Annual Program/Department Planning and Review
Resource Requests - What to Leave OUT and What to Leave IN

What to Leave IN

These resource requests **SHOULD BE** included in the resource request spreadsheet. Programs/departments prioritize all resource requests submitted through their annual Plans/Reviews. For Academic Affairs and Student Services – resource requests are prioritized by the School Planning Groups. Resources that move forward the goals in the School Plans will be prioritized. All four Vice Presidents (VPs) will receive the department or school plans from their respective areas and resources will be prioritized by each VP-Level Planning Group. Resources that move forward the goals of the VP-Level Plans will be prioritized. The prioritized VP-Level Plan resource requests are submitted to the Superintendent-President following the joint College Planning Committee-Budget Advisory Committee meeting and are prioritized for funding by President’s Cabinet based on the Institutional Priorities. Funding decisions are communicated back to all areas at the beginning of each fall semester.
