Course Prerequisite/Co-requisite Policy

Prerequisite is defined as the necessary preparation attained from the successful completion of previous related course work. The college REQUIRES students to complete prerequisites as pre-enrollment preparation. (see Prerequisite Challenge Procedures for conditions under which a prerequisite may not be challenged.) Prerequisites are listed in the College Catalog and Schedules of Classes.

Co-requisite is a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. Co-requisites are listed in the College Catalog and Schedules of Classes.

Questions about prerequisites/co-requisites are best resolved with a counselor or the chair of the department sponsoring the class.

Prerequisite Clearance

- This portion is to be used if you believe a course taken at another college, university or high school meets the prerequisite for a Long Beach City College course in which you wish to enroll.
- Only grades of C or higher may be used to satisfy prerequisites, except when using high school documentation a B or higher will be required for some math classes, see current college catalog for details.
- An official/unofficial transcript must be submitted with this form unless one has already been provided and is on file. Please provide a catalog course description of the course in question. A course description will speed up the evaluation process.
