that is permitted. Satisfactory completion of an assessment requires successful completion of the assessment process. Satisfactory completion of a prerequisite course requires a grade of CR, "C" or better.

If you have completed the prerequisite at another college or in high school, you must bring a copy of your official transcript to the Admissions and Records Office and ask for an equivalency evaluation before registering. You may challenge the prerequisite if you think you have knowledge and the ability to succeed in the course, particularly if you are drawing upon your work experience and wish to take a vocational course.

A COREQUISITE is a course in which you must be enrolled at the same time as the companion course. This is often the case in science classes which include a lab. Sometimes, you may be allowed to complete the corequisite course in a prior semester.

A RECOMMENDED PREPARATION statement is advice which the faculty want to give you.

Challenging Course Requisites and Limitations

Challenging course requisites and/or limitations requires written documentation that explains the alternative course work, background and/or abilities that adequately prepare you for the course. You may obtain a Requisite Challenge form from the Admissions and Records Office. Reasons for challenging requisites or limitations must include one or more of the following:

1. A requisite course is not reasonably available over a period of several semesters;

2. You believe the requisite or limitation was established in violation of a regulation or District-approved process for establishing requisites and limitations;

3. You believe the requisite or limitation is discriminatory or being applied in a discriminatory manner; or

4. You have the documented knowledge or ability to succeed in the course.

File your Requisite Challenge form with the School Office or department head responsible for the course you want to enter. If space is available in the class at the time you file your challenge, you may register for the challenged course and the District will resolve your challenge in a timely manner. If your challenge is denied, you will be dropped from the challenged class. If no space is available in the challenged class at the time you file, the District will resolve your challenge prior to the beginning of registration for the next term. You may register in the challenged class during your
normal registration period if your challenge is approved.

**Curriculum Offerings**

The college reserves the right to determine which of the courses listed in the catalog are to be offered in each semester. Changes in curriculum or course content may occur after the printing of this catalog.

**To Be Arranged (TBA) Courses**

This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. This allows for specific lecture and/or lab instructional activities to be delivered through more flexible scheduling of days and times but for a specified number of hours and in accordance with the requirements and specific instructional activities of the course outline of record. This will be expected of all enrolled students. Please see the schedule of classes for the number of TBA hours to be completed for this course.

**Student Alert: Understanding Transfer Course Descriptions**

The phrase at the bottom of the course descriptions offered under "Courses of Instruction" must be read with care. Students should be aware of this key phrase, Transferable to CSU/UC, see a counselor for limitations. A course can transfer to the CSU or UC system as an elective part of a major and/or as general education credit. Since general education courses can be certified by LBCC when completed, students should consult pages 33-36 to see if the course is on the appropriate general education pattern. If the course is not found on the general education pattern, the course may be counted as part of the major or as an elective by the institution receiving the transfer student. It is the student's responsibility to select courses that meet his/her educational goals. The best advice for interpreting this phrase, therefore, is to see a counselor.

**Experimental Courses**

The descriptor “Experimental” applies college-wide and is issued as a curricular placeholder identified by a standard number (98, 298 or 898) and by the general heading Experimental (X). These courses provide an opportunity for curriculum experimentation and innovation.

While the Experimental course option offers a department curricular opportunities, it also has some limitations, particularly for students.

Credits are degree applicable (X 98, 298) as elective credits only.

Credits are transferable (X 98) as elective credits only.

Experimental courses cannot be placed on a program’s curriculum guide.

Experimental courses cannot be used as a pre- or corequisite for another course.

Experimental courses cannot apply to a certificate or degree requirement.

For courses numbered 898, the units of credit may be used for workload purposes but may not be applied to any certificate or degree.

**California Articulation Number (CAN)**

Some courses are identified with the California Articulation Number (CAN). This identifies some of the transferable, lower division, introductory (preparatory) courses commonly taught within each academic discipline on California college campuses.

Lists of courses from campuses who have qualified to participate in the CAN system are available in the Counseling offices. The system assures students that CAN courses on one participating campus will be accepted "in lieu of" the comparable CAN course on another participating campus. For example: CAN ECON 2 on one campus will be accepted for CAN ECON 2 on another participating campus. Each campus retains its own numbering system.

CURRICULUM OFFERINGS

The courses offered in this catalog may not be offered every term or every year. If a course is not offered every term you will see a note at the end of the catalog description to tell you when the course is usually offered. Check the Schedule of Classes for our current term offerings.

ACCOUNTING (ACCTG)

ACCTG 1A (Part of CAN BUS SEQUENCE A) 4.0 units
Principles of Accounting
5.0 hours lecture
Recommended Preparation: ACCTG200A or one year of bookkeeping.
Grading: letter grade
The course presents the study of methods and techniques used in analyzing, recording and summarizing those procedures used in preparing a balance sheet along with the statements of income, retained earnings and cash flow for a corporation. Further, this course describes and illustrates financial accounting principles including classification of accounting activities, recording of financial transactions, along with the presentation of the four basic financial statements for internal and external users with an emphasis on the corporate form business entity. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ACCTG 1B (Part of CAN BUS SEQUENCE A) 4.0 units
Principles of Accounting
5.0 hours lecture
Prerequisite: ACCTG 1A
Grading: letter grade
Topics in this course include the accounting theory and practice for manufacturing, departmental, and cost accounting techniques; performance evaluation; profit reporting and analysis; interpretation of financial statements and budgets; product pricing and performance evaluation; capital investment analysis; and business ethics. This course provides the students with information and techniques that management uses in evaluating the daily operations and related costs of a business, in planning future operations, making decisions, and developing overall business strategies.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ACCTG 200A 3.0 units
Introduction to Accounting
3.0 hours lecture
Grading: letter grade
This course provides a general understanding of the accounting principles for a sole proprietorship enterprise, with the principle business activity being that of providing services, using a double entry system and the accrual method for recording financial transactions. The course will also introduce students to accounts, ledgers, journal entries, trial balances, annual closing, special journals and those financial statements utilized in a sole proprietorship business. This course will give students a foundation for vocational accounting and a general understanding of business activities.

ACCTG 205 3.0 units
Fundamentals of Tax
3.0 hours lecture
Grading: letter grade
Students will learn to prepare federal and state income tax returns for individuals. This course emphasizes the practical use of tax forms and supporting schedules and also reflects the most recent changes in the Internal Revenue Code.

ACCTG 228 2.0 units
Computerized Gen Ledger Account Systems
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: ACCTG 200A or 201A-B
Grading: letter grade
This course provides students with experience using a commercial general ledger accounting program.

ACCTG 229 3.0 units
Spreadsheet Accounting
3.0 hours lecture, 1.0 hour laboratory
Prerequisite: ACCTG 200A or 1A or 201A-B
Recommended Preparation: Working knowledge of Microsoft Excel or CAOTC 41E.
Grading: letter grade or pass/no pass
The course will cover the functions and features of Excel most commonly used in Accounting/Finance applications. Many of the routine manual functions studied in the Financial Accounting course will be automated by using Microsoft Excel. Instruction will focus on preparing financial Excel models and templates that are functional, flexible, and easily maintainable. Refresher lectures will be presented on the Accounting topics specific to the Excel modeling assignments.

ACCTG 230 1.0 unit
Quickbooks Accounting
1.5 hours lecture, 0.5 hour laboratory
Recommended Preparation: General familiarity and use of a PC
Grading: letter grade or pass/no pass
Intro to basic small business accounting concepts and to a complete accounting software system. Provides hands-on exposure to the major features of the Quickbooks accounting software accompanied by instruction in the accounting concepts being employed.

ACCTG 400 3.0 units
Personal Financial Management
3.0 hours lecture
Grading: letter grade
This course is designed for students interested in learning concepts and skills relevant to effective personal financial management. These topics include saving, budgeting, debt management, retirement planning, insurance, home buying, investment and estate planning. This is a hands on course involving problem solving in the above areas. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
administrations of justice (adjus)

adjus 2 (can aj 2) 3.0 units
introduction, administration of justice
3.0 hours lecture
grading: letter grade
the history and philosophy of the criminal justice process and its relationship to our dual court system is discussed. the role relationship and inter-dependency of the criminal justice system is emphasized. the historical concepts of criminality, punishment and rehabilitation are compared and contrasted. the significance of professionalism and its impact upon the relationship between the community and agents of the criminal justice system is emphasized.
transfer status: transferable to uc/csuj, see counselor for limitations.

adjus 3 3.0 units
introduction to criminal procedures
3.0 hours lecture
grading: letter grade
this course covers legal processes from pre-arrest through trial, sentencing and correctional procedures. the course will review the history of case and common law, conceptual interpretations of law as reflected in court decisions, case law methodology and case research as the decisions impact upon the procedures of the justice system.
transfer status: transferable to uc/csuj, see counselor for limitations.

adjus 4 (can aj 4) 3.0 units
criminal law
3.0 hours lecture
grading: letter grade
the course focuses on the historical development and philosophy of law and constitutional provisions. definitions, classification of crimes and their applications to the system of administration of justice is covered. legal research, methodology and concepts of law as a social force are reviewed.
transfer status: transferable to uc/csuj, see counselor for limitations.

adjus 5 3.0 units
community and human relations
3.0 hours lecture
grading: letter grade
this course is designed to explore the changing role and relationship between the agents of the criminal justice system and the community. human behavior, cultural diversity, communication skills and the discretionary enforcement of the law are discussed in conjunction with the need to maintain community trust, faith and confidence.
transfer status: transferable to uc/csuj, see counselor for limitations.

adjus 6 3.0 units
introduction to evidence
3.0 hours lecture
grading: letter grade
the course covers the historical development, philosophy and constitutional basis of evidence, constitutional and procedural considerations affecting arrest, search and seizure, kinds and degrees of evidence and rules governing admissibility. judicial decisions interpreting case studies of individual rights are also evaluated from a conceptual perspective.
transfer status: transferable to csu, see counselor for limitations.

adjus 8 (can aj 8) 3.0 units
introduction to investigation
3.0 hours lecture
grading: letter grade
the course covers fundamentals of investigation, techniques of crime scene search, recording and documentation, and collection and preservation of physical evidence. modus operandi processes, sources of information, suspect interviewing and interrogation and follow-up investigation are additionally covered.
transfer status: transferable to csu, see counselor for limitations.

adjus 10 3.0 units
writing for criminal justice
3.0 hours lecture
grading: letter grade
the course focus is developing effective communication skills in writing for the criminal justice system. the elements of effective report writing, including grammar, punctuation and spelling are emphasized. the importance of crime scene interviewing, recording and documentation are covered relating to the preparation of report writing and courtroom testimony.
transfer status: transferable to csu, see counselor for limitations.

adjus 12 3.0 units
crime and delinquency
3.0 hours lecture
grading: letter grade
this course focuses on the classifications of criminal behavior, characteristics of offenders and societal factors which contribute to crime and delinquency. the role of the criminal justice system and its relationship to the changing philosophy of crime control and treatment processes is also covered. students who have taken sociology 12 may not take this course for credit.
transfer status: transferable to uc/csuj, see counselor for limitations.

adjus 14 3.0 units
juvenile law and procedures
3.0 hours lecture
grading: letter grade
the course focus is juvenile justice and delinquency in america and how our juvenile justice system deals with juvenile offenders. juvenile delinquency prevention and repression techniques are also covered. delinquency diagnosis and referral is reviewed in conjunction with the availability of community resources to combat the problem. juvenile law and related court procedures are also discussed.
transfer status: transferable to csu, see counselor for limitations.

adjus 16 3.0 units
vice, narcotics and organized crime
3.0 hours lecture
grading: letter grade
this course will focus on the relationship between organized crime and the community. covert criminal activities and their impact upon our social structure is also reviewed. related criminal activities to organized crime, including vice, narcotics and white collar crime
and their political influence on our legal system, are also discussed.

Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 17
3.0 units

Computer Use in Criminal Justice
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
The course focus is communications technology in the Criminal Justice System. Computer operations, wireless communications and geographic systems are emphasized. Ethical, legal and privacy issues that impact communications technology will also be covered. The computer assisted dispatch system, terminology, concepts and technology will also be included in this course.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 18
3.0 units

Police Field Operations
3.0 hours lecture
Grading: letter grade
The history and development of patrol philosophy; planning for field activities to include the functions of patrol, traffic and other preliminary investigative duties of the field officer are discussed. Emphasizes techniques for planning patrol activities, handling complaints and requests for services, mechanics of field interviews, searches and arrests, the handling of traffic related problems, civil and domestic disturbances and other community crime incidents.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 19
3.0 units

Fingerprint Classif & Identification
3.0 hours lecture
Grading: letter grade
This course emphasizes the basics of fingerprinting, pattern interpretation, classification, sequencing and file searching based on the Henry Numerically Coded Formula and National Crime Information Center systems. Develop, photograph and lift fingerprints, prepare court displays and expert testimony.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 20
3.0 units

Introduction to Corrections
3.0 hours lecture
Grading: letter grade
The course focus is a survey of the correctional science field. The early history and development of corrections is reviewed. Correctional theory and practice are discussed relative to potential causes of criminal behavior. Additionally, the criminal justice system processes relating to incarceration, probation and parole and their influence upon the offender’s behavior and career opportunities are evaluated.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 40
3.0 units

Street Gangs and Law Enforcement
3.0 hours lecture
Grading: letter grade
This course provides an overview of the “Gang” problem in society. The historical perspective and cultural and societal dynamics of gang involvement will be reviewed. Law enforcement tactics, court injunctions, prosecution, intelligence gathering and gang intervention are all emphasized.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 45
3.0 units

Drug Abuse and Law Enforcement
3.0 hours lecture
Grading: letter grade
This course is designed to create an awareness of drug abuse in society. The historical perspective of controlled substance abuse is reviewed. Classification of drugs, symptomatic indicators of drug abuse and addiction are emphasized. The relationship between drug abuse, crime and law enforcement intervention is further discussed. Controlled substance abuse and the tactical response of the Criminal Justice System is also covered.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 61AD
1.0 unit

Defensive Tactics
0.7 hour lecture, 1.3 hours laboratory
Grading: letter grade
This course is designed to increase the knowledge, tactics and personal skill in the use of weaponless defense. Holds, restraints, take-downs and come-a-longs are covered to defend against combative individuals with dangerous weapons. Disarming methods, the use of the baton and transportation of those in custody are also emphasized.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADJUS 62AB
1.0 unit

Firearms
3.0 hours laboratory
Prerequisite: ADJUS 2 and the student must successfully complete a Department of Justice, “Live Scan” background criminal history check and meet the agency requirements for background clearance.
Grading: letter grade
This course provides a background on Federal, State and local authority relating to the use of force in gaining compliance to the law. It also explains the “use of force paradigm” and the legal and moral aspects of the use of deadly force. Students develop basic firearms competence and proper safety procedures. Students also become familiar with special weapons, types of ammunition and protective devices used in law enforcement.
Transfer Status: Transferable to CSU, see counselor for limitations.

| This course acquaints students with advanced operations of special weapons and tactics (SWAT) teams. |
Courses of Instruction

ADJUS 400A 0.5 unit
Special Topics Administration of Justice
1.0 hour lecture, 1.0 hour laboratory
Prerequisite: ADJUS 250
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of skills learned or to update knowledge of new technology in the criminal justice field expected of selected criminal justice personnel. Topics will be offered to meet the interests and needs of criminal justice personnel. Representative topics include specialty areas of criminal justice, analyzing and evaluating criminal justice operations and addressing management issues. Modules are designed to meet criteria specified by the California Commission on Peace Officers Standards and Training. This is a special topics course. Subject matter will vary by semester. Please refer to the Schedule of Classes for a particular semester’s topic. This course may be repeated for credit as topics change. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ADJUS 400B 2.0 units
Special Topics Administration of Justice
2.0 hours lecture, 2.0 hours laboratory
Prerequisite: ADJUS 250
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of skills learned or to update knowledge of new technology in the criminal justice field expected of selected criminal justice personnel. Topics will be offered to meet the interests and needs of criminal justice personnel. ADJUS 408 1.5 units
Plainclothes Operation
1.4 hours lecture, 0.8 hour laboratory
Prerequisite: ADJUS 250
Grading: pass/no pass
This is an in-service course designed for detectives with less than two years experience. The course covers surveillance, equipment, weapon techniques, search warrant preparation/service and officer-involved shootings.

ADJUS 410 1.5 units
Single Officer Car Course
1.1 hours lecture, 1.1 hours laboratory
Prerequisite: ADJUS 250
Grading: pass/no pass
This course is designed to prepare peace officers to work in a one-person car. One-person searches, stops, use of force and other officer survival topics will be studied. Designed for professionals in the criminal justice system. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ADJUS 415 2.0 units
Community Police Academy
2.7 hours lecture
Grading: pass/no pass
This course is Designed for members of the community who wish to learn more about the local municipal police department. Includes an overview of the duties, responsibilities and personnel of the various units within the department. Includes site visits and hands-on experience with many of the activities of the department.

ADJUS 420 4.0 units
Police Field Operations: Motor Trng II
2.2 hours lecture, 6.6 hours laboratory
Prerequisite: ADJUS 250
Grading: pass/no pass
This course teaches motor officer candidates the skill points of traffic law enforcement on a police motorcycle. Covers patrol tactics, traffic problems and techniques of motorcycle riding. Designed for professionals in police agencies.

ADJUS 450 6.0 units
Basic Police Training: Lateral Entry
10.4 hour lecture, 5.2 hours laboratory
Prerequisite: ADJUS 250
Grading: pass/no pass
This course is an update of basic police training and includes curriculum of local department interest such as policies, procedures and laws for the specific local department. The course is not applicable toward a degree if units have already been given for basic training.
Courses of Instruction

**ADJUS 464**  
*0.5 unit  
Motor Officer Recertification  
0.3 hour lecture, 2.0 hours laboratory  
Prerequisite: ADJUS 250  
Grading: pass/no pass  
This course is designed for recertification of police  
motor officers. It includes practicals and on-going traffic  
oficer training. The course meets the California  
Commission on Peace Officers Standards and Training  
Guidelines for recertification.

**AIR CONDITIONING AND  
REFRIGERATION (AC_R)**

**AC_R 211**  
*10.0 units  
Air Condition/Refrigeration Fundamentals  
5.0 hours lecture, 15.0 hours laboratory  
Grading: letter grade or pass/no pass  
This is the beginning course of a four-semester program  
for persons to become technicians in industrial and/or  
commercial air conditioning and refrigeration. This  
course covers shop safety practices, HVAC  
terminology, pressure/temperature relationships, heat  
transfer, analysis of components and complete systems,  
employee and employer relationship.

**AC_R 212**  
*10.0 units  
Electrical Theory/Component Applications  
5.0 hours lecture, 15.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course covers electrical systems found in heating,  
refrigeration and air conditioning installations and  
equipment. Also covered are formulas used in electrical  
theory, the interpretation of schematic wiring diagrams,  
electrical components and applications. This course also  
extends to the theory and lab work associated with motors,  
thermostats, controls, and circuit analysis.

**AC_R 213**  
*10.0 units  
Psychrometrics Duct & Load Calculations  
5.0 hours lecture, 15.0 hours laboratory, 0.6 hour  
supplemental learning  
Prerequisite: AC_R 211 or 212  
Grading: letter grade or pass/no pass  
This course will discuss comfort as it relates to the  
human body, discusses psychometrics, gas heating,  
electric heating. The psychrometric chart is covered in  
detail. Total heat is discussed along with building air  
conditioning specifications, including heating and  
cooling load calculations. Also covered is the forced  
air system, types of fans and fan drives. Duct materials  
and fastening devices are described. Sizing duct and  
measuring air movement for balancing are covered.  
Operating, safety, and electronic controls for air  
conditioning are covered. Students will be required to  
attend 10 hours in the CTE Success Center for specially  
designed activities and assignments that relate to this  
course’s content.

**AC_R 214**  
*10.0 units  
Troubleshoot Total Comfort Systems  
5.0 hours lecture, 15.0 hours laboratory, 0.6 hour  
supplemental learning  
Prerequisite: AC_R 213  
Grading: letter grade or pass/no pass  
This is an advanced course that requires knowledge of  
troubleshooting of both electrical and mechanical  
equipment, electrical, electronic, and pneumatic  
controls. This course covers the complete electrical and  
mechanical design, service and troubleshooting of a  
commercial/industrial facility. Students will be required  
to attend 10 hours in the CTE Success Center for  
specially designed activities and assignments that relate  
to this course’s content. This course may be scheduled  
using the “To Be Arranged” (TBA) scheduling format.  
Please see the section on “Curriculum Offerings” for a  
description of requirements for completing TBA.

**AC_R 220**  
*3.0 units  
Refrigeration Fundamentals  
2.5 hours lecture, 1.5 hours laboratory  
Grading: letter grade or pass/no pass  
This course is a basic study of vapor compression  
refrigeration cycle and system components. It includes  
shop safety practices, terminology, pressure/temperature  
relations, and heat transfer. System dehydration, recovery  
techniques, charging of refrigerants will also be covered.  
The material in this course will reflect the current  
Environmental Protection Agency (EPA) requirements of  
Section 608 of the Clean Air Act of 1990.

**AC_R 223**  
*3.0 units  
Gas Heating Fundamentals  
2.5 hours lecture, 1.5 hours laboratory  
Recommended Preparation: AC_R 220  
Grading: letter grade or pass/no pass  
This course will cover the theory, operation and  
application of natural gas heating systems used in  
residential and commercial heating installations  
including the properties of fuel gases, gas combustion,  
furnace construction pilot proving devices and  
troubleshooting systems.

**AC_R 226**  
*2.0 units  
Air Properties and Measurement  
2.0 hours lecture  
Recommended Preparation: AC_R 220  
Grading: letter grade or pass/no pass  
This course investigates the air side operating theory  
and application of comfort cooling systems. This course  
will include the psychometrics that will include the  
measurement and air distribution through duct design  
and component identification.

**AC_R 229**  
*3.0 units  
Heat Pumps  
2.5 hours lecture, 1.5 hours laboratory  
Grading: letter grade or pass/no pass  
This course will cover the theory, operation and  
application of heat pump systems used in residential  
and commercial heating and cooling installations. The  
heat pump refrigeration cycle, reversing valves, defrost  
methods, supplemental heat, airflow and thermostats  
will also be covered.

**AC_R 230**  
*3.0 units  
Electrical Fundamentals  
2.5 hours lecture, 1.5 hours laboratory  
Recommended Preparation: AC_R 220  
Grading: letter grade or pass/no pass  
This course includes the basic concepts of electrical  
principles as used in air conditioning and refrigeration.  
The development of schematic diagrams, the application  
of electrical components, the electrical sequence of  
operation, and troubleshooting of electrical systems  
will be covered.
AC_R 233  3.0 units
Commercial Electrical for HVAC
2.5 hours lecture, 1.5 hours laboratory
Prerequisite: AC_R 230
Grading: letter grade or pass/no pass
This course covers electrical systems found in commercial heating, refrigeration and air conditioning systems. It will also include the topics of time clocks, defrost systems, three phase transformers, three phase motors, timers, sequencers, starting methods and troubleshooting of commercial electrical systems.

AC_R 236A  2.5 units
Automobile Air Conditioning
2.0 hours lecture, 1.5 hours laboratory
Prerequisite: AC_R 220
Grading: letter grade or pass/no pass
This course covers tools, equipment, refrigeration fundamentals, electrical systems, air distribution, installation and repair of automobile air conditioning. System dehyrdration, recovery techniques, charging of refrigerants will also be covered. The material in this course will reflect the current Environmental Protection Agency (EPA) requirements of Section 609 of the Clean Air Act of 1990.

AC_R 240  4.0 units
Advanced Air Conditioning
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: AC_R 220
Grading: letter grade or pass/no pass
This is an advanced course that requires knowledge of air conditioning mechanical and electrical systems. This course will cover the operation, maintenance and troubleshooting of commercial and industrial HVAC systems. This course also covers theory and practices associated with chilled water systems, absorption chilled water systems, cooling towers and pumps. Equipment efficiency rating, EER and SEER are also covered.

AC_R 271AD  2.0 units
Work Experience-Air Cond & Refri
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

AC_R 272  1.5 units
Fans & Fan Applications
1.5 hours lecture
Grading: letter grade or pass/no pass
This course covers the theory and operation of fans and their application in the air conditioning and refrigeration field. The emphasis of this course is on correction of field problems, maintenance and repair of operating equipment, system balancing and noise control.

AC_R 272AD  3.0 units
Work Experience-Air Cond & Refri
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

AC_R 273AD  4.0 units
Work Experience-Air Cond & Refri
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

AC_R 400A  3.0 units
Uniform Mechanical Code I
3.0 hours lecture
Grading: letter grade or pass/no pass
This course will cover the purpose of the Uniform Mechanical Code. It will provide information about the complete requirements for the installation and maintenance of residential heating, ventilating, cooling and refrigeration systems.

AC_R 400B  3.0 units
Uniform Mechanical Code II
3.0 hours lecture
Prerequisite: AC_R 400A
Grading: letter grade or pass/no pass
This course will cover the purpose of the Uniform Mechanical Code. It will provide information about the complete requirements for the installation and maintenance of large complex buildings heating, ventilating, cooling and refrigeration systems.

AC_R 421A  3.0 units
Elect Controls for Refrig/Air Cond/Heat
3.0 hours lecture
Grading: letter grade or pass/no pass
This course covers the theoretical and practical principles involving the control of air conditioning and refrigeration equipment. Topics covered are the selection, application and maintenance of automatic controls for heating, ventilation and cooling systems.

AC_R 421B  3.0 units
Pneumatic Controls for HVAC
3.0 hours lecture
Prerequisite: AC_R 421A
Grading: letter grade or pass/no pass
This is an advanced course that requires knowledge of basic air conditioning and refrigeration controls. This course covers the selection, application and maintenance of automatic controls found in the large commercial/industrial facilities.
Phlebotomy Practicum
3.0 hours laboratory
Prerequisite: AH 220
Recommended Preparation: All health and safety requirements of clinical laboratories.
Grading: pass/no pass
This course provides the clinical laboratory experience in phlebotomy required to qualify for the examination of Certified Phlebotomy Technician I. This course and AH 220 are approved as a phlebotomy program by the State of California Department of Health Services Field Laboratory Services. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

AH 225 0.5 unit
Basic Arrhythmia Recognition
0.5 hour lecture
Prerequisite: ADN 11B and ADN 11BL or VOCN 287B and VOCN 287BL or EMT 251 and EMT 251L or AH61
Grading: pass/no pass
This course provides instruction in the interpretation of the single lead electrocardiogram. This course includes the relationship between cardiac physiology and the development of cardiac rhythm, as well as the correlation of electrocardiogram status to patient condition and expected treatment. This course is designed for health care workers or students interested in the care of patients with cardiac problems. Successful completion prepares the student for the ECG component of the American Heart Association Advanced Cardiac Life Support class. This course would be suitable for health care students and registered nurses, vocational nurses, radiologic technologists and emergency medical technicians. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

AH 276 1.0 unit
Health Care Law
1.0 hour lecture
Grading: letter grade
This course is designed to develop a basic understanding of health care law, medical ethics and how they relate to health care providers.

AH 285 1.0 unit
Health Care CPR and Vital Signs
1.0 hour lecture, 0.5 hour laboratory
Grading: letter grade
This course is designed for students entering a healthcare field. Topics covered include Health Care provider CPR, including Automatic Defibrillator training, and assessment of vital signs and their significance in patient care.
ANATOMY (ANAT)

ANAT 1 (CAN BIOL 10)  4.0 units
Human Anatomy
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is the study of the structure of the human body. This course provides the basic knowledge and lab skills to meet the needs of pre-nursing, physical education, physical therapy, and allied health majors. Dissection of a cat is required.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANAT 41  5.0 units
Anatomy & Physiology
4.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to the study of the structures and functions of the human body. Knowledge learned in lecture is reinforced by laboratory experiments and dissections. This course is designed for students in certain health related majors as well as for students not majoring in the life sciences. Dissection of the fetal pig is required.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHROPOLOGY (ANTHR)

ANTHR 1 (CAN ANTH 2)  3.0 units
Physical Anthropology
3.0 hours lecture
Grading: letter grade or pass/no pass
This course focuses on demonstrated understanding of the evolutionary physical characteristics that distinguish humans from other life forms. Major topics included in the course are human genetics, human physical variation, primatology, the origin and evolution of humans, and the synthetic theory of evolution.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHR 1H (CAN ANTH 4)  3.0 units
Honors Physical Anthropology
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course focuses on demonstrated understanding of the evolutionary physical characteristics that distinguish humans from other life forms. Major topics included are human genetics, human physical variation, primatology, the origin and evolution of humans and the synthetic theory of evolution.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHR 2 (CAN ANTH 4)  3.0 units
Cultural Anthropology
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to the study of the concepts, theories, and methods used in the comparative study of sociocultural systems. This course includes a comparison of subsistence patterns, social structure, political organization, language, family, kinship, religion, and the arts as practiced by different cultures. It also explores social inequality, ethnicity, and gender and the application of anthropological perspectives to contemporary issues in the midst of culture change. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHR 2H  3.0 units
Honors Cultural Anthropology
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course is an introduction to the study of the concepts, theories, and methods used in the comparative study of sociocultural systems. This course includes a comparison of subsistence patterns, social structure, political organization, language, family, kinship, religion, and the arts as practiced by different cultures. It also explores social inequality, ethnicity, and gender and the application of anthropological perspectives to contemporary issues in the midst of culture change.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHR 3  3.0 units
Intro to Archaeology
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to the study of concepts, theories, and methods of anthropological archaeology as well as a review of significant data and models that contribute to knowledge of the human past. The course includes a discussion of the history and interdisciplinary nature of archaeological research; dating techniques and methods of survey, excavation, and analysis; cultural resource management; ethical considerations; and selected cultural sequences.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHR 10  3.0 units
Magic, Witchcraft and Religion
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a survey of systems of magic, witchcraft and religion from past and present societies around the world. The course examines beliefs and practices in cultural settings with respect to the role of the supernatural in people’s lives.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ANTHR 20  3.0 units
Archaeology Field Survey Methods
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course will introduce students to archaeological survey methods through lectures and supervised field experience. Instruction will focus on compass reading, topographic map orientation, research design, and creating maps using various survey instruments, including a pocket transit, automatic level, and electronic total station.
Transfer Status: Transferable to CSU, see counselor for limitations.
ARCHITECTURAL DESIGN (ARCHT)

ARCHT 60  8.0 units

Architectural Design
6.0 hours lecture, 6.0 hours laboratory
Recommended Preparation: One year of high school drafting or DRAFT 201
Grading: letter grade
This is a beginning computer aided drafting (CAD) course that uses the most recent version of AutoCAD and focuses on developing basic architectural skills. The student will develop basic two-dimensional (2D) AutoCAD production drawing skills learning the relationship between plan, section and elevation drawings and use these to produce a preliminary set of production drawings for a simple building. Students will learn to solve basic design problems of site design, space relationships, roof shapes and building aesthetics. Alternative solutions to design problems will be explored using freehand sketching and computer generated techniques.
Transfer Status: Transferable to CSU, see counselor for limitations.

ARCHT 61  4.0 units

Architectural Design
3.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: One year of high school drafting or DRAFT 201.
Grading: letter grade
This is a second semester computer aided drafting course that focuses on the development of basic architectural skills while using AutoCAD software. Students will learn to solve basic design problems of site analysis, space relationships, roof design, building aesthetics and material selection. Alternative solutions to design problems will be explored using the computer and freehand sketching techniques. The student will learn intermediate 2D AutoCAD with an introduction to 3D drawings. (Units and content are one half of ARCHT 60.)
Transfer Status: Transferable to CSU, see counselor for limitations.

ARCHT 62  4.0 units

Architectural Design
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: ARCHT 61 or DRAFT 201.
Grading: letter grade
This is a second semester computer aided drafting course that focuses on the development of basic architectural skills while using AutoCAD software. Students will learn to solve basic design problems of site analysis, space relationships, roof design, building aesthetics and material selection. Alternative solutions to design problems will be explored using the computer and freehand sketching techniques. The student will learn intermediate 2D AutoCAD with an introduction to 3D drawings. (Units and content are one half of ARCHT 60.)
Transfer Status: Transferable to CSU, see counselor for limitations.

ARCHT 64  8.0 units

Architectural Design
6.0 hours lecture, 6.0 hours laboratory
Prerequisite: ARCHT 60 or ARCHT 62
Grading: letter grade
This is an intermediate level computer aided architecture course where students will create 2D and 3D architectural designs, 2D construction drawings and build physical and digital models. Students will utilize freehand sketches and the latest 2D and 3D software (i.e. AutoCAD, Sketch-up). Drawings include: site, floor and roof plans, sections, elevations, schedules, foundation plan and limited details. An opportunity to enter a design competition and build a portable structure may exist in the spring semester.
Transfer Status: Transferable to CSU, see counselor for limitations.

ARCHT 65  4.0 units

Architectural Design
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: ARCHT 62 or ARCHT 60
Grading: letter grade
This is the first semester of two intermediate level architecture courses for the transfer, occupational or returning student. It is a drafting and design course where students will create 2D and 3D architectural designs, 2D construction drawings and build physical models. The student will use sketches and the latest AutoCAD software products. Drawings include: site plan, floor plan(s), roof plan & elevations. (Units and content are one half of Archt 64).
Transfer Status: Transferable to CSU, see counselor for limitations.

ARCHT 66  4.0 units

Architectural Design
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: ARCHT 65
Grading: letter grade
This is the second semester of two intermediate level architecture courses for the transfer, occupational or returning student. It is a drafting and design course focused on developing further the drawing skills learned in Archt 65, with an introduction to 3D drawing systems. Students will create 2D and 3D architectural designs, 2D construction drawings and build digital models utilizing sketches and the latest 2D & 3D software (i.e. AutoCAD, sketch-up). Drawings include: site, floor & roof plans, elevations, sections, schedules, foundation plan and limited details. (Units and content are one half of Archt 64).
Transfer Status: Transferable to CSU, see counselor for limitations.

ARCHT 70AB  8.0 units

Architectural Design
6.0 hours lecture, 6.0 hours laboratory
Prerequisite: ARCHT 64 or ARCHT 66
Grading: letter grade
This is an advanced level computer aided architecture course (2 semesters) for transfer or occupational students. It is a drafting and design course that utilizes the latest AutoCAD products, freehand sketching and various 3D software products. Students will create complex 2D and 3D architectural designs, complete 2D building plans and build physical and digital models. Drawings include: architectural, structural, electrical, mechanical and construction details. An opportunity to enter a design competition and build a portable structure may exist in the spring semester.
Transfer Status: Transferable to CSU, see counselor for limitations.
ARCHT 71AD  4.0 units  
**Architectural Design**  
3.0 hours lecture, 3.0 hours laboratory  
Prerequisite: ARCHT 64 or ARCHT 66  
Grading: letter grade  
This is an advanced level computer aided architecture course (4 semesters) for transfer, occupational or continuing student. It is a drafting and design course that utilizes the latest AutoCAD products, freehand sketching and various 3D software products. Students will create complex 2D and 3D architectural designs, complete 2D building plans and build physical and digital models. Drawings include: architectural, structural, electrical, mechanical and construction details. (Units and content are equal to Archt 70AB.)  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

ARCHT 273AD  4.0 units  
**WE: Architectural Drafting**  
1.0 hour lecture, 12.5 hours laboratory  
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.  
Recommended Preparation: DRAFT 51A or DRAFT 201 or DRAFT 202  
Grading: letter grade or pass/no pass  
Vocational learning experiences through employment directly related to careers in Architectural Design Drafting. This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment and or volunteer time directly related to occupational goals or careers of interest to the student.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

ARCHT 298  3.0 units  
**EXP Introduction to Sustainability**  
3.0 hours lecture  
Grading: letter grade or pass/no pass  
The course is will provide an overview of what sustainability really is and how to integrate those practices into the buildings we design and build. We will also look at historical perspectives, best practices and the different rating agencies involved.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

ARCHT 360M1  1.5 units  
**Basic AutoCAD for Architecture**  
1.0 hour lecture, 2.0 hours laboratory  
Recommended Preparation: One year high school drafting or DRAFT201.  
Grading: letter grade  
This is a beginning computer aided drafting (CAD) course that uses the most recent version of AutoCAD. The course focus is on developing basic architectural knowledge and drawing skills. The student will develop two dimensional (2D) AutoCAD production drawings and be introduced to 3 dimensional (3D) drawing conventions. Archt 360M2 is one half of Archt 61 and leads to a certificate or associates degree in architectural drafting.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

ARCHT 360M2  1.5 units  
**Architecture Design AutoCAD**  
1.0 hour lecture, 2.0 hours laboratory  
Recommended Preparation: One year of high school drafting or ARCHT 360M1.  
Grading: letter grade  
This course is an entry level computer aided drafting (CAD) course that uses the most recent version of AutoCAD. The focus is on developing basic architectural knowledge and drawing skills. The student will develop two dimensional (2D) AutoCAD production drawings and be introduced to 3 dimensional (3D) drawing conventions. Archt 360M2 is one half of Archt 61 and leads to a certificate or associates degree in architectural drafting.  
*ART (ART)*

ART 1 (CAN ART 2)  3.0 units  
**Art and Civilization**  
3.0 hours lecture  
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.  
Grading: letter grade or pass/no pass  
This course explores the artistic heritage of Western civilization from prehistory to the end of the Gothic period through the study of major monuments of painting, sculpture and architecture. It emphasizes the development of art forms as reflective of the social, political, religious, and aesthetic sensibilities of the historical periods covered. The course is appropriate for art majors and non-art majors.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

ART 1H  3.0 units  
**Honors Art and Civilization**  
3.0 hours lecture  
Prerequisite: Qualification for the Honors Program  
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.  
Grading: letter grade or pass/no pass  
This course explores the artistic heritage of Western civilization from prehistory to the end of the Gothic period through the study of major monuments of painting, sculpture and architecture. It emphasizes the development of art forms as reflective of the social, political, religious, and aesthetic sensibilities of the historical periods covered. The course is appropriate for art majors and non-art majors.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

ART 2 (CAN ART 4)  3.0 units  
**Art and Civilization**  
3.0 hours lecture  
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.  
Grading: letter grade or pass/no pass  
This course is an historical approach to painting, sculpture, and architecture from Renaissance to modern times, emphasizing the relationship of art to concurrent philosophical, political, and social ideas. Discussions include key artists and their techniques. ART 1 is NOT a prerequisite.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

ART 2H  3.0 units  
**Honors Art and Civilization**  
3.0 hours lecture  
Prerequisite: Qualification for the Honors Program  
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.
Grading: letter grade or pass/no pass
This course is an historical approach to painting, sculpture, and architecture from Renaissance to modern times, emphasizing the relationship of art to concurrent philosophical, political, and social ideas. Discussions include key artists and their techniques. ART 1 is NOT a prerequisite.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 3**
Modern and Contemporary Art
3.0 hours lecture
Grading: letter grade or pass/no pass
This course surveys modern art from its mid-19th century beginnings to contemporary trends. Painting, sculpture, architecture and new art forms are explored in their broader cultural context.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 3H**
Honors Modern and Contemporary Art
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course surveys modern art from its mid-19th century beginnings to contemporary trends. Painting, sculpture, architecture and new art forms are explored in their broader cultural context.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 4**
Tribal Art
3.0 hours lecture
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.
Grading: letter grade or pass/no pass
This course is a survey of the painting, sculpture, architecture and crafts of Black Africa, Australia, Melanesia, Polynesia and Pre-Columbian North America. These traditions will be experienced through lectures, slides, movies, music and artifacts. The relationship of these areas to the mainstream of Western art also will be made.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 4H**
Honors Tribal Art
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.
Grading: letter grade or pass/no pass
This course is a survey of the painting, sculpture, architecture and crafts of Black Africa, Australia, Melanesia, Polynesia and Pre-Columbian North America. These traditions will be experienced through lectures, slides, movies, music and artifacts. The relationship of these areas to the mainstream of Western art also will be made.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 5**
History of Asian Art
3.0 hours lecture
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.
Grading: letter grade or pass/no pass
This course serves as a comprehensive introduction to the art traditions of India, Southeast Asia, China, Korea and Japan. The historical development of the arts is examined within their broader cultural context.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 5H**
Honors History of Asian Art
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Recommended Preparation: Qualification through the English Assessment Process at an ENGL 1 level or completion of ENGL 105 or ESL 34 and READ 82.
Grading: letter grade or pass/no pass
This course serves as a comprehensive introduction to the art traditions of India, Southeast Asia, China, Korea and Japan. The historical development of the arts is examined within their broader cultural context.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 6**
Art on the Town/Museum Study Visits
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is an overview of the major historical periods in Western art. After learning the basics of how to look at art, students will be introduced to the major styles of western and non-western art using slides, lectures and videos. Each lecture is followed the next week by a bus trip to view an exhibit related to the lecture. The course is designed for art majors and non-majors.
Transfer Status: Transferable to CSU, see counselor for limitations.

**ART 7**
Art on the Town/Studio & Gallery Visits
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course introduces the materials and techniques involved in making art through a broad survey of art styles, sources and individual artists. On alternate weeks a slide-lecture will show the steps involved in the artistic process and introduce selected art styles and artists. On a field trip the following week, students observe the process or its product. The course is for art majors and non-majors.
Transfer Status: Transferable to CSU, see counselor for limitations.

**ART 8**
Art on the Town/Special Exhibits
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is part of a program that introduces students to regional and cultural exhibits of world art not available on a continuing basis. It provides a broad-based overview on art whereby students can apply art principles, identify stylistic characteristics, and recognize historical context. On alternate weeks a slide-lecture will introduce the content of the exhibit and
ART 9
Introduction to Art
3.0 units
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course provides a common sense approach to exploring a student’s innate creative ability, the influence of art on everyday life, and how art is made. This course is designed for the non-art major and is recommended for teaching majors. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 10
Art Appreciation
3.0 units
3.0 hours lecture
Grading: letter grade or pass/no pass
Students will be introduced to the major themes and concepts that have been the source for artistic expression in the visual arts. Ideas are viewed from a thematic exploration of art to express aesthetically human wants, needs and hopes. Through lectures and visual aids, students become aware of artistic ideas, media and techniques. The course is designed for the non-art major. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 11
Pre-Columbian Art
3.0 units
3.0 hours lecture
Grading: letter grade or pass/no pass
This course explores pre-Columbian art from Mexico, Central and South America through the study of major monuments of sculpture, architecture, ceramics, textiles and painting. The slide-lecture format will be complemented by music, films and artifacts. The course is appropriate for art majors and non-art majors. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 11H
Honors Pre-Columbian Art
3.0 units
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course explores pre-Columbian art from Mexico, Central and South America through the study of major monuments of sculpture, architecture, ceramics, textiles and painting. The slide-lecture format will be complemented by music, films and artifacts. The course is appropriate for art majors and non-art majors. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 12AD
Gallery and Exhibition Design
3.0 units
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: ART 30 and 31
Grading: letter grade
Intro to the basic concepts applied to art exhibitions and installation. A foundation of history, theory and criticism will acquaint students to the function of galleries and exhibits in society. Apply learning with hands-on experience, assisting in creating shows, caring for and cataloging art works, working with professional artists and installing exhibitions in the Long Beach City College Fine Arts Gallery. Transfer Status: Transferable to CSU, see counselor for limitations.

ART 15 (CAN ART 8)
Beginning Drawing
3.0 units
2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This is an introductory studio experience in freehand drawing emphasizing accurate observation, shading, perspective, proportion and composition. Students develop the use of these skills as a means of personal expression. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 16AD
Intermediate Drawing
3.0 units
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 15
Grading: letter grade or pass/no pass
This is an advanced studio drawing experience with emphasis on the employment of personal expression as applied to 20th Century concepts and trends. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 17AD
Illustration I
3.0 units
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: ART 15 and ART 17AD
Grading: letter grade or pass/no pass
This course serves as an introduction to illustration. It stresses the creative interpretation of subjects, situations, and themes within the context of commercial art such as advertising, editorial, and institutional. Special emphasis is placed on the creation of illustrations from rough concept through finished artwork. Production, media processes, color analysis and application, portfolio development and presentation are presented. Studio experience in the use of linear perspective to develop illustrative realistic representation is emphasized. Transfer Status: Transferable to CSU, see counselor for limitations.

ART 18AD
Illustration II
3.0 units
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: ART 15 and ART 17AD
Grading: letter grade or pass/no pass
This course is a continuation of the concepts and techniques presented in Illustration I. Increasingly more advanced illustration projects, techniques, concepts and methods will be presented. Emphasis is placed on the development of original concepts, refinements of techniques, production methods and development and presentation of portfolio-quality artwork. In addition, rendering, or sharp focus drawing techniques will be presented and incorporated in several projects. Transfer Status: Transferable to CSU, see counselor for limitations.
**ART 19AD (CAN ART 24)  3.0 units**  
**Life Drawing**  
2.0 hours lecture, 4.0 hours laboratory  
Recommended Preparation: ART 15  
Grading: letter grade or pass/no pass  
This is a freehand figure drawing course focusing on observational skills, proportion, and anatomy as a means of personal expression. This course is recommended for those interested in illustration, drawing and painting and art majors interested in transferring to a university.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 23 (CAN ART 10)  3.0 units**  
**Beginning Painting**  
2.0 hours lecture, 4.0 hours laboratory  
Recommended Preparation: ART 15  
Grading: letter grade or pass/no pass  
This is an introductory studio course emphasizing fundamental techniques and concepts appropriate to the use of color and painting as a significant means of human expression. This course is required of all art majors.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 24  3.0 units**  
**Watercolor, Beginning**  
2.0 hours lecture, 4.0 hours laboratory  
Recommended Preparation: ART 15  
Grading: letter grade or pass/no pass  
This course offers an opportunity to explore and develop creative attitudes, values and personal expression in the visual arts. It investigates, emphasizing unique techniques, methods and tools, using the elements and principles of two-dimensional pictorial composition in an imaginative, personal manner. CSU course limitation, see counselor.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 25AD  3.0 units**  
**Watercolor, Advanced**  
2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: ART 24  
Grading: letter grade or pass/no pass  
This is an advanced course in watercolor painting with an emphasis on the employment of personal expression as applied to 20th century concepts and trends. For UC course limitations, see counselor.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 26AD  3.0 units**  
**Figure Painting**  
2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: One Semester of ART 19AD  
Recommended Preparation: ART 23  
Grading: letter grade or pass/no pass  
This course introduces and investigates painting the human figure from observation with the emphasis on anatomy, historical and contemporary issues and personal interpretation. Light logic and color theory systems as they pertain to the figure will be introduced and developed to create resolved compositions and accurate representations of the figure.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 27AD  3.0 units**  
**Intermediate Painting**  
2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: ART 23  
Grading: letter grade or pass/no pass  
This course is a studio experience designed for students with basic painting skills. The course will introduce them to historical and contemporary visual art concepts and techniques. The students will develop paintings that reflect personal expression, experimental media and current trends in painting.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 30 (CAN ART 16)  3.0 units**  
**Fundamentals of Art/Volume, Plane & Form**  
2.0 hours lecture, 4.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course is a foundational studio experience to provide basic understanding of the elements and principles of three dimensional design.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 31 (CAN ART 14)  3.0 units**  
**Intermediate Design**  
2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: ART 30 or 31  
Grading: letter grade or pass/no pass  
This course is a creative studio experience for the student preparing to enter a field of applied design, graphic design, product design, interior design and fine art. Emphasis is on problem solving and refinement of images and objects in the context of art and design.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ART 33AD  1.0 unit**  
**Three Dimensional Practicum**  
3.0 hours laboratory  
Corequisite: ART 34AD or 35AD or 36AD or 37AD or 38AD or 50 or 51AD or 52AD or 60 or 61AD or 62AD or 63AD  
Recommended Preparation: ART 30 and 31  
Grading: letter grade or pass/no pass  
This course provides on campus lab practice and the application of course content for three-dimensional media: sculpture, ceramics and jewelry/metalwork courses. Must be taken concurrently with one of these 3-D course sections.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

| ART 35AD | Jewelry/Metalsmithing 1 | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Recommended Preparation: ART 30 and 31 |
| Grading: letter grade or pass/no pass |
| This course introduces the scope of contemporary metalsmithing through the design and construction of original projects. Knowledge of various specialized soldering, forming and surface techniques is demonstrated in the construction of projects. Emphasis is on skill acquisition and refinement in a context of art and design. |
| Transfer Status: Transferable to CSU, see counselor for limitations. |

| ART 36AD | Jewelry/Metalsmithing 2 | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Prerequisite: One semester of ART 35AD |
| Grading: letter grade or pass/no pass |
| This course introduces the scope and exploration of wax-working, casting and mold making in contemporary jewelry and metalwork through the design and construction of original projects. Knowledge of various direct and indirect processes, wax working, and mold making techniques is demonstrated in the construction of projects. Emphasis is on skill acquisition and refinement in a context of art and design. |
| Transfer Status: Transferable to CSU, see counselor for limitations. |

| ART 37AD | Jewelry/Metalsmithing 3 | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Prerequisite: One semester of ART 35AD |
| Grading: letter grade or pass/no pass |
| This course introduces the scope and exploration of the basic hollowware techniques, die-forming, raising, chasing and repousse in contemporary jewelry and metalwork through the design and construction of original projects. Knowledge of various forming processes required for transposing two dimensional materials into three dimensional forms is demonstrated in the construction of projects. Emphasis is on skill acquisition and refinement in a context of art and design. |
| Transfer Status: Transferable to CSU, see counselor for limitations. |

| ART 38AD | Jewelry/Metalsmithing 4 | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Prerequisite: One semester of ART 35AD |
| Grading: letter grade or pass/no pass |
| This course is a continuation of studies to techniques and concepts introduced in 35AD, 36AD, or 37AD with an emphasis on refinement of skills. Included segments may cover facets such as enameling, professional practices or other advanced areas. |
| Transfer Status: Transferable to CSU, see counselor for limitations. |

| ART 41 | Introduction to Computergraphics | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Prerequisite: ART 41 |
| Recommended Preparation: ART 30 |
| Grading: letter grade or pass/no pass |
| This course will help demystify computer graphics for beginners and give a broad overview of the concepts involved in two dimensional computer graphic applications. The course covers terminology, basic operating systems and art related peripheral devices. |
| Transfer Status: Transferable to UC/CSU, see counselor for limitations. |

| ART 42 | Beginning Website Design | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Prerequisite: ART 41 |
| Recommended Preparation: ART 31 |
| Grading: letter grade or pass/no pass |
| In this course students learn to apply computer graphics to a variety of communication needs. The unique issues associated with multidimensional/non-linear communication are addressed. Students apply these principles to the creation of actual websites through hands-on use of a variety of software applications. This course is intended for art and non-art majors. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. |
| Transfer Status: Transferable to CSU, see counselor for limitations. |

| ART 43AD | Graphic Design Tools & Techniques | 3.0 units |
| 2.0 hours lecture, 4.0 hours laboratory |
| Prerequisite: ART 41 |
| Recommended Preparation: ART 31 |
| Grading: letter grade or pass/no pass |
| This course is an exploration of the basic use of computers for graphic design. Students learn the basics of graphic design in preparation of visual
Courses of Instruction

communications for both digital and print media. By completing assignments on the computer, students will create documents that effectively combine text and graphics. Projects will be created using a variety of input and output devices as well as software.

Transfer Status: Transferable to CSU, see counselor for limitations.

ART 45AD 3.0 units
Computer Art for Drawing and Painting
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 41
Recommended Preparation: ART 31
Grading: letter grade or pass/no pass
Digital image creation is explored using vector and raster based software applications such as Adobe Illustrator and Photoshop. Students learn the appropriate use of image creation software and hardware. Images are developed for both commercial and fine art applications.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 46AD 3.0 units
Computer Art & Design in 3D Modeling
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 41
Recommended Preparation: ART 31 and 42
Grading: letter grade or pass/no pass
Students digitally construct three-dimensional objects and learn to deal with abstract objects in virtual three-dimensional space. Specific relationships will be made between electronic modeling and the visual arts, in particular, sculpture, animation, illustration, and other areas of computer graphics.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 47AD 3.0 units
Computer Animation and Multimedia
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 41
Recommended Preparation: ART 31 and 42
Grading: letter grade or pass/no pass
This course introduces the skills and software used to create digital multimedia and animation. Students will learn the theories of computer-based animation and interactive multimedia design. Students will also learn how to digitally create stand alone, as well as interactive multimedia/animation, projects.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 48AD 3.0 units
Computer Art & Design for TV and Video
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 41
Recommended Preparation: ART 31
Grading: letter grade or pass/no pass
Students learn to develop digital content for video requirements on the computer. Students use non-linear editing and compositing of clips to create professional quality productions.

Transfer Status: Transferable to CSU, see counselor for limitations.

ART 49AD 3.0 units
Special Studies–Computer Art and Design
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 41
Recommended Preparation: Four courses from ART 43AD, 44AD, 45AD, 46AD, 47AD and 48AD
Grading: letter grade or pass/no pass
This course is for art majors in computer art and design who have completed a series of computer art classes and are prepared to do advanced work in a specific area. It will allow students to develop personal skills for their chosen specialty in the computer art field. Students work independently on projects formulated with faculty assistance.

Transfer Status: Transferable to CSU, see counselor for limitations.

ART 50 (CAN ART 6) 3.0 units
Ceramics I
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: ART 30 and 31
Grading: letter grade or pass/no pass
Students will explore basic hand and wheel methods of forming, decorating and glazing three-dimensional ceramic forms. As students develop a personal awareness and appreciation of the creative process, they will use clay as a medium of aesthetic expression.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 51AD 3.0 units
Ceramics II
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 50
Recommended Preparation: ART 30 and ART 31
Grading: letter grade or pass/no pass
This course serves as a creative experience in the visual arts using clay as a medium of expression. Students will apply knowledge gained in the first course (Ceramics I) to solve more complex problems of forming, decoration and glazing three-dimensional ceramic forms.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 52AD 3.0 units
Ceramics III
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 51AD
Recommended Preparation: ART 30 and ART 31
Grading: letter grade or pass/no pass
In this course students develop a more intensive knowledge of ceramics along with the ability to produce well designed ceramic objects. Emphasis is placed on the creation of the clay objects, initial concept through finished artwork, including refinements of glazing techniques, aesthetic judgment and problem solving capabilities. Kiln firing, glaze and clay technology will be presented.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ART 53AD 3.0 units
Ceramics IV
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 52AD
Recommended Preparation: ART 30 and ART 31
Grading: letter grade or pass/no pass
In this course students develop a more intensive knowledge of ceramics along with the ability to produce well designed ceramic objects. This course emphasizes
Students continue their investigation of form, space, and the understanding of an overall art making process. The advancement of technical and material skills as well as non-studio pieces. There is an emphasis on the welding, fiberglass lamination, installation and sculpture that may include carving, casting, modeling, and refinement in the context of art and design.

This studio course is designed to increase understanding of contemporary sculpture through a focus on the fundamentals of metal fabrication. This is an investigation of both historical and contemporary sculpture that may include oxy-acetylene, arc and heli-arc welding, basic forging, bending and cold-joint metal fabrication techniques. There is an emphasis on the advancement of technical and material skills as well as the understanding of an overall art making process.

Students continue their investigation of form, space, material, and content through selected projects, readings, field trips, lectures, and discussions.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 62AD** 3.0 units

**Metal Fabrication Sculpture**

2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 60
Recommended Preparation: ART 30
Grading: letter grade or pass/no pass

This studio course is designed to investigate contemporary sculpture ideas through traditional, industrial and new metal casting processes. Students explore styrofoam/greensand and standard investment casting aluminum and bronze. Instruction on surfacing includes patina, stains, paints and varnish application. Ceramic shell casting may also be explored.

Transfer Status: Transferable to CSU, see counselor for limitations.

**ART 63AD** 3.0 units

**Printmaking, Silkscreen**

2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 60
Recommended Preparation: ART 30
Grading: letter grade or pass/no pass

This course introduces the scope of the graphic art of printmaking as a means of personal expression. Students will learn the basic techniques of water-based serigraphy; blockout stencil, paper stencil and photo-emulsion stencils. Emphasis is on skill acquisition and refinement in the context of art and design.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ART 71AD** 3.0 units

**Printmaking, Intaglio**

2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ART 60
Recommended Preparation: ART 30
Grading: letter grade or pass/no pass

This course introduces the scope of the graphic art of intaglio as a means of personal expression. Materials include etching, engraving, multicolor plates, viscosity, aquatint, photo etching and related methods and mixed media techniques.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.
ART 72AD 3.0 units
Advanced Printmaking
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: One Semester of ART 70AD or ART 71AD.
Grading: letter grade or pass/no pass
Students will work in special studies of advanced
techniques and exploration of collagrapy, intaglio,
serigraphy and/ or woodcut. Students will develop and
pursue individualized projects and gain competence in
darkroom techniques and mixed media.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

ART 80 3.0 units
Elements of Photography
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a survey of photography as a creative,
personal form of expression. The emphasis is on acquisition of skills related to camera operation,
selection of equipment, choosing appropriate subject
matter and how to take and evaluate the final product, the
photograph.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

ART 81AD 3.0 units
Introduction to Fine Art Photography
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: ART 31
Grading: letter grade or pass/no pass
This course is an introduction to photography as a
creative personal form of expression. The emphasis is on
acquisition of black and white darkroom skills, operation of
a camera, concepts and practices of fine art photography.
It is suitable for students with beginning to advanced
photographic skill levels.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

ART 90AD 1.0 unit
Special Projects in Art
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course is designed to assist the student in the
exploration and development of an individual approach
to projects within specific fields of art.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

ART 91AD 2.0 units
Studio Projects in Art
2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is designed to assist the student in the
exploration and development of an individual approach
to studio projects within the field of art.
Transfer Status: Transferable to CSU, see counselor
for limitations.

ART 292 3.0 units
Professional Skills for Artists
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: Completion of at least three
studio art courses
Grading: letter grade or pass/no pass
This course emphasizes developing skills for portfolio
presentation as a student, professional artist or art
director. Lectures and demonstrations will include
photographing artwork, documentation of artwork,
matting, framing, resume and artist statement writing,
portfolio development. Class lectures will also include
information on exhibitions, criticism, ethical and
contractual issues, and grants.

ART 600 0.0 unit
Two-Dimensional Art Exploration
2.0 hours lecture, 4.0 hours laboratory
Grading: LBCC Non-Graded Course
Students develop, improve and explore visual art skills
and philosophy related to two-dimensional art work such
as drawing, painting, perspective, rendering, watercolor,
life drawing and design. This course is designed for
senior citizens.

ART 601 0.0 unit
Three-Dimensional Art Exploration
2.0 hours lecture, 4.0 hours laboratory
Grading: LBCC Non-Graded Course
Students develop, improve and explore skills and
philosophy related to three-dimensional art work such as
sculpture, 3-D design, ceramics, jewelry &
metalsmithing, and applied design. This course is
designed for senior citizens.

ART 602 0.0 unit
Specialty/Technical Art Exploration
2.0 hours lecture, 4.0 hours laboratory
Grading: LBCC Non-Graded Course
Students develop, improve and explore skills and
philosophy related to process-oriented art work such as
printmaking, photo and computer art and design. This
course is designed for senior citizens.

ART 603 0.0 unit
Exploration in Art History
3.0 hours lecture
Grading: LBCC Non-Graded Course
Students explore the historical, cultural, and/or thematic
aspects of the visual arts through lecture, slides, films
and/or museum visits. This course is designed for senior
citizens.

ASTRONOMY (ASTR)

ASTR 1 3.0 units
Elementary Astronomy
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to astronomy. Topics to be
covered include the physical nature of the solar system,
stars and stellar systems, and the universe as a whole,
including not only their current state, but also theories of
their origin and evolution.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

ASTR 1L 2.0 units
Astronomy Laboratory
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course provides an introduction to observational
astronomy. Various projects provide training in
astronomical observation, and in the analysis of numeric
and graphical data. Passing both ASTR 1 and ASTR 1L
satisfies a physical science lab requirement.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.
AUTO BODY REPAIR (ABODY)

ABODY 211 9.0 units
Intro to Basic Auto Body Repair
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to basic auto body repair principles involving theory, safety practices, gas welding, metal shrinking, MIG welding, metal straightening, metal finishing, hand and power tools, plastic body filler, surface preparation, primer and spray gun techniques. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ABODY 212 9.0 units
Minor Collision Repair
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Recommended Preparation: ABODY 211
Grading: letter grade or pass/no pass
This is a course designed as an overview of the collision repair industry, which will build the framework of knowledge needed to fully understand the repair process, within the semester you will learn the basic process of safety, certification, welding, heating, cutting, hand tools, power tools/equipment, Basic measurement, service information, fasteners, collision repair hardware/materials, vehicle construction metal straightening, surface preparation, painting and refinishing fundamentals — as well as the tools necessary to complete these tasks. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ABODY 213 9.0 units
Major Collision Repair
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Recommended Preparation: ABODY 212
Grading: letter grade or pass/no pass
This course will cover the analysis of major automotive collision damage and the knowledge and skills to repair the structural body components to pre-accident condition. Topics will include safety practices, frame straightening techniques, replacement of major structural panels, MIG welding (GMAW), removal and installation of major body components, air conditioning recycling and recharging, metal finishing, basic electrical systems, basic mechanical techniques, and special projects. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ABODY 240 4.5 units
Automotive Refinishing 1
3.0 hours lecture, 6.0 hours laboratory
Recommended Preparation: ABODY 213
Grading: letter grade or pass/no pass
This beginning automotive painting course will cover the basic principles in Automotive Refinishing. The course covers safety practices, preparation and masking, refinishing nomenclature, spray painting equipment, spray painting techniques, and special projects.

ABODY 419AD 4.0 units
Auto Body Repair
2.0 hours lecture, 6.0 hours laboratory
Grading: letter grade or pass/no pass
This course will cover the analysis of major automotive collision damage. Topics will include safety practices, frame straightening techniques, replacement of major structural panels, MIG welding (GMAW), removal and installation of major body components, metal finishing, basic electrical systems and basic mechanical techniques. This course will also cover the basic principles in Automotive Refinishing, safety practices, preparation and masking, refinishing products, refinishing nomenclature, spray painting equipment, spray painting techniques, and special projects.

AUTOMOTIVE TECHNOLOGY (AMECH)

AMECH 50A 3.0 units
Machine Tool Operation and Practices
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is designed to explore the machining techniques utilized in the machine shop. This entry level machining course covers safety practices required in the modern manufacturing industry. This course includes semi-precision layout, semi-precision measurement, tools and equipment. Students learn to operate the milling machine and engine lathe. This course is primarily design as a supplemental course so that students in other field appreciate and apply techniques utilized in the machine shop. This course is formally known as MACHT 50A.
Transfer Status: Transferable to CSU, see counselor for limitations.

AMECH 231 9.0 units
Engine Repair & Automatic Transmissions
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Recommended Preparation: High school auto or AMECH 421
Grading: letter grade or pass/no pass
This course covers safety, tools and fasteners, nomenclature, theory, demonstrations and “hands on” instruction on differently fueled automobile engines. This course also covers automatic transmissions and engine repair. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

management systems. Includes both factory and after-market dedicated systems. Current trends in the industry and preparation for taking the ASE (Automotive Service Excellence) F1 test are included.

**AMECH 493** 3.5 units

*Alt Fuels Conversion, Diagnosis & Repair*

3.0 hours lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
Covers diagnosis and repair of light and medium duty alternative fuel vehicles including aftermarket and OEM systems. The theory of installation, regulations and certification, manufacturing techniques and trouble-shooting of alternatively-fueled vehicles, emphasizing natural gas and computer controlled fuel management systems. Current trends in the industry and preparation for taking the ASE (Automotive Service Excellence) F1 test are included.

**AMECH 801** 2.0 units

*Quick Service Tech-Lubrication Service*

2.0 hours lecture, 0.2 hour laboratory
Grading: pass/no pass
Learning to be a Quick-Service Lubrication Technician is one of the fastest ways to a job in automotive technology. This one-week course prepares you to enter this field immediately with skills needed for an entry-level job doing oil changes, lubrication, under hood services and vehicle inspections. Job seeking skills are included. This course is also excellent for the do-it-yourselfer who wants to learn how professionals do a lubrication service.

**AMECH 802** 2.0 units

*Quick Service Tech-Tire Service*

2.0 hours lecture, 0.2 hour laboratory
Grading: pass/no pass
Learning to be a Quick Service Tire Technician is one of the fastest ways to a job in automotive technology. This one-week course prepares you to enter this field immediately with skills needed for an entry-level job doing tire rotation, repair, replacement, balancing and vehicle inspections. Job seeking skills are included. This course is also excellent for the do-it-yourselfer who wants to learn how professionals do tire service.

**AMECH 803** 2.0 units

*Quick Service Tech-Brake Inspection*

2.0 hours lecture, 0.2 hour laboratory
Grading: pass/no pass
Learning to be a Quick Service Brake Inspection Technician is one of the fastest ways to a job in automotive technology. This one-week course prepares you to enter this field immediately with skills needed for an entry-level job doing brake safety inspections and vehicle inspections. Job seeking skills are included. This course is also excellent for the do-it-yourselfer who wants to learn how professionals do brake service.

**AVIATION MAINTENANCE TECHNICIAN (AVMNT)**

**AVMNT 201** 8.0 units

*General Aircraft Science*

7.3 hours lecture, 7.3 hours laboratory
Grading: letter grade
This course partially fulfills the requirements stated in Title 14 CFR Part 147, including Mathematics, Basic Physics, Aircraft Drawing, Weight and Balance, and Basic Electricity. This course is typically offered for eight weeks.

**AVMNT 202** 8.0 units

*General Aircraft Maintenance*

7.3 hours lecture, 7.3 hours laboratory
Grading: letter grade
This course partially fulfills the requirements stated in Title 14 CFR Part 147, including Materials and Processes, Fluid Lines and Fittings, Ground Operation and Servicing, Cleaning and Corrosion, Maintenance Publications, Maintenance Forms and Records, Mechanic Privileges and Limitations and Human Factors. This course is typically offered for eight weeks.

**AVMNT 203** 8.0 units

*Airframe Structures*

7.3 hours lecture, 7.3 hours laboratory
Prerequisite: AVMNT 201 and 202
Grading: letter grade
This course partially fulfills the requirements stated in Title 14 CFR Part 147, including Sheet Metal and Non-Metallic Structures, Aircraft Welding, Wood Structures, Aircraft Covering, and Aircraft Finishes. This course is typically offered for eight weeks.

**AVMNT 204** 8.0 units

*Airframe Components*

7.3 hours lecture, 7.3 hours laboratory
Prerequisite: AVMNT 203 and 204
Grading: letter grade
This course partially fulfills the requirements stated in Title 14 CFR Part 147, including Aircraft Landing Gear, Hydraulics and Pneumatics, Aircraft instruments, Assembly and Rigging, and Airframe Inspection. This course is typically offered for eight weeks.

**AVMNT 205** 8.0 units

*Airframe Systems*

7.3 hours lecture, 7.3 hours laboratory
Prerequisite: AVMNT 203 and 204
Grading: letter grade
This course partially fulfills the requirements stated in Title 14 CFR Part 147, including Aircraft Electrical Systems, Communication & Navigation Systems, Aircraft Fuel Systems, Cabin Atmosphere Systems, Fire Protection Systems, Position and Warning Systems and Ice and Rain Control Systems. This course is typically offered for eight weeks.

**AVMNT 206** 8.0 units

*Powerplant Systems*

7.3 hours lecture, 7.3 hours laboratory
Prerequisite: AVMNT 203 and 204
Grading: letter grade
This course partially fulfills the requirements stated in Title 14 CFR Part 147, including Propellers, Engine Electrical Systems, Induction and Airflow Systems, Fuel Metering Systems, Engine Fuel Systems, Engine Cooling Systems, and Engine Fire Protection Systems. This course is typically offered for eight weeks.
Courses of Instruction

AVIATION PILOT (AVPLT)

AVPLT 201 4.0 units
Private Pilot Ground School
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
This course partially fulfills certification requirements under Title 14 CFR part 61. This course is designed for preparation for Federal Aviation Administration (FAA) Private Pilot (airplane) written examination. This course includes the topics of Aerodynamics, Basic Aircraft Systems, Airports, Airspace, Aeronautical Charts, Communications, Select Federal Aviation Regulations, VFR Navigation, Aircraft Performance, Flight Planning, and Flight Physiology.

BASIC ADULT EDUCATION (BAE)

BAE 601A 0.0 unit
Basic Skills Development I
15.0 hours laboratory
Grading: LBCC Non-Graded Course
This course is a non-credit program designed to improve basic skills for students whose abilities range from primary to pre-high school level. The course emphasizes the development of basic reading, writing and math skills for students who: (1) are enrolled, or plan to enroll, in regular courses and need to develop or improve their basic educational skills; (2) wish to review or complete their elementary education; (3) are preparing to take exams or need to develop basic skills for employment or special educational/vocational programs; or (4) wish to improve their mastery of English as a Second Language. This course is part of a sequence of courses leading to a Certificate of Completion in Basic Skills. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

BAE 601B 0.0 unit
Basic Skills Development II
15.0 hours laboratory
Grading: LBCC Non-Graded Course
This course is a non-credit program designed to improve basic skills for students whose abilities range from pre-high school through pre-college level. The course emphasizes the development of basic reading, writing and math skills for students who: (1) are enrolled, or plan to enroll, in regular courses and need to improve or refresh their basic educational skills; (2) wish to review or complete their secondary education; (3) are preparing to take exams or need to develop basic skills for employment or special educational/vocational programs or college/university entrance; or (4) wish to improve their mastery of English as a Second Language. This course is part of a sequence of courses leading to a Certificate of Completion in Basic Skills. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Courses of Instruction

BIOLOGY (BIO)

BIO 1A  (Part of CAN BIO SEQUENCE A)  5.0 units
Biology for Science Majors
3.0 hours lecture, 6.0 hours laboratory
Prerequisite: CHEM 1A
Grading: letter grade
This is the first semester of a one-year survey of biology. It includes the chemistry of life, cellular organization, biological membranes, energetics, genetics, evolution and diversity of lower life forms and plants.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 1B  (Part of CAN BIO SEQUENCE A)  5.0 units
Biology for Science Majors
3.0 hours lecture, 6.0 hours laboratory
Prerequisite: BIO 1A
Grading: letter grade
This is the second semester of a one-year survey of biology. It includes an overview of structures and life processes in plants and animals, animal and plant taxonomies, ecology, and behavior.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 2  (CAN BIOL 14)  5.0 units
General Microbiology
3.0 hours lecture, 6.0 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to the anatomy of bacteria, fungi, protozoa, viruses and prions. It covers microbial metabolism, bacterial and viral genetics, genetic engineering, control of micro-organisms, microbial nutrition and growth, microbial ecology, the most common genera of micro-organisms, and the replication of viruses and prions. Aspects of the course that are particularly helpful to health fields include a study of epidemiology and human-microbe interactions, host defenses and the immune system, and the most common infectious diseases of the body systems. The course is designed to meet the requirements of health fields such as registered nursing as well as to serve as a general education laboratory science course.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 5  4.0 units
Plant Biology
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course utilizes lecture, lab, and fieldwork to present the student with fundamental concepts and principles of plant life, including a study of plant structure, function, and diversity. Intended for the non-science major. Not open to students registered in or with credit in BIO 1A.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 11  3.0 units
Environmental Problems of Man
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a study of the effects of man’s interaction with the total environment, the problems resulting from ignoring known ecological principles and the socio-cultural implication of biological concepts. Selected crisis situations will be examined. Physical, biological and political means and methods of reversing environmental deterioration will be considered, as well as conservation and management of natural resources.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 20  4.0 units
Marine Biology
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course provides an introduction to marine natural history, incorporating biological concepts such as plants, animals and habitats of the marine environment. A variety of marine communities are discussed in relation to their biotic, physical and chemical components. Lab work and field trips are included.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 20H  4.0 units
Honors Marine Biology
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course provides an introduction to marine natural history, incorporating biological concepts such as plants, animals and habitats of the marine environment. A variety of marine communities are discussed in relation to their biotic, physical and chemical components. Lab work and field trips are included.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 22  2.0 units
The Marine Environment
2.0 hours lecture
Grading: letter grade or pass/no pass
This course focuses on the marine environment as a unique feature of the Earth and investigates areas of scientific and public concern: the pervasiveness of the ocean and its effect on weather, its contributions to the diversity of life forms and to the physical and historical development of humankind, its impact on geopolitical and economic matters, the impact of oceanic pollutants and the potential exploitation of marine resources. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

BIO 25  3.0 units
Biology and Society
3.0 hours lecture
Grading: letter grade or pass/no pass
This course covers a variety of basic biological concepts, discoveries and theories that also have important social, philosophical, ethical and religious implications. Students are introduced to critical thinking skills and scientific methods while exploring topics such as biological evolution, natural selection, bioethics, HIV and AIDS, genetic engineering, reproductive technologies, extinctions, overpopulation and major ecological issues.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
BIO 28 2.0 units
Field Natural History of the Mountains
1.3 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course introduces students to the physical and biological aspects of mountain ecosystems, using lecture, laboratory, and at least two weekend field trips. An emphasis is placed on life zones and the identification of their representative plants and animals. Transfer Status: Transferable to CSU, see counselor for limitations.

BIO 30 4.0 units
Wildlife Biology
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This natural history course utilizes lecture, laboratory, and field trips to provide a general survey of all major forms of life, characteristics and behaviors of selected forms, with a focus on California representatives. Various natural communities are discussed. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 31 2.0 units
Birds
1.5 hours lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
This is an introductory course for the identification and recognition of the various birds species common to Southern California. This course discusses birding identification terminology including bird anatomy, behavior, variations, migrations and speciation. Emphasis is on field identification and use of the field guide. Habitats, behaviors, songs, ecology and natural history of the species will be summarized. This course includes at least three required field trips to local sites. Transfer Status: Transferable to CSU, see counselor for limitations.

BIO 37 2.0 units
Field Natural Hist: South Calif. Deserts
1.3 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This natural history course utilizes lecture, laboratory, and field trips to acquaint students with the basic physical and biological features of the desert environment. Plants and animals of the desert ecosystem are covered with an emphasis on their adaptations to the environment. Transfer Status: Transferable to CSU, see counselor for limitations.

BIO 38 2.0 units
Field Natural History: Newport Bay
1.3 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This natural history course utilizes lecture, laboratory, and field trips to study the estuarine wetland habitats of Newport Bay. Students will become acquainted with the basic physical, biological, historical, and political background of the bay. The common plants and animals will be studied with an emphasis on adaptations. Transfer Status: Transferable to CSU, see counselor for limitations.

BIO 41 3.0 units
Contemporary Biology
3.0 hours lecture
Grading: letter grade or pass/no pass
This course covers the general principles of biology, such as molecular biology, organic evolution, taxonomy, basic similarities of living patterns, basic physiology and anatomy of body systems, genetic continuity and environmental biology. Significant problems of modern biology are included. Not open for credit to students registered in or with credit in BIO 1A-B or 5. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 41H 3.0 units
Honors Contemporary Biology
3.0 hours lecture
Prerequisite: Qualification for the Honors Program.
Corequisite: BIO 41L
Grading: letter grade or pass/no pass
This course covers the general principles of biology such as molecular biology, organic evolution, taxonomy, basic similarities of living patterns, basic physiology and anatomy of body systems, genetic continuity and environmental biology. Significant problems of modern biology are included. Not open for credit to students registered in or with credit in BIO 1A-B or 5. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 41L 1.0 unit
Contemporary Biology Laboratory
3.0 hours laboratory
Grading: letter grade or pass/no pass
This is an audio tutorial lab that provides practical, hands on experience in the field of biology. Students complete a series of experiments and demonstrations that clarify the general principles developed in BIO 41 lecture. The BIO 41 Lab is not open for credit to students registered in or with credit in BIO 1A-B or 5. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 60 4.0 units
Human Biology 1
4.0 hours lecture
Grading: letter grade or pass/no pass
This course combines the elementary principles of anatomy, physiology, microbiology, nutrition and very elementary chemistry. Students are expected to learn the basic terminology of these fields as a foundation for further study of medical problems and diseases. Biology 60 is designed to fulfill the general science requirement and to meet the pre-requisite needs of the health occupations student. This course is not open for credit to students registered in or with credit in ANAT 1 and PHYS 1. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

BIO 60L 1.0 unit
Human Biology 1 Laboratory
3.0 hours laboratory
Prerequisite: BIO 60 (may be taken concurrently)
Grading: letter grade or pass/no pass
Human Biology lab provides a practical experience in an audio-tutorial setting. Experiments and demonstrations are selected which clarify the principles developed in
BIO 60. Not open for credit to students registered in or with credit in BIO 1A-B or 5.
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**BIO 61**
3.0 units
Human Biology 2
3.0 hours lecture
Prerequisite: BIO 60 or ANAT 41 or (ANAT 1 and PHYS 1).
Grading: letter grade or pass/no pass
This course is an introduction to the study of disease, including cause, prevention and symptoms of the common human diseases. The course assumes a basic understanding of anatomy and physiology. Biology 61 is designed for the general student and those in the health technology fields.
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**BUSINESS, GENERAL (GBUS)**

**GBUS 5**
3.0 units
Introduction to Business
3.0 hours lecture
Grading: letter grade
This course is designed to provide a basic understanding of the business environment and the prime operating functions of management/organization, human resources, marketing, information/technology and accounting/finance. These skills are useful for both entry and mid-level positions. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**GBUS 251**
3.0 units
Business Mathematics
3.0 hours lecture
Recommended Preparation: MATH 815 or basic math skills.
Grading: letter grade
This course emphasizes quantitative business techniques as applied to pricing, markdowns, discounts, interest, calculating payroll, ratios, business statistics, income statements and balance sheets.

**BUSINESS, INTERNATIONAL (IBUS)**

**IBUS 1**
3.0 units
Introduction to International Business
3.0 hours lecture
Grading: letter grade
This course offers an introduction to the global business macro-environment and orients students toward a career in the field of international business. Topics covered include economic variables, cultural differences, political risk, regional trade agreements, foreign direct investment, and exchange rates. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**IBUS 20**
3.0 units
Export-Import Business Practices
3.0 hours lecture
Grading: letter grade
This class consists of the basics of the export-import business, how to handle money matters and how to buy and sell. It is designed for the person seeking an entry level position, contemplating the start of an export-import business or the manager who wishes to expand a company’s marketing opportunities.
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**IBUS 30**
3.0 units
International Business Management
3.0 hours lecture
Grading: letter grade
This course emphasizes the concept that management of an international operation differs in many ways from management of a purely domestic firm. Topics covered include multinational operations, cross cultural communication and international research.
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**IBUS 40**
3.0 units
International Banking and Finance
3.0 hours lecture
Grading: letter grade
This course offers an exploration of the financial requirements of international business. Topics covered include exchange rates, sources of funds, international credit and payment arrangements and methods of minimizing financial risks.
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**IBUS 52**
3.0 units
Introduction to Supply Chain Management
3.0 hours lecture
Grading: letter grade
This course orients the student to the alternative modes, systems, rates, services and regulations in global transport including ocean, air, and surface carriers and systems. It emphasizes the practical skills and techniques utilized to successfully market on an international basis.
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**IBUS 55**
3.0 units
Intro to Transportation Management
3.0 hours lecture
Grading: letter grade
This course is designed to provide a basic understanding of the functions and services involved in the movement of freight throughout the global marketplace, by focusing on the many requirements, restrictions, rules/ regulations for ocean, air, and land transportation in both domestic and foreign markets.
*Transfer Status: Transferable to CSU, see counselor for limitations.*
Courses of Instruction

IBUS 60  3.0 units
International Business Law
3.0 hours lecture
Prerequisite-LAW 18A
Grading: letter grade
This course is designed to explore the fundamentals of international business law and examine the scope of how international disputes affect global trade. It is appropriate for students who wish to pursue a career in the business field, especially those students interested in international business.
Transfer Status: Transferable to CSU, see counselor for limitations.

IBUS 75  3.0 units
Introduction to Logistics
3.0 hours lecture
Grading: letter grade
This course is designed for students and entry-level employees interested in becoming logistics professionals. Course content will focus on logistics systems and concepts, including Inventory & Warehouse Management, Logistics Information Systems, Facility Location and Global Logistics.
Transfer Status: Transferable to CSU, see counselor for limitations.

BUSINESS, LAW (LAW)

LAW 18A (CAN BUS 8)  3.0 units
Business Law
3.0 hours lecture
Grading: letter grade
This course is designed to explore the overall fundamental understanding of business law today. It examines the scope of how contracts and tort law affect the civil legal process as well as the nature of our current business environment. It is appropriate for students who wish to pursue a career in the business field. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

LAW 18B  3.0 units
Business Law
3.0 hours lecture
Grading: letter grade
This course is designed to explore the overall fundamental operations of several distinct legal business entities and corporate structures. It examines the scope of how agency and employment law affect the nature of how business decisions are made and their significance. It is appropriate for students who wish to pursue a career in the business field, especially those students interested in business management or business law.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CARPENTRY (CARP)

CARP 211  10.0 units
Carpentry 1
6.0 hours lecture, 13.0 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to the fundamentals of the building trades. Topics of instructions include: safety, building codes, construction mathematics, rough framing, residential concrete, residential concrete forms, blueprint reading, and technical information on materials and methods of residential construction. Practical instruction is given in the use of tools and materials through carpentry laboratory work. Students are required to attend 10 hours at the CTE Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CARP 212  10.0 units
Carpentry 2
6.0 hours lecture, 13.0 hours laboratory
Prerequisite: CARP 211
Grading: letter grade or pass/no pass
This course will cover the topics of safety and rough framing. Rough framing includes mudsills and their placement, girder placement, foundation types including slab on grade and stemwall foundation, floor joists, sub-flooring, wall framing systems, ceiling joists and roughing out stairs. Field trips and special projects will also be part of this course.

CARP 213  10.0 units
Carpentry 3
6.0 hours lecture, 13.0 hours laboratory
Prerequisite: CARP 211
Grading: letter grade or pass/no pass
This is an advanced course in Carpentry covering various residential construction trades. Topics of instructions include: safety, building codes, construction mathematics, rough framing, residential roof framing, exterior finishes, interior finishes, blueprints, roof framing, exterior finishes, interior finishes, blueprints, roofing calculation, layout of various rafters, codes requirements, roof construction, and estimating. Practical instruction is given in the use of tools and materials through carpentry laboratory work.

CARP 219  4.0 units
Residential Roof Framing
2.0 hours lecture, 6.0 hours laboratory
Recommended Preparation: CARP 211
Grading: letter grade
This is an advanced course in Carpentry covering residential roof framing. Topics of instruction include roof structures, calculations and layout of various rafters, codes requirements, roof construction, and estimating. Practical instruction is given in the use of tools and materials through carpentry laboratory work.

CARP 222  4.0 units
Residential Stairs
2.0 hours lecture, 6.0 hours laboratory
Recommended Preparation: CARP 211
Grading: letter grade
This is an advanced course in Carpentry covering residential stairs framing. Topics of instruction include stair design, calculation, layout, and construction. Practical instruction is given in the carpentry laboratory work.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CARP 225</td>
<td>Metal Framing</td>
<td>4.0</td>
<td>This course covers the fundamentals of residential light steel framing. Topics include: raised floor construction, wall framing, trussed roof fabrication and installation, applicable building codes and blueprint reading. The fundamentals are learned through laboratory work which requires the use of standard construction tools and materials.</td>
</tr>
<tr>
<td>CARP 227</td>
<td>Finish Carpentry</td>
<td>4.0</td>
<td>This is an advanced course in Carpentry covering residential interior finishes. Topics of instruction include the installation and taping of drywall texturing, hanging doors, installing base, and crown moldings, design, estimating, and layout. Practical instruction is given in the carpentry laboratory work.</td>
</tr>
<tr>
<td>CARP 230</td>
<td>Cost Estimating</td>
<td>3.0</td>
<td>This course is designed for those individuals needing to produce accurate project estimates; topics will include interpretation of project information from a detailed blueprint and processing it into a final detailed estimate.</td>
</tr>
<tr>
<td>CARP 245</td>
<td>Contracting Laws and Management</td>
<td>3.0</td>
<td>This course is designed for those with construction experience that wish to become contractors. Topics of instruction include the following: home improvement certification, contractor license law, labor laws, payroll deductions planning, management principles, lien laws, and business organization.</td>
</tr>
<tr>
<td>CARP 311</td>
<td>Carpentry 1</td>
<td>3.0</td>
<td>This course will cover topics of safety and rough framing. Rough framing includes mudsills and their placement, girder placement, floor joists, sub-flooring, wall framing systems, ceiling joists and roughing out stairs. Field trips and special projects will also be part of this course.</td>
</tr>
<tr>
<td>CARP 312</td>
<td>Carpentry 2</td>
<td>3.0</td>
<td>This course will cover safety and rough framing that will include: mudsills and their placement, girder placement, floor joists, sub-flooring, wall framing systems, and ceiling joists.</td>
</tr>
<tr>
<td>CARP 313</td>
<td>Carpentry 3</td>
<td>3.0</td>
<td>This course is is an introduction to the fundamentals of the building trades. Topics of instruction include safety, roof types, roof theory, exterior wall finish, interior finish, and stairway construction. Practical instruction is given in the use of tools and materials through carpentry laboratory work.</td>
</tr>
<tr>
<td>CARP 314</td>
<td>Carpentry 4</td>
<td>3.0</td>
<td>This is an advanced course in Carpentry covering residential foundation designs, form construction, and advanced wood frame construction. Topics of instruction include the installation of concrete forms, layout, concrete placement, and Post and Beam Construction. Practical instruction is given in the carpentry laboratory.</td>
</tr>
<tr>
<td>CARP 415A</td>
<td>Home Remodeling and Repair</td>
<td>2.0</td>
<td>This course focuses on home improvement projects and introduces the student to basic home remodeling. Topics will include safety, building codes, obtaining building permits, rough mechanical, trade related math, hand and power tools, techniques for installing or repairing plumbing fixtures, electrical repairs and upgrades, and energy saving concepts.</td>
</tr>
<tr>
<td>CARP 415B</td>
<td>Home Remodeling and Repair</td>
<td>2.0</td>
<td>This course focuses on home improvement projects and introduces the student to basic home remodeling. Topics will include safety, building codes, obtaining building permits, rough mechanical, trade related math, hand and power tools, framing various roof systems, and related construction hardware.</td>
</tr>
<tr>
<td>CARP 415C</td>
<td>Home Remodeling and Repair</td>
<td>2.0</td>
<td>This course in home remodeling covers interior sub-crafts. Topics of instruction include insulation, safety, drywall, finish carpentry, tile, estimating, and relevant codes. Practical instruction is given in the carpentry laboratory work.</td>
</tr>
<tr>
<td>CARP 415D</td>
<td>Home Remodeling and Repair</td>
<td>2.0</td>
<td>This course in Home remodeling covers exterior sub-crafts. Topics of instruction include exterior flashing, safety, roofing, stucco, estimating, exterior siding, and relevant building codes. Practical instruction is given in the carpentry laboratory work.</td>
</tr>
</tbody>
</table>
Carp 440 3.0 units
Blueprint Reading for Construction Trade
3.0 hours lecture
Grading: letter grade or pass/no pass
This course introduces students to construction blueprint reading through a study of the fundamental skills and concepts involved in reading and interpreting drawings.

CHEMISTRY (CHEM)

CHEM 1A (CAN CHEM 2) 5.0 units
General Chemistry
4.0 hours lecture, 5.0 hours laboratory
Prerequisite: CHEM 2 or qualification through the Chemistry assessment process and MATH 130, 130B, qualification through the Math placement process, or one year of high school intermediate algebra with a grade of B or better in the second semester.
Recommended Preparation: One year high school Chemistry.
Grading: letter grade or pass/no pass
This is the first semester of a one year course which satisfies the general chemistry requirement for science, engineering, and premed majors. Topics covered include atomic theory and bonding, the periodic table and chemical properties, thermochemistry, chemical reactions, solids, liquids and solutions, gases and the ideal gas laws, and an introduction to equilibrium. There is an emphasis on stoichiometric calculations. The lab stresses quantitative measurements in chemical reactions.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHEM 1B (CAN CHEM 4) 5.0 units
General Chemistry
4.0 hours lecture, 5.0 hours laboratory
Prerequisite: CHEM 1A
Grading: letter grade or pass/no pass
This course is the second semester of a one year course and fulfills the general chemistry requirement for students in chemistry, engineering, life science, physics, pre-dental, pre-medical, and pre-nursing programs. Topics covered include equilibrium of weak acids and bases, slightly soluble salts and complex ions in aqueous solution. The basic principles of thermodynamics and electrochemistry are presented, along with an introduction to coordination, nuclear and organic chemistry. The lab stresses descriptive inorganic chemistry and qualitative analysis.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHEM 2 4.0 units
Elementary Chemistry
4.0 hours lecture, 2.0 hours laboratory
Prerequisite: MATH 110 or 110B or 880 or qualification through the math assessment process or one year high school Elementary Algebra with a grade of B or better as reflected in the second semester grade.
Grading: letter grade or pass/no pass
This course provides basic knowledge and problem solving techniques necessary for CHEM 1A-B. Formula and equation writing, basic gas laws and stoichiometry are stressed. Students should be aware that many schools (CSULB included) do not allow credit for Chem 2, once Chem 1A (or the equivalent course at that school) has been successfully completed.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHEM 3 (CAN CHEM 6) 5.0 units
Intro to Gen, Organic & Biochemistry
4.0 hours lecture, 3.0 hours laboratory
Prerequisite: MATH 110 or 110B or 880 or qualification through the math assessment process or one year high school Elementary Algebra with a grade of B or better as reflected in the second semester grade.
Grading: letter grade or pass/no pass
This course will introduce the principles of general, organic and biological chemistry. A variety of topics will be addressed, including atomic theory, chemical formulas, nomenclature, stoichiometry, solutions, acids and bases, hydrocarbons, alcohols and ethers, carbonyl compounds, carbohydrates, lipids, amino acids and proteins, nucleic acids, biochemical energetics and metabolism. Lab work will reinforce basic concepts and provide experience in manipulating lab equipment. This course satisfies the needs of nursing, home economics and allied health sciences. This course does not prepare students for CHEM 1A.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHEM 12A 5.0 units
Organic Chemistry
4.0 hours lecture, 5.0 hours laboratory
Prerequisite: CHEM 1A and 1B
Grading: letter grade or pass/no pass
The course emphasizes bonding, structure, properties and reactions of organic compounds. Modern spectroscopic and analytical techniques are covered, and an emphasis is placed on reaction mechanisms and kinetics. The laboratory part of the course stresses the techniques involved in the synthesis of organic compounds. This is the first semester of a one year course which satisfies the Chemistry requirement for science, engineering, and pre-medical or pre-dental majors. The course is offered only in the Fall Semester.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHEM 12B 5.0 units
Organic Chemistry
4.0 hours lecture, 5.0 hours laboratory
Prerequisite: CHEM 12A
Grading: letter grade or pass/no pass
The course emphasizes bonding, structure, and reactions of organic compounds. Modern spectroscopic and analytical techniques are covered, and an emphasis is placed on reaction mechanisms and synthesis. The laboratory part of the course stresses techniques involved in the synthesis of organic compounds. This is the second semester of a one year course which satisfies the Chemistry requirement for science, engineering, and pre-medical or pre-dental majors. The course is only offered in the Spring Semester.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

CHILD AND ADULT DEVELOPMENT-ADULT AND ELDER CARE (CDAD)

CDAD 270 3.0 units
Adult Development
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed for prospective caregivers of adults needing assistance and the elderly. It provides an overview of social, psychological and physical effects of aging, emphasizing differences among individuals, including ethnic differences. Two off campus agency visitation are required.

CDAD 273AD 4.0 units
Work Experience — Adult Development
1.0 hour lecture, 10.0 hour laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time or personal/family responsibility directly related to occupational goal or career of interest to the student.

Transfer Status: Transferable to CSU, see counselor for limitations.

CHILD AND ADULT DEVELOPMENT- EARLY CHILDHOOD ED (CDECE)

CDECE 1 1.0 unit
The Developing Professional
1.0 hour lecture
Grading: letter grade or pass/no pass
This course focuses on professional development in Early Childhood Education and explores various types of programs and opportunities for specific occupations. This course also provides students with an opportunity to conduct a job search, investigate the interviewing process, improve communication skills and build a plan for professional competency development.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 19 3.0 units
Health, Safety and Nutrition DS7
3.0 hours lecture
Recommended Preparation: PEPP 23M1
Grading: letter grade or pass/no pass
This course is for school food service managers, childcare and/or family day care providers who assume responsibility for child nutrition programs and education and education safety. The curriculum includes guidelines for compliance with current federal, state and local legislation associated with child feeding and safety. It provides an introduction to basic child and infant CPR and pediatric first aid instruction but does not provide certification. This course is not open for credit to students registered in or with credit in F_N 19. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 31 2.0 units
Adult Supervision
2.0 hours lecture
Recommended Preparation: Current or prior experience as a teacher in an ECE program.
Grading: letter grade
This course is a study of the methods and principles of supervising student teachers and teaching staff in early childhood classrooms with an emphasis on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents, and staff. This course satisfies the adult supervision requirement for the Child Development Master Teacher, Site Supervisor and Program Director Permits from the Commission of Teacher Credentialing.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 34 3.0 units
Children’s Literature DS3
3.0 hours lecture
Grading: letter grade
This course is a survey course of contemporary and traditional literature including a bibliography for schools, community, libraries, aids to parents, preschool and elementary school teachers. Topics such as guiding children’s reading and developmentally appropriate book selection is covered.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 40 3.0 units
Infant Development & Educaring D4
3.0 hours lecture
Prerequisite: CDECE 45 or 47
Grading: letter grade
This course is a study of the infant, pre-birth to 18 months of age. Topics will include: the role of the adult in designing, evaluating and implementing the educare (education and care) of infants in center-based programs, family home care and parental care, based on and respectful of, the infant’s unique abilities and needs. The course will also cover developmental theories, program quality standards, laws and regulations (Title 22), the role of the primary caregiver, curricula, culturally sensitive care, as well as early recognition and intervention for infants with special needs. Information about the health, nutrition and safety components of infant care is included as well. This course meets the Department of Social Services Classification Indicator DS4.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 41 3.0 units
Toddler Development & Educaring D4
3.0 hours lecture
Prerequisite: CDECE 45 or 47
Grading: letter grade
This course is a study of the educaring (education and care) of toddlers 18 to 36 months of age. Topics will include: the role of the adult in a center-based program, in family home care and parental care; an overview of child development theories pertinent to this age; and activities and methods which nurture the toddler’s intellectual, language, emotional, social, personality and
motor development. The course will also cover effective behavior management; laws and regulations (Title 22), program quality standards, group size and continuity of care, the role of the primary caregiver, culturally sensitive care; as well as early recognition and intervention for toddlers with special needs, and information about the health, nutrition and safety components of toddler care. This course meets the Department of Social Services Classification Indicator DS4. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 47 3.0 units

Human Development
1.0 hour lecture
Grading: letter grade or pass/no pass
This course serves as an introduction into the study of adult development and the aging process. Developmental changes in humans are explored, including: biosocial, cognitive and psychosocial from early adulthood through old age. This course fulfills the requirements for students who have completed a course in human development covering the prenatal-adolescent periods and who need a course specific to adult development.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 47M1 1.0 unit

Human Development (Adult Years)
1.0 hour lecture
Grading: letter grade or pass/no pass
This course serves as an introduction into the study of adult development and the aging process. Developmental changes in humans are explored, including: biosocial, cognitive and psychosocial from early adulthood through old age. This course fulfills the requirements for students who have completed a course in human development covering the prenatal-adolescent periods and who need a course specific to adult development.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 48 3.0 units

Child, Family and Community D2
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a study of various socialization factors such as family, school and community and their effects on a child’s development. The importance of culture is explored as well as the dynamics of human relations in a multicultural, urban environment and in agencies concerned with health, education and welfare of children and families. This course fulfills state licensing requirements for child, family and community D2. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CDECE 50 3.0 units

Intro to Curriculum for Young Children
3.0 hours lecture
Prerequisite: CDECE 45 or 47
Grading: letter grade or pass/no pass
This course is study of early childhood education curriculum for children three-to five years of age. Methods for planning and implementing developmentally appropriate learning activities are covered. Strategies for using authentic child and program assessment in the preschool classroom are included. The focus is on curricular approaches, observation, lesson planning, practice and assessment.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 53 3.0 units

Principles and Practices
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an overview of early childhood education, historical trends, delivery systems and program philosophies. Observation and analysis of the elements of quality early childhood practices as well as methods of guidance will be included. Environments will be examined for influences of culture and inclusion on the developing child. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CDECE 54 3.0 units

Art & Creative Dev in Early Childhood D3
3.0 hours lecture
Grading: letter grade or pass/no pass
This course explores the principles and methods of providing creative expression and art experiences for young children, 3-5 years old. This course fulfills the state licensing requirements for programs/curriculum D3.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 55 3.0 units

Music & Movement in Early Childhood D3
3.0 hours lecture
Grading: letter grade or pass/no pass
This course explores the principles and methods of providing music and movement experiences for young children, 3-5 years. Students develop skills to effectively
Courses of Instruction

Sing, play simple musical instruments and use movement activities with young children.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 57 3.0 units
Science & Math in Early Childhood D3
3.0 hours lecture
Grading: letter grade or pass/no pass
This course explores the principles and methods of planning, implementing and evaluating science and math experience for young children 3-5 years old. Students will develop strategies to foster the child’s natural curiosity about the environment and quantity through activities that encourage exploration, experimentation, problem solving and discovery through play. This course fulfills state requirements for programs/curriculum D3.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 58 3.0 units
Language & Literacy in Early Childhood
3.0 hours lecture
Grading: letter grade
This course surveys the range of language and literacy theories, practices and activities that support young children’s development. Meets state licensing requirements for program curriculum D3.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 59 3.0 units
Guiding Young Children DS3
3.0 hours lecture
Grading: letter grade or pass/no pass
This course studies ways of approaching and understanding child guidance as it applies to children from birth to age 8 in family and community settings as well as developing a personal approach to child guidance based on current scientific research and theory concerning child development. The course utilizes lecture, discussion, small group work, observation, and research to explore the processes linked to the development of prosocial behavior in young children. The course focuses on the use of developmentally appropriate methods of guiding children to promote positive self-esteem.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 60A 3.0 units
Admin of Child Development Programs D6
3.0 hours lecture
Prerequisite: CDECE 45 or 47.
Grading: letter grade or pass/no pass
This course is a study of the planning, organization and administration of early childhood programs. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 60B 3.0 units
Advanced Supervision of ECE D6
3.0 hours lecture
Prerequisite: CDECE 45 or 47.
Grading: letter grade or pass/no pass
This course is an in-depth study of the principles of organizing and administrating early childhood programs, emphasizing motivational leadership, program quality and positive relationships with the community.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 61 3.0 units
Teaching in a Diverse Society D3
3.0 hours lecture
Grading: letter grade or pass/no pass
This course examines the relationship of culture, language, family structure, ability, socioeconomic status and other issues on the formation of the young child’s concept of self and the learning process. Emphasis is on practical early childhood classroom applications for diverse populations, including the integration of cultures, generations, genders, and races into the classroom, facilitation of second language acquisition, and practical teaching strategies for implementing an anti-bias curriculum. It meets state licensing requirements for program curriculum D3.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 66 3.0 units
Observation and Assessment DS3
2.0 hours lecture, 3.0 hours laboratory
Prerequisite: CDECE 45 or 47.
Recommended Preparation: CDECE 48 and CDECE 50.
Grading: letter grade
This course focuses on the purpose, value and use of formal and informal observations and assessment within the play-based learning environment of young children. The course meets state licensing requirements for program, curriculum DS3. Proof of negative TB test is required. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 68 3.0 units
Practicum D3
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: CDECE 1 and 19 and 48 and 50 and 53 and 61 and 66 and CDLL 51A or 52A
Grading: letter grade or pass/no pass
This course provides students the opportunity to plan, prepare, execute and evaluate various experiences with preschool age children. Students will learn specific techniques of working with children, parents and staff, procedures necessary for maintenance and use of equipment and the planning of curriculum for early childhood education programs.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 71AD 2.0 units
Work Experience — Child Development
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. The
course also involves vocational learning experiences through employment/internship directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 72AD  3.0 units

Work Experience — Child Development
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/internship directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 73AD  4.0 units

Work Experience — Child Development
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/internship directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDECE 259  3.0 units

Challenging Behaviors in Early Childhood
3.0 hours lecture
Recommended Preparation: CDECE 45 or CDECE 47 or CDECE 59.
Grading: letter grade
This course is the study of the relationship between developmental, environmental, and social-emotional variables and the young child’s challenging and/or extreme behaviors. Strategies, for use by the early childhood teacher or parent, which support the child’s development of social competence, self-control and self-image will be covered. Methods of teaching children friendship skills, “feeling vocabularies”, problem solving, and anger management are included. Observations at a variety of sites in the community will be required in this course.

CDECE 400  0.5 unit

ST ECE Thematic Topics
0.5 hour lecture
Grading: pass/no pass
This course will provide current theoretical and conceptual information relevant to the profession. Topics are based on pertinent themes to this program’s line of study and may include, but are not limited to infant and toddler, preschool and school-age education and care, curriculum, program organization, parent education, and supervision and management responsibilities in various childhood settings. This is a “special topics” course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.

CDECE 401  0.5 unit

ST ECE Developmental Topics
0.5 hour lecture
Grading: pass/no pass
This course will provide current theoretical, concepts, and strategies relevant to the profession in regards to child developmental levels. Topics are based on pertinent child development lines of study and may include, but are not limited to infant and toddler, preschool, school age, and the exceptional child. This is a “special topics” course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.

CHILD AND ADULT DEVELOPMENT—FAMILY DAY CARE (CDFDC)

CDFDC 212A  3.0 units

Family Child Care Management A
3.0 hours lecture
Grading: letter grade or pass/no pass
This course assists persons planning to become or currently involved in the group care of children in the home. This course focuses on setting up a child centered environment that meets licensing and accreditation standards.

CDFDC 212B  3.0 units

Family Child Care Management B
3.0 hours lecture
Grading: letter grade
This course assists persons planning to become or currently involved in the group care of children in the home. This course focuses on the child guidance as well as the business aspects of family child care including working with parents, record keeping, and communication. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
**CHILD AND ADULT DEVELOPMENT-FAMILY DEVELOPMENT (CDF)**

CDF 210A 3.0 units
Skills/Strat. for Family Workers Pt 1
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is part one of a two part series. The course is designed to prepare students and workers to assist families with the values, knowledge, and skills needed to empower families to achieve self-reliance. Focus will be on the principles of family development, family empowerment skills, self-support for family workers, effective communication with families and cultural competency.

CDF 210B 3.0 units
Skills/Strat. for Family Workers Pt 2
3.0 hours lecture
Prerequisite: CDF 210A
Grading: letter grade or pass/no pass
This course is part two of a two part series. The course is designed to prepare students and workers to assist families with the values, knowledge, and skills needed to empower families to achieve self-reliance. Part two focuses on strengths-based assessment, resource development, service coordination, collaboration and networking, home visitations, team building, goal setting, and family conference facilitation.

CDF 273AD 4.0 units
WE-Family Development
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline in which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to the occupational goal or career of interest to the student. This course is recommended for currently employed family service workers.

**CHILD AND ADULT DEVELOPMENT-LEARNING LAB (CDLL)**

CDLL 51A 2.0 units
Fieldwork/Infant-Toddler Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of child development research and theory from birth to twenty-nine months through lectures and lab participation. It is designed for child development majors, early childhood education majors and parents. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 51B 2.0 units
Fieldwork/Infant-Toddler Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of child development research and theory from birth to twenty-nine months through lectures and lab participation. It is designed for child development majors, early childhood education majors and parents. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 51C 2.0 units
Fieldwork/Infant-Toddler Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of child development research and theory from birth to twenty-nine months through lectures and lab participation. It is designed for child development majors, early childhood education majors and parents. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 51D 2.0 units
Fieldwork/Infant-Toddler Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of child development research and theory from birth to twenty-nine months through lectures and lab participation. It is designed for child development majors, early childhood education majors and parents. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 52A 2.0 units
Fieldwork/Preschool Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of current concepts and research in early childhood education through lectures and lab participation. It is designed for child development majors, early childhood education majors and parents. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing. This course may
Courses of Instruction

be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 52B 2.0 units
Fieldwork/Preschool Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of current concepts and research in early childhood education through lectures and lab participation. It is appropriate for child development majors, early childhood education majors and parents. It is designed to be a continuation of CDLL 52A. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 52C 2.0 units
Fieldwork/Preschool Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of current concepts and research in early childhood education through lectures and lab participation. It is appropriate for child development majors, early childhood education majors and parents. It is designed to be a continuation of CDLL 52A and CDLL 52B. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 52D 2.0 units
Fieldwork/Preschool Techniques
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of current concepts and research in early childhood education through lectures and lab participation. It is appropriate for child development majors, early childhood education majors and parents. It is designed to be a continuation of CDLL 52C. Proof of a negative TB test is required for participation and observation in the children’s program. This course provides the student with 72 hours of supervised field work experience in ECE as defined by California Commission on Teacher Credentialing.

Transfer Status: Transferable to CSU, see counselor for limitations.

CDLL 603 0.0 unit
LBCC Child Development Centers Participation
6.0 hours laboratory
Grading: LBCC Non-Graded Course
This is a non-credit lab experience for students participating in LBCC Child Development Center Demonstration Lab Schools, including the child care program, providing guided education and observation. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CHILD AND ADULT DEVELOPMENT-PARENT EDUCATION (CDPE)

CDPE 402 1.0 unit
ST Special Topics in Parent Education
1.0 hour lecture
Grading: letter grade
This course will provide current theoretical and conceptual information relevant to parenting. Topics are based on pertinent themes to this program’s line of study and may include, but are not limited to infant and toddler, preschool school-age and adolescent development and care, family structure, behavior management, appropriate guidance techniques as well as age appropriate activities that will enhance parent child relationships. This is a “special topics” course. The course subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.

CDPE 606 0.0 unit
Parent Education for Foster Parents
3.0 hours lecture
Grading: LBCC Non-Graded Course
This is a non credit open entry course providing a variety of workshop formats ranging from 3 to 30 hours in duration. Instruction focuses on the various parenting skills and knowledge needed to aid in the adaptation of children into foster and kinship care homes. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CHILD AND ADULT DEVELOPMENT-SCHOOL AGE (CDSA)

CDSA 62 2.0 units
Creative Express for School Age Children
2.0 hours lecture
Grading: letter grade or pass/no pass
This course is a study of the principles, methods and materials which will encourage creative expression in school children. School age environments, activities and behavior management techniques will be discussed. Hands on participation in creative activities will be featured.

Transfer Status: Transferable to CSU, see counselor for limitations.
CDSA 63 3.0 units
The School Age Child
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
This course is a study of the physical, social, emotional and cognitive development of the school age child, emphasizing the interaction of children and teachers in child care settings. Three hours of observation/participation at approved sites are required each week. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDSA 65 3.0 units
School Age Curriculum
3.0 hours lecture
Grading: letter grade
This course is a survey of curriculum and activities appropriate for the school age child. Students who are interested in working with children in before and after-school care will practice developing, modifying, setting up and presenting age appropriate, school-age activities. These activities will cover all areas of the curriculum.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDSA 75 3.0 units
School Age Child Care Practicum D5
2.0 hours lecture, 3.0 hours laboratory
Prerequisite: CDECE 45 or 47 and CDSA 62, 63, 65
Grading: letter grade
This is a hands on course in which students are provided an opportunity to plan, prepare, present and evaluate curriculum activities offered to school-age children (6-12) in various public and private school-age child care settings. Thirty additional hours of program participation, proof of negative TB test and fingerprint clearance are required. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDSED 5 3.0 units
Community Resources/Special Education
3.0 hours lecture
Grading: letter grade or pass/no pass
This course studies community resources that identify, support, and enhance the lives of children and families with special needs. Agencies concerned with the health, education and welfare of children and families with special needs are studied in depth along with the influence of culture and family structures on student outcome.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDSED 67 3.0 units
The Exceptional Child
3.0 hours lecture
Grading: letter grade or pass/no pass
This is a survey course in which students examine a broad spectrum of disabilities with a focus on how these disabilities affect children and their families. The course work emphasizes the educational, social, and emotional development of the exceptional child during the school years. Early intervention and transition to adulthood are covered briefly. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDSED 69 3.0 units
Special Education Practicum
2.0 hours lecture, 3.0 hours laboratory
Prerequisite: CDSED 67, 5, 70 and CDECE 45 or 47
Grading: letter grade
Students will plan, prepare, execute and evaluate various experiences with disabled individuals in schools and agencies in the greater Long Beach area. As well, they will learn specific techniques of working with children, adults, parents and staff to provide an appropriate experience for the disabled individual. There are 54 lab hours required for this course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CDSED 70 3.0 units
Teaching Exceptional Students
3.0 hours lecture
Grading: letter grade
This course is a systematic study of developmentally appropriate learning in the inclusive classroom focusing on teaching methods and materials used in the instruction of children with special needs. Development and interpretation of an Individualized Education Program (IEP) as well as specific areas of curriculum development are also addressed.
Transfer Status: Transferable to CSU, see counselor for limitations.

CIT 601 0.0 unit
Citizenship
3.0 hours lecture
Grading: LBCC Non-Graded Course
This is a rapid review of the history of the United States, the Constitution and government of the United States, as well as state and local government. This course is designed for persons preparing for the United States Government naturalization examination.
COMMUNICATIVE DISORDERS (COMDI)

COMDI 2A 3.0 units
American Sign Language, Beginning
3.0 hours lecture
Grading: letter grade or pass/no pass
This is a basic course in the instruction and practice in American Sign Language (ASL) and fingerspelling. Emphasis will be placed on the development of vocabulary, grammar, syntax, expressive, and receptive skills. This course includes an overview of the history of sign language and Deaf culture.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

COMDI 2B 3.0 units
American Sign Language, Beginning
3.0 hours lecture
Grading: letter grade or pass/no pass
This is a basic course in the instruction and practice in American Sign Language (ASL) and fingerspelling. Emphasis will be placed on the development of vocabulary, grammar, syntax, expressive, and receptive skills. This course includes an overview of the history of sign language and Deaf culture.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

COMDI 3A 3.0 units
American Sign Language, Intermediate
3.0 hours lecture
Prerequisite: COMDI 2A and 2B.
Grading: letter grade or pass/no pass
This is a course in intermediate instruction for the continuing student of ASL and fingerspelling. The purpose is to increase signing vocabulary, emphasizing practice in improving expressive and receptive conversational skills with the goal of increasing smoothness, clarity and speed of signing. The history of sign language and Deaf culture will also be discussed.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

COMDI 3B 3.0 units
American Sign Language, Intermediate
3.0 hours lecture
Prerequisite: COMDI 2A and 2B.
Grading: letter grade or pass/no pass
This is a course in intermediate instruction for the continuing student of ASL and fingerspelling. The purpose is to increase signing vocabulary, emphasizing practice in improving expressive and receptive conversational skills with the goal of increasing smoothness, clarity, and speed of signing. The history of sign language and Deaf culture will also be discussed.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

COMDI 633 0.0 unit
Beginning Speech Reading (Lip Reading)
2.0 hours laboratory
Grading: LBCC Non-Graded Course
This is a course in learning lip reading techniques for the hearing impaired. Special attention is given to communication difficulties of the hearing impaired.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

COMDI 634 0.0 unit
Intermediate Speech Reading (Lip Reading)
2.0 hours laboratory
Grading: LBCC Non-Graded Course
This course provides students with an intermediate degree of proficiency in lip reading skills to enhance communication for the hearing impaired.

COMPUTER ACADEMY CISCO NETWORKING (CISCO)

CISCO 250 3.0 units
Communications Cabling Installation
2.5 hours lecture, 1.5 hours laboratory
Grading: letter grade
This course introduces students to the basic skills and knowledge required for employment as a network wiring installer. The course includes introductions to cabling tools, installation practices, color codes, copper-based cable systems, cable testing, workplace safety, and the National Electrical Code (NEC) as it applies to network wiring.

CISCO 251 3.0 units
Introduction to Networking
2.5 hours lecture, 1.5 hours laboratory
Grading: letter grade
This is the first course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes introductions to networking devices, IP Addressing, routing, switching, media and design, topology, cabling, electricity, electronics and network management. The instruction is based on the Cisco Networking Academy curriculum.

CISCO 252 3.0 units
Routing and Access Control
2.5 hours lecture, 1.5 hours laboratory
Prerequisite: CISCO 251
Grading: letter grade
This is the second course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes OSI layers 1-7, local vs. wide area networks, TCP/IP, IP addressing, routing, router components and configuration of the Cisco IOS, routing protocols and access control lists. The instruction is based on the Cisco Networking Academy curriculum.

CISCO 253 3.0 units
Cisco Networking III, LAN
2.5 hours lecture, 1.5 hours laboratory
Prerequisite: CISCO 252
Grading: letter grade
This is the third course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes EIGRP and OSPF routing, LAN switching, VLAN and LAN design. The instruction is based on the Cisco Networking Academy curriculum.
Advanced Business Application
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 6B
Grading: letter grade
This is the fourth course in a sequence of four to prepare students to pass the certification exam required to become a Cisco Certified Networking Associate (CCNA). The course includes IP address conservation, VLSM, wide area network design, configuration of PPP, ISDN and Frame relay protocols. The instruction is based on the Cisco Networking Academy curriculum.

Transfer Status: Transferable to CU/CSU, see counselor for limitations.

Recommended Preparation: CBIS 6

CBIS 3
4.0 units
Introduction to IT Concepts & Applications
3.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: COMIS 1
Grading: letter grade
This course is an introduction to information systems and the common use of office applications. Word processing, spreadsheets, databases, presentation software, and basic internet use will be covered. Spreadsheet use for business will be emphasized. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CBIS 6A
4.0 units
Operating Systems: Software & Hardware
3.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade
This course covers the command-line operating systems and Windows operating systems maintenance skills required for A+ certification expected of computer technicians.
Transfer Status: Transferable to CSU, see counselor for limitations.

Recommended Preparation: CBIS 6

CBIS 6B
3.0 units
Intermediate Business Applications
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade
This class was formerly CBIS 2. This is the second class in a three class series. Topics covered in this course include intermediate topics of word processor, spreadsheet, database, and presentation software, with an emphasis on help desk. This course includes an introduction to Visual Basic Application and also prepares the student for Certification Exams. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 6C
3.0 units
Advanced Business Application
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 6B
Grading: letter grade
This is the third class in a three class series that teaches advanced topics of business word processor, spreadsheet, database, and presentation software. Topics covered include advanced office concepts, skills, VBA, integrated features, and help desk concepts. This course was formerly CBIS 40. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 7
3.5 units
Business Programming Logic and Design
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade
This course is an introduction to programming including syntax, structured design, debugging, variables, flowchart and simple UML design, validity checking, extracting and manipulating data from arrays, and sorting. This class prepares the student for additional programming courses.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Recommended Preparation: CBIS 6A

CBIS 8B
4.0 units
Visual Basic Programming
3.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 6
Grading: letter grade
This course is an introduction to programming including syntax, structured design, debugging, variables, flowchart and simple UML design, validity checking, extracting and manipulating data from arrays, and sorting. This class prepares the student for additional programming courses.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Recommended Preparation: CBIS 6A

CBIS 36
3.0 units
Systems Analysis and Design
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 6A and CBIS 38
Grading: letter grade
This course covers the broad concepts and methods of systems analysis and design while emphasizing the latest object-oriented techniques. Topics include development programming models, conceptual and physical design, system implementation and maintenance techniques, project management, collaborative communication skills, and the responsibilities of systems analysts. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CU/CSU, see counselor for limitations.

Recommended Preparation: CBIS 6

CBIS 38
4.0 units
Database Concepts
4.0 hours lecture
Recommended Preparation: CBIS 6
Grading: letter grade
This course covers concepts and technologies of database systems. Topics include data modeling, design, and the implementation of relational databases;
Structured Query Language-SQL; concurrency control; distributed database systems; data warehousing; Web enabled database technologies; and the functions of database administration.

Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 41 3.0 units
Networking Fundamentals
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade
In this class, the student will learn to install, configure, upgrade and troubleshoot a computer network. There will be discussions regarding local area networks, wide area networks, communications protocols, network topologies, transmission media, security and assessment of career opportunities in networking. All of the objectives of the CompTIA Network+ certification will be addressed. Practice exercises will help the student to prepare for the Comp TIA Network+ certification exam. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 71AD 2.0 units
Work Experience-Computer Info Systems
1.0 hour lecture, 4.1 hours laboratory
Prerequisite: Completion of any CBIS course
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 72AD 3.0 units
Work Experience-Computer Info Systems
1.0 hour lecture, 8.3 hours laboratory
Prerequisite: Completion of any CBIS course
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 73AD 4.0 units
Work Experience-Computer Info Systems
1.0 hour lecture, 12.5 hours laboratory
Prerequisite: Completion of any CBIS course
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

CBIS 200 3.5 units
Computer Technician Hardware Basics
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade or pass/no pass
This course emphasizes IBM-compatible personal computers and the latest common components and hardware features and will cover PC microprocessors, motherboards, buses, input/output controllers and memory, and other components. Class lectures will be supplemented with “hands on” classroom labs using diagnostic software and tools. This course will prepare students for the hardware portion of the A+ exam. (See CBIS 3 software portion of A+)

CBIS 206A 1.0 unit
Internet Basics
1.0 hour lecture, 0.5 hour laboratory
Recommended Preparation: CBIS 220
Grading: letter grade or pass/no pass
This course introduces the concepts and terminology of the Internet, how to access and connect to the Web, and how to view sites and search for information on the Web using browsers and search engines. Also included are tutorials on how to use e-mail, FTP, newsgroups, and messages boards, mailing list, chat rooms, instant messaging and Internet telephony. Hands-on step-by-step tutorials and exercises will be used to teach the basic skills needed to be productive on the Internet when searching virtual library for reference material or exploring nearby planets or even e-mailing a government official about a concerned issue. In addition, students will plan, design and create their own web site using HTML coding.

CBIS 206C 2.5 units
World Wide Web Database Programming
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 220
Grading: letter grade or pass/no pass
An advanced web page construction course focusing on developing web sites to use a database coded in one of the popular server language such as (Perl, PHP, or Cold Fusion) on either a Apache or a Microsoft IIS servers.

CBIS 207AD 2.0 units
Web Construction I
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 206A
Courses of Instruction

Grading: letter grade or pass/no pass
Topics covered in this course focus on how to design, create, format and publish basic web pages using different popular industry approaches. The course covers basic skills, such as creating a Web page, using property inspector, incorporating CSS styles, working with HTML tags, adding text hyperlinks, working with graphics/rollovers/tables, creating a navigation bar and using frames.

CBIS 207E 2.5 units
Dynamic HTML Web Construction
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 220
Grading: letter grade or pass/no pass
This course is an advanced web page construction course focusing on emerging HTML standards, XML, Javascript and other scripting languages. It is designed for students who already have a basic knowledge of web construction using a high level development tool such as FrontPage or Dreamweaver.

CBIS 208B 4.0 units
Advanced Visual Basic Programming
3.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 8B
Grading: letter grade or pass/no pass
This is an advanced Visual Basic programming class covering such topics as advanced methods for object, database, client/server, and internet programming. The main focus of the class will be on database design and implementation tasks using VB, basic database theory, designing and building VB programs to access Microsoft Access and SQL servers, techniques for designing and enhancing user interface using class modules and Active X components, and developing applications for the internet.

CBIS 208C 3.0 units
Visual Basic for Application Programming
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This is an advanced Visual Basic programming class on the writing of Visual Basic for Applications (VBA) programs for the Microsoft Office Suite. The procedures and programs created in the class will demonstrate how to customize and enhance the applications included in MS Office. Topics covered will include how to write program procedures using the sequence, selection, and repetition programming structures as well as how to create and implement dialog boxes, lists, and option/check box controls in Office Word, Excel, Access, and Outlook.

CBIS 211AD 2.0 units
Web Construction II
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 207AD
Grading: letter grade or pass/no pass
In this course, students will learn advanced techniques for designing, creating, formatting and publishing web pages using different popular industry approaches. Advanced skills topics will be taught, such as creating dynamic pages, adding rich media to a web site, creating reusable assets and forms, creating animated graphics and adding database functionality. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CBIS 212 1.5 units
Wireless Communications
1.5 hours lecture, 0.5 hour laboratory
Recommended Preparation: CBIS 41
Grading: letter grade or pass/no pass
In this class the student will learn how to install, use, and manage popular wireless technologies. These technologies include infrared, Bluetooth, and wireless local area networks. In the lab, the student will actually install and configure a wireless local area network. The students will learn how to set up a wireless network in their home and secure it from unauthorized outside access.

CBIS 216A 3.5 units
Introduction to C# Programming
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 7
Grading: letter grade or pass/no pass
This course is an introductory presentation of the C# language, including data structures and examples. Emphasis is placed on programming business applications including design, development, and documentation.

CBIS 220 3.0 units
i-Net+ Internet Technologies
3.0 hours lecture, 1.0 hour laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade or pass/no pass
This course teaches the baseline technical knowledge needed to enter an Internet industry oriented career. After course completion, the student will be prepared to take the industry standard i-Net+ Certification test. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CBIS 223 3.0 units
Unix/Linux Fundamentals
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade or pass/no pass
This course prepares students to work with Linux as an application programmer, a computer operator, or a system administrator. The topics include an overview of basic operating systems concepts, a history of Unix and its influence on modern operating systems, basic internal structure, details of Unix/Linux file system structures, pipes, filters and redirection, scripts, images and processes, shells, time-slicing and interrupts, memory management, and Unix/Linux internals.

CBIS 225 2.5 units
Microsoft Windows Client OS
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: Understanding of Basic Computer Networking, including TCP/IP or CBIS 41.
Grading: letter grade or pass/no pass
In this class, students will install, configure and administer Windows Client O.S. in a networking environment. The class will prepare the student to take the corresponding MCSE Certification Exam.

CBIS 226 2.5 units
Microsoft Windows Server OS
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 225
Grading: letter grade or pass/no pass
In this class, students will install, configure and administer Windows Server O.S. in a networking environment. The class will prepare the student to take the corresponding MCSE Certification Exam.

**CBIS 227  2.5 units**

**Microsoft Windows Networking**
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 226
Grading: letter grade or pass/no pass
In this class, students will install, configure and administer Windows Server Operating System networking services and protocols. The class will prepare the student to take the corresponding MCSE Certification Exam.

**CBIS 228  2.5 units**

**Microsoft Windows Directory Services**
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 226 and CBIS 227
Grading: letter grade or pass/no pass
In this class, students will install, configure and administer Windows Server Directory Services. The class will prepare the student to take the corresponding MCSE Certification Exam.

**CBIS 229  2.5 units**

**Microsoft ISA Server**
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 225, CBIS 226, CBIS 227 and CBIS 228
Grading: letter grade or pass/no pass
This course is designed to develop skills necessary to install, configure and administer Microsoft Windows Internet Security and Acceleration (ISA) Server. This course also covers topics relevant to the MCSE Certification Exam for ISA Server and prepares the students to take the exam.

**CBIS 235A  3.5 units**

**Linux Server Administration**
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 223
Grading: letter grade or pass/no pass
This course is an in depth study of the Linux operating system. The focus is on Linux installation and administration. The course will also examine the theoretical concepts common to all Linux system that have increased its popularity. The course will also take the form of a practical hands-on approach to Linux to prepare students for the SAIR/GNU or LPI certifications.

**CBIS 235B  3.5 units**

**Linux Networking and Security**
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 223 or CBIS 235A
Grading: letter grade or pass/no pass
This is an advanced Linux operating system class. The focus is on Linux networking and security. The course covers networking technologies and protocols, network configuration and the use of command line and graphical utilities. Network security issues such as firewalls, VPNs, and utilities such as nmap, ethereal, and the SAINT profiling tool will be presented.

**CBIS 239AD  3.5 units**

**Oracle Designer**
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 242 and CBIS 243
Grading: letter grade or pass/no pass
An introduction to database and application development using Oracle designer tool set. Topics include inputting business system requirements into the Designer repository, identifying and performing the primary tasks to implement a Designer project; designing and generating application system that includes Oracle forms and Web PL/SQL application; as well as refining, generating, and building the database design.

**CBIS 242AD  3.0 units**

**Introduction to Oracle: SQL**
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 38 or work experience with databases.
Grading: letter grade or pass/no pass
This course will provide students with an introduction to the relational database programming language, Structured Query Language (SQL) using Oracle database administration system. Topics will include an introduction to relational database design and database administration and hands-on programming skills of using SQL Data Manipulation Language and Data Definition Language. The course is also designed to help students to pass Oracle Certificate Test, Introduction to Oracle: SQL.

**CBIS 243AD  3.0 units**

**Program with Oracle PL/SQL**
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 242AD
Grading: letter grade or pass/no pass
This course covers how to write PL/SQL procedures, functions and packages in both the SQL*Plus and iSQL*Plus environments. Gain knowledge about the creation of PL/SQL program units and database triggers, as well as various Oracle-supplied packages. The course also helps students prepare for the Oracle PL/SQL Developer Associate certification exam. Upon completion of this course, students are ready to take Oracle Developer Professional level course: “Build Internet Applications” and other advanced courses.

**CBIS 246AD  3.0 units**

**Oracle DBA Fundamentals**
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CBIS 242AD
Grading: letter grade or pass/no pass
This course is for students who need Oracle DBA (Database Administration) training or preparation for the Oracle DBA track certification. Students will gain a conceptual understanding of Oracle database architecture and how its components work and interact with one another. Students will also learn how to create an operational database and properly manage the various structures in an effective and efficient manner. The lecture topics are reinforced with structured hands-on lab practices.

**CBIS 251  3.5 units**

**Introduction to ASP.NET**
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 38 or comparable work experience/knowledge of HTML and relational database applications.
Grading: letter grade or pass/no pass
This course covers how to create dynamic web pages and web-enabled database applications by using the Microsoft ASP.NET object model. Topics include, but
Courses of Instruction

are not limited to, the ASP.NET object programming model; the VS.NET user interface; server controls; ASP.NET rich controls; using VB.NET within an ASP.NET page; configuring an ASP.NET application; troubleshooting and deploying an ASP.NET application; managing data sources, data-driven ASP.NET applications, data-driven web applications; and XML web services.

CBIS 260  1.0 unit
Help Desk Concepts
1.5 hours lecture
Prerequisite: CBIS 6A
Recommended Preparation: CBIS 200
Grading: letter grade or pass/no pass
This course provides an introduction to help desk concepts and procedures, which include help desk operations, technology and information components, as well as help desk setup, customer support and resources. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CBIS 270  1.0 unit
Introduction to Information Security
1.0 hour lecture
Grading: letter grade or pass/no pass
This course provides students and professionals with the necessary managerial, technical, and legal background to support investment decisions in security technology. The course covers security from the perspective of hackers (i.e., technology issues and defenses) and lawyers (i.e., legal issues and defenses). The content is designed to help users quickly become current on what has become a fundamental business issue. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CBIS 271  3.0 units
Network Security Fundamentals
3.0 hours lecture, 1.0 hour laboratory
Recommended Preparation: CBIS 41, CBIS 220 and CBIS 270
Grading: letter grade or pass/no pass
Network Security Fundamentals provides a comprehensive overview of network security and prepares you to take the CompTIA Security+ certification exam. This course covers general security concepts, communication network security, infrastructure security, cryptography basics, operational/organizational security, and computer forensics.

CBIS 420  3.5 units
PHP & MySQL for the Web
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 38 and a previous programming language class.
Grading: letter grade or pass/no pass
This course covers PHP & MySQL, one of the fastest growing technology combinations for developing interactive Web sites. It is designed at a level for personal web development projects, as well as small to medium business Web development needs.

CBIS 430  3.5 units
Ruby on Rails Web Development
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 38, CBIS 220 and a previous programming language class such as CBIS 14.
Grading: letter grade
This course is an introduction to using Ruby on Rails (or RoR) a dynamic web development framework. Students will be taught programming in Ruby language and MySQL management. Installation, development, testing, and the structure of the Ruby on Rails framework will be covered. This course is intended for web developers and others interested in getting a quick start in this technology.

CBIS 436A  3.0 units
Intro to Project Management for IT
3.0 hours lecture, 1.0 hour laboratory
Recommended Preparation: CBIS 6A
Grading: letter grade or pass/no pass
This class is an introduction to IT project management. Popular project management software will be introduced. In addition, the class will focus on the methods and techniques for managing technology projects as well as preparing students for the CompTIA’s IT Project+ certification.

CBIS 492  2.5 units
ST Interpretive Programming Languages
2.0 hours lecture, 1.5 hours laboratory
Recommended Preparation: Basic knowledge of SQL or CBIS 38; and Basic knowledge of HTML or CBIS 220; and programming knowledge or CBIS 8B, 11, or 14
Grading: letter grade or pass/no pass
This course offers a study of popular interpretive programming languages. The course explores programming environments and tools as well as major and recently developed features of each specific language. Hands-on programming skills in application development are emphasized. Language examples include, but are not limited to Javascript, PHP, Perl, ASP.NET, CFML, and Python. This course may be repeated for credit as topics vary.

CBIS 633  0.0 unit
Adaptive Computer Technology
4.0 hours laboratory
Grading: LBCC Non-Graded Course
This course provides assessment, evaluation, training and instruction in the use of adaptive computer technology to students with disabilities. Access and training in adaptive computer technology will allow full participation in courses or career paths in which computers play an integral part. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CBIS 673  0.0 unit
Computer Learning Improvement Center
5.0 hours laboratory
Grading: LBCC Non-Graded Course
This class is designed to enhance basic computer skills required to complete assignments, study, or do research for CBIS or any college class. Material will also be available to supplement regular classroom instruction in areas such as computer security, ethics, globalization, and history of information technology.
**COMPUTER AND INFORMATION SCIENCE (COMIS)**

**COMIS 1**  
1.0 unit

Computer Information Competency  
0.5 hour lecture, 1.5 hours laboratory  
Grading: pass/no pass  
The course is designed for students to develop current computer information competence or to transfer. It covers basic use of hardware, Internet knowledge and skills, word processing, spreadsheet, database queries, digital data presentations, and communications applications. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**COMPUTER APPLICATIONS AND OFFICE TECHNOLOGY (CAOTC)**

**CAOTC 31A**  
2.0 units

Microsoft Windows Operating System  
1.0 hour lecture, 3.0 hours laboratory  
Grading: letter grade or pass/no pass  
Students will learn basic and advanced features and concepts of the Microsoft Windows operating system. This course provides students with an understanding of computer hardware basics, functions and features of Windows, Internet technologies, and email. Through hands-on practice students will learn to use Windows programs such as Windows Explorer, Internet Explorer, Media Player, Movie Maker, Live Messenger, Photo Gallery, Word Pad, and Paint. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**CAOTC 34**  
3.0 units

Introduction to Computers & Applications  
2.0 hours lecture, 3.0 hours laboratory  
Recommended Preparation: CAOTT233, 200 or 200A or type 25 wpm.  
Grading: letter grade or pass/no pass  
This is an introductory computer course which concentrates on computer hardware basics such as the CPU, memory, storage, input and output devices, networking, and the Internet. Also, students will have hands-on experience with Microsoft Office suite for application integration. This course will satisfy the graduation requirement for Computer Information Competency. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**CAOTC 35**  
3.0 units

Microsoft Office — Specialist  
2.5 hours lecture, 2.5 hours laboratory  
Recommended Preparation: CAOTC 34  
Grading: letter grade or pass/no pass  
Microsoft Office-Specialist is a beginning hands-on course that teaches students to create, edit, format, and integrate a wide range of business documents. Students will use Microsoft Word, Excel, PowerPoint, and Access. Computer hardware basics and the use of the Internet for business and research purposes will also be covered. This course will satisfy the graduation requirement for Computer Information Competency.  
This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**CAOTC 39A**  
3.0 units

Microsoft Word for Windows  
2.0 hours lecture, 3.0 hours laboratory  
Recommended Preparation: Type 45 wpm with five or fewer errors for five minutes.  
Grading: letter grade or pass/no pass  
This course provides business document computer training using Microsoft Word for Windows. Topics covered in this course include creating, saving, printing, editing, and formatting text. Safeguarding files through routine maintenance, altering text appearance by changing fonts, and using tools such as Speller and Thesaurus are included in the course. Students will get training using templates and wizards, newspaper column formatting, and creating charts and diagrams. Students will also apply formatting principles, WordArt, pictures, and clipart which add visual appeal to documents, WordArt, pictures, and clipart, plus insert comments and track changes to documents. Footnotes and endnotes, formatting research papers using MLA guidelines, merging documents, sorting text, selecting records, and customizing toolbars and menus will be covered. Word expert shortcuts will be employed to promote word processing productivity. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**CAOTC 41E**  
3.0 units

Microsoft Excel for Windows  
2.0 hours lecture, 3.0 hours laboratory  
Recommended Preparation: CAOTC 34 or CAOTC 211  
Grading: letter grade or pass/no pass  
This course covers beginning, intermediate, and advanced spreadsheet concepts using Microsoft Excel and is for anyone working (or wanting to work) in a setting where numeric data is collected, maintained, analyzed, manipulated, and presented. Excel has many applications in business, education, and government as well as personal and home use. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.
Courses of Instruction

CAOTC  44D  2.0 units
Microsoft PowerPoint for Windows
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: CAOTC 31A
Grading: letter grade or pass/no pass
This class provides a thorough exploration of presentation graphics software. Through hands-on practice, students learn to combine text and graphic images to develop computerized slide shows, transparencies, charts, and printed materials for group presentations. Students also create presentations with animations and audio, publish presentations for web and CD, use workgroup collaboration features, and integrate with other programs. In the research component students create presentations based on information gathered from electronic sources. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CAOTC  45  2.0 units
Internet for Office and Personal Use
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a comprehensive overview of Internet and email using Windows Internet Explorer, free Web-based email, and Microsoft Word. Through hands-on practice, students become familiar with sending/receiving/managing Web-based email, creating and sending attachments, browsing and searching the Internet, making business and personal travel arrangements, messaging via text/voice/video, scanning pictures, and designing Web pages using free Web-based software. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CAOTC  47A  3.0 units
Access for Windows, Beginning
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CAOTC 31A (may be taken concurrently; CAOTT 200 OR 200C or 233 or Type 25 wpm
Grading: letter grade or pass/no pass
This class provides an introduction to Microsoft Access, a computerized relational database management system. Through hands-on practice, students learn to create and modify tables, queries, reports, forms, data access pages, macros, and modules. Students will also learn to share information by integrating Access with data and other applications. This course will satisfy the graduation requirement for Computer Information Competency. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CAOTC  211  1.0 unit
Discovering Computers
1.0 hour lecture, 1.0 hour laboratory
Grading: letter grade
This course provides an overview of the free, open-source software OpenOffice.org® that includes creating documents, spreadsheets, presentations, and databases. Students learn valuable computer skills for practical tasks at work, home, and school. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTC  215A  2.0 units
Microsoft Outlook for Windows
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Type 30 wpm minimum or CAOTT 200 or CAOTT 200C
Grading: letter grade or pass/no pass
This course provides comprehensive instruction in desktop management using Microsoft Outlook. Topics include how to send and receive e-mail, manage contacts, plan and track tasks, schedule the calendar, and integrate Outlook with other applications and the Internet. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTC  235  3.0 units
Microsoft Office- Expert
2.5 hours lecture, 2.5 hours laboratory
Recommended Preparation: CAOTC 35
Grading: letter grade
Office-Expert is an advanced hands-on course. Students will process a wide range of complex assignments requiring advanced formatting and functionality. Students will use Microsoft word, Excel, Access, and PowerPoint. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTC  250A  3.0 units
Data Entry — Level 1
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: Type 30 wpm
Grading: letter grade or pass/no pass
Introduction to data entry prepares students for careers requiring the use of a computer to enter, compile, and interpret information. Keying skills are developed utilizing multiple computer applications with a speed goal of 8,000 keystrokes/hour with 98% accuracy and the terminal goal of successfully entering, validating, manipulating, and analyzing data. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTC  250B  3.0 units
Data Entry — Level 2
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CAOTC250A; Type 35 wpm
Grading: letter grade or pass/no pass
This course is a continuation of CAOTC250A. Through hands-on practice, the student will continue to develop speed and accuracy skills for data entry. The opportunity
Courses of Instruction

Computer Transcription
1.0 hour lecture, 0.0 hours laboratory
Recommended Preparation: Type 40 wpm, CAOTT201/202 or CAOTC236B or 39B
Grading: letter grade or pass/no pass
This course is designed to develop the skills necessary to transcribe recorded material directly into a microcomputer. Proper business document formatting and English language skills, including punctuation, spelling, grammar, vocabulary, and proofreading will be emphasized. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTC 265 2.0 units

Comp & Office Tech Skill Center
5.0 hours laboratory
Grading: LBCC Non-Graded Course
This class is designed for students enrolled in any CAOT class to enhance basic computer skills and other office skills needed to complete assignments or do research. Students will have access to self-paced tutorials, practice assignments, answer keys, and practice tests.

COMPANY OFFICE TECHNOLOGIES (CAOTO)

CAOTO 15 3.0 units
Business Communications
3.0 hours lecture
Grading: letter grade or pass/no pass
This course covers the principles of collecting, organizing, analyzing, and presenting business information. Written and oral communication involving problem solving in business is emphasized. Not open for credit to students who have completed GBUS 15 or MGMT 15. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CAOTO 214 1.0 unit
Filing
1.0 hour lecture
Grading: letter grade or pass/no pass
Students in this course examine the Association of Records Managers and Administrators (ARMA International) filing standards that are widely used in business to create and maintain files. Students organize, arrange, cross-reference, and retrieve records. Alphabetical, subject, numeric, and geographic filing systems are included.

CAOTO 216 1.0 unit
Proofreading Skills
1.0 hour lecture
Grading: letter grade or pass/no pass
Students develop skills in detecting and correcting errors in office documents through the study of basic English and proofreading principles. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTO 222 3.0 units
Job Search Skills
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CAOTT200B or higher
Grading: letter grade or pass/no pass
This course is designed to help students develop occupational competence for obtaining business positions including career planning skills, resume and cover letter preparation, interview and interview follow-up skills, and successful employment test completion. Students will be introduced to career management techniques to succeed and advance in business careers. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTO 223 3.0 units
Legal Procedures, Litigation
3.0 hours lecture, 1.0 hour laboratory
Recommended Preparation: CAOTT 200 or CAOTT 200B-C or CAOTC 39A or CAOTC 236A
Grading: letter grade or pass/no pass
This course is designed to provide students with a study of and instruction in the legal procedures applicable to civil litigation. Topics covered will include legal terminology, legal office routine, preparation of legal documents, procedures for court filing, calendaring, and the use of a legal forms creation software application.

CAOTO 224 3.0 units
Legal Procedures
3.0 hours lecture, 1.0 hour laboratory
Recommended Preparation: CAOTT 200 or CAOTT 200B-C or CAOTC 39A or CAOTC 236A
Grading: letter grade or pass/no pass
This course is designed to provide students with a study of and instruction in legal procedures. Topics covered will include legal terminology, legal office routine, procedures for court filing and calendaring, and the use of a legal forms creation software application. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTO 260 1.0 unit
Business Telephone Procedures
1.0 hour lecture
Grading: letter grade or pass/no pass
This course is designed for the person who needs instruction and practice in developing professional communication skills using the telephone and state-of-the-art, telephone-related equipment to its greatest potential in the business office. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Courses of Instruction

CAOTO 261 3.0 units
Business English
3.0 hours lecture
Grading: letter grade or pass/no pass
The course develops the foundation skills that competent workers need to be competitive in the workplace. These skills include a thorough training in the mechanics of English: spelling, grammar, punctuation, sentence structure, and word usage. Emphasis will also be placed on developing a business vocabulary.

CAOTO 262 1.0 unit
Soft Skills for the Workplace
1.0 hour lecture
Grading: letter grade or pass/no pass
This course covers the fundamentals of human relations in various business environments and develops a basic proficiency using these principles. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTO 263 3.0 units
Customer Service
3.0 hours lecture
Grading: letter grade or pass/no pass
This course covers the essentials of customer service in today’s economy including its importance, customer needs and wants, support, and interactions/relationships. Customer service positions are on the rise and may be found in a variety of areas. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTO 272AD 3.0 units
Work Experience: Computer & Office Tech.
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade
This course consists of seminar or workshop discussions related to work experience objectives; career goals; employment preparation and required skills; and workplace success and issue resolution. It also involves vocational learning experiences through volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

COMPUTER PROFICIENCY FOR ACADEMIC SUCCESS (CPAS)

CPAS 1 1.0 unit
Using the Mac as a Tool for Learning
0.5 hour lecture, 1.5 hours laboratory
Grading: pass/no pass
This course provides an introduction to the computer and software products helpful in performing classroom tasks. Students are given the opportunity to develop computer skills that will enhance their ability to effectively complete course work. This course satisfies the information competency requirement.

Transfer Status: Transferable to CSU, see counselor for limitations.

CPAS 10 1.0 unit
Advanced Computer Skills for Learning
0.5 hour lecture, 1.5 hours laboratory
Recommended Preparation: Basic computer experience in word processing, spreadsheets and graphics or CPAS 1.
Grading: pass/no pass
This is an advanced course which explores the academic application of popular software packages. The student will learn to use the computer effectively to prepare documents for any class using word processing, desktop publishing, spreadsheets, graphics manipulation, web presentations, and Internet resources. This course satisfies the information competency graduation requirement. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

CPAS 805 1.0 unit
Distance Learning- Success Strategies
0.5 hour lecture, 1.5 hours laboratory
Grading: pass/no pass
This course introduces students to the skills necessary for success in any distance education course. Topics include skills for learning with technology which are necessary for success in distance education, characteristics of successful distance education students, and introduction to the Internet, creating and using an e-mail account and other methods of online communications, basic aspects of word processing, and hardware/software basics. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

COMPUTER SCIENCE (CS)

CS 11 3.5 units
Computer Programming/C++ I
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 6A and MATH 110 or 110B or first year of high school algebra.
Grading: letter grade
This is an introductory course in the C++ programming language, a problem solving technique used in modern software technology. The features of C++ that support the development of small and large systems are covered, thus providing a method for prototyping the commercial software development in business and industry. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
CS 12 3.5 units
Computer Programming/C++ II
3.0 hours lecture, 2.0 hours laboratory
Prerequisite: CS 11
Grading: letter grade
A second course in C++ includes: further explanation of C++ areas (data types, input/output, data structures, pointers and accessing files) and object-oriented programming (object hierarchy, operator overloading and streams).
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CS 13 3.5 units
C++ Data Structures and Algorithms
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CS 12 and MATH 50 or high school precalculus.
Grading: letter grade
This course continues the introduction to Object Oriented programming with C++ begun in CS 11 & 12, with an emphasis on algorithms, data structures and software engineering.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CS 21 3.5 units
Introduction to Computer Science I
3.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: CBIS 7 and MATH 40
Grading: letter grade
This is the first of three introductory courses in computer science. This course introduces the basics of computer software design, programming, and related underlying concepts required with java programming.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CS 22 3.5 units
Fundamental Data Structures
3.0 hours lecture, 2.0 hours laboratory
Prerequisite: CS 21
Grading: letter grade
This is the third of three introductory courses in computer science. This course concentrates on implementation and mathematical analysis of data structures and algorithms. This course also covers storage allocation and memory management techniques in Java.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CS 23 3.5 units
Introduction to Computer Architecture
3.0 hours lecture, 2.0 hours laboratory
Prerequisite: CS 21 and MATH 55A
Grading: letter grade
This course covers the principles and practice of computer architecture, both hardware and software, instruction sets and addressing modes, virtual memory, operating systems, and operation and interconnection of hardware elements. Laboratory work in this class will cover using low-level programming languages.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CS 51 3.5 units
Introduction to Computer Architecture
3.0 hours lecture, 2.0 hours laboratory
Prerequisite: CS 21 and MATH 55A
Grading: letter grade
This course covers the principles and practice of computer architecture, both hardware and software, instruction sets and addressing modes, virtual memory, operating systems, and operation and interconnection of hardware elements. Laboratory work in this class will cover using low-level programming languages.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CS 52 3.5 units
Introduction to Software Engineering
3.0 hours lecture, 2.0 hours laboratory
Prerequisite: CS 23
Grading: letter grade
This course covers an introduction to the concepts, methods, and current practice of software engineering; the study of large-scale software production; software life cycle models as an organizing structure; and the principles and techniques appropriate for each stage of production. Laboratory work in this class will involve a project illustrating these elements.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

COMPUTER/TYPING KEYBOARD (CAOTT)

CAOTT 200 3.0 units
Beginning Typing/Keyboarding
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
Students in this course develop computer typing skills for business and personal use with emphasis on proper technique, speed, and accuracy. Students create correspondence, business reports, academic reports, tables, resumes, and other employment documents. The course is typically offered as semester-length with instructor lectures. This course will satisfy the graduation requirement for Computer Information Competency. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

CAOTT 202 3.0 units
Advanced Typing/Keyboarding
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: CAOTT 200 or type 35 wpm.
Grading: letter grade or pass/no pass
This course continues to develop computer typing skills for business and personal use. The course is designed to give the student the opportunity to refine typing skills. Through diagnostic and skill building exercises the student learns layout and formatting with the goal of applying these skills to real-life personal and integrated office document processing. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
### Courses of Instruction

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CAOTT 209AB</td>
<td>Speed/Accuracy Bldg for Typists</td>
<td>1.0 unit</td>
<td>This intermediate-level course helps to increase computer keyboarding speed and accuracy. Students receive individual analysis, tips on improving their technique, and guided practice. This class usually is scheduled as self-paced, open-entry/open-exit. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.</td>
</tr>
<tr>
<td>CAOTT 233</td>
<td>Computer Keyboarding</td>
<td>1.0 unit</td>
<td>This course is designed for the person who desires to develop touch control of the computer keyboard and numeric keypad for business or personal use. Emphasis is placed on proper typing and inputting techniques and building basic speed and accuracy. The course is typically offered in a self-paced, open-entry/open-exit classroom. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.</td>
</tr>
<tr>
<td>COUNS 1</td>
<td>Orientation for College Success</td>
<td>1.0 unit</td>
<td>This course is recommended for all students and designed to orient them to the college environment and educational opportunities in a holistic manner. The course contains an introduction to the principles of student development theory, student conduct, academic procedures, policies, goal setting, educational planning, college and student support services. Students will learn the various academic opportunities of higher education in California, pursue academic major explorations, and develop a tentative educational plan to achieve personal and academic goals. Students are required to complete 3 hours of supplemental learning activities through a Success Center. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.</td>
</tr>
<tr>
<td>COUNS 2</td>
<td>Making A Difference With Mentoring</td>
<td>3.0 units</td>
<td>This course is designed for students who are interested in learning the techniques of mentoring first year students. Theories of the first year experience, student development, and mentoring will be explored. Students will discover how to promote the academic development and socialization of first year students, using a variety of techniques learned through lecture and activities. Campus and community resources will be discussed and explored.</td>
</tr>
<tr>
<td>COUNS 7</td>
<td>College and Professional Success</td>
<td>3.0 units</td>
<td>Students will compare and analyze student development theories for the purpose of defining internal and external obstacles to career and academic success. Throughout the course, students will practice, apply and evaluate integrative exercises related to academic achievement, self-exploration, career development and professional growth and development.</td>
</tr>
<tr>
<td>COUNS 48</td>
<td>Career Exploration</td>
<td>1.0 unit</td>
<td>This course is designed to teach students the important strategies for academic success and how to be confident college students. Course content will cover specific techniques and methods on effective time management, note taking, critical thinking skills, life skills, textbook reading and test taking skills. Students will identify their own individual learning styles through self assessment and presented learning theories. Topics will be presented as a practical and applicable approach to specific strategies for gaining academic competency and achieving self confidence for academic success.</td>
</tr>
<tr>
<td>COUNS 49</td>
<td>College Study Techniques</td>
<td>2.0 units</td>
<td>This is an introductory course designed to teach students important strategies for academic success. Course content will cover specific techniques such as effective time management plan, note taking skills, textbook reading and test taking skills. Students will identify their</td>

**LONG BEACH CITY COLLEGE 2010-2011 CATALOG**

[www.lbcc.edu](http://www.lbcc.edu)
preparation and coloring, cake borders, and basic texture patterns are covered.

**CULAR 213A** 11.5 units

**Food Preparation 1**
5.0 hours lecture, 20.0 hour laboratory, 0.6 hour supplemental learning
Grading: letter grade
This course is an introduction to the culinary arts profession. It includes instruction in culinary professionalism, food & kitchen safety, weights, measures, equipment identification, salads & dressings, sandwiches, cold & hot appetizers, charcuterie; baking yeast breads, quick breads, cakes, pastry doughs, cookies, icings/ dessert sauces, creams, and ice creams. In addition, students will be required to attend 10 hours of culinary math instruction in the CTE Success Center. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**CULAR 213B** 11.5 units

**Food Preparation 2**
5.0 hours lecture, 20.0 hour laboratory
Prerequisite: CULAR 213A
Grading: letter grade
This course emphasizes instruction in fruits, vegetables, herb preparation, dairy products, egg purchasing and cooking, dry goods, stocks, sauces, grilling, baking, broiling, roasting, sautéing, pan frying, deep frying, steaming, simmering, submerison cooking, braising and stewing techniques.

**CULAR 213C** 11.5 units

**Food Preparation 3**
5.0 hours lecture, 20.0 hour laboratory
Prerequisite: CULAR 213B
Grading: letter grade
This course emphasizes instruction in Asian Cuisine, menu development, nutrition, safety; identification, fabrication and preparation of meats, poultry, fish and shellfish; preparation and identification of vegetables, herbs, starches and spices.

**CULAR 214** 2.0 units

**Professional Gourmet Cooking**
6.0 hours laboratory
Grading: letter grade
Emphasizes a comprehensive study of the complex artistry of chefs in California’s leading hotels and restaurants. Specialized equipment, tools, formulas and techniques are presented by Los Angeles’ top chefs.

**CULAR 215** 2.0 units

**Commercial Formal Buffet**
6.0 hours laboratory
Grading: letter grade
This course emphasizes safety and sanitation procedures, knife skills, and poultry & meat fabrication in the preparation of various international recipes for buffets.

**CULAR 271AD** 2.0 units

**Work Experience: Food Services**
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course emphasizes culinary training though direct employment in the industry. It also includes class instruction in work experience objectives, career goals, and culinary related employment issues. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**CULAR 298** 3.0 units

**Viennese Pastries**
1.5 hours lecture, 2.0 hours laboratory
Grading: letter grade
This course introduces the basics of Viennese Pastries, baked goods made in a similar manner to bread but with ingredients that give them a heavier, sweeter quality closer to pastry (including American, French and Tea Pastries, as well as Savories). The course also emphasizes the use of tools, equipment, materials, and basic characteristics of ingredients.

**DANCE (DANCE)**

**DANCE 1** 3.0 units

**Dance Forms Through the Ages**
3.0 hours lecture
Grading: letter grade or pass/no pass
This course explores the world of dance including its role in culture, its development through history and the theatrical dance forms in contemporary America. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**DANCE 3AD** 1.0 unit

**Musical Theatre Dance**
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course introduces musical theatre dance styles from the 1940s to the present. It includes the study of ballet, jazz and tap techniques to prepare students for performance in musical theatre.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**DANCE 5AB** 1.0 unit

**Beginning Tap**
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
Students will study basic tap dance techniques. This course provides the opportunity to develop coordination, rhythm and performance skills. Some history of tap will be included.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Courses of Instruction

DANCE 31AB 1.0 unit
Choreography I
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: One semester of DANCE 20AB, 10AB, 14AB or Audition.
Grading: letter grade or pass/no pass
This course is a study of creating movement for the dancer focusing on discovering inventive movement, creating a personal style of expression, and development of aesthetic judgment.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 32AB 1.0 unit
Choreography II
1.0 hour lecture, 2.0 hours laboratory
Recommended Preparation: One semester of DANCE 31AB
Grading: letter grade or pass/no pass
This course is a study of choreography for a group of dancers focusing on the use of design in space to create dances of significant form. It includes work in a collaborative environment teaching choreography to workshop participants.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 33AD 1.0 unit
Dance Choreography Workshop
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a collaborative workshop environment in which class participants work with student choreographers in the creation of dances of significant form and content.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 41/1 0.5 unit
Dance Performance
2.0 hours laboratory
Corequisite: DANCE 5AB or 6AB or 10AB or 11AB or 12AD or 14AB or 17AB or 18AD or 20AB or 21AB.
Grading: letter grade or pass/no pass
This performance course emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 41/2 1.0 unit
Dance Performance
4.0 hours laboratory
Corequisite: DANCE 5AB or 6AB or 10AB or 11AB or 12AD or 14AB or 17AB or 18AD or 20AB or 21AB.
Grading: letter grade or pass/no pass
This performance course emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 41/3 1.5 units
Dance Performance
6.0 hours laboratory
Corequisite: DANCE 5AB or 6AB or 10AB or 11AB or 12AD or 14AB or 17AB or 18AD or 20AB or 21AB.
Grading: letter grade or pass/no pass
This performance course emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 41AD 2.0 unit
Dance Performance
8.0 hours laboratory
Corequisite: DANCE 5AB or 6AB or 10AB or 11AB or 12AD or 14AB or 17AB or 18AD or 20AB or 21AB.
Grading: letter grade or pass/no pass
This performance course emphasizes the application of choreographic concepts and skills through rehearsal and performance of dance projects for public performance. The appropriate class section in this sequence is assigned following skills assessment at the initial class meeting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 60AD 1.0 unit
Special Projects in Dance
3.0 hours laboratory
Grading: letter grade or pass/no pass
This course permits lower division students with a generalized background in dance to explore in-depth a specific aspect of dance in both theory and execution.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

DANCE 98AD 1.5 units
EXP Dance Ensemble Production
1.0 hour lecture, 2.0 hours laboratory
Corequisite: DANCE 3AD or DANCE 5AB or DANCE 6AB or DANCE 10AB or DANCE 11AB or DANCE 13AD or DANCE 14AB or DANCE 17AB or DANCE 18AB or DANCE 20AB or DANCE 21AB or DANCE 60AD.
Grading: letter grade
This course will focus on the creative and production aspects of running a performance ensemble for the purpose of community outreach and performance. Students will be given a multitude of performance opportunities and logistical dance company building experiences in the development of knowledge and skills in the management of a dance company.
Transfer Status: Transferable to CSU, see counselor for limitations.
## DIAGNOSTIC MEDICAL IMAGING (DMI)

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| DMI 10   | 3.0   | Introduction to Radiologic Technology  
3.0 hours lecture  
Prerequisite: AH 60 and AH 61 and ANAT 41  
Grading: letter grade  
This course is a study of the history and basic principles of medical radiography, the mechanics of radiographic exposure, the processing of the latent image, basic electrical and radiation safety measures, and medicolegal issues that relate to the practice of radiologic technology.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 11   | 1.0   | Radiographic Techniques  
1.0 hour lecture  
Prerequisite: DMI 20  
Grading: letter grade  
This course is a study of the criteria required to select x-ray machine settings to produce diagnostic quality radiographs and the compensations in radiographic technique that are required for pathologic conditions.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 12   | 3.0   | Contrast Fluoroscope/Radiographic Procedures  
3.0 hours lecture  
Corequisite: DMI 11  
Grading: letter grade  
This course is a study of basic Fluoroscopy; Radiographic Contrast Media administration, pharmacology, safety, and treatments. Contrast Media examinations, Special Procedures, Digital Angiography, Vascular and Non-Vascular intervention, and Mammography are also discussed within the scope of this course.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 14   | 3.0   | Trends and Self-Assessment in Radiology  
3.0 hours lecture  
Prerequisite: DMI 15 or current C.R.T. (Certified Radiologic Technologist).  
Grading: letter grade  
The purpose of this course is to prepare the students for the state and national licensure/certification in this discipline. Students will analyze their strengths and weaknesses, and formulate strategies to ensure successfully passing the State and National board examinations.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 15   | 3.0   | Computer Applications in Radiology  
3.0 hours lecture  
Prerequisite: DMI 24  
Grading: letter grade  
This course is a study of the history of computer systems, hardware and software, and their uses in radiology. Specific areas covered are: CT, Digital Imaging, MRI, and Picture Archiving Systems.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 20   | 3.0   | Introduction to Radiologic Physics  
3.0 hours lecture  
Prerequisite: DMI 10  
Grading: letter grade  
This course provides a study of the basic principles of physics involved in the production, behavior, modification, and control of radiation.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 21   | 2.0   | Applied Radiological Physics  
1.0 hour lecture, 3.0 hours laboratory  
Prerequisite: DMI 20  
Grading: letter grade  
This course is a study of the application of the interaction of radiation and matter, technique manipulation, quality assurance, and quality control. Students are introduced to advanced Medical Imaging including: digital imaging; ultrasound; nuclear medicine; radiation oncology; PET; SPECT; and bone densitometry.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 24   | 3.0   | Radiation: Biology and Protection  
3.0 hours lecture  
Prerequisite: DMI 21  
Grading: letter grade  
This course presents a history of ionizing radiation exposure to humans. Cellular and biologic effects of ionizing radiation are explored, with specific emphasis as to ways of limiting exposure to patients and personnel. State and Federal regulations are discussed as they pertain to Diagnostic Medical Imaging.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 30   | 3.0   | Positioning for General Diagnostic Radiography  
2.0 hours lecture, 3.0 hours laboratory  
Prerequisite: DMI 30  
Recommended Preparation: DMI 11  
Grading: letter grade  
This course is the study of positioning for general and specialized radiologic exams of the skeletal system and adjacent organ systems. The student will develop skill in positioning the patient, film, and x-ray tube, and select appropriate techniques to produce diagnostic quality radiographic images.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| DMI 31   | 3.0   | Positioning for Cranial Radiography  
2.0 hours lecture, 3.0 hours laboratory  
Prerequisite: DMI 30  
Grading: letter grade  
This course is the study of positioning for general and specialized radiologic exams of the cranium and its contents. The student will develop skill in positioning the patient, film and x-ray tube, and select appropriate techniques to produce diagnostic quality radiographic images.  
Transfer Status: Transferable to CSU, see counselor for limitations. |

Courses of Instruction

California Health and Safety Code Section 106985 pertaining to Radiologic Technologists.

DMI 401 3.0 units
Physical Principles of MRI
3.0 hours lecture
Prerequisite: Possession of a valid C.R.T (Certified Radiologic Technologies) and/or A.R.R.T (American Registry of Radiologic Technologist) License.
Recommended Preparation: DMI 14 and DMI 40E
Grading: letter grade
This course provides the student with a comprehensive overview of Magnetic Resonance Imaging (MRI). Included are image acquisition; MRI equipment, terminology, and instrumentation; tissue characteristics; basic patient and personnel safety; patient assessment and preparation; imaging parameters, and quality assurance. The course is designed to allow practicing technologists to obtain the necessary skills and knowledge to qualify for national licensure as MRI technologists.

DMI 402 3.0 units
Magnetic Resonance Imaging Procedure
3.0 hours lecture
Prerequisite: Possession of a valid C.R.T (Certified Radiologic Technologies) and/or A.R.R.T (American Registry of Radiologic Technologist) License.
Grading: letter grade
This course includes imaging techniques related to the Central Nervous System, neck, thorax, musculoskeletal system and abdomen and pelvic regions. Specific clinical application, coils available and their use, consideration in the scan sequences, specific choices of protocols, and positioning criteria will be included. Planes that best demonstrate anatomy and the signal characteristics of normal and abnormal structures are discussed.

DMI 403 3.0 units
Cross-Sectional Anatomy
3.0 hours lecture
Prerequisite: Possession of a valid C.R.T (Certified Radiologic Technologies) and/or A.R.R.T (American Registry of Radiologic Technologist) License.
Recommended Preparation: Anatomy 41
Grading: letter grade
This is a study of human anatomy as seen in axial, sagittal, and coronal planes as would be shown on CT or MRI examinations. Bony, muscular, vascular, soft tissues, and organs of the following anatomical regions are studied: central nervous system, head, neck, musculoskeletal, cardiovascular, thorax, abdomen, and pelvis.

DMI 404 3.0 units
MRI/CT Pathology
3.0 hours lecture
Prerequisite: DMI 60 or DMI 403
Grading: letter grade
This course familiarizes the student with the common pathologies demonstrated on MRI/CT examinations and their appearance with various imaging protocols. The course content will include all commonly imaged body systems and structures.

DMI 405AB 2.5 units
MRI/CT Clinical Practicum
8.0 hours laboratory
Prerequisite: DMI 401 or DMI 406
Grading: letter grade
This course allows the students the opportunity to practice the skills necessary to obtain high quality MR/CT images, to objectively alter protocols based on patient pathology or physical condition, and to identify image quality problems and make appropriate corrections.

DMI 406 3.0 units
Computerized Tomography Physics
3.0 hours lecture
Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.
Recommended Preparation: DMI 14 and DMI 40E
Grading: letter grade
This course provides the student with a comprehensive understanding of the physical principles and instrumentation involved in computed tomography (CT). Included are: physics topics, CT systems and operation data acquisition and display, and radiation protection practices. The course is designed to allow practicing technologists the opportunity to acquire the necessary skills and knowledge to qualify for national licensure as CT technologists.

DMI 407 3.0 units
Computerized Tomography Procedures
3.0 hours lecture
Prerequisite: Possession of a valid certified Radiologic Technologist (CRT) and/or American Registry of Radiologic Technologist (ARRT) License.
Recommended Preparation: DMI 14 and DMI 40E
Grading: letter grade
This course provides the student with detailed instruction in imaging techniques for computer tomography (CT). Procedures included are central nervous and musculoskeletal systems, neck, thorax, abdomen and pelvis. Specific clinical application, indications for the procedure, patient education, assessment and preparation, positioning, contrast media usage, and image processing will be included. CT images will be reviewed for quality, anatomy, and pathology.

DIESEL MECHANICS (DIESL)

DIESL 281 10.0 units
Detroit Diesel Engines
5.0 hours lecture, 15.0 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to Detroit Diesel Engines. It covers the safety procedures, disassembly, problem evaluation, repair procedures, reassembly, engine testing, troubleshooting and tuning of the Detroit diesel engine. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course's content.

DIESL 282 10.0 units
Cummins Four Cycle Engine
5.0 hours lecture, 15.0 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to Cummins Four-Cycle Engines. It covers safety procedures, disassembly, problem evaluation, repair procedures, reassembly, engine testing, troubleshooting and tuning of the engine. Students will be required to attend 10 hours in the CTE
Courses of Instruction

Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**DIESL 283  10.0 units**

**Powered Systems**
5.0 hours lecture, 15.0 hours laboratory
Prerequisite: DIESL 281 or 282
Grading: letter grade or pass/no pass
This course is an introduction to diesel powered systems required to support engines in a variety of applications. It covers the safety procedures, disassembly, component testing, troubleshooting and reassemble to factory standards.

**DIESL 284  10.0 units**

**Highway Transport**
5.0 hours lecture, 15.0 hours laboratory
Recommended Preparation: DIESL 282
Grading: letter grade or pass/no pass
This course covers safety, troubleshooting, and repair of all components that are used on heavy diesel trucks. Maintenance of the total truck and service operations will be highlighted.

**DIESL 287  10.0 units**

**Diesel Fuel Injection Systems**
5.0 hours lecture, 15.0 hours laboratory
Grading: letter grade or pass/no pass
In this course students will learn safety, history of fuel injection, current types of fuel systems and function of a fuel injection system. Students will also learn equipment testing procedures, as well as, to disassemble and reassemble pump and injectors in Cummins, American Busch, Mack Engine, Detroit Engine, Caterpillar Engine, KiKi Mode Distributor Pumps and Roosa Master Fuel Systems.

**DIESL 288  10.0 units**

**Diesel Engine Chassis**
5.0 hours lecture, 15.0 hours laboratory
Prerequisite: DIESL 281 or 282
Grading: letter grade or pass/no pass
This course is an introduction to medium and heavy diesel truck chassis. Topics covered include learn safety, inspection, troubleshooting, removal, repair and replacement of all components that are used on a diesel truck chassis. Maintenance of the total chassis and service operations will be highlighted.

**DIESL 289  10.0 units**

**Caterpillar 3406 and 3116 Engine**
5.0 hours lecture, 15.0 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to Caterpillar Four-Cycle Engines. It covers safety procedures, disassembly, problem evaluation, repair procedures, reassembly, engine testing, troubleshooting and tuning of the engine. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content.

**DIESL 290  10.0 units**

**C.A.T. Transmissions and Final Drive**
5.0 hours lecture, 15.0 hours laboratory
Grading: letter grade or pass/no pass
This course covers steering, clutches, brakes, transmissions and final drive units for Caterpillar heavy equipment intended for off-highway use.

**DIESL 291  10.0 units**

**C.A.T. Hydraulics**
5.0 hours lecture, 15.0 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to Caterpillar hydraulics systems. It covers safety procedures, troubleshooting of hydraulic systems, problem evaluation and repair procedures on hydraulic pumps, valves and hydraulic equipment. Students will be required to attend 10 hours in the CTE Success Center for specially designed activities and assignments that relate to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**DIESL 292  10.0 units**

**C.A.T. Chassis & Electrical**
5.0 hours lecture, 15.0 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to Caterpillar off-highway and on-highway chassis and related components to support vehicles in a variety of powered system applications. It will include testing, analysis and repair of engines, vehicles and their components.

**DIESL 293AD  4.0 units**

**General Engines**
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
This course is an introduction to Heavy Equipment Hydraulic Systems, required to support a variety of Heavy Diesel Applications. Topics will include Shop Safety Practices, Industry Terminology and Testing, Troubleshooting, Analysis and Repair of Hydraulic Components.

**DIESL 391A  3.0 units**

**Hydraulics**
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to Heavy Equipment Electrical Systems required to support a variety of Heavy Diesel Applications. Course topics will include the testing, troubleshooting, analysis and repair of electrical components required to support an array of Diesel Powered Systems.

**DIESL 391B  5.0 units**

**Heavy Equipment Electrical Systems**
3.0 hours lecture, 6.0 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to Heavy Equipment Electrical Systems required to support a variety of Heavy Diesel Applications. Course topics will include the testing, troubleshooting, analysis and repair of electrical components required to support an array of Diesel Powered Systems.

**DIESL 492  3.0 units**

**Air and Hydraulic Brakes**
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to the theory and fundamentals of air and hydraulic brake systems.
DRAFT 51A 3.0 units
Industrial Drafting I
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: DRAFT 201
Grading: letter grade
This course will cover geometric tolerance fundamentals of descriptive geometry used on points, edges, and surfaces. Drawings will use straight line and plane relationships in creating flat surfaces and curved edges, and surfaces. Drawings will use straight line and plane relationships in creating flat surfaces and curved edges, and surfaces. Vector geometry and graphic solutions are addressed.
Transfer Status: Transferable to CSU, see counselor for limitations.

DRAFT 51B 3.0 units
Industrial Drafting II
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: DRAFT 51A
Grading: letter grade
This course will cover dimension information on drawings using ANSI 14.5 geometric tolerance standards. Discussion and application of tolerance standards will be followed on all finished projects. Engineering designs will include welding drawings, screw threads, fasteners, keys, key ways, springs, gears, splines, cams and bearings. Advanced orthographic detail and assembly drawings will be developed and produced by the individual student or in student teams. Some projects will include development of 3D models.
Transfer Status: Transferable to CSU, see counselor for limitations.

DRAFT 52A 3.0 units
Advanced Industrial Drafting
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: DRAFT 51B
Grading: letter grade
This course includes discussion, development, and implementation of the following types of drawings: welding, piping, electrical, structural, tools and dies, jig and fixture design. Applied math will be used in creating charts, graphs, and diagrams that require information for materials and heat treatment. Product design fundamentals will be identified, analyzed, refined, and implemented on all drawings.
Transfer Status: Transferable to CSU, see counselor for limitations.

DRAFT 52B 3.0 units
Descriptive Geometry
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: DRAFT 52A
Grading: letter grade
This course will include information on the fundamentals of descriptive geometry used on points, edges, and surfaces. Drawings will use straight line and plane relationships in creating flat surfaces and curved lines and planes to generate surfaced intersections and developments. Vector geometry and graphic solutions are addressed.
Transfer Status: Transferable to CSU, see counselor for limitations.

DRAFT 60 3.0 units
Geometric Dimensioning and Tolerancing
3.0 hours lecture
Recommended Preparation: DRAFT 201 or DRAFT 51A
Grading: letter grade
Geometric Dimensioning and Tolerances (GD&T) is a course designed for Manufacturing Technology students, Drafting Technology students, and professional upgrade training. The course covers a review of conventional dimensioning (non geometric tolerancing), clearance fits, tolerancing fundamentals, maximum material condition (MMC), least material condition (LMC), metric and inch dimensioning. GD&T conventions covered are: dimensioning and geometric tolerancing symbols, datums, material condition symbols, tolerances of form and profile, tolerances of orientation and runout, and location tolerances.
Transfer Status: Transferable to CSU, see counselor for limitations.

DRAFT 201 4.0 units
Introduction to Drafting
3.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: COMIS 1 or knowledge of computers and Math 120 or basic geometry.
Grading: letter grade or pass/no pass
This is an entry-level course offered as a preparation for architectural design, mechanical drafting and interior design students with no previous graphic training. This course provides instruction in the fundamental principles and techniques of traditional drafting and computer aided drafting (CAD), including drafting equipment (manual and CAD), sketching, lettering, line type and line weight, orthographic projection, isometrics and dimensioning. The CAD training will utilize the latest software technology, such as AutoCAD, in the Windows environment and will introduce the following CAD fundamentals: user interface, basic draw and edit commands, template drawings, dimensioning, electronic drawing sheets, file management, printing and plotting and the Windows operating system for CAD users. Exercises will cover drawings for both mechanical and architectural applications.

DRAFT 202AD 3.0 units
AutoCAD I, Fundamentals
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: COMIS 1 or knowledge of computers and Math 120 or basic geometry.
Grading: letter grade or pass/no pass
This course is an intermediate-level course aimed at individuals with a drafting background employed in engineering, architecture, interior design and other related fields who wish to upgrade their skills in the area of Computer Aided Drafting (CAD). CAD training will utilize the latest software technology, such as AutoCAD, in the Windows environment. This course continues to introduces CAD fundamentals as well as intermediate drawing techniques: user interface, basic draw and edit commands, template drawings, dimensioning, electronic drawing sheets, file management, printing and plotting and the Windows operating system for CAD users. Exercises cover drawings for both mechanical and architectural applications.
Courses of Instruction

DRAFT 203AD  3.0 units
AutoCAD II, Advanced Concepts
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: DRAFT 201 or DRAFT 202AD
Grading: letter grade or pass/no pass
This course is an intermediate level course aimed at individuals with a drafting background employed in engineering, architecture, interior design and other related fields who wish to upgrade their skills in the area of Computer Aided Drafting (CAD). Topics cover advanced 2D concepts and intermediate level 3D modeling using AutoCAD Software: user interface, advanced draw, edit, and query commands, template drawings, dimension styles, model space/paper space electronic drawing sheets, external reference styles, file management and the Web, plotting styles, blocks and attributes and 3D modeling techniques.

DRAFT 204  4.0 units
3D Visualization/Animation
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: DRAFT 203AD
Grading: letter grade or pass/no pass
This course is an advanced-level course primary aimed at individuals with a drafting background employed in engineering, architecture, interior design and other related fields who wish to upgrade their skills in the area of Computer Aided Drafting (CAD), Visualization, Rendering and Animation. Successful completion of the three modules in Draft204 culminates in a Certificate of Achievement – 3D visualization, Rendering and Animation. CAD training will utilize AutoCAD and one or more of the following – Architectural Desktop, Sketchup, REVIT Architecture and 3D Studio MAX Software. Digital non-liner editing is introduced. Draft204 is the final class in a series of three leading to a Certificate of Completion – CAD Professional – Architectural or Mechanical Applications. Advanced 3D modeling and rendering concepts are explored: user interface, coordinate system, surface and solids modeling commands, rendering and animation. Projects cover both mechanical and architectural applications.

DRAFT 273AD  4.0 units
WE — Mechanical Drafting
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Recommended Preparation: Draft 201 or Draft 51A or Draft 202
Grading: letter grade or pass/no pass
Vocational learning experiences through employment directly related to careers in Mechanical Design Drafting. This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment and or volunteer time directly related to occupational goals or careers of interest to the student.

ECONOMICS (ECON)

ECON 1A (CAN ECON 2)  3.0 units
Macro Economic Analysis
3.0 hours lecture
Grading: letter grade or pass/no pass
This course examines the functioning of a mixed enterprise system. The class will include topics of the economic role of government, determination of national income, the banking system, and Federal Reserve policy. The instructional emphasis is on macroeconomic policy. Macroeconomics is concerned with the economy as a whole and large market segments. The attention is focused on such problems as: the level of unemployment, the rate of inflation, the nation’s total output of goods and services, fiscal and monetary policies. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ECON 1AH  3.0 units
Honors Macro Economic Analysis
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course examines the functioning of a mixed enterprise system. The class will include topics of the economic role of government, determination of national income, the banking system, and Federal Reserve policy. The instructional emphasis is on macroeconomic policy. Macroeconomics is concerned with the economy as a whole and large market segments. The attention is focused on such problems as: the level of unemployment, the rate of inflation, the nation’s total output of goods and services, fiscal and monetary policies.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ECON 1B (CAN ECON 4)  3.0 units
Micro Economic Analysis
3.0 hours lecture
Grading: letter grade or pass/no pass
This course examines the behaviors of individual households and firms in a mixed enterprise capitalist system. The class will include topics of price theory, distribution, resource allocation, foreign trade and comparative economic systems. Microeconomics is concerned with specific economic units or parts that make up an economic system and the relationship between these parts. The emphasis is placed on understanding the behavior of individual firms and households, and the ways in which they interact. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ECON 1BH  3.0 units
Honors Micro Economics Analysis
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade
This course examines the behaviors of individual households and firms in a mixed enterprise capitalist system. The class will include topics of price theory, distribution, resource allocation, foreign trade and comparative economic systems. Microeconomics is concerned with specific economic units or parts that make up an economic system and the relationship between these parts. The emphasis is placed on understanding the behavior of individual firms and households, and the ways in which they interact. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

understanding the behavior of individual firms and households, and the ways in which they interact. 
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ECON 4** 3.0 units

Contemporary Economic Issues
3.0 hours lecture
Grading: letter grade or pass/no pass
This course offers an economic analysis of contemporary questions including environmental, institutional, and multicultural issues. The class will determine the role of economies, as a social science, assisting in understanding causes, effects, and possible policies for current problems. The instructional emphasis is on the relationship of basic tools of economic analysis and their application to current economic problems. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ECON 5** 3.0 units

The Global Economy
3.0 hours lecture
Grading: letter grade or pass/no pass
This course examines the location and organization of international economic activities from an economic, cultural, political, and environmental perspective. Topics covered by a faculty team drawn from Economics and Geography include the spatial distribution of resources and production, global flows of information, capital and labor, and regional inequalities such as income distribution, poverty, discrimination and standard of living. This class is recommended for students in business, social science and liberal arts with an interest in global and international issues, including regional and social inequalities, marketing and international trade, and tourism. This course is not open to students registered in or with credit in GEOG 5.
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**ELECTRICITY (ELECT)**

**ELECT 41** 2.0 units

Technical Applications of Minicomputers
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade
This course will consist of an introduction to the various software programs used in the electrical program. Students will develop all the components of a complete engineering technical report. The course will utilize computer applications to research and complete technical reports and documentation. Included are Autocad, Word, Excel, Visio, Constructor, and web based communication and information research.
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**ELECT 200A** 8.0 units

First Semester Industrial Electricity
6.0 hours lecture, 6.0 hours laboratory
Grading: letter grade
This course is an introduction to direct current electrical theory. Covered are industry practices, application, study of nomenclature and components. Also covered are formulas used in electrical theory, information regarding proper use and selection of hand tools, and laboratory practices as performed in the electrical maintenance and construction industry.

**ELECT 200B** 8.0 units

Second Semester Industrial Electricity
6.0 hours lecture, 6.0 hours laboratory
Prerequisite: ELECT 200A or ELECT 204
Grading: letter grade
This course covers operational theory and practices associated with motors and generators. Included are theory and lab work associated with motors, generators, motor controls and circuit diagrams, including wiring practices in the electrical maintenance and construction industry.

**ELECT 200C** 8.0 units

Third Semester Industrial Electricity
6.0 hours lecture, 6.0 hours laboratory
Prerequisite: ELECT 225 and ELECT 209 or ELECT 200B
Grading: letter grade
This course is an introduction to Alternating Current theory, practices and applications with studies of nomenclature and components. It is a course that requires previous Direct Current electrical coursework and math.

**ELECT 200D** 8.0 units

Fourth Semester Industrial Electricity
6.0 hours lecture, 6.0 hours laboratory
Prerequisite: ELECT 200C or ELECT 212
Grading: letter grade
This is an advanced course that requires knowledge of AC circuitry, systems, and components. This course covers the complete electrical design of of a commercial/industrial facility inclusive of general electrical, AC motors, lighting, transformers and electrical load calculations. All design work is completed to applicable codes.

**ELECT 202** 3.0 units

Electrical Mathematics
3.0 hours lecture
Grading: letter grade
A study of mathematics used in the electrical and construction trades. Topics in arithmetic, fractions, decimals, percents, graphing, measurement and introduction to algebra are covered. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**ELECT 204** 3.0 units

First Semester Fundamentals of DC Electricity
3.0 hours lecture
Grading: letter grade
This course is an introduction to direct current electrical theory, its practices, applications and study of nomenclature and components for students beginning electrical studies for occupational goals, continuing university education or for increasing skill levels. Included in this course are formulas used in electrical theory, information regarding proper use and selection of hand tools, materials, and wiring as practiced in the electrical maintenance and construction industry.

<tbody>
<tr>
<td>ELECT 209</td>
<td>Second Sem Fund of Motors/Generators</td>
<td>3.0</td>
<td>This course covers the operational theory and practices associated with motors and generators. This includes theory associated with motors, generators, motor controls, circuit diagrams, and wiring practices in the electrical maintenance and construction industry.</td>
</tr>
<tr>
<td>ELECT 210A</td>
<td>Laboratory Practices 1</td>
<td>1.0</td>
<td>This course covers laboratory work associated with the fundamentals of DC electricity, electromagnetism, series, parallel and combination circuits, wiring practice and hand tools.</td>
</tr>
<tr>
<td>ELECT 210B</td>
<td>Laboratory Practices 2</td>
<td>1.0</td>
<td>This course covers lab work associated with the fundamentals of DC electricity, DC principles and practices, as well as fundamentals of DC motors and generators and motor controls. Motors and generators are characterized and connected with various hard wired motor control circuits.</td>
</tr>
<tr>
<td>ELECT 210C</td>
<td>Laboratory Practices 3</td>
<td>1.0</td>
<td>This course has lab work associated with the fundamentals of Alternating Current electricity, Alternating Current principles, practices and safe wiring practices with hand tools and instrumentation.</td>
</tr>
<tr>
<td>ELECT 210D</td>
<td>Laboratory Practices 4</td>
<td>1.0</td>
<td>This course is designed to provide lab work activities that are associated with electrical measuring instruments, motors, transformers and electrical design.</td>
</tr>
<tr>
<td>ELECT 212</td>
<td>Third Semester Fund of AC Electricity</td>
<td>3.0</td>
<td>This course is an introduction to Alternating Current theory, practices and applications with studies of nomenclature and components. It is an advanced course that requires previous Direct Current electrical coursework and math.</td>
</tr>
<tr>
<td>ELECT 214</td>
<td>Fourth Semester AC Principles &amp; Pract</td>
<td>3.0</td>
<td>This is an advanced course that requires knowledge of AC circuitry, systems, and components. This course covers the complete electrical design of a commercial/industrial facility inclusive of general electrical, AC motors, lighting, transformers and electrical load calculations. All design work is completed to applicable codes.</td>
</tr>
<tr>
<td>ELECT 224</td>
<td>Electrical Motors and Transformers</td>
<td>3.0</td>
<td>This course is designed to present the theory and applications of single and poly-phase motors and transformers, testing and connection methods, troubleshooting and maintenance.</td>
</tr>
<tr>
<td>ELECT 225</td>
<td>Algebra and Trigonometry for Technicians</td>
<td>4.0</td>
<td>This course will present basic algebra and trigonometry and their application to the solution of practical problems in technical (mechanical, electrical, construction) fields. This course is not open for credit to students registered in or with credit in MATH 225, 220, 230, 110 and 150. Formerly MATH 225.</td>
</tr>
<tr>
<td>ELECT 226</td>
<td>Solid State Fundamentals for Electrician</td>
<td>3.0</td>
<td>This course covers electronic theory and practice as applied in industrial applications. Topics include component identification, schematic diagrams, circuit testing and troubleshooting industrial equipment. Safety issues involving high voltage industrial electronics are covered.</td>
</tr>
<tr>
<td>ELECT 227</td>
<td>D.C. and A.C. Variable Speed Drives</td>
<td>3.0</td>
<td>This course covers the theory, circuit designs and application of direct current variable speed drives. Topics include applications, testing and troubleshooting.</td>
</tr>
<tr>
<td>ELECT 229</td>
<td>Industrial Drive Systems</td>
<td>3.0</td>
<td>This course covers electronic theory, practice and principles as applied to industrial applications. Topics include basic programming of PIC microcontrollers and commercial drives. Emphasis is placed on programming and application to modern industrial drive systems.</td>

<td>Electrical Code-Residential&lt;br&gt;3.0 hours lecture&lt;br&gt;Prerequisite: ELECT 200A or ELECT 204&lt;br&gt;Grading: letter grade&lt;br&gt;This course is an introduction to National Electrical Code requirements for residential wiring. Interpretation of electrical wiring diagrams, material use, installation methods and calculation of electrical loads to size feeders and conductors is included.</td>
</tr>
<tr>
<td><strong>ELECT 242</strong></td>
<td>1.5 units</td>
<td>Electrical Code-Grounding&lt;br&gt;1.5 hours lecture&lt;br&gt;Prerequisite: ELECT 245 or ELECT 250&lt;br&gt;Grading: letter grade&lt;br&gt;This course covers National Electrical Code requirements for grounding. Grounding system components, principles of operation, design and fault current calculations are included.</td>
</tr>
<tr>
<td><strong>ELECT 245</strong></td>
<td>3.0 units</td>
<td>Electrical Code-Commercial&lt;br&gt;3.0 hours lecture&lt;br&gt;Prerequisite: ELECT 240 and (ELECT 209 or ELECT 200B)&lt;br&gt;Grading: letter grade&lt;br&gt;This course covers National Electrical Code requirements for commercial, office and light industrial wiring. The electrical layout and design of commercial buildings, feeder circuit calculations, branch circuit calculations and circuit over current protection are included.</td>
</tr>
<tr>
<td><strong>ELECT 250</strong></td>
<td>3.0 units</td>
<td>Electrical Code-Industrial&lt;br&gt;3.0 hours lecture&lt;br&gt;Prerequisite: ELECT 240 and (ELECT 209 or ELECT 200B)&lt;br&gt;Grading: letter grade&lt;br&gt;This course covers National Electrical Code requirements for industrial applications. Materials and wiring methods for heavy industrial applications, life, safety and hazardous systems are included.</td>
</tr>
<tr>
<td><strong>ELECT 253</strong></td>
<td>2.0 units</td>
<td>OSHA Standards for Construction Safety&lt;br&gt;2.0 hours lecture&lt;br&gt;Grading: pass/no pass&lt;br&gt;This course covers OSHA policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive an OSHA 30 Hour Construction Outreach Training Completion Card.</td>
</tr>
<tr>
<td><strong>ELECT 261</strong></td>
<td>3.0 units</td>
<td>Introduction to Renewable Energy&lt;br&gt;3.0 hours lecture&lt;br&gt;Grading: letter grade&lt;br&gt;This course will introduce students to renewable energy sources (wind, solar, micro-hydro, geothermal et. al.) along with the advantages and disadvantages of each. Suitable use for each energy source will be discussed, as well as emerging technology, products, and programs available that allow builders and owners to take advantage of renewables.</td>
</tr>
<tr>
<td><strong>ELECT 271</strong></td>
<td>3.0 units</td>
<td>Electrical Cost Estimating 1&lt;br&gt;3.0 hours lecture&lt;br&gt;Grading: letter grade&lt;br&gt;This course will present an introduction to electrical cost estimating, including take-off and listing procedures. It is designed for students preparing to enter electrical estimating occupations or electrical contracting work.</td>
</tr>
<tr>
<td><strong>ELECT 275</strong></td>
<td>0.5 unit</td>
<td>Electrical Pipe Bending (A)&lt;br&gt;0.3 hour lecture, 0.7 hour laboratory&lt;br&gt;Grading: letter grade&lt;br&gt;This course is a study of how to properly calculate, layout and bend electrical metallic tubing (E.M.T.) as per industry and National Electrical Code standards.</td>

</table>
EMT 252AD
1.0 unit
Emergency Medical Tech I Refresher
1.0 hour lecture, 0.5 hour laboratory
Prerequisite: Current EMT — 1 Certification.
Grading: letter grade
The EMT-I must have certification that is current or not expired more than six months. This course will be a review and update of life support measures, CPR and use of emergency medical equipment and supplies for the certified EMT-I.

ENGINEERING (ENGR)

ENGR 3A
3.0 units
Engineering Graphics
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: MATH 120 or one year High School Geometry.
Recommended Preparation: One semester of DRAFT201 or high school mechanical drafting or drafting.
Grading: letter grade
This course will review the methods of graphic expression common to the various fields of engineering. It will follow engineering drafting standards and procedures through working drawings. The use of computers to prepare and study engineering drawings and solving engineering space problems by orthographic methods will be emphasized.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGR 3B
3.0 units
Engineering Graphics
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: ENGR 3A and MATH 40
Grading: letter grade
This course will review the principles of graphic expression through working drawings. It will expand on the principles of descriptive geometry as studied in ENGR 3A. The use of computer drafting software as well as charts, diagrams and graphic solutions are discussed.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGR 17 (CAN ENGR 12)
3.0 units
Electrical Engineering Circuits
3.0 hours lecture
Prerequisite: MATH 70 and PHYS 3B
Grading: letter grade
This course provides an introduction to electrical circuits from an engineering perspective. This includes mesh and node equations, controlled sources, Thevenin and Norton equivalents, natural response of RLC circuits, phasor analysis and other topics.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGR 17L
1.0 unit
Electrical Engineering Circuits Lab
3.0 hours laboratory
Prerequisite: ENGR 17 (may be taken concurrently)
Grading: letter grade
This course provides a laboratory study of electrical circuits and instrumentation to accompany the lecture course.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGR 35 (CAN ENGR 8)
3.0 units
Statics
3.0 hours lecture
Prerequisite: PHYS 3A and MATH 70
Grading: letter grade
This is a first course in mechanics that will enable engineering students to analyze any problem in a simple and logical manner and to apply to its solution a few, well-understood, basic principles. This course introduces students to statics of particles, rigid bodies, Equilibrium of two- and three-dimensional force systems employing free-body diagrams. Topics that will be examined are centroids, center of gravity, analysis of structures, friction, and forces in beams and cables.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGR 50
1.0 unit
Introduction to Engineering
1.0 hour lecture
Grading: pass/no pass
This course is an introduction to engineering concepts from various branches of engineering.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGR 54
3.0 units
Computer Methods
3.0 hours lecture
Prerequisite: MATH 60 (may be taken concurrently)
Grading: letter grade or pass/no pass
This course will introduce students to the nature of computers, algorithms, problem solving procedures and programming. This course is designed to explore computer methods used to solve various applications from engineering, computer science, physical sciences and math areas. C++ is the primary programming language.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGLISH (ENGL)

ENGL 1 (CAN ENGL 2)
4.0 units
Reading and Composition
4.0 hours lecture, 0.2 hour supplemental learning
Prerequisite: Qualify through the English assessment process or ENGL 105 or ESL 34.
Grading: letter grade
In this course, students read and analyze college-level texts in order to write researched, thesis-based essays. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success Center. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 1H
4.0 units
Honors Reading and Composition
4.0 hours lecture
Prerequisite: Qualification for the Honors Program. Qualify through the English assessment process, or ENGL 105 or ESL 34.
Grading: letter grade
In this course, students read and analyze college-level texts in order to write researched, thesis-based essays. Eligibility for the Honors program is required for enrollment.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ENGL 2 (CAN ENGL 4)** 3.0 units

**Introduction to Literature/Composition**
3.0 hours lecture
Prerequisite: ENGL 1 or 1H
Grading: letter grade or pass/no pass
This introduction to literature and composition places its emphasis on genre, such as short stories, poetry and drama. Writing assignments emphasize critical analysis and interpretation of the reading material.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ENGL 3** 4.0 units

**Argumentative and Critical Writing**
4.0 hours lecture
Prerequisite: ENGL 1
Grading: letter grade or pass/no pass
This course offers an introduction to the elements and uses of critical thinking and writing. Analytical, persuasive, evaluative, and argumentative writing will be emphasized, as well as the evaluation and use of both electronic and conventional sources. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ENGL 3H** 4.0 units

**Honors Argumentative & Critical Writing**
4.0 hours lecture
Prerequisite: Qualification for the Honors Program and ENGL 1.
Grading: letter grade or pass/no pass
This course offers an introduction to the elements and uses of critical thinking and writing. Analytical, persuasive, evaluative, and argumentative writing will be emphasized, as well as the evaluation and use of both electronic and conventional sources.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ENGL 4** 4.0 units

**Critical Analysis of Literature**
4.0 hours lecture
Prerequisite: ENGL 1, ENGL 1H or placement through the assessment process.
Grading: letter grade
This course develops critical thinking skills through the written analysis of literary elements in fiction, poetry, and drama. Writing assignments emphasize argumentative strategies and the effective use of primary and secondary sources.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ENGL 6AD** 3.0 units

**Production of Literary Publications**
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
Students will study the principles and practice involved in editing and producing complete literary publications ranging in size and complexity from small pamphlets to books.

Transfer Status: Transferable to CSU, see counselor for limitations.

**ENGL 7** 3.0 units

**Editing a Literary Review**
3.0 hours lecture
Grading: letter grade or pass/no pass
Students interested in editorial work will examine contemporary literary journals, reviews, and creative publications and analyze the basic philosophy of editing a journal. Also, they will have hands-on experience analyzing, considering, and choosing manuscripts appropriate to the standards of a literary journal.

Transfer Status: Transferable to CSU, see counselor for limitations.

**ENGL 18** 3.0 units

**Detective and Crime Fiction**
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course examines the origins and development of detective and crime fiction. Students read and discuss the works of major 19th, 20th, and 21st century writers in the genre.

Transfer Status: Transferable to CSU, see counselor for limitations.

**ENGL 24** 3.0 units

**College Grammar**
3.0 hours lecture
Grading: letter grade or pass/no pass
College Grammar is a transfer-level course designed to lead students through an examination of the English language, focusing on both theory and practice in grammar, usage and mechanics. It is recommended for students who wish to strengthen their knowledge of grammar and to improve their skill in writing and speaking in English as well as for people who need a strong knowledge of grammar, usage and mechanics for professional purposes.

Transfer Status: Transferable to CSU, see counselor for limitations.

**ENGL 26 (CAN ENGL 6)** 3.0 units

**Creative Writing 1**
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course offers practical, supervised experience in the fundamentals of writing fiction and poetry.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ENGL 27A** 3.0 units

**Creative Writing 2: Poetry**
3.0 hours lecture
Prerequisite: ENGL 26
Grading: letter grade or pass/no pass
This course offers advanced, practical experience in writing, appreciating and analyzing poetry.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.
ENGL 27B 3.0 units
Creative Writing 2: Fiction
3.0 hours lecture
Prerequisite: ENGL 26
Grading: letter grade or pass/no pass
This course offers advanced, practical experience in writing, appreciating and analyzing fiction.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 27C 3.0 units
Creative Writing 2: Bio/Autobiography
3.0 hours lecture
Prerequisite: ENGL 26
Grading: letter grade or pass/no pass
This course offers advanced, practical experience in investigating, writing, and appreciating autobiographical and biographical material for use in narrative sketches, including family history and the journal.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 27D 3.0 units
Creative Writing 2: Stage/Screen Writing
3.0 hours lecture
Prerequisite: ENGL 26
Grading: letter grade or pass/no pass
This course offers advanced, practical, and supervised experience in the fundamentals of writing drama for stage, radio, television and/or film. Not open to students registered in or with credit in TART 32.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 27E 3.0 units
Creative Writing 2: The Novel
3.0 hours lecture
Prerequisite: ENGL 26
Grading: letter grade or pass/no pass
This course gives an intensive workshop atmosphere in which to write an original work of book-length fiction; focuses on theory, technique and practical discipline of writing fiction; and examines models from various genres (literary classics, historical fiction, detective fiction, romance, science fiction and others). Students discuss the techniques of story telling and present manuscripts of ones own work for critical discussion.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 30 3.0 units
Horror and Terror Fiction
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade
This course examines some of the best works in horror and terror fiction in both novel and short story forms. Beginning with origins in England, in the mid 18th century, discussions will move historically through the romantic movement and the Victorian era and into the modern era, covering such authors as Radcliffe, Poe, Lovecraft, James, King, Rice, Koontz, and Straub.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 32 3.0 units
Masterpieces/Asian Literature (in English)
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is an introduction to Asian literature (in translation), with an emphasis on major literary works of India, China and Japan. The course is designed for students with a general interest in diverse literatures and for those who seek to understand the workings of the eastern mind in its unique historical, cultural and philosophical context.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 33 3.0 units
Mythology
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course focuses on the study of myths of various nations and archetypal mythic patterns. The reading and analysis of literature is based on these myths and patterns.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 35 3.0 units
Interpreting the Short Story
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a study of the interpretation of the short story and application of the meanings found in short stories to real-life situations through class discussion and writing assignments.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 36 3.0 units
The Novel
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a study of the novel as a literary form. Students will read representative works in the English, American, European Continental, and other traditions within their respective cultural contexts. The course will examine how literary movements and schools, critical concepts such as canonicity, and various formal elements shape conceptions of the novel.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 37 3.0 units
Science Fiction, Fantasy and Horror
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course surveys major works of speculative fiction with an emphasis on major themes and genres.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 38 3.0 units
The Bible as Lit: The Old Testament
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a college-level course that provides an examination and analysis of the narratives, poetry, and structure of the Old Testament, emphasizing a literary point of view. The course is designed for an audience interested in broadening their understanding of the
Courses of Instruction

ENGL 39  3.0 units
The Bible as Lit: Apocrypha/New Testament
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a college-level course that provides an examination and analysis of the narratives, poetry, parables, and letters of the New Testament and Apocrypha, emphasizing a literary point of view. The course is designed for an audience interested in broadening their understanding of the literary characteristics and cultural and historical contexts of the books of the New Testament and the Apocrypha.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 40 (CAN ENGL 14) 3.0 units
American Literature I
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a survey of American literature from the time of the Civil War to the present.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 42 (CAN ENGL 16) 3.0 units
American Literature II
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a survey of American literature from the Civil War to the present.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 43A  3.0 units
Introduction to Shakespeare
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course involves reading, discussion, and analysis of seven plays and selected sonnets from the longer poems. The course presents Shakespeare as a major literary figure in the context of the Elizabethan and Jacobean periods and the history of British literature.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 43B  3.0 units
Introduction to Shakespeare
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course involves reading, discussion, and analysis of seven plays and selections from the longer poems. The course presents Shakespeare as a major literary figure in the context of the Elizabethan and Jacobean periods and the history of British literature.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 44  3.0 units
Literature of the Western World I
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course offers a survey of the historical development of western literature from classical times to the Renaissance, reflecting philosophical, political, and artistic changes in the western culture.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 44H  3.0 units
Honors Lit of the Western World I
3.0 hours lecture
Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course offers an honors survey of the historical development of western literature from classical times to the Renaissance, reflecting philosophical, political, and artistic changes in the western culture.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 45  3.0 units
Literature of the Western World II
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course is a survey course that focuses on literature of the Western World, with emphasis on European literature in translation, covering works from the Renaissance to contemporary times and emphasizing the appreciation of aesthetic, philosophical, and cultural concepts.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 45H  3.0 units
Honors Lit of the Western World II
3.0 hours lecture
Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course focuses on literature of the Western World, with emphasis on European literature in translation, covering works from the Renaissance to contemporary times and emphasizing the appreciation of aesthetic, philosophical, and cultural concepts.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 46 (CAN ENGL 8) 3.0 units
Survey of British Literature I
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade or pass/no pass
This course will focus on readings in the literature of Britain, with emphasis on English literature, Irish literature, and the works of other Commonwealth nations from the early medieval period to the neoclassical period. Assignments will emphasize the appreciation of aesthetic, philosophical, and cultural concepts inherent in he works and their milieus.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
ENGL 47 (CAN ENGL 10) 3.0 units  
Survey of British Literature II  
3.0 hours lecture  
Prerequisite: Eligibility for ENGL 1.  
Grading: letter grade or pass/no pass  
This course is a study of English literature from the late 18th (the time of the French Revolution) to the early 21st century. English literature is defined as literature written in English except by Americans and, thus, includes writers from such countries as South Africa, Ireland, Canada, and Australia, New Zealand.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 48 3.0 units  
Modern & Contemporary Literature  
3.0 hours lecture  
Prerequisite: Eligibility for ENGL 1.  
Grading: letter grade or pass/no pass  
This class is a study of imaginative literature written from the late 19th through the early 21st centuries. Writers chosen will represent world literature and will generally be those who have exerted a strong influence on contemporary attitudes, ideas, aesthetics, and values. The course will explore the revolutionary ways of writing and seeing that are peculiar to recent major artists.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 48H 3.0 units  
Honors Modern/Contemporary Literature  
3.0 hours lecture  
Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.  
Grading: letter grade or pass/no pass

ENGL 49 3.0 units  
Film and Literature  
3.0 hours lecture  
Prerequisite: Eligibility for ENGL 1.  
Grading: letter grade or pass/no pass  
Examination of the ways in which film and literary works are related through the interdisciplinary study of structure and theme. Analysis of cross-cultural/gender issues and artistic approaches to both genres, with focus on film adaptations of significant American and international literary works, primarily novels and plays. Discussion will include the ways in which literary works successfully/unsuccessfully translate into films.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 49H 3.0 units  
Honors Film and Literature  
3.0 hours lecture  
Prerequisite: Qualification for the Honors Program and Eligibility for ENGL 1.  
Grading: letter grade or pass/no pass

ENGL 79 3.0 units  
ST Literature of Diversity  
3.0 hours lecture  
Prerequisite: Eligibility for ENGL 1.  
Grading: letter grade or pass/no pass  
This course offers an introductory study of literature—centering on twentieth-century fiction, poetry, drama and nonfiction prose—by writers representing such diverse and often non-canonical groups as Blacks, women, Asian-Americans, Chicanos/Latinos, Native-Americans, and gays and lesbians. The course explores the revolutionary ways in which we create, read and analyze literature. Writers chosen will have exerted a strong influence on contemporary attitudes, ideas and values. This course may be repeated for credit as topics vary.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

ENGL 96 3.0 units  
ST: The Craft of Writing  
3.0 hours lecture  
Prerequisite: ENGL 27A, 27B, 27C, 27D or 27E  
Recommended Preparation: ENGL 1  
Grading: letter grade or pass/no pass  
This special topics creative writing course focuses on the techniques and conventions of writing in a specific genre (e.g., poetry, short fiction, the novel, stage/screen writing, and creative non-fiction) and acquaints students with the process of preparing manuscripts for publication. Course subject matter will vary by semester; please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.  
Transfer Status: Transferable to CSU, see counselor for limitations.

ENGL 97AD 3.0 units  
Writers Workshop  
3.0 hours lecture  
Prerequisite: ENGL 27A, 27B, 27C, 27D or 27E  
Grading: letter grade or pass/no pass  
This course is a creative writing workshop for students who wish to learn additional skills in writing fiction, poetry, drama, biography or family history.  
Transfer Status: Transferable to CSU, see counselor for limitations.

ENGL 105 4.0 units  
Fundamentals of Writing  
4.0 hours lecture, 0.2 hour supplemental learning  
Prerequisite: Qualify through the English assessment process, or ENGL 801B  
Grading: letter grade or pass/no pass  
This course focuses on expository and argumentative writing, standard written English and critical reading. The course prepares students for entrance into ENGL 1. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success
Courses of Instruction

Center. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**ENGL 600  0.0 unit**
Great Works of Literature
3.0 hours lecture
Grading: LBCC Non-Graded Course
This course is an introduction to literature with an emphasis on both the reading of major works of literature and on training in written expression.

**ENGL 627  0.0 unit**
Writing for Publication or Pleasure
3.0 hours lecture
Grading: LBCC Non-Graded Course
This course gives students experience with the creative and critical processes in creative writing.

**ENGL 801A  4.0 units**
College English Skills I
4.0 hours lecture, 0.2 hour supplemental learning
Prerequisite: Qualification through the English assessment process.
Grading: pass/no pass
In this course, students practice the basic forms of composition. The course also focuses on further developing standards of written English skills to prepare students for ENGL 801B or 105. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success Center. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**ENGL 801B  4.0 units**
College English Skills II
4.0 hours lecture, 0.2 hour supplemental learning
Prerequisite: ENGL 801A or Qualification through the English Assessment Process, which must be completed before registration.
Grading: pass/no pass
In this course, students practice the basic forms of composition, particularly moving from the paragraph to the essay. The course also focuses on further developing standards of written English skills to prepare students for ENGL 105. During the semester, students are required to complete 3 hours of supplemental learning activities in a Success Center. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**ENGLISH, WRITING READING CENTER (EWRC)**

**EWRC 886AD  0.5 unit**
Reading Adjunct
0.2 hour lecture, 0.9 hour laboratory
Corequisite: READ 880 or 881 or 882 or 883 or 82 or 83 or 84 or 85
Grading: pass/no pass
This course focuses on study with a reading instructor to supplement instruction in the regular reading and vocabulary classes in which the student is enrolled. The reading instructor will reinforce skills presented in class, such as strategies for improving comprehension, vocabulary development, critical analysis, reading rate, and other study skills.

**EWRC 887AD  0.5 unit**
Academic Reading
0.2 hour lecture, 0.9 hour laboratory
Grading: pass/no pass
This course provides students the opportunity to work with a reading instructor to learn strategies to improve comprehension, vocabulary, critical reading, and/or reading rate flexibility. This course will help students effectively read materials assigned in college courses.

**EWRC 890AD  0.5 unit**
Sentence Structure
0.2 hour lecture, 0.9 hour laboratory
Grading: pass/no pass
This course offers instruction and practice in a variety of sentence structure skills and is available to students enrolled in classes in any discipline. Instruction may focus on using complete sentences, correcting sentences, and varying sentence structure.

**EWRC 891AD  0.5 unit**
Spelling Principles
0.2 hour lecture, 0.9 hour laboratory
Grading: pass/no pass
This course assesses individual spelling needs through a developmentally appropriate tool and provides instruction based on individual need.

**EWRC 892AB  0.5 unit**
Phonics/Reading Fundamentals
0.2 hour lecture, 0.9 hour laboratory
Grading: pass/no pass
This is an introductory course designed to teach the fundamental reading skills of phonics, word analysis, and comprehension through individualized assignments.

**EWRC 893AC  0.5 unit**
Punctuation
0.2 hour lecture, 0.9 hour laboratory
Grading: pass/no pass
This course offers instruction and practice in a variety of punctuation skills and is available to students enrolled in classes in any discipline.

**EWRC 895AB  0.5 unit**
Functional Writing
0.3 hour lecture, 0.7 hour laboratory
Grading: pass/no pass
This course offers individualized instruction in basic writing skills for students placed at this level. Activities include writing complete sentences, punctuating sentences, spelling correctly, paragraphing, and composing short pieces of writing to prepare students to succeed in future composition courses and to write effectively across the curriculum.

**EWRC 896AD  0.5 unit**
Writing Adjunct
0.2 hour lecture, 0.9 hour laboratory
Corequisite: ENGL 1, 105, 801A or 801B.
Grading: pass/no pass
This course is a study of writing strategies that supplements ENGL 1, 105 and 801A-B, offering individualized instruction in all phases of the writing process (planning, writing, revision, editing) and helps
improve skills in the conventions of writing English: grammar, usage, punctuation, spelling and mechanics.

**EWRC 897AD 1.0 unit**  
Developmental Writing  
0.4 hour lecture, 1.9 hours laboratory  
Prerequisite: ENGL 105, 801A or 801B.  
Grading: pass/no pass  
After being recommended for further work by a classroom English instructor, students in this course will receive the help they need beyond ENGL 105 or 801A-B in order to qualify for and/or succeed in the next higher course. This course provides individualized instruction in the composing process and helps improve skills in the conventions of written English: grammar, sentence structure, punctuation and spelling.

**EWRC 898AD 0.5 unit**  
Experimental: Accelerated Reading  
0.2 hour lecture, 0.9 hour laboratory  
Prerequisite: Qualification through Reading Assessment for READ 82 or successful completion of READ 883.  
Grading: pass/no pass  
This course is intended to increase the efficiency and reading rate for those students who have met reading proficiency, or who are eligible for READ 82 or have successfully completed READ 883. Through the use of computer-assisted learning, instructor-guided practices, and audio listening and reflection students will gain additional reading fluency and comprehension while increasing the rate of reading speed. This course is open to students in all transfer-related and nontransfer-related disciplines.

**EWRC 899AD 0.5 unit**  
English Adjunct  
0.2 hour lecture, 0.9 hour laboratory  
Grading: pass/no pass  
This course offers instruction and practice in writing and research skills and is available to students enrolled in classes in any discipline. The class may provide instruction in the writing process (prewriting, planning, and editing), and in research and writing strategies. Instruction may focus on any aspect of writing from generating ideas or conducting research to organizing research notes or writing a bibliography.

**ENGLISH AS A SECOND LANGUAGE (ESL)**

**ESL 33 5.0 units**  
College English for ESL Students  
6.0 hours lecture  
Prerequisite: Placement by the college assessment process or ESL 56 or ESL 56X.  
Recommended Preparation: ESL 65 or READ 882  
Grading: letter grade  
An intensive course in reading and writing English focusing on academic language skills needed for the AA and AS degrees; skills to include expository essay writing, summarizing, paraphrasing, reading comprehension and critical analysis. Prepares students for ESL 34.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ESL 33X 5.0 units**  
College English with Computers for ESL  
6.0 hours lecture  
Prerequisite: Placement by the college assessment process or ESL 56 or ESL 56X.  
Recommended Preparation: ESL 65 or READ 882  
Grading: letter grade  
This course is an intensive study of reading and writing English focusing on the academic language skills needed for the AA and AS degrees. Skills taught include expository essay writing, summarizing, paraphrasing, reading comprehension, and critical analysis. Students use personal computers to complete the writing assignments. This course prepares students for ESL 34.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ESL 34 5.0 units**  
College English for ESL Students  
6.0 hours lecture  
Prerequisite: Placement by the college assessment process or ESL 33 or ESL 33X.  
Recommended Preparation: ESL 65 or READ 882  
Grading: letter grade  
This course is an intensive study of reading and writing focusing on the academic language skills needed for the AA and AS degrees and for entrance into English 1 and English 82. Skills taught include expository and argumentative essay writing, summarizing of academic readings and articles about current events, critical analysis of readings in literature, library and Internet research, and documentation of sources.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ESL 34X 5.0 units**  
College Engl/Computers for ESL Students  
6.0 hours lecture  
Prerequisite: Placement by the college assessment process or ESL 33 or ESL 33X.  
Grading: letter grade  
This course is an intensive study of reading and writing English focusing on the academic language skills needed for the AA and AS degrees and for entrance into English 1 and English 82. Students use personal computers to complete the writing assignments. Skills taught include expository and argumentative essay writing, summarizing of academic readings and articles about current events, critical analysis of readings in literature, library and Internet research, and use and documentation of sources.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**ESL 54 4.0 units**  
Effective Writing for ESL  
6.0 hours lecture  
Prerequisite: Placement by the college assessment process or one semester of ESL 147AB.  
Grading: letter grade or pass/no pass  
To prepare for college level writing, ESL 54 provides students with intensive sentence structure practice while they learn to write coherent paragraphs incorporating the use of transitional devices. Students will be introduced to and practice paraphrasing.  
Transfer Status: Transferable to CSU, see counselor for limitations.
ESL 54X 4.0 units
Effective Writing with Computers for ESL
6.0 hours lecture
Prerequisite: Placement by the college assessment process or one semester of ESL 147AB.
Grading: letter grade or pass/no pass
This course focuses on intensive summarizing of articles and writing of conceptual paragraphs that incorporate the elements of cohesion, unity, and support to prepare students for college level writing. Rhetorical modes covered include narration, description, explanation, and persuasion. All writing assignments are done on computers.
Transfer Status: Transferable to CSU, see counselor for limitations.

ESL 56 4.0 units
College Writing for ESL
6.0 hours lecture
Prerequisite: ESL 147AB or ESL 54 or ESL 54X or placement by the college assessment process.
Grading: letter grade or pass/no pass
This course focuses on intensive summarizing of articles and writing of conceptual paragraphs that incorporate the elements of cohesion, unity, and support to prepare students for college level writing. Rhetorical modes covered include narration, description, explanation, and persuasion. All writing assignments are done on computers.
Transfer Status: Transferable to CSU, see counselor for limitations.

ESL 56X 4.0 units
College Writing with Computers for ESL
6.0 hours lecture
Prerequisite: ESL 147AB or ESL 54 or ESL 54X or placement by the college assessment process.
Grading: letter grade or pass/no pass
This course focuses on intensive summarizing of articles and writing of conceptual paragraphs that incorporate the elements of cohesion, unity, and support to prepare students for college level writing. Rhetorical modes covered include narration, description, explanation, and persuasion. All writing assignments are done on computers.
Transfer Status: Transferable to CSU, see counselor for limitations.

ESL 63 4.0 units
Effective Reading for ESL Students
6.0 hours lecture
Prerequisite: One semester of ESL 147AB and qualification through the ESL Department reading assessment process or ESL 54.
Grading: letter grade or pass/no pass
This course is designed to improve student ability to comprehend written English, primarily academic prose and fiction, and focuses on developing systematic strategies to derive sentence meaning; expand general and academic vocabulary; extract main ideas; extrapolate information; draw conclusions; recognize basic Standard North American written discourse conventions; interpret charts, timelines, and tables; and interact with text through writing. ESL 63 is the first in a sequence of two ESL reading courses and not required for entry into the second, ESL 65, except in individual cases.
Transfer Status: Transferable to CSU, see counselor for limitations.

ESL 65 4.0 units
College Read/Listen for ESL Students
6.0 hours lecture
Prerequisite: One semester of ESL 147AB and qualification through the ESL Department reading assessment process, or ESL 63, or eligibility for ESL 56.
Grading: letter grade or pass/no pass
This course focuses on the development of strategies for effective reading and lecture comprehension; enhancement of critical reading; listening and notetaking; general and academic vocabulary expansion; and interaction with text through writing. Intensive and extensive application primarily to academic oral and written discourse and to novel-length fiction prepares nonnative students for placement in READ 882, 883, or 82. ESL 63 is part of a sequence.
Transfer Status: Transferable to CSU, see counselor for limitations.

ESL 146AB 2.0 units
Comprehensive Grammar I
6.0 hours lecture
Prerequisite: ESL 645 or one semester of 845AB or placement by the College English or ESL assessment process.
Recommended Preparation: One semester of ESL 812AB
Grading: letter grade or pass/no pass
This course is the first of two courses which together constitute a comprehensive review of the basic grammar of English in its entirety, together with the presentation of more complex grammatical features and troublesome exceptions, for students who have mastered or nearly mastered the fundamentals of English. The course provides in-depth study of the grammatical features and basic sentence patterns of English which students must command in order to succeed in academic, college-level courses. Also included in the course are the writing of multi-clause sentences and work with a variety of English idioms.

ESL 147AB 2.0 units
Comprehensive Grammar II
6.0 hours lecture
Prerequisite: One semester ESL 146AB.
Recommended Preparation: One semester of ESL 814AB
Grading: letter grade or pass/no pass
This course is the second of two courses which together constitute a comprehensive review of the basic grammar of English in its entirety, together with the presentation of more complex grammatical features and troublesome exceptions, for students who have mastered or nearly mastered the fundamentals of English. The course provides in-depth study of the grammatical features and basic sentence patterns of English which students must command in order to succeed in academic, college-level courses. Also included in the course are the writing of multi-clauses sentences and short, coherent organized paragraphs plus work with a variety of English idioms.

ESL 270 2.0 units
Intercultural Communication
6.0 hours lecture
Prerequisite: Equivalent skills as determined by ESL placement process or ESL 645 or one semester of ESL 845AB.
Grading: letter grade or pass/no pass
Courses of Instruction

A semester length course which gives intermediate students the skills needed to communicate effectively. American culture will be learned via role-playing activities, journal writings, interviews, readings, library/internet research, etc. Crosscultural and intercultural differences will also be emphasized. Idiomatic language will be taught.

ESL 271  2.0 units
Improving Fluency in Oral Communications
6.0 hours lecture
Prerequisite: Equivalent skills as determined by ESL placement process or ESL 645 or one semester of ESL 845AB.
Grading: letter grade or pass/no pass
An intermediate to advanced level communication course designed to develop fluency and confidence in spoken English, improve listening and pronunciation skills, teach common proverbs and idiomatic expressions used in Standard North American English, and provide practice in interpersonal communication skills.

ESL 272  2.0 units
Communication for the World of Work
6.0 hours lecture
Prerequisite: Equivalent skills as determined by ESL placement process or ESL 645 or one semester of ESL 845AB.
Grading: letter grade or pass/no pass
An intermediate level communication course to aid ESL students who encounter job-related language difficulties. Cultural information, language for interviewing, job applications, understanding work-related policies and procedures will be taught. Idiomatic language related to the world of work will be emphasized.

ESL 273  2.0 units
Intermediate Grammar
6.0 hours lecture
Grading: letter grade or pass/no pass
A semester long intermediate level ESL course which teaches grammatical concepts of the English language. Grammar is taught in form-focused language-learning activities with ample opportunity for communicative interaction.

ESL 274  2.0 units
Reading about the United States
6.0 hours lecture
Prerequisite: Equivalent skills as determined by ESL placement process or ESL 645 or one semester of ESL 845AB.
Grading: letter grade or pass/no pass
This intermediate level reading course acquaints students with various cultural aspects of life in the United States. Students read and discuss narratives and general information articles from journals.

ESL 275  2.0 units
Writing for the World of Work
6.0 hours lecture
Prerequisite: Equivalent skills as determined by ESL placement process or ESL 645 or one semester of ESL 845AB.
Grading: letter grade or pass/no pass
This course is an intermediate level course to help students who encounter writing difficulties on the job. Memos, faxes, cover letters, general business letters, resumes, punctuation, and autobiographies will be emphasized.

ESL 275X  2.0 units
Writing for the World of Work
6.0 hours lecture
Prerequisite: Equivalent skills as determined by ESL placement process or ESL 645 or one semester of ESL 845AB.
Grading: letter grade or pass/no pass
A computer-assisted, intermediate-level writing course which helps students who encounter writing difficulties on the job. Memos, faxes, cover letters, general business letters, resumes, punctuation, and autobiography will be taught.

ESL 602A  0.0 unit
Reading Skills for ESL Students 1
1.5 hours lecture
Grading: LBCC Non-Graded Course
Recommended Preparation: ESL 602A
This first course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602A teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students learn the rules for morphology, spelling and reading to assist them in vocabulary building, pronunciation and comprehension. Course content coincides with ESL 801AB.

ESL 602B  0.0 unit
Reading Skills for ESL Students 2
1.5 hours lecture
Grading: LBCC Non-Graded Course
Recommended Preparation: ESL 602A
This second course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602B teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602A and in addition learn to analyze a passage for specific content and define words in context. Course content coincides with ESL 802AB.

ESL 602C  0.0 unit
Reading Skills for ESL Students 3
1.5 hours lecture
Grading: LBCC Non-Graded Course
Recommended Preparation: ESL 602B
This third course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602C teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602B and in addition learn to analyze a passage for specific content and define words in context. Course content coincides with ESL 803AB.

ESL 602D  0.0 unit
Reading Skills for ESL Students 4
1.5 hours lecture
Recommended Preparation: ESL 602C
Grading: LBCC Non-Graded Course
This fourth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602D teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602C and in addition learn to make inferences and support opinions about reading selections. Course content coincides with ESL 803AB.

**ESL 602E** 0.0 unit

**Reading Skills for ESL Students 5**

1.5 hours lecture

Recommended Preparation: ESL 602D

Grading: LBCC Non-Graded Course

This fifth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602E teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602D and in addition learn to compare characters in readings and differentiate word meanings by context. Course content coincides with ESL 804AB.

**ESL 602F** 0.0 unit

**Reading Skills for ESL Students 6**

1.5 hours lecture

Recommended Preparation: ESL 602E

Grading: LBCC Non-Graded Course

This sixth course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602F teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602E and in addition learn to identify central conflicts of stories and make inferences based on facts and details. Course content coincides with ESL 805AB.

**ESL 602G** 0.0 unit

**Reading Skills for ESL Students 7**

1.5 hours lecture

Recommended Preparation: ESL 602F

Grading: LBCC Non-Graded Course

This seventh course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. ESL 602G teaches students how to read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 602F and in addition learn to identify similes, metaphors, personification, hyperbole and symbols. Course content coincides with ESL 806AB.

**ESL 640** 0.0 unit

**English for Everyday 0**

6.0 hours lecture

Grading: LBCC Non-Graded Course

This course is the first of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

**ESL 641** 0.0 unit

**English for Everyday 1**

6.0 hours lecture

Prerequisite: ESL 640 or Equivalent skills as determined by ESL assessment process

Grading: LBCC Non-Graded Course

This course is the second of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

**ESL 642** 0.0 unit

**English for Everyday 2**

6.0 hours lecture

Prerequisite: ESL 641 or Equivalent skills as determined by ESL assessment process

Grading: LBCC Non-Graded Course

This course is the third in a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written Standard North American English.

**ESL 643** 0.0 unit

**English for Everyday 3**

6.0 hours lecture

Prerequisite: Qualify through the ESL placement process or ESL 642 or one semester of ESL 842AB.

Grading: LBCC Non-Graded Course

This course is the fourth of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

**ESL 644** 0.0 unit

**English for Everyday 4**

6.0 hours lecture

Prerequisite: Qualify through the ESL placement process or ESL 643 or one semester of ESL 843AB.

Grading: LBCC Non-Graded Course

This course is the fifth of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features and on comprehension of spoken and written standard North American English.

**ESL 645** 0.0 unit

**English for Everyday 5**

6.0 hours lecture

Prerequisite: ESL 644 or equivalent skills as determined by ESL placement process.

Grading: LBCC Non-Graded Course

This course is the sixth of a six-course series in the basics of English structure designed to bring students up to basic college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive
grammatical features and on comprehension of spoken and written standard North American English.

ESL 800AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Grading: pass/no pass
This course is the first course in a series of seven reading skills courses. ESL 800AB, students read for comprehension and to build vocabulary. Students will identify, reproduce and comprehend words, sentences, paragraphs and passages without the dependency on a dictionary. Working with materials appropriate to this level, students learn the rules for morphology, spelling and reading to assist them in vocabulary building, pronunciation and comprehension. Course content coincides with ESL 602A.

ESL 801AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Recommended Preparation: One semester of ESL 800AB.
Grading: pass/no pass
This course is the second course in a series of seven reading skills courses. In ESL 801AB, students read for comprehension and to build vocabulary. Students will identify, reproduce and comprehend words, sentences, paragraphs and passages without the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 800AB and learn to analyze a passage for specific content and define words in context. The course content of ESL 801AB coincides with ESL 602B.

ESL 802AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Recommended Preparation: One semester of ESL 801AB.
Grading: pass/no pass
This course is the third course in a series of seven reading skills courses. In ESL 802AB, students identify, reproduce, and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 801AB, analyze a passage for specific content, and define words in context. The course content of ESL 802AB coincides with ESL 602C.

ESL 803AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Recommended Preparation: One semester of ESL 802AB.
Grading: pass/no pass
This course is the fourth course in a series of seven reading skills courses. In ESL 803AB, students identify, reproduce, and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 802AB, and analyze a passage for specific content, and define words in context. The course content of ESL 803AB coincides with ESL 602D.

ESL 804AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Recommended Preparation: One semester of ESL 803AB.
Grading: pass/no pass
This course is the fifth course in a series of seven reading skills courses. In ESL 804AB, students read for comprehension to build vocabulary. Students will identify, reproduce and comprehend words, sentences, paragraphs, and passages with the dependency on a dictionary. Working with materials appropriate to this level, students build upon the content of ESL 803AB and learn to analyze a passage for specific content and define words in context. The course content of ESL 804AB coincides with ESL 602E.

ESL 805AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Recommended Preparation: One semester of ESL 804AB.
Grading: pass/no pass
This course is the sixth course in a series of seven reading skills courses. In ESL 805AB, students build upon the content of ESL 804AB and in addition learn to identify central conflicts of stories and make inferences based on facts and details. The course content of ESL 805AB coincides with ESL 602F.

ESL 806AB 0.5 unit

Reading Skills for ESL Students
1.5 hours lecture
Recommended Preparation: One semester of ESL 805AB.
Grading: pass/no pass
This seventh course in a series of seven reading skills courses is designed to teach ESL students how to read, comprehend what they read and build vocabulary. In ESL 806AB, students read and comprehend words, sentences, paragraphs and passages or texts without the dependency on a dictionary. Working with material appropriate to this level, students build upon the content of ESL 805AB and learn to identify central conflicts of stories and make inferences based on facts and details. The course content of ESL 806AB coincides with ESL 602G.

ESL 810AB 1.0 unit

Fundamentals of English Grammar
3.0 hours lecture
Recommended Preparation: ESL 645/845AB or Equivalent skills as determined by ESL placement process.
Grading: pass/no pass
This course introduces grammatical terminology and guides intermediate-level ESL students to mastery of specific grammatical patterns. ESL 810 emphasizes the use of verb tenses and agreement between subject and verb, article and noun, as well as verb and adverb. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Courses of Instruction

ESL 812AB 0.5 unit
Reading for Information and Pleasure
1.5 hours lecture
Recommended Preparation: ESL 645 or ESL 845AB or placement course recommendation for ESL 146AB.
Grading: pass/no pass
This course is designed to improve students’ ability to extract essential information from academic passages of a variety of written English material while building vocabulary, improving dictionary skills, and developing comprehension and critical reading skills. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ESL 813AB 0.5 unit
Conversation 2
1.5 hours lecture
Prerequisite: ESL 645 or ESL 845AB or placement course recommendation for ESL 146AB.
Grading: pass/no pass
This course provides conversational practice through group discussions of current topics and practice in expressing feelings, opinions, and ideas. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ESL 814AB 0.5 unit
Composition for ESL Students
1.5 hours lecture
Recommended Preparation: ESL 645 or ESL 845AB or placement course recommendation for ESL 146AB.
Grading: pass/no pass
This course (Composition) offers intermediate level ESL students systematic instruction and practice in the construction of short connected series of sentences which state an opinion, describe a process, give information or instructions, or report an experience. This course provides instruction and practice in organizing ideas and in identifying and writing topic and support sentences. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ESL 815 2.0 units
Accent Reduction
6.0 hours lecture
Recommended Preparation: ESL 645 or ESL 845
Grading: pass/no pass
This intensive semester-long accent reduction course for intermediate to advanced non-native speakers focuses on the mastery of the English vowel/consonant sound system, stress patterns, melody, rhythm, and intonation of intelligible speech. Extended contextual practice enables students to modify nonstandard pronunciation patterns and achieve improved oral communications.

ESL 818AB 0.5 unit
Vocabulary Development
1.5 hours lecture
Grading: pass/no pass
In this course, nonnative students prepare for academic success in institutions of higher learning by studying the general academic vocabulary encountered across college disciplines. Instruction focuses on incorporating vocabulary mastery strategies that stimulate students to become active lifelong learners of the North American English lexicon. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ESL 840AB 0.5 unit
Introduction to College English 0
6.0 hours lecture
Grading: pass/no pass
This course is the first of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 841AB 0.5 unit
Introduction to College English 1
6.0 hours lecture
Prerequisite: Qualify through the ESL placement process or ESL 640 or one semester of ESL 840AB.
Grading: pass/no pass
This course is the second of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 842AB 1.0 unit
Introduction to College English 2
6.0 hours lecture
Prerequisite: Qualify through the ESL placement process or ESL 641 or one semester of ESL 841AB.
Grading: pass/no pass
This course is the third of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 843AB 1.0 unit
Introduction to College English 3
6.0 hours lecture
Prerequisite: Qualify through the ESL placement process or ESL 642 or one semester of ESL 842AB.
Grading: pass/no pass
This course is the fourth of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ESL 844AB 1.0 unit
Introduction to College English 4
6.0 hours lecture
Prerequisite: Qualify through the ESL placement process or ESL 643 or one semester of ESL 843AB.
Grading: pass/no pass
This course is the fifth of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by
ESL 845AB 1.0 unit
Introduction to College English 5
6.0 hours lecture
Prerequisite: Qualify through the ESL placement process or ESL 644 or one semester of ESL 844AB.
Grading: pass/no pass
This course is the sixth of a six-course series in the basics of English structure designed to bring beginners up to college level in the language and prepare them for success in academic and vocational programs offered by the college. Emphasis is on the mastery of productive grammatical features, comprehension of spoken English and correct written expression.

ENGLISH AS A SECOND LANGUAGE, LEARNING CENTER

ESLLC 699 0.0 unit
Basic Skills for ESL Students
3.0 hours laboratory
Grading: LBCC Non-Graded Course
This course provides individualized programmed instruction for non-native speakers of English who are enrolled in courses and need to improve their mastery of English as a Second Language or who are enrolled in ESL courses but need additional assistance in building or improving literary or communicative skills. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

ENVIRONMENTAL SCIENCE (ENVRS)

ENVRS 1 3.0 units
Energy for the Future
3.0 hours lecture
Grading: letter grade or pass/no pass
This is an introductory physical science course which will familiarize the student with the fundamental principles of environmental systems and discuss current environmental issues. Interpretation of data in drawing a conclusion is stressed, along with the ability to criticize methods of data collection and experimentation. Topics include basic physical science, energy production and consumption, scarcity of resources, conservation, pollution, governmental regulation, and developments in environmental remediation.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FAMILY AND CONSUMER STUDIES (FACS)

FACS 50 3.0 units
Consumer Awareness
3.0 hours lecture
Grading: letter grade or pass/no pass
This course covers personal finance, debt reduction, and investment for individuals and families. Topics include monthly budgeting for food, clothing, housing, transportation, health care, investing and insurance. Additional topics that will be examined are short-term and long-term financial goals related to savings, investments, insurance and wills, and consumer rights and responsibilities. This course is applicable for personal and professional use.
Transfer Status: Transferable to CSU, see counselor for limitations.

FACS 64 3.0 units
Life Management
3.0 hours lecture
Grading: letter grade or pass/no pass
This course provides individuals with skills for understanding and using resources for effective functioning now and in the future. Major topics include steps in goal setting; problem solving and value clarifications; time, energy, stress, and conflict management; education and career planning; effect of cultural forces and future trends on goals, values, standards, and time management.
Transfer Status: Transferable to CSU, see counselor for limitations.

FACS 211A 3.0 units
College & Career Opportunities for Women
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed for men and women. Topics include a study of gender roles and examines personal development and the educational and career opportunities available. The course focuses on self assessment, goal planning and personal vision.

FACS 211B 3.0 units
College & Career Opportunities for Women
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed for men and women. Topics include a study of gender roles, personal potential and educational and career opportunities available. Skills, experience and educational requirements for specific careers will be discussed. Resume writing and interview techniques are included.

FACS 607 0.0 unit
Living Skills for/Mentally Challenged
4.0 hours laboratory
Grading: LBCC Non-Graded Course
This course develops skills and attitudes necessary to function as an active member of the community. Topics stress development of social skills, leisure time activities and personal hygiene.

FASHION (FD)

FD 3 2.0 units
Intro to Careers in Design/Merchandising
2.0 hours lecture
Grading: letter grade or pass/no pass
This course surveys the fashion industry and related occupations emphasizing employment opportunities, personal qualifications and skills required for employment.
Transfer Status: Transferable to CSU, see counselor for limitations.
FD 5  2.0 units
Intro/Manufacturing for Design/Merchan
2.0 hours lecture
Grading: letter grade or pass/no pass
This course serves as an introduction to garment manufacturing in the apparel industry; from the design concept through sourcing and pricing to the production of a clothing line. The course is required for fashion design and fashion merchandising majors.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 9  3.0 units
Clothing Selection
3.0 hours lecture
Grading: letter grade or pass/no pass
Apparel selection for the individual and family based on aesthetic guidelines, cultural influences and consumer needs.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 10 (CAN FCS 6)  3.0 units
Textile Fibers and Fabrics
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a study of textile fibers and fabrics, their production/development, environmental impact, selection, use and care of wearing apparel and home furnishings. The course also covers current and future textile production and how appropriate performance characteristics are incorporated into materials and products. This course is required for all Fashion Design and Fashion Merchandising majors.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FD 20 (CAN FCS 22)  3.0 units
Introduction to Fashion Merchandising
3.0 hours lecture
Grading: letter grade or pass/no pass
This course explains and illustrates the scope of the fashion industry, its value, development and job potential. Included is an overview of the current content of Fashion courses offered at LBCC and their interrelationship.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 22A  1.5 units
Merchandising for Profit I
1.5 hours lecture
Recommended Preparation: FD 20
Grading: letter grade or pass/no pass
This course covers the calculation, interpretation and analysis of the profit and loss statement. Basic pricing and repricing of merchandise and the importance of markup to profitable merchandising is explained and discussed. The course is typically offered for 9 weeks.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 22B  1.5 units
Merchandising for Profit II
1.5 hours lecture
Recommended Preparation: FD 20
Grading: letter grade or pass/no pass
This course emphasizes quantitative merchandising techniques as applied to inventory and dollar control, discounts, dating procedures and shipping terms. The course is typically offered for 9 weeks.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 23  3.0 units
Fashion/Merchandise Buying
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed to provide the knowledge of the functions of buying merchandise for retail or wholesale businesses. It is required for all Fashion Merchandising Majors.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 24AB  1.5 units
Beginning Sewing
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course covers the construction of simple garments using basic techniques of clothing construction. Principles and methods related to constructing both woven and knit fabrics will be covered.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 25AB  1.5 units
Intermediate Sewing
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course focuses on intermediate clothing construction techniques as they apply to both woven and knit fabrics. Typical projects include a tailored shirt or blouse, fitted slacks with a waistband and knit shirts with neckline variations.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 26AB  2.0 units
Advanced Sewing
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: One semester of FD 24AB and FD 25AB
Grading: letter grade or pass/no pass
This course uses advanced construction techniques in working with complex patterns and difficult fabrics. The student must consider proper selection of line and design for his/her figure, as well as fabric and equipment for professional clothing construction.
Transfer Status: Transferable to CSU, see counselor for limitations.

FD 27AB  1.5 units
Production Sewing
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course focuses on the principles and methods of stitching and garment construction on power industrial machines as applied to the production methods of the garment manufacturing industry. Occupational certificate is awarded upon completion of eight units.
Transfer Status: Transferable to CSU, see counselor for limitations.

Courses of Instruction

This course surveys the problems of advanced pattern manipulation and production pattern as related to developing a commercial fit for original designs. Also covered are techniques of industrial procedures found in the garment industry and pattern grading.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FD 41AD** 2.5 units
Fashion Show Production
2.0 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
Students plan and implement a professional fashion production from concept to runway. Information on the details of planning, budgeting and producing fashion oriented events, plus the opportunity for "hands-on" experience in producing an actual event, will be provided. This course may be scheduled using the "To Be Arranged" (TBA) scheduling format. Please see the section on "Curriculum Offerings" for a description of requirements for completing TBA.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FD 70AD** 1.0 unit
Work Experience Issues-Fashion Design
1.0 hour lecture
Corequisite: Enrollment in FD 71AD, 72AD or 73AD.
NOTE: You must enroll in the corequisite course before enrolling in this course.
Grading: letter grade or pass/no pass
This course is a seminar related to work experience. Included is discussion of work experience objectives, career goals, employment search, communication skills and problem solving. Creation of resumes and cover letters will be covered and completed. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FD 71AD** 1.0 unit
Work Experience-Fashion Design
4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course involves vocational learning experiences through employment (on-the-job, paid or non paid) directly related to the industry. This course may be repeated 4 times (semesters). This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FD 72AD** 2.0 units
Work Experience-Fashion Design
8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course is Vocational learning experiences through employment (on-the-job, paid or non paid) directly related to the industry. This course may be repeated 4 times (semesters). This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

Work Experience-Fashion Design
12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course is Vocational learning experiences through employment (on-the-job, paid or non paid) directly related to the industry. This course may be repeated 4 times (semesters). This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FD 200** 1.0 unit
Fashion Prediction/Promotion: Crit View
1.0 hour lecture
Grading: letter grade or pass/no pass
This course presents techniques for critical viewing of fashion prediction and promotion services including services which may include Video Fashion Monthly, Video Fashion News, National Association of Mens Sportswear Buyers, California Apparel News, Daily News Record, Fashion News Report and Ready To Wear Report.

**FD 211AB** 1.0 unit
Textile Design: Beading
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
This course introduces the student to various specialty techniques in hand beading.

**FD 213AB** 1.0 unit
Textile Design: Hand Painting
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
This course demonstrates various specialty techniques in hand painting and chemical processes on textiles.

**FD 214AB** 2.0 units
Quick Sketch Croquis Drawing
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This beginning sketch course focuses on the skills necessary for the fashion industry. Students will learn to draw all aspects of garments on the figure and in flat technical drawings using a croquis (template). Fabrics will be rendered in color using marker techniques. The updated fashion figure proportion will be covered. Students will focus on layout of line presentation boards.

<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| FILM 11A    | 3.0   | Film Art and Artists 1  
3.0 hours lecture  
Grading: letter grade or pass/no pass  
This class involves a survey and critical analysis of films by various film directors within the International Film Industry. It will focus on film directors looking at their films in terms of their content, plot, theme, characterization and tone as well as the screenplay. Lectures, screenings of films and clips, possible guest lecturers and field trips.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 11B    | 3.0   | Film Art and Artists 2  
3.0 hours lecture  
Grading: letter grade or pass/no pass  
The purpose of this class is to survey and critically analyze film focusing on cinematic form including visual design, cinematography, color, sound, musical score, editing and special effects. Lectures, screenings of films and clips along with possible guest lecturers and field trips will be included.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 11C    | 3.0   | Film Art and Artists 3  
3.0 hours lecture  
Grading: letter grade or pass/no pass  
The class will survey and critically analyze various cinematic genres. The focus will be on Western films, gangster films and musicals. The class will include lecture, film viewing, possible guest lecturers and possible field trips.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 11D    | 3.0   | Film Art and Artists 4  
3.0 hours lecture  
Grading: letter grade or pass/no pass  
The class will survey and critically analyze the content and form of films expressing cultures other than the United States. The class will include lectures, film viewing, possible guest lecturers and possible field trips.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 20AB   | 3.0   | Fundamentals of Film Production  
2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: FILM 1 (may be taken concurrently)  
Grading: letter grade or pass/no pass  
This course introduces the basic principles of film production, including operation of equipment and details involved in making a film from idea development to final production. The course encompasses lectures, lab workshops as well as group and individual projects.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 21AB   | 3.0   | Intermediate Film Production  
2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: One semester of FILM 21AB  
Grading: letter grade or pass/no pass  
This class provides intermediate film production experiences for the transfer film major. It includes editing, directing, scripting and producing, with special emphasis on pre- and post-production considerations.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 35AD   | 4.0   | Film Production Workshop  
3.0 hours lecture, 4.5 hours laboratory  
Prerequisite: One semester of FILM 21AB  
Grading: letter grade or pass/no pass  
This is an intensive course in the complete experience of filmmaking. In a concentrated format, students will create their own films putting to practical application the fundamental techniques in all phases of motion picture production, including the creation of a story idea and script, camera operation, the use of sound, the editorial process, and techniques of picture and sound production.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| FILM 60AD   | 1.0   | Special Projects in Film  
3.0 hours laboratory  
Prerequisite: One semester of FILM 21AB  
Grading: letter grade or pass/no pass  
This course permits lower division students with generalized background in cinema to explore in-depth specific aspect of cinema in theory and execution and topics not covered in other courses currently offered. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations. |

### FIRE SCIENCE (FIRE)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| FIRE 1      | 3.0   | Fire Protection Organization  
3.0 hours lecture  
Grading: letter grade  
This course will outline the components of fire protection, career opportunities in fire protection, and suppression fields. It will introduce the philosophy and history of fire protection and analyze the effects of fire losses to the community. The course will address the organization and functions of public and private fire protection services. The course will address fire departments as part of local governments including the laws and regulations affecting the fire service. This course will introduce the student to fire service nomenclature, specific fire protection functions, and the culture of the fire service. This course will introduce the students to a basic fundamental approach to fire chemistry and physics, and fire strategy and tactics.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| FIRE 2      | 3.0   | Fire Prevention Technology  
3.0 hours lecture  
Grading: letter grade  
This is an introductory class which outlines the history and philosophy of fire prevention, including the organization and operation of a fire prevention bureau utilizing fire prevention codes. This course also |
identifies fire hazards and the proper method of correction in compliance of each fire hazard. This course allows the students to identify the relationship of fire prevention with fire safety educational codes in accordance with industry standards.

**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 3**  
**3.0 units**  
**Fire Protection Equipment and Systems**  
3.0 hours lecture  
Grading: letter grade  
This course provides educational information relating to the features and operations of fire detection, protection and alarm systems. This course also addresses the use, inspection and maintenance of portable fire extinguishers.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 4**  
**3.0 units**  
**Building Construction**  
3.0 hours lecture  
Grading: letter grade  
This course will cover the components of building construction methods which are relevant to firefighters’ safety. The components of building design and methods of construction of structures are known to be key factors when inspecting buildings, preplanning fire operations and operating at fire scenes. The development and evolution of building and fire codes will be analyzed and compared to previous fires which have occurred in residential, commercial and industrial occupied structures.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 5**  
**3.0 units**  
**Fire Behavior and Combustion**  
3.0 hours lecture  
Grading: letter grade  
This course will present the theory and fundamentals of how and why fires start, and the factors which affect the spread of fires. A study of the basic fundamentals of fire chemistry and their physical components will be presented and discussed. In addition, an analysis of fires’ characteristics and the effects of extinguishing agents and fire management methods are studied.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 6A**  
**2.0 units**  
**Fire Command 1A**  
2.2 hours lecture  
Grading: letter grade  
This course is a seminar for certified fire officer candidates. It is the first in a series of State Board Fire Services accredited courses in fire command. The course provides fire company officers with information and experience in command and control techniques. It is designed to emphasize decision making, command authority, preplanning and training requirements for effective performance as an officer. Fire Command 1A is one of eight courses required for certification as a fire officer.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 6B**  
**2.0 units**  
**Fire Command 1B**  
2.2 hours lecture  
Grading: letter grade  
This course is the second in a series of eight State Board of Fire Services accredited courses in fire command. The course provides fire company officers with information and experience in command and control techniques used at the scene of a hazardous material emergency. The course emphasizes decision making, command authority and the preplanning and training requirements for effective performance as an officer. Students must attend each day and pass a state-mandated test for course credit.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 7A**  
**2.0 units**  
**Fire Prevention Officer 1A**  
2.2 hours lecture  
Grading: letter grade  
This course is designed for certified fire fighters. The class provides information on fire prevention organization, laws, regulations and standards, inspection procedures and fire hazards. This course meets the Fire Officer 1 requirements established by the State Board of Fire Services.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 7B**  
**2.0 units**  
**Fire Prevention Officer 1B**  
2.2 hours lecture  
Grading: letter grade  
This course covers the Uniform Fire Code, fire prevention aspects associated with hazardous chemicals, compressed gases and combustible solids, explosives and blasting agents, flammable and combustible liquids, utility of fire protection systems and appliances. The course meets the Fire Officer 1 requirements established by the State Board of Fire Services.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 7C**  
**2.0 units**  
**Fire Prevention Officer 1C**  
2.2 hours lecture  
Grading: letter grade  
This course covers the physical properties of flammable liquids and gases; the outside storage and handling of bulk flammables and gases; regulations and procedures for the installation of storage tanks and containers; regulations relative to the transportation of flammable liquids and gases; and procedures for controlling compressed and liquefied gas leaks. The course is one of several that lead to Fire Prevention Officer 1 Certification.  
**Transfer Status:** Transferable to CSU, see counselor for limitations.

**FIRE 10A**  
**2.0 units**  
**Fire Instructor 1A**  
2.2 hours lecture  
Grading: letter grade  
This course is designed to prepare Fire Service personnel to become fire instructors. This is one of the State Board of Fire Services accredited courses and applies to California Fire Service Training and Educational System certifications as a California Certified Fire
**Courses of Instruction**

Instructor. Topics covered include instructional techniques, lesson plan development, performance goals, evaluation techniques, instructor responsibilities, the learning process, instructional aids and training records.

*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 10B**  
2.0 units
Fire Instructor 1B  
2.2 hours lecture  
Grading: letter grade  
This course is a seminar on fire service training techniques, emphasizing how to teach technical skills and evaluate teaching. The course meets Fire Officer 1 requirements established by the State Board of Fire Services.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 16A**  
2.0 units
Fire Investigator 1A  
2.2 hours lecture  
Grading: letter grade  
This course is a seminar for certified fire fighters. It provides information on fire origin and cause, evidence preservation, prosecution of arson cases, maintaining records and dealing with special arson and investigation problems. The course meets Fire Officer 1 requirements established by the State Board of Fire Services.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 16B**  
2.0 units
Fire Investigator 1B  
2.2 hours lecture  
Grading: letter grade  
This course is a seminar for certified fire fighters. It provides a summary of state laws, legal principles, terms, codes and methods relative to fire investigations. The course provides information necessary to conduct an investigation and present a case in court. The course meets Fire Officer 1 requirements established by the State Board of Fire Services.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 26A**  
2.0 units
Fire Command 2A  
2.2 hours lecture  
Grading: letter grade  
This course prepares the fire officer to use management techniques and the Incident Command System when commanding multiple alarms or large suppression forces. The course meets the requirements of the California State Fire Marshal.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 26B**  
2.0 units
Fire Command 2B  
2.2 hours lecture  
Grading: letter grade  
This course prepares fire officers to manage a serious hazardous materials incident. The course includes areas of discussion on information and data bases; organizations, agencies and institutions involved in hazardous materials response and research; planning for a community’s hazardous materials problems; legislation, litigation and liabilities of hazardous materials responses. The course meets the requirements of the California State Fire Marshal’s Office.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 40**  
2.0 units
Fire Management 1  
2.2 hours lecture  
Grading: letter grade  
This course covers the role of the fire manager, proper application of management skills, organizational behavior and management concepts. It meets Fire Officer 1 requirements established by the State Board of Fire Service.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 42A**  
2.0 units
Fire Management 2A  
2.2 hours lecture  
Grading: letter grade  
This course provides fire service personnel with information on how to make the transition from supervisor to manager. It offers sound management principles in preparation for more intensified training in a specific discipline. Topics of discussion include internal and external influences, personality traits of fire fighters, managing human relations, group dynamics, and conflict solution.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 42B**  
2.0 units
Fire Management 2B  
2.2 hours lecture  
Grading: letter grade  
This course is designed to provide insight into the cyclical nature of budgeting and financial management. The course covers the essential elements of financial planning, budget preparation, budget justification and budget controls.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

**FIRE 53**  
3.0 units
Fire Hydraulics  
3.0 hours lecture  
Grading: letter grade  
This course provides a study of applied math and formula calculations of hydraulics in conjunction with the procedures of the fire service industry, and includes the application of mental hydraulic calculations. The course will introduce students to basic components required when utilizing water supplies methods and procedures.  
*Transfer Status: Transferable to CSU, see counselor for limitations.*

<th>Grading</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>FIRE 54</td>
<td>3.0</td>
<td>Hazardous Materials 1</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This course is a study of basic fire chemistry and physics. A variety of topics will be addressed, including problems of flammability encountered by firefighters during fire suppression activities. Topics that will be examined are the dynamics associated during fire suppression activities involving fuels and chemical oxidizers in conjunction with hazardous materials during storage and transport.</td>
</tr>
<tr>
<td>FIRE 57</td>
<td>3.0</td>
<td>Introduction to Fire Tactics &amp; Strategy</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This is an introductory course which outlines the principles of fire ground control through the utilization of personnel, equipment and extinguishing agents on the fire ground or emergency incident. This course is the backbone of the Incident Command System, along with the theory of the Rapid Intervention Crew and Standardized Emergency Management System. These topics will be presented as theories and principles with emphasis on practical and appropriateness of key academic strategies. This course provides group interactions and individualized instruction to develop a support system and a mentor experience with the instructor.</td>
</tr>
<tr>
<td>FIRE 58</td>
<td>3.0</td>
<td>Intro to Fire Company Administration</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This is an introductory level class which outlines a review of fire department organization and administration. Students will identify planning, organizing and supervising within the Fire department occupation, with an emphasis on the first line company officer’s role, as a Fire Captain.</td>
</tr>
<tr>
<td>FIRE 60</td>
<td>3.0</td>
<td>Fire Investigation 1</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This course outlines the principles of fire investigations, and the theories on determining the causes of fires, including accidental, suspicious and incendiary. This course also will introduce the students to the definition of arson and incendiary type of fires, including mock court preparation and testimony.</td>
</tr>
<tr>
<td>FIRE 61</td>
<td>3.0</td>
<td>Rescue Practices</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This course is a study of rescue problems and techniques, including the use of rescue equipment, care of childbirth victims and newborns, the effects of toxic gases and chemicals, radiation hazards, respiration and resuscitation, and extrication.</td>
</tr>
<tr>
<td>FIRE 62</td>
<td>3.0</td>
<td>Fire Apparatus and Equipment</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This course focuses on a study of mobile and fixed fire apparatus designs, with a review of their perspective construction specifications and performance capabilities. The course outlines the effective deployment, utilization and performance of Fire apparatuses and equipment under emergency conditions, when used for firefighting purposes.</td>
</tr>
<tr>
<td>FIRE 64</td>
<td>3.0</td>
<td>Hazardous Materials 2</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This course is a continuing study of hazardous materials addressing the identification of explosives, toxic substances and radioactive materials in storage and in transit.</td>
</tr>
<tr>
<td>FIRE 65</td>
<td>3.0</td>
<td>Fundamentals of Fire Safety</td>
<td>3.0 hours lecture</td>
<td>letter grade</td>
<td>This course will be appropriate for students who wish to pursue a career in a paid or volunteer fire department. A variety of topics will be addressed, including information on current techniques and prevention of injuries while promoting safe routine and emergency fire operations.</td>
</tr>
<tr>
<td>FIRE 203</td>
<td>1.0</td>
<td>Fire Tools, Equipment &amp; Related Tech</td>
<td>1.0 hour lecture, 1.0 hour laboratory</td>
<td>pass/no pass</td>
<td>This course is a hands-on tool class to assist fire science students in recognizing and using the hand and power tools used in the fire fighter occupation. The course emphasis is on safety procedures and efficient use of tools and equipment.</td>
</tr>
<tr>
<td>FIRE 240AD</td>
<td>0.5</td>
<td>Firefighter I Physical Agility</td>
<td>0.2 hour lecture, 0.9 hour laboratory</td>
<td>letter grade or pass/no pass</td>
<td>This course is designed to assess physical agility requirements for the fire service. It includes a review of nutritional facts and physical training principles. The course meets the statewide standards of the CalChiefs organization.</td>
</tr>
</tbody>
</table>
Courses of Instruction

FIRE 242C  2.0 units
Fire Management 2C
2.2 hours lecture
Grading: letter grade
This course is designed to provide insight into personnel and labor relations. The course meets California State Fire Marshal certification requirements. It is designed as in-service training for fire professionals.

FIRE 245  2.0 units
Marine Safety Academy
2.0 hours lecture, 3.5 hours laboratory
Grading: pass/no pass
This is a basic training program for non-career lifeguards which is approved by the United States Lifesaving Association (USLA). Candidates must qualify for entrance by competing in a rigorous testing process which includes swimming, run-swim-run, and an oral interview. The academy prepares candidates to become non-career ocean lifeguards and includes topics and training in lifeguard tactics, operations, first aid, first responder, hazardous materials, cardiopulmonary resuscitation, mechanical resuscitators, resuscitators, rescue buoys, rescue boards, physical training in timed swims, runs, and paddling.

FIRE 250  9.0 units
Basic Fire Service Training
15.5 hours lecture, 7.7 hours laboratory
Grading: pass/no pass
This course is an orientation to fire service organization, practices, procedures, tactics and duties, basic training in the use of fire suppression equipment, first aid and fire prevention procedures. The course meets State Fire Marshal standards.

FIRE 271AD  2.0 units
Work Experience — Fire Science
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

FIRE 272AD  3.0 units
Work Experience — Fire Science
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

FIRE 273AD  4.0 units
Work Experience — Fire Science
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

FIRE 298A  1.0 unit
EXP Fire Tools, Equipment and Related Tech
0.7 hour lecture, 1.1 hours laboratory
Grading: letter grade
This course is a hands-on tool class to assist fire science students in recognizing and using the hand and power tools used in the fire fighter occupation. The course emphasis is on safety procedures and efficient use of tools and equipment.

FIRE 303  1.0 unit
Intro to Fire Company Administration
2.2 hours lecture
Grading: pass/no pass
This course is designed for in-service fire personnel and presents a total management system, including firefighting techniques, strategies and tactics of command.

FIRE 353  1.0 unit
Fire Hydraulics/Driver Operator 1B
2.2 hours lecture
Grading: pass/no pass
This course covers first responder techniques associated with hazardous materials. The course meets certification standards of the California Specialized Training Institute (CSTI) and the Industrial Emergency Council (IEC).

FIRE 354M1  1.5 units
Hazmat/First Responder II
1.5 hours lecture
Grading: pass/no pass
This course covers first responder techniques associated with hazardous materials. The course is designed for in-service training to meet state and federal Occupational Safety and Health Administration (OSHA) standards.

FIRE 361  1.0 unit
Rescue Practices/Disaster Preparedness
1.1 hours lecture
Grading: pass/no pass
This course covers rescue problems and techniques related to earthquakes, emergency rescue, care of victims, evacuation procedures and steps for earthquake preparedness and survival. The course is designed for in-service training for fire personnel.
This course is a study of fire apparatus and related operating principles and procedures. The course is designed for in-service training to meet requirements for certification by the California State Fire Marshal.

FIRE 400A 1.0 unit
ST Fire Science
1.0 hour lecture, 1.0 hour laboratory
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of basic skills and/or to update knowledge of new technology in the fire service expected of all fire service personnel. Topics will be offered to meet the interests and needs of fire protection specialists. Modules are designed to meet the criteria specified in the National Fire Protection Association (NFPA) standards. This is a special topics course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

FIRE 400B 2.0 units
ST Fire Science
2.0 hours lecture, 2.0 hours laboratory
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of skills and/or to update knowledge of new technology in the fire service expected of selected fire service personnel, based on rank and station assignment. Topics will be offered to meet the interests and needs of fire personnel. Modules are designed to meet criteria specified in National Fire Protection Association (NFPA) standards. This is a special topics course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

FIRE 400C 3.0 units
ST Fire Science
3.0 hours lecture, 3.0 hours laboratory
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of skills learned or to update knowledge of new technology in the fire service expected of selected fire service personnel, based on rank and station assignment. Topics will be offered to meet the interests and needs of fire personnel. Modules are designed to meet the criteria specified in the National Fire Protection Association (NFPA) standards. This is a special topics course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

FIRE 400D 3.0 units
ST Fire Science
2.0 hours lecture, 3.0 hours laboratory
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of skills learned or to update knowledge of new technology in the Fire Service expected of selected fire service personnel based on rank and station assignment. Topics will be offered to meet the interests and needs of fire, safety and marine personnel. Representative topics include: specialty areas of fire service, analyzing and evaluating fire, safety or marine operations and addressing personnel management issues. Modules are designed to meet criteria specified in the National Fire Protection Association (NFPA) and the Marine Safety Association. This is a special topics course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.

FIRE 400E 3.5 units
ST Fire Science
2.0 hours lecture, 4.8 hours laboratory
Grading: pass/no pass
This course is a series of seminars designed to provide maintenance of skills learned or to update knowledge of new technology in the Fire Service expected of selected fire service personnel based on rank and station assignment. Topics will be offered to meet the interests and needs of fire, safety and marine personnel. Representative topics include: specialty areas of fire service, analyzing and evaluating fire, safety or marine operations and addressing personnel management issues. Modules are designed to meet criteria specified in the National Fire Protection Association (NFPA) and the Marine Safety Association. This is a special topics course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.

FIRE 400F 5.0 units
ST Fire Science
3.0 hours lecture, 6.4 hours laboratory
Grading: pass/no pass
This is a series of seminars designed to provide maintenance of skills learned or to update knowledge of new technology in the Fire Service expected of selected fire service personnel based on rank and station assignment. Topics will be offered to meet the interests and needs of fire, safety and marine personnel. Representative topics include: specialty areas of fire service, analyzing and evaluating fire, safety or marine operations and addressing personnel management issues. Modules are designed to meet criteria specified in the National Fire Protection Association (NFPA) and the Marine Safety Association. This is a special topics course. This course’s subject matter will vary by semester. Please refer to the schedule of classes for a particular semester’s topic. This course may be repeated for credit as topics change.
Courses of Instruction

FLORAL DESIGN (FLO)

FLO 286A  2.0 units
Introduction to Floral Design: Fall Flowers
1.5 hours lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
This course covers the elements and principles of design, color coordination, basic floral arranging and basic corsage construction. Nomenclature of flowers and foliage and their uses are included. FLO 286A covers fall flowers; FLO 286B covers spring flowers.

FLO 286B  2.0 units
Introduction to Floral Design: Spring Flowers
1.5 hours lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
This course covers the elements and principles of design, color coordination, basic floral arranging and basic corsage construction. Nomenclature of flowers and foliage and their uses are included. FLO 286A covers fall flowers; FLO 286B covers spring flowers.

FLO 287A  2.0 units
Intermediate Floral Design-Wedding
1.5 hours lecture, 1.5 hours laboratory
Recommended Preparation: One semester of FLO 286A or FLO 286B
Grading: letter grade or pass/no pass
This is one of three courses which constitute a comprehensive overview of techniques used at an intermediate level within the floral industry. Wedding is a hands on step by step course covering each phase of wedding flowers: design, mechanics and construction of floral products, marketing and selling flowers for church, hotel and home/garden wedding and reception setup.

FLO 287B  2.0 units
Intermediate Floral Design-Sympathy
1.5 hours lecture, 1.5 hours laboratory
Recommended Preparation: One semester of FLO 286A or FLO 286B
Grading: letter grade
This is one of three courses which constitute a comprehensive overview of techniques used at an intermediate level within the floral industry. Complete instructions on the art and science of designing sympathy flowers are included from the elaborate casket to simple home tributes. Course focuses on mechanics/construction for efficiency in design.

FLO 287C  2.0 units
Intermediate Floral Design-Banquet Holiday
1.5 hours lecture, 1.5 hours laboratory
Recommended Preparation: One semester of FLO 286A or FLO 286B.
Grading: letter grade or pass/no pass
This is one of three courses which constitute a comprehensive overview of techniques used at an intermediate level within the floral industry. This course covers skills needed to successfully produce indoor, outdoor and poolside events, banquets, parties, or related party work.

FLO 288  2.0 units
Advanced Floral Design
1.5 hours lecture, 1.5 hours laboratory
Recommended Preparation: FLO 286A-B and FLO 287A-B-C
Grading: letter grade or pass/no pass
This course provides students with the techniques for the planning, design and execution of intricate and creative floral arrangements. Topics include terminology, application and methods for creating designs in less time for profit. This course is required for students in the Floral Design Certificate Program.

FLO 289  3.0 units
Applied Floral Shop Operation
3.0 hours lecture
Grading: letter grade or pass/no pass
This course presents techniques for starting a retail or home-based floral business. Topics range from licensing procedures to shop layout and day-to-day operations, including the handling of perishable floral materials. Policies, pricing, personnel and selling techniques are examined. This course is required for Floral Design Majors.

FLO 290  0.5 unit
Floral Creativity and Competition
0.5 hour lecture, 1.0 hour laboratory
Recommended Preparation: Intermediate floral design skills.
Grading: letter grade or pass/no pass
Individualized, non-standard, contemporary flower arrangements will be created emphasizing the use of the student’s own imagination and creative talent. This course will broaden the student’s design experience, personally expand and develop beyond the student’s present personal creativity potential. The course will enhance the student skills to prepare for competition, including emphasis in design speed. A field trip to the Cal State Floral Association Top Ten Competition is offered for competing or observing.

FOOD AND NUTRITION (F_N)

F_N 20 (CAN FCS 2)  3.0 units
Nutrition and Life
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to the basic physiological, psychological, social and biochemical principles related to human nutrition. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

F_N 21 (CAN FCS 8)  4.0 units
Food Selection and Meal Preparation
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course introduces the knowledge and skills related to food selection and preparation, food product standards and factors contributing to the quality of prepared food.
Transfer Status: Transferable to CSU, see counselor for limitations.

</table>
FOREIGN LANGUAGE, CHINESE (CHIN)

CHIN 1 (CAN CHIN 2) 5.0 units
Elementary Chinese 1
5.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course introduces students to the standard Chinese language (Mandarin). Students will study grammar, vocabulary, pronunciation, and culture. They will develop elementary competency in listening, speaking, reading and writing. The course will present everyday situations and topics in the context of Chinese cultural traditions. It is not recommended for native speakers. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHIN 2 (CAN CHIN 4) 5.0 units
Elementary Chinese 2
5.0 hours lecture, 1.0 hour laboratory
Prerequisite: CHIN 1
Grading: letter grade or pass/no pass
This course is the second of two beginning courses on the fundamentals of modern standard Chinese (Mandarin). It is designed to further develop students’ competency in speaking, listening, reading, and writing. Topics will be placed in the contemporary context in the Chinese world. It is not recommended for native speakers. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHIN 3 5.0 units
Intermediate Chinese
5.0 hours lecture
Prerequisite: CHIN 2 or recent successful completion of three years of high school Chinese.
Grading: letter grade or pass/no pass
This course is an intermediate course on the fundamentals of Chinese. Students will acquire further competency in the four skills necessary for language acquisition: listening, speaking, reading and writing. Topics will be placed in the contemporary context in the Chinese world. It is not recommended for native speakers of Chinese.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

CHIN 4 5.0 units
Intermediate Chinese
5.0 hours lecture
Prerequisite: CHIN 3 or recent successful completion of four years of high school Chinese.
Grading: letter grade or pass/no pass
This course is the second semester of an intermediate course on the fundamentals of Chinese. It continues the review of Chinese grammar, emphasizing more advanced structures. Topics include structural particles, expansion of vocabulary, development of reading and speaking abilities, and improvement of writing skills through the writing process.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FOREIGN LANGUAGE, FRENCH (FREN)

FREN 1 (CAN FREN 2) 5.0 units
Elementary French
5.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course provides an introduction to French vocabulary and grammar structures, emphasizing listening, speaking, reading, and writing, based on modern topical material. This course is not recommended for native speakers of French or for students who have recently completed one year of high school French with a grade of B or better. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FREN 2 (CAN FREN 4) 5.0 units
Elementary French
5.0 hours lecture, 1.0 hour laboratory
Prerequisite: FREN 1 or FREN 1A and 1B or recent completion of one year of High School French.
Grading: letter grade or pass/no pass
This course is a continuation of the study of basic French vocabulary and grammar forms, emphasizing listening and speaking, reading and writing, based on modern topical material. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FREN 3 (CAN FREN 8) 5.0 units
Intermediate French
5.0 hours lecture
Prerequisite: FREN 2 or FREN 2A and 2B or recent completion of two years of High School French.
Grading: letter grade or pass/no pass
This course consists of French grammar presentation and review. Students will also study vocabulary and idiomatic expressions based on situational dialogues, articles and readings which reflect various French-speaking cultures. There is continued listening and speaking practice, as well as development of reading and writing skills.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

FREN 4 (CAN FREN 10) 5.0 units
Intermediate French
5.0 hours lecture
Prerequisite: FREN 3 or recent completion of three years High School French.
Grading: letter grade or pass/no pass
This course consists of a continuation of French grammar presentation and review, emphasizing more advanced structures. Students will also read, analyze and evaluate short stories and literary selections by famous Francophone authors. There will be extensive practice in spoken and written communication.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FREN 8AD 2.0 units
Spoken French
3.0 hours lecture
Prerequisite: FREN 2 or 2A and 2B
Grading: letter grade or pass/no pass
This course provides an intensive study and practice in French conversation based on practical situations, French and Francophone culture, and current events.
Transfer Status: Transferable to CSU, see counselor for limitations.

FREN 25A 3.0 units
Advanced French: Culture in Literature
3.0 hours lecture
Prerequisite: FREN 4
Grading: letter grade or pass/no pass
Students explore Francophone culture via articles, essays, realia, short stories, fables, biographies, etc. The course includes grammar review stressing oral and written composition, as well as acquisition of topic-related vocabulary, to improve fluency in the target language. Outside reading and reporting in the field of study are required.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FREN 25B 3.0 units
Advanced French: History
3.0 hours lecture
Prerequisite: FREN 25A
Grading: letter grade or pass/no pass
Students explore Francophone culture via articles, essays, realia, short stories, fables, biographies, etc. The course includes grammar review stressing oral and written composition, as well as acquisition of topic-related vocabulary, to improve fluency in the target language. Outside reading and reporting in the field of study are required.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FREN 25C 3.0 units
Advanced French: Politics, Current Event
3.0 hours lecture
Prerequisite: FREN 25B
Grading: letter grade or pass/no pass
Students explore Francophone politics and/or current events via articles, essays, realia, etc. The course includes grammar review stressing oral and written composition, as well as acquisition of topic-related vocabulary, to improve fluency in the target language. Outside reading and reporting in the field of study are required.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FREN 25D 3.0 units
Advanced French: Literature
3.0 hours lecture
Prerequisite: FREN 25C
Grading: letter grade or pass/no pass
Students explore Francophone literature via short stories, fables, novels, poems, etc. The course includes grammar review stressing oral and written composition, as well as acquisition of topic-related vocabulary, to improve fluency in the target language. Outside reading and reporting in the field of study are required.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

FOREIGN LANGUAGE, GERMAN (GER)

GER 1 (CAN GERM 2) 5.0 units
Elementary German
5.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is an introduction to the German language and emphasizes the four skills necessary for language acquisition: listening, speaking, reading and writing. Students will learn the sound system and elementary grammatical structures to be able to communicate at a basic level. This course exposes students to everyday situations and cultural topics of the German speaking world. It is not recommended for native or near native speakers of German or students who have completed one year of high school German with a grade of B or better.
This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 2 (CAN GERM 4) 5.0 units
Elementary German
5.0 hours lecture, 1.0 hour laboratory
Prerequisite: GER 1 or GER 1A and 1B or recent completion of one year of High School German.
Grading: letter grade or pass/no pass
This course is a continuation of the study of basic grammar forms. Emphasis is placed on vocabulary expansion for meaningful communication. The four language learning skills, listening, reading, speaking and writing, are practiced on a regular basis. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 3 (CAN GERM 8) 5.0 units
Intermediate German
5.0 hours lecture
Prerequisite: GER 2 or GER 2A and 2B or recent completion of two years of High School German.
Grading: letter grade or pass/no pass
This course is a review of German grammar as well as an intensive study of idiomatic expressions and vocabulary based on the reading of short stories and a variety of articles and situational dialogues that reflect German culture. It focuses on the development of reading and
Courses of Instruction

GER 3H (CAN GERM 8) 5.0 units
Honors Intermediate German
5.0 hours lecture
Prerequisite: GER 2 or 2A and 2B or recent completion of two years of High School German and Qualification for the Honors Program.
Grading: letter grade or pass/no pass
This course is a review of German grammar as well as an intensive study of idiomatic expressions and vocabulary based on the reading of short stories and a variety of articles and situational dialogues that reflect German culture. It focuses on the development of reading and listening comprehension as well as speaking and writing skills.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 4 (CAN GERM 10) 5.0 units
Intermediate German
5.0 hours lecture
Prerequisite: GER 3 or recent completion of three years of High School German.
Grading: letter grade or pass/no pass
This course is a continuation of the review of German grammar, emphasizing more advanced structures. Topics include comparison of verb tenses, expansion of vocabulary, development of reading and speaking ability, and improvement of writing skills through a guided writing process.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 4H (CAN GERM 10) 5.0 units
Honors Intermediate German
5.0 hours lecture
Prerequisite: GER 3 or recent completion of three years of High School German and Qualification for the Honors program.
Grading: letter grade or pass/no pass
This course is a continuation of the review of German grammar, emphasizing more advanced structures. Topics include comparison of verb tenses, expansion of vocabulary, development of reading and speaking ability, and improvement of writing skills through a guided writing process.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 8AD 2.0 units
Spoken German
3.0 hours lecture
Prerequisite: GER 2 or 2A and 2B
Grading: letter grade or pass/no pass
This course is designed to improve comprehension, structure, oral expression and fluency in German used in travel, in the home, in school and in business. This course emphasizes vocabulary, idioms and language patterns fundamental to an active use of German.
Transfer Status: Transferable to CSU, see counselor for limitations.

GER 25A 3.0 units
Advanced German: Culture in Literature
3.0 hours lecture
Prerequisite: GER 4
Grading: letter grade or pass/no pass
This course is a survey course that explores the relationship between culture and literature. Students review literary works of authors from Germany, Switzerland and Austria and study the social-historical evolution of cultural norms as portrayed in literature.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 25B 3.0 units
Advanced German: History
3.0 hours lecture
Prerequisite: GER 4
Grading: letter grade or pass/no pass
This course is a survey course that explores the historical and cultural evolution of the German-speaking countries from the origins of Germany, Austria, and Switzerland to modern times.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 25C 3.0 units
Advanced German: Politics, Current Event
3.0 hours lecture
Prerequisite: GER 4
Grading: letter grade or pass/no pass
This course focuses on the current events of the German speaking world. The course includes topics such as politics, socio-cultural studies, sports events, and national and regional celebrations.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GER 25D 3.0 units
Advanced German: Literature
3.0 hours lecture
Prerequisite: GER 4
Grading: letter grade or pass/no pass
This course is a literature survey course of major literary works from Germany, Austria, and Switzerland. The course covers basic concepts of literary theory and literary criticism in German.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

</table>
FOREIGN LANGUAGE, SPANISH  
(SPAN)

SPAN 1 (CAN SPAN 2)  5.0 units
Elementary Spanish
5.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course introduces the students to the four skills necessary for language acquisition: listening, speaking, reading and writing. Students will learn the sound system and basic grammatical structures. This course exposes students to everyday situations and cultural topics of the Hispanic world. It is not recommended for native speakers of Spanish nor students who have completed one year of high school Spanish with a grade of B or better. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 2 (CAN SPAN 4)  5.0 units
Intermediate Spanish
5.0 hours lecture, 1.0 hour laboratory
Prerequisite: SPAN 1 or SPAN 1A and 1B or recent completion of one year of High School Spanish.
Grading: letter grade or pass/no pass
This course is a continuation of the study of basic Spanish vocabulary and grammar forms, emphasizing listening and speaking, reading and writing, based on modern topical material.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 3 (CAN SPAN 8)  5.0 units
Honors Intermediate Spanish
5.0 hours lecture
Prerequisite: SPAN 2 or SPAN 2A and 2B or recent completion of two years of High School Spanish.
Grading: letter grade or pass/no pass
This course is an intermediate course on the fundamentals of Spanish. Students will acquire further competency in the four skills necessary for language acquisition: listening, speaking, reading and writing. Topics will be placed in the contemporary context in the Spanish-speaking world. It is not recommended for native speakers of Spanish.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 3H  5.0 units
Honors Intermediate Spanish
5.0 hours lecture
Prerequisite: SPAN 2 or SPAN 2A and 2B or recent completion of two years of High School Spanish and Qualification for the Honors Program.
Grading: letter grade or pass/no pass
This course is an intermediate course on the fundamentals of Spanish. Students will acquire further competency in the four skills necessary for language acquisition: listening, speaking, reading and writing. Topics will be placed in the contemporary context in the Spanish-speaking world. It is not recommended for native speakers of Spanish.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 4 (CAN SPAN 10)  5.0 units
Intermediate Spanish
5.0 hours lecture
Prerequisite: SPAN 3 or recent completion of three years of High School Spanish.
Grading: letter grade or pass/no pass
This course continues the review of Spanish grammar, emphasizing more advanced structures. Topics include comparison of verb tenses, expansion of vocabulary, development of reading and speaking ability and improvement of writing skills through the writing process.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 8AD  2.0 units
Spoken Spanish
3.0 hours lecture
Prerequisite: SPAN 2 or 2A and 2B
Grading: letter grade or pass/no pass
This course is designed to improve comprehension, structure, oral expression and fluency in Spanish used in travel, in the home, in school and in business. This course emphasizes vocabulary, idioms and language patterns fundamental to an active use of Spanish.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 9  5.0 units
Spanish for Spanish Speakers
5.0 hours lecture
Recommended Preparation: Fluency in spoken Spanish.
Grading: letter grade or pass/no pass
This course is the first semester of intermediate Spanish. It develops reading and writing skills of native Spanish speakers as well as perfects their oral skills. Students will look at literary works of Latino authors from Latin America, Spain and the U.S. and will study the relationship between culture and literature. The course will look at literary works of Latino authors from Latin America, Spain and the U.S. and will study the relationship between culture and literature.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 10  5.0 units
Spanish for Spanish Speakers
5.0 hours lecture
Recommended Preparation: SPAN 9 or fluency in spoken Spanish.
Grading: letter grade or pass/no pass
This course is the second semester of intermediate Spanish. It continues developing reading and writing skills of native Spanish speakers. It also includes an extensive grammar review. The Hispanic cultural and reading materials support the development and understanding of writing styles and techniques, enabling the Spanish speaker to apply them to creative writing and to use argument and debating skills in novel situations.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

SPAN 25A  3.0 units
Advanced Spanish: Culture in Literature
3.0 hours lecture
Prerequisite: SPAN 4 or 10
Grading: letter grade or pass/no pass
This course is a survey course that explores the relationship between culture and literature. The course will look at literary works of Latino authors from Latin America, Spain and the U.S. and will study the relationship between culture and literature. The course will look at literary works of Latino authors from Latin America, Spain and the U.S. and will study the relationship between culture and literature.
social-historical evolution of cultural norms as portrayed in literature.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SPAN 25B** 3.0 units

Advanced Spanish: History
3.0 hours lecture
Prerequisite: SPAN 4 or 10
Grading: letter grade or pass/no pass
This course is a survey course that explores the historical and cultural evolution of the Spanish-speaking world, beginning with the origins of Spain to contemporary Spain, Latin America and the Hispanic communities in the U.S.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SPAN 25C** 3.0 units

Advanced Spanish: Politics, Current Event
3.0 hours lecture
Prerequisite: SPAN 4 or 10
Grading: letter grade or pass/no pass
This course is a course that focuses on the current events of the Spanish-speaking world.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SPAN 25D** 3.0 units

Advanced Spanish: Literature
3.0 hours lecture
Prerequisite: SPAN 4 or 10
Grading: letter grade or pass/no pass
This course is a literature survey course that studies major literary works from Spain and Latin America. The course will cover basic concepts of literary theory and literary criticism in Spanish.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**FOREIGN LANGUAGE, VIETNAMESE (VIET)**

**VIET 1** 5.0 units

Elementary Vietnamese
5.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
Incorporating theories of language acquisition and principles of whole language learning, this course provides an introduction to the Vietnamese language, emphasizing listening, comprehension, conversation, reading and writing skills to develop control of the basic sounds, forms and structure of Vietnamese. Topics for conversation are everyday life situations and issues in the Vietnamese world including a comparison and contrast with other cultures. It is not recommended for native speakers of Vietnamese. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**FORKLIFT (FORK)**

**FORK 801** 1.0 unit

Forklift Safety and Operation
0.8 hour lecture, 0.6 hour laboratory
Grading: pass/no pass
This course will cover content of safety and operation of the forklift, including basic lifting principles, load rating, stability and operation techniques.

**GEOGRAPHY (GEOG)**

**GEOG 2** (CAN GEOG 4) 3.0 units

Elements of Cultural Geography
3.0 hours lecture
Grading: letter grade or pass/no pass
This course will introduce students to the basic cultural elements of the earth; the peoples of the world and their settlement characteristics; and the origins, historical dispersals and contemporary distribution of representative cultural patterns. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOG 5** 3.0 units

The Global Economy
3.0 hours lecture
Grading: letter grade or pass/no pass
This course examines the location and organization of international economic activities from an economic, cultural, political, and environmental perspective. Topics covered by a faculty team drawn from Economics and Geography include the spatial distribution of resources and production, global flows of information, capital and labor, and regional inequalities such as income distribution, poverty, discrimination and standard of living. This class is recommended for students in business, social science and liberal arts with an interest in global and international issues, including regional and social inequalities, marketing and international trade, and tourism. This course is not open to students registered in or with credit in ECON 5.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOG 10** 3.0 units

Intro to Geographic Information Systems
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: Familiar with Internet or computer literacy.
Grading: letter grade
This course provides an introduction to mapping and geographic information science, which includes computer systems and software for geographic analysis, cartography, global positioning systems and remote sensing. Included are geographic concepts for spatial analysis and work on practical applications with computer software. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.
GEOG 40 3.0 units
World Regional Geography
3.0 hours lecture
Grading: letter grade or pass/no pass
The basic concepts and fundamentals of both physical and cultural geography are used in this course for an interpretation of the geographic areas of the Americas, Africa, Europe, countries that comprised the former Soviet Union, Asia, the Middle East and the Pacific area. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOG 48 3.0 units
Geography of California
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to the diversity of the state of California through a study of its cultural and social geography, regions, landscapes and resources. Students investigate the origins of California’s ethnic diversity, regional contrasts, resources and problems. The future of California is examined using spatial analysis and field investigations. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOGRAPHY, PHYSICAL (PGEOG)

PGEOG 1 (CAN GEOG 2) 3.0 units
Earth Surface Study
3.0 hours lecture
Grading: letter grade or pass/no pass
This is an introductory physical science course, which will emphasize an understanding of the salient scientific principles underlying the spatial distribution of phenomena that exist in the Earth’s hydrosphere, biosphere, atmosphere, and lithosphere and the role humans play within these systems.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PGEOG 2 3.0 units
Weather and Climate
3.0 hours lecture
Grading: letter grade or pass/no pass
This is an introductory science course developed by the American Meteorological Society with support from the National Science Foundation. This course examines the physical properties of the atmosphere, radiation heating and cooling, precipitation, clouds, weather disturbances, climate controls, and climate change. There is an emphasis on the analysis and forecasting of weather using real-time data from satellites, weather charts/maps, and other remote sensing platforms.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOLOGY (GEOL)

GEOL 1 4.0 units
General Physical Geology
3.5 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This is a class that covers the materials and structure of the Earth and the physical processes by which it has been and is being changed. A general physical science course for liberal arts students and a beginning course for geology majors. Included with the class is a required one-day, Saturday or Sunday, field trip to acquaint students with the local geology. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOL 1H 4.0 units
Honors General Physical Geology
3.5 hours lecture, 3.0 hours laboratory
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This is a class that covers the materials and structure of the Earth and the physical processes by which it has been and is being changed. A general physical science course for liberal arts students and a beginning course for geology majors. Included with the class is a required one-day, Saturday or Sunday, field trip to acquaint students with the local geology. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOL 2 3.0 units
General Geology, Physical
3.0 hours lecture
Grading: letter grade or pass/no pass
This is a class that covers the materials and structure of the Earth and the physical processes by which it has been and is being changed. A general physical science course for liberal arts students and a beginning course for geology majors. Included with the class is a required one-day, Saturday or Sunday, field trip to acquaint students with the local geology. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOL 2F 1.0 unit
Geology Field Trips
1.3 hours lecture
Corequisite: GEOL 1 or 2
Grading: letter grade or pass/no pass
This is a field trip class offering three single-day field trips, including the San Andreas Fault, Palos Verdes Hills and the Santa Ana Mountains-Dana Point. The purpose of these trips is to acquaint students with the local geology and associated environmental problems. This class does not fulfill the requirement for a laboratory science. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOL 1H 4.0 units
Honors General Physical Geology
3.5 hours lecture, 3.0 hours laboratory
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This is a class that covers the materials and structure of the Earth and the physical processes by which it has been and is being changed. A general physical science course for liberal arts students and a beginning course for geology majors. Included with the class is a required one-day, Saturday or Sunday, field trip to acquaint students with the local geology. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

GEOL 2L 1.0 unit
General Geology, Physical Geology Lab
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: GEOL 2 (may be taken concurrently)
Grading: letter grade or pass/no pass
Courses of Instruction

This class provides laboratory exercises in identification of rocks and minerals, an introduction to geologic time and dating techniques, reading and interpretation of topographic maps and aerial photographs, study of geologic structures, faults and geomorphology.

Grading: letter grade or pass/no pass

Recommended Preparation: GEOL 1, 2, 3 or 18 or concurrent enrollment.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 3** 4.5 units

**Historical Geology**

4.0 hours lecture, 2.5 hours laboratory

A study of earth history through an analysis of the fossil and rock record. Examine the evidence for ancient climatic fluctuations in order to evaluate the theory of recent global warming. A general course for liberal arts students and a beginning course for geology majors. One Saturday field trip is required.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 3H** 4.5 units

**Honors Historical Geology**

4.0 hours lecture, 2.5 hours laboratory

Prerequisite: Qualification for the Honors Program

A study of earth history through an analysis of the fossil and rock record. Examine the evidence for ancient climatic fluctuations in order to evaluate the theory of recent global warming. A general course for liberal arts students and a beginning course for geology majors. One Saturday field trip is required.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 4** 2.0 units

**Field Geology**

1.5 hours lecture, 1.5 hours laboratory

Prerequisite: GEOL 1, 2, 2L, 3, 3H or 5 (may be taken concurrently)

Grading: letter grade or pass/no pass

This is a field course to selected locations in the Owens Valley and Death Valley. This course is an excellent opportunity to travel through California and experience many different examples of geology firsthand.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 5** 3.0 units

**Environmental Geology**

3.0 hours lecture

Grading: letter grade or pass/no pass

Students enrolled in this course will learn about natural hazards affecting the greater Los Angeles area, how to assess danger from these hazards and what you can do to minimize personal damage. Students will explore environmental issues of the Los Angeles basin that are directly related to the earth, such as water supply, pollution and land use. One Saturday field trip is required.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 7AD** 2.0 units

**Field Studies: Western Environments**

1.5 hours lecture, 1.5 hours laboratory

Recommended Preparation: GEOL 1, 2, 3 or 18 or concurrent enrollment.

Grading: letter grade or pass/no pass

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

This course is a field studies course to geologically interesting areas of the west. The emphasis of the course will be to identify clues in the rock and fossil record which indicate past environmental conditions in the Western United States. This course may be scheduled with the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**GEOL 16** 3.0 units

**Field Techniques/Geol: So Calif Deserts**

2.0 hours lecture, 3.0 hours laboratory

Prerequisite: GEOL 1, 1H, 2 or 5 (may be taken concurrently)

Grading: letter grade or pass/no pass

This is a class designed to expose geology majors and others to the techniques employed by geologists in the field and laboratory. The class includes: geologic map reading and preparation, identification of geologic features in the field, and microscope laboratory techniques. Attendance at two week-end field trips is required.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 17** 2.0 units

**Geology of Southern California Deserts**

1.5 hours lecture, 1.5 hours laboratory

Prerequisite: GEOL 1, 2, or 5 (may be taken concurrently)

Grading: letter grade or pass/no pass

This is a field trip class offering two weekend 3-day field trips. The purpose of these trips is to acquaint students with the interesting and diverse geologic features of the California Deserts. Not open to students with credit in GEOL 16.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**GEOL 18** 3.0 units

**Geology of California**

3.0 hours lecture

Grading: letter grade or pass/no pass

This course presents the basic principles of geology through the examination of the rocks, minerals, fossils, and tectonic events unique to California. The class further places California’s unique geology in context of Earth’s plate tectonic processes and geologic history.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HEALTH EDUCATION (HLED)

**HLED 2** 2.0 units

**Introduction to Health Education**

2.0 hours lecture

Grading: letter grade or pass/no pass

This course is designed to promote desirable health attitudes and to provide up-to-date information in the areas of individual, family and community health. This course is not open for credit to students registered in or with credit in HLED 3. This course fulfills the AA/AS degree requirements in health education.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Courses of Instruction

HIST 8AH  3.0 units
Honors History of the Americas
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade
This course is a comprehensive survey of the Western Hemisphere from the development of its earliest human communities, subsequent encounter with European civilization and the formation of colonial empires. The course focuses on a comparative analysis of the social, economic and political structures of the region through the movement for independence in the nineteenth century. This course is recommended for Spanish majors. CSU/UC transferable.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 8B  3.0 units
History of the Americas
3.0 hours lecture
Grading: letter grade
This course presents a comprehensive survey of the distinct national identities of the nations of the Western Hemisphere as they developed and matured during the nineteenth and twentieth centuries. The course focuses on a comparative analysis of North and South America as the new nations struggled with economic, political and social issues. This course is recommended for Spanish majors. CSU/UC transferable.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 8BH  3.0 units
Honors History of the Americas
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade
This course presents a comprehensive survey of the distinct national identities of the nations of the Western Hemisphere as they developed and matured during the nineteenth and twentieth centuries. The course focuses on a comparative analysis of North and South America as the new nations struggled with economic, political and social issues. This course is recommended for Spanish majors. CSU/UC transferable.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 9A  3.0 units
History of China
3.0 hours lecture
Grading: letter grade or pass/no pass
This class is a survey of Chinese history from antiquity to the present with an emphasis on the modern era. Particular attention is given to the evolution of the traditional China, the Chinese way of life, and the dynastic cycle as well as the impact of modernization, the imperial era, and the building of a new society during the 20th century. CSU/UC transferable.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 9B  3.0 units
History of Japan and Korea
3.0 hours lecture
Grading: letter grade or pass/no pass
This class is a survey of Japanese and Korean history from antiquity to the present with an emphasis on the modern era. Particular attention is given to the relationship of both countries to traditional China, the development of a unique way of life in each, and the impact of modernization and the imperial era on these two societies during the 19th and 20th centuries. UC/CSU transferable.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 9C  3.0 units
History of India and Southeast Asia
3.0 hours lecture
Grading: letter grade or pass/no pass
This class is a survey of the history of India and Southeast Asia from antiquity to the present. Emphasis is placed on the political, economic, social, religious and intellectual institutions of traditional India and representative cultures in Southeast Asia. Special attention is given to the impact of modernization on the Subcontinent, the development of modern India, and the history of representative cultures of Southeast Asia: Vietnam, Laos, Cambodia, Thailand, Burma, Malay, Sumatra, and Java. UC/CSU transferable
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 10 (CAN HIST 8)  3.0 units
Hist/Early America (Colonial-Reconstr)
3.0 hours lecture
Grading: letter grade
This course is a survey of major political, economic, social, and intellectual trends Colonial times through Reconstruction (1877). Attention is given to the collision and creation of cultures during colonization, the development of slavery, the American Revolution and national origins, and the growth and division of the nation before the Civil War. HIST 10 and 11 need not be taken in sequence, if the student desires to take both courses. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 10H  3.0 units
Honors History/Early America
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade
This course is a survey of major political, economic, social, and intellectual trends from Colonial times through Reconstruction (1877). Attention is given to the collision and creation of cultures during colonization, the development of slavery, the American Revolution and national origins, and the growth and division of the nation before the Civil War. HIST 10H and 11H need not be taken in sequence, if the student desires to take both courses.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 11 (CAN HIST 10)  3.0 units
Hist/Modern America (Reconstr-Present)
3.0 hours lecture
Grading: letter grade
This course is a survey of major political, economic, social, diplomatic and intellectual trends and events in United States history from the end of Reconstruction (1877) to the present. The course emphasizes the building of the modern industrial society, growing involvement in international relations, the evolution of a...
multi-ethnic community and social reform movements of the 20th century. HIST 10 and 11 need not be taken in sequence if the student desires to take both courses. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 11H (CAN HIST 10) 3.0 units
Honors History/Modern America
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade
This course is a survey of major political, economic, social, diplomatic and intellectual trends and events in United States history from the end of reconstruction (1877) to present. The course emphasizes the building of the modern industrial society, growing involvement in international relations, the evolution of a multi-ethnic community and social reform movements of the 20th century. HIST 10H and 11H need not be taken in sequence if the student desires to take both courses.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 18 3.0 units
History of Mexico
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a comprehensive survey of the historical and cultural development of Mexico from the pre-Columbian era to the present. The course focuses upon the major intellectual, social and political movements in the formation of modern Mexico.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 25 3.0 units
History of American Woman
3.0 hours lecture
Grading: letter grade
This course is a survey of the history of women in America from the pre-colonial period to the present. Emphasis is on the relevant political, economic, intellectual, and social role filled by American women. This course satisfies the U.S. History requirement for the AA Degree.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 27A 3.0 units
History of the African-American to 1877
3.0 hours lecture
Grading: letter grade
This course provides a comprehensive survey of the African-American experience in the United States from the colonial period to the Civil War. Emphasis is placed on African civilization prior to European enslavement, the American institution of slavery and the role of African-Americans during colonial wars. Particular attention is given to contributions of African-Americans to the social, economic and political development of the United States.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 27B 3.0 units
Hist/African-American (Reconstr-Present)
3.0 hours lecture
Grading: letter grade or pass/no pass
A comprehensive survey of African-American social, political and economic development in the United States from the Reconstruction Period to the present. Will examine Jim Crow and white supremacy, the modern civil rights movement and the new struggle for community economic development and educational and employment in the twenty-first century.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 48 3.0 units
History of California
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a comprehensive survey of California from pre-Columbian times to the present. It focuses on Amerindian cultures, the exploration, colonization and development of Hispanic California, the coming of the American and the political, economic and cultural development of California since its acquisition by the United States. This course is recommended for those planning a teaching career in California.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HIST 49 3.0 units
History of the American West
3.0 hours lecture
Grading: letter grade or pass/no pass
This course offers a broad survey of the history of the American West and examines its significance from pre-history to the present. Course topics include Native Americans, the frontier experience, the Gold Rush, women in the West, the diverse racial and ethnic groups in the history of the West, environmental issues, popular cultural representations of the West, twentieth century problems, and urban and suburban development.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

HORTICULTURE (HORT)

HORT 10A 4.0 units
Greenhouse Management and Operation
2.0 hours lecture, 6.0 hours laboratory
Grading: letter grade or pass/no pass
This course will focus on the study of greenhouse structures and operation. Topics will include heating and cooling systems, humidity and watering systems, propagation systems and controls, proper soil mix, fertilizer and injector systems, propagation methods, transplanting, shifting of nursery stock, quality and inventory control, wholesale and retail sales, shipping practices and credit management equal to industry standards. Automation, mechanization and other labor saving equipment and procedures will be discussed. This course also includes field trips.
Transfer Status: Transferable to CSU, see counselor for limitations.

Work Experience: Horticulture
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

HORT 315  1.5 units
Basic Horticulture
1.0 hour lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
This course is an introduction to the basics of the horticulture industry. The focus is on soil types, potting and transplanting, propagation, fertilizers, budding and grafting. This course also includes field trips.

HORT 315M2  1.0 unit
Landscape Design
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade or pass/no pass
Students in this course will learn basic landscape design and drafting skills including landscape symbols and lettering for plant materials, hardscape, irrigation, lighting and electrical, local and state codes. Students will prepare a finished drawing of a new landscape site in accordance to industry standards with cost estimates for materials and labor. This course also includes field trips.

HORT 323AD  0.5 unit
Landscape Construction
0.4 hour lecture, 1.1 hours laboratory
Grading: letter grade or pass/no pass
This course will aid students in developing a basic knowledge of the theory and application of soil preparation, equipment operation, planting, maintenance and techniques in irrigation, masonary, wood fences and gates and bidding.

HORT 430  4.0 units
Landscape Maintenance
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course prepares students to enhance the function and aesthetic value of public and private landscapes by applying appropriate maintenance techniques. Topics include planting, pruning, watering, soil fertility, pest management, weed control, and landscape maintenance business practices.

HORT 611  0.0 unit
Hort/Animal Sci for Disabled Students
5.0 hours lecture, 10.0 hour laboratory
Grading: LBCC Non-Graded Course
Students will learn grounds maintenance, safe operation of hand and power tools, soils and soil amendments, fertilizers, turf maintenance, flower, vegetable and fruit identification and culture, annuals and perennials, pruning, disease and weed recognition and control, irrigation principles and repair and industrial applications. This course also includes field trips, guest lecturers, and special lab and field projects for students with disabilities.

HUMAN SERVICES/SOCIAL WORK (HS)

HS 1  3.0 units
Introduction to Social Work
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed to identify and analyze the history and development of the primary services in urban and rural communities in America. Working in the social work field is explored as a helping process with a wide range of systems and social work knowledge; ethics, values, principles, professional relationships, interviewing and beginning assessment and intervention phases are also examined. The skills and responsibilities of the Social Worker in resolution of psychosocial problems are examined. Class work is supplemented by observing and/or interacting with personnel from local primary helping service agencies.
Transfer Status: Transferable to CSU, see counselor for limitations.

HS 7  3.0 units
Social Welfare: People with Disabilities
3.0 hours lecture
Grading: letter grade
This course is an overview of various disabilities and their etiology. It includes the study of methods and the processes involved in the adjustments of people and their families to various disabilities. It includes an in-depth analysis of stereotypes, prejudices and discrimination and the psychological factors involved with limiting persons with disabilities. An overview of the various social services available to persons with disabilities needed to allow them to return to as close to a normal life as possible is given.
Transfer Status: Transferable to CSU, see counselor for limitations.

HS 26  3.0 units
Introduction to Gerontology
3.0 hours lecture
Grading: letter grade or pass/no pass
This course provides an overview of the social, psychological and biological effects of aging, emphasizing individual differences among older adults,
HS 40A  3.0 units
Introduction to Addictive Behaviors
3.0 hours lecture
Grading: letter grade
This course is designed for individuals who wish to expand their knowledge of addictive behaviors. Topics covered include the basic causal relationship between alcoholism, drug abuse and addictive personalities. Students will be taught how to identify treatable issues, establish goals and objectives to treat these issues and practice implementing them to determine their effectiveness with both inpatient and outpatient populations. This course is designed to prepare students for level entry positions in the growing human services field.
Transfer Status: Transferable to CSU, see counselor for limitations.

HS 40B  3.0 units
Introduction to Addictive Behaviors
3.0 hours lecture
Grading: letter grade
This course takes the student through the abuse of alcohol and other mood altering substances throughout history. The ability to abuse and become addicted to other behaviors, such as food and sex, will also be examined. Psychological, social and physical contributions and outcomes of addictive behavior will be presented. This course is designed for those students interested in a career in Alcohol and Drug Studies. This course will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification tests.

HS 41  3.0 units
Introduction to Chemical Dependency
3.0 hours lecture
Grading: letter grade
This course is designed for individuals who wish to expand their overall knowledge of addictive behaviors. Topics covered include basic theories of codependency and eating disorders; and the exploration of methods to identify, classify, intervene and treat clients. This course is designed for persons who are preparing for careers in the rapidly growing human services field.
Transfer Status: Transferable to CSU, see counselor for limitations.

HS 43  3.0 units
Case Management: Treatment & Aftercare
3.0 hours lecture
Grading: letter grade
Students will examine ways to conduct initial intake assessments, design, implement and evaluate a treatment plan plus examine various types of treatment programs and major issues for effective termination. Client/case manager legal and confidentiality issues will also be presented. This course is designed for those interested in the helping fields. This course is required for students in preparing for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification. This course is required for both CAADE and CAADAC certification.

HS 45  3.0 units
Stress Management for Case Managers
3.0 hours lecture
Grading: letter grade
This course examines the many psychological, social and environmental stresses commonly experienced by persons working in the helping fields. Specific ways to cope or more effectively manage these stressors will be presented. Material will include techniques to deal with both individual and social/interpersonal issues. The course is strongly recommended for individuals working as case managers in the helping fields. Several skills from the Cognitive Behavioral Therapy model will be included. It will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification exam. HS 45 is strongly recommended for students preparing for both CAADE & CAADAC certification. This course is an elective for CAADE students.

HS 46  3.0 units
Physiology & Pharmacology of Drugs
3.0 hours lecture
Grading: letter grade
This course examines the effects that alcohol and several other psychoactive drugs have on our brain, body and everyday behavior. Issues including drug tolerance, dual diagnosis and the effects of drugs on sexual performance are examined as well as how to utilize this information when developing a treatment plan. This course is required for students preparing for both the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification.

HS 47  3.0 units
Intervention, Treatment & Recovery
3.0 hours lecture
Grading: letter grade
This course examines the communication process from the perspective of both the client and case manager. Several therapeutic individual treatment approaches will be presented and applied through role playing and case presentations. This course is designed for students interested in the helping professions or pursuing a career in alcohol/drug studies. This course will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification exam. HS 47 is “required” by both CAADE & CAADAC boards. This course was formerly known as HS 247; the name of this course was titled “Process & Individual Techniques”.

HS 48  3.0 units
Group & Family Process
3.0 hours lecture
Grading: letter grade
Students will explore the counseling process from the perspective of both the client and counselor. Therapeutic orientations of group/family counseling will be learned and applied through class role playing. The course is
Courses of Instruction

HS 50  3.0 units
Law and Ethics
3.0 hours lecture
Grading: letter grade
Topics covered include the applicable laws and ethics relating to case manager/client relationship in a treatment setting. Laws relating to confidentiality, patient rights, assessments and sharing of personal information will be presented. This course is designed for students interested in the helping professions. It will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification. This course is required for students seeking CAADAC certification. This course was formerly known as HS 248.

HS 71AD  2.0 units
Work Experience — Human Services
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course prepares students to develop work experience objectives, career goals, job interviewing skills, how to write a resume and address employment issues encountered in the workplace. Field placements provide vocational experiences through direct work experiences in the Alcohol/Drug treatment and Human Services disciplines. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

HS 72AD  3.0 units
Work Experience — Human Services
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course prepares students to develop work experience objectives, career goals, job interviewing skills and address employment issues encountered in the workplace. Field placements provide vocational experiences through direct employment in the Alcohol & Drug Studies and Human Services disciplines. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

HS 73AD  4.0 units
Work Experience — Human Services
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade
This course prepares students to develop work experience objectives, career goals, job interviewing skills and address employment issues encountered in the workplace. Field placements provide vocational experiences through direct employment in the Alcohol/Drug Counseling and Human Services disciplines. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

HS 207  3.0 units
Development of Helping/Listening Skills
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed for persons who are interested in working in counseling/case manager roles in the human services field. Topics covered include developing techniques for volunteer, peer and para-professionals working in the people-helping fields. Students will develop skills in initiating, attending, responding and personalizing assistance to clients. Small groups will be used to guide students through a learning sequence of listening and helping skills.

HS 242  3.0 units
Conflict Resolution/Mediation
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade
This course examines the background, development and methodology of non-violent, non-litigious conflict resolution skills with emphasis on theory and the practice of mediation. This course is designed for students working with individuals/group/staff who deal with interpersonal conflicts in the alcohol & drug treatment community. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

HS 255  3.0 units
Alcohol & Drug Prevention & Education
3.0 hours lecture
Grading: letter grade
This course will review the essential components of effective Alcohol & Drug prevention programs. Prevention programs and activities appropriate for the community, school, parents, family, and worksites will
be presented. Strategies such as education; public policies; media/information dissemination, ethnic, cultural, gender-specific approaches; and environmental risk reduction and alternatives will be presented and assessed for their application to different target populations.

**HS 260** 3.0 units

**Domestic Violence Intervention Strategies**
3.0 hours lecture
Grading: letter grade
This course is designed to provide the required academic training needed to prepare students to pursue the work experience required to qualify as a Certified Domestic Violence Counselor. Training shall include, but will not be limited to, the following: history of domestic violence, civil and criminal law as it is related to domestic violence, societal attitudes towards domestic violence, peer counseling techniques, housing, public assistance and other financial resources available to meet the financial needs of domestic violence victims.

**HUMANITIES (HUMAN)**

**INDIS 1AH** 1.0 unit

**Honors Interdisciplinary Seminar**
1.0 hour lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course analyzes Charles Darwin’s theory and the impact his writing had on science from the perspective of philosophy and biology. Honors option credit will be granted for students completing this seminar. The course is intended for students who have completed or are now taking BIO 1A-B, 2, 5, 11, 20, 25 or 41 and PHIL 6, 7, 11 or 12.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**INDIS 1BH** 1.0 unit

**Honors Interdisciplinary Seminar**
1.0 hour lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course analyzes contemporary American society from the standpoint of power and aggression using the perspective of history and psychology. Honors option credit will be granted for students completing this seminar. This course is intended for students who have completed or are now taking HIST 8A-B, 10, 11 or 25 or PSYCH 1, 2 or 33.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**INDIS 1CH** 2.0 units

**Honors Interdisciplinary Seminar**
2.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course analyzes the Columbian Revolution from its origins to its impact on the Americas, using the perspective of history and library science. Honors option credit will be granted for students completing the seminar. The course is intended for students who have completed or are now taking HIST 1A-B, 2B-C, 8A-B, 10, 11 or LIB 1.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**INDIS 1DH** 1.0 unit

**Honors Interdisciplinary Seminar**
1.0 hour lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass

**Courses of Instruction**
This course analyzes the fundamental issues facing humanity as a result of the collapse of traditional beliefs after the scientific revolution (1543-1687), using the perspective of philosophy and history. Honors option credit will be granted for students completing the seminar. The course is intended for students who have completed or are now taking HIST 1A-B, 2B-C, 8A-B, 10, 11 or PHIL 6, 7, 11 or 12.

**Transfer Status:** Transferable to UC/CSU, see counselor for limitations.

### INTERIOR DESIGN (ID)

<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| ID 1        | 3.0   | Fundamentals of Interior Design 3.0 hours lecture  
Grading: letter grade or pass/no pass  
Fundamentals of Interior Design provides an introduction to the design principles and elements necessary for the planning of interior environments that meet individual, functional, legal and environmental needs. The application of design materials and products used in interior environments will be emphasized.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| ID 5        | 2.0   | Interior Design Studio I 1.0 hour lecture, 3.0 hours laboratory  
Recommended Preparation: ID 1 (may be taken concurrently)  
Grading: letter grade or pass/no pass  
Interior Design Studio I is designed to introduce the beginning student to the application process of interior design. Studio I projects will include residential design solutions and beginning project construction.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| ID 10       | 3.0   | Beginning Drafting: Interior Design 2.0 hours lecture, 3.0 hours laboratory  
Grading: letter grade or pass/no pass  
The beginning drafting course for interior design will focus on applications of methods and theory used for architectural drawings, including basic graphics and projections for design and working drawings.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| ID 20       | 2.0   | Interior Design Careers 2.0 hours lecture  
Grading: letter grade or pass/no pass  
This course will provide a survey of the interior design profession, industry, related occupations and work sites.  
This course will emphasize personal, educational and professional qualifications required for entry into the interior design profession.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| ID 30       | 4.0   | Applied Color Theory and Design 3.0 hours lecture, 3.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course provides review of basic color and design theory and design application. The review of color theories includes Munsell, Albers, Itten and Otswald.  
Interior color exercises are applied to an interior design project. This course also explores psychological implications of design and color forecasting trends.  
Transfer Status: Transferable to CSU, see counselor for limitations. |

**ID 50**  4.0 units  
**Interior Materials and Products**  
4.0 hours lecture  
Grading: letter grade or pass/no pass  
The Interior Materials and Products course will focus on the analysis, application and evaluation of products and materials used in interior design. Various design materials and products will include interior textiles, furnishings and finish materials.  
Transfer Status: Transferable to CSU, see counselor for limitations.  

**ID 70**  3.0 units  
**Space Planning**  
2.0 hours lecture, 3.0 hours laboratory  
Recommended Preparation: ID 5 and ID 10  
Grading: letter grade or pass/no pass  
This course will provide space planning evaluation and creation involving both residential and contract interior design projects. Formal drawings will incorporate programming, matrix adjacency study, furniture arrangement, as well as ADA code and Universal Design.  
Transfer Status: Transferable to CSU, see counselor for limitations.  

**ID 70AD**  1.0 unit  
**Work Experience Issues-Interior Design**  
1.0 hour lecture  
Corequisite: Enrollment in ID 71AD, 72AD or 73AD  
NOTE: You must enroll in the corequisite course before enrolling in this course.  
Grading: letter grade or pass/no pass  
This course seminar related to work experience. Discussion of work experience objectives, career goals, employment search, communication skills and problem solving.  
Transfer Status: Transferable to CSU, see counselor for limitations.  

**ID 71AD**  1.0 unit  
**Work Experience: Interior Design**  
4.1 hours laboratory  
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.  
Grading: letter grade or pass/no pass  
This course provides vocational learning experiences through employment placement which is directly related to the Interior Design industry. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.  

**ID 72AD**  2.0 units  
**Work Experience: Interior Design**  
8.3 hours laboratory  
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.  
Grading: letter grade or pass/no pass
This course provides vocational learning experiences through employment placement which is directly related to the Interior Design industry. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

ID 73AD 3.0 units

Work Experience: Interior Design
12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course provides vocational learning experiences through employment placement which is directly related to the Interior Design industry. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

ID 80 3.0 units

History of Interiors and Furnishings I
3.0 hours lecture
Grading: letter grade or pass/no pass
The historical relationship between the decorative arts, period furniture and interior architecture is illustrated in this overview of our design heritage from antiquity through the nineteenth century in France. The history of interiors course will emphasize style development as it relates to social, economic and political context.

Transfer Status: Transferable to CSU, see counselor for limitations.

ID 90 3.0 units

History of Interiors and Furnishings II
3.0 hours lecture
Grading: letter grade or pass/no pass
The historical relationship between the decorative arts, period furniture and interior architecture is illustrated in this overview of design heritage. Beginning with the sixteenth century in America, this course analyzes the influences and changes in design to the present. The course emphasizes style development as it relates to social, economic and political forces.

Transfer Status: Transferable to CSU, see counselor for limitations.

ID 200 2.0 units

Interior Illustration
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: ID 10
Grading: letter grade or pass/no pass
This course covers application methods, techniques and tools used for illustrating interior spaces and products. Instruction will include one and two point perspective, elevations, highlighting, shading, and shadowing of interior elements.

ID 210 3.0 units

Fundamentals of Lighting
3.0 hours lecture
Grading: letter grade or pass/no pass
The Fundamentals of Lighting course will introduce lighting theory and application for the interior environment. Additional topics will include critical lighting vocabulary; how light affects color and vision; incandescent and fluorescent lamps; and codes and energy efficient lighting practices.

ID 215 2.0 units

Interior Design Studio II
1.0 hour lecture, 3.0 hours laboratory
Prerequisite: ID 5
Recommended Preparation: ID 10 and ID 70 and ID 200.
Grading: letter grade or pass/no pass
This course will apply the formal design process to the contract design project. This contract project will include the application of LEED/Green Design practices, illustration and rendering techniques and a complete set of formal design drawings.

ID 230 3.0 units

Business and Professional Practice
3.0 hours lecture
Grading: letter grade or pass/no pass
The business and professional management of an interior design practice, including legal issues, project management and business practices.

ID 240 3.0 units

Introduction to Green Design
3.0 hours lecture
Grading: letter grade
This course will provide an overview of environmentally responsible design including green and sustainable design application for Interior Designers. Case studies of green building projects will include evaluation of “green” interior finishes and materials, energy efficient lighting design, and water efficiency systems. This course will also provide preparation for the LEED Accredited Professional certification. Field trips will be required.

ID 241 3.0 units

Introduction to Leed
3.0 hours lecture
Grading: letter grade
This course will present an overview of LEED (Leadership in Energy and Environmental Design). The LEED rating system will be covered including: Sustainable Sites, Water Efficiency, Energy & Atmosphere, Materials & Resources and Indoor Environmental Quality. This course will provide preparation for the LEED Accredited Professional certification. Field trips will be required.

ID 272 1.0 unit

Residential Furnishings
1.0 hour lecture
Grading: letter grade or pass/no pass
This course provides a practical analysis of furniture design for the residential space. Consideration of furniture function, social use, case studies, design theory and fabrication will be observed. The construction of upholstered furniture and case goods will be evaluated for quality standards. Current trends in interior furniture will be discussed.
Students will analyze principles of magazine publication and methods of researching, writing, editing, and producing magazines of every type. Students will receive practical training and instruction in researching, interviewing, writing, editing, proofreading and headline writing.

Transfer Status: Transferable to CSU, see counselor for limitations.

JOURN 10 (CAN JOUR 4) 3.0 units
Intro to Global Media Communications
3.0 hours lecture
Grading: letter grade
In this course students study the social, economic, political, and cultural influence of the mass media on the individual and society. The class is designed for all majors. In this course students study the social, economic, political, and cultural influence of the mass media on the individual and society. The class is designed for all majors. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

JOURN 20 (CAN JOUR 2) 3.0 units
Beginning Newswriting and Reporting
3.0 hours lecture
Prerequisite: Eligibility for ENGL 1.
Grading: letter grade
Students will gain experience recognizing, researching and writing news stories, including college topics, breaking news, issues, government, elections, entertainment, sports, obituaries and profiles. Students will learn the importance of accuracy, the First Amendment, libel, media responsibility, fairness, balance and neutrality.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

JOURN 25 3.0 units
Free-Lance Writing
3.0 hours lecture
Grading: letter grade or pass/no pass
This course offers training in the writing and marketing of Web site, newspaper, and magazine feature stories.

Transfer Status: Transferable to CSU, see counselor for limitations.

JOURN 35AD 3.0 units
Photojournalism
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
This course offers instruction in basic and advanced photojournalism techniques and practical experience in newspaper photography. It is not open to students registered in or with credit in PHOT 35AD.

Transfer Status: Transferable to CSU, see counselor for limitations.

JOURN 71AD 2.0 units
Work Experience, Journalism
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
Courses of Instruction

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**JOURN 72AD** 3.0 units

**Work Experience, Journalism**
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**JOURN 73AD** 4.0 units

**Work Experience, Journalism**
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**JOURN 80AD** 4.0 units

**Multimedia Newsroom**
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
In the Multimedia Newsroom, students will produce material for a variety of electronic media outlets and the printed Viking newspaper. Students will gather news about Long Beach City College for stories, photos, videos, blogs, artwork, tweets, postings, informational graphics and other products under deadline pressures. The course will involve field work on campus to cover news about Long Beach City College.

Transfer Status: Transferable to CSU, see counselor for limitations.

**JOURN 85AD** 4.0 units

**Multimedia Editor Training**
3.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
Students will gain skills in editing a news Web site, other electronic products and a newspaper. Topics will include news judgment, directing reporters, photographers, bloggers and artists, copy editing, ethics and responsibility, headline writing, page design and selection and placement of photos and art for on-line formats and the printed newspaper. The class is designed for Viking news Web site and newspaper student editors and will require visits to campus settings outside of the classroom.

Transfer Status: Transferable to CSU, see counselor for limitations.

**LEARNING AND ACADEMIC RESOURCES (LEARN)**

**LEARN 11** 3.0 units

**Learning and Academic Strategies**
3.0 hours lecture, 0.2 hour supplemental learning
Grading: pass/no pass
This is a comprehensive learning and academic strategies course designed to assist students in developing an understanding of learning theories and academic principles, concepts, and strategies, along with their direct and practical application, with the goal of achieving or maximizing academic success. To assist students in gaining efficiency with the challenges of college learning and studying, students are required to complete 3 hours over the semester through a Success Center to complete activities and assignments that relate specifically to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**LEARN 610** 0.0 unit

**Basic Study Skills Laboratory**
3.0 hours laboratory
Grading: LBCC Non-Graded Course
This is a non-credit course in basic study skills. This course covers a variety of basic learning and study skills including note-taking, test-taking, memory enhancement and time management. This course may be offered in a self-paced and individualized format or in a workshop format. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**LEARN 617** 0.0 unit

**Educational Technology Skills for College**
1.0 hour laboratory
Grading: LBCC Non-Graded Course
Through computer-assisted and individualized instruction in a laboratory environment, this course is designed to increase student knowledge of educational technology resources on campus, improve student use of educational technology for the successful completion of technology based course assignments, and improve student confidence in utilizing educational technology. This course may be scheduled using the “To Be
Courses of Instruction

LEARN 650 0.0 unit

Supervised Tutoring
1.0 hour laboratory
Corequisite: Concurrent enrollment in an LBCC course.
Grading: LBCC Non-Graded Course
This course is designed to provide students with individual and small-group tutoring in specific subject areas to improve academic performance. Tutoring appointments will be scheduled, per the guidelines established by the specific location at which tutoring is offered, on a recurring, as-needed, and/or drop-in basis. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

LEARN 810AD 0.5 unit

Learning Skills
0.3 hour lecture, 0.7 hour laboratory
Grading: pass/no pass
An open-entry Learning Center course providing individualized and small group instruction in basic learning and study skills, including time management, note-taking, memory techniques, textbook study and test-taking.

LIBRARY (LIB)

LIB 1 1.0 unit

Intro to Libraries/Information Resources
1.0 hour lecture
Grading: letter grade or pass/no pass
This course teaches basic college-level research skills necessary for effective use of traditional and new information resources. Research strategies and evaluation of information resources are emphasized. The course covers the different levels, types, and formats of information, including the Internet. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

LIB 2 1.0 unit

Web Databases
1.0 hour lecture
Grading: letter grade or pass/no pass
A hands-on introduction to Web databases and their structures, this course emphasizes evaluation of information, search strategies, and search techniques used to effectively access and retrieve information in the Web environment. This course will be beneficial for students who wish to develop vital information technology skills for both academic and professional purposes. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

LIB 3 3.0 units

Information Competency
3.0 hours lecture
Grading: letter grade or pass/no pass
The course is designed to help students become an information-literate world citizen in the new seamless and global Information World. The course encompasses library literacy, information technology literacy, and Internet literacy. It encourages thought transformation, intelligent reasoning, and a new understanding of the world, including an appreciation of cultural diversity. The course has a well-balanced structure in practices and theories, with lectures, forum discussion in-class and online, computer lab activities and written research assignments. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

LIB 201 3.0 units

Introduction to Cataloging
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed to teach students the valuable skills necessary to become qualified technicians. Topics will include: cataloging principles and procedures including descriptive and subject cataloging, classification systems, Machine Readable Cataloging (MARC) formats, bibliographic utilities, authority and bibliographic verification and control. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

LIB 202 3.0 units

Introduction to Access Services
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed to teach students the valuable skills necessary to become qualified technicians. This course focuses on the major functions of library public and access services and topics will include: circulation management, collection maintenance, supervision of staff, confidentiality, intra and interlibrary loan, reserve collections, copyright laws, statistical design and compilation.

LIB 203 3.0 units

Introduction to Acquisitions
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed to teach students the valuable skills required to become qualified library technicians. This course focuses on the goals and functions of acquisitions and the topics will include: the basics of acquiring library materials; the financial management of materials budgets; vendors; and ethical considerations. Visitations to other libraries or information research centers are required.

LIB 204 3.0 units

Introduction to Reference Services
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is designed to teach students the valuable skills necessary to become qualified technicians. This course introduces students to widely used print,
### Courses of Instruction

**LIB 210**  
**Information Literacy in Allied Health**  
1.0 hour lecture  
Grading: letter grade or pass/no pass  
The course introduces students to health resources on the Internet and via subscription; it is designed for the general community and for students in the field who wish to develop their expertise in order to gain a competitive edge and upgrade their job skills.

**LIB 211**  
**Information Literacy in Business**  
1.0 hour lecture  
Grading: letter grade or pass/no pass  
The course introduces students to business resources on the Internet and via subscription; it is designed for the general community and for students in the business field who wish to expand their expertise in order to gain a competitive edge and upgrade their job skills.

**LIB 212**  
**Information Literacy in Law**  
1.0 hour lecture  
Grading: letter grade  
This is a hands-on introductory course, which acquaints students with government-related resources available on the Internet. The course is beneficial to students enrolled in Political Science, Administration of Justice, and Human Services programs, as well as the general public.

**LIB 213**  
**Information Literacy in Government**  
1.0 hour lecture  
Grading: letter grade  
This is a hands-on introductory course, which acquaints students with government-related resources available on the Internet. The course is beneficial to students enrolled in Political Science, Administration of Justice, and Human Services programs, as well as the general public.

**MANAGEMENT (MGMT)**

**MGMT 49A**  
**Introduction to Management**  
3.0 hours lecture  
Grading: letter grade  
Introduction to Management is the entry level management course designed to introduce the traditional management tasks of planning, organizing, influencing and controlling. Course topics will include important issues such as innovation, technology, diversity, quality, ethics and the global environment.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MGMT 49B**  
**Human Resources Management**  
3.0 hours lecture  
Grading: letter grade  
This course will focus on the theory and practical applications of Human Resource management: planning, recruiting, selecting, training and evaluating. Course topics will include important issues such as staffing & development, compensation & benefits, safety & health, labor-management relations, ethics and legal requirements.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MGMT 58**  
**Leadership and Supervision**  
3.0 hours lecture  
Grading: letter grade  
This course is designed for the first-line manager to develop necessary skills for success in a diverse workplace. Focus will be on human behavior issues such as ethics, motivation, communication, group dynamics and leadership development. Organizational issues will include quality, productivity and performance.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MGMT 60**  
**Management & Organization Behavior**  
3.0 hours lecture  
Grading: letter grade  
This course provides a comprehensive view of Organizational Behavior from 3 primary levels of analysis: individual behavior, group behavior and the organizational system. Of equal importance is the influence of globalization, diversity, ethics/social responsibility and technology on the organization. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MGMT 80**  
**Small Business Entrepreneurship**  
3.0 hours lecture  
Grading: letter grade  
This course is designed to help develop an understanding of the entrepreneurial elements of starting a small business with an eventual focus on the traditional management skills necessary to extend the life of the startup. Major emphasis is placed on the development of a coherent business plan. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MARKETING (MKTG)**

**MKTG 40**  
**Salesmanship**  
3.0 hours lecture  
Grading: letter grade  
This course is designed for those looking at a career in professional sales or as a refresher for current sales professionals. The course objective is to develop a
MATHEMATICS (MATH)

MATH 27 (CAN MATH 2)  3.0 units
Probability and Statistics for Elementary Teachers  
3.0 hours lecture, 1.0 hour laboratory  
Prerequisite: MATH 130, 130B, or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade, and MATH 120 or one year high school geometry or Qualification through the Math assessment process.  
Grading: letter grade  
Probability and Statistics for Elementary Teachers is a general education course that is strongly recommended for prospective elementary teachers. This activity-based course covers such topics as set theory, combinations, permutations, logic, probability and statistics.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MATH 28 (CAN MATH 4)  3.0 units
Mathematics for Elementary Teaching I  
3.0 hours lecture, 1.0 hour laboratory  
Prerequisite: MATH 130, 130B, or one year of high school intermediate algebra with a grade of B or better as reflected by the second semester grade, and MATH 120 or one year high school geometry or Qualification through the Math assessment process.  
Recommended Preparation: Eligibility for ENGL 1  
Grading: letter grade  
This course is one of several courses designed for prospective elementary teachers. Topics that are covered include pattern recognition, problem solving, sets, numeration systems, number theory and models and algorithms for operations with whole numbers, integers, rational numbers and decimals. Writing is emphasized throughout the course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MATH 29  3.0 units
Math for Elementary Teaching II  
3.0 hours lecture, 1.0 hour laboratory  
Prerequisite: MATH 28 and 120 or one year of high school geometry.  
Grading: letter grade  
This course is designed for prospective elementary teachers. Topics Include basic geometric vocabulary and notation, constructions, congruence, similarity, measurement, the Pythagorean Theorem, motion geometry and tessellations. The problem solving process is emphasized throughout the course. This course incorporates group activities and exploration of topics with manipulatives. Writing is emphasized throughout the course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

</table>
Courses of Instruction

MATH 70 (CAN MATH 20) 5.0 units
Second Calculus Course
5.0 hours lecture
Prerequisite: MATH 60
Grading: letter grade
This course is the second in the calculus sequence. Topics include Differential Equations, Applications of Integration, Integration Techniques, Improper Integrals, Sequences and Series, Parametric Equations and Polar Graphs.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MATH 80 (CAN MATH 22) 5.0 units
Third Calculus Course
5.0 hours lecture
Prerequisite: MATH 70
Grading: letter grade
This course serves as the third course in the calculus sequence. Topics include vectors and the geometry of space, vector functions, partial derivatives, multiple integrals and vector calculus.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MATH 84 4.0 units
Intro Differential Eqns and Linear Alg
4.0 hours lecture, 1.0 hour laboratory
Prerequisite: MATH 80 (may be taken concurrently).
Grading: letter grade
This course is an introduction to the solutions of ordinary differential equations and their relationship to linear algebra. Topics include systems of linear equations, matrix algebra, determinants, vector spaces, linear transformations and linear second order differential equations. Other topics include power series solutions, numerical methods, Laplace transforms, eigenvalues, eigenvectors and systems of linear differential equations and applications. This course also has a lab component in which students use computers to complete projects related to the content.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MATH 110 5.0 units
First Course in Algebra
5.0 hours lecture, 0.3 hour supplemental learning
Prerequisite: Qualification through the Math assessment process or MATH 815.
Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.
Grading: letter grade or pass/no pass
This course is the first course in algebra. Topics in this course include solving linear equations and inequalities in one variable; graphing linear equations and inequalities in two variables; solving systems of linear equations, factoring; performing operations on polynomials, rational expressions, and radical expressions; and solving rational, radical, and quadratic equations. Application problems are solved throughout the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may take either MATH 110 or MATH 110A and 110B to fulfill the course requirement. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

MATH 110A 3.0 units
First Course in Algebra
3.0 hours lecture, 1.0 hour laboratory, 0.3 hour supplemental learning
Prerequisite: Qualification through the Math assessment process or MATH 815.
Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.
Grading: letter grade or pass/no pass
This is the first of a two-semester sequence of the first course in algebra. Topics include solving linear equations and inequalities in one variable, graphing linear equations and inequalities in two variables, solving systems of linear equations, and simplifying polynomial and exponential expressions. Application problems are solved throughout the course. Group activities are incorporated within the lab portion of the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. The math requirement for an Associate of Arts degree is not satisfied by MATH 110A alone. A student may receive credit for either MATH 110 or 110A and 110B. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

MATH 110B 3.0 units
First Course in Algebra
3.0 hours lecture, 1.0 hour laboratory, 0.3 hour supplemental learning
Prerequisite: MATH 110A
Recommended Preparation: Students who have not met the reading proficiency requirement for graduation are advised to take a reading course before taking this algebra course.
Grading: letter grade or pass/no pass
This is the second of a two-semester sequence of the first course in algebra. Topics include factoring, simplifying rational and radical expressions, solving rational and radical equations, and solving quadratic equations. Application problems are solved throughout the course. Group activities are incorporated within the lab portion of the course. Students are required to complete 5 hours of supplemental learning activities in any designated Success Center. A student may receive credit for either MATH 110B or MATH 110A and 110B. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

MATH 120 4.0 units
Geometry
4.0 hours lecture
Prerequisite: Qualification through the Math assessment process or MATH 110 or MATH 110B or MATH 880 or one year High School Elementary Algebra with a grade of B or better as reflected by the second semester grade.
Grading: letter grade or pass/no pass
This is a traditional Euclidean geometry course covering such topics as deductive reasoning, basic postulates and theorems, congruency, similarity, constructions, area, and volume.

</table>
**MEDICAL ASSISTING (MA)**

**MA 270**  
3.0 units  
Introduction to Medical Assisting  
2.0 hours lecture, 3.0 hours laboratory  
Grading: letter grade  
This is the first course of three courses designed for prospective medical assistants. Topics will include instruction of procedures utilized by medical assistants. This includes the beginning level skills of asepsis, vital signs, health history, office emergencies, telephone techniques, patient education, and appointment scheduling. Typically offered for nine weeks.

**MA 280**  
3.0 units  
Health Care Clinical Procedures  
2.0 hours lecture, 3.0 hours laboratory  
Prerequisite: MA 270 and health evaluation.  
Grading: letter grade  
This is the second course of three courses designed for prospective clinical medical assistants. This course develops the skills required to assist the physician with instruction in the advanced level of psychosocial skills, surgical asepsis, assisting with minor surgery, specialty exams, patient positioning, drug administration, injections and basic pharmacology.

**MA 282**  
3.0 units  
Advanced Health Care Clinical Procedures  
2.0 hours lecture, 3.0 hours laboratory  
Prerequisite: MA 280  
Grading: letter grade  
This is the third of three courses designed for prospective medical assistants. Topics will include instruction in the advanced level of psychosocial skills, electrocardiograph techniques, phlebotomy, and in office laboratory skills.

**MA 284AB**  
2.0 units  
Medical Assisting Specialized Practicum  
6.0 hours laboratory  
Prerequisite: MA 270  
Recommended Preparation: MA 282  
Grading: pass/no pass  
This course is designed to give the student work experience in selected health care offices and/or clinics. Students in this course will experience the administrative and/or clinical aspects of Medical Assisting. This course is typically offered for nine weeks. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**MA 286**  
4.0 units  
Medical Assisting Combined Practicum  
12.0 hours laboratory  
Grading: pass/no pass  
This course is designed to give the student work experience in selected health care offices and/or clinics. Students in this course will experience the administrative as well as the clinical aspects of Medical Assisting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**MA 288**  
1.0 unit  
Medical Assisting Practicum Seminar  
1.0 hour lecture  
Corequisite: MA 284 or 286  
Grading: letter grade  
This course offers students in the Medical Assisting Program an advanced level of skills and theory, including office emergencies, professional office conduct, health care office management, resume writing and techniques utilized in job seeking.

**MA 290**  
3.0 units  
Basic Medical Insurance Billing  
2.0 hours lecture, 3.0 hours laboratory  
Grading: letter grade  
This course is designed for prospective medical assistants and those students interested in medical insurance billing. This course will include medical insurance billing requirements, ICD-9, and CPT coding to successfully file claims and effect collection of payment for medical services given.

**MULTIMEDIA TECHNICIAN**

**MMT 201**  
3.0 units  
M/M Literacy and Presentation Design  
2.0 hours lecture, 3.0 hours laboratory  
Recommended Preparation: COMIS 1 or CPAS 1  
Grading: letter grade  
Students who take Multi-Media Literacy & Presentation Design will become acquainted with the process of developing educational multimedia projects and principles of multimedia literacy and interactive design. Students will create linear and web-based multimedia presentations and prepare a portfolio of design deliverables to be implemented in subsequent courses.

**MUSIC (MUSIC)**

**MUSIC 1A**  
3.0 units  
Music Theory I  
3.0 hours lecture, 1.0 hour laboratory  
Prerequisite: MUSIC 6  
Grading: letter grade or pass/no pass  
Music Theory I is designed for music majors, but is open to non-majors with musical performance experience. This course covers the following topics through analysis and application of compositional practices of pieces from the common-practice period: diatonic harmony, primary and secondary triads, non-harmonic tones, dominant seventh chords, four-part writing, figured bass, and early-species counterpoint. It is recommended that students co-enroll in Music 5AD. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**MUSIC 1B**  
3.0 units  
Music Theory II  
3.0 hours lecture, 1.0 hour laboratory  
Prerequisite: MUSIC 1A  
Grading: letter grade or pass/no pass  
Music Theory II is designed for music majors, but is open to non-majors with musical performance experience. This course covers the following topics through analysis and application of compositional practices of pieces from the common-practice period: diatonic harmony, primary and secondary triads, non-harmonic tones, dominant seventh chords, four-part writing, figured bass, and early-species counterpoint. It is recommended that students co-enroll in Music 5AD. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

and application of compositional practices of pieces from the common-practice period: dominant sevenths, other sevenths, secondary functions, modulation, small forms.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 2A 3.0 units
Music Theory III
3.0 hours lecture, 1.0 hour laboratory
Prerequisite: MUSIC 1B
Grading: letter grade or pass/no pass
This course is designed for music majors, but is open to non-majors with musical performance experience. This course covers the following topics through analysis and application of compositional practices of pieces from the common-practice period: Neapolitans, Augmented 6th’s, enharmonic spellings and modulations, extended chords, more altered chords, common-tone diminished sevenths, late-Romantic techniques. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 2B 3.0 units
Music Theory IV
3.0 hours lecture, 1.0 hour laboratory
Recommended Preparation: Music 2A
Prerequisite: MUSIC 1B
Grading: letter grade
Music Theory IV is designed for music majors, but is open to non-majors with musical performance experience. This course covers the following topics through analysis and application of compositional practice of pieces from the common-practice period: serial techniques, matrices, set-class theory, and other 20th century techniques.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 3 3.0 units
Music Theory — Counterpoint
3.0 hours lecture, 1.0 hour laboratory
Prerequisite: MUSIC 1B
Grading: letter grade or pass/no pass
This course covers the counterpoint techniques of the 18th Century, including species counterpoint. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 5AD 1.0 unit
Musicianship I
1.0 hour lecture, 2.0 hours laboratory
Recommended Preparation: Experience performing music and/or MUSIC 31 or 6
Grading: letter grade or pass/no pass
Musicianship I covers the techniques of music dictation and sight-singing with basic, tonal materials. Topics covered are scales, intervals, basic chord structures, and harmonic-melodic-rhythmic dictation. It is recommended that the student co-enroll in Music 1A.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 6 3.0 units
Introduction to Music Theory
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is a complete introduction to music fundamentals and basic musicianship. Traditional topics are covered such as notation, meter, scales, intervals, triads, and chords. This class is designed for both music majors and non-music majors. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 7AB 2.0 units
Elementary Voice
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
Elementary Voice is a performance class designed to improve singers of all ages and talent levels. Students will learn correct techniques in tone production, breathing, diction, repertoire and song interpretation. The student will also be able to develop their self confidence through class performance. This course is designed to meet the voice requirements of music majors. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 8AD 2.0 units
Advanced Voice
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: MUSIC7AB
Prerequisite: At least two units of MUSIC 5AD
Grading: letter grade or pass/no pass
Advanced voice is a performance class designed to improve vocal techniques of the more accomplished singer. Students will be able to perform standard repertoire from classical literature which includes art songs and arias in English, German, French and Italian as well as vocal selections from Musical Theater. Students will will be able to work with a professional accompanist, improve their vocal and musical technique and receive written critiques by the instructor. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 9AD 1.0 unit
Musicianship II
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: At least two units of MUSIC 5AD
Grading: letter grade or pass/no pass
This course covers the techniques of musical dictation and sight-singing with intermediate, tonal materials. Topics covered are intermediate scales, intervals, chord structures, and harmonic-melodic-rhythmic dictation.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
MUSIC 10AD 1.0 unit
Musicianship III
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: At least two units of MUSIC 9AD
Grading: letter grade or pass/no pass
This course covers the techniques of musical dictation and sight-singing with intermediate and semi-advanced, tonal materials. Topics covered are advanced scales, intervals, chord structures, and harmonic-melodic-rhythmic dictation.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 11AD 1.0 unit
Long Beach City College Viking Chorale
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: Prior vocal experience
Grading: letter grade or pass/no pass
This course involves the study and performance of the standard choral repertoire from all historical musical periods. Attendance at all rehearsals and performances is mandatory. It is advisable that participating students have some previous choral experience, though it is not required. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 12AD 1.0 unit
Long Beach City College Viking Singers
2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This choir is a select ensemble with performances throughout the year. All periods and styles of choral music, especially classical chamber literature, are performed.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 13AD 1.0 unit
College Symphony Orchestra
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience
Grading: letter grade or pass/no pass
This course is a study of orchestral techniques through reading, rehearsal and performance of standard literature. Participation in performances is required. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 14AD 1.0 unit
Orchestra
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience
Grading: letter grade or pass/no pass
This course is a study of orchestral techniques through reading, rehearsal, and performance of orchestral repertoire. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 15AD 1.0 unit
Chamber Orchestra
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience
Grading: letter grade or pass/no pass
This is a course that consists of reading, study and performance of standard repertoire for the small orchestra. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 16AD 1.0 unit
Musicianship IV
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: MUSIC 10AD
Grading: letter grade
This course covers the techniques of musical dictation and sight-singing with advanced, tonal and atonal materials. Topics covered are advanced scales, intervals, chord structures, and harmonic-melodic-rhythmic dictation.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 19AD 1.0 unit
Beginning Instruments
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior vocal experience
Grading: letter grade or pass/no pass
Beginning instruments entails instruction in the elementary and intermediate principles of playing woodwind, brass and percussion instruments. This class is not designed for the study of the student’s major instrument, but for students who want to learn a new instrument. Reading music is not a requirement, and will be taught in the class. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 20AD 1.0 unit
LBCC Southland Chorale
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: Prior vocal experience.
Grading: letter grade or pass/no pass
The Viking Women’s Chorale will perform choral music of all historical musical periods written or arranged for treble voices. Singers will perform repertoire including a’capella, secular and sacred, light opera and musical theatre works. The Women’s Chorale involves
Courses of Instruction

participation in all concerts and performances. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 21AD 1.0 unit
LBCC Viking Women’s Choir
1.0 hour lecture, 2.0 hours laboratory
Recommended Preparation: Prior vocal experience.
Grading: letter grade or pass/no pass
The Viking Men’s Chorale will perform choral music of all historical musical periods written or arranged for men’s voices. Singers will perform repertoire including a’capella, secular and sacred, light opera and musical theatre works. The Viking Men’s Chorale involves participation in all concerts and performances. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 22AD 1.0 unit
LBCC Viking Men’s Choir
1.0 hour lecture, 2.0 hours laboratory
Recommended Preparation: Prior vocal experience.
Grading: letter grade or pass/no pass
The Viking Men’s Chorale will perform choral music of all historical musical periods written or arranged for men’s voices. Singers will perform repertoire including a’capella, secular and sacred, light opera and musical theatre works. The Viking Men’s Chorale involves participation in all concerts and performances. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 25AD 1.0 unit
Chamber Music Ensemble
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior vocal or instrumental experience.
Grading: letter grade or pass/no pass
This course serves as a study and performance of music for chamber ensembles including: brass ensemble, woodwind ensemble, percussion ensemble, string ensemble, guitar ensemble. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 26AD 1.0 unit
String Ensemble
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
This course serves as a study and performance of string literature. The course will include literature associated with both string orchestra and string chamber music and include literature from the Baroque, Classical and Romantic periods. The ensemble will perform 1 to 2 times a semester. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 27AD 1.0 unit
Brass Ensemble
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
The brass ensemble rehearses and performs music of various periods for this particular medium. The group can range from a quintet to large double brass choirs. One concert performance is required each semester. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 30A 3.0 units
Music History/Antiquity to 1800
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is a survey of music history and literature from antiquity to 1750, including cultural, intellectual and social influences. This course provides an in-depth examination of the development of Western European music through analysis and synthesizing of historical details and stylistic elements of the musical trends of the era. This course is offered in the Fall semester only. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 30B 3.0 units
Music History and Literature
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is a survey of music history and literature from 1750 to the present, including cultural, intellectual and social influences. This course provides an in-depth examination of the development of Western European music through analysis and synthesizing of historical details and stylistic elements of the musical trends of the era. This course is offered in the Spring semester only. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 31 3.0 units
Music Fundamentals
3.0 hours lecture
Grading: letter grade or pass/no pass
This is an introductory experience to the elements of music. It stresses an understanding of pitch and rhythm and their application to the creative process of personal, music expression and understanding. This course is recommended for elementary credential candidates. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 32 3.0 units
History of Jazz
3.0 hours lecture
Grading: letter grade
This one semester course is an overview on the development of the jazz tradition, tracing back to its African roots, and forward through the different styles, including blues, ragtime, swing, bebop, and post-bop. This course also focuses on the critical cultural and social issues associated with African-Americans and American history, and the role the musical developments played within the context of art as a reflection of society. This course may be scheduled
Courses of Instruction

MUSIC 33B
Intercultural Music
3.0 units
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a survey of various types of music from Latin America and the Caribbean. Students will learn to recognize numerous styles of music through rhythmic patterns, as well as the historical, geographic, and political dimensions of the genres, with emphasis on the contribution of African and European music on Latin styles.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 34AD
Music Video Production
2.0 units
2.0 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This hands-on course includes an in-depth examination of the components necessary to produce a music video, including completion of a camera-ready production proposal, script, storyboard and budgeting. Selected projects will be produced.
Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 35
Music of Multicultural America
3.0 units
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a comparative and integrative study of the multicultural musical styles of the United States, based on the fundamental principles of music appreciation. Some of the musical topics included are the music of Native Americans, European Americans, African Americans, Chicoano/Latino Americans, Asian Americans and Mid-Eastern Americans, from their historical roots to the present. Also, an analysis of musical traditions from a technical and cultural perspective; and a sequential development of listening and descriptive skills through a variety of media including films, recordings and computer-assisted instruction. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 38AD
Wind Ensemble
1.0 unit
2.0 hours lecture, 5.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
This course involves the study and performance of music composed for small wind groups, as well as unusual combination of wind and percussion instruments, usually with one player per part. The musical literature represented includes the baroque, classical, romantic and twentieth century. Two concert performances are required each semester.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 40
Appreciation of Music
3.0 units
3.0 hours lecture
Grading: letter grade or pass/no pass
This course serves as a broad approach to musical literature and its place in the cultural development of western civilization. It is designed for the non-music major. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 40H
Honors Appreciation of Music
3.0 units
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course serves as a broad approach to musical literature and its place in the cultural development of western civilization. The course is designed for non-music majors.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 41AD
Madrigal A Capella Choir
1.0 unit
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior vocal experience
Grading: letter grade or pass/no pass
This choir provides the study of vocal techniques and music reading through performance of a capella choral literature. Participation in several performances each semester is required. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 42AD
Professional Advanced Vocal Ensembles
1.0 unit
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: MUSIC 78AD and/or 44AD
Grading: letter grade or pass/no pass
Jazz Standards and Pop Classics are studied and performed in advanced, small vocal groups, emphasizing the musical styles characteristic of this genre. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 44AD
The Evening Jazz Choir
1.0 unit
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: Prior vocal experience
Grading: letter grade or pass/no pass
Jazz standards and pop classics are studied and performed in a choral setting (Soprano, Alto, Tenor, Bass), emphasizing the musical styles characteristic of this genre. The choir is comprised of people within the community who usually work full-time in a non-related occupation and can rehearse and perform during the evening. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the
Courses of Instruction

MUSIC 45AD 1.0 unit
Gospel Music
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
This course covers the study and performance of Gospel Music including traditional, historic, contemporary, Praise and Worship styles. Emphasis will be directed to vocal techniques, genre, and the origin of Gospel Music. Key figures in the field will be studied. There will be a minimum of two concerts per semester.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 46AD 1.0 unit
College Symphonic Band
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
This is a performance organization dedicated to the production of a wide variety of musical literature for the Wind Band and an association with professional soloists. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 47AD 1.0 unit
Wind Symphony
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
The Wind Symphony is a performance organization which seeks out, prepares and performs wind band literature from all periods and musical styles. While all repertoire is considered, the majority of music performed is somewhat more traditional in nature and tends to be focused more on mainstream 20th Century literature composed and transcribed for wind instruments. The instrumentation of the wind ensemble includes woodwinds, brass, and percussion. The ensemble will traditionally have two concerts a semester as well as go on a tour in the spring. Other concert opportunities may also arise. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 48AD 1.0 unit
Recording Band
4.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
This course provides students an opportunity to experience a professional recording situation, such as click-tracks, overdubbing and the study of microphone capabilities for live recording sessions. As well as learning recording techniques, students will perform at Long Beach City College athletic and academic events.
Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 49AD 1.0 unit
Viking Show Band
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: Prior instrumental experience.
Grading: letter grade or pass/no pass
The Viking Show Band will perform for all home football and basketball games as well as pep rallies, performances on campus, and at a variety of special activities in and around the Long Beach community. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 50AD 1.0 unit
Performance Showcase/Ensemble Workshop
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course is the study of performing contemporary jazz styles through reading, rehearsal and performance in a group of variable instrumentation. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 51A 2.0 units
Beginning Piano 1
2.0 hours lecture, 2.0 hours laboratory
Prerequisite: MUSIC 51A
Grading: letter grade or pass/no pass
In this course, students refine and further develop beginning keyboard skills. This includes Piano technique, major scales and arpeggios, sight-reading, chord progressions and harmonization skills as encountered in upper-beginning/early intermediate piano music. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 51B 2.0 units
Beginning Piano 2
2.0 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
Prerequisite: MUSIC 51A
In this course, students refine and further develop beginning keyboard skills. This includes Piano technique, major scales and arpeggios, sight-reading, chord progressions and harmonization skills as encountered in upper-beginning/early intermediate piano music. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

MUSIC 51C  2.0 units
Intermediate Piano I
2.0 hours lecture, 2.0 hours laboratory
Prerequisite: MUSIC 51B
Grading: letter grade
This course will allow students to refine and develop beginning keyboard skills. Piano technique, major and
minor scales and arpeggios, sight-reading, expanded
choir progressions and harmonization skills are
encountered in intermediate piano music. This course
may be scheduled using the “To Be Arranged” (TBA)
scheduling format. Please see the section on
“Curriculum Offerings” for a description of
requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

MUSIC 52AD  2.5 units
Advanced Piano
2.0 hours lecture, 2.0 hours laboratory
Prerequisite: MUSIC 51C
Grading: letter grade or pass/no pass
This course is a continuation of the technical skills and
and studies, sight reading, and piano literature of Music 51C,
covering the intermediate to advanced levels, and
exploring the interpretation of various musical styles
from Baroque to Modern. This course may be scheduled
using the “To Be Arranged” (TBA) scheduling format.
Please see the section on “Curriculum Offerings” for a
development of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

MUSIC 55AD  1.0 unit
Guitar
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course provides beginning instruction in the guitar,
using a classical approach to basic technique,
musicianship, and repertoire.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

MUSIC 56AD  1.0 unit
Intermediate Guitar
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: MUSIC 55AD
Grading: letter grade or pass/no pass
This course provides intermediate/advanced instruction
in the guitar, using a classical approach to advanced
technique, musicianship, ensemble work, and
repertoire.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

MUSIC 58AD  1.0 unit
College Philharmonia
2.0 hours lecture, 3.0 hours laboratory
Recommended Preparation: Prior successful orchestral
experience.
Grading: letter grade
This course involves the study and performance of the
orchestral repertoire and works by contemporary
composers. It emphasizes ensemble techniques
including articulation, balance, phrasing, expression and
accompanying. Participation in two concerts per
semester, at minimum, is required. This course may be
scheduled using the “To Be Arranged” (TBA)
scheduling format. Please see the section on
“Curriculum Offerings” for a description of
requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

MUSIC 59AD  2.0 units
Digital Recording and Sampling Technique
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This class is a study of the digital recording and sampling
techniques used in contemporary songwriting, music
production, sound design and film scoring (i.e. remixes,
rap music, pop, contemporary jazz, R&B, sound effects,
etc.). This course may be scheduled using the “To Be
Arranged” (TBA) scheduling format. Please see the
section on “Curriculum Offerings” for a description of
requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for
limitations.

MUSIC 60AD  2.0 units
Pro Tools (Digital Audio Recording/Edit)
2.0 hours lecture, 2.0 hours laboratory
Grading: letter grade
This course provides instruction on the functions and
operations of Pro Tools software and a general overview
of Pro Tools related hardware. The class instruction
provides a hands-on experience through ‘real-world’
related assignments for students to record, edit and mix
digital audio in a computer environment. Although the
Pro Tools systems vary in specifications, features and
price, the user interface for all systems is consistent and
enables the student to translate learned skills to any
high-end professional Digital Audio Workstation. This
course may be scheduled using the “To Be Arranged”
(TBA) scheduling format. Please see the section on
“Curriculum Offerings” for a description of
requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for
limitations.

MUSIC 61AD  1.0 unit
Music Mastering
1.0 hour lecture, 2.0 hours laboratory
Recommended Preparation: MUSIC 95
Grading: letter grade or pass/no pass
This course is a hands-on lecture/lab based class
focusing on the processing of master mixdowns in
preparation for the manufacturing of CD’s, cassettes and
LP’s. This course may be scheduled using the “To Be
Arranged” (TBA) scheduling format. Please see the
section on “Curriculum Offerings” for a description of
requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for
limitations.

MUSIC 62AD  1.0 unit
Commercial Guitar/Bass Stu (Beginning)
1.0 hour lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is the study and practice of the beginning
techniques of guitar and bass as they are used and
performed in studio and live performance.
Transfer Status: Transferable to UC/CSU, see counselor
for limitations.

covers basic music notation as it is used in music technology. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 72AD** 2.0 units

*Com Improvisation/Arranging/Scoring*

1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is designed to prepare music students for careers in arranging and improvisation including composing and performance principles as they apply to the music industry.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 74AD** 2.0 units

*Solo Vocal Performance (Pop, Jazz, Rock)*

1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
Recommended Preparation: MUSIC 7AB

This course is a performance class designed to help singers of all ages and talent levels improve their craft by performing in front of a “live” audience. All genres (pop, rock, gospel, rap, classical and jazz) are welcome. Students will learn microphone techniques, work with a professional accompanist and/or prerecorded accompaniment tracks and receive written critiques by the instructor after each performance. All performances are recorded and returned to the student for artistic review. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 75A** 1.0 unit

*The Music Business*

3.0 hours lecture
Grading: letter grade or pass/no pass
Recommended Preparation: MUSIC 7AB

This course is the study of how the music business is structured and how it works. Job opportunities, job responsibilities and auxiliary jobs related to the music business will be surveyed and discussed. Students are directed towards research in their areas of interest. Guest speakers serve as industry resources. The course also includes an introductory study of music industry personalities covering historical, traditional and contemporary genres.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 75B** 1.0 unit

*The Music Business*

3.0 hours lecture
Grading: letter grade or pass/no pass
This course continues the study of how the music business system is structured and how it works. Job opportunities, job responsibilities and auxiliary jobs related to the music business will be surveyed and discussed. Students are directed towards research in their areas of interest. Guest speakers serve as industry resources. Music 75B also includes an advanced study of music industry personalities covering traditional and contemporary genres. Key music industry figures will be studied. This course also covers the techniques required to develop a resume and/or a portfolio.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 76AD** 1.0 unit

*Recording Techniques Lab*

3.0 hours laboratory
Grading: letter grade or pass/no pass

This class is for Advanced Recording and Record Production students who wish to further their education through upper level individualized study. Topics may include: advanced level individual and group studio projects; production of a fully mastered CD duplication ready project; live and recorded location audio techniques; and other special projects as assigned by the instructor.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 77AD** 1.0 unit

*Studio Performance Techniques*

1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass

This course is a study of instrumental performance techniques in a recording studio environment through rehearsal and performance of instrumental jazz literature. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 78AD** 1.0 unit

*“City” Jazz Big Band*

2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass

Recommended Preparation: Prior vocal experience

Jazz Standards and Pop Classics are studied and performed in a choral setting (Soprano, Alto, Tenor, Bass), emphasizing the musical styles characteristic of this genre. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 80AD** 1.0 unit

*Commercial Keyboard*

1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass

This course is designed to give students a practical approach to music on piano keyboard instruments, and at the same time, provide avenues for the improvement of keyboard skills such as music styles, harmony,
Courses of Instruction

improvisation and reading. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 82AD 2.0 units
Sound Reinforcement
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: MUSIC 94
Grading: letter grade or pass/no pass
This course provides hands-on instruction in the use of sound reinforcement equipment, including mixing techniques for live sound, selection and assembly of live sound systems, and the development of mixing expertise in a live sound venue. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 83AD 1.0 unit
Film/Video Music/Scoring
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course serves as a study of the various aspects of writing for video, motion pictures and television, including appropriate compositional techniques, stylistic considerations and an in-depth study of the use and application of computer technology in writing music for video and film media. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 84AD 2.0 units
Commercial Songwriting
2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course is a study of contemporary songwriting principles and techniques. The course is designed to explore the use of state-of-the-art technology in the songwriting process and is appropriate for students who wish to pursue careers as songwriters, artists, producers and/or recording engineers. Students will be introduced to systematic analytical techniques that aid in the developmental skills related to the songwriting process. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 85AD 1.0 unit
Commercial Small Jazz Group
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior instrumental experience
Grading: letter grade or pass/no pass
The Commercial Small Jazz Group is a music ensemble (either vocal or instrumental) formed to study and perform both classic and standard jazz repertoire. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 86AD 2.0 units
Record Production (Fundamentals)
1.0 hour lecture, 6.0 hours laboratory
Prerequisite: MUSIC 94
Grading: letter grade or pass/no pass
This course provides continuing students the knowledge and hands-on techniques required to function as a producer in today’s state-of-the-art recording studios. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

MUSIC 87AD 1.0 unit
Vocal Jazz Trios, Quintets, Octettes
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Prior vocal experience.
Grading: letter grade or pass/no pass
This course is a study of challenging vocal arrangements of jazz standards and pop classics. There will be multiple concerts and performances during the semester.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 88AD 1.0 unit
Small Studio Lab
3.0 hours laboratory
Recommended Preparation: One semester of MUSIC 94, 95, 96AD or 98AD
Grading: letter grade or pass/no pass
This course is a study of recording studio techniques. Students will explore the use of synthesizers, drum machines, digital effects units and computers in the small studio environment. This course is appropriate for students who wish to pursue careers as music producers, songwriters, and/or recording engineers. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

MUSIC 89 3.0 units
History Of Rock
3.0 hours lecture
Grading: letter grade or pass/no pass
The History of Rock Music will be treated as a chronological study. This allows for brief overviews of society in periods and then illustrates how the music of a particular period either supports or contradicts societal views. Although the main emphasis of study will be from 1955 to the present, brief attention will be given to sixteenth through twentieth century musical history and form as it relates to this period. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.
**Courses of Instruction**

**MUSIC 90AD** 2.0 units

*Commercial Music Theory*

1.0 hour lecture, 3.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course is a study of Diatonic and Nondiatonic harmony as used in commercial/contemporary music. Course instruction includes the study of basic music scales/keys, intervals, common chord structures, Circle of Fifths, chord progressions, standard song forms, lead sheets and song analysis. The course is designed to accommodate students with and without a formal music background. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 91AD** 2.0 units

*Special Studies*

1.0 hour lecture, 3.0 hours laboratory  
Recommended Preparation: Prior vocal or instrumental experience.  
Grading: letter grade or pass/no pass  
This course entails the directed study of special problems in music theory, composition, musicology, performance practice or organization and administration of instrumental or vocal ensembles. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**MUSIC 92AD** 1.0 unit

*Applied Vocal & Instrumental Music*

10.0 hour laboratory  
Grading: letter grade or pass/no pass  
This course is designed for, but not limited to, music majors to gain experience in music performance for the purpose of transferring to a university music program. It is strongly recommended that students have instruction on either a keyboard instrument, voice, guitar or any standard instrument of the band or orchestra. The course includes performance of representative music literature from various periods and composers. The level of proficiency is determined by faculty adjudication. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**MUSIC 93AD** 2.0 units

*MIDI Music Production 2*

1.0 hour lecture, 5.0 hours laboratory  
Prerequisite: MUSIC 98AD  
Grading: letter grade or pass/no pass  
This course provides a hands-on approach into the production of records, tape and CDs utilizing computer technology and MIDI based musical devices. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 94 2.0 units**

*Beginning Recording Techniques*

2.0 hours lecture, 2.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course serves as a hands-on instruction for beginners in the use of multi-track recording systems, emphasizing critical listening skills and the development of a recording project. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 95 2.0 units**

*Intermediate Recording Techniques*

2.0 hours lecture, 2.0 hours laboratory  
Prerequisite: MUSIC 94  
Grading: letter grade or pass/no pass  
This is an intermediate level recording theory and production class. Topics include hands-on instruction in the applications of a multitrack studio, use of out-board gear, signal flow, trouble-shooting, and session etiquette, with an emphasis on micing techniques. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 96AD 2.0 units**

*Advanced Recording Techniques*

2.0 hours lecture, 2.0 hours laboratory  
Prerequisite: MUSIC 95  
Grading: letter grade or pass/no pass  
This class provides hands-on instruction in advanced recording techniques, including the use of a digital multi-track studio, studio miking techniques, studio etiquette, dealing with musicians, and mixing at the advanced level, including the advanced use of out-board gear. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**MUSIC 97AD 2.0 units**

*Tools of the Music Trade*

2.0 hours lecture, 4.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course covers the study of state of the art technology, skills, principles, methods and terminology used in the creation of contemporary music. Students are directed in detailed Internet research that is designed to foster and enhance their understanding and knowledge of industry tools currently in use. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.
### MUSIC 98AD  2.0 units

**MIDI Music Production I**

1.0 hour lecture, 4.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course provides a hands-on approach to the programming of synthesizers, drum machines, and sequencers in a Macintosh-based studio setting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

### MUSIC 200AB  3.0 units

**Lister-Sink Keyboard Technique Method**

2.0 hours lecture, 4.0 hours laboratory  
Prerequisite: MUSIC 92AD and/or MUSIC 52AD  
Grading: letter grade or pass/no pass  
This course is designed to give the keyboard player practical and theoretical knowledge of the fundamentals of a holistic, injury-preventive technique. It will address biomechanics, keyboard mechanics, wellness, and instruction in the fundamentals of healthful sound production through the Lister-Sink Method. Students apply principles of injury-preventive technique to basic keyboard exercises, studies and graduated repertoire.

### MUSIC 271AD  2.0 units

**Work Experience-Music**

1.0 hour lecture, 4.1 hours laboratory  
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.  
Grading: letter grade or pass/no pass  
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

### MUSIC 272AD  3.0 units

**Work Experience-Music**

1.0 hour lecture, 8.3 hours laboratory  
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.  
Grading: letter grade or pass/no pass  
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

### MUSIC 273AD  4.0 units

**Work Experience-Music**

1.0 hour lecture, 12.5 hours laboratory  
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.  
Grading: letter grade or pass/no pass  
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

### NURSING, ASSOCIATE DEGREE

#### NURSING- RN (ADN)

**ADN 11A  2.5 units**

**Introduction to Nursing**

2.5 hours lecture  
Prerequisite: Hospital agency requires CPR certification for health care providers. ANAT 1, PHYS 1, BIO 2, and ENGL 1 or 105 or ESL 34.  
Corequisite: PSYCH 1 or SOCIO 1 (may be taken as a prerequisite)  
Grading: letter grade or pass/no pass  
The course is an introduction to the basic concepts of the Self-Care Theory of Nursing by Dorothea Orem. Included are the basic knowledge, skills and attitudes necessary to meet or to assist in meeting the universal self-care requisites of the hospitalized adult. Also included are the fundamental concepts upon which subsequent courses in the nursing program are built.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 11AL  1.5 units**

**Introduction to Nursing Lab**

4.5 hours laboratory  
Prerequisite: ENGL 1, 105 or ESL 34 and BIO 60, 60L, and CDECE 47. Compliance with all clinical agency health and safety policies is required the first day of the course.  
Corequisite: ADN 11A  
Grading: letter grade or pass/no pass  
The course includes on-campus lab practice and application of the course content in clinical nursing situations. This lab course aligns with the course content presented in ADN 11A.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 11B  2.5 units**

**Health Deviations 1**

2.5 hours lecture  
Prerequisite: ADN 11A and ADN 11AL.  
Grading: letter grade or pass/no pass  
his course is an introduction to deviations in health of the adult client. It emphasizes the health deviation self-care requisites of intake of air, intake of water, balance of activity and rest. Collaborative problems are added to previously learned information about the nursing process; as well as medication administration, oral and injected. The course places an emphasis on teaching safety and communication for the hospitalized patient.  
Transfer Status: Transferable to CSU, see counselor for limitations.
Courses of Instruction

**ADN 11BL**  
Health Deviations 1 Lab  
4.5 hours laboratory  
Prerequisite: ADN 11A and 11AL. Compliance with all clinical agency health and safety policies is required the first day of the course.  
Corequisite: ADN 11B.  
Grading: letter grade or pass/no pass  
This course includes on-campus lab practice and application of the course content in clinical nursing situations. Skill activities include oral and injected drug administration, respiratory, abdominal and lower leg assessment and related skills. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 12A**  
Health Deviations 2  
2.5 hours lecture  
Prerequisite: ADN 11B and 11BL.  
Grading: letter grade or pass/no pass  
This course is the second medical-surgical nursing course in the program. The effects and results of specific health deviations and treatment modalities upon the surgical patient will be studied. Emphasis is placed on the collaborative management of nursing care including the professional role, communication, safety and Orem’s Self-Care Theory as it relates to the nursing process with the middle aged adult in the surgical setting. Must be enrolled in this course before attempting to enroll in ADN 12AL.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 12AL**  
Health Deviations 2: Lab  
4.5 hours laboratory  
Prerequisite: ADN 11B and 11BL. Compliance with all clinical agency health and safety policies is required the first day of the course.  
Corequisite: ADN 12A. You must first enroll in the corequisite course before you attempt to enroll in this class.  
Grading: letter grade or pass/no pass  
This laboratory course includes both on-campus laboratory practice and application of course content in the live nursing situation. Skill activities include intravenous therapy, medical and surgical aseptic practices and selected physical assessments. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 12B**  
Health Deviations 3  
2.5 hours lecture  
Prerequisite: ADN 12A and 12AL.  
Grading: letter grade or pass/no pass  
This course continues to explore the professional role of the nurse and patient demands for increased care necessitated by health deviations in the hospitalized adult. The content emphasizes the nursing process using Orem’s Self-Care Theory, specifically the requisites of sufficient intake of water and food, elimination, and excretion. Focus is placed on collaborative management of care, communication, safety, and critical thinking in assuming the expanding role of the registered nurse. Additionally, the effects of specific pathological health deviations and medical treatment modalities for the medical patient are studied with attention to teaching and learning. Must be enrolled in this course before attempting to enroll in ADN 12BL.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 12BL**  
Health Deviations 3: Lab  
4.5 hours laboratory  
Prerequisite: ADN 12A and 12AL. Compliance with all clinical agency health and safety policies is required the first day of the course.  
Corequisite: ADN 12B. You must first enroll in the corequisite course before you attempt to enroll in this course.  
Grading: letter grade or pass/no pass  
This course provides on-campus lab practice and application of course content utilizing Orem’s Self-Care Theory and the nursing process in the live nursing situation. Skill activities include intravenous therapy, physical assessments, and medical and surgical aseptic practice with related skills. Students assume the professional role of the registered nurse while collaborating and managing the safe care of a multiple patient assignment in the medical areas of the acute care facilities. Communication, teaching and learning, and critical thinking skills are emphasized. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 20A**  
Transition to Second Level Nursing  
1.0 hour lecture  
Prerequisite: ANAT 1, PHYSI 1, BIO 2, ENGL 105 or 1 or EEL 34 CPR Certification for health care providers.  
Corequisite: ADN 202AD.  
Grading: letter grade or pass/no pass  
This course is designed to prepare advanced placement licensed vocational nursing students for second level Registered Nursing content. The major foci are Orem’s Self Care Theory of Nursing and the application of the nursing process as a second level practitioner.  
Transfer Status: Transferable to CSU, see counselor for limitations.

**ADN 21A**  
Women’s Health  
2.5 hours lecture  
Prerequisite: ADN 12B and 12BL or 20A and CPR certification for health care providers.  
Corequisite: ADN 31A. You must first enroll in the corequisite course before you attempt to enroll in this class.  
Grading: letter grade or pass/no pass  
This course emphasizes Orem’s theory of developmental self-care requisites, health deviations and universal self-care requisites as it relates to women and newborns. The content involves the study of gynecological problems, deviations from normal pregnancy, care during prenatal, intrapartal, and postpartal periods, of
Courses of Instruction

ADN 21AL 3.0 units
Women’s Health Lab
9.0 hours laboratory
Prerequisite: ADN 20A and CPR certification.
Corequisite: ADN 21A. You must first enroll in the corequisite course before you attempt to enroll in this class.
Grading: letter grade or pass/no pass
This course applies the course content in a live nursing situation. It includes on-campus/clinical lab practice and testing of required skills in perinatal units, newborn nursery, GYN, and community setting. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADN 21B 2.5 units
Mental Health
2.5 hours lecture
Prerequisite: ADN 12B, 12BL or 20A.
Grading: letter grade or pass/no pass
This course is a study of Theory of nursing by Orem as it relates to mental health and/or mental illness in the client with acute/chronic debilitating diseases. Emphasis is placed on communication skills which is the focus of the course.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADN 21BL 3.0 units
Mental Health Lab
9.0 hours laboratory
Prerequisite: ADN 12B and 12BL or 20A. Compliance with all clinical agency health and safety policies is required the first day of the course.
Corequisite: ADN 21B
Grading: letter grade or pass/no pass
This laboratory course includes both on and off campus labs that provide an opportunity to practice and apply the theory content in simulated and live nursing situations.
The primary emphasis is placed on the application of theory and communication skills in both the psychiatric and medical-surgical acute care settings. Skill activity includes, IV venipuncture, group participations and varies communication techniques. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADN 22A 2.5 units
Adv Nursing I Critical Care Life Span
2.5 hours lecture
Prerequisite: ADN 21A and 21AL and 21B and 21BL and CPR certification for health care providers.
Corequisite: ADN 22AL and ADN 31B.
Grading: letter grade or pass/no pass
This course emphasizes Orem’s theory of developmental self-care requisites, health deviations, and universal self-care requisites as it relates to critically ill adults and ill children. The content involves the study of critical illness in adults and illness in children.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADN 22AL 3.0 units
Adv Nurs I-Critical Care Life Span Lab
9.0 hours laboratory
Prerequisite: ADN 21 and 21AL and 21B and 21BL and CPR certification for health care providers.
Corequisite: ADN 22A. You must first enroll in the corequisite course before you attempt to enroll in this course.
Grading: letter grade or pass/no pass
The activities for this laboratory course include on-campus practice and application, in acute care hospitals and outpatient settings, of course content in critical care and pediatrics taught in ADN 22A. The course emphasizes the educative/supportive role of the nurse. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADN 22B 2.5 units
Advanced Nursing II Role Transition
2.5 hours lecture
Prerequisite: ADN 22A and 22AL or 322A.
Grading: letter grade or pass/no pass
This course provides the opportunity to integrate all previously learned theories and skills. Advanced geriatric content and leadership theory is utilized in a primary or team nursing setting on various hospital shifts and in the home health settings. The major emphasis is placed on the role transition from student to graduate nurse.
Transfer Status: Transferable to CSU, see counselor for limitations.

ADN 22BL 3.0 units
Adv Nursing II-Role Transition Lab
9.0 hours laboratory
Prerequisite: ADN 22A and 22AL or 322A. Compliance with all clinical agency health and safety policies is required the first day of the course.
Corequisite: ADN 22B
Grading: letter grade or pass/no pass
This laboratory course provides the opportunity to integrate all previously learned theories and skills in the clinical setting. It incorporates advanced geriatric content and leadership theory in a primary or team nursing setting on various hospital shifts and in the home health setting. The major emphasis is on the role transition from student to graduate novice nurse. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

### Courses of Instruction

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| **ADN 222AD** | 2.0 units | Clinical Practicum III 6.0 hours laboratory  
Prerequisite: ADN 21A and 21B. Compliance with all clinical agency health and safety policies is required the first day of the course.  
Corequisite: ADN 22A or 22B  
Grading: pass/no pass  
This course will provide student nurse experiences in approved health care agencies through the Board of Registered Nursing. The purpose of this course is to apply theory and principles taught in the classroom to the clinical setting. |
| **ADN 225** | 3.0 units | Nursing Applications of Pharmacology 3.0 hours lecture  
Recommended Preparation: READ 82 and MATH 110 or 110B or High School Algebra.  
Grading: letter grade  
This course introduces the study of drugs and drug administration as a part of health care. Representative drugs are classified into large sets so that relationships can be recognized and remembered. General principles of drug actions and interactions, both therapeutic and undesirable, are the basis for the study of individual drugs. Administration of medications, including dosage calculation, is emphasized. Not open for credit to students registered in or with credit in VN 225. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. |
| **ADN 321A** | 1.5 units | Women’s Health & Advanced Obstetrics 1.5 hours lecture  
Prerequisite: ADN 20A and CPR certification for health care providers.  
Grading: letter grade or pass/no pass  
This course is designed to fulfill the women’s health and advanced obstetrics nursing requirement for the thirty-unit option only. The major focus is nursing care of the adult client in the gynecological surgical units and high-risk obstetrical units, including care of the high-risk infant. It emphasizes the educative/supportive role of the nurse. |
| **ADN 321AL** | 1.5 units | Women’s Health & Advanced Obstetrics Lab 5.0 hours laboratory  
Prerequisite: ADN 31A and 321A  
Grading: letter grade or pass/no pass  
This course applies the course content in a live nursing situation. It includes on-campus/clinical lab practice and testing of required skills in perinatal units, newborn nursery, GYN, and community setting. |
| **ADN 322A** | 1.5 units | Advanced Nursing I-Adult Critical Care 1.5 hours lecture  
Prerequisite: ADN 321A and ADN 21B and ADN 21BL and CPR certification for health care providers.  
Grading: letter grade or pass/no pass  
This course is designed to fulfill the advanced medical/surgical nursing requirements for the 30-unit option student. The major focus of the course is nursing care of the adult patient in the critical care setting. It emphasizes the educative/supportive role of the nurse. |
| **ADN 322AL** | 1.5 units | Adv Nursing I-Adult Critical Care Lab 5.0 hours laboratory  
Prerequisite: ADN 321A and ADN 21B and ADN 21BL and CPR certificate for health care providers.  
Corequisite: ADN 31B and ADN 322A. You must first enroll in the corequisite course before you attempt to enroll in this class.  
Grading: letter grade or pass/no pass  
This course is designed to fulfill the advanced medical/surgical nursing requirements for the 30-unit option only. The major focus is nursing care of the adult patient in the critical care setting. This course will emphasize the educative/supportive role of the nurse. |
| **ADN 430** | 2.5 units | NCLEX-RN Preparation Course 2.5 hours lecture  
Prerequisite: Letter of Eligibility to take NCLEX-RN or Authorization to test (ATI) letter from BRN.  
Grading: letter grade  
This course is designed to prepare the graduate nurse to pass the NCLEX-RN. The content includes medical, surgical, pediatrics, nursing of the child-bearing family, mental health, pharmacology, critical thinking, community health and leadership refresher course. |
| **ADN 600** | 0.0 unit | Health Care Learning Center 15.0 hours laboratory  
Corequisite: Current enrollment in a health care program course.  
Grading: LBCC Non-Graded Course  
A non-credit course designed to augment classroom instruction and to improve student achievement through self-paced multi-media programs. Through the use of modern teaching machines, materials and methods, the student can receive personalized instruction beginning at his present level and progressing at his own speed. |
| **ADN 610** | 0.5 unit | Nursing Skills Refresher Laboratory 0.7 hour laboratory  
Corequisite: Current enrollment in a health care program course.  
Grading: LBCC Non-Graded Course  
This course is designed to provide students with individual and small-group instruction in basic bedside nursing skills and advanced bedside nursing skills. Supervised practice is available on a recurring, as needed, and/or drop-in basis to improve performance levels. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. |
| **ADN 810** | 0.0 unit | Preparation for Nursing 0.5 hour lecture  
Grading: pass/no pass  
This course is designed for a beginning nursing student with no previous experience in health care. The course supports the beginning nursing student in the development of effective study habits and test-taking skills, the study of common nursing terms, abbreviations and symbols, and reading drug labels that are basic to nursing. In addition it prepares the student for calculation of drug dosages. |
VN 215  6.0 units
Fundamentals of Nursing
3.5 hours lecture, 7.5 hours laboratory, 0.2 hour supplemental learning
Recommended Preparation: READ 883 and MATH 805
Grading: letter grade
This combined lecture/lab course is designed to prepare students to perform basic-fundamental nursing skills required in the care of residents in long-term/skilled nursing facilities. Content includes safety principles, physical care, emotional support and infection control. Upon completion of the course, the student qualifies for the certified nursing assistant (CNA) written and performance examination to be administered at regional testing centers. Students are required to complete 4 hours through out the course of the semester in a Multidisciplinary Success Center to complete activities and assignments that relate specifically to this course’s content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 220  4.0 units
Transition to Vocational Nursing
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: BIO 60 and VN 225 or ADN 225
Recommended Preparation: Qualification through the Reading assessment process or READ 82.
Grading: letter grade
This combined lecture/campus lab course is designed to prepare students for success in the vocational nursing program. Content includes critical thinking & problem solving, communication, cultural competency, professional roles and responsibilities, and developmental levels across the lifespan. Additional topics include learning styles, nursing terminology, nutrition, basic documentation, dosage calculation, and health and safety policies required for VN program admission. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 222  1.0 unit
Intravenous Therapy
0.5 hour lecture, 1.5 hours laboratory
Prerequisite: VN 255 or VN 265, or licensed as a vocational nurse (LVN).
Grading: pass/no pass
This course is designed for instruction and supervised practice of the concepts and techniques of Intravenous therapy. The course is designed to meet the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT) Intravenous Certification. This course is designed for students who have completed the Vocational Nursing Program and are preparing for licensure. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 225  3.0 units
Nursing Applications of Pharmacology
3.0 hours lecture
Recommended Preparation: READ 82 and MATH 110 or MATH 110B or high school algebra.
Grading: letter grade
This is an introductory course into the study, classification and management of commonly prescribed drugs. The principles of medication administration including typical nursing responsibilities, and dosage calculation are included. A strong foundation in math skills is required for dosage calculations. This course is not open for credit to students who have completed ADN 225, ADN 225 and VN225 are equivalent courses. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 230  3.0 units
Common Health Deviations 1
3.0 hours lecture
Prerequisite: VN 220, VN 225, and BIO 60.
Grading: letter grade
Admission to the program is required prior to enrolling in this first clinical course of the vocational nursing program. The course includes the nursing concepts of the nursing process, Orem’s self-care theory, disuse syndrome, skin integrity/wound care, activity and rest, altered nutrition, and risk for injury and fluid and electrolytes. Other topics include pathophysiology and nursing care for patients with diabetes, cardiovascular problems and respiratory disorders.

VN 230L  3.5 units
Common Health Deviations 1 Lab
10.5 hour laboratory
Corequisite: VN 230
Grading: pass/no pass
This course provides opportunity for nursing students to practice the concepts learned in VN230 in a hospital or sub-acute setting. The campus lab content includes basic data collection and health assessment, preparation of nursing care plan, nursing documentation, oxygen therapy, and medication administration. Compliance with all clinical agency policies is required the first day of the course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 235  3.0 units
Common Health Deviations 2
3.0 hours lecture
Prerequisite: VN 230
Grading: letter grade
This course provides the theoretical basis for the provision of nursing care for patients before and after surgical procedures. The nursing concepts of the nursing process and Orem’s self care theory are continued and pain management, body image disturbances, and nutritional support are added. Other topics include pathophysiology and nursing care for patients with health deviations that include the musculoskeletal system, gastrointestinal system, immune system, urinary-renal system, Hepatic-biliary, and infectious diseases.
Courses of Instruction

VN 235L 3.5 units
Common Health Deviations 2 Lab
10.5 hour laboratory
Corequisite: VN 235
Grading: pass/no pass
This course provides opportunity for nursing students to practice the concepts, including perioperative nursing care, learned in VN235. The clinical setting is usually postoperative nursing care units. Topics presented in the campus nursing lab include skills required for care of surgical patients. Compliance with all clinical agency policies is required the first day of the course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 240 3.0 units
Mental Health Nursing
3.0 hours lecture
Grading: letter grade
This course is designed to assist vocational nursing students with self-development and with acquisition of behaviors needed to provide a helping relationship with their patients. Topics include principles of personality development, psychosocial development, psychopharmacology, common mental health deviations, and major psychiatric illnesses.

VN 245 2.0 units
Maternal-Infant Nursing
2.0 hours lecture
Prerequisite: VN 230 and VN 230L
Grading: letter grade
This course provides instruction in the normal developmental phases of the child-bearing family and the most common related problems. Orem’s self-care theory and the nursing process are continued in the study of prenatal, perinatal, and postpartum nursing care.

VN 245L 1.0 unit
Maternal-Infant Nursing Lab
3.0 hours laboratory
Corequisite: VN 245
Grading: pass/no pass
This course provides opportunity for nursing students to provide prenatal, perinatal, and postnatal nursing care in both hospital and ambulatory care facilities. Campus lab content includes data collection and routine care of the postpartum mother and her newborn. Compliance with all clinical agency policies is required the first day of this course.

VN 250 2.0 units
Nursing Care of Children
2.0 hours lecture
Prerequisite: VN 230 and VN 230L
Grading: letter grade
This course provides instruction in the growth and development of normal children along with the most common health problems of childhood and adolescence. Orem’s self-care theory and the nursing process are applied to the study of health promotion and disease prevention for children and adolescents.

VN 250P 1.0 unit
Nursing Care of Children Practicum
3.0 hours laboratory
Corequisite: VN 250
Grading: pass/no pass
This course provides opportunity for nursing student to provide nursing care for child-rearing families in ambulatory care clinics. Campus lab content includes application of the principles of growth and development. Compliance with all clinical agency health and safety policies is required the first day of the course.

VN 255 3.0 units
Common Health Deviations 3
3.0 hours lecture
Prerequisite: VN 235 and 235L
Grading: letter grade
This course is the third medical surgical nursing course in the program. Orem’s theory of self-care and the nursing process is continued in the study of vocational nursing concepts. Pathophysiology and nursing care of the following health deviations are studied: female reproductive, male urinary & reproductive, sexually transmitted diseases, basic emergent and cardiac deviations, advanced fluid and electrolyte balance, oncological, hematologic, neuro-sensory, thyroid & adrenal disorders.

VN 255L 3.5 units
Common Health Deviations 3 Lab
10.5 hour laboratory
Corequisite: VN 255
Grading: pass/no pass
This course provides opportunity for nursing students to become more proficient in the nursing care of patients with medical surgical problems. Students practice with staff vocational and registered nurses to develop beginning competency in the role of the vocational nurse in acute care facilities. Compliance with all clinical agency health and safety policies is required the first day of the course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 260 1.5 units
Roles and Responsibilities
1.5 hours lecture
Prerequisite: VN 240
Grading: pass/no pass
This course is designed to assist the vocational nursing student in the transition to the responsibilities of the graduate vocational nurse. Topics include the ethical, legal, regulatory,leadership, and policy issues that control the practice of vocational nursing in California. Opportunity is provided for career planning, including job skills and application for licensure.

VN 265 3.0 units
Common Health Deviation-4
3.0 hours lecture
Corequisite: VN 255
Grading: letter grade
This is normally the last clinical course of the vocational nursing program. Orem’s theory of self-care and the nursing process is continued. Adult health deviations commonly requiring chronic health care are studied. Other topics include leadership and supervisory roles of vocational nurses in long term and ambulatory care.
### PHILOSOPHY (PHIL)

#### PHIL 6 (CAN PHIL 2) 3.0 units
**Introduction to Philosophy**
3.0 hours lecture  
Grading: letter grade or pass/no pass  
This introductory philosophy course explores perennial questions in philosophy dealing with metaphysics, epistemology, and axiology. Philosophical discussions that answer these questions in various ways will be critically analyzed. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

#### PHIL 6H 3.0 units
**Honors Introduction to Philosophy**
3.0 hours lecture  
Prerequisite: Qualification for the Honors Program  
Grading: letter grade or pass/no pass  
This introductory philosophy course explores perennial questions in philosophy dealing with metaphysics, epistemology, and axiology. Philosophical discussions that answer these questions in various ways will be critically analyzed.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

#### PHIL 7 (CAN PHIL 4) 3.0 units
**Introduction to Ethics**
3.0 hours lecture  
Grading: letter grade or pass/no pass  
This course examines the nature of morality and the application of moral principles. Topics covered include moral theories from the history of philosophy and their applications to contemporary moral issues such as abortion, euthanasia, animal rights, censorship, and capital punishment. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

#### PHIL 7H 3.0 units
**Honors Introduction to Ethics**
3.0 hours lecture  
Prerequisite: Qualification for the Honors Program  
Grading: letter grade or pass/no pass  
This course examines the nature of morality and the application of moral principles. Topics covered include moral theories from the history of philosophy and their applications to contemporary moral issues such as abortion, euthanasia, animal rights, censorship, and capital punishment.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

#### PHIL 8 3.0 units
**Introduction to Non-Western Philosophy**
3.0 hours lecture  
Grading: letter grade or pass/no pass  
This course provides a broad introduction to some of the main philosophical traditions from around the world, such as Buddhism, Taoism, African Philosophy, and American Indian Philosophy. The major themes to be examined include the nature of reality, the meaning of life, the role of the individual and society, and the effects of history and culture on belief systems.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

#### PHIL 9 3.0 units
**Introduction to Existentialism**
3.0 hours lecture  
Grading: letter grade or pass/no pass  
This course will examine the philosophical thought of existentialist writers such as Kierkegaard, Dostoevsky, Nietzsche, and Sartre. Emphasis will be placed on the analysis of recurring themes such as freedom, individuality, meaning and value, and the existence of God.  
*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

---

VN 265L 3.0 units  
**Common Health Deviation-4 Lab**
9.0 hours laboratory  
Corequisite: VN 265  
Grading: pass/no pass  
This course provides opportunity for students to apply nursing theory regarding chronic illness to the care of adults in long term care facilities. Students also practice vocational nurse leadership and supervisory roles in these facilities. Compliance with all clinical agency health and safety policies is required the first day of the course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

VN 266AD 0.5 unit  
**Nsg Skills Practice Lab-Adv**
1.5 hours laboratory  
Grading: pass/no pass  
This course provides self-paced and individualized instruction and practice in a campus nursing laboratory setting. Students are encouraged to attend and practice nursing skills, and prepare for post-graduate nursing which includes blood withdrawal for vocational nursing. This course may be offered in the last semester of the vocational nursing program. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
## Courses of Instruction

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| PHIL 10     | 3.0   | Introduction to Feminist Philosophy  
Grading: letter grade or pass/no pass  
This course will examine feminist readings on philosophical issues in metaphysics, epistemology, and axiology. This exploration will occur through the examination of theories as well as pragmatic activities of feminists.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| PHIL 11     | 3.0   | Critical Thinking  
Grading: letter grade or pass/no pass  
This class focuses on the improvement of practical reasoning skills. Students will be required to improve their reasoning skills and will learn to detect and avoid common argument fallacies. Students will develop the knowledge and habits needed to make decisions between conflicting ideas and beliefs. Applications are made to both contemporary and perennial issues, such as current political events and capital punishment.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| PHIL 12 (CAN PHIL 6) | 3.0 | Introduction to Logic  
Grading: letter grade or pass/no pass  
Introduction to Logic focuses on informal and formal logic. Informal logic will focus on basic concepts in argumentation, the ways that arguments can be erroneous, and various types of inductive reasoning. Formal deductive logic will cover basic concepts of both categorical and sentential logic, including, but not limited to, Venn diagrams, The Squares of Opposition, truth tables, and natural deduction. All of the tools of formal deductive logic are designed to equip students to assess arguments. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| PHIL 14     | 3.0   | Philosophy of Religion  
Grading: letter grade or pass/no pass  
This course examines the philosophical themes within the world’s religions. Central questions include: What is a spiritual life? Does God exist? What is God’s nature? Why is there evil? Can conflicting religions still be true? The emphasis will be on understanding and critically analyzing the claims of the world’s religions.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| PHIL 15     | 3.0   | Introduction to Political Philosophy  
Grading: letter grade or pass/no pass  
This course examines some of the main issues within political philosophy. Topics include the justification of political authority, the ideal state, distributive justice, and the rights and responsibilities of citizens.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |
| PHIL 16     | 3.0   | Introduction to Business Ethics  
Grading: letter grade or pass/no pass  
This course will examine ethical issues in business. Topics will include environmental concerns, the distribution of wealth, informational ethics, privacy and autonomy, and affirmative action. These will be discussed in the context of moral theories such as utilitarianism, deontology and ethical egoism.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
| PHIL 22     | 3.0   | Symbolic Logic  
Grading: letter grade  
This course is an introduction to the formal techniques of evaluating arguments. The emphasis is on developing symbolic techniques, including sentential and quantificational, for representing and evaluating ordinary language arguments.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations. |

### PHOTOGRAPHY (PHOT)

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| PHOT 10     | 2.0   | History of Photography  
Grading: letter grade or pass/no pass  
This course surveys the history of photography from its inception to the present digital age. It explores photography as a form of visual communication in historical, socio-political, cultural and aesthetic contexts. Students will develop visual literacy through verbal and written analysis. Museum and gallery field trips are required. This course is appropriate for art majors and non-art majors.  
Transfer Status: Transferable to CSU, see counselor for limitations. |
PHOT 31AB  3.0 units
Basic Photography-Black and White
2.0 hours lecture, 6.0 hours laboratory
Grading: letter grade or pass/no pass
This is a comprehensive course for the beginning photography student. The course emphasizes practical applications in the use of the camera, natural lighting and the darkroom. Emphasis is on traditional techniques with an introduction to digital cameras, editing and printing.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 32AD  3.0 units
Basic Photography-Color
2.0 hours lecture, 6.0 hours laboratory
Recommended Preparation: ART 31
Grading: letter grade or pass/no pass
This is an introductory course that develops a technical proficiency and an aesthetic awareness of the creative uses of digital and traditional color photography, including color design theory, composition, perceptual and psychological aspects of color. Through an integration of historical references, critical examination of images and their associated aesthetics, practical experiences, and personal ambition, the student is encouraged to develop a more insightful and sophisticated comprehension of color photography and its contributions to the communicative processes of the visual vocabulary.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 33AD  4.0 units
Photography Studio Lighting
2.0 hours lecture, 6.0 hours laboratory
Prerequisite: One semester of PHOT 31AB or PHOT 32AD or ART 81AD
Grading: letter grade or pass/no pass
This is a comprehensive course in commercial photography with major emphasis on medium and large format cameras, studio composition and lighting techniques. The course incorporates both traditional and digital techniques. It is part of the vocational program in photography as well as the general fine arts curriculum.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 34AD  4.0 units
Advanced Photography-Applications
2.0 hours lecture, 6.0 hours laboratory
Prerequisite: One Semester of PHOT 32AD and PHOT 33AD
Grading: letter grade or pass/no pass
This is an comprehensive studio course for the advanced student of photography. The major emphasis is centered around continuing to build complex problem solving in studio photography for professional uses.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 35AD  3.0 units
Photography for Publication
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: One semester of PHOT 31AB or one semester of ART 81AD
Grading: letter grade or pass/no pass
This is a comprehensive course in basic and advanced photojournalism techniques. Students will gain practical experience in photography for publication in newspapers and magazines. This class is not open to students registered in or with credit in JOURN 35AD.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 37AD  4.0 units
Portrait Photography
2.0 hours lecture, 6.0 hours laboratory
Prerequisite: One semester of PHOT 31AB or PHOT 32AD or ART 81AD
Grading: letter grade or pass/no pass
This is a comprehensive course for the beginning and advanced student of portraiture with a special emphasis on the use of portrait photography as a career or creative path.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 38  3.0 units
Marketing Professional Photo Skills
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a study of the application of current practices utilized in marketing professional photographic skills. Topics includes freelance marketing, design and use of a portfolio, and professional photographic business practices.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 39AD  3.0 units
Photography on Location
2.0 hours lecture, 6.0 hours laboratory
Prerequisite: One semester of ART 81AD or PHOT 32AD or ART 81AD
Grading: letter grade or pass/no pass
This is a comprehensive occupational course in exterior location photography. The subjects covered will include: documentary, landscape, environmental and product photography for annual reports, stock photography, public relations, advertising and editorial publications.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 40AD  3.0 units
Mastering the Photographic Print
2.0 hours lecture, 4.0 hours laboratory
Prerequisite: One semester of ART 81AD or PHOT 31AB
Recommended Preparation: PHOT 43AD
Grading: letter grade or pass/no pass
This is a comprehensive visual arts course for the advanced student of photography. Emphasis is on crafting high quality photographic output which would include prints, portfolios and books. Students will practice traditional and digital methods of capture, processing and printing.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 41AD  4.0 units
Professional Photographic Portfolio
2.0 hours lecture, 6.0 hours laboratory
Prerequisite: One semester of PHOT 31AB or PHOT 32AD or ART 81AD
Recommended Preparation: PHOT 33AD
Grading: letter grade or pass/no pass
Courses of Instruction

This course is a comprehensive course designed for the advanced student in photography. The emphasis is on development of a professional portfolio for use in a photographic career. Emphasis is also placed on digital and traditional image-bank management skills such as: archiving, storage and organization.

Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 42AD 4.0 units
Experimental Photography Laboratory
2.0 hours lecture, 6.0 hours laboratory
Prerequisite: PHOT 31AB or ART 81AD
Grading: letter grade or pass/no pass
This course emphasizes experimental solutions to conceptual visual problems in photography. The class is a comprehensive advanced lab course for students enrolled in the photography program or persons who have a background in photography and wish to improve their skills. This class includes both traditional and digital mediums.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 43AD 3.0 units
Digital Photography
2.0 hours lecture, 4.0 hours laboratory
Recommended Preparation: PHOT 31AB or PHOT 32AD or ART 81AD and ART 41
Grading: letter grade or pass/no pass
This is a comprehensive digital photography course designed to train students in the application of electronic media and its use in manipulating and creating photographic images. The course includes digital capture, editing and output. Topics include: the fundamentals of Color Management, development of a successful digital workflow and the basics of image-bank management.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 71AD 2.0 units
Work Experience — Photography
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to photography. One unit of field work credit will be granted for every 75 hours of paid work or 60 hours of volunteer work per semester. This class includes 1 unit of field work. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 72AD 3.0 units
Work Experience — Photography
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to photography. One unit of field work credit will be granted for every 75 hours of paid work or 60 hours of volunteer work per semester. This class includes 2 units of field work. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 73AD 4.0 units
Work Experience — Photography
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to photography. One unit of field work credit will be granted for every 75 hours of paid work or 60 hours of volunteer work per semester. This class includes 3 units of field work. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHOT 281AD 1.0 unit
Photography Laboratory
3.0 hours laboratory
Grading: letter grade or pass/no pass
This class is designed for students enrolled in the photography program or students who have a background in photography and wish to improve their skills. The course emphasizes practical applications in traditional and digital photographic techniques.

PHOT 291AD 1.0 unit
Advanced Photography Laboratory
3.0 hours laboratory
Grading: letter grade or pass/no pass
This class is for advanced students enrolled in the photography program or students who have a background in photography and wish to improve their skills. The course emphasizes practical applications in digital and traditional photographic techniques.

PHOT 681 0.0 unit
Fundamentals of Photography Laboratory
6.0 hours laboratory
Grading: LBCC Non-Graded Course
This class is a lab for the beginning photo student or persons who have a background in photography and wish to improve their skills. The emphasis is on practical applications of image processing, including digital and traditional technologies. This class is intended for senior citizens.

PEG 85AD 0.5 unit
Touch Football
2.0 hours laboratory
Grading: letter grade
This course offers instruction in the rules, strategies and proper techniques required by the game of touch football. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEG 86AD 1.0 unit
Touch Football
3.0 hours laboratory
Grading: letter grade
This course offers instruction in the rules, strategies, and proper techniques required by the game of touch football.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEG 87AD 0.5 unit
Track & Field
2.0 hours laboratory
Grading: letter grade
This course incorporates instruction in the rules, techniques and strategies of track and field.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEG 88AD 1.0 unit
Volleyball
2.0 hours laboratory
Grading: letter grade
This course is designed to provide instruction of the basic fundamentals of volleyball including setting, passing, hitting, and team play.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEG 90AD 1.0 unit
Volleyball
3.0 hours laboratory
Grading: letter grade
This course is designed to provide instruction of the basic fundamentals of volleyball including setting, passing, hitting, and team play.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PHYSICAL EDUCATION, OUTDOOR STUDIES (PEOS)

PEOS 5AD 1.0 unit
Backpacking
4.0 hours laboratory
Grading: letter grade
This is a course in wilderness travel and living with three to nine days of field experience. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEOS 44AD 2.0 units
Sailing 1
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade
This course is designed to provide the basic fundamentals of sailing including strategy, rules and the skills of boarding procedures, rigging procedures, and maneuvering the boat.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEOS 55AD 0.5 unit
Cross Country (Nordic) Skiing
2.0 hours laboratory
Grading: letter grade
This course will cover instruction and practice in cross-country ski techniques, including an exercise program, dry land drills, proper ski equipment, clothing and accessories for ski tours, ski waxing, conditioning, nutrition, tour planning, wilderness hazards, safety and wilderness conservation.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEOS 56AD 1.0 unit
Cross Country (Nordic) Skiing
3.0 hours laboratory
Grading: letter grade
This course will cover instruction and practice in cross-country ski techniques, including an exercise program, dry land drills, proper ski equipment, clothing and accessories for ski tours, ski waxing, conditioning, nutrition, tour planning, wilderness hazards, safety and wilderness conservation.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

PEOS 58AD 1.0 unit
Basic Rock Climbing
3.0 hours laboratory
Grading: letter grade
Basic Rock Climbing is an introductory course with instruction and skills development in the techniques of rope handling, use of knots, natural and artificial protection, anchoring, belays, and rappels for top rope climbing systems. With an emphasis on safety, the elements of risk will be analyzed to develop a system of appropriate practices and an understanding of good judgment. This course includes a required 2-3 day field trip which will involve camping. The field trip will provide the student with real climbing experience and application of techniques.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEOS 98AD 2.0 units
EXP Sailing 1
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade
This course is designed to provide the basic fundamentals of sailing including strategy, rules and the skills of boarding procedures, rigging procedures, and maneuvering the boat.
Transfer Status: Transferable to CSU, see counselor for limitations.

PHYSICAL EDUCATION, PHYSICAL FITNESS (PEPF)

PEPF 2AD 1.0 unit
Monitoring and Developing Sports Skills
4.0 hours laboratory
Grading: letter grade
The course consists of selected field tests of physical fitness, joint flexibility, and muscular dexterity which are administered before, during and after an assortment of prescribed physical drills and exercises. Programs to improve cardiovascular endurance, muscular strength and joint mobility are included. In addition, the course focuses on individualized and group goals, including but not limited to demonstration of skill levels and measurement of increase in strength. Safe and balanced approaches to exercise and diet are outlined and the effects of alcohol and drugs will be stressed. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 3AD 0.5 unit
Water Aerobics and Training
2.0 hours laboratory
Grading: letter grade
This course is an introductory aerobic physical fitness program employing water resistance exercises without the need for swimming skills.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 4AD 1.0 unit
Water Aerobics and Training
3.0 hours laboratory
Grading: letter grade
This is an introductory aerobic physical fitness program employing water resistance exercises without the need for swimming skills.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 5AD 0.5 unit
Dance Aerobics
2.0 hours laboratory
Grading: letter grade
Students will perform exercise and dance routines to music to enhance flexibility while emphasizing development of strength and endurance.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 6AD 1.0 unit
Dance Aerobics
3.0 hours laboratory
Grading: letter grade
The course will cover the development of strength, muscular endurance, cardiovascular endurance, flexibility, coordination and balance. This will be accomplished by utilizing various cross training activities and calisthenics.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 8AD 2.5 units
Aerobic Circuit Training
1.0 hour lecture, 5.0 hours laboratory
Grading: letter grade
Students receive cardiovascular and strength fitness training in a circuit setting. This format is ideal for normal, healthy people. The process allows for complete body conditioning.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 10AD 1.0 unit
Stretch & Relaxation
3.0 hours laboratory
Grading: letter grade
This course emphasizes the development of flexibility in muscles and joints to prevent injury and to improve body alignment and posture. Relaxation and stretching techniques will be used to improve general fitness.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPF 21AD 0.5 unit
Physical Fitness
2.0 hours laboratory
Grading: letter grade
This course will include the fitness components of cardiorespiratory, strength training, and flexibility activities. Assessment testing will be done to determine levels of performance in the areas of muscular strength and endurance, aerobic fitness, flexibility, and body composition. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Courses of Instruction

PEPP 629 0.0 unit

Physical Fitness
2.0 hours laboratory
Grading: LBCC Non-Graded Course
This course uses selected field and lab tests of physical fitness taken before, during and after an assortment of exercise programs to check cardiovascular endurance, local muscular endurance, muscular strength and joint mobility. The course is designed for senior citizens. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

PEPP 681 0.0 unit

Human Performance Laboratory
0.5 hour lecture, 1.5 hours laboratory
Grading: LBCC Non-Graded Course
Selected field and lab tests of physical fitness are taken before, during and after an assortment of exercise programs to check improvements in cardiorespiratory endurance, local muscular endurance, muscular strength and joint mobility. Instruction focuses on individualized goals and continuous self-evaluation, safe and sane approaches to diet and exercise, and scientific information versus fallacies. We recommend talking to your physician if you have doubts about being fit enough to exercise. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

PHYSICAL EDUCATION, PROFESSIONAL PREPARATION (PEPP)

PEPP 1 2.0 units

Introduction to Physical Education
2.0 hours lecture
Grading: letter grade
Introduction to Physical Education is a survey of physical education and its significance in the school program. It is an analysis of established standards, professional ethics, and a discussion of personal qualities and interests necessary to be a successful leader in this field. It is required of physical education majors. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

PEPP 5 3.0 units

Sports Appreciation
3.0 hours lecture
Grading: letter grade
This class will explore sports and its role in society. Topics will include a survey of a variety of sports and spectator appreciation. The class will explore careers in amateur and professional sports organizations.

PEPP 7 (CAN REC 2) 3.0 units

Intro to Community Recreation
3.0 hours lecture
Grading: letter grade
This course is designed for recreation majors and non-majors. This is a general orientation to the field of recreation and parks services. Included is a history of the development of the recreation profession, and a survey of recreation and leisure services. The course also includes a description and interpretation of recreation as a form of community service, and the nature, scope, and significance of leisure and recreation as a social force in contemporary society. The role of the professional leader in a variety of settings is emphasized.

PEPP 10 3.0 units

Prevention & Care of Athletic Injuries
3.0 hours lecture, 0.5 hour laboratory
Grading: letter grade
This course introduces the basic concepts of athletic training, including instruction for prevention, recognition, management and treatment of common injuries in an active population. The skills of basic strapping, bracing, padding and taping for the prevention and support of injuries will be presented and practiced in the laboratory setting.

PEPP 13 1.0 unit

Dance Aerobics-Professional Preparation
0.5 hour lecture, 2.0 hours laboratory
Grading: letter grade
This course is designed to prepare students to teach dance aerobics. The teaching progression for dance aerobics, step aerobics, and cardio kick boxing are topics covered in this course.

PEPP 15 3.0 units

Sports Officiating (Fall)
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
The course offers theory and practice of officiating intramural, college, and high school football and basketball games. Students will participate as actual game officials during intramural competition. This class is open to all students. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

PEPP 17 3.0 units

Sports Officiating (Spring)
2.0 hours lecture, 3.0 hours laboratory
Grading: letter grade
The course offers theory and practice of officiating intramural college and high school softball and volleyball games. Students will participate as actual game officials during intramural competition. This class is open to all students. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Courses of Instruction

PEPP 19AD 2.0 units
Theory of Football
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade
This course features elementary and intermediate instruction and practice in scouting, film analysis, use of equipment and safety procedures. It is an introduction to the organization and administration of a youth football program.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 23 (CAN KINE/PE 8) 3.0 units
First Aid and Safety Education
3.0 hours lecture
Grading: letter grade
This course covers techniques and the principles of first aid and safety when necessary. It includes practical demonstration and practice in those procedures essential to meet the requirements of the Standard First Aid and Personal Safety and Cardiopulmonary Resuscitation (CPR) Certificates granted by the American Red Cross.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 23M1 1.0 unit
Child First Aid & Safety Education
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course covers safety techniques and the principles involved in delivering prompt and appropriate first aid to children. This class includes practical demonstration and practice in those procedures essential to meet the requirements of the Standard First Aid for Children and Infants and Cardiopulmonary Resuscitation (CPR) Certificates granted by the American Red Cross.
Transfer Status: Transferable to CSU, see counselor for limitations.

PEPP 25AD 1.0 unit
Baseball (Men)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course teaches fundamental skills and knowledge of baseball for physical education majors and minors.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 27 1.0 unit
Basketball (Men)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course is an introductory course designed for instruction in the fundamentals of basketball. The semester course is designed to develop an appreciation and acquisition of basketball knowledge and skills.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 29 1.0 unit
Cross Country/Track and Field (Men)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
The goal of the course is to improve fundamental skills in track and field events, including sprinting, middle distance and distance running, relay racing, hurdles, long jump, high jump, discus, javelin and shot put. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 31 1.0 unit
Football (Men)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course features instruction and practice in the basic skills and team play of football. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 35 1.0 unit
Soccer (Men)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of soccer. The course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching. A variety of topics will be addressed, including offensive strategies, defensive strategies and game preparation. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 37 1.0 unit
Volleyball (Men)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides conditioning and instruction in the rules, techniques and strategies of volleyball. The course is designed for students seeking the ability to prepare instruction and practices in the basic skills and team play of volleyball.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 41 2.0 units
Aquatics (Coed)
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade
This course provides instruction and practice in the fundamental skills of all swimming strokes, diving, team and individual aquatic competitive events, and pool maintenance and operation. This course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 51 1.0 unit
Golf (Coed)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of golf. The course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching. A variety

Courses of Instruction

of topics will be addressed, including golf swing technique, rules, and etiquette. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 53 1.0 unit
Tennis (Coed)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of tennis. The course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching. A variety of topics will be addressed, including forehand and backhand and serve.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 55 1.0 unit
Basketball (Women)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of basketball. The course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching. A variety of topics will be addressed, including ball handling, shooting, and defensive and offensive strategies.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 61 1.0 unit
Soccer (Women)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of soccer. The course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching. A variety of topics will be addressed, including offensive strategies, defensive strategies, and game preparation. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 63 1.0 unit
Softball (Women)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides instruction and practice in the basic skills and team play of softball. This course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 65 1.0 unit
Track and Field (Women)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of Track and Field. The course is designed for students seeking the ability to prepare instruction and practice activities for teaching and coaching. A variety of topics will be addressed, including sprinting, middle distance, and distance running, relay racing, hurdles, long jump, high jump, discus, javelin and shot put.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 67 1.0 unit
Volleyball (Women)
0.5 hour lecture, 1.5 hours laboratory
Grading: letter grade
This course provides study and practice in the areas of conditioning and professional instruction in the rules, techniques and strategies of volleyball. The course is designed for students seeking the ability to prepare instruction and practices in the basic skills and team play of volleyball.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEPP 71AD 3.0 units
Work Experience: PE-Professional Prep
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to CSU, see counselor for limitations.

PEPP 72AD 4.0 units
Work Experience: PE-Professional Prep
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

PHYSICAL EDUCATION, INTERCOLLEGIATE ATHLETICS (PEIA)

PEIA 1AD 3.0 units
Baseball (Men)
10.0 hour laboratory
Recommended Preparation: Admission limited to tryout
Grading: letter grade
This advanced course is designed for instruction with intended participation in baseball. The course includes in-season conditioning and training in preparation for competition. The course fulfills the legal requirement for a physical education activity. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 1M1 1.5 units
Baseball (Men)
5.0 hours laboratory
Grading: letter grade
This course is preparatory instruction for participation in men’s intercollegiate baseball. The course is designed for try outs, out-of-season conditioning and training.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 3AD 3.0 units
Basketball (Men)
10.0 hour laboratory
Recommended Preparation: Admission limited to tryout
Grading: letter grade
This class is offered as a diverse program of intercollegiate athletics for men and women of exceptional ability, which fulfills the legal requirement for a physical education activity. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 3M1 1.5 units
Basketball (Men)
5.0 hours laboratory
Grading: letter grade
This preparatory course is designed for instruction with intended participation in Men’s Intercollegiate Basketball. The semester course is in preparation for try-outs, out-of-season conditioning, and training.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 5AD 3.0 units
Cross Country (Men)
10.0 hour laboratory
Recommended Preparation: Admission limited to tryout
Grading: letter grade
This course is designed to provide advanced preparatory instruction in Men’s Intercollegiate Cross Country. The students will have multiple opportunities to apply running strategies to actual racing situations. Running performance will be assessed and evaluated by the students in order to improve performance. Try outs, out-of-season conditioning and training will be integral components of the class.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 5M1 1.5 units
Cross Country (Men)
5.0 hours laboratory
Recommended Preparation: Admission limited to tryout
Grading: letter grade
This course is designed to provide advanced preparatory instruction in Men’s Intercollegiate Cross Country. The students will have multiple opportunities to apply running strategies to actual racing situations. Running performance will be assessed and evaluated by the students in order to improve performance. Try outs, out-of-season conditioning and training will be integral components of the class.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 7AD 3.0 units
Football (Men)
10.0 hour laboratory
Recommended Preparation: Admission limited to tryout
Grading: letter grade
This course offers a diverse program of intercollegiate athletics for men and women of exceptional ability. It does fulfill the legal requirement for a physical education activity.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 7M1 1.5 units
Football (Men)
5.0 hours laboratory
Grading: letter grade

Courses of Instruction

PEIA 9AD  3.0 units  
Golf (Men)  
10.0 hour laboratory  
Recommended Preparation: Admission is limited to tryouts.  
Grading: letter grade  
This class is designed for men of exceptional ability who wish to compete in intercollegiate athletics. There will be advanced instruction in the rules, techniques and strategies of golf. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 9M1  1.5 units  
Golf (Men)  
5.0 hours laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This class is designed for men of exceptional ability who wish to compete in intercollegiate athletics. There will be advanced instruction in the rules, techniques and strategies of golf.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 13AD  3.0 units  
Soccer (Men)  
10.0 hour laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This course offers instruction in the rules, techniques and strategies of soccer. The course is designed for men of exceptional ability who wish to participate in intercollegiate athletics.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 13M1  1.5 units  
Soccer (Men)  
5.0 hours laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This course offers instruction in the rules, techniques and strategies of soccer. The course is designed for men of exceptional ability who wish to participate in intercollegiate athletics.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 15AD  3.0 units  
Swimming (Men)  
10.0 hour laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This course provides specific conditioning, techniques, strategies and instruction in the rules of swimming. The course is designed for men of exceptional ability who wish to participate with the intercollegiate swimming team. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 15M1  1.5 units  
Swimming (Men)  
5.0 hours laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This course provides specific conditioning, techniques, strategies and instruction in the rules of swimming. The course is designed for men of exceptional ability who wish to prepare to participate with the intercollegiate swimming team.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 17AD  3.0 units  
Tennis (Men)  
10.0 hour laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
A diverse program of intercollegiate athletics for men and women of exceptional ability which fulfills the legal requirement for a physical education activity. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 17M1  1.5 units  
Tennis (Men)  
5.0 hours laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This course is offered as part of a diverse program of intercollegiate athletics for men and women of exceptional ability which fulfills the legal requirement for a physical education activity.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 19AD  3.0 units  
Track & Field (Men)  
10.0 hour laboratory  
Recommended Preparation: Admission limited to tryout  
Grading: letter grade  
This course implements a diverse intercollegiate athletics program for men and women of exceptional ability which fulfills the legal obligation for a physical education activity. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PEIA 19M1  1.5 units  
Track & Field (Men)  
5.0 hours laboratory  
Grading: letter grade  
This course is intended to provide advanced preparatory instruction for participation in men’s intercollegiate track and field. It is designed for try-outs, out-of-season conditioning and strength and cardio respiratory training.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Courses of Instruction

PHYS 3C  (Part of CAN PHYS SEQUENCE B)  4.0 units
Physics for Sci. & Eng. — Modern Physics
4.0 hours lecture, 2.0 hours laboratory
Prerequisite: PHYS 3A
Grading: letter grade or pass/no pass
This course is part of a calculus based sequence for majors in physics, chemistry, mathematics, engineering, astronomy and certain other fields. Physics 3C includes thermodynamics, electromagnetic waves, ray optics, wave optics, special relativity, basic quantum theory, wave mechanics, properties of atoms, nuclear structure and nuclear reactions.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PHYSIOLOGY (PHYSI)

PHYSI 1  (CAN BIOL 12)  5.0 units
Human Physiology
4.0 hours lecture, 3.0 hours laboratory, 0.2 hour supplemental learning
Prerequisite: ANAT 1 or ANAT 41 or BIO 60
Recommended Preparation: CHEM 2 or one year of high school chemistry.
Grading: letter grade or pass/no pass
This course is the study of the functioning of the human body at the molecular, cellular, organ and organ system level. Laboratory experiments reinforce the concepts and allow students to gain experience with standard physiology equipment. This course is designed for pre-nursing, physical therapy, occupational therapy, physical education and other allied health majors. Students are required to complete 3 hours of activities in a Multidisciplinary Success Center to complete activities and assignments that relate specifically to this course’s content.
 Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLITICAL SCIENCE (POLSC)

POLSC 1  (CAN GOVT 2)  3.0 units
Introduction to Government
3.0 hours lecture
Grading: letter grade
This course is an introduction to the principles and issues of government and the political process in a diverse society, emphasizing the U.S. government and California state and local governments. The course satisfies the requirement for a course in the U.S. Constitution and the principles of state and local government, required by Title 5 of the California Administrative Code.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 1H  3.0 units
Honors Introduction to Government
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Recommended Preparation: ENGL 1
Grading: letter grade
This course is an introduction to the principles and issues of government and the political process in a diverse society, emphasizing the U.S. government and California state and local governments. The course satisfies the requirement for a course in the U.S. Constitution and the principles of state and local government, required by Title 5 of the California Administrative Code.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 2  3.0 units
Comparative Government
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to the comparative analysis of governmental institutions and political processes of selected governments of the world with an emphasis on political and institutional development within countries. The course satisfies one social science requirement for majors in political science, history, sociology, humanities and life sciences at CSUB and UCLA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 3  3.0 units
Issues of American Government
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an intensive study of current issues involving the basic concepts of American democracy, public policy, federalism, government finance, pressure groups, legislative, executive and judicial powers, civil rights and liberties, and international politics. This course is highly recommended for political science majors at CSU Long Beach.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 4  3.0 units
World Politics
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to recent and contemporary international relations, foreign policy-making institutions, and the politics of selected foreign states. This class satisfies one lower division social science requirement for majors in political science, history, sociology, humanities, physical sciences and life sciences at UCLA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 9  3.0 units
The Constitution, Law and Society
3.0 hours lecture
Grading: letter grade or pass/no pass
This Course is a general survey of U.S. Constitutional law and its origins, emphasizing the legal system and its interdisciplinary nature. The role of law in controversial political and social issues, in particular civil rights and liberties, is examined. Law is analyzed as an integral part of the political process, along with questions of morality.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
POLSC 10 3.0 units
Introduction to Political Science
3.0 hours lecture
Grading: letter grade or pass/no pass
This course introduces basic concepts and approaches in the discipline of political science. Theories of political institutions, systems and subsystems are examined. Methods and approaches of political analysis are developed in the study of classical and modern political problems. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 11 3.0 units
Introduction to Political Theory
3.0 hours lecture
Grading: letter grade
This course is an introduction to Western political thought. It examines perennial issues of politics concerning justice, power, and the nature of the state. The course surveys the central political thinkers associated with the ancient, medieval, modern, and postmodern eras of Western political theory. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

POLSC 48 3.0 units
California Government and Politics
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is a comprehensive survey of the forces shaping the governmental institutions and processes of the State of California and its cities, counties and special districts. This class satisfies the requirement for a course in the principles of state and local government as required by Title 5 of the California Administrative Code. A one-unit version of the course is available as POLSC48M1. Transfer Status: Transferable to CSU, see counselor for limitations.

POLSC 48M1 1.0 unit
California State/Local Government
1.0 hour lecture
Grading: letter grade
This is a credit by examination course to satisfy the requirement for a course in the principles of state and local government as required by Title 5 of the California Administrative Code. The course will provide a survey of the forces shaping the governmental institutions and processes of the State of California and its cities, counties and special districts. Students are expected to guide themselves through course content based on required learning materials and objectives. The examination will be given in the latter part of the fall semester. A three unit, traditional course offering is available in the spring semester (POLSC 48). Transfer Status: Transferable to CSU, see counselor for limitations.

PSYCHOLOGY (PSYCH)

PSYCH 1 (CAN PSY 2) 3.0 units
Introduction to Psychology
3.0 hours lecture
Grading: letter grade or pass/no pass
This course is an introduction to scientific exploration of human psychology and behavior. The course includes a survey of the historical, physiological, and social influences on behavior, emphasizing development, learning, motivation, perception, cognition, mental health, individual and cultural differences, as well as the cause, treatment, and prevention of mental disorders. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PSYCH 1H 3.0 units
Honors Introduction to Psychology
3.0 hours lecture
Prerequisite: Qualification for the Honors Program
Grading: letter grade or pass/no pass
This course is an introduction to the field of psychological science through consideration of such topics as human development, motivation, emotion, intelligence, learning, thinking, perception, personality, and social relations. It looks at individual differences, including the continuum from mental health to disorder. This course includes additional assignments not required in Psych 1. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PSYCH 2 (CAN PSY 8) 4.0 units
Research Methods for Psychology
3.0 hours lecture, 3.0 hours laboratory
Prerequisite: PSYCH 1
Recommended Preparation: STAT 1
Grading: letter grade or pass/no pass
The course provides a basic understanding of research designs and statistical techniques used in psychological investigation. Students perform a literature review, design an original research study, collect and analyze data, and write an APA-style research report. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

PSYCH 4 3.0 units
Personal and Social Development
3.0 hours lecture
Grading: letter grade or pass/no pass
This course brings an application of psychological principles to one’s everyday life, emphasizing the adjusting to life’s challenges and growth toward one’s potential. Stress is placed on self-awareness, self-management, interpersonal communication and the quality of interpersonal relationships. Transfer Status: Transferable to CSU, see counselor for limitations.

PSYCH 6 3.0 units
Physiological Foundations of Psycholgy
3.0 hours lecture
Recommended Preparation: PSYCH 1
Grading: letter grade
Physiological Foundation of Psychology is an introduction to the physiological aspects of human behavior including the central and peripheral nervous system and the endocrine system. It explores the physiological basis for cognition, consciousness, motion, motivation, learning, sensation, perception, memory, sex drive, addiction and psychopathology. This is an essential course for psychology majors, and health professionals would find this course very useful. Transfer Status: Transferable to UC/CSU, see counselor for limitations.

</tr>
</tbody>
</table>
Courses of Instruction

R_TV 3 2.0 units
Using Macintosh Comp Entertainment Indus
2.0 hours lecture, 2.0 hours laboratory
Grading: letter grade
This course is designed for students to develop current computer operation skills and equipment systems related to the entertainment industry. No previous computer knowledge is necessary. It covers the basic use of hardware and certain software, Internet use, work processing, spreadsheet, database use, communications applications, and basic digital audio and video production. The course will explore specific examples of how various applications are used in the entertainment industry.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 4 3.0 units
Writing and Production Planning
3.0 hours lecture
Grading: letter grade
This course examines pre-production principles and procedures common to all productions, emphasizing scripting and other writing skills unique to the radio, television, and film industry. It also explores budgeting, union, and legal issues.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 6 3.0 units
Critical Television Viewing
3.0 hours lecture
Grading: letter grade or pass/no pass
A critical television viewer analyzes the power of television as a modern tool of mass communication. Issues studied in this course include the process and effects of mass media on society, the persuasiveness of television images on the minds of people, the aesthetic dimensions of television and the relationship of this medium to its message. A variety of televised programs will be viewed to develop the ability to critically analyze the programming content that exists today, and this analysis will reveal the limitations of the medium, its production values, its depth and its aesthetic features.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 8 3.0 units
Introduction to Media Production
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade
This course introduces students to the basic principles of production, including operation of equipment and the process of developing a program from the original idea to final editing.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 12 2.0 units
Television Lighting
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
Students will study the practical application of the theories of television lighting. This course includes the following: 1) using lighting materials and equipment, 2) the aesthetics of light, 3) experimenting with light and color, 4) lighting for effects, 5) lighting for studio production, 6) lighting for field production, 7) lighting for single and multiple cameras. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 13AD 2.0 units
Television Production
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course allows the student the opportunity to participate in the creation and production of television program material. Students will produce, direct and crew a variety of projects, such as news, interviews, commercials, dramas, comedies and instructional programs. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 14AD 2.0 units
Electronic Field Production
2.0 hours lecture, 1.0 hour laboratory
Grading: letter grade or pass/no pass
This course is a study and application of the technical aspects of video, film and multimedia production in the field. Special attention will be dedicated to successful production strategies necessary for the unique problems associated with shooting in the field, such as equipment selection, lighting, audio and the environment. Issues related to acquisition format, such as film versus tape and analog versus digital, will be explored. Students will shoot projects in the field as “stand-alone” productions and as elements for edited productions. Editing will be covered as it relates to field production.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 15AC 2.0 units
Advanced Television Production
1.0 hour lecture, 3.0 hours laboratory
Recommended Preparation: Audition
Grading: letter grade
This class explores the creation and production of television program material with an emphasis on the quality of the finished product. Projects which students produce, direct and crew will be largely of their own choosing. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 17AD 1.0 unit
Special Projects in Television
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade
Students will plan and execute their individual projects under the instructor’s guidance. They may have an opportunity to work as part of a production team in a professional environment. Projects may involve scripting, research, program production or other areas of exploration. Production projects may be sports, news, entertainment, or documentaries. Work in this course
Courses of Instruction

Radio Production
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade
This course features the creation and production of radio program material. Projects include: disc jockey shows, news programs, interviews, commercials, editing, microphone set-up and audio board operation. Other aspects of radio station operation will be covered, such as management, sales, audience analysis and ratings.
Transfer Status: Transferable to CSU, see counselor for limitations.

Music Video Production
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: R_TV 14AD
Grading: letter grade or pass/no pass
This course provides an in depth exam of the components necessary to produce a music video, including completion of a camera ready production proposal and a script of selected projects. Selected projects may be produced. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

Broadcast News Production
2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade
This course provides the opportunity and responsibility to work in a variety of jobs involved in the production of one of the college’s two internet radio stations. Students will work “on air” and behind the scenes. Hours outside of the class time are arranged in consultation with the instructor. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

Radio Activity
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
Students will learn to write, re-write and edit stories for radio, TV, or Internet distribution. Students will gain experience in discovering and researching news. Topics covered will include use of sound tracks, visuals, interviews, and the “local angle” or “human interest element.” Some stories may be incorporated into the weekly student TV news show.
Transfer Status: Transferable to CSU, see counselor for limitations.

Work Experience: Radio and Television
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time in radio, television, film, or multimedia directly related to an occupational goal or career of interest to the student. This course may be
goes beyond what is currently offered in other courses in the Radio/TV program.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 21
3.0 units
Radio Production
3.0 hours lecture, 1.0 hour laboratory
Grading: letter grade
This course features the creation and production of radio program material. Projects include: disc jockey shows, news programs, interviews, commercials, editing, microphone set-up and audio board operation. Other aspects of radio station operation will be covered, such as management, sales, audience analysis and ratings.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 25AD
2.0 units
Audio Production
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade
This course provides the opportunity and responsibility to work in a variety of jobs involved in the operation of one of the college’s two internet radio stations. Students will work “on air” and behind the scenes. Hours outside of the class time are arranged in consultation with the instructor. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

R_TV 30AD
1.5 units
Broadcast Newswriting
1.0 hour lecture, 2.0 hours laboratory
Grading: letter grade
Students will learn to write, re-write and edit stories for radio, TV, or Internet distribution. Students will gain experience in discovering and researching news. Topics covered will include use of sound tracks, visuals, interviews, and the “local angle” or “human interest element.” Some stories may be incorporated into the weekly student TV news show.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 34AD
2.0 units
Music Video Production
2.0 hours lecture, 2.0 hours laboratory
Recommended Preparation: R_TV 14AD
Grading: letter grade or pass/no pass
This course provides an in depth exam of the components necessary to produce a music video, including completion of a camera ready production proposal and a script of selected projects. Selected projects may be produced. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 35AD
2.0 units
Television Activity
1.0 hour lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
This course provides an opportunity and responsibility to work in a variety of jobs involved in the video taping of various college events and/or projects selected projects in the television studio. Projects may be broadcast on the college cable channel and/or used in the student news show. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 36AD
3.0 units
Broadcast News Production
2.0 hours lecture, 4.0 hours laboratory
Grading: letter grade or pass/no pass
In this course students will learn various aspects of producing a television newscast. Students will participate in gathering information, writing, editing and producing news, sports, editorials, and weather segments. Students will work as managing editors, operate equipment, and edit video packages.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 37
3.0 units
Radio/Television Management and Sales
3.0 hours lecture
Grading: letter grade
This course provides an overview of the basic elements of broadcast and cablecast management. Topics covered include: advertising and sales techniques, ratings, station promotion, budgets, FCC policies, franchise agreements and negotiations, scheduling, contest considerations, liability elements and people skills.
Transfer Status: Transferable to CSU, see counselor for limitations.

R_TV 40AD
2.0 units
On-Camera Performance
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade
This course involves the practical application of performance techniques as applied to working in front of a camera. Performances are video-taped and analyzed which will help the student understand what is necessary in the preparation of audition material. Students will gain knowledge about each area responsible for a TV production.
Transfer Status: Transferable to CSU, see counselor for limitations.

Courses of Instruction

READ 83  3.0 units
Power Reading
3.0 hours lecture
Prerequisite: Qualification through Reading assessment process or READ 883.
Grading: letter grade or pass/no pass
This course focuses on power reading strategies, analysis of written discourse, and application of flexible reading techniques to personal, professional, and academic reading. It is designed for those with strong comprehension skills.
Transfer Status: Transferable to CSU, see counselor for limitations.

READ 84  3.0 units
Analytical Reading
3.0 hours lecture
Prerequisite: Successful completion of READ 82 or READ 83 or has met the reading proficiency through the assessment process.
Grading: letter grade or pass/no pass
This course provides instruction in the strategies needed for logical thinking, critical reading, and analysis of argumentative writing. Emphasis is placed on the ability to analyze and evaluate written material by establishing thesis and support, identifying patterns of logic and reason, and determining point of view and authority.
READ 84 enables students to gain efficiency with the challenges of critical reading and analytical thinking in all academic disciplines.
Transfer Status: Transferable to CSU, see counselor for limitations.

READ 85  3.0 units
Vocabulary Building
3.0 hours lecture
Prerequisite: Qualification through Reading assessment process or READ 883.
Grading: pass/no pass
This course provides a study of methods to expand general word knowledge and build academic vocabulary across the disciplines emphasizing conceptual development and effective communication. The course is specifically designed to increase personal vocabulary skills and stimulate appreciation of the English language.
Transfer Status: Transferable to CSU, see counselor for limitations.

READ 880  3.0 units
Reading Basics
3.0 hours lecture
Prerequisite: Qualification through Reading assessment process or READ 880.
Grading: pass/no pass
This course is an initiation to the world of reading for emergent readers. The course focuses on creating pathways to literacy through an introduction to decoding, word recognition skills, and building of vocabulary skills. These skills serve as a foundation for comprehension development.

READ 881  3.0 units
Reading Essentials
3.0 hours lecture, 0.2 hour supplemental learning
Prerequisite: Qualification through Reading assessment process or READ 880.
Grading: pass/no pass
This course focuses on essential reading skills and strategies with an emphasis on comprehension, vocabulary, and reading fluency. Comprehension skills are developed through the use of narrative and expository text. To help gain efficiency with comprehension, students are required to complete 3 hours during the semester in a Success Center focusing on activities and assignments related to the course content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

READ 882  3.0 units
Reading Development
3.0 hours lecture
Prerequisite: Qualification through Reading assessment process or READ 881.
Grading: pass/no pass
This course develops essential reading concepts. The course focuses on literal and inferential comprehension strategies with continued building of vocabulary skills. Exposure to longer text selections provides opportunities for applying academic reading skills.

READ 883  3.0 units
Reading Improvement
3.0 hours lecture, 0.2 hour supplemental learning
Prerequisite: READ 882 or qualification through Reading assessment process.
Grading: pass/no pass
This course reinforces instruction in reading comprehension strategies and vocabulary enrichment. The course is designed for students who have previously acquired essential reading skills and need continued developmental instruction. Focus continues to be on literal and critical comprehension strategies, mainly the activation of prior knowledge, setting of purposes, making predictions, and creating new learning from text. Students will be exposed to longer selections that will provide opportunities to apply reading/study strategies such as notetaking and annotating, outlining, mapping, and summarizing. Students are required to complete 3 hours of learning activities in a Success Center over the course of the semester. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

REAL ESTATE (REAL)

REAL 78  3.0 units
Real Estate Economics
3.0 hours lecture
Grading: letter grade
This course covers trends and factors affecting the value of real estate, the nature and classification of real estate economics, the development of property, construction and subdivision, economic values and real estate evaluation, real estate cycles and business fluctuations, residential market trends, and real property trends. This course may be used as an elective course for persons seeking a California Real Estate Salesperson license and is a required course for persons seeking a California Real Estate Broker license. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Courses of Instruction

REAL 271AD  2.0 units
Work Experience-Real Estate
1.0 hour lecture, 4.1 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

REAL 272AD  3.0 units
Work Experience-Real Estate
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

REAL 273AD  4.0 units
Work Experience-Real Estate
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass

This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student.

REAL 282  3.0 units
Computer Applications in Real Estate
3.0 hours lecture
Grading: letter grade or pass/no pass

This course covers basic computer hardware, software, and Internet resources available to enhance productivity for Real Estate professionals. The course introduces students to the computer hardware typically found in a real estate office and numerous general and commercial software products designed for or used in the real estate industry. Emphasis is placed on Internet tools and resources for California Real Estate Salespersons and Brokers. This course can be used as an elective course for the Real Estate Salesperson and Broker’s licenses.

REAL 286  1.0 unit
Real Estate Appraisal- USPAP
1.0 hour lecture
Prerequisite: REAL 85
Grading: letter grade or pass/no pass

This course is designed to aid appraisers in all areas of appraisal practice to understand the Uniform Standards of Professional Appraisal Practice (USPAP) and be able to incorporate USPAP into their practice. This course fulfills the 15-hour requirement, as established by the California Office of Real Estate Appraisers (OREA) and The Appraisal Foundation, for licensing and certification of real estate appraisers.

REAL 288  3.0 units
HOA Management and CID
3.0 hours lecture
Grading: letter grade or pass/no pass

This course is a study of the legal and practical aspects of owning, managing, purchasing and selling common interest developments (CID), including condominiums and planned developments, and the management of related Homeowner Associations (HOA). The course covers CC&Rs and other CID governing documents, and role of the HOA Board of Directors and professional managers. This course can be used as an elective course to meet the education requirements for the California Real Estate Salesperson and Broker licenses.

RESTAURANT/CATERING (THRFB)

THRFB 17  3.0 units
Introduction to Food and Beverage
3.0 hours lecture
Grading: letter grade

This course includes orientation to food services operations, history of the industry, menu planning, food and beverage service, bar operations, budgeting, pre-control, operational analysis, equipment layout, selection and maintenance and industry safety.
Transfer Status: Transferable to CSU, see counselor for limitations.

THRFB 18  3.0 units
Introduction to Culinary Preparation
3.0 hours lecture
Grading: letter grade

This course provides basic knowledge to understand and become skillful in basic food preparation and production, while studying the science of why ingredients are used. Topics include hot and cold food preparation, baking, sanitation, proper storage and handling of foods, and creative presentation of foods.
Transfer Status: Transferable to CSU, see counselor for limitations.

THRFB 19  3.0 units
Food/Beverage Purchasing/Plan/Control
3.0 hours lecture
Grading: letter grade

This course will teach how to develop and implement an effective purchasing program, focusing on issues pertaining to supplier relations and selection, negotiation and evaluation. It covers the principles and procedures involved in an effective food and beverage control system, including standards determination, the operating budget, cost-volume-profit analysis, income and cost control, menu pricing, labor cost control and computer applications.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

</table>
Courses of Instruction

This course is designed for people working in or wishing to enter the Sheet Metal trades in the fields of air conditioning, industrial sheet metal or architectural sheet metal. This is a comprehensive course in powered sheet metal power fabrication equipment. The course will cover the safe setup and operation of press brakes, ironworkers, turret punch, rotary machines, welders, shears, rollformers, tube benders, and notchers. Individualized hands-on experience in tool set-up and job shop performance equal to industry standards will be provided.

SHMET 220D
Sheet Metal CNC Fabrication Systems
3.0 hours lecture, 4.0 hours laboratory
Corequisite: SHMET 220A or SHMET 201 or SHMET 320M1 and SHMET 320M2
Grading: letter grade or pass/no pass
This course is designed for people working in or wishing to enter the Sheet Metal trades in the fields of air conditioning, industrial sheet metal or architectural sheet metal. This is a comprehensive course on CNC Sheet Metal Fabrication software as it relates to turret punch, press brake, plasma cutter and tube bender. The course will cover the design of sheet metal products using various software and the fabrication of the products using a CNC controlled turret punch, press brake and plasma cutter.

SHMET 221
Sheet Metal Blueprint Reading
2.0 hours lecture
Recommended Preparation: SHMET 220A or SHMET 201 or both SHMET 320M1 and SHMET 320M2
Grading: letter grade or pass/no pass
This course covers the principles of interpreting building blueprints and specifications required by the sheet metal worker. The student will learn to use building plans and specifications to layout, order, fabricate and install HVAC systems. The course also introduces the basic components used in a HVAC installation.

SHMET 223
Sheet Metal Duct Systems and Fabrication
2.0 hours lecture
Recommended Preparation: SHMET 220A or SHMET 201 or both SHMET 320M1 and SHMET 320M2
Grading: letter grade or pass/no pass
This course is designed to introduce the student to techniques used to install sheet metal duct systems. Various types of duct systems and their components will be discussed.

SHMET 271AD
Basic Sheet Metal Layout and Fabrication
1.5 hours lecture, 2.0 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline in which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

SHMET 272AD
Work Experience-Sheet Metal
1.0 hour lecture, 8.3 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

SHMET 273AD
Work Experience-Sheet Metal
1.0 hour lecture, 12.5 hours laboratory
Corequisite: Concurrent enrollment in at least one additional course in the discipline which the Work Experience is assigned.
Grading: letter grade or pass/no pass
This course consists of discussions regarding work experience objectives, career goals, employment adjustments and issues encountered on the job. It also involves vocational learning experiences through employment/volunteer time directly related to occupational goal or career of interest to the student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

SHMET 320M1
Basic Sheet Metal Layout and Fabrication
1.5 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course is the second part of two modules and together these modules are equivalent to SHMET 220A. This course is designed to provide the student with a basic introduction to sheet metal fabrication and layout using simple pattern development. Students will learn to identify and safely operate hand tools used in sheet metal fabrication. They will be instructed in the characteristics and properties of different sheet metal materials.

SHMET 320M2
Basic Sheet Metal Layout and Fabrication
1.5 hours lecture, 2.0 hours laboratory
Grading: letter grade or pass/no pass
This course is the first part of two modules and together these modules are equivalent to SHMET 220A. This course will introduce the student to sheet metal layout and fabrication techniques using parallel line development. Students will learn to identify and safely operate power machinery used in sheet metal fabrication along with the introduction of welding, plasma cutting and soldering procedures used in the sheet metal industry.

SHMET 420AD
Sheet Metal Fabrication
6.0 hours laboratory
Recommended Preparation: SHMET 220A or both SHMET 201 or SHMET 320M1 and SHMET 320M2.
Grading: letter grade or pass/no pass
This course is designed for the student who wishes to explore basic sheet metal fabrication as well as for the person working in the sheet metal industry who desires to upgrade their skills. The course will cover the safe use of hand and power tools, and the setup and safe operation of sheet metal fabrication equipment. This course will provide a basic introduction to sheet metal drafting and layout, along with sheet metal joining techniques which include mechanical seams, welding and soldering.

**SHMET 421AD** 1.0 unit

**Sheet Metal Layout**

3.0 hours laboratory

Recommended Preparation: SHMET 220A or both SHMET 201 or SHMET 320M1 and SHMET 320M2.

Grading: pass/no pass

This course will address the techniques used in basic sheet metal lab and fabrication. The course will also reinforce safe and correct setup and use of sheet metal fabrication machinery and hand tools. This class is an open entry/exit program, and it will require a completion of 54 lab hours.

**SHMET 423AD** 3.0 units

**Sheet Metal Layout**

9.0 hours laboratory

Recommended Preparation: SHMET 220A or both SHMET 201 or SHMET 320M1 and SHMET 320M2.

Grading: pass/no pass

This course will address the techniques used in basic sheet metal lab and fabrication. The course will also reinforce safe and correct setup and use of sheet metal fabrication machinery and hand tools. This class is an open entry/exit program, and it will require a completion of 162 lab hours.

**SOCIAL SCIENCE (SOCSC)**

**SOCSC 1** 3.0 units

**Comparative World Cultures**

3.0 hours lecture

Grading: letter grade or pass/no pass

This course compares and contrasts major civilizations using interdisciplinary approach or team teaching drawn from the Humanities and the Social Sciences. It covers the study of two or more major cultures to determine how these human communities met their basic biological, material, religious and intellectual needs, and experienced both continuity and change through time. This course is not open for credit to students who have completed Humanities 1H, Humanities 1, or Social Science 1H.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SOCSC 1H** 3.0 units

**Honors Comparative World Cultures**

3.0 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course compares and contrasts major civilizations using an interdisciplinary approach or team teaching drawn from the Humanities and the Social Sciences. These teams study two or more major cultures to determine how these human communities met their basic biological, material, religious and intellectual needs, and experienced both continuity and change through time. This course is part of the Honors Curriculum. This course is not open for credit to students who have completed Humanities 1, Humanities 1H, or Social Science 1.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SOCSC 7** 3.0 units

**American Pluralism and Identity**

3.0 hours lecture

Grading: letter grade or pass/no pass

This course explores the multicultural nature of American society from a Humanities and Social Sciences perspective. The course examines how ethnic groups in America have constructed artistic, literary, musical, philosophical and religious identities based on their traditions and experiences and seeks to understand the United States as a common culture. Using the Social Sciences to compare and contrast the origins, living conditions and experiences of Americas constituent populations, the course analyzes the complexity of the processes effecting the interaction of the American people. This course is not open for credit to students registered in or with credit in HUMAN 7. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SOCILOGY (SOCIO)**

**SOCIO 1 (CAN SOC 2)** 3.0 units

**Introduction to Sociology**

3.0 hours lecture

Grading: letter grade or pass/no pass

This course introduces students to the study of human behavior through an understanding of social organization. Topics include the role of culture, the development of personality, the function of group life and social institutions, the social processes and social interaction, and factors in social change and collective behavior. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SOCIO 1H** 3.0 units

**Honors Introduction to Sociology**

3.0 hours lecture

Prerequisite: Qualification for the Honors Program

Grading: letter grade or pass/no pass

This course introduces students to the study of human behavior through an understanding of social organization. Topics include the role of culture, the development of personality, the function of group life and social institutions, the social processes and social interaction, and factors in social change and collective behavior.

Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**SOCIO 2 (CAN SOC 4)** 3.0 units

**Modern Social Problems**

3.0 hours lecture

Recommended Preparation: SOCIO 1

Grading: letter grade or pass/no pass
The scope of the course will include identification and analysis of contemporary social problems in the U.S., using the theories and methodology of sociology. Among the topics considered are violence, the environment, crime, poverty, sexism, racism, social change, addiction, abuse, and alienation. The role of social institutions will also be considered.

*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**SOCIO 11 3.0 units**

*Race & Ethnic Relations in the U.S.*

3.0 hours lecture

Recommended Preparation: Enrollment in or Completion of Socio 1

Grading: letter grade

The sociological study of diverse racial and ethnic groups in the U.S., including Latino, Asian American, African American and Native American sub-groups is covered. The course also includes an analysis of migration patterns, stratification, gender, social movements and inter- and intra-group relations. Also an examination of how social, political, economic and historical forces affect contemporary race and ethnic relations will be included. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**SOCIO 13 3.0 units**

*Sociology of Latinos*

3.0 hours lecture

Grading: letter grade

This course is a survey of the sociology of Latinos in the United States, with a focus on their contemporary cultural and socio-economic conditions. Study will include a review of the immigration patterns of various Latino groups and their experiences with important social processes and institutions in the U.S. The effects of immigration status, race, class, gender, and Latino responses to discrimination will also be examined.

*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

**SOCIO 40 (CAN FCS 12) 3.0 units**

*Sociology of the Family*

3.0 hours lecture

Recommended Preparation: Socio 1

Grading: letter grade or pass/no pass

This course will examine micro and macro sociological influences on, preparation for and effects of contemporary family life, especially in the U.S. Considering options, problems and challenges of each, the following will be covered: mate selection, relationships, love, marriage, parenting, divorce, diversity, gender, sexuality, aging.

*Transfer Status: Transferable to UC/CSU, see counselor for limitations.*

Courses of Instruction

TART 1C 2.0 units
Acting I — Voice
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 1 (may be taken concurrently)
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Recommended Preparation: TART 1B
Grading: letter grade or pass/no pass
This course provides a lucid view of the voice as an instrument of human communication. Through a series of exercises the student will free, develop and strengthen their voice. The student will practically realize an actor’s sensibilities through vocal expression.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 1D 2.0 units
Acting I — Improvisation
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 1 (may be taken concurrently)
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Grading: letter grade or pass/no pass
The course will consist of an exploration of the various applications of theatrical improvisation. Drawing from both playwrights, published routines and imaginations, the actor will create fully realized characters, develop and analyze scenes. Mental agility, spontaneity, thinking on your feet and stage confidence will be emphasized.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 2 (CAN DRAM 22) 3.0 units
Acting 2—Technique & Characterization
3.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 1
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Recommended Preparation: TART 1B, 1C, or 1D, and TART 25 or 30
Grading: letter grade or pass/no pass
This course is an investigation and development of a character by students that further strengthens techniques of personalization, role analysis and character motivation while including such disciplines as sense memory and improvisation. Additionally, investigation of the physical life of a character is emphasized, together with the technical and imaginative development of voice and body skills as a means of achieving fully realized characterizations (continued scene study, utilizing the works of major playwrights within the last hundred years). This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 2A 2.0 units
Acting 2—The Spoken Text
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 1C
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Grading: letter grade or pass/no pass
This course is an investigation and development of a character by students that further strengthens techniques of personalization, role analysis and character motivation while including such disciplines as sense memory and improvisation. Additionally, investigation of the physical life of a character is emphasized, together with the technical and imaginative development of voice and body skills as a means of achieving fully realized characterizations (continued scene study, utilizing the works of major playwrights within the last hundred years).
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 2B 2.0 units
Acting 2—The Spoken Text
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 2A
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Grading: letter grade or pass/no pass
Students will engage in the preparation and presentation of a wide range of spoken texts. The goal is to free, develop and strengthen the student actor’s voice so that the actor’s unique sensibilities may be fully expressed through proper vocal use.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 2C 2.0 units
Acting 2—Movement, Mime and Mask
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 2B
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Grading: letter grade or pass/no pass
This course is an advanced application of the theory and principles of stage movement within specialized areas, such as mime, mask characterization, juggling and period movement styles. This course includes class exercises and lectures.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 2D 2.0 units
Acting 2—Movement, Mime and Mask
2.0 hours lecture, 1.0 hour laboratory
Prerequisite: TART 2C
Corequisite: TART 51AD
Grading: letter grade or pass/no pass
This course is an advanced application of the theory and principles of stage movement within specialized areas, such as mask characterization, period movement styles and stage combat.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.
### Courses of Instruction

**TART 3A**  
**Acting 3-Scene Study**  
3.0 units  
3.0 hours lecture, 1.0 hour laboratory  
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.  
Recommended Preparation: TART 2 and TART 25  
Grading: letter grade or pass/no pass  
This course focuses on individual studies and exercises to develop freedom and imagination in the preparation and performance of classical and contemporary dramatic material; scenes, cuttings and short plays.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 3B**  
**Acting Workshop-Style**  
3.0 units  
3.0 hours lecture, 1.0 hour laboratory  
Prerequisite: TART 3A  
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.  
Grading: letter grade or pass/no pass  
This course focuses on improvisational writing exercises designed to help all script-writers from the novice to the expert. The exercises help explore the serious theatre student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 4**  
**Acting 3-Scene Study**  
3.0 units  
2.0 hours lecture, 3.0 hours laboratory  
Prerequisite: TART 3A or 3B  
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.  
Grading: letter grade or pass/no pass  
This course emphasizes specific performance skills and acting techniques utilizing classical scene selections, emphasizing Western playwrights of the 16th and 17th century, to heighten the intensity of the acting experience for the serious theatre student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 25 (CAN DRAM 18)**  
**Introduction to Theatre**  
3.0 units  
3.0 hours lecture  
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.  
Grading: letter grade or pass/no pass  
This course provides a critical analysis of theater from an audience perspective. The elements of play production from dramatic structure, to the final presentation will be explored. Topics include reading, lectures, discussions on the theory and practice of acting, directing, producing, styles, design spectacle, and cultural background. Field trips and performance attendance is required for this course. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 30**  
**Introduction to Dramatic Literature**  
3.0 units  
3.0 hours lecture  
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.  
Grading: letter grade or pass/no pass  
This introduction to the dramatic literature of the Western world, including American drama from early beginnings to present day, examines dramatic structures, concepts, styles and themes of a selection of representative plays. The influence of the theatre and dramatic literature as a social and cultural force of change through the ages is also explored.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 32AD**  
**Stage and Screen Writing**  
3.0 units  
3.0 hours lecture  
Recommended Preparation: TART 25, FILM 1 or ENGL 26  
Grading: letter grade or pass/no pass  
This course focuses on improvisational writing exercises designed to help all script-writers from the novice to the expert. The exercises help explore the serious theatre student. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 39AD**  
**Theatre Practicum**  
1.5 units  
5.0 hours laboratory  
Grading: letter grade or pass/no pass  
This course is a hands-on, practical introduction to the function of stage, costume/wardrobe and make-up technicians and their contribution to dramatic productions. This course includes organization of the stage, lighting and properties departments, costume and make-up departments in the running of a theatre production, including equipment use and maintenance, and the function of technical stage personnel in production work. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

**TART 40AD (CAN DRAM 12)**  
**Stage Scenery**  
2.0 units  
2.0 hours lecture, 3.0 hours laboratory  
Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.  
Grading: letter grade or pass/no pass  
This course is a study of the theory, techniques and application of scenic design for the stage including the use of painting, construction and manipulation of stage scenery. Students will gain practical experience in construction of scenery for Theatre Arts Department productions.  
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

Courses of Instruction

TART 42AD  2.0 units
Stage Lighting
2.0 hours lecture, 3.0 hours laboratory
Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.
Grading: letter grade or pass/no pass
This course is a study of the theory, techniques and application of stage lighting. It includes the use of lighting materials and equipment, experimenting with light and color, and lighting a stage for department productions.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 43AD  2.0 units
Costume Crafts
1.0 hour lecture, 3.0 hours laboratory
Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.
Grading: letter grade or pass/no pass
This course presents techniques of construction of costumes and accessories for the stage, including use of fabrics, materials and equipment. Additionally, this course contains practical experience in construction of costumes and accessories for Theatre Arts Department productions.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 44AB  2.0 units
Costume Design
1.0 hour lecture, 3.0 hours laboratory
Prerequisite: TART 43AD
Corequisite: TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.
Grading: letter grade or pass/no pass
This course presents techniques and theories of designing costumes for the stage. Topics include design elements, execution of costume plates and costume plots, research and organization, clothing and theatrical costume history, patterns, budgets and development of costume portfolio. Field trips (when possible) will be taken to augment this process, ie: museums, garment district, costume rental houses, etc.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 47  3.0 units
Theatre Management
3.0 hours lecture
Corequisite: TART 51AD
Grading: letter grade or pass/no pass
This class is an introduction to the phases of the administration, management and promotion of a producing theatre organization. Its focus will be on the practical application of the principles learned in class, a “how to” course on developing your own theatrical company.
Transfer Status: Transferable to CSU, see counselor for limitations.

TART 49AD  1.0 unit
Rehearsal and Performance
8.0 hours laboratory
Prerequisite: TART 1 (may be taken concurrently)
Corequisite: TART 51AD. You must enroll in the corequisite course before enrolling in this course.
Grading: letter grade or pass/no pass
This course focuses on the application of acting and technical theatre theory through lab exploration in all aspects of one act play productions. It develops acting and crew capabilities, skills and disciplines through auditions, rehearsals and public performances. Students will participate in two play productions.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 50/1  0.5 unit
Major Production Performance
2.0 hours laboratory
Recommended Preparation: Audition
Grading: letter grade or pass/no pass
This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 50/2  1.0 unit
Major Production Performance
4.0 hours laboratory
Recommended Preparation: Audition
Grading: letter grade or pass/no pass
This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 50/3  1.5 units
Major Production Performance
6.0 hours laboratory
Recommended Preparation: Audition
Grading: letter grade or pass/no pass
This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.
Transfer Status: Transferable to UC/CSU, see counselor for limitations.

TART 50AD  2.0 units
Major Production Performance
8.0 hours laboratory
Recommended Preparation: Audition
Grading: letter grade or pass/no pass
This course is the study of live theatre through lab exploration of all aspects of play production involving the performer. It develops acting capabilities, skills and disciplines through the audition, preparation and presentational phases of a staged public production. This
course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**Grading:** letter grade or pass/no pass

**Recommended Preparation:** Audition

**Corequisite:** TART 76AD

**7.0 hours laboratory**

**Summer Repertory Theatre: Performance**
This course prepares performers for the practical application of the professional audition process. Course exercises assist in developing an actors professional manner, concentration and awareness. Selection of material, analyzing the text, presenting the material, preparation of a resume with pictures and the presentation of self for maximum effect are covered in the course. Various types of auditions will be explored, including but not limited to: stage, film & television auditions, commercial auditions and cold-reading technique. Guest lecturers may be part of the class and simulated auditions plus filming students in simulated auditions will aid in the learning process.

**Transfer Status:** Transferable to UC/CSU, see counselor for limitations.

**TART 76AD**
**1.0 unit**

**Summer Repertory Theatre: Production**
This course is a hands-on practical introduction to the function of stage, costume/wardrobe and make-up technicians and their contribution to dramatic productions. Course topics include organization of the stage, lighting and properties departments, costume and make-up departments in the running of a theatre production, including equipment use and maintenance, and the function of technical stage personnel in production work.

**Transfer Status:** Transferable to UC/CSU, see counselor for limitations.

**TART 201**
**1.5 units**

**Show Business Careers-How to Start**
This course will examine primary and secondary show business career options available in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: Photographs, websites, professional publications, Union programs and guest lecturers.

**TART 204**
**1.5 units**

**Marketing Yourself for Show Business**
This course examines aspects of show business career self marketing. This course content will explain all avenues of options in a hands-on style. This course will include, but not be limited to: Photographs, websites, professional publications, Union programs and guest lecturers.

**TART 205**
**3.0 units**

**Auditions for: Theatre & Film**
This course prepares performers for the practical application of the professional audition process. Course exercises assist in developing an actors professional manner, concentration and awareness. Selection of material, analyzing the text, presenting the material, preparation of a resume with pictures and the presentation of self for maximum effect are covered in the course. Various types of auditions will be explored, including but not limited to: stage, film & television auditions, commercial auditions and cold-reading technique. Guest lecturers may be part of the class and simulated auditions plus filming students in simulated auditions will aid in the learning process.

**Transfer Status:** Transferable to UC/CSU, see counselor for limitations.

**TART 51AD**
**0.5 unit**

**Theatre Forum**
1.0 hour lecture

**Grading:** letter grade or pass/no pass

This course affords the student participation as an audience member in weekly programs dealing with the art of theatre, including scene work, one-act plays, special presentations and fully staged productions. It provides live performance experience for the student to experience the work collaboration by various theatre artists such as the playwright, producer, director, choreographer, designer, performer, stage manager, technician. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**Transfer Status:** Transferable to CSU, see counselor for limitations.

**TART 55 (CAN DRAM 14)**
**2.0 units**

**Stage Makeup**
2.0 hours lecture, 2.0 hours laboratory

**Corequisite:** TART 39AD and 51AD. You must enroll in the corequisite courses before enrolling in this course.

**Grading:** letter grade or pass/no pass

This course serves as a study of the theory and application of stage makeup. It includes the design and application of stage makeup to actors for various theatre productions.

**Transfer Status:** Transferable to UC/CSU, see counselor for limitations.

**TART 60AD**
**1.0 unit**

**Special Projects in Theatre Arts**
3.0 hours laboratory

**Grading:** letter grade or pass/no pass

This course permits students with a generalized background in drama to explore in-depth a specific aspect of theatre arts in both theory and execution and is not covered in other courses currently offered.

**Transfer Status:** Transferable to CSU, see counselor for limitations.

**TART 75AD**
**2.0 units**

**Summer Repertory Theatre: Performance**
7.0 hours laboratory

**Corequisite:** TART 76AD

**Recommended Preparation:** Audition

**Grading:** letter grade or pass/no pass

Summer Repertory Theatre/Performance is the participation in an organized summer theatre program based on the procedures of the professional repertory theatre. Extensive experience in training, rehearsal and performance is explored through required live play productions.

**Transfer Status:** Transferable to UC/CSU, see counselor for limitations.
Courses of Instruction

**TART 206A**  1.5 units
Audition and Interview Skills-Beginning
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 1
Grading: letter grade or pass/no pass
This course will examine the beginning techniques for show business professional auditioning and interviewing. Course specifics will include but not be limited to: Live theatre, television, commercials and elements of broadcasting.

**TART 206B**  1.5 units
Audition and Interview Skills — Advanced
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 206A
Grading: letter grade or pass/no pass
This course is an advanced and in-depth examination of techniques for show business professional auditioning and interviewing. The course specifics will include but not be limited to: Live theatre, television, and commercials.

**TART 208A**  1.5 units
Breaking into Commercials — Beginning
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 208A
Grading: letter grade or pass/no pass
This course explores fundamental aspects of television commercials in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: national, regional, local and wild spots as well as auditioning, product copy, sponsors, pay tables, residuals, and headshots.

**TART 208B**  1.5 units
Breaking Into Commercials — Advanced
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 208A
Grading: letter grade or pass/no pass
This course examines fundamental aspects of television commercials in the greater Los Angeles area, as well as other geographic regions. The course specifics will include, but not be limited to: Advanced audition techniques, product copy, sponsors, pay tables, residuals, and headshots.

**TART 210A**  1.5 units
Voice-Over Techniques — Beginning
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 1
Recommended Preparation: TART 1C
Grading: letter grade or pass/no pass
This course is an examination of preliminary techniques for show business professional voice-overs. Course topics will include but not be limited to: Auditioning, animation, looping, character and network promotions.

**TART 210B**  1.5 units
Voice-Over Techniques-Advanced
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 210A
Recommended Preparation: TART 1C
Grading: letter grade or pass/no pass
This course will examine the advanced techniques of theatrical and commercial voice-overs. Course topics will include but not be limited to: Feature film additional dialogue recording, animation, looping, character and network promotions.

**TART 212A**  1.5 units
Acting in Film — Beginning
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 1
Grading: letter grade or pass/no pass
This course is an examination of beginning techniques for acting in film. Course topics will include but not be limited to: Camera, location, tracking, and multiple camera and digital aspects.

**TART 212B**  1.5 units
Acting in Film — Advanced
1.0 hour lecture, 2.0 hours laboratory
Prerequisite: TART 212A
Grading: letter grade or pass/no pass
This course is an examination of multiple aspects and advanced techniques for acting in film. Topics will include but not be limited to: Studio format, on location, steady-cam, and digital aspects.

**TRADE AND INDUSTRIAL (T_I)**

**T_I 200C**  1.0 unit
Intro to Construction Trades
1.0 hour lecture
Grading: letter grade
This course is designed to give entry level students an introduction to the building and construction industry. The class will review the basic skilled trades areas such as Carpentry, Electrical and Sheet Metal. This course includes duties and responsibilities of the careers, labor market information, as well as contacts with employers, apprenticeship programs and unions.

**WELDING (WELD)**

**WELD 211**  9.0 units
Fundamentals of Welding & Tools of Trade
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to welding, emphasizing oxy-acetylene welding, oxy-acetylene cuttings, brazing and pipefitting. It is suitable for students majoring in other occupational areas, such as auto body repair, auto mechanics, machine tool or aircraft maintenance. Good health, manual dexterity and corrected or uncorrected 20/20 vision are necessary to be employable in the welding industry. Students are required to attend 10 hours at the Career Technical Education (CTE) Success Center for specially designed activities and assignments that relate to this course content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

**WELD 212**  9.0 units
ARC Welding & Fabrication
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This is an introductory course to arc welding fundamentals. Topics include: Safety practices, welding machines, basic welding symbols, metal identification (ferrous, non-ferrous, corrosion resistant and cast iron), inspection and testing procedures and welding codes. Skills learned will include flat, horizontal, vertical,
overhead fillet welds and flat V-groove butt welds. It also covers correct equipment setup, safety practices and general related information. Good health, manual dexterity and corrected or uncorrected 20/20 vision are necessary to be employable in the welding industry. Students are required to attend 10 hours at the Career Technical Education (CTE) success center for specially designed activities and assignments that relate to this course content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

WELD 213 9.0 units
Advanced ARC Welding
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This is an advanced course to arc welding fundamentals. This class prepares students to take the Los Angeles City certification test in structural steel and or sheet metal welding and to advance knowledge and skills in arc welding. It also includes correct equipment setup, safety practices, general related information, code specifications, blueprint reading, inspection procedures, and basic welding metallurgy. Good health, manual dexterity and corrected or uncorrected 20/20 vision are necessary to be employed in the welding industry. Students are required to attend 10 hours at the Career Technical Education (CTE) Success Center for specially designed activities and assignments that relate to this course content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

WELD 214 9.0 units
Inert Gas Welding (Heliarc, MIG)
5.0 hours lecture, 13.3 hours laboratory, 0.6 hour supplemental learning
Grading: letter grade or pass/no pass
This course is an introduction to inert gas welding skills, including GTAW (TIG-heliarc) welding of carbon steel, stainless steel, aluminum, and GMAW (MIG) of steel and aluminum and intershield welding. The student will learn the skills necessary for a career as an aerospace industry worker. This class also covers correct equipment setup, safety practices and general related information. Good health, manual dexterity and corrected or uncorrected 20/20 vision is necessary to be employed in the welding industry. Students are required to attend 10 hours at the Career Technical Education (CTE) Success Center for specially designed activities and assignments that relate to this course content. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

WELD 221 4.0 units
Arc Welding Structural Certification
2.0 hours lecture, 6.0 hours laboratory
Grading: letter grade or pass/no pass
This course is designed to prepare students to take the Los Angeles City Certification test in structural steel and / or sheet metal welding. It is also designed for students who wish to advance their knowledge and skills in welding. The course includes safety, electrode identification, welding code applications and basic welding metallurgy, and basic pipe welding techniques.

WELD 400AD 2.0 units
Welding (General)
1.0 hour lecture, 3.0 hours laboratory
Grading: letter grade or pass/no pass
This course teaches the basic oxygen acetylene, inert gas including GTAW (TIG-heliarc), and arc welding processes. The student will learn welding of carbon steel, stainless steel, aluminum, and GMAW (MIG) of steel and aluminum. This class’ instruction also covers correct equipment setup, safety practices and general related information.

WELD 410AD 2.0 units
Welding (ARC)
6.0 hours laboratory
Grading: letter grade or pass/no pass
This course covers the techniques of arc welding of steels, cast iron, aluminum, hard facing, cutting, safety practices and related information. This course may take a maximum of four semesters.

WELD 411AD 1.0 unit
Welding (ARC)
3.0 hours laboratory
Grading: letter grade or pass/no pass
This course provides practice in arc welding procedures on various types of metal and the opportunity to learn safety practices.

WELD 412AD 2.0 units
Shielded Metal Arc Welding (ARC)
9.0 hours laboratory
Grading: letter grade or pass/no pass
This course will address the techniques of arc welding of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program, and it requires the completion of 162 lab hours. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

WELD 413AD 2.0 units
SMAW Flat/Horiz Groove Welds with Backing
6.0 hours laboratory
Grading: letter grade or pass/no pass
This course will address the techniques of arc welding of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program, and it requires the completion of 108 lab hours. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

WELD 414AD 2.0 units
SMAW Vert & OV/HD Grv Welds w/ Backing
6.0 hours laboratory
Grading: letter grade or pass/no pass
This course will address the techniques of arc welding of steels, cast iron, aluminum, hard facing, and cutting. It also covers correct equipment setup and safety practices. This class is an open entry/open exit program, and it requires the completion of 108 lab hours. This course may be scheduled using the “To Be Arranged” (TBA) scheduling format. Please see the section on “Curriculum Offerings” for a description of requirements for completing TBA.

BEAS, SOFIA F.
Professor, Counseling
B.S., University of Southern California
M.A., Point Loma Nazarene College, San Diego

BEEBE, FRED J.
Associate Professor, Economics
B.A., M.A., California State University, Los Angeles

BEELER, ANYA KRISTIN
Instructor, Art
B.A., Berea College
M.F.A., University of Arizona

BEITLER, DEBRA A.
Professor, Registered Nursing
B.A., MSN, California State University, Dominguez Hills

BELL, LINDA B.
Professor, Mathematics
B.A., Cypress College
B.A., University of California, Irvine
B.A., M.A., California State University, Fullerton

BERTEIN, ROMAIN
Professor, Culinary Arts
A.S., Long Beach City College
B.S., California State University, Long Beach
BERZ, DONALD B.
Executive Vice President, Academic Affairs
B.A., University of Colorado
M.A., University of California, Berkeley

BESIKOF, RUDOLPH J.
Associate Professor, English as a Second Language
B.A., M.A., University of Colorado

BLORE, JOANNE T.
Instructor, Reading
B.A., California State University, Long Beach
M.A., California State University, Fullerton

BORTIS, TERENTIE
Associate Professor, Mathematics
B.S., University of Timisoara, Romania
M.B.A., University of Arizona
M.S., California State Polytechnic University, Pomona

BOUWENS, DEBRA A.
Associate Professor, Child and Adult Development
A.A., Long Beach City College
B.A., California State University, Fullerton
M.A., California State University, Long Beach

BOYER, GRANT G.
Professor, Administration of Justice
A.A., Long Beach City College
B.S., M.S., California State University, Long Beach

BRASHEAR, WAYNE L.
Instructor, Music
B.A., University of California, Los Angeles
M.A., California State University, Long Beach

BRÁZDA, WILLIAM E.
Professor, English as a Second Language
B.A., Dartmouth College
M.A., University of Utah
M.A., California State University, Long Beach
D.A., Centre for Communications Studies, London
Certified T.E.S.L., Univ. of California, Los Angeles

BREECE, LAUREL H.
Associate Professor, Anthropology
B.A., California State Polytechnic University, Pomona
M.A., Ph.D., University of California, Los Angeles

BRINTON, STANLEY WILSON
Professor, Mathematics

BRITTON, DOUGLAS
Professor, Physical Science
B.S., M.S., Loma Linda University
Ph.D., University of Wyoming

BROOK, DAFNA
Counselor
B.A., University of California, Los Angeles
M.A., Ph.D., California School of Prof. Psychology

BRUECKNER, SCOTT H.
Instructor, Learning/Study Skills
B.A., California State University, Long Beach

BUCHO, PATRICIA A.
Instructor, Medical Assisting
A.S., Long Beach City College

BUENAVENTURA, NENITA
Professor, Library
B.A., M.A., National Teachers College, Manila
M.A., University of the Philippines, Quezon City
M.A., San Jose State University

BURBRIDGE, DIEP N.
Instructor, Life Science
B.S., California State University, Fullerton
M.S., California State Polytechnic University, Pomona

BUTLER, THERESE J.
Professor, Computer Applications & Office Tech
B.S., California State University, Long Beach
M.Ed., Azusa Pacific University

CABALLERO, STEPHEN S.
Instructor, Culinary Arts
A.S., East Los Angeles College

CAHILL, FRANCES E.
Professor, English as a Second Language
B.A., Immaculate Heart College, Los Angeles
M.A., California State University, Long Beach
M.A., C.Phil, University of California, Los Angeles
Certified T.E.S.L.

CANO, ANITA C.
Professor, Spanish
B.S., California State Polytechnic University, Pomona

CANZANO, KIRK G.
Professor, Accounting
B.S., California State Polytechnic University, Pomona

CARBONARO, GENE
Computer Apps & Office Tech Department Head
Professor, Computer Applications & Office Tech
A.A., Long Beach City College
B.S., M.A., California State University, Los Angeles

CARLSON, DALE W.
Instructor, Diesel Technology
A.S., Long Beach City College

CARREIRO, ANTHONY D.
Associate Professor, Theater Arts
B.A., Cornell University
M.F.A., University of Washington, Seattle

CARTER, JAMES CHRISTOPHER
Associate Professor, Cultural Geography
Study Abroad Program Coordinator
B.A., University of California, Berkeley
M.A., San Diego State University
Ph.D., University of California, Santa Barbara

CHAFFEE, BRUCE W.
Instructor, Mathematics
B.S., Stanford University
M.A., University of California, San Diego

CHANG, SHENG-TAI
Professor, English
B.A., East China Normal University, Shanghai
M.A., University of Calgary, Canada
M.A., Ph.D., University of Southern California
CHINN, CHRISTOPHER M.
Instructor, Art
B.F.A., University of Illinois
M.F.A., University of Southern California

CHOW, DEBORAH A.
Instructor, Registered Nursing
B.S.N., M.S.N., F.N.P., California State University, Long Beach

COBB, MELVIN J.
Instructor, Registered Nursing
B.A., California State University, Long Beach
M.A., California State University, Dominguez Hills

COE-GYSEL, MARILYN M.
Instructor, Vocational Nursing
B.S.N., Alfred University
M.S.N., Walden University

CRANE, CATHY
Professor, Theater, Dance & Film
B.S., Ashbury College, Wilmore, California

CREASON, PAUL
Interim Dean, Health, Science and Mathematics
A.A. Cypress Community College
B.A., California State University, Fullerton
M.A., California State University, Fullerton

CROOK, CASEY E.
Instructor, Physical Education
B.S., Briar Cliff College, Sioux City, Iowa
M.A., California State University, Long Beach

CULLY, SUSAN
Professor, Computer Apps & Office Tech
B.S., California State University, Dominguez Hills
M.A., California State University, Long Beach

CUNNINGHAM, JAMES A.
Instructor, Business Administration
B.S., University of Denver
J.D., University of Denver

DANIEL, MICHEL
Assistant Professor, Fine Arts
B.A., M.A., California State University, Long Beach
M.F.A., Claremont Graduate School of Fine Art

DANIELS, KARYN D.
Associate Professor, Sociology
B.A., University of California, Los Angeles
M.A., Yale University

DANNER, JOSEPH C.
Physical Science Department Head
Professor, Chemistry/Physics
B.S., Lehigh University
M.A., Ph.D., Brandeis University

DAVISON, CHRISTOPHER J.
Associate Professor, Life Science
B.S., University of Colgary
M.S., Clemson University
M.B.A., Coggin College of Business

DE LA OSSA, RALPH K.
Public Services Department Head
Instructor, Fire Science
A.S., Crafton Hills College, Yucaipa
B.S., M.S., California State University, Long Beach

DEL GAUDIO, JULIAN J.
Professor, History
B.A., M.A., California State University, Northridge
Ph.D., University of California, Irvine

DI GIOVANNI, DENNIS
Professor, Air Conditioning & Refrigeration
A.S., Long Beach City College
B.A., Union Institute & University

DICKERSON, CANDACE M.
Assistant Professor, Reading
B.A., California State University, Fullerton
M.S., California State University, Fullerton

DOAN, BRIAN
Instructor, Photography
B.F.A., University of Colorado, Denver
M.F.A., Massachusetts College of Art & Design

DOUGLAS, DONALD K.
Associate Professor, Political Science
B.A., California State University, Fresno
M.A., Ph.D., University of California, Santa Barbara

DOUGLAS, O. LEE, JR.
Center for Learning Assistance Srvs Department Head
Instructor, Learning/Study Skills
B.A., Pepperdine University
M.A., California State University, Dominguez Hills

DOWNEY, JOHN C.
Instructor, Biology
B.S., California State Poly. Univ., San Luis Obispo
M.A., California State University, Fullerton

DURKOVIC, TIMOTHY J.
Instructor, Music
B.M.,M.M, University of Southern California

DUROSS, DELIA A.
Assistant Professor, Reading
B.A., M.A., Loyola Marymount University

DUSTMAN, THOMAS E.
Professor, Music
B.A., M.A., Bowling Green State University

DY, HEATHER
Instructor, Life Science
B.S., California State University, Los Angeles
M.S., Loyola Marymount University

EDLUND, JULIANA
Instructor, Interior Design
B.A., California State University, Sacramento

ELIMELECH, BARUCH
English as a Second Language Department Head
Professor, English as a Second Language
B.A., M.A., Ph.D., Univ. of California, Los Angeles
ENYEW, TILAHUN
Professor, Physics
B.S., Haile Selassie University, Addis Ababa
M.A., Western Michigan University, Kalamazoo
Ph.D., Purdue University

ENSTINE, CHRISTINE L.
Professor, Registered Nursing
B.S.N., California State University, Dominguez Hills
M.S.N., University of Pennsylvania, Philadelphia

EPLEY, JEFFREY A.
Instructor, English
B.A., M.F.A., California State University, Long Beach

ERB, ADRIAN E.
Architecture/Drafting Department Head
Professor, Architecture
A.A., Golden West College
B.S., Rhode Island College, Providence

FABISH, JORDAN I.
Instructor, Reading
A.A., Long Beach City College
B.A., California State University, Long Beach
M.S., California State University, Fullerton

FAULKNER, KAREN P.
Professor, International Business/Marketing
B.A., Trinity University, San Antonio, Texas
M.B.A., Arizona State University, Tempe
M.I.M., American Graduate School of International Management, Glendale, Arizona

FISHER, PAULA V.
Professor, Child and Adult Development
B.S., Southern Illinois University, Carbondale
M.S., Northern Illinois University, DeKalb
Ph.D., Capella University

FLETCHER, DONNA M.
Assistant Professor, Reading
B.A., Fordham University
M.S., California State University, Fullerton

FLORENCE, JERI L.
Counseling/Student Support Department Head (PCC)
Professor, Counseling
A.A., Long Beach City College
B.A., California State University, Long Beach
M.S., University of LaVerne

FRASER, J. SCOTT
Electricity Department Head
Instructor, Electronics/Electricity
A.S., Long Beach City College
B.S., California State University, Los Angeles

FREEMAN, ERAINIA L.
Professor, Counseling
B.A., California State University, Long Beach
M.A., Pepperdine University

FRUMKIN, JULIE
Professor, Child and Adult Development
B.A., California State University, Long Beach
M.S., University of La Verne

FULBRIGHT, MARSHALL
Instructor, Music
B.A., Chapman University
M.A., University of California, Santa Barbara

FYLPAA, JOHN R.
Dean, School of Physical Education & Athletics
A.A., Long Beach City College
B.S., M.S., California State University, Long Beach
Ed.D., University of La Verne

GABEL, ANN-MARIE
Vice President Administrative Services
B.A., California State Fullerton
M.A., University of La Verne

GAILEY, W. NEIL
Professor, Computer Apps. & Office Tech
B.S., University of Utah, Salt Lake City
M.S., Utah State University, Logan

GALICIA, BLANCA L.
Counselor
A.A., Los Angeles Harbor College
B.A., M.A., California State Univ., Dominguez Hills

GARGANO, ANTHONY C.
Associate Professor, English Composition
A.A., Hudson Valley Community College
B.A., M.A., California State University, Long Beach

GAYLE, DAVE A.
Instructor, Life Science

GEHRMAN, EMILY
Instructional Specialist
A.A., Cypress College
B.A., University of California, Santa Barbara
M.A., California State University, Long Beach

GIBSON, ROBERT J.
Instructor, Aviation
A.S., Long Beach City College
B.S., M.S., Embry-Riddle Aeronautical University, Daytona Beach Florida

GLICK, NICOLE E.
Associate Professor, English Composition
B.A., University of California, Riverside
M.A., California Polytechnic Univ., San Luis Obispo
Ph.D., University of California, Riverside

GODDARD, LISA A.
Associate Professor, English Composition
B.A., Northern Arizona University
M.A., California Polytechnic Univ., San Luis Obispo

GONZALEZ, KERI M.
Adjunct Professor, Registered Nursing

GOODSON, VICKIE D.
Professor, Diagnostic Medical Imaging Sciences
A.S., Long Beach City College
B.V.E., California State University, Long Beach
M.A., Pepperdine University
Ph.D., California Coast University

GOSS, EUGENE R.
History & Political Science Department Head
Professor, Political Science
B.A., Linfield College
M.A., University of Southern California

GREENSTEIN, WENDY R.
Assistant Professor, English
B.A., Hunter College
M.A., Purdue University
GRUBER, DONALD E.
Associate Professor, Theatre Arts
B.A., California State University, San Bernardino
M.F.A., California State University, Long Beach

GUILLEN, CHRISTINA M.
Assistant Professor, English
B.A., Pennsylvania State University
M.A., University of Southern California

GULATI, SUDEEPA
Instructor, English as a Second Language
B.A., B.Ed., Universite Laval, Quebec, Canada
M.A., University Toronto, Canada

GUNThER, DIANE
Instructor, English
B.A., M.A., California State University, Long Beach

GUSTAFSON, LARRY L.
Assistant Professor, Welding
A.A., Ceritos College
A.S., Rio Hondo College

GUTIERREZ, CHARLES G.
Instructor, Music
A.A., Long Beach City College

HABASH, SAMIRA H.
Assistant Professor, Speech Communication
A.A., El Camino College
B.A., M.A., California State University, Long Beach

HAGEMANN, SHAUNA
Counselor
B.S., M.S., California State University, Fullerton

HALL, JOHN D.
Instructor, Physical Education
B.A., University of California, Los Angeles
M.S., Azusa Pacific University

HALL, PHYLLIS C.
Counselor, Extended Opportunity Program & Service
Professor, Counseling
B.A., Whittier College
M.S., M.S., California State University, Fullerton
Ph.D., United States International University

HAMILTON, BRIAN E.
Instructor, Music
B.A., M.M., University of California, Los Angeles

HANSCH, DAN
Counselor, Disabled Student Programs & Services
B.A., University of California, Santa Cruz
M.A., California State University, Northridge

HARRELL, BREンDA D.
Registered Nursing Department Head
Professor, Registered Nursing
B.S.N., Tuskegee Institute
M.S.N., Catholic University of America
Ed.D., Nova University

HARRIS-FARACE, DONA J
Professor, Business Administration
A.A., Coastline Community College
B.A., California State University, Long Beach

HARTFORD, KRISTIN M.
Professor, Mathematics
B.S., Pennsylvania State University, University Park
M.S., Long Island University at CW Post, Brookville, New York

HATCH, KIM
Assistant Professor, Physical Science
B.A., M.A., California State University, Long Beach

HAUCK, JOHN F.
Instructor, Electrical/Electronics

HAYES, ANTHONY R.
Counselor, Extended Opportunity Program & Services
Professor, Counseling
B.A., University of California, Los Angeles
M.S. California State University, Long Beach

HAYS, PATRICIA A.
Counselor, Disabled Students Programs & Services
Associate Professor, Counseling
B.A., M.A., California State University, San Bernardino

HEEB, PATRICK W.
Air Conditioning/Mechanical Department Head
Professor, Air Conditioning/Heating/Refrigeration
A.A., East Los Angeles College
B.A., California State University, Los Angeles

HERSH, ROBERT
Instructor, Radio/Television
B.A., Vanderbilt University

HILLMAN, KENNA
Counselor
A.A., Long Beach City College
B.F.A., California State University, Long Beach
M.S., University of La Verne

HINES, DAISY B.
Professor, Registered Nursing
A.A., Los Angeles City College
B.S., M.S., California State University, Los Angeles

HINTON, MARIE-LAURE II.
Instructor, Foreign Language
B.S., California State University, Dominguez Hills
B.S., M.A., California State University, Long Beach Ph.D., University of California, Los Angeles

HOLLENBERG, RACHEL A.
Assistant Professor, Philosophy
B.A., Rutgers University
M.A., Claremont Graduate University

HORNsBY, WENDY N.
Assistant Professor, History
B.A., M.A., California State University, Long Beach

HOTRA, TIARE L.
Instructor, Reading
B.A., M.Ed., Loyola Marymount University
HUBBARD, MICHAEL J  
Counselor  
Assistant Professor, Counseling  
A.A., El Camino College  
B.S., M.S., California State University, Long Beach

HUBERTA, PHILLIP M.  
Counselor  
Associate Professor, Counseling  
B.A., California State University, Fullerton  
M.A., California State University, San Bernardino

HUGUENIN, JOHN L.  
Associate Professor, Computer & Business Information Systems  
B.S., University of California, Santa Barbara  
M.B.A., Loyola Marymount University

HUY, LINDA  
Family & Consumer Studies Department Head  
Professor, Food & Nutrition  
Ed.D. Nova University  
B.S. Western Illinois University  
M.S. Southern Illinois University

IAZZETTA, FRANK D.  
Professor, Business Administration

J.D., Western State University

KIM, JONG H.  
Associate Professor, Mathematics & Engineering  
B.S., M.A., University of Southern California  
M.A., University of California, Los Angeles

KING, LINDA  
Professor, Art  
M.A., California State University, Humboldt  
M.F.A., University of Iowa, Iowa City, Iowa

KING, SHEREE L.  
Theatre, Dance & Film Department Head  
Associate Professor, Dance  
B.A., California State University, Fullerton  
M.A., University of California, Los Angeles
KNAPP, PETER J.
Music, Radio & Television Department Head
Professor, Music
A.A., College of Dupage
B.M., Elmhurst College, Elmhurst, Illinois
M.M., M.A., Ph.D., Ohio State University, Columbus

KNIGHTS, PAMELA D.
Instructor, Fashion
B.S., University of Cincinnati

LAMM, FREDERICK R.
Instructor, Auto Mechanics-Diesel
A.S., Los Angeles Trade Technical College
B.A., M.A., California State University, Long Beach
Ed.D., Nova University

LANEY, DENA A.
Adjunct Professor, Library
B.A., Florida Atlantic University
M.L.S., Florida State University

LANG, CHARLINE C.
Professor, Child Development Center
A.A., Long Beach City College
B.A., California State University, Long Beach
M.A., California State University, Dominguez Hills

LEWIS, MATTHEW C.
Associate Professor, Philosophy
B.A., University of California, Santa Cruz
M.A., Ph.D., University of California, Irvine

LEDUFF, DONNA E.
Assistant Professor, Counseling
A.A., Los Angeles Harbor College
B.A., California State University, Dominguez Hills
M.S., California State University, Long Beach

LEHMAN, DAVID
Professor, Mathematics
B.S., Kansas State Teachers’ College
M.S., Notre Dame

LIPTON, DAVID A.
Professor, English
B.A., M.A., California State University, Northridge

LOUIE, JOHN K.
Instructor, Auto Collision & Repair
A.S., Delta College
License, ASE & I-CAR

LOVE, MAURICE L.
Instructor, Music
B.M., Central State University, Edmond, Oklahoma
M.M.U.S., University of Oklahoma, Norman

LYNCH, MIRIAM V.
Professor, Computer Applications & Office Tech
B.A., M.A., California State University, Los Angeles

Mac CALLUM, MICHAEL J.
Financial Aid Counselor
Professor, Counseling
B.A., M.A., California State University, Long Beach
M.S., Swinburne University, Australia
Ph.D., University of Southern California

MacKAY, JANIE L.
Coordinator, Matriculation
Professor, Counseling
A.A., Long Beach City College
B.A., University of California, Berkeley
M.S., Ph.D., University of Southern California

MAY, CALVIN W.
Instructor, Automotive Technology
B.S., California State University, Fullerton

Professor, Counseling  
A.A., Pasadena City College  
B.A., University of Southern California  
M.A., Point Loma Nazarene College

**Page, Ruben D.**
Coordinator Transfer Services  
B.A., University of California, Irvine  
M.S., California State University, Long Beach

**Pearson, Velvet D.**
Professor, English Composition  
B.A., University of California, Santa Barbara  
M.A., San Diego State University  
Ph.D., University of Southern California

**Pellegrini, Laura A.**
Professor, Political Science  
B.S., California State University, Long Beach  
M.A., MPA, University of Southern California

**Pena, Maximino**
Associate Professor, Cabinet Making/Carpentry  
A.A., El Camino Community College  
B.S., California State University, Long Beach

**Perkins, Daniel D.**
Aviation Department Head  
Professor, Aviation Maintenance  
A.S., West Los Angeles College, Culver City  
B.S., Embry-Riddle Aeronautical University, Prescott

**Perrot, Mary E.**
Instructor, Chemistry  
B.S., Massachusetts Institute of Technology  
Ph.D., University of Wisconsin, Madison

**Peters, Darleen A.**
Professor, Counseling  
B.S.N., M.S.N., California State University, Los Angeles

**Peterson, Debra E.**
Associate Professor, Counseling  
A.A., Los Angeles Harbor College  
B.A., California State University, Long Beach  
M.A., California State University, Dominguez Hills

**Pierce, Kristin**
Instructor, Child and Adult Development  
B.A., M.A., California State University, Long Beach

**Pokorny, Grace K.**
Associate Professor, Health  
B.S., University of California, Los Angeles  
M.S.W., M.P.H., San Diego State University

**Potter, Laurie E.**
Associate Professor, English as a Second Language  
B.A., Marymount Manhattan College  
M.A., California State University, Long Beach

**Powell, Renae L.**
Professor, Theater, Dance & Film  
B.A., University of California, Irvine  
M.F.A., University of California, Irvine

**Prindle, Donna L.**
Associate Professor, Physical Education  
B.A., M.A., California State University, Long Beach

**Proctor-Castillo, Cathy**
Professor, Child and Adult Development  
A.A., Rio Hondo College  
B.A., M.A., California State University, Los Angeles

**Quinn-Weyant, Janice M.**
Professor, Theatre Arts, Film  
B.A., California State University, Long Beach  
M.A., University of Southern California

**Radloff, Susan**
Professor, Vocational Nursing  
A.A., B.A., University of Phoenix

**Rafanello, Donna Sue**
Associate Professor, Child Dev & Parent Education  
B.A., Loyola University, Chicago  
M.Ed., National-Louis University, Chicago

**Ramos, Carlos M.**
Instructor, Social Science  
B.A., University of Southern California  
M.A., University of California, Los Angeles

**Reisbig, Michael R.**
Instructor, Physical Education  
B.S., California Polytechnic University, Pomona  
M.A., Azusa Pacific University
RICHARDS, GISELLE T.
Associate Professor, English as a Second Language
B.A., University of Southern California
M.A., California State University, Los Angeles

RIDENOUR, ANALISA
Instructor, Speech Communication
A.A., Cypress College
B.A., M.A., California State University, Long Beach

RIPLEY, DAN A.
Instructor, Health Education
A.A., Cypress College
B.S., California State University, San Jose
M.S., California State University, Fullerton

RITTENOUR, SANDRA K.
Professor, Computer Applications & Office Tech
A.A., Cerritos College
B.A., California State University, San Francisco
M.A., California State University, Los Angeles
Ed.D., Nova University

RIVERA, JAVIER
Construction & Related Trades Department Head
Instructor, Carpentry
A.A., Santa Ana College

ROCK, ELLIOTT H.
Professor, Political Science
B.A., M.P.A., San Diego State University
Ph.D., University of Southern California

RODEN, JENNIFER M.
Reading Department Head
Associate Professor, Reading
A.A., Modesto Junior College
B.A., University of California, Davis
M.A., California State University, Sacramento

RODRIGUEZ, RODNEY A.
Instructional Specialist
B.A., M.A., University of Utah
Ph.D., University of California, Irvine

RODRIGUEZ, TREVOR
Coordinator, School and College Relations
B.A., MPA, California State University, Long Beach

ROSE, KAREN L.
Associate Professor, English
B.A., M.A., Ph.D., University of California, LA

ROSS, MELVIN L.
Professor, History
B.S., M.A., Purdue University

RUEHL, JEANNE M.
Instructor, Registered Nursing
B.S.N., M.S.N., California State Univ., Long Beach

RYAN, JOHN K.
Academic Senate President
Associate Professor, Mathematics
B.S., M.S., California State University, Long Beach

SALMAS, OLYMPIA S.
Professor Computer Applications & Office Tech
A.A., El Camino College
B.S., California State University, Long Beach
M.B.A., Chapman College
M.A., California State University, Los Angeles

SANCHEZ, RODOLFO R.
Instructor, Auto Body
A.S., Cerritos College

SANDERS, SABRINA K.
Dean Student Affairs
M.B.A., California State University, San Marcos
Ed.D., Alliant International University

SARTIN, WINFORD E.
Manufacturing Technologies Department Head
Instructor, Welding
A.S., Long Beach City College

SAUCEDO, ELSA
Instructor, Spanish
B.A., M.A., Ph.D., University of California, Irvine

SAVOIE, PAUL J.
Honors Program Coordinator
Assistant Professor, Political Science
B.A., California State University, Northridge
M.A., University of California, Riverside

SCHAEFER, DEBRA A.
Instructor, Fashion Design/Merchandising
A.A., The Fashion Inst. of Design & Merchandising

SCHIAVONE, NATALIA A.
Assistant Professor, English and Reading
B.A., University of California, Irvine
M.A., M.F.A., Chapman University

SCHROEDER, NATALIA E.
Associate Professor, English as a Second Language
B.A., M.A., M.A.TESL, California Prof. Clear
Teaching Credential, California State University, Dominguez Hills

SCHWANDER, GAIL B.
Director, Workforce Development
M.A., California State University of Long Beach

SCOTT, GARY T.
Dean, Creative Arts & Applied Sciences
Professor, Music
B.A., M.A., California State University, Los Angeles
Ed.D., University of California, Los Angeles

SEARS, BRENT A.
Instructor, Architecture
A.A., Long Beach City College
B.A., Southern California Institute of Architecture, Santa Monica

SEARS, CONSTANCE M.
Women’s Athletic Director
B.A., M.A., California State University, Long Beach

SETHURAMAN, RAMCHANDRAN
Professor, Library
M.A., University of New Brunswick
M.S., University of Illinois, Urbana
Ph.D., University of Florida, Gainesville
SEXTON, SIGRID K.
Professor, Registered Nursing
B.S.N., M.S.N., California State Univ., Long Beach

SHANNON, MARGARET F.
Professor, Writing & Reading
B.A., Pomona College
M.A., Ph.D., University of Chicago

SHARP, LAUREN C.
Instructor, Counseling
PhD University of Chicago
MSW, MPA, Rutgers University
BA, University of Maryland

SHAW, GEORGE W. JR.
Professor, Music
B.S., Alabama State University
M.A., Wayne State University
Ph.D., University of Oklahoma

SHAW, LYNN J.
Coordinator Staff Development
Professor, Electricity
B.S., University of Minnesota, Minneapolis
M.A., California State University, Long Beach
Ph.D., Claremont Graduate University and San Diego State University

SHAW, WILBERT
Physical Education Department Head
Professor, Physical Education/Psychology
B.A., Kansas State University
M.A., Pepperdine University

SHEAFFER, DE WAYNE T.
CCA President
Counseling/Student Support Department Head (LAC)
Professor, Counseling
B.S., California State University, Stanislaus
M.S., California State University, Los Angeles

SHIHABI, AZZAM M.
Instructor, Mathematics
B.S., Kuwait University
M.S., California State University, Long Beach
M.S., Ph.D., Claremont Graduate University

SHEMMaker, TIMOTHY L.
Instructor, Sheet Metal
A.S., El Camino College
B.A., M.A., California State University, Long Beach

SHOLLE, DAVID F.
Professor, Physics
B.S., Case Western Reserve University
M.S., California Institute of Technology

SINGHAL, MEENA
Dean, Academic Services
B.A., B.Ed., University of Calgary, Canada
M.Ed., McGill University, Montreal, Canada
Ph.D., University of Arizona, Tucson

SlaughteR, GREGORY W.
Professor, Public Services
B.A., MA, California State Univ., Dominguez Hills

SMITH, JOHN G.
Professor, Physical Education
A.A., Los Angeles Valley College
B.A., California State University, Northridge
M.S., University of Illinois, Champaign-Urbana
Ph.D., University of Southern California

SOLANO, JESUS
Title V Coordinator
B.A., M.S., University of Pennsylvania, Philadelphia

SPARkS, PETER
Professor, Alternative Fuels
A.S., Long Beach City College
B.V.E., California State University, Long Beach

SPEIRS, KENNETH J.
Professor, English
B.A., Boston University
Ph.D., New York University

STARRS, ANTHONY P.
Assistant Professor, English
B.A., M.F.A., California State University, Long Beach

STEELE, JAMES F.
Allied Health Department Head
Instructor, Diagnostic Medical Imaging Sciences
A.S., Long Beach City College
B.V.E., California State University, Long Beach

SUAREZ, LETICIA T.
Instructor, Learning & Academic Resources
B.A., M.A., Ph.D., New York University

SULLIVAN, DONALD B.
Auto Mechanics/Diesel Department Head
Instructor, Diesel Mechanics

SUMMER, RAY
Professor, Geography
B.A. (Hons), M.A., James Cook University, Australia
Ph.D., University of Queensland, Australia
Dip.Tch, Kelvin Grove College, QUT, Australia

TALASTAS, EVACELIA M.
Professor, Vocational Nursing
R.N., St. Luke’s Hosp. School of Nursing, Philippines
BSN, MAN, Philippine Women’s University, Manila

TAN, DANNY S.
Instructor, Automotive Technology
B.S., Columbia State University, Metairies, LA

THOMAS, MICHELLE L.
Instructor, Computer & Business Information Systems
B.A., California State University, Fullerton
M.A., National University

THORSEN, JONATHAN A.
Instructor, Allied Health
B.S., California State University, Long Beach

THRIFT, DAVID E.
Assistant Professor, English as a Second Language
B.A., San Francisco State University
M.A., California State University, Fullerton
TO, TOM Q.
Counselor
B.A., M.S., California State University, Long Beach

TOMSON, JANICE H.
Professor, Geology
B.S., University of Illinois, Urbana
M.S., San Jose State University

TSUJI, KENNETH
Instructor, Aviation Maintenance
A.A., Los Angeles Community College

TSUKASHIMA, RODNEY B.
Associate Professor, Ceramics
A.A., Los Angeles City College
B.A., M.A., California State University, Long Beach

TURLO, MATTHEW
Instructor, Electricity
A.A., El Camino College

TURNER, LYDIA
Counselor, Financial Aid
B.A., California State University, Long Beach
M.S., National University, Irvine

UKWU, DELE C.
Library Department Head
Professor, Library
B.A., University of Cincinnati, Cincinnati, Ohio
M.S., Miami University, Oxford, Ohio
M.L.S., University of California, Los Angeles

VAN SINDEN, DANA E.
Professor, Child and Adult Development
B.A., M.A., California State University, Long Beach

VASS, GABOR I.
Professor, Automotive Technology
M.A., Ministry of Advanced Education, Victoria,
M.S., Pacific Western University, Los Angeles

VIGILANT, KAREN A.
Instructor, Physical Education
B.S., Arizona State University
M.S., Azusa Pacific College

VILLALOBOS, BOBBI
Interim Dean, Student Success
A.A., Pasadena City College
B.A., Humboldt State University
M.A., California State University of Long Beach
Ed.D., Pepperdine University

VILLASENOR, FRANCISCO J.
Counselor
B.S., University of Southern California, Los Angeles
M.A., Point Loma Nazarene University, Pasadena

VUKOV, BORIS
Instructor, Psychology
B.A., Texas Christian University
M.A., San Diego State University

VURE, SARAH
Associate Professor, Art
M.A., Ph.D., Boston University

WALLECH, STEVEN
Professor, History
B.A., California State University, Northridge
M.A., California State University, San Jose
Ph.D., Claremont Graduate University

WAN, JAMES X.
Professor, Mathematics
B.S., Nanjing, China
M.A., Ph.D., University of California, Santa Barbara

WAN, LAURA L.
Dean, Business and Social Science
B.A., East China Normal University, Shanghai
M.A., Michigan State University, East Lansing
M.S., California State University, Fullerton

WASSON, DONALD J.
Associate Professor, Human Services
B.S., California Polytechnic, San Luis Obispo
M.A., California State University, Long Beach

WEBER, RICHARD T.
Instructor, Mathematics
B.A., California State University, Long Beach
M.S., University of California, Irvine

WELLS, PEGGYANN E.
Professor, Registered Nursing
B.S.N., New York Regents College, Albany
M.N., University of Phoenix, Arizona

WHEELER, JEFFREY M.
Professor, English, Reading
B.A., Occidental College
M.A., Ph.D., University of Southern California

WHEELER, LAURA S.
Professor, English
B.A., University of Virginia, Charlottesville
M.A., Ph.D., University of Southern California

WHITE, MONICA C.
Librarian
Professor, Library
B.S., Georgetown University
M.L.S., University of Southern California
M.A., California State University, Long Beach

WHITTAKER, DEBRA ANN
Instructor, Social Science
B.A., M.A., Teaching Credential, California State University, long Beach

WISENBAKER, JUDITH L.
Vocational Nursing Department Head
Professor, Vocational Nursing
B.S.N., D’Youville College, Buffalo, NY
M.A., Brooklyn College, NY
M.S.N., California State University, Dominguez Hills
WITMER, SUZANNE M.
Instructor, Physical Education
A.A., Riverside Community College
B.S., California State University, San Bernardino
M.E., Azusa Pacific University

WOERNER, CHRISTIANE R.
Assistant Professor, English as a Second Language
B.A., California State Polytechnic, Pomona
M.A., University of California, Los Angeles
Certified T.E.S.L., Univ. of California, Los Angeles

WOLLANK, INGRID A.
Professor, Spanish/German
B.A., University of Heidelberg, West Germany
M.A., University of California, Irvine

WOOD, RONDA M.
Professor, Registered Nursing
B.S.N., California State University, Long Beach
M.N., University of California, Los Angeles
Ed.D., University of Southern California

WURTZ, PAUL L.
Professor, Business Administration
B.S., M.A., Brigham Young University

XU, MAY N.
Instructor, Mathematics & Engineering
B.S., Beijing Normal University
M.S., Northeastern Illinois University

ZEPEDA, MILDRED
Instructor, Counseling
A.A., Santa Ana College
B.A., M.A., California State University, Los Angeles

ZUCKERMAN, JOAN E.
Life Sciences Department Head
Professor, Life Science
B.S., Ph.D., University of California, Davis

ZUGATES, MICHAEL
Instructor, Mathematics & Engineering
B.S., M.S., California State University, Long Beach

ZUNICH, LARK O.
Associate Professor, Reading
B.A., Azusa Pacific College
M.Div., Princeton theological Seminary
M.A., California State University, Long Beach
C.A., State Reading Specialist Credential

R.N., Mercy Hospital of Nursing, B.S., M.S., California State University, Los Angeles

COOPER, LENNA J.  
B.A., University of California, Berkeley

DEWITT, GEORGE E.  
B.A., M.A., University of Nebraska

DOMINO, MARYANN C.  
B.A., Marymount College  
M.S., University of Notre Dame  
M.A., California State University, Long Beach  
Ph.D., University of Southern California

DIAS DUQUE, OLGA P.  
B.A., Mount St. Mary's College  
Ed.D., University of Havana

DICOSTANZO, RONALD C.  
B.A., Florida Atlantic University, Boca Raton  
M.A., University of New Hampshire, Durham  
Ph.D., State University of New York at Binghamton

DANIELS, MERIDEL  
B.A., M.A., California State University, Long Beach

DAVID, ERIC  
B.V.E., M.A., California State University, Long Beach

DAVIS, FREDERICK L.  
University of California, Los Angeles  
M.A., California State University, Long Beach

DEWITT, ANN H.  
B.A., Pomona College  
M.A., University of California, Los Angeles

DESI, SHASHIKAN R.  
B.A., Gujarat University, India  
M.A., University of Southern California  
M.A., University of Southern California

DEWITT, GEORGE E.  
B.A., University of Nebraska

DIAZ DUQUE, OLGA P.  
M.A., Mount St. Mary's College  
Ed.D., University of Havana

DICOSTANZO, RONALD C.  
B.A., Florida Atlantic University, Boca Raton  
M.A., University of New Hampshire, Durham  
Ph.D., State University of New York at Binghamton

B.A., Occidental
M.A., California State University,
Long Beach

KING, ROBERT J.
B.A., Fresno State College
Diploma, Moody Bible Institute

KINN, MARY A.
University of California, LA
University of California, Irvine

KLEIN, SHIRLEY H.
B.A., M.A., Arizona State
University

KLOPPENBERG, DON W.
A.A., Fresno City College
B.A., M.A., California State
University, Fresno

KOLASA, MARY JEAN
B.S., State University College at
Buffalo
M.S., State University of New
York at Buffalo
M.A., California State University,
Long Beach

KNEISEL, PAUL R.
B.A., M.A., University of
Louisville
M.S., Indiana University
Ed.D., University of Southern
California

KNIGHT, WILLIAM R.
B.S., Parks College of Aeronautic
Technology, Oklahoma State
University

KNOX-PUSHKA, MARLYS L.
B.S., M.A., California State
University, Long Beach

KRAMER, RICHARD A.
B.A., Dartmouth College
M.A., Northwestern University
Ph.D., University of Southern
California

KROGFOS, ROBERT B.
B.S., University of North Dakota
M.S., M.B.A., University of
Southern California

KRUSE, JANICE M.
Child Development Specialist

KWELBERG, DAN
A.A., Long Beach City College
B.V.E., California State University,
Long Beach

LACKMAN, ALICIA H.
B.A., M.A., Washington State
University

LANDE, RIVIAN S.
B.S., Roosevelt University,
Chicago
M.A., California State University,
Long Beach

LANDRETH, ORIAN M.
A.B., Friends University

LANNING, JOE F.
B.A., Pepperdine College
M.A., University of California, Los Angeles

LAVERY, PETER T.
B.A., M.A., California State
University, Fullerton

LEMA, ZEWDE
A.A., B.A., M.B.A., Northrop
University, Los Angeles

LEWIS, ELLA C.
B.A., University of California, Los Angeles
M.S., University of Southern
California

LIEBERMAN, ELIZABETH R.
B.S., George Peabody College
M.A., Scarritt College

LIGGETT, NANCY W.
A.A., Long Beach City College
B.A., M.A., California State
University, Long Beach

LITTLEFIELD, WILLIAM N.
B.A., Pomona College
M.A., Stanford University

LOGAN, EVA T.
B.A., University of Puget Sound
M.A., California State University,
Long Beach

LONG, BENNETT A.
B.S., University of Southern
California
M.A., California State University,
Long Beach
LOPEZ, WILLIAM
A.A., East Los Angeles College
B.A., M.A., California State University, Long Beach

LORENC, ELLEN K.
Administrative Assistant

LOWE, DUANE
Director, Finance & Purchasing

LUBICK, EMIL E.
B.A., University of Montana
M.A., University of Minnesota
Ed.D., University of Southern California

LUUGA, LYNDIA G.
Registrar

LUMHANN, GILBERT A.
A.A., East Los Angeles College
B.A., California State University, Los Angeles

LUKSTEIN, EDUARD
B.S., California State University, Long Beach
M.B.A., California State University, Dominguez Hills

LUOMA, IRMA
B.S., Indiana State Teachers' College
Ed.M., Harvard University

LUPASH, CORNELIA B.
M.S., California State University, Long Beach

LYNOTT, MARY
B.A., University of Illinois
M.A., Northwestern University

LYON, THOMAS R.
B.S., University of Oregon
M.A., California State University, Long Beach

MAJOR, ELLA L.
Senior Accounting Technician

MALAGA, BENIGNO T.
Custodian

MALONE, RICHARD F.
B.S., Memphis State College
M.S., University of Wisconsin
Ed.D., University of Southern California

MARLOTTE, GRETCHEN S.
B.A., Occidental College
M.A., Columbia University

MARSHALL, MARY E.
B.S., University of California, Los Angeles
M.S., University of California, Berkeley

MARTINOFF, MICHAEL M.
A.A., Glendale College
B.S., University of Southern California
M.A., Pepperdine University

MASTIN, BETTY H.
A.A., Long Beach City College
B.A., California State University, Long Beach
M.A., University of Southern California

MATLIN, NORMA
B.A., M.A., University of California, Berkeley

McCUEEN, JOHN T.
B.A., M.A., Chico State University
Ed.D., University of California, Berkeley

McDONALD, SHIRLEY T.
B.A., University of California, Los Angeles
M.A., California State University, Long Beach
Certified T.E.S.L.

McFERRIN, CHARLES W.
B.S., University of California, Berkeley
M.B.A., California State University, Long Beach

McGRATH, WILLIAM D.
B.S., M.A., University of Washington

McKIBBON, THOMAS D.
A.A., Long Beach City College
M.A., University of California, Los Angeles

MELEN, CONNIE M.
Human Resources Specialist

MERRILL, PAULINE E.
B.S.N., University of Missouri-Columbia
M.S., Ph.D., University of Southern California

METZ, HERMAN E.
Nine years' experience in Auto Mechanics

MEYER, ELEANOR A.
B.A., M.A., Ph.D., University of California, Los Angeles

MEZA, MARSHA
Records Specialist

MILLEN, JANE
B.A., Carleton College
M.A., California State University, Long Beach

MILLER, LYNNE M.
B.A., M.A., California State University, Long Beach
J.D., Loyola Law School

MILLER, THOMAS J.
A.A., Long Beach City College
B.A., M.A., California State University, Long Beach
Ed.D., Northern Arizona University

MILLS, WILLIAM D.
B.A., University of California
M.A., University of Southern California
Ph.D., University of Madrid

MIRIGIAN, MARTHA
B.S., M.S., University of Southern California

MISNER, CAROLINE W.
A.A., Long Beach City College
B.V.E., California State University, Long Beach
University of California, Los Angeles
Duke University Nursing School

MITCHELL, DOROTHY B.
B.A., M.S., California State University, Long Beach

MIZE, JOHNNY M.
B.A., M.A., University of California, Berkeley
Ph.D., University of Southern California

MONGILLO, PERLA A.
Records Specialist

MOORHEAD, DAVID C.
B.A., Wheaton College
M.A., Michigan State University

MORALEZ, SALVADOR C.
Grounds Maintenance Worker

MORGAN, BRUCE E.
Electrician

MUESSE, HENRY R.
New Mexico Highlands University

MURPHY, JAMES M.
A.S., Long Beach City College
B.A., M.Ed., M.S., Whittier College

MYERS, ROBERT R.
B.A., University of California, Santa Barbara
M.A., California State University, Long Beach

NAGY, GARY C.
A.A., El Camino College
B.A., University of California, Los Angeles
M.A., California State University, Dominguez Hills
NAPIER, DENNIS A.  
B.A., California State University, Long Beach  
M.A., California State University, Los Angeles

NARET, SHIRLEY D.  
B.S., M.S., California State University, Los Angeles  
Ed.D., Nova University

NASHED, YACOUB  
B.A., Columbia Union College  
M.S., Georgetown University

NAVLAN, PAUL E. JR.  
A.A., Fullerton College  
B.V.E., California State University, Long Beach

NEAL, KENNETH G.  
B.A., La Sierra College  
M.S., University of Utah

NEEDLEMAN, ROSA M.  
B.A., Brooklyn College  
M.A., Ph.D., University of California, Los Angeles

NELSON, BARBARA A.  
A.A., Long Beach City College  
B.S., M.S., California State University, Los Angeles

NEWMAN, JOANNE  
Senior HR Analyst, Academic

NITZKOWSKI, KENNETH M.  
A.A., University of California, Los Angeles  
M.A., California State University, Long Beach

O'HEARN, JOHN F.

A.A., Lake Erie College for Women
B.A., M.A., California State University, Long Beach
Ph.D., Claremont Graduate School

ROMAN, FRANCES R.
B.A., Brooklyn College, Brooklyn, New York
M.A., University of Michigan, Ann Arbor
M.A., University of Hawaii, Honolulu

ROQUET, ERROLL P.
B.A., Pennsylvania College
B.S., M.S.E., University of Southern California

RUDOLPH, JOAN E.
B.A., Nazareth College
M.A., California State University, Long Beach

RUWE, VICTOR W.
Diploma, I.C.S., Building Construction
B.V.E., California State University, Long Beach

SABIN, HELEN M.
B.A., University of Colorado, Boulder
M.A., University of Northern Colorado, Greeley

SAFFORD, GERALD G., R.P.E
A.A., Northeastern Oklahoma A&M
B.V.E., M.A., California State University, Long Beach

SALMANS, EDNA C.
B.A., M.A., California State University, Long Beach

SAM, MARIE F.
A.A., Long Beach City College
B.V.E., California State University, Long Beach

SAMMUT, NOREEN A.
B.S.N., Hunter College, New York
M.S.N., Pace University, Pleasantville, New York

SANDERS, ROBERT E.
A.A., American River College
B.A., California State University, Sacramento
M.A., LaVerne College

SANTOS, RODOLFO S.
Custodian

SAPIEN, JANICE M.
B.S., Oklahoma Baptist University, Shawnee
M.A., TESL Certificate, California State University, Long Beach

SCHROEDER, ARNOLD L., JR.
B.S., Oregon State College
M.S., Oregon State University

SEAL, WILLIAM B.
A.A., Long Beach City College
B.S., University of Southern California
M.A., California State University, Long Beach

SEWELL, ORVILLE E., JR.
B.A., M.A., California State University, Long Beach
Ed.D., University of Southern California

SHELBY, FRANCES C.
A.A., Long Beach City College
B.A., M.A., California State University, Long Beach

SHIFFLETT, HOWARD R.
B.S., Central Missouri State College
M.A., California State University, Long Beach
M.S., University of Utah
Ph.D., Washington University

SIMMS, BARBARA B.
B.S., M.A., California State University, Long Beach

SIMPSON, JAMES A.
B.A., M.A., California State University, Long Beach

SKILL, DONALD W.
B.S., M.S., University of California, Los Angeles

SLONIGER, WELLS B.
B.S., M.S., University of Southern California

SMITH, BOBBI E.
A.A., Southern Christian Institute, Edwards, Mississippi
B.S., Eureka College
M.S., University of Illinois

SMITH, HARLEY B.
B.A., University of Idaho
M.A., Columbia University

SMITHERAN, WILLIAM R.
A.A., Long Beach City College
B.S., M.Ed., Ed.D., University of Arizona, Tucson

SNOW, VIDA E.
B.S., Southwest Missouri State College
M.S.L.S., University of Southern California

SPANN, RHONDA M.
CalWorks Prog. Student Advisor

SPEEGLE, LYLE G.
B.A., Immaculate Conception Seminary, Missouri
M.A., Phil.M., University of Toronto

SPIELMANN, PHYLLIS W.
B.S., Cornell University
M.A., M.F.C.C., California Family Study Center

STEINER, ARTHUR F.
B.A., University of California, Santa Barbara
M.S., Ed.D., University of Southern California

STEPAN, ELIZABETH J.
B.A., M.Ed., Gonzaga University

STONE, LYLE D.
B.A., California State University, San Diego
M.A., San Diego State University
D.M.A., University of Missouri, Kansas City

STREET, JOHN H.
B.A., M.A., University of California, Los Angeles

STUPLER, HARVEY
B.S., M.A., Columbia University, New York
M.A., Princeton University

SYBESMA, KAREN K.
Administrative Assistant
TALMACHOFF, HELEN M.
R.N., Mercy Hospital School of Nursing, Pittsburgh, PA
B.S., M.A., California State University, Los Angeles

TELLER, ROBERT W.
B.A., Brown University
M.A., University of California, Los Angeles

THARP, LOUIS B. JR.
B.A., Yale University
M.A., Ph.D., Claremont Graduate School

THOMAS, GARY C.
Custodian

THOMPSON, PATRICIA C.
B.A., University of Denver
M.A., California State University, Long Beach

THOMPSON, WILLIAM A.
B.S., Springfield College
M.A., California State University, Long Beach

THORPE, MARY L.
Senior Accountant

TOLIVER, PATRICIA A.
B.A., California State University, Los Angeles
M.A., University of Southern California
Ed.D., Pepperdine University

TOM, MARILYN C
A.A., B.S., University of California, Los Angeles
Ed.M., Western Washington College of Education

TOWNSEND, MARILYN G.
B.A., University of Kentucky
M.Ed., University of Missouri

TRAPP, FREDERICK P.
B.A., California Western University, San Diego
M.A., The American University, Washington, D.C.
M.R.C.P., University of Oklahoma
M.P.A., Ph.D., University of Southern California

TUCK, EDWARD W.
A.A., Long Beach City College
B.A., M.A., California State University, Long Beach

UENO, ROBERT A.
B.B.A., Loyola University
M.A., California State University, Long Beach

UEJIO, CLIFFORD K.
B.A., University of Hawaii
M.A., California State University, Los Angeles
M.A., University of California, Los Angeles
Ph.D., State University of New York, Buffalo

UMBENSTOCK, LINDA
B.A., Alverno College, Milwaukee, Wisconsin
Ph.D., Portland State University

VAIL, WILLIAM B.
B.A., Whittier College
M.A., Chapman College

VAN ASTEN, WILLY
A.S., Los Angeles Trade Technical College
B.V.E., California State University, Long Beach

VAN HOOK, ROGER E.
A.A., Long Beach City College
B.A., M.A., California State University, Long Beach

VAN HOOTEN, JOSEPH E.
B.A., M.A., California State University, Long Beach

VELARDE, CELINA P.
B.A., M.A., California State University, Long Beach

VELLEKAMP, HENRY
A.A., Compton College
B.A., University of California, Santa Barbara
M.Ed., Azusa Pacific University

VON GUNTEN, KAYE L.
B.S., University of Wisconsin, Madison
M.S., University of Wisconsin, La Crosse

WADDELL, MALINDA J.
B.S.N., Niagara Falls University, New York
M.N., University of California, Los Angeles

WAECHTER, PAUL E.
B.S., M.A., Ball State University

WALKER, DELBERT A.
B.E., M.A., University of California, Los Angeles

WALLECH, JANET N.
B.S., California State Polytechnic College, Pomona
M.A., California State University, Fullerton

WARNEMUEnde, JAMES M.
A.A., El Camino College
B.A., M.A., California State University, Long Beach
Ph.D., University of Southern California

WARNER, JOANNA B.
A.A., B.S., Ohio University

WATTS, ALBERN
Certified Manufacturing Engineer,
University of Illinois
University of California, Los Angeles

WEIR, MARY K.
B.A., M.A., University of California, Berkeley
Ph.D., University of Illinois

WEST, LA NOR L.
B.S., M.Ed., University of Illinois
M.A., California State University, Long Beach
Ed.D., University of Southern California

WHEATFILL, EDWARD L.
B.A., Stanford University
M.A., University of California

WHITE, LAWRENCE A.
B.F.A., California College of Arts and Crafts, Oakland
M.A., California State University, Fullerton

WHITMORE, FREDERICK E.
A.A., Long Beach City College
B.A., M.A., California State University, Long Beach

WIDER, RONALD P.
B.S., Youngstown State University
Ph.D., University of Southern California

WILLIAMS, CAROLYN D.
A.A., Fullerton College
B.A., Whittier College
M.A., California State University, Long Beach

WILLIAMS, FELTON C.
A.A., Harbor College
B.A., M.B.A., California State University, Long Beach
Ph.D., Claremont Graduate University

WILLIAMS, HERBERT H
B.A., California State University, Fresno
M.A., University of California, Berkeley
WILLIAMS, MARY B.
B.S., Ball State University
M.A., Chapman College
Ed.S., University of Northern Colorado
Ed.D., University of Southern California

WILLIAMS, OTIS M.
B.S., Langston University
M.A., California State University, Long Beach
Ed.D., University of Southern California

WILLIAMSON, CAROLYN H.
B.A., Purdue University
M.S., California State University, Fullerton

WILSON-CASCARANO, MARGARET A.
B.S., Iowa State University
Ph.D., University of California, Los Angeles

WILSON, MICHAEL H.
A.A., A.S., Long Beach City College
B.V.E., California State University, Long Beach

WISWELL, SUE ANN W.
B.S., M.A., California State University, Long Beach
M.A., California State University, Los Angeles

WITSCHER, JOYCE B.
R.N., Michael Reese Hospital School of Nursing
A.B., M.A., California State University, Long Beach

WOLFE, KARON A.
College Articulation Specialist

WOLFF, CARL M.
B.S., M.E., Marquette University, R.P.E.
GONZALEZ, BEBE  
PCC Bookstore Manager  
LBCC Auxiliary

Mc COY, ROCHELLE  
Book Department Manager  
LAC Bookstore  
LBCC Auxiliary

Mc MEANS, DENISE  
Administrative Office Coordinator  
LBCC Auxiliary

MORALES, MARTHA  
Receiving Supervisor  
LAC Bookstore  
LBCC Auxiliary

O’DONNELL, SEAN  
Assoc. Director of Finance & Online Retail  
LBCC Auxiliary

RICHMOND, JILLIAN  
Opening Floor Cashier Supervisor

</table>
ADMISSIONS AND RECORDS - The office and staff that admits a student and certifies his/her legal record of college work; it also provides legal statistical data for the college.

ADMINISTRATION - Officials of the college who direct and supervise the activities of the institution.

ASSOCIATE DEGREE (A.A. OR A.S.) - A degree (Associate in Arts or Associate in Science) granted by a community college which recognizes a student's satisfactory completion of an organized program of study of at least 60 units.

BACHELOR'S DEGREE (B.A., B.S.) - A degree granted by a four-year college or university which recognizes a student's satisfactory completion of an organized program of study of 120 to 130 units.

CERTIFICATE OF ACCOMPLISHMENT - A certificate granted by a community college which recognizes a student's satisfactory completion of an organized program of vocational study of 16 to 45 units.

COMMUNITY COLLEGE - A two-year college offering a wide range of programs of study, many determined by local community need.

COUNSELING - Guidance provided by professional counselors in collegiate, vocational, social and personal matters.

CREDIT BY EXAMINATION - Course or unit credit granted for demonstrated proficiency in a given area.

CREDIT/NO-CREDIT - Completion of a course or program with credit, but no grade, granted.

DEFICIENCY - Grade Point Deficiency: whenever a student's grade point average is less than 2.0

DEFICIENCY, SUBJECT - Whenever a student lacks a course or courses required for admission, graduation or transfer.

ELECTIVE - A course needed for graduation, but not a part of the major requirements.

GENERAL EDUCATION REQUIREMENTS - (also called Breadth Requirements) A group of courses selected from several divisions which are required for graduation.

GRADE POINTS - The numerical value of a college letter grade. A-4, B-3, C-2, D-1, others-0.

GRADE POINT AVERAGE - A measure of academic achievement used in decisions on probation, graduation and transfer; The G.P.A. is determined by dividing the total grade points by the number of attempted units.

IGETC - (Intersegmental General Education Transfer Curriculum) - A listing of classes mutually agreeable to the three segments of California Higher Education as meeting the General Education requirements for transfer from the California Community College to either the California State University system universities or the campuses of the University of California.

LOWER DIVISION - Courses at the freshman and sophomore level of college.

MAJOR - A planned series of courses and activities selected by a student for special emphasis which are designed to teach certain skills and knowledge.

MATRICULATION - A process that brings the college and the student who enrolls for credit into an agreement for the purpose of realizing the student's educational objectives. The college provides an admissions process; orientation to the college and its programs; assessment and placement recommendations; advising and counseling; student follow-up; and research and evaluation.

PETITION - The process for entering closed classes. When a class is closed in registration, or more than one week has elapsed since the beginning of the class, students must get a petition card from the class instructor to be able to register for the class. The petition card will be required at registration for a student to successfully enroll in classes requiring a petition card. After registering, the class instructor will use the information on the student's registration computer receipt for enrollment information.

PLACEMENT TEST - (given prior to admission) - used to determine the student's assignment to the most appropriate class level.

PREREQUISITE - A requirement that must be satisfied before enrolling in a particular (usually a previous) course, taking a test, acquiring sophomore standing or consent of department.

PROBATION - A trial period of one semester in which a student must improve his/her scholastic achievement.

REGISTRATION - The process of selecting and enrolling in classes.

SCHEDULE OF CLASSES - A booklet which lists the title, class section number, units, time, instructor and location of all classes offered in a semester.
SEMESTER-One-half of the academic year, usually 18 weeks. Long Beach City College, and many colleges and universities operate on the semester schedule consisting of a fall semester starting in August or September and the spring semester starting in January or February. There are summer sessions which are not considered semesters.

TRANSCRIPT-An official list of all courses taken at a college or university showing the final grade received for each course.

TRANSFER COURSES-Courses designed to match lower division courses of a four-year institution and for which credit may be transferred to that institution.

UNIT-The measure of college credit given a course, usually on the basis of one unit for each lecture hour per week or for every three laboratory hours per week.
