Ages & Stages Questionnaires®, have been distributed! ASQ's are screening tools that will provide a quick check of your child's development. The information you supply will help reveal your child's strengths, uncover any areas of concern, and determine if there are community resources or services that may be useful for your child or your family. Please stop by the front desk and Linda will give you the ASQ evaluation forms for your child's specific age group. Please turn in by the end of the month and we will discuss the results at our upcoming Parent/Family Conferences. Thank you for helping us get to know your child better!
