Dear LBCC Faculty and Staff Members:

Welcome to Long Beach City College! This Faculty & Staff Resource Guide (What's What) is intended to introduce you to Long Beach City College, and, in particular, to some important academic-related resources that are available to you. We would like to acknowledge the many Long Beach City College departments which provided valuable and detailed information included in this resource guide.

Knowing that it is never possible to address every aspect of a complex community such as LBCC in a guide and that information may become out of date quickly, we encourage you to reach out to our office and the many other resources highlighted in the guide whenever you have concerns or questions. Your VP, dean, department head, and administrative assistants are excellent resources. Every effort has been made to ensure that all guide information is accurate at the time of publication. The Faculty & Staff Resource Guide is updated annually.

We hope the following pages will be helpful as you plan for the year ahead.

Parking Regulations

All vehicles parked in staff stall areas must display a valid staff-parking permit. To obtain a Staff Parking Permit Request form, contact the Cashier’s Office at 562-938-4455 at LAC or 562-938-3906 at PCC, Monday – Thursday 8:00 a.m. to 5:00 p.m., Friday 8:00 a.m. to 4:00 p.m., or from the following link and select Parking Permit Request Form:

(from any LBCC computer)

Cars parked in staff stalls without a current staff permit will be cited. Parking is being strictly enforced by the Long Beach Police, City College Unit at both campuses. It is the staff member's responsibility to ensure that the permit is visibly displayed. Visitors, including guest speakers, substitute instructors, etc., are required to obtain a visitor parking permit. These permits are available from the Department Head or Dean. The area Dean can better identify and assess your need for parking permits for these types of guests. Department Head / Dean can obtain current format for temporary parking pass from Parking Services Department. Only students or staff possessing a State of California, DMV issued disabled person placard may park in the designated disabled person stalls located on both campuses. If these stalls should be filled, disabled persons displaying a state placard may park in any staff or student stall. Day parking permits are available for purchase in most student lots. They are valid in student stalls only. Staff visitors must obtain their permit from the area Dean they are visiting. These permits are valid in both student or staff stalls. Additional staff parking at LAC is available on the south side of the campus in lot P which is located between the tennis courts and the gymnasiuims. Lot L and Lot M (Veteran’s Stadium also have additional staff parking. Please remind students that they may park at the Veterans Stadium, located one block south of Carson Street. The quickest access to the Vets Stadium lot is off of Conant Street via Clark Ave or Lakewood Blvd. The Police Department also patrols these lots, and there is ample parking available.

Other parking regulations, such as red zones (fire lanes), yellow zones, handicapped spaces, no parking zones, metered parking and no parking on sidewalks, will be enforced at all times. Cars are required to park "head in" rather than backing in. Regulations can vary from lot to lot so please read the sign at the entrance of each lot. Payroll Information for Adjunct Faculty

ACADEMIC HOURLY INSTRUCTORS

Hourly instructors receive equal paychecks each month for their teaching assignments and do not complete time cards. The number of EQUAL paychecks they receive is determined by the number of months of their teaching assignment. Example: 16 week classes (August through December) will receive 5 equal paychecks. **Hourly substitutes, hourly counseling and hourly librarians work is not included in the equal pay process. If you work as a substitute or an hourly counselor or librarian, you must process a time card to receive your pay.** Academic hourly pay (timecards and Equal Pay) is issued on the 10th of the month following the pay period. If the 10th falls on a weekend or holiday, the check is issued the day before.

I. **EQUAL PAY**: To calculate how and when you will be paid, follow the four steps below.

1. **CALCULATE THE "TOTAL NUMBER OF HOURS" FOR THE ASSIGNMENT.**
   Multiply the hours you are assigned each week by all the weeks in the assignment. If any of your classes are NOT 16 weeks in duration, you need to perform a separate calculation for each class. You may find overlapping monthly payments for classes of less than 16 weeks duration. Example: 2 eight week classes taught "back to back" (August - October and October - December) will receive two payments on one check for October work. This means that the October paycheck (issued in November) will be larger than the other checks for the semester.

2. **CALCULATE THE "TOTAL DOLLAR VALUE" OF THE ASSIGNMENT.**
   Multiply the “total hours” found in Step 1 by your hourly rate.

3. **FIND THE NUMBER OF “MONTHS OF DURATION” OF THE CLASS.**
   The number of months that the class spans tells you how many paychecks you will receive in “equal payments.” Example: If the class is taught from August through December you will receive 5 equal checks. If it is taught August through October you will receive 3 equal checks.

4. **FIND THE “MONTHLY EQUAL PAY AMOUNT”**.
   Divide the “total dollar value” (Step 2) by the “number of months of duration” (Step 3) to find the “monthly equal pay amount”. This is the amount that you can expect to be paid in each paycheck for the semester. If you have more than one class, do the calculation for each one and then add them together.

II. **SICK LEAVE BALANCES & ABSENCES**

1. When you are absent for any reason, report it to your timekeeper to be entered into the Time and Attendance Reporting System (TARS). Absences should be reported in hours and submitted to your timekeeper within the month that the absence occurred.

2. You accrue sick leave at the rate of 1 hour of sick leave for every 18 hours of paid work per month (except for substitute work). Your sick leave balance will appear in hours on your check stub under the heading: SK. LV. H/D. Your balance is updated each paycheck for the hours you have accrued or reported absent during the prior month.
III. TAXES & DEDUCTIONS FROM YOUR PAYCHECK

1. **Taxes** - Your federal and state tax withholding will be based on the W-4 form you have on file in the payroll office. You may submit a new W-4 to Payroll at any time. It will become effective on the next available payroll processing period. You will have 1.45% of earnings deducted for Medicare tax.

2. **Retirement Deductions** – Retirement contributions are mandatory. No social security tax is deducted from your check. In lieu of social security you will have either STRS deductions or APPLE deductions taken. If you elected STRS or qualified for STRS (State Teachers’ Retirement System) your employee contribution is currently a percentage of your earnings (FY 2019/2020) 10.25% (Classic Members) or 10.205% (PEPRA Members). Your contributions go into the STRS defined benefit plan. You are vested in the defined benefit plan when you have five years of full time service. When you reach retirement age you can then retire and receive a monthly benefit. If you terminate instead, you can refund whatever you have contributed plus any interest it has gained. If you contribute to the Alternative Retirement plan, APPLE, instead, 7.5% of your earnings will be deducted. APPLE is a defined contribution plan. You are 100% vested from the beginning. Your contributions and the interest they have gained are distributable to you when you terminate or have a retirement status change.

3. **Voluntary Deductions** – Voluntary contributions may be made to 403(b) plans (Tax Sheltered Accounts – TSA). You are allowed to participate in special savings and investment programs available to only school district employees. These plans are designed to assist you in building and growing your savings for retirement. If you are interested, please contact the SchoolsFirst Federal Credit Union at 1-800-462-8328 extension 4727. SchoolsFirst is our 3rd Party Administrator for 403(b). The district’s approved 403(b) provider list can be viewed at www.403bCompare.com. Choose Long Beach Community College as My Employer.

If you have any questions about your paycheck or deductions, please contact the Payroll/Benefits Office (LAC Building T1024, Mail Code G-2) at the numbers below:

Office of Academic Services
**Curriculum**
The Committee on Curriculum and Instruction is a standing committee of the Academic Senate and meets once each month during the academic year. It is composed of one faculty member elected from each department including LAC and PCC counseling and library, eleven appointed faculty members based on their roles on campus (such as the Matriculation Coordinator, adjunct faculty rep, and the Articulation Officer), two student representatives, nine administrators, and five ex officio-nonvoting members including the Superintendent-President, Vice President of Academic Affairs, and an LBUSD liaison. Additional information about the Committee on Curriculum and Instruction can be found in LBCC Policy 4005 (Policy and Administrative Regulations on Curriculum and Instruction). The Curriculum Committee has five subcommittees: Course Evaluation, Associate Degree/General Education, Academic Policy & Standards, Department Planning/Program Review, and Assessment of Student Learning Outcomes. Meeting days, times and locations are listed on the Master Schedule, which may be found at https://www.lbcc.edu/curriculum-committee. For more information about the Curriculum Committee, go to https://www.lbcc.edu/curriculum-committee or contact the Curriculum Chair, Wendy Koenig via email wkoenig@lbcc.edu or by telephone at 562-938-4256.

**Faculty Professional Development and Flex Days**
The Faculty Professional Development (FPD) office has developed a strong peer oversight of all the professional development for faculty at Long Beach City College. FPD oversees several committees, plus the more independent Sabbatical Committee, and has a collaborative partnership with the Instructional Technologies Development Center. Each committee offers a specific function to ensure that Faculty Professional Development activities meet the current needs of faculty and are of a high quality.

The College has three days in the college calendar that are devoted to faculty professional development. Two days are imbedded within the academic semester and one is a floating day. On the Flex Days identified in the fall and spring semesters, classes are cancelled and the entire day is devoted to professional development. Activities on these days include workshops on campus featuring a wide variety of topics. Upcoming Flex Days are posted at http://archive.lbcc.edu/fpd/flex.cfm, and more information may be found on the Faculty Professional Development website at http://www.lbcc.edu/FPD. In addition, faculty may choose to do independent projects or group projects. For these projects, faculty must apply through the FPD office for approval. Each proposal is reviewed to ensure it meets the criteria set out by the California Community College Chancellor’s Office.
Family Education Rights and Privacy Act (FERPA)

All student records of Long Beach City College are maintained in accordance with the provisions of the Family Rights and Privacy Act of 1974. Copies of the complete text of this act are available in the college library (see “Family Educational and Privacy Rights” in Shepherd’s Acts and Cases by Popular Names). The two basic elements of the act are the student’s right to review and challenge his/her record and the conditions under which information in the record can be released to outside parties.

1. Students may request access to challenge the correctness or appropriateness of any part of the record. However, students are advised that grades, though a part of the record, are considered final as assigned by the instructor and can only be challenged on the basis of clerical error, fraud, bad faith or incompetency.

2. Student information, except for directory information as defined below, cannot be released by the college to any outside agency, except for those entitled to access under the act, without signed permission of the student. The student may further restrict the release of name and attendance verification by completing the appropriate form in the Admissions Office. In the absence of having this form on file, the college may release directory information to any person or agency. Directory information is defined as dates of attendance, degrees, certificates or awards received, verification of student participation in school activities and sports and weight and height of members of athletic teams.

3. Parents may have access to records of their children but only if the children are still their dependents as evidenced by a claim of same on federal income tax returns. Parents desiring access to the records of a dependent child must present the full name, social security number and birth date of the child, their own personal identification and a copy, that the college district may keep, of the current year's federal income tax return indicating the child has been claimed as a dependent. Parents seeking to review records of a dependent child during the early months of the year must be able to demonstrate that they have already filed for the year even though the filing deadline isn't until April 15th.

4. By law, notwithstanding any of the above, all student records must be released under court order. The student will be notified by mail to the last address on file of any such access, and the student shall have the right to request a copy of any information released in this manner.

5. Any questions regarding the student’s rights under this act should be addressed in writing to the address below:

Final Exams and Posting of Grades
Final Exams will be given on the last day of the last week of class, or if the class meets more than once-per-week, can be spread across multiple days during the final week of class for additional time. For example, if a class meets on Mondays and Wednesdays, the final exam would be given on a Wednesday, or split between Monday and Wednesday. Please inform the students of your classes of the date(s) and time(s) of their Final Exam.

All grades are due **five business days** after the completion of the class.

Final grades are needed for the following:

- To move on to the next class (prerequisite)
- Transfer to a university/college
- Employment promotion
- Employment verification
- Reimbursement for their class expense
- Child Care verification
- Cal Works verification
- To process End of Term for all students

For more information on final grades, please see below.

First Day Procedures and Rollbooks
Faculty may go to the Faculty Self Service area in Oracle/PeopleSoft to print the Web Class Roster page to obtain a temporary paper-based roll book. Assistance is available by online help, by phone, e-mail or in person at the ITDC. To access the Oracle/PeopleSoft Faculty Self Services Help Files, go to the LBCC Homepage > Faculty and Staff > “PeopleSoft Help” Button > “Instructor Self Service” link > Choose the “Web Class Roster” area. Refer to Rollbook section below for information on editable class roll books. Contact the IITS HelpDesk for assistance: 562-938-4357 or helpdesk@lbcc.edu or visit the Instructional Technology Development Center (ITDC) at LAC, room L-142: http://www.lbcc.edu/itdc, http://archive.lbcc.edu/ITDC/Location-Information.cfm.

This is the only avenue to view “real-time” enrollment. If a student appears in your class with proof of registration, the student’s name should appear on your online class roster as it is “real-time” processing. If the student does not appear on your “real-time” online class roster, please send the student to Admissions and Records immediately for processing (if the class is closed it is your decision to add the student to the class at that point in time with a permission number. **Students must use the permission number no less than the day prior to the census date of each class to be legally enrolled**). **Students who are not legally enrolled are NOT allowed to attend your class.**

Admissions and Records LAC is located in A-1075/PCC MD-135.
For exact dates for each term and Important Registration Information refer to:  
http://archive.lbcc.edu/Admissions/faculty/fsindex.cfm

Faculty may go to the Faculty Self Service area in Oracle/PeopleSoft to transfer class roster, student contact information and waitlist to an Excel spreadsheet. Visit the Oracle/PeopleSoft Help Files to access the MS Excel roll book template. Go to the LBCC Homepage > Faculty and Staff > “PeopleSoft Help” Button > “Instructor Self Service” link > Choose “Web Class Roster” or “Blank Excel Rollbook” link.

Assistance is available by online help, by phone, e-mail or in person or at the ITDC. Contact the IITS HelpDesk for assistance: 562-938-4357, or helpdesk@lbcc.edu or visit the Instructional Technology Development Center (ITDC) at LAC, room L-142: http://archive.lbcc.edu/itdc, http://archive.lbcc.edu/ITDC/Location-Information.cfm

Faculty members must send in their attendance and grades at the end of each term to rollbooks@lbcc.edu or in the Enrollment Services Office (LAC A-1075 or PCC GG-102).

*If you intend to revise an existing course, select Search Courses and this dialog box will appear. Type in the course you want to revise. Once the course appears on the list you can click on the detail box and the outline will open.*
Creating a Draft

If a course has already been adopted, you must first create a draft version of the outline before you can make any changes to it. Press the *Revise* key at the top or bottom of the Adopted course outline.

Then check the box to the purpose of creating a draft. You may have noticed on an adopted course that you were only able to view the Face Page and could not “tab” to the other pages. This is to prevent users from altering the adopted version without first creating a draft.
Printing the Course Outline

If you simply wish to view or print out an outline without altering any data, you can do so by selecting any of the printing options on the right.

The box below will be displayed on the screen. At that point you can click on which ever button you would like to print. The course outline you have chosen will show on the screen and you can then print the outline.

If you wish to just view a course outline you can go to the Read Only version of class outlines which are accessible through this URL: http://courseoutline.lbcc.edu/public/.

If you have any other questions, comments or Help regarding the Course Outline Database you may contact Fabiola Guerrero at curriculum-desk@lbcc.edu or 562-938-4126.

Maximum turnaround time for full service requests - 72 hours.

**User Authorization:**

User authorization must be obtained prior to using reprographic services. A C Number Request and Authorization Form 2019-2020 or a C Number Users Update for Duplication 2019-2020 must be completed by Dean or Department Head, and submitted to Fiscal Services for approval.

The forms are available online at: http://lbccforms.lbcc.edu/formstorage.cfm?display=1&dept_name=Fiscal Services & Payroll.

The “C” number identifies the department the user is assigned to. After the “C” number request has been approved by Fiscal Services it is then forwarded to the Reprographics department. The user’s information is then entered into the system, and the user is given access to all services offered by the Reprographics Department.
Self-serve copier access requires an employee ID number and department “C” number.

Authorized users can use their LBCC Network Login to submit work requests for reprographics online from both on and off campus. Users are able to upload documents for processing, place supply orders as well as track the progress of their work request. In addition, users are given the option to choose to pick up or have their work request delivered to their campus mailbox.

The login page can be located from the LBCC Website by going to, site index-Reprographics-Online Request Login or by using the following link: [http://lbcclogin.lbcc.edu/?appID=FB141DA7-05C8-FBC6-A833FFA9EE53AE85](http://lbcclogin.lbcc.edu/?appID=FB141DA7-05C8-FBC6-A833FFA9EE53AE85)

The Online Registration System is available daily from 5 AM – 2 AM. **On and after** the census date of a course, permission numbers **will NOT be honored**. Because census deadline vary for daily census classes please verify each class deadline on the Online Grading Roster.

**Dropping/Withdrawing Students from a Class**

Please go to Survival Notes at [http://archive.lbcc.edu/OAS/SurvivalNotes.cfm](http://archive.lbcc.edu/OAS/SurvivalNotes.cfm) for Beginning of the Term Enrollment Services Hours of Operation dates for either the Fall or Spring term. Look under Registration.

ALL STUDENTS MUST BE PROPERLY REGISTERED a day prior to the census date for each course at the latest. Students who are not legally enrolled are **NOT allowed to attend your class**. For all other classes please check your roster for the census date.

**Student Census Reporting, No Shows and Positive Attendance**

All students who do not show up for your class are to be given a “NO SHOW” or “NS” prior to the census deadline of your class – No exceptions.

**No Shows and dropping students before census**

In California’s Code of Regulations, Title 5, section 50008 it states, “Districts shall, according to procedures adopted by the governing board, clear the rolls of inactive enrollment. Inactive enrollment in a course is defined as follows:

1. A student who has been identified as a no show NS symbol, or
2. A student who has officially withdrawn from the course, or
3. A student who has been dropped from the course by the instructor NA for non-activity (Not Active) symbol.

Students who are not legally enrolled are **NOT allowed to attend your class**. Please check and update your online roster regularly to ensure all students attending your class are legally enrolled. It is your legal obligation to clear your class roster of inactive students. Check your online roster for course specific deadlines. **All no shows must be cleared before the census date of the class**. CCA contract Article X, C2 and CHI Contract Article VI, 2a states: “Professional Responsibilities…meets promptly and effectively all contractual obligations to the District, including but not limited to turning in attendance, grades, and other reports on time.” Please do whatever you can to encourage student attendance and retention. We are funded based on our student attendance. Method of Attendance is coded at the top of your roll book and Student Drop Report forms. It is also important to clear your
rosters in a timely manner so students who are receiving financial aid are not disbursed funds for a class they are not attending.

**Positive Attendance Classes**

At the *end of the course* you must report the *actual hours of attendance for each student*; Grades and positive attendance are entered online through the Faculty online grading system. Courses that use the positive attendance method are listed below.

1. Atypical date classes in which all class meetings are not the same length.
2. All non-credit classes (600-699).
3. All open entry/open exit classes.
4. All apprentice and in-service training courses.
5. All classes meeting for fewer than five days.
6. All classes that cross a semester dateline.
7. Turn in a copy of attendance records to Admissions and Records Office at either campus or online at rollbooks@lbcc.edu.

**Student Learning Outcomes (SLO)**

For department specific information about assessment expectations, contact your Department Head and/or your department’s SLO Facilitator. For general information about the SLO process at LBCC, contact your campus-wide SLO Coordinators.

Student Learning Outcomes (SLO) assessment is the continuous process of collecting, evaluating, and using information to determine how well learning expectations are being met. The purpose of this process is to use these results, positive or negative, to stimulate meaningful dialogue about how instruction and curriculum may be modified to effectively engage students in the learning process and sustain institutional effectiveness (i.e., the college's ability to meet its mission and values). In collegial conversation, all faculty members (full-time and part-time) are called upon to discuss what the assessment results reveal about student learning. These insights will lead to suggestions and/or changes that can enhance instructional strategies and curriculum. All faculty members work with their departmental SLO Facilitator, department head, and dean during the assessment cycle. SLO Facilitators work with faculty to design and modify SLOs and to capture discussions about the results of assessment as well as meaningful actions that departments will take to increase student success. It’s important to note that the results of assessment that full-time and part-time faculty members submit for a course or program should match the assessment task in TracDat for that course or program. SLO Facilitators and faculty have the opportunity to work with the Office of Institutional Effectiveness to create meaningful assessment tasks and disaggregate SLO data.
The Assessment of Student Learning Outcomes (ASLO) Subcommittee of the Curriculum Committee plays an important role in campus assessment, including annually reviewing assessment of student learning outcomes progress at the course, program, and institutional level in light of accreditation standards.

**Syllabus**

All instructors are to distribute a written course syllabus to the students at the first class meeting, or no later than the end of the second week of class. At a minimum, the syllabus must contain the office location and office hours, TBA hours, the general way in which the course is taught (lecture, laboratory, discussion, etc.), and the grading requirements of the class. A copy of the instructor’s syllabus, must also be turned into the department no later than two weeks from the start of the semester. A syllabus for each class is to be filed in your School Office.

(Friday hours are subject to change during summer schedule)

Multimedia Technicians support the use of multimedia presentation equipment across our campuses. There is a wide disparity of equipment permanently installed in most rooms.
depending upon the age and condition of the building. Long Beach City College has buildings that were built in the 1920’s up to 2019. Newer multimedia presentation systems are all digital and include a room computer with CD/DVD player, a projector or TV monitor and guest cables to plug in a personal computing device. Some rooms have no permanently installed equipment and may require the delivery of temporary equipment for meetings/events/classes.

If you are using equipment in the classroom/meeting or events room for the first time, please contact the Help Desk to schedule a “Meet & Teach.” We will be more than happy to assist!

Equipment may be reserved for rooms without installed equipment. Please contact the Help Desk at least 24 hours in advance to ensure availability of equipment needed. Please include all pertinent information: Contact name, phone #, room #, type of equipment, day, date, start and end time. Equipment cancellation notices are appreciated!

If you are in classroom, meeting or events room and encounter a problem, please call the Help Desk and we will do our best to assist you and send a technician to your classroom as soon as possible. Please note that there may be a delay during busy class times.

**Important note:**
Please do not store any files on computers in classrooms and carts. We may have to wipe the hard drive and re-image on a moment’s notice because of viruses and equipment malfunctions. It is strongly suggested that you have your class support material in a portable format with you to prevent an unforeseen problem.
**Textbook Affordability**

*We understand that textbook affordability is a sensitive subject and have implemented various options to help keep those costs down for our students and to ensure student success.*

**First Day**

First Day is an inclusive access model that allows digital course materials to be purchased through class registration at a price below market value. Students will have access to those digital materials on the FIRST DAY of class through their LMS.

**BNC OER+**

For professors wanting to use a digital platform but still utilize OER, BNC OER+ is a great option with a $25 cost to students.

- Highly customizable to the professor.
- Course offerings within social sciences, biology, math, business, early childhood education and others.
- Access to test banks, auto graded quizzes and other instructor resources.
- Printed option for textbook available at $15.

**Price Matching**

We price match books with Amazon and BN.com.

- New, used & used rentals.
- Exact textbook—condition & rental term.
- In stock titles on competitors website.
- Sold and shipped by Amazon/BN.com.

We cannot match:

- Digital textbooks & access codes.
- Rentals with new condition (only used).
- Online Marketplaces (3rd party sellers).

**Rental Books**

Standalone textbooks are entered into our rental program for students to rent for the entire semester for a one-time fee. Fee is based on individual titles.

**Textbook Adoptions & Why They’re Important**

The sooner we receive your book adoptions the better chance we have at finding used books for students. Your adoptions also help us keep used rentals and enable us to buy books from students!

**Rental Books**

At LBCC we rent around 4,000 books per semester. We need your adoptions before the semester ends to keep those used rentals on the shelves or risk giving them to other schools that have adoptions.

**Buyback**

The buyback program allows students to put cash back in their pockets and sell their books for 50% its store value. Our buyback list is based on your adoptions so we know what we can buy.

5. STUDENT ACADEMIC POLICIES

Course Repetition
Credit courses that may be repeated only once under certain conditions.

A. Unit credit is allowed only once. No credit or grades shall be allowed for unauthorized repeats. All courses may be repeated only once and only under one of the following conditions:

1. A course may be repeated when a mark of D, F or NP has been recorded. The last grade recorded of the repeated course whether higher or lower, will be used for determining the grade point average. Unit credit will be based on the repeated grade only. The grade for the earlier course and the repeated course shall both be recorded on the student’s permanent record, ensuring a true and complete academic history.

2. A course may be repeated when a grade of B, C or P has been recorded provided the district finds that the previous grade was the result of verified cases of accidents, illness or other extenuating circumstances beyond the student’s control. Students desiring to repeat a course under this section must have prior approval from the Grade Review Committee before re-enrolling in the course. Application for such approval must be made in writing to Admissions and Records, and must be supported by documentation that will verify the extenuating circumstances. A statement from the instructor of record (or department head if the instructor is unavailable) indicating that the recorded grade was lower than it might otherwise have been, had the extenuating circumstances not arisen.

3. A course where the student received a satisfactory grade the last time he or she took the course but there has been a significant lapse of time (36 months) since the grade was awarded and there is a recency prerequisite for the course or program or another institution of higher education to which the student seeks to transfer has established a recency requirement which the student is not able to satisfy without repeating the course in question. For repeated courses in which a grade of A, B, C or P has been recorded, the grade of the repeated course shall be counted in calculating a student’s grade point average. The grade of the earlier course and the repeated course shall both be recorded on the student’s permanent record, ensuring a true and complete academic history. Courses repeated under this criterion will not be used for determining financial aid, scholarship and/or athletics. Unit credit is allowed only once. Neither credit nor grades shall be allowed for unauthorized repeated courses.
B. Repetition of courses with a grade of A, B, C, or P shall be permitted when necessary to meet legally mandated training requirement(s), condition of continued paid or volunteer employment.

Enrollment under this provision is limited. Documentation supporting the legal mandated training is required. Please submit the required documentation to the Admissions and Records Office.

C. It shall be the student’s responsibility to ensure that the repetition of a course is authorized by these regulations. Any student who is determined to be repeating a course when not authorized to do so shall be administratively removed from the class.

D. Credit by examination is not subject to the course repetition rules.

E. Courses in the 600-number band (non-credit courses) are not subject to the course repetition rules.

Non-Credit & Non-Graded Zero Unit Courses and Grades
You must assign the grade “UG” for non-graded zero unit courses. Only non-credit (600-699) courses will use the credit/no credit grading symbols. All credit courses will use the pass/no pass symbols.

Pass/No Pass Deadline
Students choosing this option must either choose the pass/no pass option online or complete and submit a "pass/no pass Option Request Form" (available in the Admissions Office) by the 30% mark of a class. Students can check this date for each class in their Student Self Service. Please go to Survival Notes at http://archive.lbcc.edu/OAS/SurvivalNotes.cfm for Beginning of the Term Enrollment Services Hours of Operation dates for either the Fall or Spring term. Look under Registration.

The Online Registration System is available daily from 6 AM – 2 AM. (including weekends and holidays)

Permission Numbers
Permission numbers can be found online. Auto enroll from the waitlist will end the Saturday prior to the session start date. Permission numbers are class specific for a course. The student still must complete the registration process immediately to add your class. Any student who fails to complete the process may not remain in your class, nor can he/she receive a grade for the course. Students who are not legally (officially) enrolled are NOT allowed to attend your class. Late enrollment request will not be processed on or after the census date of the course.

Permission numbers can be used online: If a student needs assistance using a permission number they must go to an Admissions & Records Office during the regular business hours prior to the census deadline (if the census falls on a weekend they will need to see Admissions and Records the Friday prior to the census deadline by Noon). Students must have a permission number to enroll after the Saturday before the session begins, even if the class is not full. Please go to Survival Notes

Prerequisites, Corequisites and Recommended Preparation
A PREREQUISITE is a course or assessment that must be completed before enrolling in the course
or complete concurrently, if applicable. Satisfactory completion of an assessment requires successful
completion of the assessment process. Satisfactory completion of a prerequisite course requires a grade
of P formerly CR, “C” or better. If a student has completed the prerequisite at another college or in
high school, the student must bring a copy of his/her official transcript to the Admissions and Records
Office and ask for an equivalency evaluation before registering. The student may challenge the
prerequisite if he/she thinks he/she has knowledge and the ability to succeed in the course, particularly
if the student is drawing upon his/her work experience and wish to take a vocational course.

A COREQUISITE is a course in which a student must be enrolled at the same time as the companion
course. This is often the case in science classes which include a lab. Sometimes, a student may be
allowed to complete the corequisite course in a prior semester.

A RECOMMENDED PREPARATION statement is an advice which the faculty wants to give a
student.

Challenging Course Requisites and Limitations
Challenging course requisites and/or limitations requires written documentation that explains the alter-
native course work, background and/or abilities that adequately prepare you for the course. You may
obtain a Requisite Challenge form from the Admissions and Records Office. Reasons for challenging
requisites or limitations must include one or more of the following:

1. A requisite course is not reasonably available over a period of several semesters;
2. The student believes the requisite or limitation was established in violation of a regulation or
   District-approved process for establishing requisites and limitations;
3. The student believes the requisite or limitation is discriminatory or being applied in a
discriminatory manner; or
4. The student has the documented knowledge or ability to succeed in the course.

The student files a Requisite Challenge form with the School Office or department head responsible
for the course he/she wants to enter. If space is available in the class at the time he/she files his/her
challenge, he/she may register for the challenged course and the District will resolve his/her challenge
in a timely manner. If his/her challenge is denied, he/she will be dropped from the challenged class. If
no space is available in the challenged class at the time he/she files, the District will resolve his/her
challenge prior to the beginning of registration for the next term. He/she may register in the challenged
class during his/her normal registration period if his/her challenge is approved.
Reinstatement

If you have dropped a student and have decided to reinstate the student please follow this process:

A. Faculty members or student can obtain a reinstatement form from Admissions & Records or your Departmental Office may also have the forms.
B. Complete the form and turn it into Admissions & Records. The form is very short and easy to complete.

Notes: Do not wait to complete this process and do not complete this process if the student has been coming to class but has NOT been legally registered for the class.

Student Conduct & Discipline

Long Beach City College (LBCC) has standards of behavior that apply to everyone associated with the District. These standards are set forth as policies in the Administrative Regulations and Policies (the Student Conduct Code or AR 5012). The Student Code of Conduct is a system established to ensure a fair process for people who believe the behavior standards have been violated, as well as to people who have allegedly violated these standards. These established standards, which are upheld through an educational disciplinary process, support the District’s academic mission. As an institution of higher learning, LBCC strives to maintain an environment in which its students, employees, and guests feel supported. As a diverse population, we must be able to live, work and learn in a climate of tolerance, civility and respect for the rights, property, and sensibilities of others.
Our student disciplinary process exists to set a standard for ethical behavior. It is designed to be life-preparatory, education, fair, and hold individuals accountable for behaviors and decisions. It is not designed to replace or substitute the Federal or State legal system. The student disciplinary process provides an important forum that responds to the interests of the LBCC community.

The Office of Student Conduct is responsible for acting on behalf of the College in matters of student discipline. The Director of Student Discipline or designee adjudicates alleged instances of student misconduct to determine how best to resolve these allegations consistent with the goals and mission of LBCC as an educational and intellectual community. Protecting an individual’s due process rights is an important component within the procedures of student conduct, as it ensures students have the opportunity to address allegations.

Our processes are designed to lead with care and educate; while being certain that individuals are held accountable. We seek to protect our community and promote a student's sense of responsibility by enforcing accountability.

Reporting

For information about reporting, support services for students, contact persons, due process, grievance and conduct procedures, please review the information at https://www.lbcc.edu/post/student-discipline-and-conduct-due-process. When addressing student behaviors, we utilize three categories: minor, major, and severe. These categories, help us recognize, evaluate and inform on how to respond to student’s behaviors. As you address student behavior in the classroom, the following information can provide you with some direction/support:

**Major infractions** such as fighting, threats (beyond speculative), cheating or any alleged behavior that is more easily identified as a possible violation of the Student Code of Conduct should be directed to the Office of Student Conduct.

Once the report has been received and reviewed, an investigation will begin. An investigation helps the Office of Student Conduct understand the allegation and can include conversations with witnesses, requests for documentation, meetings and a hearing with the student. It is important to understand that the conduct process exists to be life-preparatory, hold students accountable, and adhere to due process.

**Severe incidents** where students pose a direct threat in the classroom environment (i.e., documented and specific, which is beyond speculative), or a clear violation of the Student Code of Conduct with imminent risk, faculty should dismiss a student from class for up to two consecutive sessions. The faculty or the faculty’s department chair should communicate this to the student. An investigation will immediately take place upon receipt of an incident report to the Office of Student Conduct.

In the event where a student’s behavior is dangerous or threatening (documented and specific, which is beyond speculative), or they refuse to leave class/office, faculty/staff/student should call Campus Security.
Police, and they will assist in removing the student from class. This information should be included in the incident report.

Marijuana

The passing of California Proposition 64 permitted the sale of recreational marijuana in 2018 in the state of California. Now, recreational marijuana usage in one’s private home or at a licensed business is allowed. Usage of marijuana is not permitted in public which includes the LBCC campus.

Under the Controlled Substance Act (CSA) (21 U.S.C. § 811), marijuana is classified by the Federal Government as a Schedule 1 controlled substance and therefore any use, possession or distribution of marijuana is considered a violation of federal law.

Students who may arrive to class smelling of marijuana could create a distraction or raise concern about the student’s ability to perform in class. We recommend that during your general classroom expectation discussion faculty should address all behaviors that may be concerning (e.g., hygiene/strong odors, cell phone usage, tardiness, side conversations, foul/disrespectful language, etc.). Specifically, faculty and staff are advised to address the concerning behaviors (e.g., sleeping, tardiness, mobility, not paying attention, etc.) and are not advised to address the scent of from possible marijuana usage.

We offer the following as a statement that could be shared with your class regarding strong odors:

“Strong odors such as perfume, lotion, sweat, choice of hygiene, and the scent of tobacco/marijuana can create a distraction and affect the learning environment. These instances will be addressed privately before the next class session.”

As always, the Director of Student Conduct and Student Life welcomes the opportunity to answer questions, provide clarity, or consult. We strive to be a helpful and efficient resource for the entire LBCC community. Please contact Jason Howie, Director of Student Conduct and Student Life at 562 938-4552. You may also visit the Office of Student Conduct Monday-Thursday 8:00 a.m. – 5:00 p.m. in Room E 207.

Additionally, Student Affairs (Student Health Services and Student Conduct) staff are available to provide your department with training on how to respond to students in distress. If you would like to schedule a training, please contact Roberta Maroney at 562-938-4370 or rmaroney@lbcc.edu.

As a reminder, if there is an immediate threat or need for help, contact Campus Police at 911. For Police Non-Emergency issues please call 562-435-6711

**Student Financial Aid**

LBCC offers a comprehensive Financial Aid program including Pell, SEOG, Full Time Student Success and Completion grants, Cal Grants, federal Work Study and California Promise fee waivers.
Students who receive financial aid must attend class. No shows are not eligible for financial aid – students who never attend or who quit attending prior to the class census date will incur a debt for any financial aid funds they receive. Please help us help our students by reporting no shows promptly. If you ordinarily drop students who miss the first day of class, please do so by the end of the first day, if at all possible.

We encourage all students to submit a FAFSA application for Financial Aid! Several factors are used to determine eligibility. Please let your students know that:

Almost all students who apply for financial aid at least qualify for a California Promise fee waiver that pays their enrollment fees if they are a California resident.

Students can confirm their Financial Aid awards by logging in to their Viking account.

The first disbursement will occur during the first week of each term to students whose files are complete.

Late applicants or those whose files are not completed in time for a first week disbursement may receive a book advance prior to receiving their financial aid. Book advances are used to purchase their books at the Viking Bookstore. Please see our website for up-to-date information about our programs and services: http://www.lbcc.edu/financialaid/.

Student Health Services

All students who have paid the Student Health Center fee ($20 per semester) can use our medical and mental health services at no additional charge. Regardless of what insurance coverage the student may or may not have, they are still eligible for basic health services and mental health support at the Health Center.

All services are no-cost or low-cost and are supported by student health fees. Student Health Services engages students in making informed decisions about health-related concerns and empowers them to be self-directed healthcare consumers. Medical Services are located on both campuses and are staffed by a nurse practitioner, registered nurses, and health service technicians. Students are welcome to
make appointments for a variety of services such as physicals and flu vaccines as well as receive over-the-counter medications for colds or headaches. Our students should never attend LBCC hungry, and they may pick up a snack on either campus from the mini Viking Vault (over-the-counter nutrition) located in Student Health Services. Lactation rooms or Mother’s Rooms for students needing a private space on campus, are also available in both Student Health Services Clinics during clinic hours Monday – Friday 8:00 a.m. – 5:00 p.m.

**Students can expect** to find someone who is interested in listening to their concerns, helping them understand them better and guiding them with healthy resolutions. They will be taking the student seriously, and able to discuss anything they wish.

Our programs present opportunities for leadership development, personal growth, shared governance, healthy competition, volunteerism, and community. Visit us at the Student Life Offices in the Student Union at both the LAC Campus (Building E) and the PCC Campus (Building EE) or check us out at [https://lbcc.campuslabs.com](https://lbcc.campuslabs.com) or follow us on Snapchat and Instagram @lbccstudentlife

**Empowerment & Governance**

**Student Government** - The Associated Student Body (ASB) is the student voice for all students of Long Beach City College. The ASB supports the intellectual, physical, social, and cultural goals for students by supporting co-curricular activities and advocating for educational and institutional change through legislative initiatives. Students interested in participating in student government, including the Associated Student Body Cabinet, Viking Activities
Council, and Club Senate may wish to consider one of the many elected or appointed positions. The ASB is funded by the College Services Card.

Traditions & Engagement

Intramural and Recreation Sports - Intramurals and Recreation Sports strive to promote better health, teamwork, and leadership by offering a variety of activities for participants of all abilities. Intramurals and recreational sports offer a wide range of programming throughout the semester and play an integral role in student life.

LBCC Student Unions – The Student Unions are a one-stop location for getting involved in student clubs and activities, student IDs, applying for the Viking Volunteer program, signing up for Intramural activities, and getting connected to resources in Long Beach. On both campuses, the Student Union includes a safe and quiet space for studying or socializing with other students and are within proximity to our cafeterias. The Student Unions are located in Building E at LAC and Building EE at PCC.

Viking Volunteer - The mission of the Viking Volunteer program is to provide students with opportunities to serve their campus and community and become lifelong civic leaders. Volunteering helps connect students, clubs, and organizations to the community through service learning. Viking Volunteer offers opportunities for students to connect and to contribute to LBCC and the Long Beach community. Viking Volunteers receive an official transcript record of their volunteer service, which has helped many LBCC students in transferring to four-year colleges and universities.

Leadership Development

Clubs and Organizations - Joining a club or an organization provides the perfect opportunity for students to make new friends, develop leadership skills, and contribute to the college and community. In the 2018 fall semester, the college had sixty-six chartered clubs including our popular social services clubs. Utilizing contacts and experiences can help students build their resumes and plan for their futures.

Conferences - The John Fylpaa Leadership Institute (JFLI) and the Beverly O’Neil Leadership Conference are two premier programs that offer students opportunities to discover and develop their leadership abilities. JFLI is a five-month leadership program beginning in the fall semester to applicants interested in civic engagement and wanting to connect with current personnel in leadership positions held within the Long Beach Community. Beverly O’Neil Leadership Conference is a one-day comprehensive event focused on emerging LBCC leaders who are ready to take the next step in their leadership development.
Accountability & Community

**Office of Student Conduct** – As part of the educational experience at LBCC, accountability for one’s actions and having the opportunity to learn from any misbehavior can be part of the student experience. The Office of Student Conduct leads with care for our students. We believe in equitable solutions and advocate for a student’s right to due process and their right to privacy. The Office of Student Conduct serves as a central location on the campus for reporting concerning behavior and is responsible for investigating allegations of possible violations of the Student Code of Conduct.

Bomb Threat Procedures

1. If you observe a suspicious object or potential bomb on campus, **DO NOT HANDLE THE OBJECT! CLEAR THE AREA AND IMMEDIATELY CALL THE POLICE AT 562-938-4910.** See below for further instructions.

2. Any person receiving a bomb threat phone call should ask the caller:
   a. When is the bomb going to explode?
   b. Where is the bomb located?
   c. What kind of bomb is it?
   d. What does it look like?
   e. Why did you place the bomb?

3. Keep talking to the caller as long as possible and record the following:
   a. Time of call
   b. Age and sex of caller
   c. Speech pattern, accent, possible nationality, etc.
   d. Emotional state of caller
   e. Background noise

4. Immediately notify Campus Police at 562-938-4910

5. The Campus Police will conduct a search. Employees are requested to make a cursory inspection of their area for suspicious objects. If one is found, report the location to Campus Police. **STAY AWAY FROM THE OBJECT and DO NOT TOUCH THE OBJECT!**

6. If an emergency exists, activate the building alarm.

7. When the building evacuation alarm is sounded or an emergency exists, walk quickly to the nearest marked exit and alert others to do the same.

8. **ASSIST THE DISABLED IN EXITING THE BUILDING. DO NOT USE ELEVATORS.**

9. Once outside, move to a clear area at least 150-300 feet away from the affected building(s). Keep fire lanes, hydrants and walkways clear for emergency vehicles and crews.

10. If requested, assist Emergency crews as necessary.

11. **DO NOT RETURN TO AN EVACUATED BUILDING** unless directed by appropriate authorities.
Building Evacuation Procedures

1. When evacuation is determined to be necessary by the Emergency Operations Manager, and approved by the College President, occupants will leave their buildings immediately by the nearest plan-designated "Staging Area" or as advised. In each building, a chart is posted identifying the appropriate evacuation route from the building.

2. Building Emergency Coordinators designated in the Disaster Plan will assist district employees, students and campus visitors and will ensure that evacuation instructions are carried out according to building evacuation plans. As shown on the campus maps, people will be evacuated to designated "Staging Areas" around the campus.

3. Evacuation of disabled persons will be given high priority by Building Emergency Coordinators in all emergencies; they will be evacuated in accordance with the district evacuation plan. Elevators are not to be used. Building Emergency Coordinators may request assistance of faculty. Based on specific circumstances, Building Emergency Coordinators are responsible for designating the safest evacuation routes for disabled persons. If a disabled person cannot reasonably be assisted out of the building due to the nature of the disability, arriving emergency personnel must be made aware of the location of the individual inside the building.

4. If total evacuation from the campus is necessary, specific instructions for a safe evacuation procedure will be given by the Emergency Operations Manager at that time.

On-Campus

Areas on campus have been designated as "Staging Evacuation Areas" for evacuation. These include:

- Baseball fields
- Tennis courts
- Parking lots (all persons should assemble in the middle of lots)
- Stadium parking lot (all persons should assemble in the middle of lot)

If only on-campus evacuation is necessary (i.e., the emergency is confined to a specific area and people are not required to leave campus), evacuated persons will remain at location(s) until an "all clear" signal is given by the Emergency Operations Manager.
Earthquake Response

During an earthquake, remain calm and quickly follow the steps outlined below.

1. If indoors, seek refuge in a corner, under a desk or a table. Avoid windows, shelves, and heavy equipment.

2. When the earth is shaking, DROP to your knees, clasp both hands behind the neck, bury your face in your arms, make your body as small as possible, close your eyes and cover your ears with forearms.

3. If outdoors, move quickly away from buildings, utility poles and other structures.

4. After initial shock, evaluate the situation and if emergency help is necessary call the Campus Police at 562-938-4910 or 911 from a cell phone, 9-9-1-1 from a campus phone. Protect yourself at all times and be prepared for aftershocks.

5. Turn off all potentially hazardous equipment such as gas and electric appliances. Damaged facilities should be reported to Facilities, Maintenance & Operations at 562-938-4040 or 562-938-4484.

6. If necessary to evacuate, activate the building alarm system.

7. Evacuate the building by quickly walking to the nearest exit, alerting people as you go. Be aware of structural damage and assist both the disabled and injured.

8. FLASH THE LIGHTS ON AND OFF to alert deaf or hard of hearing students. Write notes to explain what is happening.

9. Once outside, move to a clear area at least 150-300 feet away from the affected building(s). Keep walkways clear of emergency vehicles.

10. To the best of your ability, and without re-entering the building, assist in determining that everyone has evacuated safely.

11. Do not return to an evacuated building unless directed by appropriate authorities.

Guidelines for Response to an Active Shooting on Campus

BACKGROUND
The potential for a shooting on campus exists on every college campus throughout the United States. Although the possession of firearms on or around our campuses is rare, their availability and past national and local shootings dictate the need for a response plan, in case a shooting or other violent attack occurs.

WHEN A SHOOTING OCCURS
- CALL "911" From a cell phone or 9 911 from a campus phone. Identify your college or workplace and exact location. Remain calm and answer the police operator's questions. They are trained to obtain the necessary and required information for a proper emergency response.
- Instruct students and employees to drop to the ground immediately, face down as flat as possible. If within 15-20 feet of a safe place or cover, duck and run to it.
- Move or crawl away from gunfire, trying to utilize any obstructions between you and the gunfire. Remember that many objects of cover may conceal you from sight, but may not be bulletproof.
- Try to get inside or behind a building and stay down.
- When you reach a place of relative safety, stay down and do not move. Do not peek or raise your head in an effort to see what may be happening.
- Wait and listen for directions from the police. LBPD will be on scene.

IF SUSPECT IS OUTSIDE YOUR CLASSROOM
- Duck and cover. Keep students inside the classrooms and down on the floor. Move behind available cover inside the classroom.
- Close and lock the outside door to the classroom if possible. Close the blinds, turn off the lights and stay on the floor. Do not peek out the door or windows to see what may be happening.
- Report location of the assailant.
OFFICE PERSONNEL

In response to a report of a shooting from a classroom or other area of the campus, have all persons in the office duck and cover onto the floor, behind protective objects or into side rooms. Make required emergency telephone calls to the police from this position. It is crucial that telephone calls be limited to emergency calls only.

Note: Phone calls, other than for emergency purposes, should be made only after the police have cleared a phone line for that purpose. A phone call to friends or family will bring onlookers, bystanders or concerned loved ones to the campus, interfering with the operation of emergency personnel and unnecessarily placing more people in danger.

Staff – Emergency Evacuation Guidelines for Persons with Disabilities

Evacuation is difficult and uncomfortable for both the rescuers and people being assisted. Some people have conditions that can be aggravated or triggered if they are moved incorrectly. Remember that environmental conditions (smoke, debris, loss of electricity) will complicate evacuation efforts.

BEFORE AN EVACUATION IS ORDERED

Students should be invited to volunteer ahead of time to assist disabled persons in an emergency. If volunteers are not available, designate someone to assist who is willing to accept the responsibility.

- DO NOT evacuate disabled people in their wheelchairs. This is standard practice to ensure the safety of disabled people and volunteers. Wheelchairs will be evacuated later, if necessary.
- Always ASK disabled people how you can help BEFORE attempting any rescue technique or giving assistance. Ask how they can best be assisted or moved, and if there are any special considerations, or items that need to come with them.
- Before attempting an evacuation, volunteers and the people being assisted should discuss how any lifting will be done and where they are going.
- Proper lifting techniques (e.g. bending the knees, keeping the back straight, holding the person close before lifting, and using leg muscles to lift) should be used to avoid injury to rescuer’s backs.
- Certain lifts may need to be modified depending on the disabilities of the people.

Everyone needs to take responsibility for preparing for emergencies. People with disabilities should consider what they would do and whether they need to take additional steps to prepare themselves.
WHEN AN EVACUATION HAS BEEN ORDERED:

- Evacuate people with disabilities, if possible.
- DO NOT use elevators, unless authorized to do so by police or fire personnel. Elevators could fail during a fire or major earthquake. Persons unable to evacuate should remain in the stairwell landing.
- Call 9-911 from a campus telephone or 911 from a cell telephone.
- Check on persons with a disability during an evacuation. A "buddy system," where people with disabilities arrange for volunteers (Staff/Students) to assist them in an emergency, is a good method.
- Attempt a rescue evacuation ONLY if you have had rescue training or the person is in immediate danger and cannot wait for professional assistance.
- Always ASK someone with a disability how you can help BEFORE attempting any rescue technique or giving assistance. Ask how he or she can best be assisted or moved, and whether there are any special considerations or items that need to come with the person.

Evacuating a disabled or injured person yourself is the last resort. Consider your options and the risks of injuring yourself and others in an evacuation attempt. Do not make an emergency worse.
