*The requirements for general education/proficiency and the field of concentration (major) need to be from the same catalog year. This catalog year may be any year between the year of initial enrollment to the present, provided continuous enrollment is maintained throughout. See the catalog for definition of "continuous enrollment".

Additional Program Information

Due to the rigorous and competitive audition requirement of all university music programs, music students planning to transfer to the university should be willing to spend additional time in preparation for this essential component of their music career. Additional courses may be advisable.

An extended residence at LBCC may be advisable for any of the following reasons:

- Weakness in piano or performance area of concentration
- English or mathematics limitations
- Entrance requirements at school of transfer
- Personal considerations such as employment or elective courses

NOTE: Enrollment in a performance organization is required each semester, and entrance into any ensemble is by audition. Wind and Percussion majors are required to enroll in MUSIC 38AD (Wind Ensemble), String majors are required to enroll in MUSIC 14AD (Orchestra), Voice Majors are required to enroll in MUSIC 11AD (Long Beach City College Viking Chorale) or MUSIC 12AD (Long Beach City College Viking Singers), based on their audition. Piano and Guitar majors are required to enroll in one of these four ensembles, but can choose based on prior musical experience and in consultation with the director.

Career Opportunities

The goals of the Associate Degree are academic transfer to a university and preparation for audition into a university music program. There are a number of curricular components that are needed to achieve these goals: theory, musicianship, piano, and the applied performance program. The ultimate career goals for the AA in Music would be to receive a bachelor's degree in music performance, education, composition, or musicology (theory or history). This would prepare one for a teaching or performance career and/or admission to a graduate program.

Program Mission and Outcomes

Academic music is a transfer program that offers an AA in Music, and is designed to provide students with technique and repertoire for a successful entrance audition, and the coursework necessary to meet proficiency exam requirements at a transfer institution.

Program Student Learning Outcomes:

- Demonstrate the ability to attain the Institutional Student Learning Outcome (ISLOs).
- Students will achieve Sophomore proficiency ranking in performance repertoire and technique
- Students will achieve Sophomore proficiency level in theory, musicianship, and piano placement exams.
