

Dear Parent and or Legal Guardian of Minor Students,

Long Beach City College Student Health Services provides first aid, emergency treatment, medical, and mental health services to students enrolled in Long Beach City College classes.

If a student is under the age of 18, there is a legal requirement that Health Services as a “Permission to Treat a Minor” form signed by a parent or legal guardian. In order to insure that the signature is valid, a copy of the parent/ legal guardian’s driver license or official ID is required.

For emergency purposes, we are requesting two emergency contact numbers as well as a list of any allergies, serious medical conditions, and/or medications taken by the student. This information will be kept confidential in our files.

Please complete and sign the “Permission to Treat a Minor” form, attach a copy of your ID or driver’s license, and have your student deliver to our office. We can be reached at the Liberal Arts Campus at 562-938-4210 (A-1010) and Pacific Coast Campus at 562-938-3992 (GG 117).

We look forward to assisting your student with their medical and mental health needs.

Sincerely,

Student Health Services Staff
